Such transactions, if commenced, may be discontinued at any time. See "Plan of Distribution".

Based on legislation in effect at the date hereof and subject to compliance with the prudent investment standards and general investment provisions and restrictions of the statutes referred to below (and, where applicable, the

Insurance Companies Act (Canada)
Pension Benefits Standards Act, 1985 (Canada)
Trust and Loan Companies Act (Canada)

Pension Benefits Act (Ontario)
Loan and Trust Corporations Act (Ontario)

In the opinion of Heenan Blaikie LLP, counsel to the Corporation, and Borden Ladner Gervais LLP, counsel to the Underwriters, provided that the Common Shares are listed on a prescribed stock exchange, which includes the TSX, the Common Shares, if issued on the date hereof, would be "qualified investments" under the *Income Tax Act (Canada)* (the "Tax Act") and the regulations thereunder for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans and registered education savings plans (collectively "Plans").

THE CORPORATION

Uranium Participation Corp. was incorporated by Articles of Incorporation pursuant to the *Business Corporations Act (Ontario)* (the "OBCA") on March 15, 2005 and became a publicly listed company on the TSX on May 10, 2005. The registered and head office of Uranium Participation Corp. is located at Atrium on Bay, Suite 402, 595 Bay Street, Toronto, Ontario, M5G 2C2. Uranium Participation Corp. has no employees. Denison Mines Inc. (the "Manager") provides the services of four officers to the Corporation, being the President, the Chief Financial Officer, the Vice-President Marketing and the Corporate Secretary under the terms of a Management Services Agreement dated March 30, 2005, as amended. Uranium Participation Corp. is an investment holding entity which invests at least 85% of the proceeds of any offering in uranium, with the primary investment objective of achieving appreciation in the value of its uranium holdings. Unless the context requires otherwise, references to "uranium" means uranium oxide in concentrates ("U₃O₈") and uranium hexafluoride ("UF₆").

Uranium Participation Alberta Corp. ("UPAC") is a wholly-owned subsidiary of Uranium Participation Corp. It was incorporated under the *Business Corporations Act (Alberta)* on May 4, 2005. UPAC directly invests in, and holds, U₃O₈ and UF₆.

Uranium Participation Cyprus Limited ("UPCL") is a wholly-owned subsidiary of the Corporation. It was incorporated under the laws of the Republic of Cyprus on September 10, 2006. UPCL directly invests in, and holds, U₃O₈ and UF₆. UPAC and UPCL are collectively referred to as the "Subsidiaries".

The Corporation carries on its operations through its Subsidiaries. Unless otherwise indicated or where the context otherwise requires, references to Uranium Participation Corp. or the Corporation include the Subsidiaries.

Uranium Participation Corp. is a taxable Canadian corporation and is not a mutual fund corporation for purposes of the Tax Act. The Corporation is subject to income tax on its taxable income, computed in accordance with the ordinary rules and at the rates ordinarily applicable to public corporations under the Tax Act. Currently the Corporation recognizes unrealized gains or losses on its investments in uranium and accrues future income taxes payable based on the unrealized gains. Realized gains or losses on the sale of uranium will be recognized for income tax purposes at the time realized and will be taxed as income or capital gains, as applicable.

RECENT DEVELOPMENTS

The unaudited net asset value of the Corporation at February 28, 2007 was \$579,364,000 or \$11.95 per share (\$11.43 assuming the exercise of all outstanding warrants issued in May 2005 (the "2005 Warrants")) based on the spot price for U₃O₈ at February 28, 2007 which was US\$85.00 per pound and the spot price for UF₆ at February 28,

2007 which was US\$233.00 per KgU and the Canadian/US dollar noon exchange rate at month end, which was \$1.1700. Since inception to February 28, 2007, the Corporation has purchased and taken delivery of 4,200,000 pounds of U₃O₈ and 950,000 KgU as UF₆ at a total cost of \$305,745,000, including purchase commissions. Market value of the Corporation's investment in uranium based on the February 28, 2007 spot prices was \$676,670,000.

On September 14, 2006 the Corporation completed a public offering of 11,363,650 units, each unit consisting of one common share and one-quarter of a warrant to purchase common shares (the "2006 Warrants"). The gross proceeds were \$100 million. The net proceeds were used to fund uranium purchase commitments.

The Corporation has entered into a conditional commitment to acquire 250,000 KgU as UF₆ at a total cost of US\$61,625,000, excluding commissions payable to the Manager. Delivery of this product is to be made in September 2007. See "Use of Proceeds".

The Manager recently completed a merger by way of plan of arrangement with International Uranium Corporation and the resulting corporation is Denison Mines Corp. ("DMC"). The merger has created a growth oriented and diversified uranium producer. The Manager remains a wholly-owned subsidiary of DMC.

On September 10, 2006 the Corporation entered into a new revolving credit facility (the "Credit Facility") with the Manager for up to \$15 million. The Corporation has drawn down \$11.6 million, which was invested in uranium. Amounts outstanding under the Credit Facility are due on May 10, 2007 and bear interest at an annual rate representing the annual prime rate of interest offered by a Canadian chartered bank plus 1%. The Manager receives an annual standby fee of 1% of the undrawn portion of the Credit Facility. A portion of the net proceeds from the Offering will be used to repay the amounts outstanding under the Credit Facility. See "Use of Proceeds".

The Corporation entered into an agreement to lend 500,000 KgU as UF₆ for a period of three year at a loan rate of 5% per annum based upon the adjusted quarterly value of the material loaned. Security for the loan is an irrevocable letter of credit from a major financial institution.

(2) In addition, an amount of \$11.6 million was outstanding under the Credit Facility as at February 28, 2007. The Corporation proposes to repay the full amount outstanding from a portion of the proceeds of the Offering.

USE OF PROCEEDS

The net proceeds to the Corporation from the Offering, after deducting the Underwriters' fee and the expenses of the Offering (including expenses relating to the preparation and filing of this short form prospectus), are estimated to be approximately \$81,043,000 assuming no exercise of the Over-Allotment Option. If the Over-Allotment Option is exercised in full, the net proceeds to the Corporation from the Offering, after deducting the Underwriters' fee and the expenses of the Offering, are estimated to be approximately \$90,504,000.

The net proceeds of the Offering will be used by the Corporation to fund (i) the Corporation's purchase commitment referred to under "Recent Developments" (US\$62,549,375, including commissions payable to the Manager of US\$924,375), (ii) to repay the amounts outstanding under the Credit Facility, which amounts were invested in uranium; and (iii) as to the balance, to fund the ongoing obligations of the Corporation. At least 85% of the gross proceeds of any offering of securities by the Corporation must be invested in, or held for future purchases of uranium.

PLAN OF DISTRIBUTION

Pursuant to the Underwriting Agreement, the Corporation has agreed to sell and the Underwriters have severally agreed to purchase, as principals, on April 10, 2007, or on such other date as may be agreed upon by the Corporation and the Underwriters, but in any event no later than April 30, 2007 (the "Closing Date"), all but not less than all of the Common Shares at the Offering Price, against delivery of certificates representing the Common Shares, subject to compliance with all necessary legal requirements and to the conditions contained in the Underwriting Agreement. The Offering Price was determined by negotiation between the Corporation and the Underwriters.

The Corporation has agreed to pay the Underwriters a fee of \$0.584 per Common Share for their services in connection with the distribution of the Common Shares offered by this short form prospectus. The Corporation has granted the Underwriters the Over-Allotment Option, exercisable in whole or in part in the sole discretion of the Underwriters at any time until the date which is 30 days following the Closing Date, such Over-Allotment Option being exercisable to acquire the Optioned Shares at the Offering Price. If the Over-Allotment Option is exercised in full, the total price to the public, the Underwriters' fee and the net proceeds to the Corporation will be \$94,900,000, \$3,796,000 and \$91,104,000, respectively. The Corporation will pay to the Underwriters a fee of \$0.584 per Optioned Share. This short form prospectus qualifies the distribution of the Over-Allotment Option and any Optioned Shares issued on exercise thereof.

The Common Shares offered hereby have not been and will not be registered under the U.S. Securities Act or any state securities laws, and may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. Persons except in transactions exempt from the registration requirements of the U.S. Securities Act and applicable state securities laws. The Underwriting Agreement provides that the Underwriters will offer and sell the Common Shares to purchasers located outside the United States and to non-U.S. Persons only in compliance with Regulation S under the U.S. Securities Act. The Underwriting Agreement also permits the Underwriters, through their registered U.S. broker-dealer affiliates, to offer and sell the Common Shares to purchasers located in the United States and to U.S. Persons that are "qualified institutional buyers" (as defined in Rule 144A under the U.S. Securities Act) and to institutional "accredited investors" that meet the criteria set forth in Rule 501(a)(1), (2), (3) or (7) of Regulation D under the U.S. Securities Act in transactions that are exempt from registration under the U.S. Securities Act and all applicable state securities laws. This short form prospectus does not constitute an offer to sell, or a solicitation of an offer to buy, any of the Common Shares in the United States. In addition, until 40 days after the commencement of the Offering, an offer or sale of the Common Shares offered hereby within the United States by a dealer (whether or not participating in the Offering) may violate the registration requirements of the U.S. Securities Act unless such offer is made pursuant to an exemption under Rule 144A under the U.S. Securities Act.

The Common Shares will be restricted securities within the meaning of Rule 144(a)(3) of the U.S. Securities Act. Until such time as the same is no longer required under applicable requirements of the U.S. Securities Act, certificates representing any Common Shares which are sold in the United States or to, or for the account or benefit of, a U.S. Person will bear a legend to the effect that the securities represented thereby are not registered under the

U.S. Securities Act or any applicable state securities laws and may only be offered or sold pursuant to certain exemptions from the registration requirements under the U.S. Securities Act and under applicable state securities laws.

The obligations of the Underwriters under the Underwriting Agreement are several and may be terminated at their discretion on the basis of their assessment of the state of the financial markets and may also be terminated at their discretion upon the occurrence of certain stated events. The Underwriters are, however, obligated to take up and pay for all of the Common Shares, other than the Optioned Shares, if any of the Common Shares are purchased under the Underwriting Agreement.

The Corporation has applied to list the Common Shares on the TSX. Listing will be subject to the Corporation fulfilling all the listing requirements of the TSX.

Pursuant to applicable rules and/or policy statements of the Ontario Securities Commission and certain regulatory authorities, the Underwriters may not, throughout the period of distribution under this short form prospectus, bid for or purchase Common Shares. The foregoing restriction is subject to certain exceptions, provided that the bid or purchase is not made for the purpose of creating actual or apparent active trading in, or raising the price of, the Common Shares. These exceptions include a bid or purchase permitted under the rules of applicable self-regulatory organizations relating to market stabilization and passive market-making activities and a bid or purchase made for or on behalf of a customer where the order was not solicited during the period of distribution. Subject to the foregoing and applicable laws, the Underwriters may over-allot or effect transactions in connection with the Offering intended to stabilize or maintain the market price of the Common Shares at levels above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

The Corporation has agreed in favour of the Underwriters that, during the period ending 90 days after the Closing Date, it will not, except in certain circumstances, offer or sell, agree to offer or sell, or enter into an arrangement to offer or sell any Common Shares or other securities of the Corporation, or securities convertible into, exchangeable for, or otherwise exercisable to acquire any securities of the Corporation in connection with financing transactions without having obtained the prior written consent of Sprott, such consent not to be unreasonably withheld.

The Underwriting Agreement also provides that the Corporation will indemnify the Underwriters and their directors, officers, employees and agents against certain liabilities and expenses or will contribute to payments that the Underwriters may be required to make in respect thereof.

DESCRIPTION OF SECURITIES DISTRIBUTED

The Common Shares

The Corporation is authorized to issue an unlimited number of Common Shares, of which 48,473,727 Common Shares were outstanding as of February 28, 2007. The Common Shares are without nominal or par value. Each of the Common Shares carries one vote at all meetings of shareholders, is entitled to dividends as and when declared by the directors and is entitled upon liquidation, dissolution or winding up of the Corporation to a *pro rata* share of the property and assets of the Corporation distributable to the holders of the Common Shares.

RISK FACTORS

An investment in the Common Shares is subject to a number of risk factors that should be considered by a prospective purchaser. In addition to information set out elsewhere in this short form prospectus (including the documents incorporated by reference herein), investors should carefully consider the following risk factors. Such risk factors could materially affect the Corporation's future operating results and could cause actual events to differ materially from those described in forward-looking statements relating to the Corporation.

There are a number of factors that could negatively affect Uranium Participation Corp.'s business and the value of Uranium Participation Corp.'s securities, including the factors listed below. The following information pertains to

the outlook and conditions currently known to Uranium Participation Corp. that could have a material impact on the financial condition of Uranium Participation Corp. This information, by its nature, is not all-inclusive. It is not a guarantee that other factors will not affect Uranium Participation Corp. in the future. Uranium Participation Corp. is not a mutual fund and an investment in the Common Shares is not redeemable.

Uranium Price Volatility from Demand and Supply Factors

Since almost all of Uranium Participation Corp.'s activities involve investing in uranium, the value of its securities will be highly sensitive to fluctuations in the prices of uranium. Historically, the fluctuations in these prices have been, and will continue to be, affected by numerous factors beyond Uranium Participation Corp.'s control. Such factors include, among others: demand for nuclear power; improvements in nuclear reactor efficiencies; reprocessing of used reactor fuel and the re-enrichment of depleted uranium tails; sales of excess civilian and military inventories (including from the dismantling of nuclear weapons) by governments and industry participants; and production levels and production costs in key uranium producing countries.

Since UF₆ and low enriched UF₆ are different commodities than U₃O₈, their prices are affected by their own supply/demand balance as well as the supply/demand balances of U₃O₈, for conversion services and enrichment services. As a result, the UF₆ and low enriched UF₆ prices may move differently than the spot price of U₃O₈, the spot conversion price or the enrichment price alone. The factors that affect the UF₆ and low enriched UF₆ prices may affect the value of the Corporation, which in turn may affect the price of the Corporation's securities.

Set out in the table below is the spot price for U₃O₈ per pound, and the UF₆ price per KgU at December 31 for the four years ended December 31, 2006, and as at February 28, 2007⁽¹⁾.

	December 31				February 28
	2003	2004	2005	2006	2007
U ₃ O ₈	\$14.50	\$20.70	\$36.25	\$72.00	\$85.00
UF ₆	\$43.14 ⁽²⁾	\$63.09 ⁽²⁾	\$105.00	\$199.00	\$233.00

⁽¹⁾ As published by Ux Consulting Company, LLC ("UxCO") in US dollars.

⁽²⁾ UF₆ prices for 2003 and 2004 were not published by UxCO. Amounts shown for those years are the UF₆ value, which is obtained by adding (i) the spot price for U₃O₈ which is then multiplied by 2.61285; and (ii) the spot conversion price of UF₆.

No Public Market for Uranium

There is no public market for the sale of uranium. Uranium Participation Corp. may not be able to acquire uranium, or once acquired, sell uranium for a number of months. The pool of potential purchasers and sellers is limited and each transaction may require the negotiation of specific provisions. Accordingly, a purchase or sell cycle may take several months to complete. In addition, as the supply of uranium is limited, with average spot market sales over the last ten years being only approximately 20 million pounds of U₃O₈ per year, Uranium Participation Corp. may experience additional difficulties purchasing uranium in the event that it is a significant buyer. The inability to purchase and sell on a timely basis in sufficient quantities could have a material adverse effect on the securities of Uranium Participation Corp.

From time to time, the Corporation enters into commitments to purchase U₃O₈, UF₆, or low enriched UF₆. Such commitments are generally subject to conditions in favour of both the vendor and the Corporation, and there is no certainty that the purchases contemplated by such commitments will be completed.

Foreign Exchange Rates

Uranium Participation Corp. maintains its accounting records, reports its financial position and results, pays certain operating expenses and its securities trade, in Canadian currency. As the prices of uranium are quoted in U.S. currency, fluctuations in the U.S. currency exchange rate relative to the Canadian currency can significantly impact

the valuation of uranium and the associated purchase price from a Canadian currency perspective. Because exchange rate fluctuations are beyond Uranium Participation Corp.'s control, there can be no assurance that such fluctuations will not have an adverse effect on Uranium Participation Corp.'s operations or on the trading value of its Common Shares, the 2006 Warrants and the 2005 Warrants.

Risks Associated with the Facilities

Under the Management Services Agreement, the Manager is required to arrange for all uranium to be stored at licensed uranium conversion and enrichment facilities (the "Facilities") and to ensure that the Facilities provide satisfactory indemnities for the benefit of Uranium Participation Corp. or ensure that Uranium Participation Corp. has the benefit of insurance arrangements obtained on standard industry terms. There is no guarantee that either the indemnities or insurance in favour of Uranium Participation Corp. will fully cover or absolve Uranium Participation Corp. in the event of loss or damage. Uranium Participation Corp. may be financially and legally responsible for losses and/or damages not covered by indemnity provisions or insurance. Such responsibility could have a material adverse effect on the financial condition of Uranium Participation Corp.

As the number of duly licensed Facilities is limited, there can be no assurance that arrangements that are commercially beneficial to Uranium Participation Corp. will be readily available. Failure to negotiate commercially reasonable storage terms with the Facilities may have a material adverse effect on the financial condition of Uranium Participation Corp.

Lack of Operational Liquidity

The expenses of Uranium Participation Corp. are funded from cash on hand that is not otherwise invested in uranium. Once such cash available has been expended, Uranium Participation Corp. may either generate cash from either the lending or sale of uranium or the sale of additional equity securities, including the exercise of outstanding 2005 Warrants or the 2006 Warrants. There is no guarantee that Uranium Participation Corp. will be able to sell additional equity or equity related securities on terms acceptable to Uranium Participation Corp. in the future, that the 2005 Warrants or the 2006 Warrants will be exercised, that Uranium Participation Corp. will be able to sell uranium in a timely or profitable manner or that Uranium Participation Corp. will be able to generate revenue through lending arrangements.

Competition from Other Energy Sources and Public Acceptance of Nuclear Energy

Nuclear energy competes with other sources of energy, including oil, natural gas, coal and hydro-electricity. These other energy sources are to some extent interchangeable with nuclear energy, particularly over the longer term. Sustained lower prices of oil, natural gas, coal and hydro-electricity, as well as the possibility of developing other low cost sources for energy, may result in lower demand for uranium.

Furthermore, growth of the uranium and nuclear power industry will depend upon continued and increased acceptance of nuclear technology as a means of generating electricity. Because of unique political, technological and environmental factors that affect the nuclear industry, the industry is subject to public opinion risks which could have an adverse impact on the demand for nuclear power and increase the regulation of the nuclear power industry. An accident at a nuclear reactor anywhere in the world could impact on the continued acceptance by the public and regulatory authorities of nuclear energy and the future prospects for nuclear generators, which could have a material adverse effect on Uranium Participation Corp.

Lack of Investment Liquidity

Uranium Participation Corp. is not a mutual fund and an investment in Common Shares and warrants is not redeemable. Uranium Participation Corp.'s liquidity relies principally on sales or lending by Uranium Participation Corp. of uranium. Accordingly, Uranium Participation Corp. may not have the resources to declare any dividends or make other cash distributions unless and until a determination is made to sell or loan a portion of its uranium holdings.

Since inception the Corporation has not declared any dividends and the Corporation has no current intention to declare any dividends.

Net Asset Value (the "NAV")

The NAV per Common Share reported by Uranium Participation Corp. is based on the spot prices of uranium published by UxCo. Accordingly, the NAV may not necessarily reflect the actual realizable value of uranium held by Uranium Participation Corp.

The NAV is calculated by deducting the Corporation's liabilities from its assets as at the relevant period end. These liabilities include liabilities for future income taxes. Unlike most investment funds, the Corporation does not qualify as a mutual fund trust, and, accordingly, follows general income tax provisions of the Tax Act.

The exercise of the 2005 Warrants and the 2006 Warrants will have a dilutive effect on the NAV of the Common Shares to the extent that the NAV exceeds the exercise price of these warrants. As at February 28, 2007, the NAV per Common Share then outstanding, assuming the full exercise of the 2005 Warrants, was \$11.43 per share compared to \$11.95 per share without giving effect to the exercise of warrants. The fully diluted NAV as at future period ends will be further affected by the exercise of the 2006 Warrants should the NAV exceed the \$12.00 exercise price of the 2006 Warrants.

Market Price of Common Shares

It appears that the market price of the Common Shares is based on the NAV of Uranium Participation Corp.'s assets. Uranium Participation Corp. cannot predict whether the Common Shares will, in the future, trade above, at or below the NAV of Uranium Participation Corp. or whether the market price for Uranium Participation Corp.'s outstanding warrants will be based solely on the market price for the Common Shares.

The market price of the Common Shares and any outstanding warrants may also be affected by the management expense ratio, which is calculated for each reporting period as the total investment operation expenses (including income tax provisions) for the period over the average net asset value of the Corporation.

Reliance on Board of Directors and Manager

Uranium Participation Corp. is a self-governing corporation that is governed by the Board appointed and elected by the holders of Common Shares. Uranium Participation Corp. will, therefore, be dependent on the services of its Board of Directors and the Manager for management services.

Resignation by Manager

The Manager may terminate the Management Services Agreement after the initial term in accordance with the terms thereof. Uranium Participation Corp. may not be able to readily secure similar services as those to be provided under the Management Services Agreement and its operations may therefore be adversely affected.

Conflict of Interest

Directors and officers of Uranium Participation Corp. may provide investment, administrative and other services to other entities and parties. The directors and officers of Uranium Participation Corp. have devoted, and have undertaken to devote, such reasonable time as is required to properly fulfill their responsibilities in respect to the business and affairs of Uranium Participation Corp. as they arise from time to time.

Uranium Lending

The Corporation may enter into uranium lending arrangements. It intends to ensure that adequate security is provided for any loaned uranium. However, there is a risk the borrower may not be able to return the uranium and may, in lieu, repay the equivalent value of borrowed uranium in cash. In such circumstances, given the limited supply of U₃O₈ and UF₆, the Corporation may not be able to replace the uranium loaned from its portfolio.

Regulatory Change

Uranium Participation Corp. may be affected by changes in regulatory requirements, customs, duties or other taxes. Such changes could, depending on their nature, benefit or adversely affect Uranium Participation Corp.

INTEREST OF EXPERTS

Certain legal matters relating to the Offering will be passed upon by Heenan Blaikie LLP, on behalf of the Corporation, and by Borden Ladner Gervais LLP, on behalf of the Underwriters. PURCHASERS' STATUTORY RIGHTS

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces of Canada, securities legislation further provides a purchaser with remedies for rescission or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.

- (e) The Underwriters agree to assist the Corporation in all reasonable respects to secure compliance with all regulatory requirements in connection with the Offering. Each Underwriter agrees with the Corporation that it will only solicit offers for the purchase of Shares in the United States in accordance with Schedule "A" to this Agreement.

Prior to the filing of the Final Prospectus, the Corporation shall permit the Underwriters and their counsel to review and provide comments on drafts of the Preliminary Prospectus and

- (vii) an opinion of Heenan Blaikie LLP addressed to the Underwriters, in form and substance satisfactory to the Underwriters and their counsel, to the effect that, except for the financial information of the Corporation, including the auditors report and the auditors consent, as to which they

express no opinion, the French language version of each of the Preliminary Prospectus and the Final Prospectus including the documents incorporated by reference to date is, in all material respects, a complete and accurate translation of the English version of each of the Preliminary Prospectus and the Final Prospectus, respectively.

(b) Prospectus Amendments

In the event that the Corporation is required by Canadian Securities Laws to prepare and file a Prospectus Amendment, the Corporation shall prepare and deliver promptly to the Underwriters signed and certified copies of such Prospectus Amendment. Any Prospectus Amendments shall be in form and substance satisfactory to the Underwriters acting reasonably. Concurrently with the delivery of any Prospectus Amendment, the Corporation shall deliver to the Underwriters with respect to such Prospectus Amendment, documents similar to those referred to in clauses 3(a)(iii), (vi) and (vii).

Such delivery of the Preliminary Prospectus and Final Prospectus (and U.S. Placement Memorandum) shall be effected as soon as possible after an MRRS Decision Document has been issued by the Canadian Securities Regulators for the Preliminary Prospectus and Final Prospectus, respectively. Such deliveries shall constitute the consent of the Corporation to the Underwriters' use of the Preliminary Prospectus and Final Prospectus in connection with the distribution of the Shares in the Qualifying Jurisdictions and in the United States in compliance with the provisions of this Agreement and applicable securities laws.

(d) Qualification of Securities

The Corporation will promptly from time to time take such action as the Underwriters may reasonably request to qualify the Shares for offering and sale under the Canadian Securities Laws or U.S. Securities Laws as the Underwriters may request and to comply with such laws so as to permit the continuance of sales and dealings therein in such jurisdictions for so long as may be necessary to complete the distribution of the Shares until 90 days after the date hereof; provided that in connection therewith, the Corporation shall not be required to amend its charter documents or bylaws, register any of its securities, comply with ongoing filing or disclosure requirements, qualify as a foreign corporation or subject itself to taxation in respect of doing business in any jurisdiction in which it is not otherwise so subject.

(e) Distribution of Shares

- (j) the Underwriters shall have received at the Closing Time a certificate from the Transfer Agent dated the Closing Date and signed by an authorized officer of the Transfer Agent, confirming the issued Common Shares of the Corporation;

- (k) the Underwriters shall have received copies of all required approvals from the Stock Exchange in respect of the conditional listing and posting for trading of the Shares on the Stock Exchange;
- (l) the Underwriters and counsel for the Underwriters shall have received from the Corporation and the Manager such further certificates, documents and other information as they may have reasonably requested; provided, however, that the Underwriters or their counsel shall request any such certificate, document or other information within a reasonable period prior to the Closing Time.

11. Termination Rights

(a) Litigation

If any inquiry, action, suit, investigation or other proceeding, whether formal or informal is commenced, threatened or announced or any order is made by any federal, provincial state, municipal or other governmental department, commission, board, bureau, agency or authority, including without limitation, the Stock Exchange or any Canadian Securities Regulator, or any law or regulation is enacted or changed, which, in the reasonable opinion of any Underwriter, operates to prevent or restrict the distribution or trading of the Common Shares or Shares or any other securities of the Corporation, each Underwriter shall be entitled, at its sole option, in accordance with subparagraph 11(e), to terminate its obligations under this Agreement by notice to that effect given to the Corporation at any time prior to the Closing Time.

(b) Disaster Out

Each Underwriter shall be entitled, at its sole option, in accordance with subparagraph 11(e), to terminate this Agreement, by notice to the Corporation, at any time at or prior to Closing Time (i) if there should develop, occur or come into effect or existence any event, action, state, condition or major financial occurrence of national or international consequence, or any law or regulation (or proposed law or regulation), which in the opinion of any Underwriter adversely affects, or involves, or will adversely affect, or involve, the financial markets or the business, operations or affairs of the Corporation and its Subsidiaries, taken as a whole, or (ii) trading in any securities of the Corporation has been suspended or limited by the Stock Exchange, any of the Canadian Securities Regulators or any other securities regulatory authority having jurisdiction over the distribution of the Shares, or (iii) if a banking moratorium has been declared by Canadian, U.S. Federal or state authorities.

(c) Material Change

If, prior to the Closing Time, there should occur, or is discovered by any Underwriter, any material change, any previously undisclosed material fact or a change in any material fact such as is contemplated in subparagraph 4(a), which results in or in any Underwriter's reasonable opinion, is reasonably expected to have a significant adverse effect on the market price or value of the Shares, each Underwriter shall be entitled, at its sole option, in accordance with subparagraph 11(e), to terminate its obligations under this Agreement by written notice to that effect given to the Corporation at any time prior to the Closing Time.

(d) Conditions

The Corporation agrees that all terms and conditions of Section 10 shall be construed as conditions and complied with so far as they relate to acts to be performed or caused to be performed by it, that it will use all reasonable commercial efforts to cause such conditions to be complied with, and that any breach or failure by the Corporation to comply with any such conditions shall entitle each Underwriter to terminate its obligations under this Agreement by notice to that effect given to the Corporation at or prior to the Closing Time, unless otherwise expressly provided in this Agreement. Each Underwriter may waive, in whole or in part, or extend the time for compliance with, any terms and conditions without prejudice to their rights in respect of any other of such terms and conditions or any other or subsequent breach or non-compliance, provided that any such waiver or extension shall be binding upon an Underwriter only if such waiver or extension is in writing and signed by the Underwriter.

(e) Exercise of Termination Rights

The rights of termination contained in subparagraphs 11(a), (b), (c) and (d) are in addition to any other rights or remedies the Underwriters may have in respect of any default, act or failure to act or non-compliance by the Corporation or Manager in respect of any of the matters contemplated by this Agreement or otherwise. In the event that any Underwriter exercises such rights of termination, there shall be no further liability on the part of such Underwriter to the Corporation or on the part of the Corporation to such Underwriter except in respect of any liability which may have arisen or may later arise under paragraphs 12, 13 and 16.

12. Indemnity

(a) Indemnity

The Corporation indemnifies and saves harmless each of the Underwriters and their respective affiliates (which shall include, without limitation, each of the U.S. Dealers) and each of their respective directors, officers, employees and agents from and against all liabilities, claims, losses (other than loss of profits), reasonable costs, damages and reasonable expenses (including, without limitation any legal fees or other expenses reasonably incurred by such Underwriter in connection with defending or investigating any such action or claim) in any way caused by, or arising directly or indirectly from, or in consequence of:

- (i) any information or statement (except any statement relating solely to the Underwriters and provided by the Underwriters for use therein) contained in this Agreement, the Preliminary Prospectus or the Final Prospectus, or any Prospectus Amendments thereto or supplements which, at the time and in the light of the circumstances under which it was made, contains or is alleged to contain a misrepresentation;
- (ii) any omission or alleged omission to state in the Preliminary Prospectus or the Final Prospectus, or any Prospectus Amendments or supplements thereto, any fact (except facts relating solely to the Underwriters and provided by the Underwriters expressly for use therein), whether material or not, regarding the Corporation, its Subsidiaries or the Manager (with

respect to any obligations of the Manager arising from the Management Services Agreement) and each of the Corporation's and the Subsidiaries' business and affairs that is necessary to make any statement therein not misleading (in the case of the Preliminary Prospectus and Final Prospectus) in light of the circumstances in which it was made;

- (iii) any order made or enquiry, investigation or proceedings commenced or threatened by any securities commission or other competent authority based upon any untrue statement or omission or alleged untrue statement or alleged omission or any misrepresentation or alleged misrepresentation (except a statement or omission or alleged statement or omission regarding facts relating solely to the Underwriters and provided by the Underwriters expressly for use therein) in the Preliminary Prospectus or the Final Prospectus, or any Prospectus Amendments or supplements thereto or based upon any failure to comply with the Canadian Securities Laws (other than any failure or alleged failure to comply by the Underwriters), preventing or restricting the trading in or the sale or distribution of the Shares in any of the Qualifying Jurisdictions;
- (iv) the non-compliance or alleged non-compliance by the Corporation with any of the Canadian Securities Laws, including the Corporation's non-compliance with any statutory requirement to make any document available for inspection; or
- (v) any breach by the Corporation of its representations, warranties, covenants or obligations to be complied with under this Agreement.

This indemnity shall cease to enure to the benefit of an Underwriter, if and to the extent that (i) a court of competent jurisdiction determines, in a final judgement, that any Claim (as defined below) is a result of or arises out of the recklessness or wilful misconduct, negligence, dishonesty or fraudulent acts of such Underwriter; or (ii) a copy of the Final Prospectus (as then amended or supplemented, if the Corporation shall have furnished any amendments or supplements thereto) was not sent or given by or on behalf of such Underwriter to a person asserting any such losses, claims, damages or liabilities, if required by law so to have been delivered by such Underwriter to such person, at or prior to the written confirmation of the sale of the Shares to such person, and if the Final Prospectus (as so amended or supplemented) delivered to such Underwriter a reasonable amount of time in advance of such confirmation would have cured the defect giving rise to such losses, claims, damages or liabilities.

(b) Notification of Claims

If any matter or thing contemplated by subparagraph 12(a) (any such matter or thing being referred to as a "Claim") is asserted against any person or company in respect of which indemnification is or might reasonably be considered to be provided, such person or company (the "Indemnified Party") will notify the Corporation as soon as practically possible of the nature of such Claim (but the omission so to notify the Corporation of any potential Claim shall not relieve the Corporation from any liability which it may have to any Indemnified Party and

any omission so to notify the Corporation of any actual Claim shall affect the Corporation's liability only to the extent that it is materially prejudiced by that failure). Subject to subparagraph 12(d), the Corporation shall be entitled to participate in and, to the extent that it shall wish, to assume the defence of any suit brought to enforce such Claim; provided, however, that the defence shall be conducted through legal counsel acceptable to the Indemnified Party, acting reasonably, that no settlement of any such Claim or admission of liability may be made by the Corporation or the Indemnified Party without the prior written consent of the other parties, acting reasonably, and the Corporation shall not be liable for any settlement of any such Claim unless it has consented in writing to such settlement. The Corporation shall not settle any Claim, or compromise or consent to any judgement unless such settlement, compromise or judgement (i) includes an unconditional release of the Indemnified Party from all liability arising out of such action or claim and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act, by or on behalf of any Indemnified Party.

(c) Right of Indemnity in Favour of Others

With respect to any Indemnified Party who is not a party to this Agreement, the Indemnified Parties who are party to this Agreement shall obtain and hold the rights and benefits of this paragraph in Corporation for and on behalf of such Indemnified Party.

(d) Retaining Counsel

In any Claim, the Indemnified Party shall have the right to retain other counsel to act on its behalf, provided that the reasonable fees and disbursements of such counsel shall be paid by the Indemnified Party unless (i) the Corporation fails to assume the defence of such suit on behalf of the Indemnified Party within 10 days of receiving written notice of such suit; (ii) the Corporation and the Indemnified Party shall have mutually agreed to the retention of the other counsel; or (iii) the named parties to any such Claim (including any added third or impleaded party) include the Indemnified Party, the Corporation and the Indemnified Party shall have been advised by counsel that the representation of all parties by the same counsel would be inappropriate due to the actual or potential differing interests between them. In no event shall the Corporation be liable to pay the fees and disbursements of more than one firm of separate counsel for all Indemnified Parties and, in addition, one firm of local counsel in each applicable jurisdiction.

13. Contribution

(a) Contribution by the Corporation

In order to provide for just and equitable contribution in circumstances in which the indemnification provided for in paragraph 12 is unavailable, in whole or in part, for any reason to an Indemnified Party in respect of any Claim, the Corporation (the "Indemnifier") and the Underwriters shall contribute to the amount paid or payable (or, if such indemnity is unavailable only in respect of a portion of the amount so paid or payable, such portion of the amount so paid or payable) by the Corporation as a result of such Claim in such proportion as is appropriate to reflect the relative benefits received by the Corporation on the one hand and the Underwriters on the other hand from the offering of the Shares; or if this allocation is not permitted by applicable law, in such proportion as is appropriate to reflect not only the relative benefits referred to above but also the relative fault of the Corporation on the one hand and the Underwriters on the other hand in connection with the information, statement, omission, misrepresentation, order, inquiry, investigation or other matter or thing referred to in paragraph 12 which resulted in such Claim, as well as any other relevant equitable considerations.

The relative benefits received by the Corporation on the one hand and the Underwriters on the other hand shall be deemed to be in the same proportion as the total proceeds (net of the fee payable to the Underwriters but before deducting expenses) received (directly or indirectly) by the Corporation from the issue and sale of the Shares bears to the fee received by the Underwriters, in each case, as set out in the table on the face page of the English language version of the Final Prospectus. The relative fault of the Corporation on the one hand and of the Underwriters on the other shall be determined by reference to, among other things, whether the information, statement, omission, misrepresentation, order, inquiry, investigation or other matter or thing referred to in paragraph 12 which resulted in Claim relates to information supplied by or steps or actions taken or done by or on behalf of the Corporation or to information supplied by or steps or actions taken or done by or on behalf of the Underwriters and the relative intent, knowledge, access to information and opportunity to correct or prevent such statement, omission, misrepresentation, order, inquiry, investigation or other matter or thing referred to in paragraph 12. The amount paid or payable by an Indemnified Party as a result of the Claim referred to

above shall include any legal or other expenses reasonably incurred by such Indemnified Party in connection with investigating or defending any such Claim, whether or not resulting in any such action, suit, proceeding or claim. The Corporation and the Underwriters agree that it would not be just and equitable if contribution pursuant to this paragraph 13 were determined by any method of allocation which does not take into account the equitable considerations referred to immediately above. A person who is determined by a court of competent jurisdiction in a final judgement to have engaged in any fraud, fraudulent misrepresentation, recklessness or gross negligence shall not, to the extent that the Claim was caused by that activity, be entitled to claim contributions therefor from any person who is not determined by a court of competent jurisdiction in a final judgement to have engaged in that fraud, fraudulent misrepresentation, recklessness or gross negligence.

(b) Right of Contribution in Addition to Other Rights

The rights to contribution provided in this paragraph 13 shall be in addition to and not in derogation of any other right to contribution which the Underwriters may have by statute or otherwise at law.

(c) Calculation of Contribution

In the event that the Indemnifier may be held to be entitled to contribution from the Underwriters under the provisions of any statute or at law, the Indemnifier shall be limited to contribution in an amount not exceeding the lesser of:

- (i) the portion of the full amount of the loss or liability giving rise to such contribution for which the Underwriters are responsible, as determined in subparagraph 13(a), and
- (ii) the amount of the fee actually received by the Underwriters from the Corporation under this Agreement.

(d) Notice of Claim for Contribution

Notification to the Corporation of a Claim pursuant to subparagraph 12(b) shall be deemed to also constitute notice to the Corporation that a claim for contribution by the Underwriters may arise and omission to so notify shall have similar effect.

(e) Right of Contribution in Favour of Others

The Corporation hereby acknowledges and agrees that, with respect to paragraphs 12 and 13 hereof, each Underwriter is contracting on its behalf and as agent for its affiliates and for its and its affiliates' directors, officers, employees and agents (collectively, the "Beneficiaries"). In this regard each Underwriter shall act as trustee for the Beneficiaries of the Corporation's covenants under paragraphs 12 and 13 hereof with respect to the Beneficiaries and accept these trusts and shall hold and enforce the covenants on behalf of the Beneficiaries.

14. Severability

129

If any provision of paragraph 12 or 13 is determined to be void or unenforceable in whole or in part, it shall be deemed not to affect or impair the validity of any other provision of this Agreement and such void or unenforceable provision shall be severable from this Agreement.

15. Expenses

All expenses of or incidental to the issue, sale and delivery of the Shares and all expenses of or incidental to all other matters in connection with the transactions set out in this Agreement shall be borne by the Corporation including, without limitation, fees and expenses payable in connection with the qualification of the Shares, the reasonable fees of counsel to the Underwriters plus disbursements and Goods and Services Tax, all fees and disbursements of counsel to the Corporation, Manager, local counsel and U.S. counsel, all fees and expenses of the Corporation's auditors, fees and expenses relating to the marketing of the Shares (including, without limitation, "road shows", marketing meetings, marketing documentation and institutional investor meetings) and all reasonable out-of-pocket expenses of the Underwriters (including Underwriters' travel expenses in connection with due diligence, marketing meetings and "road shows") and all costs incurred in connection with the preparation and printing of the Preliminary Prospectus, Final Prospectus, Prospectus Amendments and certificates representing the Shares. All amounts to be paid by the Corporation under this paragraph 15 shall be paid forthwith upon receiving an invoice therefor.

16. Survival of Representations and Warranties

The respective representations, warranties, obligations and agreements of the Corporation and the several Underwriters contained in this Agreement and in any certificate delivered pursuant to this Agreement or in connection with the purchase and sale of the Shares shall survive the purchase of the Shares and shall continue in full force and effect unaffected by any subsequent disposition of the Shares by the Underwriters or the termination of the Underwriters' obligations and shall not be limited or prejudiced by any investigation made by or on behalf of the Underwriters or the Corporation, or any officer, director or controlling person of the Corporation in connection with the preparation of the Preliminary Prospectus or Final Prospectus or the distribution of the Shares for a period of two years from the date hereof.

17. Time of the Essence

Time shall be of the essence of this Agreement.

18. Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the Province of Ontario and the laws of Canada applicable in Ontario.

19. Currency

All references herein to dollar amounts, unless otherwise indicated, are to lawful money of Canada.

20. Successors

This Agreement shall enure to the benefit of, and be binding on, the parties to this Agreement and any of their respective successors.

Each notice shall be personally delivered to the addressee or sent by facsimile transmission to the addressee and (i) a notice which is personally delivered shall, if delivered on a Business Day, be deemed to be given and received on that day and, in any other case, be deemed to be given and received on the first Business Day following the day on which it is delivered; and (ii) a notice which is sent by facsimile transmission shall be deemed to be given and received on the first Business Day following the day on which it is sent.

22. Action by Underwriters

All steps which must or may be taken by the Underwriters in connection with this Agreement, with the exception of the matters relating to termination contemplated by paragraph 11 or matters relating to indemnity and contribution contemplated by paragraphs 12 and 13, may be taken by Sprott on behalf of itself and the remaining Underwriters and the execution and delivery of this Agreement by the Corporation and the Underwriters shall constitute the Corporation's authority for accepting notification of any such steps from, and for delivery of the definitive documents constituting the Shares to, Sprott. Sprott agrees to consult with the other Underwriters with respect to all material matters.

23. Underwriters' Obligations

The obligation of the Underwriters to purchase the Shares at the Closing Time shall be several and not joint and several and shall be limited to the percentages of the aggregate number of Shares set out opposite the name of each of the Underwriters below:

Sprott Securities Inc.	-	26.0%
CIBC World Markets Inc.	-	20.0%
Dundee Securities Corporation	-	20.0%
Scotia Capital Inc.	-	10.0%
TD Securities Inc.	-	10.0%
National Bank Financial Inc.	-	7.0%
Raymond James Ltd.	-	7.0%

In the event that any Underwriter shall fail to purchase its applicable percentage of the Shares at the Closing Time, the others shall have the right, but shall not be obligated, to purchase all of the percentage of the Shares which would otherwise have been purchased by that one of the Underwriters which is in default. In the event that such right is not exercised, the others which are not in default shall be relieved of all obligations to the Corporation and there shall be no further liability on the part of the Corporation to the Underwriters except in respect of any liability which may have arisen or may thereafter arise under paragraphs 12, 13 and 15. Nothing in this paragraph shall oblige the Corporation to sell to the Underwriters less than all of the Underwritten Shares or relieve from liability to the Corporation any Underwriter which shall be so in default.

24. Counterparts and by Facsimile

This Agreement may be executed by any one or more of the parties to this Agreement in any number of counterparts, and may be delivered by facsimile, each of which shall be deemed to be an original, but all such counterparts shall together constitute one and the same instrument.

Representations, Warranties and Covenants of the Underwriters

Each Underwriter and each U.S. Dealer acknowledges that the Shares have not been and will not be registered under the U.S. Securities Act and may be offered and sold only in transactions exempt from or not subject to the registration and U.S. Dealer requirements of the U.S. Securities Act and state securities laws. Accordingly, each Underwriter represents, warrants and covenants to the Corporation that:

1. It has not offered and sold, and will not offer and sell, any Shares except (a) in an offshore transaction in accordance with Rule 903 of Regulation S, or (b) in the United States as provided in paragraphs 2 through 13 below. Accordingly, neither the Underwriter nor any of its affiliates nor any persons acting on its behalf, has made or will make (except as permitted in paragraphs 2 through 13 below) (i) any offer to sell or any solicitation of an offer to buy, any Shares to any person in the United States or U.S. Person, (ii) any sale of Shares to any purchaser unless, at the time the buy order was or will have been originated, the purchaser was outside the United States, or such Underwriter, affiliate or person acting on behalf of such purchaser reasonably believed that such purchaser was outside the United States, or (iii) any Directed Selling Efforts in the United States with respect to the Shares.
2. It has not entered and will not enter into any contractual arrangement with respect to the distribution of the Shares, except with its U.S. Dealer, any selling group members or with the prior written consent of the Corporation. It shall require each selling group member to agree, for the benefit of the Corporation, to comply with, and shall use its best efforts

to ensure that each selling group member complies with, the same provisions of this Schedule "A" as apply to such Underwriter as if such provisions applied to such selling group member.

3. All offers and sales of Shares in the United States or to, or for the account or benefit of, a U.S. Person shall be made only to Qualified Institutional Buyers and Institutional Accredited Investors through the U.S. Dealer in compliance with all applicable U.S. broker-dealer requirements.
4. Offers and sales of Shares in the United States shall not be made (i) by any form of General Solicitation or General Advertising, or (ii) in any manner involving a public offering within the meaning of Section 4(2) of the U.S. Securities Act.
5. Any offer, sale or solicitation of an offer to buy Shares that has been made or will be made in the United States was or will be made only to Qualified Institutional Buyers or Institutional Accredited Investors in transactions that are exempt from registration under the U.S. Securities Act and applicable state securities laws.
6. Immediately prior to soliciting any offeree, the Underwriter, the U.S. Dealer, their affiliates and any person acting on their behalf had or will have reasonable grounds to believe and did or will believe that each such offeree, and any person on behalf of whom such offeree is acquiring the Shares, is a Qualified Institutional Buyer or an Institutional Accredited Investor, and at the time of completion of each sale to any such offerees, the Underwriter, the U.S. Dealer, their affiliates, and any person acting on their behalf had or will have reasonable grounds to believe and did or will believe, that each purchaser purchasing Shares from the U.S. Dealer and any person on behalf of whom such purchaser is acquiring Shares is a Qualified Institutional Buyer and each purchaser designated by such Underwriter or the U.S. Dealer to purchase Shares from the Corporation, and any person on behalf of whom such purchaser is acquiring the Shares, is an Institutional Accredited Investor.
7. The Underwriter acting through its U.S. Dealer, may offer the Shares in the United States or to, or for the account or benefit of, a U.S. Person only to offerees with respect to which the Underwriter has a pre-existing relationship.
8. Prior to the completion of any sale of Shares in the United States, each U.S. purchaser thereof will be required to provide to the Underwriters, or to the U.S. Dealer selling the Shares, a letter in the form of Appendix I hereto.
9. Each offeree in the United States shall be provided, prior to time of purchase of any Shares, with a copy of the U.S. private placement offering memorandum (the "U.S. Placement Memorandum") attached to a copy of the Final Prospectus.

10. It will inform, and cause its U.S. Dealer to inform, all purchasers of the Shares in the United States or for the account or benefit of a U.S. Person that the Shares have not been and will not be registered under the U.S. Securities Act and are being sold to them without registration under the U.S. Securities Act in reliance on exemptions from the registration requirements thereof.
11. At least one business day prior to the Time of Delivery, the transfer agent will be provided with a list of all purchasers of the Shares in the United States or who are purchasing for the account of or benefit of a U.S. Person.
12. At closing, each U.S. Dealer who sold any Shares together with its Canadian affiliate will provide a certificate, substantially in the form of Appendix II, relating to the manner of the offer and sale of the Shares in the United States or to, or for the account or benefit of, a U.S. Person.

Representations, Warranties and Covenants of the Corporation

The Corporation represents, warrants, covenants and agrees that:

1. The Corporation is a Foreign Issuer and there is no Substantial U.S. Market Interest in any class of the Corporation's securities.
2. The Corporation is not, and as a result of the sale of the Shares contemplated hereby will not be, an "investment company" as defined in the United States Investment Company Act of 1940, as amended.
3. A variety of factors, many of which are beyond the control of the Corporation, may cause actual results to differ materially from the expectations expressed in the forward-looking statement. These factors include, but are not limited to, changes in commodity prices and foreign exchange. See "Risk Factors" for a further description of the principal risks to the Corporation.

These and other factors should be considered carefully, and readers are cautioned not to place undue reliance on these forward-looking statements. Although management reviews the reasonableness of its assumptions and estimates, unusual and unanticipated events may occur which render them inaccurate. ELIGIBILITY FOR INVESTMENT

Based on legislation in effect at the date hereof and subject to compliance with the prudent investment standards and general investment provisions and restrictions of the statutes referred to below (and, where applicable, the regulations made under those statutes) and, in certain cases, subject to the satisfaction of additional requirements relating to investment or lending policies, standards, procedures and goals and, in certain cases, subject to the filing of such policies, standards, procedures or goals, the Common Shares, if issued on the date hereof, would not be precluded as investments under the following statutes:

Insurance Companies Act (Canada)
Pension Benefits Standards Act, 1985 (Canada)
Trust and Loan Companies Act (Canada)

Pension Benefits Act (Ontario)
Loan and Trust Corporations Act (Ontario)

In the opinion of Heenan Blaikie LLP, counsel to the Corporation, and Borden Ladner Gervais LLP, counsel to the Underwriters, provided that the Common Shares are listed on a prescribed stock exchange, which includes the TSX, the Common Shares, if issued on the date hereof, would be "qualified investments" under the *Income Tax Act (Canada)* (the "Tax Act") and the regulations thereunder for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans and registered education savings plans (collectively "Plans").

THE CORPORATION

Uranium Participation Corp. was incorporated by Articles of Incorporation pursuant to the *Business Corporations Act (Ontario)* (the "OBCA") on March 15, 2005 and became a publicly listed company on the TSX on May 10, 2005. The registered and head office of Uranium Participation Corp. is located at Atrium on Bay, Suite 402, 595 Bay Street, Toronto, Ontario, M5G 2C2. Uranium Participation Corp. has no employees. Denison Mines Inc. (the "Manager") provides the services of four officers to the Corporation, being the President, the Chief Financial Officer, the Vice-President Marketing and the Corporate Secretary under the terms of a Management Services Agreement dated March 30, 2005, as amended. Uranium Participation Corp. is an investment holding entity which invests at least 85% of the proceeds of any offering in uranium, with the primary investment objective of achieving appreciation in the value of its uranium holdings. Unless the context requires otherwise, references to "uranium" means uranium oxide in concentrates ("U₃O₈") and uranium hexafluoride ("UF₆").

Uranium Participation Alberta Corp. ("UPAC") is a wholly-owned subsidiary of Uranium Participation Corp. It was incorporated under the *Business Corporations Act (Alberta)* on May 4, 2005. UPAC directly invests in, and holds, U₃O₈ and UF₆.

Uranium Participation Cyprus Limited ("UPCL") is a wholly-owned subsidiary of the Corporation. It was incorporated under the laws of the Republic of Cyprus on September 10, 2006. UPCL directly invests in, and holds, U₃O₈ and UF₆. UPAC and UPCL are collectively referred to as the "Subsidiaries".

The Corporation carries on its operations through its Subsidiaries. Unless otherwise indicated or where the context otherwise requires, references to Uranium Participation Corp. or the Corporation include the Subsidiaries.

Uranium Participation Corp. is a taxable Canadian corporation and is not a mutual fund corporation for purposes of the Tax Act. The Corporation is subject to income tax on its taxable income, computed in accordance with the ordinary rules and at the rates ordinarily applicable to public corporations under the Tax Act. Currently the Corporation recognizes unrealized gains or losses on its investments in uranium and accrues future income taxes payable based on the unrealized gains. Realized gains or losses on the sale of uranium will be recognized for income tax purposes at the time realized and will be taxed as income or capital gains, as applicable.

RECENT DEVELOPMENTS

The unaudited net asset value of the Corporation at February 28, 2007 was \$579,364,000 or \$11.95 per share (\$11.43 assuming the exercise of all outstanding warrants issued in May 2005 (the "2005 Warrants")) based on the spot price for U₃O₈ at February 28, 2007 which was US\$85.00 per pound and the spot price for UF₆ at February 28, 2007 which was US\$233.00 per KgU and the Canadian/US dollar noon exchange rate at month end, which was \$1.1700. Since inception to February 28, 2007, the Corporation has purchased and taken delivery of 4,200,000 pounds of U₃O₈ and 950,000 KgU as UF₆ at a total cost of \$305,745,000, including purchase commissions. Market value of the Corporation's investment in uranium based on the February 28, 2007 spot prices was \$676,670,000.

On September 14, 2006 the Corporation completed a public offering of 11,363,650 units, each unit consisting of one common share and one-quarter of a warrant to purchase common shares (the "2006 Warrants"). The gross proceeds were \$100 million. The net proceeds were used to fund uranium purchase commitments.

The Corporation has entered into a conditional commitment to acquire 250,000 KgU as UF₆ at a total cost of US\$61,625,000, excluding commissions payable to the Manager. Delivery of this product is to be made in September 2007. See "Use of Proceeds".

The Manager recently completed a merger by way of plan of arrangement with International Uranium Corporation and the resulting corporation is Denison Mines Corp. ("DMC"). The merger has created a growth oriented and diversified uranium producer. The Manager remains a wholly-owned subsidiary of DMC.

On September 10, 2006 the Corporation entered into a new revolving credit facility (the "Credit Facility") with the Manager for up to \$15 million. The Corporation has drawn down \$11.6 million, which was invested in uranium. Amounts outstanding under the Credit Facility are due on May 10, 2007 and bear interest at an annual rate representing the annual prime rate of interest offered by a Canadian chartered bank plus 1%. The Manager receives an annual standby fee of 1% of the undrawn portion of the Credit Facility. A portion of the net proceeds from the Offering will be used to repay the amounts outstanding under the Credit Facility. See "Use of Proceeds".

The Corporation entered into an agreement to lend 500,000 KgU as UF₆ for a period of three year at a loan rate of 5% per annum based upon the adjusted quarterly value of the material loaned. Security for the loan is an irrevocable letter of credit from a major financial institution.

The table should be read in conjunction with the consolidated financial statements of the Corporation as at August 31, 2006, including the notes thereto, and management's report on fund performance incorporated by reference in this short form prospectus.

USE OF PROCEEDS

The net proceeds to the Corporation from the Offering, after deducting the Underwriters' fee and the expenses of the Offering (including expenses relating to the preparation and filing of this short form prospectus), are estimated to be approximately \$81,043,000 assuming no exercise of the Over-Allotment Option. If the Over-Allotment Option is exercised in full, the net proceeds to the Corporation from the Offering, after deducting the Underwriters' fee and the expenses of the Offering, are estimated to be approximately \$90,504,000.

The net proceeds of the Offering will be used by the Corporation to fund (i) the Corporation's purchase commitment referred to under "Recent Developments" (US\$62,549,375, including commissions payable to the Manager of US\$924,375), (ii) to repay the amounts outstanding under the Credit Facility, which amounts were invested in uranium; and (iii) as to the balance, to fund the ongoing obligations of the Corporation. At least 85% of the gross proceeds of any offering of securities by the Corporation must be invested in, or held for future purchases of uranium.

PLAN OF DISTRIBUTION

Pursuant to the Underwriting Agreement, the Corporation has agreed to sell and the Underwriters have severally agreed to purchase, as principals, on April 10, 2007, or on such other date as may be agreed upon by the Corporation and the Underwriters, but in any event no later than April 30, 2007 (the "Closing Date"), all but not less than all of the Common Shares at the Offering Price, against delivery of certificates representing the Common Shares, subject to compliance with all necessary legal requirements and to the conditions contained in the Underwriting Agreement. The Offering Price was determined by negotiation between the Corporation and the Underwriters.

The Corporation has agreed to pay the Underwriters a fee of \$0.584 per Common Share for their services in connection with the distribution of the Common Shares offered by this short form prospectus. The Corporation has granted the Underwriters the Over-Allotment Option, exercisable in whole or in part in the sole discretion of the Underwriters at any time until the date which is 30 days following the Closing Date, such Over-Allotment Option being exercisable to acquire the Optioned Shares at the Offering Price. If the Over-Allotment Option is exercised in full, the total price to the public, the Underwriters' fee and the net proceeds to the Corporation will be \$94,900,000, \$3,796,000 and \$91,104,000, respectively. The Corporation will pay to the Underwriters a fee of \$0.584 per Optioned Share. This short form prospectus qualifies the distribution of the Over-Allotment Option and any Optioned Shares issued on exercise thereof.

The Common Shares offered hereby have not been and will not be registered under the U.S. Securities Act or any state securities laws, and may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. Persons except in transactions exempt from the registration requirements of the U.S. Securities Act and applicable state securities laws. The Underwriting Agreement provides that the Underwriters will offer and sell the Common Shares to purchasers located outside the United States and to non-U.S. Persons only in compliance with Regulation S under the U.S. Securities Act. The Underwriting Agreement also permits the Underwriters, through their registered U.S. broker-dealer affiliates, to offer and sell the Common Shares to purchasers located in the United States and to U.S. Persons that are "qualified institutional buyers" (as defined in Rule 144A under the U.S. Securities Act) and to institutional "accredited investors" that meet the criteria set forth in Rule 501(a)(1), (2), (3) or (7) of Regulation D under the U.S. Securities Act in transactions that are exempt from registration under the U.S. Securities Act and all applicable state securities laws. This short form prospectus does not constitute an offer to sell, or a solicitation of an offer to buy, any of the Common Shares in the United States. In addition, until 40 days after the commencement of the Offering, an offer or sale of the Common Shares offered hereby within the United States by a dealer (whether or not participating in the Offering) may violate the registration requirements of the U.S. Securities Act unless such offer is made pursuant to an exemption under Rule 144A under the U.S. Securities Act.

The Common Shares will be restricted securities within the meaning of Rule 144(a)(3) of the U.S. Securities Act. Until such time as the same is no longer required under applicable requirements of the U.S. Securities Act, certificates representing any Common Shares which are sold in the United States or to, or for the account or benefit of, a U.S. Person will bear a legend to the effect that the securities represented thereby are not registered under the U.S. Securities Act or any applicable state securities laws and may only be offered or sold pursuant to certain exemptions from the registration requirements under the U.S. Securities Act and under applicable state securities laws.

The obligations of the Underwriters under the Underwriting Agreement are several and may be terminated at their discretion on the basis of their assessment of the state of the financial markets and may also be terminated at their discretion upon the occurrence of certain stated events. The Underwriters are, however, obligated to take up and pay for all of the Common Shares, other than the Optioned Shares, if any of the Common Shares are purchased under the Underwriting Agreement.

The TSX has conditionally approved the listing of the Common Shares to be distributed under the Offering, subject to the Corporation fulfilling all listing requirements of the TSX on or before June 21, 2007.

Pursuant to applicable rules and/or policy statements of the Ontario Securities Commission and certain regulatory authorities, the Underwriters may not, throughout the period of distribution under this short form prospectus, bid for or purchase Common Shares. The foregoing restriction is subject to certain exceptions, provided that the bid or purchase is not made for the purpose of creating actual or apparent active trading in, or raising the price of, the Common Shares. These exceptions include a bid or purchase permitted under the rules of applicable self-regulatory organizations relating to market stabilization and passive market-making activities and a bid or purchase made for or on behalf of a customer where the order was not solicited during the period of distribution. Subject to the foregoing and applicable laws, the Underwriters may over-allot or effect transactions in connection with the Offering intended to stabilize or maintain the market price of the Common Shares at levels above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

The Corporation has agreed in favour of the Underwriters that, during the period ending 90 days after the Closing Date, it will not, except in certain circumstances, offer or sell, agree to offer or sell, or enter into an arrangement to offer or sell any Common Shares or other securities of the Corporation, or securities convertible into, exchangeable for, or otherwise exercisable to acquire any securities of the Corporation in connection with financing transactions without having obtained the prior written consent of Cormark, such consent not to be unreasonably withheld.

The Underwriting Agreement also provides that the Corporation will indemnify the Underwriters and their directors, officers, employees and agents against certain liabilities and expenses or will contribute to payments that the Underwriters may be required to make in respect thereof.

DESCRIPTION OF SECURITIES DISTRIBUTED

The Common Shares

The Corporation is authorized to issue an unlimited number of Common Shares, of which 48,473,727 Common Shares were outstanding as of February 28, 2007. The Common Shares are without nominal or par value. Each of the Common Shares carries one vote at all meetings of shareholders, is entitled to dividends as and when declared by the directors and is entitled upon liquidation, dissolution or winding up of the Corporation to a *pro rata* share of the property and assets of the Corporation distributable to the holders of the Common Shares.

RISK FACTORS

An investment in the Common Shares is subject to a number of risk factors that should be considered by a prospective purchaser. In addition to information set out elsewhere in this short form prospectus (including the documents incorporated by reference herein), investors should carefully consider the following risk factors. Such risk factors could materially affect the Corporation's future operating results and could cause actual events to differ materially from those described in forward-looking statements relating to the Corporation.

There are a number of factors that could negatively affect Uranium Participation Corp.'s business and the value of Uranium Participation Corp.'s securities, including the factors listed below. The following information pertains to the outlook and conditions currently known to Uranium Participation Corp. that could have a material impact on the financial condition of Uranium Participation Corp. This information, by its nature, is not all-inclusive. It is not a guarantee that other factors will not affect Uranium Participation Corp. in the future. Uranium Participation Corp. is not a mutual fund and an investment in the Common Shares is not redeemable.

Uranium Price Volatility from Demand and Supply Factors

Since almost all of Uranium Participation Corp.'s activities involve investing in uranium, the value of its securities will be highly sensitive to fluctuations in the prices of uranium. Historically, the fluctuations in these prices have been, and will continue to be, affected by numerous factors beyond Uranium Participation Corp.'s control. Such factors include, among others: demand for nuclear power; improvements in nuclear reactor efficiencies; reprocessing of used reactor fuel and the re-enrichment of depleted uranium tails; sales of excess civilian and military inventories (including from the dismantling of nuclear weapons) by governments and industry participants; and production levels and production costs in key uranium producing countries.

Since UF₆ and low enriched UF₆ are different commodities than U₃O₈, their prices are affected by their own supply/demand balance as well as the supply/demand balances of U₃O₈, for conversion services and enrichment services. As a result, the UF₆ and low enriched UF₆ prices may move differently than the spot price of U₃O₈, the spot conversion price or the enrichment price alone. The factors that affect the UF₆ and low enriched UF₆ prices may affect the net asset value of the Corporation, which in turn may affect the price of the Corporation's securities.

Set out in the table below is the spot price for U₃O₈ per pound, and the UF₆ price per KgU at December 31 for the four years ended December 31, 2006, and as at February 28, 2007⁽¹⁾.

	December 31				February 28
	2003	2004	2005	2006	2007
U ₃ O ₈	\$14.50	\$20.70	\$36.25	\$72.00	\$85.00
UF ₆	\$43.14 ⁽²⁾	\$63.09 ⁽²⁾	\$105.00	\$199.00	\$233.00

⁽¹⁾ As published by Ux Consulting Company, LLC ("UxCO") in US dollars.

⁽²⁾ UF₆ prices for 2003 and 2004 were not published by UxCO. Amounts shown for those years are the UF₆ value, which is obtained by adding (i) the spot price for U₃O₈ which is then multiplied by 2.61285; and (ii) the spot conversion price of UF₆.

No Public Market for Uranium

There is no public market for the sale of uranium. Uranium Participation Corp. may not be able to acquire uranium, or once acquired, sell uranium for a number of months. The pool of potential purchasers and sellers is limited and each transaction may require the negotiation of specific provisions. Accordingly, a purchase or sell cycle may take several months to complete. In addition, as the supply of uranium is limited, with average spot market sales over the last ten years being only approximately 20 million pounds of U₃O₈ per year, Uranium Participation Corp. may experience additional difficulties purchasing uranium in the event that it is a significant buyer. The inability to purchase and sell on a timely basis in sufficient quantities could have a material adverse effect on the securities of Uranium Participation Corp.

From time to time, the Corporation enters into commitments to purchase U₃O₈, UF₆, or low enriched UF₆. Such commitments are generally subject to conditions in favour of both the vendor and the Corporation, and there is no certainty that the purchases contemplated by such commitments will be completed.

Foreign Exchange Rates

Uranium Participation Corp. maintains its accounting records, reports its financial position and results, pays certain operating expenses and its securities trade, in Canadian currency. As the prices of uranium are quoted in U.S. currency, fluctuations in the U.S. currency exchange rate relative to the Canadian currency can significantly impact the valuation of uranium and the associated purchase price from a Canadian currency perspective. Because exchange rate fluctuations are beyond Uranium Participation Corp.'s control, there can be no assurance that such fluctuations will not have an adverse effect on Uranium Participation Corp.'s operations or on the trading value of its Common Shares, the 2006 Warrants and the 2005 Warrants.

Risks Associated with the Facilities

Under the Management Services Agreement, the Manager is required to arrange for all uranium to be stored at licensed uranium conversion and enrichment facilities (the "Facilities") and to ensure that the Facilities provide satisfactory indemnities for the benefit of Uranium Participation Corp. or ensure that Uranium Participation Corp. has the benefit of insurance arrangements obtained on standard industry terms. There is no guarantee that either the indemnities or insurance in favour of Uranium Participation Corp. will fully cover or absolve Uranium Participation Corp. in the event of loss or damage. Uranium Participation Corp. may be financially and legally responsible for losses and/or damages not covered by indemnity provisions or insurance. Such responsibility could have a material adverse effect on the financial condition of Uranium Participation Corp.

As the number of duly licensed Facilities is limited, there can be no assurance that arrangements that are commercially beneficial to Uranium Participation Corp. will be readily available. Failure to negotiate commercially reasonable storage terms with the Facilities may have a material adverse effect on the financial condition of Uranium Participation Corp.

Lack of Operational Liquidity

The expenses of Uranium Participation Corp. are funded from cash on hand that is not otherwise invested in uranium. Once such cash available has been expended, Uranium Participation Corp. may either generate cash from the lending or sale of uranium or the sale of additional equity securities, including the exercise of outstanding 2005 Warrants or the 2006 Warrants. There is no guarantee that Uranium Participation Corp. will be able to sell additional equity or equity related securities on terms acceptable to Uranium Participation Corp. in the future, that the 2005 Warrants or the 2006 Warrants will be exercised, that Uranium Participation Corp. will be able to sell uranium in a timely or profitable manner or that Uranium Participation Corp. will be able to generate revenue through lending arrangements.

Competition from Other Energy Sources and Public Acceptance of Nuclear Energy

Nuclear energy competes with other sources of energy, including oil, natural gas, coal and hydro-electricity. These other energy sources are to some extent interchangeable with nuclear energy, particularly over the longer term. Sustained lower prices of oil, natural gas, coal and hydro-electricity, as well as the possibility of developing other low cost sources for energy, may result in lower demand for uranium.

Furthermore, growth of the uranium and nuclear power industry will depend upon continued and increased acceptance of nuclear technology as a means of generating electricity. Because of unique political, technological and environmental factors that affect the nuclear industry, the industry is subject to public opinion risks which could have an adverse impact on the demand for nuclear power and increase the regulation of the nuclear power industry. An accident at a nuclear reactor anywhere in the world could impact on the continued acceptance by the public and regulatory authorities of nuclear energy and the future prospects for nuclear generators, which could have a material adverse effect on Uranium Participation Corp.

Lack of Investment Liquidity

Uranium Participation Corp. is not a mutual fund and an investment in Common Shares and warrants is not redeemable. Uranium Participation Corp.'s liquidity relies principally on sales or lending by Uranium Participation Corp. of uranium. Accordingly, Uranium Participation Corp. may not have the resources to declare any dividends or

make other cash distributions unless and until a determination is made to sell or loan a portion of its uranium holdings.

Since inception the Corporation has not declared any dividends and the Corporation has no current intention to declare any dividends.

Net Asset Value (the "NAV")

The NAV per Common Share reported by Uranium Participation Corp. is based on the spot prices of uranium published by UxCo. Accordingly, the NAV may not necessarily reflect the actual realizable value of uranium held by Uranium Participation Corp.

The NAV is calculated by deducting the Corporation's liabilities from its assets as at the relevant period end. These liabilities include liabilities for future income taxes. Unlike most investment funds, the Corporation does not qualify as a mutual fund trust, and, accordingly, follows general income tax provisions of the Tax Act.

The exercise of the 2005 Warrants and the 2006 Warrants will have a dilutive effect on the NAV of the Common Shares to the extent that the NAV exceeds the exercise price of these warrants. As at February 28, 2007, the NAV per Common Share then outstanding, assuming the full exercise of the 2005 Warrants, was \$11.43 per share compared to \$11.95 per share without giving effect to the exercise of warrants. The fully diluted NAV as at future period ends will be further affected by the exercise of the 2006 Warrants should the NAV exceed the \$12.00 exercise price of the 2006 Warrants.

Market Price of Common Shares

It appears that the market price of the Common Shares is based on the NAV of Uranium Participation Corp.'s assets. Uranium Participation Corp. cannot predict whether the Common Shares will, in the future, trade above, at or below the NAV of Uranium Participation Corp. or whether the market price for Uranium Participation Corp.'s outstanding warrants will be based solely on the market price for the Common Shares.

The market price of the Common Shares and any outstanding warrants may also be affected by the management expense ratio, which is calculated for each reporting period as the total investment operation expenses (including income tax provisions) for the period over the average net asset value of the Corporation.

Reliance on Board of Directors and Manager

Uranium Participation Corp. is a self-governing corporation that is governed by the Board appointed and elected by the holders of Common Shares. Uranium Participation Corp. will, therefore, be dependent on the services of its Board of Directors and the Manager for management services.

Resignation by Manager

The Manager may terminate the Management Services Agreement after the initial term in accordance with the terms thereof. Uranium Participation Corp. may not be able to readily secure similar services as those to be provided under the Management Services Agreement and its operations may therefore be adversely affected.

Conflict of Interest

Directors and officers of Uranium Participation Corp. may provide investment, administrative and other services to other entities and parties. The directors and officers of Uranium Participation Corp. have devoted, and have undertaken to devote, such reasonable time as is required to properly fulfill their responsibilities in respect to the business and affairs of Uranium Participation Corp. as they arise from time to time.

Uranium Lending

The Corporation may enter into uranium lending arrangements. It intends to ensure that adequate security is provided for any loaned uranium. However, there is a risk the borrower may not be able to return the uranium and may, in lieu, repay the equivalent value of borrowed uranium in cash. In such circumstances, given the limited supply of U₃O₈ and UF₆, the Corporation may not be able to replace the uranium loaned from its portfolio.

Regulatory Change

Uranium Participation Corp. may be affected by changes in regulatory requirements, customs, duties or other taxes. Such changes could, depending on their nature, benefit or adversely affect Uranium Participation Corp.
