Participation in long-term incentive plan

David Nish, Group Finance Director of Standard Life plc, was yesterday granted a long-term incentive award as part of his recruitment terms which entitles him to acquire a maximum of 118,729 ordinary shares in the Company. No payment was made for the grant of the award and nor will any payment be required if the award vests because, in keeping with the Company's long-term incentive plan ('LTIP'), it has been structured as a nil-cost share option.

The award will normally vest shortly following the preliminary announcement of the Company's results for the year-ending 31 December 2008, subject to continued employment and to the extent that the performance condition has been satisfied. The performance condition (which applies to the Company's 2007 and 2008 financial years) is the same as that applying to the similar 2006 LTIP incentive awards granted to executive directors earlier in the year.
