The Compensation Committee of the  
Technitrol, Inc. Board of Directors:

We have audited the accompanying statements of financial position of Technitrol, Inc. 2001 Employee Stock Purchase Plan (the "Plan" as of December 31, 2009 and 2008, and the related statements of changes in plan equity for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Technitrol, Inc. 2001 Employee Stock Purchase Plan as of December 31, 2009 and 2008, and the changed in plan equity for the years then ended, in conformity with U.S. generally accepted accounting principles.

## Technitrol, Inc. 2001 Employee Stock Purchase Plan

### Notes to Financial Statements

#### (1) Description of the Plan

The following description of the Technitrol, Inc. 2001 Employee Stock Purchase Plan (the "Plan") provides general information only. Participants should refer to the Plan prospectus for a complete description of the Plan.

The Plan is an employee stock purchase plan that allows substantially all full-time employees of Technitrol, Inc. and its subsidiaries (the "Company") to purchase shares of the Company's common stock at a discount. Generally, employees who elect to participate may purchase, through payroll deductions, up to 10% of their base compensation, not to exceed \$25,000 of the Company's common stock in any calendar year. The maximum amount of \$25,000 is based on the fair value of the Company's common stock on the first day of the offering period in which the shares are purchased. The purchase price is the lower of 85% of the fair market value of the common stock on the first day of the offering period or 85% of the fair market value of the common stock on the last day of the purchase period. The committee that administers the Plan may change the percentage of fair market value in determining the purchase price in any future offering period, but not below 85%. Offering periods and purchase periods are six months. At any time, a participant may withdraw from the Plan during the offering period by giving written notice to the Company. In the event a participant terminates employment with the Company for any reason (including death), his or her participation in the Plan terminates as well, and all accumulated payroll deductions credited to the participant's account under the Plan will be paid to the participant (or the participant's estate), without interest, except as required by local law.

The Plan was adopted by the Board of Directors in 2001 and approved by the stockholders of the Company in May 2001. As of December 31, 2009 and 2008, 1,000,000 shares of common stock are authorized for issuance under the Plan and that amount can increase annually as specified in the Plan document. However, no additional shares have been authorized for issuance under the Plan. As of December 31, 2009 and 2008, there were 812,099 shares available for issuance under the Plan.

The Plan was suspended by the Board of Directors in 2004 following an evaluation of its affiliated expense and perceived value by employees. Of the 812,099 shares available for issuance under the Plan as of December 31, 2009, all shares remain available for future issuance should the Plan be reinstated by the Board of Directors. Following the purchase period which ended July 31, 2004, there were no additional shares purchased from the Plan and the Plan did not receive any contributions from participants. There were no participants in the plan as of December 31, 2009 and 2008.

The Plan uses the accrual basis of accounting. Purchases of shares of the Company's common stock are recorded on a trade date basis.

(2) Purchase and Distribution of Shares

Purchases are made by the participant under the terms of the Plan, and the shares purchased are distributed to the individual participant. The purchase price is the lower of 85% of the fair market value of the common stock on the first day of the offering period or 85% of the fair market value of the common stock on the last day of the purchase period.

(3) Participants' Contributions

There were no participant contributions during 2009 or 2008.

Participant contributions due from the Company represent payroll deductions retained by the Company to purchase shares for participants under the Plan. There were no participant contributions due from the Company as of December 31, 2009 and 2008.

(4) Administrative Expenses of the Plan

All administrative expenses of the Plan are paid by the Company. Brokerage fees for the subsequent sale of shares by participants are paid by the participants.

(5) Federal Income Tax

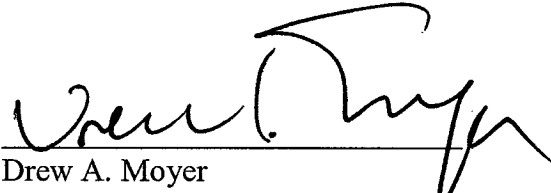

The Plan is intended to qualify under the provisions of Section 423 of the Internal Revenue Code of 1986, as amended. Under existing federal income tax laws, the Plan is not subject to federal income tax. When shares of stock are sold by a participant, any gain or loss must be recognized by that participant.
