Roger Talermo, President and CEO:

"Amer Sports third-quarter net sales and EBIT developed largely as expected. Particularly good progress was seen in apparel, Salomon footwear, and Precor's operations. Suunto and Mavic also reported continued positive development. Wilson's sales and earnings in the USA fell slightly short of target due to weaker than expected demand in team sports as well as delays in deliveries caused by the implementation of the Amer Sports global SAP system. Some of Wilson's deliveries were postponed to the fourth quarter. This will not have a significant impact on Wilson's full-year sales. We still expect Wilson's earnings to improve in the last part of the year.

Winter sports deliveries have started off well.

Our structural and management reorganization project initiated last summer is progressing. The most significant measures will be taken in the winter sports business. We will report more on these changes as soon as possible."

AMER SPORTS CORPORATION INTERIM REPORT JANUARY-SEPTEMBER 2007 (IFRS)

Net sales by business segment were as follows: Wilson 37%, Salomon 33%, Precor 18%, Atomic 7%, and Suunto 5%. Wilson's sales declined 7% and Atomic's 34%. Salomon's sales were on par with the previous year. Precor's sales increased 7% and Suunto's 12%. In local currency terms, Salomon's sales were up 2%, Precor's 14%, and Suunto's 15%. Wilson's sales declined 2% and Atomic's 33%.

The Group's EBIT was EUR 38.5 million (50.5). The decrease was caused by the decline in net sales of winter sports equipment and from the slower-than-expected development of Wilson's Team Sports business.

Earnings before taxes were EUR 22.9 million (32.2). Earnings per share stood at EUR 0.23 (0.33). Net financial expenses totaled EUR 15.6 million (18.3), reduced by interest-rate swaps executed in May, which resulted in a gain of EUR 6.4 million.

NET SALES AND EBIT IN JULY-SEPTEMBER

In July-September the Group's net sales decreased 2% to EUR 462.8 million (471.9). In local currency terms, net sales were on par with the previous year. Salomon's sales in local currencies were up 11%, Precor's 28%, and Suunto's 21%. Wilson's sales declined 4% and Atomic's 31%.

CAPITAL EXPENDITURE

The Group's capital expenditure on fixed assets totaled EUR 40.9 million (25.7). RESEARCH AND DEVELOPMENT

R&D expenditure amounted to EUR 41.9 million (41.9), which represents 3.6% of net sales.

Salomon's net sales in January-September increased 2% in local currency terms. The breakdown of net sales was as follows: Winter Sports Equipment 32%, Apparel and Footwear 46%, and Mavic 22%. EMEA accounted for 64%, the Americas for 28%, and Asia for 8% of net sales. Sales in local currencies were up 6% in EMEA and 2% in the Americas, and down 22% in Asia.

Salomon's EBIT was EUR -5.4 million (-16.7). It benefited from a clear improvement in apparel and footwear sales and lower expenditures in winter sports equipment. Mavic's sales also developed in a positive vein.

Business areas

Salomon's net sales of Winter Sports Equipment decreased 11% in local currency terms. Last year's net sales for the corresponding quarter were affected by logistics issues. The net sales forecast for 2007 remains unchanged. Sales are expected to be some 20% lower than the previous year.

Net sales of Apparel and Footwear increased 26% in local currency terms, boosted by strong sales of Salomon trail running shoes and both Salomon and Arc'teryx apparel. The spring/summer 2008 pre-orders for apparel and footwear are in the final stretch and point to continued good development in sales.

As expected, bicycle component manufacturer Mavic continued to develop positively, its net sales increased 9% in local currency terms. Sales were boosted by strong demand for Mavic's high-performance wheels.

WILSON

Wilson's net sales declined 2% in local currency terms. The breakdown of net sales was as follows: Racquet Sports 45%, Team Sports 35%, and Golf 20%. The Americas accounted for 64%, EMEA for 23%, and Asia for 13% of net sales. Sales in local currencies were up 8% in EMEA and down 3% in the Americas and 12% in Asia.

Wilson's net sales decreased in the third quarter, mainly because of delivery delays related to the implementation of the global SAP system at the Nashville logistics center. Deliveries worth approximately USD 10 million were postponed to the fourth quarter in the USA.

Wilson's EBIT declined 12% in local currency terms to EUR 40.2 million due to decreased sales and investments made in sales and marketing. Wilson's performance is expected to improve in the latter part of the year.

Business areas

Net sales from Racquet Sports increased 4% in local currencies. The [K] Factor tennis collection launched in early 2007 has been very well received on the market. Tennis racket sales were up 7% in local currency terms. The [K] Factor collection will expand next year.

Net sales of Team Sports decreased 5% in local currency terms, mainly due to the lower demand for footballs and baseball bats and gloves, and because of delays in deliveries caused by the implementation of the global SAP system. Fourth-quarter sales are expected to show solid development.

As expected, net sales of Golf decreased 10% in local currency terms. In line with the company's strategy, the golf business is now focused on irons and mid-priced golf balls. Sales have developed positively in these product groups. Measures taken to ensure positive performance in the golf business in 2008 will continue.

PRECOR

EUR million	Q3/ 2007	Q3/ 2006	Change %	1-9/ 2007	1-9/ 2006	Change %	2006

EBIT	8.1	6.0	35	24.2	22.1	10	34.8

Precor's net sales continued to develop favorably, increasing 14% in local currency terms. The Americas accounted for 77%, EMEA for 16%, and Asia for 7% of net sales. Sales in local currencies were up 21% in Asia, 14% in the Americas, and 12% in EMEA.

Precor's EBIT increased 19% in local currency terms, totaling EUR 24.2 million. Precor's full-year outlook is good, and earnings are expected to improve.

Precor's sales to health clubs continued to grow. Health club sales were boosted by new products, such as the Adaptive Motion Trainer, and a wide range of services, including the integrated Cardio Theater entertainment system. Successful market launches, particularly at hotels, supported the strong growth.

The demand for Precor's products in the North American consumer markets continues to be strong. Precor has launched more products this year than ever before. In the third quarter, the consumer product range saw a considerable expansion with the launch of, for example, four new elliptical cross-trainers for home use and two new treadmills.

ATOMIC

EUR million	Q3/ 2007	Q3/ 2006	Change %	1-9/ 2007	1-9/ 2006	Change %	2006

EBIT	11.2	23.4	-52	-13.2	1.8	-	16.6

Atomic's net sales in local currencies decreased 33%. EMEA accounted for 74%, the Americas for 21%, and Asia for 5% of net sales. Sales in local currencies were up 4% in Asia and down 27% in the Americas and 36% in EMEA.

As a result of the decrease in sales, Atomic's EBIT declined to EUR -13.2 million (1.8).

The exceptionally mild winter weather in the first quarter weakened this year's outlook for the winter sports business. Pre-orders for the 2007/08 winter season fell short of expectations in all of Atomic's key market areas. The net sales forecast for 2007 remains unchanged. Sales are expected to be more than 20% lower than the previous year.

SUUNTO

EBIT	1.4	1.0	40	4.3	5.8	-26	7.0

Suunto's net sales increased 15% in local currency terms. EMEA accounted for 56%, the Americas for 32%, and Asia for 12% of net sales. Sales in local currencies were up 17% in EMEA, 12% in the Americas, and 10% in Asia.

Sales of wristop computers increased 32% in the review period, boosted especially by solid demand for T-series products. Sales of diving instruments were down 2%. Diving instruments and wristop computers generated 71% (69%) of Suunto's net sales.

Suunto's EBIT in local currencies decreased 22% to EUR 4.3 million. The EBIT for the comparison period, 1-9/2006, included EUR 2.5 million in insurance compensation. Third-quarter EBIT was up 40% to EUR 1.4 million.

Suunto's net sales are expected to increase in 2007 following the new product launches.

FUTURE OUTLOOK AND GUIDANCE

The Amer Sports full-year outlook remains unchanged. Amer Sports EBIT for the year 2007 will not reach last year's level. The mild winter reduced pre-orders
