COBHAM COMPLETES PURCHASE OF US INTELLIGENCE AND MISSILE DEFENCE COMPANY

Further to the announcement of 16 January 2008, Cobham plc ('Cobham') completed the purchase of SPARTA Inc. ('SPARTA') on 3 June 2008. The cash consideration of up to US\$407 million is US\$9 million lower than previously announced reflecting SPARTA's updated closing balance sheet position. An immediate net cash payment of US\$363 million has been made with the balance of up to US\$44 million to be paid over the next three years to employee holders of unvested options who remain with the company.

SPARTA, a US\$300 million revenue business, brings to Cobham a unique and distinct set of System Engineering and Technical Assistance ('SETA') capabilities in Missile Defence and Intelligence. It transforms Cobham's position in the high growth US Intelligence market and presents further growth opportunities in the technical services, Intelligence, Electronic Signals Intelligence ('ELINT') and Signals Intelligence ('SIGINT') markets. It adds technology focused systems engineering and support capabilities underpinning through-life programmes, which are increasingly desired by customers across all defence markets. These skills can be used across a number of Cobham's businesses where such support

capability is becoming increasingly important.

Further, Cobham is pleased to confirm the appointment of Rear Admiral Tim Heely US Navy (Ret.) as President of SPARTA. Tim recently left the Navy after 33 years in senior leadership positions. His last appointment was overseeing 10 programme offices for the Navy including all strike weapons and unmanned aviation vehicles and systems. Prior to this, he was Commander, Naval Aviation Research and Engineering with responsibility for the operation, development, improvement and engineering support of all US Navy and Marine Corps aircraft. He holds an MS in Aeronautical Engineering and a BS in American Political Systems.

As SPARTA is primarily engaged in classified work, three senior 'Outside Directors' have been nominated to the Board of Cobham North America, the SSA ('Special Security Agreement') company that owns SPARTA. Once approved by the US Government and appointed to the Cobham North America Board, they will provide assurance on security matters and strategic guidance on defence and market trends and are: Lieutenant General G. Thomas McInerney USAF (Ret.); James L. Wolbarsht; and Vice Admiral William C. Bowes US Navy (Ret.). Brief details on each are appended to this document.

The acquisition is consistent with Cobham's stated strategy of increasing shareholder value through organic growth and selective, value enhancing acquisitions in aerospace and defence markets. The acquisition will be earnings enhancing in 2008.

Allan Cook, Cobham Chief Executive, said:

"We are absolutely delighted to announce the completion of the acquisition of SPARTA, a company working in areas of great critical importance to the US military and intelligence communities and having considerable technology and customer overlap with our existing businesses.

We are also extremely fortunate to be able to welcome Tim Heely as President, and are looking forward to welcoming Thomas McInerney, James Wolbarsht and William Bowes as

'Outside Directors', all of whom have a great wealth of experience at the highest levels of military and business, which will be absolutely invaluable to us. We greet them warmly and look forward to their contributions.'
