## Item 1. Business

Cintas Corporation (Cintas), a Washington corporation, provides highly specialized products and services to businesses of all types primarily throughout North America and Latin America, Europe and Asia. Cintas' products and services are designed to enhance its customers' images and brand identification as well as provide a safe and efficient work place. Cintas was founded in 1968 by Richard T. Farmer, currently the Chairman Emeritus of the Board, when he left his family's industrial laundry business in order to develop uniform programs using an exclusive new fabric. In the early 1970's, Cintas acquired the family industrial laundry business. Over the years, Cintas developed additional products and services that complemented its core uniform business and broadened the scope of products and services available to its customers.

Cintas classifies its businesses into four operating segments. The Rental Uniforms and Ancillary Products operating segment consists of the rental and servicing of uniforms and other garments including flame resistant clothing, mats, mops and shop towels and other ancillary items. In addition to these rental items, restroom cleaning services and supplies and carpet and tile cleaning services are also provided within this operating segment. The Uniform Direct Sales operating segment consists of the direct sale of uniforms and related items and branded promotional products. The First Aid, Safety and Fire Protection Services operating segment consists of first aid, safety and fire protection products and services. The Document Management Services operating segment consists of document destruction, document imaging and document retention services.

We provide our products and services to approximately 800,000 businesses of all types — from small service and manufacturing companies to major corporations that employ thousands of people. This diversity in customer base results in no individual customer accounting for greater than one percent of Cintas' total revenue. As a result, the loss of one account would not have a significant financial impact on Cintas.

The following table sets forth Cintas' total revenue and the revenue derived from each operating segment:

Fiscal Year Ended May 31, (in thousands)	2010	2009	2008
Rental Uniforms and Ancillary Products	\$ 2,569,357	\$ 2,755,015	\$ 2,834,568
Uniform Direct Sales	386,370	428,369	517,490
First Aid, Safety and Fire Protection Services	338,651	378,097	403,552
Document Management Services	252,961	213,204	182,290
	<b>\$ 3,547,339</b>	<b>\$ 3,774,685</b>	<b>\$ 3,937,900</b>

Additional information is also included in Note 14 entitled Operating Segment Information in "Notes to Consolidated Financial Statements."

The primary markets served by all Cintas operating segments are local in nature and highly fragmented. Cintas competes with national, regional and local providers, and the level of competition varies at each of Cintas' local operations. Product, design, price, quality, service and convenience to the customer are the competitive elements in each of our operating segments.

Within the Rental Uniforms and Ancillary Products operating segment, Cintas provides its products and services to customers via local delivery routes originating from rental processing plants and branches. Within the Uniform Direct Sales and First Aid, Safety and Fire Protection Services operating segments, Cintas provides its products and services via its distribution network and local delivery routes or local representatives. Within the Document Management Services operating segment, Cintas provides its services via local service routes originating from document management branches and document retention facilities. In total, Cintas has approximately 7,700 local delivery routes, 418 operations and 8 distribution centers. At May 31, 2010, Cintas employed approximately 30,000 employees of which approximately 225 were represented by labor unions.

Cintas sources finished products from many outside suppliers. In addition, Cintas operates 6 manufacturing facilities which provide for standard uniform needs. Cintas purchases fabric, used in its manufacturing process, from several suppliers. Cintas is not aware of any circumstances that would hinder its ability to continue obtaining these materials.

Cintas is subject to various environmental laws and regulations, as are other companies in the uniform rental industry. While environmental compliance is not a material component of our costs, Cintas must incur capital expenditures and associated operating costs, primarily for water treatment and waste removal, on a regular basis. Environmental spending related to water treatment and waste removal was approximately \$18 million in fiscal 2010 and approximately \$19 million in fiscal 2009. Capital expenditures to limit or monitor hazardous substances were less than \$1 million in fiscal 2010 and approximately \$2 million in fiscal 2009. Cintas does not expect a material change in the cost of environmental compliance and is not aware of any material non-compliance with environmental laws.

Cintas' corporate website is located at [www.cintas.com](http://www.cintas.com). Cintas files with or furnishes to the SEC Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and any amendments to those reports, as well as proxy statements and annual reports to shareholders, and, from time to time, other documents. The reports and other documents filed with or furnished to the SEC are available to investors on or through our corporate website free of charge as soon as reasonably practicable after we electronically file them with or furnish them to the SEC. In addition, the public may read and copy any of the materials we file with the SEC at the SEC's Public Reference Room at 100 F Street, NE, Washington D.C. 20549. The public may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330. The SEC maintains an internet site located at <http://www.sec.gov> that contains reports, proxy and information statements and other information regarding issuers, such as Cintas, that file electronically with the SEC. Cintas' SEC filings and its Code of Business Conduct can be found on the Investor Information page of our website at [www.cintas.com/company/investor\\_information/highlights.aspx](http://www.cintas.com/company/investor_information/highlights.aspx). These documents are available in print to any shareholder who requests a copy by writing or calling Cintas as set forth on the Investor Information page.

## **Item 1A. Risk Factors**

The statements in this section describe the most significant risks that could materially and adversely affect our business, financial condition and results of operation and the trading price of our debt or equity securities.

In addition, this section sets forth statements which constitute our cautionary statements under the Private Securities Litigation Reform Act of 1995.

*This Annual Report on Form 10-K contains forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides a safe harbor from civil litigation for forward-looking statements. Forward-looking statements may be identified by words such as "estimates," "anticipates," "predicts," "projects," "plans," "expects," "intends," "target," "forecast," "believes," "seeks," "could," "should," "may" and "will" or the negative versions thereof and*

similar expressions and by the context in which they are used. Such statements are based upon current expectations of Cintas and speak only as of the date made. We cannot guarantee that any forward-looking statement will be realized. These statements are subject to various risks, uncertainties and other factors that could cause actual results to differ from those set forth in or implied by this Annual Report. Factors that might cause such a difference include, but are not limited to, the possibility of greater than anticipated operating costs including energy costs, lower sales volumes, loss of customers due to outsourcing trends, the effects of credit market volatility and changes in our credit ratings, fluctuations in foreign currency exchange, the performance and costs of integration of acquisitions, fluctuations in costs of materials and labor including increased medical costs, costs and possible effects of union organizing activities, failure to comply with government regulations concerning employment discrimination, employee pay and benefits and employee health and safety, uncertainties regarding any existing or newly-discovered expenses and liabilities related to environmental compliance and remediation, asset impairment charges, the cost, results and ongoing assessment of internal controls for financial reporting required by the Sarbanes-Oxley Act of 2002, disruptions caused by the unaccessibility of computer systems data, the initiation or outcome of litigation, higher assumed sourcing or distribution costs of products, the disruption of operations from catastrophic events, changes in federal and state tax and labor laws, the reactions of competitors in terms of price and service and other factors set forth in this Item 1A. "Risk Factors" section. Cintas undertakes no obligation to update any forward-looking statements whether as a result of new information or to reflect events or circumstances arising after the date on which they are made.

*Negative global economic factors may adversely affect our financial performance.*

Negative economic conditions, in North America and our other markets, may adversely affect our financial performance. Higher levels of unemployment, inflation, tax rates and other changes in tax laws and other economic factors could adversely affect the demand for Cintas' products and services. Increases in labor costs, including healthcare and insurance costs, labor shortages or shortages of skilled labor, higher material costs for items such as fabrics and textiles, lower recycled paper prices, higher interest rates, inflation, higher tax rates and other changes in tax laws and other economic factors could increase our costs of rental uniforms and ancillary products and other services and selling and administrative expenses. As a result, these factors could adversely affect our sales and results of operation.

*Increased competition could adversely affect our financial performance.*

We operate in highly competitive industries and compete with national, regional and local providers. Product, design, price, quality, service and convenience to the customer are the competitive elements in these industries. If existing or future competitors seek to gain or retain market share by reducing prices, Cintas may be required to lower prices, which would hurt our results of operation. Cintas' competitors also generally compete with Cintas for acquisition candidates, which can increase the price for acquisitions and reduce the number of available acquisition candidates. In addition, our customers and prospects may decide to perform certain services in-house instead of outsourcing these services to Cintas. These competitive pressures could adversely affect our sales and results of operation.

*An inability to open new, cost effective operating facilities may adversely affect our expansion efforts.*

We plan to expand our presence in existing markets and enter new markets. The opening of new operating facilities is necessary to gain the capacity required for this expansion. Our ability to open new operating facilities depends on our ability to identify attractive locations, negotiate leases or real estate purchase agreements on acceptable terms, identify and obtain adequate utility and water sources and comply with environmental regulations, zoning laws and other similar factors. Any inability to effectively identify and manage these items may adversely affect our expansion efforts, and, consequently, adversely affect our financial performance.

*Risks associated with our acquisition practice could adversely affect our results of operation.*

Historically, a portion of our growth has come from acquisitions. We continue to evaluate opportunities for

acquiring businesses that may supplement our internal growth. However, there can be no assurance that we will be able to locate and purchase suitable acquisitions. In addition, the success of any acquisition depends in part on our ability to integrate the acquired company. The process of integrating acquired businesses may involve unforeseen difficulties and may require a disproportionate amount of our management's attention and our financial and other resources. Although we conduct due diligence investigations prior to each acquisition, there can be no assurance that we will discover or adequately protect against all material liabilities of an acquired business for which we may be responsible as a successor owner or operator. The failure to successfully integrate these acquired businesses or to discover such liabilities could adversely affect our results of operation.

*Increases in fuel and energy costs could adversely affect our results of operation and financial condition.*

The price of fuel and energy needed to run our vehicles and equipment is unpredictable and fluctuates based on events outside our control, including geopolitical developments, supply and demand for oil and gas, actions by OPEC and other oil and gas producers, war and unrest in oil producing countries, regional production patterns, limits on refining capacities, natural disasters and environmental concerns. Future increases in fuel and energy costs could adversely affect our results of operation and financial condition.

*Unionization campaigns could adversely affect our results of operation.*

Cintas continues to be the target of a corporate unionization campaign by several unions. These unions are attempting to pressure Cintas into surrendering our employees' rights to a government-supervised election by unilaterally accepting union representation. We continue to vigorously oppose this campaign and defend our employees' rights to a government-supervised election. This campaign could be materially disruptive to our business and could materially adversely affect our results of operation.

*Risks associated with the suppliers from whom our products are sourced could adversely affect our results of operation.*

The products we sell are sourced from a wide variety of domestic and international suppliers. Global sourcing of many of the products we sell is an important factor in our financial performance. We require all of our suppliers to comply with applicable laws, including labor and environmental laws, and otherwise be certified as meeting our required supplier standards of conduct. Our ability to find qualified suppliers who meet our standards, and to access products in a timely and efficient manner is a significant challenge, especially with respect to suppliers located and goods sourced outside the U.S. Political and economic stability in the countries in which foreign suppliers are located, the financial stability of suppliers, suppliers' failure to meet our supplier standards, labor problems experienced by our suppliers, the availability of raw materials to suppliers, currency exchange rates, transport availability and cost, inflation and other factors relating to the suppliers and the countries in which they are located are beyond our control. In addition, U.S. and foreign trade policies, tariffs and other impositions on imported goods, trade sanctions imposed on certain countries, the limitation on the importation of certain types of goods or of goods containing certain materials from other countries and other factors relating to foreign trade are beyond our control. These and other factors affecting our suppliers and our access to products could adversely affect our results of operation.

*Fluctuations in foreign currency exchange could adversely affect our financial condition and results of operation.*

We earn revenue, pay expenses, own assets and incur liabilities in countries using currencies other than the U.S. dollar, including the Canadian dollar and the euro. In fiscal years 2010, 2009 and 2008, revenue denominated in currencies other than the U.S. dollar represented less than 10% of our consolidated revenue. Because our consolidated financial statements are presented in U.S. dollars, we must translate revenue, income and expenses, as well as assets and liabilities, into U.S. dollars at exchange rates in effect during or at the end of each reporting period. Therefore, fluctuations in the value of the U.S. dollar against other major currencies, particularly in the event of significant increases in foreign currency revenue, will impact our revenue and operating income and the value of

balance sheet items denominated in foreign currencies. This impact could adversely affect our financial condition and results of operation.

*Failure to comply with the regulations of the U.S. Occupational Safety and Health Administration and other state and local agencies that oversee safety compliance could adversely affect our results of operation.*

The Occupational Safety and Health Act of 1970, as amended, or "OSHA", establishes certain employer responsibilities, including maintenance of a workplace free of recognized hazards likely to cause death or serious injury, compliance with standards promulgated by OSHA and various record keeping, disclosure and procedural requirements. Various OSHA standards may apply to our operations. We have incurred, and will continue to incur, capital and operating expenditures and other costs in the ordinary course of our business in complying with OSHA and other state and local laws and regulations. Any failure to comply with these regulations could result in fines by government authorities and payment of damages to private litigants and affect our ability to service our customers and adversely affect our results of operation.

*We are subject to legal proceedings that may adversely affect our financial condition and results of operation.*

We are party to various litigation claims and legal proceedings. We discuss these lawsuits and other litigation to which we are party in greater detail under the caption "Item 3. Legal Proceedings" and in Note 13 entitled Litigation and Other Contingencies of "Notes to Consolidated Financial Statements." Certain of these lawsuits or potential future lawsuits, if decided adversely to us or settled by us, may result in liability and expense material to our financial condition and results of operation.

*Compliance with environmental laws and regulations could result in significant costs that adversely affect our results of operation.*

Our operating locations are subject to environmental laws and regulations relating to the protection of the environment and health and safety matters, including those governing discharges of pollutants to the air and water, the management and disposal of hazardous substances and wastes and the clean-up of contaminated sites. The operation of our businesses entails risks under environmental laws and regulations. We could incur significant costs, including clean-up costs, fines and sanctions and claims by third parties for property damage and personal injury, as a result of violations of or liabilities under these laws and regulations. We are currently involved in a limited number of remedial investigations and actions at various locations. While based on information currently known to us, we believe that we maintain adequate reserves with respect to these matters, our liability could exceed forecasted amounts, and the imposition of additional clean-up obligations or the discovery of additional contamination at these or other sites could result in significant additional costs which could adversely affect our results of operation. In addition, potentially significant expenditures could be required to comply with environmental laws and regulations, including requirements that may be adopted or imposed in the future.

Under environmental laws, an owner or operator of real estate may be required to pay the costs of removing or remediating hazardous materials located on or emanating from property, whether or not the owner or operator knew of or was responsible for the presence of such hazardous materials. While Cintas regularly engages in environmental due diligence in connection with acquisitions, we can give no assurance that locations that have been acquired or leased have been operated in compliance with environmental laws and regulations during prior periods or that future uses or conditions will not make us liable under these laws or expose us to third-party actions including tort suits.

*We rely extensively on computer systems to process transactions, maintain information and manage our businesses. Disruptions in the availability of our computer systems could impact our ability to service our customers and adversely affect our sales and results of operation.*

Our businesses rely on our computer systems to provide customer information, process customer transactions and provide other general information necessary to manage our businesses. We have an active disaster recovery plan in

place that is frequently reviewed and tested. However, our computer systems are subject to damage or interruption due to system conversions, power outages, computer or telecommunication failures, computer viruses, security breaches, catastrophic events such as fires, tornadoes and hurricanes and usage errors by our employees. If our computer systems are damaged or cease to function properly, we may have to make a significant investment to fix or replace them, and we may have interruptions in our ability to service our customers. This disruption caused by the unavailability of our computer systems could adversely affect our sales and results of operation.

*Failure to achieve and maintain effective internal controls could adversely affect our business and stock price.*  
Effective internal controls are necessary for us to provide reliable financial reports. All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to the consolidated financial statement preparation and presentation. While we continue to evaluate our internal controls, we cannot be certain that these measures will ensure that we implement and maintain adequate controls over our financial processes and reporting in the future. If we fail to maintain the adequacy of our internal controls or if we or our independent registered public accounting firm were to discover material weaknesses in our internal controls, as such standards are modified, supplemented or amended, we may not be able to ensure that we can conclude on an ongoing basis that we have effective internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002. Failure to achieve and maintain an effective internal control environment could cause us to be unable to produce reliable financial reports or prevent fraud. This may cause investors to lose confidence in our reported financial information, which could have a material adverse effect on our stock price.

*We may experience difficulties in attracting and retaining competent personnel in key positions.*  
We believe that a key component of our success is our corporate culture which has been imparted by management throughout our corporate organization. This factor, along with our entire operation, depends on our ability to attract and retain key employees. Competitive pressures within and outside our industry may make it more difficult and expensive for us to attract and retain key employees which could adversely affect our businesses.

*Unexpected events could disrupt our operations and adversely affect our results of operation.*  
Unexpected events, including fires or explosions at facilities, natural disasters such as hurricanes and tornados, war or terrorist activities, unplanned outages, supply disruptions, failure of equipment or systems or changes in laws and/or regulations impacting our businesses, could adversely affect our results of operation. These events could result in customer disruption, physical damage to one or more key operating facilities, the temporary closure of one or more key operating facilities or the temporary disruption of information systems.

*We may recognize impairment charges which could adversely affect our results of operation and financial condition.*  
We assess our goodwill and other intangible assets and our long-lived assets for impairment when required by U.S. generally accepted accounting principles. These accounting principles require that we record an impairment charge if circumstances indicate that the asset carrying values exceed their fair values. The fair value of these assets is impacted by general economic conditions in the locations in which we operate. Deterioration in these general economic conditions may result in: declining revenue which can lead to excess capacity and declining operating cash flow; reductions in management's estimates for future revenue and operating cash flow growth; increases in borrowing rates and other deterioration in factors that impact our weighted average cost of capital; and deteriorating real estate values. If our assessment of goodwill, other intangible assets or long-lived assets indicates an impairment of the carrying value for which we recognize an impairment charge, this may adversely affect our results of operation and financial condition.

*Within our Document Management business, we handle customers' confidential information. Our failure to protect our customers' confidential information against security breaches could damage our reputation, harm our business and adversely impact our results of operation.*

Our Document Management Services business includes both document destruction and document retention services. These services involve the handling of our customers' confidential information and the subsequent destruction or retention of this information. Any compromise of security, accidental loss or theft of customer data in our possession could damage our reputation and expose us to risk of liability, which could harm our business and adversely impact our results of operation.

*The effects of credit market volatility and changes in our credit ratings could adversely affect our liquidity and results of operation.*

Our operating cash flows, combined with access to the credit markets, provide us with significant discretionary funding capacity. However, deterioration in the global credit markets may limit our ability to access credit markets, which could adversely affect our liquidity and/or increase our cost of borrowing. In addition, credit market deterioration and its actual or perceived effects on our results of operation and financial condition, along with deterioration in general economic conditions, may increase the likelihood that the major independent credit agencies will downgrade our credit ratings, which could increase our cost of borrowing. Increases in our cost of borrowing could adversely affect our results of operation.

Not applicable.

## Item 2. Properties

Cintas occupies 426 facilities located in 281 cities. Cintas leases 224 of these facilities for various terms ranging from monthly to the year 2019. Cintas expects that it will be able to renew or replace its leases on satisfactory terms. Of the 6 manufacturing facilities listed below, Cintas controls the operations of 2 of these manufacturing facilities, but does not own or lease the real estate related to these operations. All other facilities are owned. The principal executive office in Cincinnati, Ohio, provides centrally located administrative functions including accounting, finance, marketing and computer system development and support. Cintas operates rental processing plants that house administrative, sales and service personnel and the necessary equipment involved in the cleaning of uniforms and bulk items, such as entrance mats and shop towels. Branch operations provide administrative, sales and service functions. Cintas operates 8 distribution centers and 6 manufacturing facilities. Cintas also operates first aid, safety and fire protection and document management facilities and direct sales offices. Cintas considers the facilities it operates to be adequate for their intended use. Cintas owns or leases approximately 14,500 vehicles which are used for the route-based services and by the sales and management employee-partners.

The following chart provides additional information concerning Cintas' facilities:

Type of Facility	# of Facilities
Rental Processing Plants	171
Rental Branches	105
First Aid, Safety and Fire Protection Facilities	59
Document Management Facilities	62
Distribution Centers	8*
Manufacturing Facilities	6
Direct Sales Offices	15
Total	426

Rental processing plants, rental branches, distribution centers and manufacturing facilities are used in Cintas' Rental Uniforms and Ancillary Products operating segment. Rental processing plants, rental branches, distribution centers, manufacturing facilities and direct sales offices are all used in the Uniform Direct Sales operating segment. First aid, safety and fire protection facilities, rental processing facilities and distribution centers are used in the First Aid, Safety and Fire Protection Services operating segment. Document management facilities and rental processing facilities are used in the Document Management Services operating segment.

\* Includes the principal executive office, which is attached to the distribution center in Cincinnati, Ohio.

## Item 3. Legal Proceedings

We discuss material legal proceedings (other than ordinary routine litigation incidental to our business) pending against us in "Item 8. Financial Statements and Supplementary Data," in Note 13 entitled Litigation and Other Contingencies of "Notes to Consolidated Financial Statements." We refer you to and incorporate by reference into this Item 3 that discussion for important information concerning those legal proceedings, including the basis for such actions and, where known, the relief sought.

### Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities

#### Market Information

Cintas' common stock is traded on the NASDAQ Global Select Market under the symbol "CTAS." The following table shows the high and low closing prices of shares of Cintas' common stock by quarter during the last two fiscal years:

Fiscal 2010		
Quarter Ended	High	Low
May 2010	\$ 28.73	\$ 24.86
February 2010	29.68	23.75
November 2009	30.69	26.81
August 2009	28.00	21.61
Fiscal 2009		
Quarter Ended	High	Low
May 2009	\$ 26.83	\$ 18.15
February 2009	25.70	20.06
November 2008	33.05	19.80
August 2008	31.38	25.44

#### Holdings

At May 31, 2010, there were approximately 4,000 shareholders on record of Cintas' common stock. Cintas believes that this represents approximately 72,000 beneficial owners.

#### Dividends

Dividends on the outstanding common stock have been paid annually and amounted to \$0.48 per share, \$0.47 per share and \$0.46 per share in fiscal 2010, fiscal 2009 and fiscal 2008, respectively.

#### Stock Performance Graph

The following graph summarizes the cumulative return on \$100 invested in Cintas' common stock, the S&P 500 Stock Index and the common stocks of a selected peer group of companies. Because our products and services are diverse, Cintas does not believe that any single published industry index is appropriate for comparing shareholder return. Therefore, the peer group used in the performance graph combines four publicly traded companies in the business services industry that have similar characteristics as Cintas, such as route-based delivery of products and services. The companies included in the peer group are G & K Services, Inc., UniFirst Corporation, ABM Industries and Ecolab, Inc.

Total shareholder return was based on the increase in the price of the stock and assumed reinvestment of all dividends. Further, total return was weighted according to market capitalization of each company. The companies in the peer group are not the same as those considered by the Compensation Committee of the Board of Directors.

## Total Shareholder Returns Comparison of Five-Year Cumulative Total Return

## Purchases of Equity Securities by the Issuer and Affiliated Purchases

On May 2, 2005, Cintas announced that the Board of Directors authorized a \$500 million share buyback program at market prices. In July 2006, Cintas announced that the Board of Directors approved the expansion of its share buyback program by an additional \$500 million. The Board of Directors did not specify an expiration date for the share buyback program.

Cintas did not purchase any shares of Cintas common stock in fiscal 2010 under the share buyback program. From the inception of the share buyback program through July 30, 2010, Cintas has purchased a total of 20.3 million shares of Cintas' common stock at an average price of \$39.31 per share for a total purchase price of approximately \$798 million. The maximum approximate dollar value of shares that may yet be purchased under the share buyback program as of July 30, 2010, is approximately \$202 million.

During fiscal 2010, Cintas purchased approximately 43,000 shares of Cintas' common stock in trade for employee payroll taxes due on restricted stock options that vested during the fiscal year. These shares were purchased at an average price of \$22.71 per share for a total purchase price of approximately \$1 million.

<sup>(1)</sup> Return on average equity is computed as net income divided by the average of shareholders' equity. We believe that this calculation gives management and shareholders a good indication of Cintas' historical performance.

## **Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operation**

---

### **Business Strategy**

Cintas provides highly specialized products and services to businesses of all types primarily throughout North America and Latin America, Europe and Asia. We bring value to our customers by helping them provide a cleaner, safer and more pleasant atmosphere for their customers and employees. Our products and services are designed to improve our customers' images. We also help our customers protect their employees and their company by enhancing workplace safety and helping to ensure legal compliance in key areas of their business.

We are North America's leading provider of corporate identity uniforms through rental and sales programs, as well as a significant provider of related business services, including entrance mats, restroom cleaning services and supplies, carpet and tile cleaning services, first aid, safety and fire protection products and services, document management services and branded promotional products.

Cintas' principal objective is "to exceed customers' expectations in order to maximize the long-term value of Cintas for shareholders and working partners," and it provides the framework and focus for our business strategy. This strategy is to achieve revenue growth for all of our products and services by increasing our penetration at existing customers and by broadening our customer base to include business segments to which Cintas has not historically served. We will also continue to identify additional product and service opportunities for our current and future customers.

To pursue the strategy of increasing penetration, we have a highly talented and diverse team of service professionals visiting our customers on a regular basis. This frequent contact with our customers enables us to develop close personal relationships. The combination of our distribution system and these strong customer relationships provides a platform from which we launch additional products and services.

We pursue the strategy of broadening our customer base in several ways. Cintas has a national sales organization introducing all of our products and services to prospects in all business segments. Our broad range of products and services allows our sales organization to consider any type of business a prospect. We also broaden our customer base through geographic expansion, especially in our emerging businesses of first aid and safety, fire protection and document management. Finally, we evaluate strategic acquisitions as opportunities arise.

### **Results of Operation**

The economic downturn that occurred in fiscal 2009 continued throughout most of our fiscal 2010. The U.S. economy, which lost millions of jobs in our fiscal 2009, continued to lose jobs through the first three quarters of our fiscal 2010. These job losses directly affected our business as many of our products and services are dependent on customer employee levels. We were encouraged, though, that the rate of U.S. job loss lessened as we progressed through the first three quarters of fiscal 2010, and U.S. employment levels slightly increased in our fourth fiscal 2010 quarter. As this stabilization occurred in the general U.S. economic environment, our internal growth rate improved.

Internal growth by quarter is shown in the table below. Internal growth percentages have been adjusted for the appropriate number of workdays, by quarter and for the year, where applicable.

	Internal Growth
First Quarter Ending August 31, 2009	- 12.6%
Second Quarter Ending November 30, 2009	- 10.2%
Third Quarter Ending February 28, 2010	- 3.6%
Fourth Quarter Ending May 31, 2010	1.9%
For the Year Ending May 31, 2010	- 6.4%

Despite the lower revenue level for the year, we were able to generate improved cash flow, with net cash provided by operating activities of \$561.6 million representing a 7.3% increase compared to fiscal 2009. We also increased the dividend paid to shareholders to \$0.48 per share, marking the 27<sup>th</sup> consecutive increase in the dividend paid.

Cintas classifies its businesses into four operating segments. The Rental Uniforms and Ancillary Products operating segment consists of the rental and servicing of uniforms and other garments including flame resistant clothing, mats, mops and shop towels and other ancillary items. In addition to these rental items, restroom cleaning services and supplies and carpet and tile cleaning services are also provided within this operating segment. The Uniform Direct Sales operating segment consists of the direct sale of uniforms and related items and branded promotional products. The First Aid, Safety and Fire Protection Services operating segment consists of first aid, safety and fire protection products and services. The Document Management Services operating segment consists of document destruction, document imaging and document retention services.

The following table sets forth certain consolidated statements of income data as a percent to revenue by operating segment and in total for the fiscal years ended May 31:

	2010	2009	2008

### Fiscal 2010 Compared to Fiscal 2009

Fiscal 2010 total revenue was \$3.5 billion, a decrease of 6.0% compared to fiscal 2009. Total revenue decreased organically by 6.4%. Fiscal 2010 had one more workday than fiscal 2009, and this additional workday in fiscal 2010 accounted for the difference between the total decrease of 6.0% and the organic decrease of 6.4%. As a result of the economic downturn discussed above, we experienced decreases in uniform revenue, both rented and purchased, and revenue for our hygiene products and first aid and safety products. In addition, the continued difficult economic environment in fiscal 2010 caused many of our customers to reduce facility spending on items such as entrance mats and shop towels and delay spending on facility upgrades, resulting in a reduction in our facility services and fire protection revenue.

Rental Uniforms and Ancillary Products operating segment revenue consists predominantly of revenue derived from the rental of corporate identity uniforms and other garments including flame resistant clothing, and the rental and/or sale of mats, mops, shop towels, restroom supplies and other rental services. Revenue from the Rental Uniforms and Ancillary Products operating segment decreased 6.7% compared to fiscal 2009. Rental Uniforms and

Ancillary Products operating segment revenue decreased organically by 6.9% in fiscal 2010. The decrease in the Rental Uniforms and Ancillary Products operating segment revenue was primarily due to decreased uniform wearers caused in large part by the difficult U.S. economic environment in fiscal 2010. Fiscal 2010 had one more workday than fiscal 2009, which resulted in an increase in revenue of 0.4%.

Other Services revenue, consisting of revenue from the reportable operating segments of Uniform Direct Sales, First Aid, Safety and Fire Protection Services and Document Management Services, decreased 4.1% compared to fiscal 2009. Other Services revenue decreased organically by 5.2%. Decreases in Uniform Direct Sales operating segment revenue and First Aid, Safety and Fire Protection Services operating segment revenue were offset by increased revenue in our Document Management Services operating segment. Acquisitions in our First Aid, Safety and Fire Protection Services operating segment and our Document Management Services operating segment accounted for growth of 0.7% during fiscal 2010. Fiscal 2010 had one more workday than fiscal 2009, which resulted in an increase in revenue of 0.4%.

Cost of rental uniforms and ancillary products decreased 7.2% compared to fiscal 2009. Cost of rental uniforms and ancillary products consists primarily of production expenses, delivery expenses and the amortization of in service inventory, including uniforms, mats, mops, shop towels and other ancillary items. The cost decrease compared to fiscal 2009 was primarily driven by the volume decrease in the Rental Uniforms and Ancillary Products operating segment revenue. We also incurred a loss on inventory valuation of \$8.4 million in fiscal 2009 that did not reoccur in fiscal 2010 related to excess inventory levels.

Cost of other services decreased 9.3% compared to fiscal 2009. Cost of other services consists primarily of cost of goods sold (predominantly uniforms and first aid products), delivery expenses and distribution expenses in the Uniform Direct Sales operating segment, the First Aid, Safety and Fire Protection Services operating segment and the Document Management Services operating segment. The decrease from fiscal 2009 was due to the volume decrease in Other Services revenue. We also incurred a loss on inventory valuation of \$19.1 million in fiscal 2009 that did not reoccur in fiscal 2010 related to excess inventory levels.

Selling and administrative expenses increased \$3.7 million, or 0.3%, compared to fiscal 2009. This increase is primarily due to a \$9.6 million increase in medical expenses, an increase of \$6.2 million in professional services and depreciation mainly related to the implementation of a new enterprise-wide computer system, and a \$3.4 million increase in stock compensation expense, offset by a \$15.6 million reduction in bad debt expense.

Legal settlements, net of insurance proceeds, of \$23.5 million primarily related to a settlement in principle occurring in the first quarter of fiscal 2010 between Cintas and the plaintiffs involved in the litigation, *Paul Veliz, et al. v. Cintas Corporation*. The principle terms of the settlement provide for an aggregate cash payment of approximately \$24 million. The pre-tax impact, net of insurance proceeds, was approximately \$19.5 million. This settlement is more fully described in Note 13 entitled Litigation and Other Contingencies in "Notes to Consolidated Financial Statements."

Operating income of \$390.8 million in fiscal 2010 decreased \$18.3 million, or 4.5%, compared to fiscal 2009. This decrease was primarily due to lower volumes resulting from the difficult U.S. economic environment in fiscal 2010.

Net interest expense (interest expense less interest income) decreased \$0.6 million from the prior fiscal year. This decrease was due to a \$1.1 million reduction in interest income caused by lower interest rates on Canadian treasury securities during fiscal 2010 compared to fiscal 2009, offset by a decrease of \$1.6 million in interest expense caused by lower levels of borrowings in fiscal 2010 compared to fiscal 2009.

Income before income taxes was \$343.9 million, a 4.9% decrease compared to fiscal 2009. This change reflects the decrease in operating income described above.

Cintas' effective tax rate was 37.3% for fiscal 2010 as compared to 37.4% and 36.8% for fiscal 2009 and 2008, respectively (also see Note 8 entitled Income Taxes of "Notes to Consolidated Financial Statements" for more information on income taxes).

Net income for fiscal 2010 of \$215.6 million was a 4.7% decrease compared to fiscal 2009, and diluted earnings per share of \$1.40 was a 5.4% decrease compared to fiscal 2009. These changes reflect the decrease in operating income described above.

#### **Rental Uniforms and Ancillary Products Operating Segment**

As discussed above, Rental Uniforms and Ancillary Products operating segment revenue decreased \$185.7 million, or 6.7%, and the cost of rental uniforms and ancillary products decreased \$112.7 million, or 7.2%. The operating segment's fiscal 2010 gross margin was 43.6% of revenue compared to 43.3% in fiscal 2009. Excluding a fiscal 2009 loss on inventory valuation of \$8.4 million, fiscal 2009 gross margin was 43.6%. Despite the lower volume, we were able to maintain the same gross margin (excluding the loss on inventory) as a percent to revenue due to lower material cost and due to cost reduction initiatives such as reducing both facility and route capacity resulting in lower depreciation, production labor and other facility related expenses.

Selling and administrative expenses for the Rental Uniforms and Ancillary Products operating segment as a percent to revenue, at 30.6%, increased 270 basis points from 27.9% in fiscal 2009. This increase was due to increased medical expense and an increase in selling labor due to the addition of sales representatives.

The restructuring amount of (\$2.9) million in fiscal 2010 represents a change in estimate related to restructuring charges taken in fiscal 2009. The change in estimate represents the difference between severance and other exit costs estimated based on information available in fiscal 2009 and severance and other exit costs actually paid in fiscal 2010. See Note 2 entitled Restructuring and Related Activity of "Notes to Consolidated Financial Statements" for more information.

Income before income taxes decreased \$34.0 million to \$336.5 million for the Rental Uniforms and Ancillary Products operating segment for fiscal 2010 compared to fiscal 2009. This decrease is primarily due to the decrease in revenue described above combined with the increase in selling and administrative expenses.

#### **Uniform Direct Sales Operating Segment**

Uniform Direct Sales operating segment revenue decreased \$42.0 million, or 9.8%, compared to fiscal 2009. Cost of uniform direct sales decreased \$52.3 million, or 16.2%, compared to fiscal 2009. The gross margin as a percent to revenue of 30.1% for fiscal 2010 increased from 24.8% in fiscal 2009. Excluding a fiscal 2009 loss on inventory valuation of \$16.1 million, gross margin as a percent to revenue was 28.5% in fiscal 2009. Despite the lower volume in fiscal 2010, we were able to improve the gross margin as a percent to revenue due to cost reduction initiatives such as reducing distribution facility labor to adjust to the lower volumes and by sourcing improvements.

Selling and administrative expenses as a percent to revenue, at 19.7%, decreased from 22.9% in fiscal 2009. This decrease is due to cost reduction initiatives to adjust the selling labor to better align with the current volume level.

Income before income taxes was \$40.1 million in fiscal 2010, an increase of \$36.9 million compared to fiscal 2009. Fiscal 2009 income before income taxes included a loss on inventory valuation of \$16.1 million and a charge of \$4.6 million related to restructuring activities. Additionally, the increase in income before income taxes in fiscal 2010 compared to fiscal 2009 is due primarily to cost reduction initiatives to reduce capacity, labor and other resources to better align with the current volume level.

#### **First Aid, Safety and Fire Protection Services Operating Segment**

First Aid, Safety and Fire Protection Services operating segment revenue decreased \$39.4 million in fiscal 2010, a 10.4% decrease compared to fiscal 2009. This operating segment's revenue decreased organically by 10.6%. The

difficult U.S. economic environment, which included job losses in fiscal 2010 and reductions in facility spending, directly impacted this operating segment's revenue. Acquisitions accounted for an increase in revenue of 0.2%. Fiscal 2010 had one more workday than fiscal 2009, which resulted in an increase in revenue of 0.4%.

Cost of first aid, safety and fire protection services decreased \$27.0 million, or 11.5%, in fiscal 2010, due primarily to decreased First Aid, Safety and Fire Protection Services operating segment volume. Gross margin for the First Aid, Safety and Fire Protection Services operating segment is defined as revenue less cost of goods, warehouse expenses, service expenses and training expenses. The gross margin as a percent to revenue was 38.9% for fiscal 2010 compared to 38.1% in fiscal 2009. Excluding a fiscal 2009 loss on inventory valuation of \$3.0 million, gross margin as a percent to revenue was 38.9% in fiscal 2009. Despite the lower volume, we were able to maintain the same gross margin (excluding the loss on inventory) as a percent to revenue due to the elimination of lower margin fire installation business throughout the course of fiscal 2010 and due to cost reduction initiatives resulting in lower labor related expenses.

Selling and administrative expenses decreased by \$8.8 million in fiscal 2010 compared to fiscal 2009 primarily due to lower bad debt expense resulting from improved collection efforts. Selling and administrative expenses as a percent to revenue, at 34.9%, increased from 33.6% in fiscal 2009. This increase as a percent to revenue was due to lower volume.

Income before income taxes for the First Aid, Safety and Fire Protection Services operating segment was \$13.4 million in fiscal 2010 compared to \$15.9 million in fiscal 2009. This decrease was primarily due to the reduced volume in First Aid, Safety and Fire Protection Services operating segment.

#### **Document Management Services Operating Segment**

Document Management Services operating segment revenue increased \$39.8 million for fiscal 2010, or 18.6%, over fiscal 2009. This operating segment's internal growth for fiscal 2010 was 14.4% over fiscal 2009. The internal growth is primarily due to the sale of destruction services to new customers and an increase in recycled paper revenue. This operating segment derives a portion of its revenue from the sale of shredded paper to paper recyclers. The weighted average price of standard office paper, which accounts for the majority of the recycled paper revenue, increased by 6.4% in fiscal 2010 compared to fiscal 2009. Acquisitions accounted for revenue growth of 3.8%. Fiscal 2010 had one more workday than fiscal 2009, which resulted in an increase in revenue of 0.4%.

Cost of document management services increased \$17.7 million, or 16.8%, for fiscal 2010, due to increased Document Management Services operating segment volume. Gross margin for the Document Management Services operating segment is defined as revenue less production and service costs. The gross margin as a percent to revenue was 51.4% for fiscal 2010, an increase from 50.6% in fiscal 2009. This increase from fiscal 2009 is mainly due to the increase in recycled paper prices in fiscal 2010 compared to fiscal 2009.

Selling and administrative expenses as a percent to revenue was 41.8% for fiscal 2010 compared to 41.4% in fiscal 2009. This increase was due to an increase in selling labor due to the addition of sales representatives and increased medical expense.

Income before income taxes for the Document Management Services operating segment was \$24.3 million, an increase of \$4.9 million compared to fiscal 2009. Income before income taxes was 9.6% of the operating segment's revenue compared to 9.1% in fiscal 2009. This increase is due to the increase in the average price of standard office paper, offset by the increase in selling and administrative expenses.

## Fiscal 2009 Compared to Fiscal 2008

The economic environment in fiscal 2009 presented challenges not experienced in decades. The financial crisis which began in September, 2008, caused many of our customers to immediately reduce spending. As the economic turmoil continued, we saw our customers make dramatic reductions in spending. Significant job losses in North America followed the financial crisis as these economies lost millions of jobs from October 2008 through May 2009.

The suddenness and severity of the economic downturn required us to react quickly to reduce our cost structure. Beginning in the second quarter of fiscal 2009, we closed two manufacturing plants in Kentucky, initiated hiring and wage freezes in many parts of the organization, eliminated many overhead positions and reduced discretionary and capital spending. These initiatives resulted in a reduction to selling and administrative expenses of approximately \$60 million when comparing the last six months of fiscal 2009 to the first six months of fiscal 2009.

In addition to the actions described above, we initiated restructuring activities during the fourth quarter of fiscal 2009 to reduce excess capacity and further reduce our cost structure. These activities included closing or converting to branches 16 of our rental processing plants and reducing our workforce by 1,200 employees. These restructuring activities were substantially completed in fiscal 2010. During the fourth quarter of fiscal 2009, we recorded charges of \$48.9 million in long-lived asset impairment costs, \$7.9 million in employee termination costs and \$2.3 million in other exit costs for a total of \$59.1 million that will be incurred as a result of this restructuring. The following summarizes these amounts by operating segment:

(In millions) May 31, 2009	Rental Uniforms & Ancillary Products	Uniform Direct Sales	First Aid, Safety & Fire Protection	Document Management	Total
Restructuring charges	\$ 8.8	\$ 0.5	\$ 0.6	\$ 0.3	\$ 10.2
Impairment of long-lived assets	44.2	4.1	0.6	—	48.9
Loss before income taxes	\$ 53.0	\$ 4.6	\$ 1.2	\$ 0.3	\$ 59.1

The significant deterioration of the North American economy, particularly in the last five months of the year ended May 31, 2009, which led to reduced revenue levels in our Rental Uniforms and Ancillary Products operating segment, our Uniform Direct Sales operating segment and our First Aid, Safety and Fire Protection Services operating segment, created excess inventory levels in these operating segments. As a result, we reduced the carrying amount of specific inventory to realizable values and recorded a pre-tax loss in the year ended May 31, 2009, of \$27.5 million. The following summarizes this loss by operating segment:

(In millions) May 31, 2009	Rental Uniforms & Ancillary Products	Uniform Direct Sales	First Aid, Safety & Fire Protection	Document Management	Total
Cost of rental uniforms and ancillary products	\$ 8.4	\$ —	\$ —	\$ —	\$ 8.4
Cost of other services	—	16.1	3.0	—	19.1
Loss on inventory valuation	\$ 8.4	\$ 16.1	\$ 3.0	\$ —	\$ 27.5

Fiscal 2009 total revenue was \$3.8 billion, a decrease of 4.1% compared to fiscal 2008. Acquisitions in our First Aid, Safety and Fire Protection Services operating segment and our Document Management Services operating segment accounted for growth of 0.7% during fiscal 2009. Information related to acquisitions is discussed in Note 9 entitled Acquisitions of "Notes to Consolidated Financial Statements." Total revenue decreased organically by

4.5%. The difficult North American economic environment that began with the financial crisis in our second quarter of fiscal 2009 deteriorated in our third and fourth fiscal quarters of fiscal 2009. These economies lost millions of jobs from October, 2008, through May, 2009. Because of customer job losses, we experienced decreases in uniform revenue, both rented and purchased, and revenue for our hygiene products and first aid and safety products. In addition, facility closures by our customers reduced our volume of entrance mats, mops, shop towels and other facility needs such as fire protection services and document management services. Fiscal 2009 had one fewer workday than fiscal 2008, which resulted in a decrease in revenue of 0.3%.

Rental Uniforms and Ancillary Products operating segment revenue consists predominantly of revenue derived from the rental of corporate identity uniforms and other garments including flame resistant clothing, and the rental and/or sale of mats, mops, shop towels, restroom supplies and other rental services. Revenue from the Rental Uniforms and Ancillary Products operating segment decreased 2.8% compared to fiscal 2008. Rental Uniforms and Ancillary Products operating segment revenue decreased organically by 2.4% in fiscal 2009. The decrease in the Rental Uniforms and Ancillary Products operating segment revenue was primarily due to decreased uniform wearers caused in large part by job losses in the U.S. and Canadian economies during fiscal 2009. Fiscal 2009 had one fewer workday than fiscal 2008, which resulted in a decrease in revenue of 0.4%.

Other Services revenue, consisting of revenue from the reportable operating segments of Uniform Direct Sales, First Aid, Safety and Fire Protection Services and Document Management Services, decreased 7.6% compared to fiscal 2008. Acquisitions in our First Aid, Safety and Fire Protection Services operating segment and our Document Management Services operating segment accounted for growth of 2.5% during fiscal 2009. Other Services revenue decreased organically by 9.7%. The turmoil in the U.S. and Canadian economies significantly affected our Other Services revenue, particularly in the Uniform Direct Sales and First Aid, Safety and Fire Protection Services operating segments. The revenue decreases in these operating segments were partially offset by increased revenue in our Document Management Services operating segment. Fiscal 2009 had one fewer workday than fiscal 2008, which resulted in a decrease in revenue of 0.4%.

Cost of rental uniforms and ancillary products decreased 1.2% compared to fiscal 2008. Cost of rental uniforms and ancillary products consists primarily of production expenses, delivery expenses and the amortization of in service inventory, including uniforms, mats, mops, shop towels and other ancillary items. The cost decrease compared to fiscal 2008 was primarily driven by the volume decrease in the Rental Uniforms and Ancillary Products operating segment revenue. The cost decrease due to reduced volume was partially offset by a loss on inventory valuation of \$8.4 million, as described above.

Cost of other services decreased 1.9% compared to fiscal 2008. Cost of other services consists primarily of cost of goods sold (predominantly uniforms and first aid products), delivery expenses and distribution expenses in the Uniform Direct Sales operating segment, the First Aid, Safety and Fire Protection Services operating segment and the Document Management Services operating segment. The decrease from fiscal 2008 was due to the volume decrease in other services. The cost decrease due to reduced volume was partially offset by a loss on inventory valuation of \$19.1 million, as described above.

Selling and administrative expenses decreased \$21.4 million, or 1.9%, compared to fiscal 2008. This decrease is primarily due to a decrease of \$18.9 million in labor costs and payroll taxes related to our fiscal 2009 cost reduction efforts.

Operating income of \$409.1 million in fiscal 2009 decreased \$168.4 million, or 29.2%, compared to fiscal 2008. Excluding the loss on inventory valuation of \$27.5 million and the charges of \$59.1 million relating to the restructuring activities, operating income decreased by \$81.8 million, or 14.2%, compared to fiscal 2008. This decrease was primarily due to lower volumes brought on by the turmoil in the U.S. and Canadian economies in fiscal 2009.

Net interest expense (interest expense less interest income) of \$46.9 million in fiscal 2010 increased \$0.7 million from the prior fiscal year. This increase was due to a \$3.3 million reduction in interest income caused by lower interest rates on Canadian treasury securities during fiscal 2009 compared to fiscal 2008, offset by a decrease of \$2.6 million in interest expense caused by lower levels of borrowings in fiscal 2009 compared to fiscal 2008.

Income before income taxes was \$361.6 million, a 31.9% decrease compared to fiscal 2008. This change reflects the decrease in operating income described above.

Cintas' effective tax rate was 37.4% for fiscal 2009 as compared to 36.8% for fiscal 2008 (also see Note 8 entitled Income Taxes of "Notes to Consolidated Financial Statements" for more information on income taxes).

Net income for fiscal 2009 of \$226.4 million was a 32.5% decrease compared to fiscal 2008, and diluted earnings per share of \$1.48 was a 31.2% decrease compared to fiscal 2008. These changes reflect the decrease in operating income described above.

### **Rental Uniforms and Ancillary Products Operating Segment**

As discussed above, Rental Uniforms and Ancillary Products operating segment revenue decreased \$79.6 million, or 2.8%, and the cost of rental uniforms and ancillary products decreased \$19.4 million, or 1.2%. The operating segment's gross margin was \$1,192.8 million, or 43.3% of revenue. This gross margin percent to revenue of 43.3% decreased from 44.2% in fiscal 2008. Excluding the loss on inventory valuation of \$8.4 million in fiscal 2009, the gross margin percent in fiscal 2009 was 43.6%. The decrease of 60 basis points from 44.2% in fiscal 2008 to 43.6% in fiscal 2009 is primarily due to the reduced volume in the Rental Uniforms and Ancillary Products operating segment.

Selling and administrative expenses for the Rental Uniforms and Ancillary Products operating segment as a percent to revenue, at 27.9%, decreased 40 basis points from 28.3% in fiscal 2008. This decrease was due to a reduction in labor costs associated with our cost reduction efforts.

Income before income taxes decreased \$80.7 million to \$370.5 million for the Rental Uniforms and Ancillary Products operating segment for fiscal 2009 compared to fiscal 2008. Income before income taxes was 13.4% of this operating segment's revenue. Excluding the loss on inventory valuation of \$8.4 million and the charges of \$53.0 million relating to the restructuring activities, income before income taxes as a percent to revenue was 15.7% in fiscal 2009, which is relatively consistent with the 15.9% in fiscal 2008.

### **Uniform Direct Sales Operating Segment**

Uniform Direct Sales operating segment revenue decreased \$89.1 million for fiscal 2009, a 17.2% decrease compared to fiscal 2008. There were no acquisitions in the Uniform Direct Sales operating segment during fiscal 2009.

Cost of uniform direct sales decreased \$26.9 million, or 7.7%, for fiscal 2009 due to decreased Uniform Direct Sales operating segment volume, partially offset by a loss on inventory valuation of \$16.1 million. The gross margin as a percent to revenue of 24.8% for fiscal 2009 decreased from 32.5% in fiscal 2008. Excluding the loss on inventory valuation of \$16.1 million in fiscal 2009, the gross margin percent in fiscal 2009 was 28.5%. The decrease from 32.5% in fiscal 2008 to 28.5% in fiscal 2009 is primarily due to the reduced volume.

Selling and administrative expenses as a percent to revenue, at 22.9%, increased from 20.0% in fiscal 2008. This increase is due to lower volume and an increase in bad debt expense of 70 basis points.

Income before income taxes was \$3.2 million in fiscal 2009, a decrease of \$61.5 million compared to fiscal 2008. This decrease is primarily due to the reduced volume in the Uniform Direct Sales operating segment, as well as the loss on inventory valuation of \$16.1 million and the charges of \$4.6 million relating to the restructuring activities.

Excluding the loss on inventory valuation and the charges relating to the restructuring activities, income before income taxes was \$24.0 million in fiscal 2009, a decrease of \$40.8 million.

### **First Aid, Safety and Fire Protection Services Operating Segment**

First Aid, Safety and Fire Protection Services operating segment revenue decreased \$25.5 million in fiscal 2009, a 6.3% decrease compared to fiscal 2008. This operating segment's revenue decreased organically by 7.6%. The turmoil in the U.S. and Canadian economies during fiscal 2009 affected our First Aid, Safety and Fire Protection Services operating segment revenue. Our customers in this segment reduced their spending at the onset of the financial crisis in September, 2008, resulting in decreased revenue in fiscal 2009 compared to fiscal 2008. Acquisitions accounted for growth of 1.7%. Fiscal 2009 had one fewer workday than fiscal 2008, which resulted in a decrease in revenue of 0.4%.

Cost of first aid, safety and fire protection services decreased \$8.8 million, or 3.6%, in fiscal 2009, due to decreased First Aid, Safety and Fire Protection Services operating segment volume, partially offset by a loss on inventory valuation of \$3.0 million. Gross margin for the First Aid, Safety and Fire Protection Services operating segment is defined as revenue less cost of goods, warehouse expenses, service expenses and training expenses. The gross margin as a percent to revenue was 38.1% for fiscal 2009. Excluding the loss on inventory valuation of \$3.0 million in fiscal 2009, the gross margin percent in fiscal 2009 was 38.9%. The decrease from 39.9% in fiscal 2008 to 38.9% in fiscal 2009 is primarily due to the reduced volume.

Selling and administrative expenses as a percent to revenue, at 33.6%, increased from 31.0% in fiscal 2008. This increase was due to lower volume and an increase in bad debt expense of 130 basis points.

Income before income taxes for the First Aid, Safety and Fire Protection Services operating segment was \$15.9 million in fiscal 2009 compared to \$35.6 million in fiscal 2008. This decrease of \$19.7 million was primarily due to the reduced volume in First Aid, Safety and Fire Protection Services operating segment, as well as the loss on inventory valuation of \$3.0 million and the charges of \$1.2 million relating to the restructuring activities. Excluding the loss on inventory valuation and the charges relating to the restructuring activities, income before income taxes was \$20.1 million, or 5.3% of revenue, in fiscal 2009 compared to 8.8% of revenue in fiscal 2008.

### **Document Management Services Operating Segment**

Document Management Services operating segment revenue increased \$30.9 million for fiscal 2009, or 17.0% over fiscal 2008. This operating segment's internal growth for fiscal 2009 was 6.0% over fiscal 2008. The internal growth is primarily due to the sale of destruction services to new customers, offset by a decline in recycled paper revenue. This operating segment derives revenue from the sale of shredded paper to paper recyclers. The weighted average price of standard office paper, which accounts for the majority of the recycled paper revenue, dropped by 24.2% in fiscal 2009 compared to fiscal 2008. Acquisitions accounted for growth of 11.4%. Fiscal 2009 had one fewer workday than fiscal 2008, which resulted in a decrease in revenue of 0.4%.

Cost of document management services increased \$22.7 million, or 27.4%, for fiscal 2009, due to increased Document Management Services volume. Gross margin for the Document Management Services operating segment is defined as revenue less production and service costs. The gross margin as a percent to revenue was 50.6% for fiscal 2009, down from 54.6% in fiscal 2008. This decrease from fiscal 2008 is mainly due to the sharp decline in recycled paper prices compared to fiscal 2008. The decrease in the average price of standard office paper resulted in a decrease in gross margin as a percent to revenue of 2.9%.

Selling and administrative expenses as a percent to revenue was 41.4% compared to 40.5% in fiscal 2008. This increase is due to the sharp decline in recycled paper prices compared to fiscal 2008. The decrease in the average price of standard office paper resulted in an increase in selling and administrative expense as a percent to revenue of 2.4%.

Income before income taxes for the Document Management Services operating segment was \$19.4 million, a decrease of \$6.4 million compared to fiscal 2008. Income before income taxes was 9.1% of the operating segment's revenue compared to 14.1% in fiscal 2008. The decrease in the average price of standard paper resulted in a decrease in income before income taxes as a percent to revenue of 14.5%.

## Liquidity and Capital Resources

At May 31, 2010, Cintas had \$566.1 million in cash, cash equivalents and marketable securities, representing an increase of \$316.0 million from May 31, 2009. This increase is attributable to the improvement in net working capital and lower use of cash for investing activities including capital expenditures. Net working capital (defined as current assets less current liabilities) increased by \$171.9 million at May 31, 2010 compared to May 31, 2009. Cash used for financing activities decreased by \$177.8 million in fiscal 2010 compared to fiscal 2009 due to a reduction in repayment of debt. As a result of the cash generated in fiscal 2010, we did not have any commercial paper outstanding as of May 31, 2010, under our commercial paper program discussed above.

Net cash provided by operating activities was \$561.6 million in fiscal 2010 as compared to \$523.5 million generated in fiscal 2009. This \$38.1 million increase is primarily a result of increases in working capital, offset by lower net income. Significant uses of cash in fiscal 2010 were capital expenditures of \$111.1 million, dividends of \$74.0 million and acquisitions of businesses, net of cash acquired, of \$50.4 million. Cash, cash equivalents and marketable securities will be used to finance future acquisitions and capital expenditures.

Marketable securities consist primarily of fixed income securities. Cintas believes that its investment policy pertaining to marketable securities is conservative. The criterion used in making investment decisions is the preservation of principal, while earning an attractive yield.

Accounts receivable increased \$8.6 million primarily due to higher fourth quarter revenue in fiscal 2010 compared to fiscal 2009. The average collection period in fiscal 2010 of 42 days remained comparable with fiscal 2009.

Inventories and uniforms and other rental items in service decreased \$36.2 million, or 6.7%, due to an overall reduction in inventory levels in response to customer demand driven by the current economic environment.

Net working capital increased \$171.9 million to \$1,141.3 million in fiscal 2010, primarily due to the increased cash balances discussed above offset by reductions in inventory levels.

Net property and equipment decreased \$20.1 million in fiscal 2010 versus fiscal 2009 due to normal ongoing property and equipment activity and a reduction in capital expenditures of \$49.0 million. Capital expenditures for fiscal 2010 totaled \$111.1 million, including \$68.2 million for the Rental Uniforms and Ancillary Products operating segment and \$27.9 million for the Document Management Services operating segment, while depreciation expense totaled \$152.1 million. During fiscal 2010, Cintas completed construction of one new uniform rental facility.

Long-term debt totaled \$786.1 million at May 31, 2010. This amount includes \$225.0 million of 10-year senior notes at a rate of 6.0% issued in fiscal 2002, \$250.0 million of 30-year senior notes issued in fiscal 2007 at a rate of 6.15% and \$300.0 million of 10-year senior notes issued in fiscal 2008 at a rate of 6.125%. Cintas has earned credit ratings on these notes of "A" from Standard & Poor's and "A2" from Moody's. Cintas utilizes a \$600.0 million commercial paper program, on which it has earned credit ratings of "A-1" from Standard & Poor's and "Prime-1" from Moody's. We believe these ratings reflect our commitment to conservative financial policies, strong financial management and a disciplined integration strategy for acquisitions. The commercial paper program is fully supported by a long-term credit facility that matures in fiscal 2011. As of May 31, 2010, there were no outstanding borrowings under this program. During fiscal 2009, Cintas initiated a \$7.5 million loan with PIDC Regional Center, LP for

funding related to a facility being built in Philadelphia. It is a 5-year note with a 2.75% interest rate. Cintas' total debt to capitalization ratio has decreased from 24.9% at May 31, 2009, to 23.7% at May 31, 2010.

Cintas has certain covenants related to debt agreements. These covenants limit Cintas' ability to incur certain liens, to engage in sale-leaseback transactions and to merge, consolidate or sell all or substantially all of Cintas' assets. These covenants also require Cintas to maintain certain debt to capitalization and interest coverage ratios. Cross default provisions exist between certain debt instruments. Cintas is in compliance with all of the significant debt covenants for all periods presented. If a default of a significant covenant were to occur, the default could result in an acceleration of the maturity of the indebtedness, impair liquidity and limit the ability to raise future capital.

During fiscal 2010, Cintas paid dividends of \$74.0 million, or \$0.48 per share. On a per share basis, this dividend is an increase of 2.1% over the dividend paid in fiscal 2009. This marks the 27<sup>th</sup> consecutive year that Cintas has increased its annual dividend, every year since going public in 1983.

On May 2, 2005, Cintas announced that the Board of Directors authorized a \$500.0 million share buyback program at market prices. In July 2006, Cintas announced that the Board of Directors approved the expansion of its share buyback program by an additional \$500.0 million. During fiscal 2010, Cintas did not make any common stock repurchases under the share buyback program. From the inception of the share buyback program through July 30, 2010, Cintas has purchased 20.3 million shares of Cintas' common stock at an average price of \$39.31 per share for a total purchase price of approximately \$798 million. The Board of Directors did not specify an expiration date for this program.

During fiscal 2010, Cintas purchased approximately 43,000 shares of Cintas' common stock in trade for employee payroll taxes due on restricted stock options that vested during the fiscal year. These shares were purchased at an average price of \$22.71 per share for a total purchase price of approximately \$1 million.

Following is information regarding Cintas' long-term contractual obligations and other commitments outstanding as of May 31, 2010:

### Long-Term Contractual Obligations

(In thousands)	Payments Due by Period				
	Total	One year or less	Two to three years	Four to five years	After five years

Cintas also makes payments to defined contribution plans. The amounts of contributions made to the defined contribution plans are made at the discretion of Cintas. Future contributions are expected to increase approximately 3% to 5% annually. Based on that increase, payments due in one year or less would be \$21,393, two to three years would be \$46,049 and four to five years would be \$50,769. Payments for years thereafter are expected to continue increasing by approximately 5% each year.

<sup>(1)</sup> Long-term debt primarily consists of \$775,000 in senior notes. Reference Note 6 entitled Long-Term Debt and Derivatives of "Notes to Consolidated Financial Statements" for a detailed discussion of long-term debt.

<sup>(2)</sup> Operating leases consist primarily of building leases.

<sup>(3)</sup> Interest payments include interest on both fixed and variable rate debt. Rates have been assumed to increase 50 basis points in fiscal 2011, increase 150 basis points in fiscal 2012, increase 125 basis points in fiscal 2013, increase 100 basis points in both fiscal 2014 and 2015 and increase an additional 50 basis points in each year thereafter.

## Inflation and Changing Prices

Changes in wages, benefits and energy costs have the potential to materially impact Cintas' financial results. Medical benefit costs increased as a percent to revenue due to increased utilization and rising healthcare industry costs. Medical benefits were 4.0% of total revenue in fiscal 2010 and 3.5% of total revenue in fiscal 2009. Management believes inflation has not had a material impact on Cintas' financial condition or a negative impact on results of operation.

## Litigation and Other Contingencies

Cintas is subject to legal proceedings and claims arising from the ordinary course of its business, including personal injury, customer contract, environmental and employment claims. In the opinion of management, the aggregate liability, if any, with respect to such ordinary course of business actions will not have a material adverse effect on the financial position or results of operation of Cintas. Cintas is party to additional litigation not considered in the ordinary course of business. Please refer to "Part I, Item 3. Legal Proceedings" and Note 13 entitled Litigation and Other Contingencies of "Part II, Item 8. Notes to Consolidated Financial Statements" for a detailed discussion of certain specific litigation.

## New Accounting Standards

The Financial Accounting Standards Board (FASB) issued FASB Accounting Standards Codification (ASC) effective for financial statements issued for interim and annual periods ending after September 30, 2009. The ASC is an aggregation of previously issued authoritative GAAP in one comprehensive set of guidance organized by subject area. In accordance with the ASC, references to previously issued accounting standards have been removed. Subsequent revisions to GAAP will be incorporated into the ASC through Accounting Standards Updates (ASU). The following is a list of recent pronouncements issued by the FASB impacting Cintas.

Effective June 1, 2009, Cintas adopted fair value measurements guidance for all nonfinancial assets and nonfinancial liabilities recognized or disclosed at fair value on a nonrecurring basis. The guidance defines fair value, establishes guidance for measuring fair value and expands disclosures regarding fair value measurements. The

adoption did not have a material impact on our consolidated financial statements. See Note 3 entitled Fair Value Measurements of "Notes to Consolidated Financial Statements" for additional information.

Effective June 1, 2009, Cintas adopted new guidance on business combinations, in which an entity is required to recognize assets acquired, liabilities assumed, contractual contingencies and contingent consideration at fair value on the acquisition date. It further requires that acquisition-related costs are recognized separately from the acquisition and expensed as incurred, restructuring costs generally are expensed in periods subsequent to the acquisition date, and changes in accounting for deferred tax asset valuation allowances and acquired income tax uncertainties after the measurement period impact income tax expense. This adoption did not have a material impact on Cintas' results of operations or financial condition. Any future effects will depend upon the terms and size of future acquisitions.

Effective June 1, 2009, Cintas adopted new guidance for determining whether instruments granted in share-based payment transactions are participating securities. This guidance provides that unvested share-based payment awards that contain nonforfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and shall be included in the computation of earnings per share pursuant to the two-class method of determining earnings per share. The adoption did not have a material impact on basic or diluted earnings per share. Cintas' adoption is more fully described in Note 11 entitled Earnings per Share of "Notes to Consolidated Financial Statements."

Effective June 1, 2009, Cintas adopted new guidance on subsequent events. The objective of this guidance is to establish general standards of accounting for and disclosure of events that occur after the consolidated balance sheet date but before the consolidated financial statements are issued or are available to be issued. This adoption did not have a material impact on Cintas' results of operations or financial condition.

## **Critical Accounting Policies**

The preparation of Cintas' consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and judgments that have a significant effect on the amounts reported in the consolidated financial statements and accompanying notes. These critical accounting policies should be read in conjunction with Note 1 entitled Significant Accounting Policies of "Notes to Consolidated Financial Statements." Significant changes, estimates or assumptions related to any of the following critical accounting policies could possibly have a material impact on the consolidated financial statements.

### **Revenue recognition**

Rental revenue, which is recorded in the Rental Uniforms and Ancillary Products operating segment, is recognized when services are performed. Other services revenue, which is recorded in the Uniform Direct Sales, First Aid, Safety and Fire Protection Services and Document Management Services operating segments, is recognized when either services are performed or when products are shipped and the title and risks of ownership pass to the customer.

### **Allowance for doubtful accounts**

Cintas establishes an allowance for doubtful accounts. This allowance includes an estimate based on historical rates of collectability and allowances for specific accounts identified as uncollectible. The allowance that is an estimate based on historical rates of collectability is recorded for overdue amounts, beginning with a nominal percentage and increasing substantially as the account ages. The amount provided as the account ages will differ slightly between the Rental Uniforms and Ancillary Products operating segment and the three other operating segments because of differences in customers served and the nature of each operating segment.

**Inventories**

Inventories are valued at the lower of cost (first-in, first-out) or market. Cintas applies a commonly accepted practice of using inventory turns to apply variances between actual and standard costs to the inventory balances. The judgments and estimates used to calculate inventory turns will have an impact on the valuation of inventories at the lower of cost or market. An inventory obsolescence reserve is determined by specific identification, as well as an estimate based on historical rates of obsolescence.

**Uniforms and other rental items in service**

Uniforms and other rental items in service are valued at cost less amortization, calculated using the straight-line method. Uniforms in service (other than cleanroom and flame resistant clothing) are amortized over their useful life of 18 months. Other rental items including shop towels, mats, cleanroom garments, flame resistant clothing, linens and restroom dispensers are amortized over their useful lives which range from 8 to 48 months. The amortization rates used are based on industry experience, Cintas' specific experience and wear tests performed by Cintas. These factors are critical to determining the amount of in service inventory that is presented in the consolidated financial statements.

**Property and equipment**

Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, which is typically 30 to 40 years for buildings, 5 to 20 years for building improvements, 3 to 10 years for equipment and 2 to 15 years for leasehold improvements. When events or circumstances indicate that the carrying amount of long-lived assets may not be recoverable, the estimated undiscounted future cash flows are compared to the carrying amount of the assets. If the estimated undiscounted future cash flows are less than the carrying amount of the assets, an impairment loss is recorded based on the excess of the carrying amount of the assets over their respective fair values. Fair value is generally determined by discounted cash flows or based on prices of similar assets, as appropriate. Long-lived assets that are held for sale are reported at the lower of the carrying amount or the fair value, less estimated costs to sell.

**Goodwill and impairment**

Goodwill, obtained through acquisitions of businesses, is valued at cost less any impairment. Cintas completes an annual impairment test which includes the determination of the fair value of its reporting units. This test includes comparisons to current market values, where available, and discounted cash flow analyses. Significant assumptions include growth rates based on historical trends and margin improvement leveraged from such growth. The methodology used is consistent with prior years. Based on the results of the impairment tests, Cintas has not recognized an impairment of goodwill for the fiscal years ended May 31, 2010, 2009 or 2008.

**Service contracts and other assets**

Service contracts and other assets, which consist primarily of noncompete and consulting agreements obtained through acquisitions of businesses, are amortized by use of the straight line method over the estimated lives of the agreements, which are generally 5 to 10 years. Certain noncompete agreements, as well as all service contracts, require that a valuation be determined using a discounted cash flow model. The assumptions and judgments used in these models involve estimates of cash flows and discount rates, among other factors. Because of the assumptions used to value these intangible assets, actual results over time could vary from original estimates. Impairment of service contracts and other assets is accomplished through specific identification. No impairment has been recognized by Cintas for the fiscal years ended May 31, 2010, 2009 or 2008.

**Stock-based compensation**

Compensation expense is recognized for all share-based payments to employees, including stock options, in the consolidated statements of income based on the fair value of the awards that are granted. The fair value of stock options is estimated at the date of grant using the Black-Scholes option-pricing model. Measured compensation cost, net of estimated forfeitures, is recognized on a straight-line basis over the vesting period of the related share-based compensation award. See Note 12 entitled Stock-Based Compensation of "Notes to Consolidated Financial Statements" for further information.

**Litigation and environmental matters**

Cintas is subject to legal proceedings and claims related to environmental matters arising from the ordinary course of business. U.S. GAAP requires that a liability for contingencies be recorded when it is probable that a liability has occurred and the amount of the liability can be reasonably estimated. Significant judgment is required to determine the existence of a liability, as well as the amount to be recorded. While a significant change in assumptions and judgments could have a material impact on the amounts recorded for contingent liabilities, Cintas does not believe that they will result in a material adverse effect on the consolidated financial statements.

A detailed discussion of litigation matters is discussed in Note 13 entitled Litigation and Other Contingencies of "Notes to Consolidated Financial Statements."

**Income taxes**

Deferred tax assets and liabilities are determined by the differences between the consolidated financial statement carrying amounts and the tax basis of assets and liabilities. See Note 8 entitled Income Taxes of "Notes to Consolidated Financial Statements" for the types of items that give rise to significant deferred income tax assets and liabilities. Deferred income taxes are classified as assets or liabilities based on the classification of the related asset or liability for financial reporting purposes. Deferred income taxes that are not related to an asset or liability for financial reporting are classified according to the expected reversal date. Cintas regularly reviews deferred tax assets for recoverability based upon projected future taxable income and the expected timing of the reversals of existing temporary differences. As a result of this review, Cintas has not established a valuation allowance against the deferred tax assets.

Cintas is periodically reviewed by domestic and foreign tax authorities regarding the amount of taxes due. These reviews include questions regarding the timing and amount of deductions and the allocation of income among various tax jurisdictions. In evaluating the exposure associated with various filing positions, Cintas records reserves as deemed appropriate. Based on Cintas' evaluation of current tax positions, Cintas believes its accruals are appropriate.

## **Item 7A. Quantitative and Qualitative Disclosure About Market Risk**

---

Cintas manages interest rate risk by using a combination of variable and fixed rate debt and investing in marketable securities. Earnings are affected by changes in short-term interest rates due to investments in marketable securities and money market accounts and periodic issuances of commercial paper. If short-term rates changed by one-half percent (or 50 basis points), Cintas' income before income taxes would change by approximately \$1.5 million. This estimated exposure considers the effects on investments and the change in the cost of variable rate debt. This analysis does not consider the effects of a change in economic activity or a change in Cintas' capital structure.

Through its foreign operations, Cintas is exposed to foreign currency risk. Foreign currency exposures arise from transactions denominated in a currency other than the functional currency and from foreign denominated revenue and profit translated into U.S. dollars. Foreign denominated revenue and profit represents less than 10% of Cintas' consolidated revenue and profit. Cintas periodically uses foreign currency hedges such as average rate options and forward contracts to mitigate the risk of foreign currency exchange rate movements resulting from foreign currency revenue and from international cash flows. The primary foreign currency to which Cintas is exposed is the Canadian dollar.

## Management's Report on Internal Control over Financial Reporting

---

To the Shareholders of Cintas Corporation:

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rule 13a-15(f) and 15(d)-15(f) under the Securities Exchange Act of 1934) to provide reasonable assurance regarding the reliability of our financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States. Internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. Accordingly, even an effective system of internal control over financial reporting will provide only reasonable assurance with respect to financial statement preparation.

With the supervision of our Chief Executive Officer and our Chief Financial Officer, management assessed our internal control over financial reporting as of May 31, 2010. Management based its assessment on criteria established in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Management's assessment included evaluation of such elements as the design and operating effectiveness of key financial reporting controls, process documentation, accounting policies and our overall control environment. This assessment is supported by testing and monitoring performed by our internal audit function.

Based on our assessment, management has concluded that our internal control over financial reporting was effective as of May 31, 2010, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external reporting purposes in accordance with accounting principles generally accepted in the United States.

We reviewed the results of management's assessment with the Audit Committee of our Board of Directors. Additionally, our independent registered public accounting firm, Ernst & Young LLP, independently assessed the effectiveness of Cintas Corporation's internal control over financial reporting. Ernst & Young LLP has issued an attestation report, which is included in this Annual Report.

## Report of Independent Registered Public Accounting Firm

---

To the Board of Directors and Shareholders of Cintas Corporation:

We have audited Cintas Corporation's internal control over financial reporting as of May 31, 2010, based on criteria established in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). Cintas Corporation's management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the effectiveness of the company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Cintas Corporation maintained, in all material respects, effective internal control over financial reporting as of May 31, 2010, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of Cintas Corporation as of May 31, 2010 and 2009, and the related consolidated statements of income, shareholders' equity and cash flows for each of the three years in the period ended May 31, 2010, of Cintas Corporation, and our report dated July 30, 2010, expressed an unqualified opinion thereon.

## Report of Independent Registered Public Accounting Firm

---

To the Board of Directors and Shareholders of Cintas Corporation:

We have audited the accompanying consolidated balance sheets of Cintas Corporation as of May 31, 2010 and 2009, and the related consolidated statements of income, shareholders' equity, and cash flows for each of the three years in the period ended May 31, 2010. Our audits also included the consolidated financial statement schedule listed in the Index at Item 15(a). These consolidated financial statements and schedule are the responsibility of Cintas Corporation's management. Our responsibility is to express an opinion on these consolidated financial statements and schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Cintas Corporation at May 31, 2010 and 2009, and the consolidated results of its operations and its cash flows for each of the three years in the period ended May 31, 2010, in conformity with U.S. generally accepted accounting principles. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), Cintas Corporation's internal control over financial reporting as of May 31, 2010, based on criteria established in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission, and our report dated July 30, 2010, expressed an unqualified opinion thereon.

# Notes to Consolidated Financial Statements

(Amounts in thousands except per share and share data)

## 1. Significant Accounting Policies

**Business description.** Cintas Corporation (Cintas) provides highly specialized products and services to businesses of all types primarily throughout North America and Latin America, Europe and Asia. Cintas is North America's leading provider of corporate identity uniforms through rental and sales programs, as well as a significant provider of related business services, including entrance mats, restroom cleaning services and supplies, carpet and tile cleaning services, first aid, safety and fire protection products and services, document management services and branded promotional products. Our products and services are designed to enhance our customers' images and to provide additional safety and protection in the workplace.

Cintas classifies its businesses into four operating segments. The Rental Uniforms and Ancillary Products operating segment consists of the rental and servicing of uniforms and other garments including flame resistant clothing, mats, mops and shop towels and other ancillary items. In addition to these rental items, restroom cleaning services and supplies and carpet and tile cleaning services are also provided within this operating segment. The Uniform Direct Sales operating segment consists of the direct sale of uniforms and related items and branded promotional products. The First Aid, Safety and Fire Protection Services operating segment consists of first aid, safety and fire protection products and services. The Document Management Services operating segment consists of document destruction, document imaging and document retention services.

**Principles of consolidation.** The consolidated financial statements include the accounts of Cintas controlled majority-owned subsidiaries and any entities over which Cintas has control (collectively, Cintas). Intercompany balances and transactions have been eliminated as appropriate.

**Use of estimates.** The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

**Revenue recognition.** Rental revenue, which is recorded in the Rental Uniforms and Ancillary Products operating segment, is recognized when services are performed. Other Services revenue, which is recorded in the Uniform Direct Sales, First Aid, Safety and Fire Protection Services and Document Management Services operating segments, is recognized when either services are performed or when products are shipped and the title and risks of ownership pass to the customer.

**Cost of rental uniforms and ancillary products.** Cost of rental uniforms and ancillary products consists primarily of production expenses, delivery expenses and the amortization of in service inventory, including uniforms, mats, mops, shop towels and other ancillary items. The Rental Uniforms and Ancillary Products operating segment inbound freight charges, purchasing and receiving costs, inspection costs, warehousing costs and other costs of distribution are included in the cost of rental uniforms and ancillary products.

**Cost of other services.** Cost of other services consists primarily of cost of goods sold (predominantly uniforms and first aid products), delivery expenses and distribution expenses. Cost of other services includes inbound freight charges, purchasing and receiving costs, inspection costs, warehousing costs and other costs of distribution.

**Selling and administrative expenses.** Selling and administrative expenses consist primarily of sales labor and commissions, management and administrative labor, payroll taxes, medical expense, insurance expense, legal and professional costs and amortization of finite-lived intangible assets.

**Cash and cash equivalents.** Cintas considers all highly liquid investments with a maturity of three months or less, at date of purchase, to be cash equivalents.

**Marketable securities.** Marketable securities are comprised of fixed income securities and are classified as available-for-sale.

**Accounts receivable.** Accounts receivable is comprised of amounts owed through product shipments and services provided and is presented net of an allowance for doubtful accounts. The allowance is an estimate based on historical rates of collectability and allowances for specific accounts identified as uncollectible. The allowance that is an estimate based on historical rates of collectability is recorded for overdue amounts, beginning with a nominal percentage and increasing substantially as the account ages. The amount provided as the account ages will differ slightly between the Rental Uniforms and Ancillary Products operating segment and the three other operating segments because of differences in customers served and the nature of each operating segment. When an account is considered uncollectible, it is written off against the allowance.

**Inventories.** Inventories are valued at the lower of cost (first-in, first-out) or market. Inventory is comprised of the following amounts:

	2010	2009
Raw materials	\$ 13,058	\$ 12,498
Work in process	11,522	10,773
Finished goods	144,904	179,080
	<b>\$ 169,484</b>	<b>\$ 202,351</b>

Inventories are recorded net of reserves for obsolete inventory of \$32,466 and \$48,353 as of May 31, 2010 and 2009, respectively.

**Uniforms and other rental items in service.** These items are valued at cost less amortization, calculated using the straight-line method. Uniforms in service (other than cleanroom and flame resistant clothing) are amortized over their useful life of 18 months. Other rental items, including shop towels, mats, mops, cleanroom garments, flame resistant clothing, linens and restroom dispensers, are amortized over their useful lives which range from 8 to 48 months.

**Property and equipment.** Property and equipment is stated at cost, less accumulated depreciation. Depreciation is calculated using the straight-line method primarily over the following estimated useful lives, in years:

Buildings	30 to 40
Building improvements	5 to 20
Equipment	3 to 10
Leasehold improvements	2 to 15

**Long-lived assets.** When events or circumstances indicate that the carrying amount of long-lived assets may not be recoverable, the estimated undiscounted future cash flows are compared to the carrying amount of the assets. If the estimated undiscounted future cash flows are less than the carrying amount of the assets, an impairment loss is

recorded based on the excess of the carrying amount of the assets over their respective fair values. Fair value is generally determined by discounted cash flows or based on prices of similar assets, as appropriate. Long-lived assets that are held for sale are reported at the lower of the carrying amount or the fair value, less estimated costs to sell.

**Goodwill.** Goodwill is separately disclosed from other intangible assets on the consolidated balance sheet and not amortized. Cintas completes an annual goodwill impairment test which includes the determination of the fair value of its reporting units. The methodology used is consistent with prior years. Based on the results of the annual impairment test, Cintas was not required to recognize an impairment of goodwill for the fiscal years ended May 31, 2010, 2009 or 2008. Cintas will continue to perform future impairment tests as of March 1 in future years or when indicators of impairment are noted.

**Service contracts and other assets.** Service contracts and other assets, which consist primarily of noncomplete and consulting agreements obtained through acquisitions of businesses, are amortized by use of the straight-line method over the estimated lives of the agreements, which are generally 5 to 10 years.

**Accrued liabilities.** Current accrued liabilities are recorded when it is probable that a liability has occurred and the amount of the liability can be reasonably estimated. Current accrued liabilities include the following amounts:

	2010	2009
General insurance liabilities	\$ 50,480	\$ 48,090
Employee benefit related liabilities	47,754	47,072
Legal settlements	30,448	—
Taxes and related liabilities	22,403	8,583
Accrued interest	20,762	20,742
Other	72,555	57,405
	<u>\$ 244,402</u>	<u>\$ 181,892</u>

Long-term accrued liabilities consists primarily of reserves associated with unrecognized tax benefits, which are described in more detail in Note 8 entitled Income Taxes, and retirement obligations.

**Stock-based compensation.** Compensation expense is recognized for all share-based payments to employees, including stock options, in the consolidated statements of income based on the fair value of the awards that are granted. The fair value of stock options is estimated at the date of grant using the Black-Scholes option-pricing model. Measured compensation cost, net of estimated forfeitures, is recognized on a straight-line basis over the vesting period of the related share-based compensation award.

**Derivatives and hedging activities.** Cintas formally documents all relationships between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions. Derivatives are recorded at fair value on the consolidated balance sheet, and gains and losses are recorded as adjustments to earnings or other comprehensive income, as appropriate.

**Other accounting pronouncements.** The Financial Accounting Standards Board (FASB) issued FASB Accounting Standards Codification (ASC) effective for financial statements issued for interim and annual periods ending after September 30, 2009. The ASC is an aggregation of previously issued authoritative GAAP in one comprehensive set of guidance organized by subject area. In accordance with the ASC, references to previously issued accounting standards have been removed. Subsequent revisions to GAAP will be incorporated into the ASC through Accounting Standards Updates (ASU). The following is a list of recent pronouncements issued by the FASB impacting Cintas.

Effective June 1, 2009, Cintas adopted fair value measurements guidance for all nonfinancial assets and nonfinancial liabilities recognized or disclosed at fair value on a nonrecurring basis. The guidance defines fair value, establishes guidance for measuring fair value and expands disclosures regarding fair value measurements. The adoption did not have a material impact on our consolidated financial statements.

Effective June 1, 2009, Cintas adopted new guidance on business combinations, in which an entity is required to recognize assets acquired, liabilities assumed, contractual contingencies and contingent consideration at fair value on the acquisition date. It further requires that acquisition-related costs are recognized separately from the acquisition and expensed as incurred, restructuring costs generally are expensed in periods subsequent to the acquisition date, and changes in accounting for deferred tax asset valuation allowances and acquired income tax uncertainties after the measurement period impact income tax expense. This adoption did not have a material impact on Cintas' results of operations or financial condition. Any future effects will depend upon the terms and size of future acquisitions.

Effective June 1, 2009, Cintas adopted new guidance for determining whether instruments granted in share-based payment transactions are participating securities. This guidance provides that unvested share-based payment awards that contain nonforfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and shall be included in the computation of earnings per share pursuant to the two-class method of determining earnings per share. The adoption did not have a material impact on basic or diluted earnings per share.

Effective June 1, 2009, Cintas adopted new guidance on subsequent events. The objective of this guidance is to establish general standards of accounting for and disclosure of events that occur after the consolidated balance sheet date but before the consolidated financial statements are issued or are available to be issued. This adoption did not have a material impact on Cintas' results of operations or financial condition.

## **2. Restructuring and Related Activity**

Due to the declining economic conditions which negatively impacted the North American economy and Cintas' businesses, during the fourth quarter of fiscal 2009, management initiated certain restructuring activities to eliminate excess capacity and reduce our cost structure. These activities included closing or converting to branches 16 of our rental processing plants and reducing our workforce by 1,200 employees. We have substantially completed these restructuring activities as of May 31, 2010.

During the fourth quarter of fiscal 2009, Cintas recorded charges of \$48,888 in long-lived asset impairment costs, \$7,937 in employee termination costs and \$2,272 in other exit costs for a total of \$59,097 incurred as a result of this restructuring. These charges by operating segment are detailed in Note 14 entitled Operating Segment Information.

A progression of our restructuring liability balance, primarily recorded in accrued compensation and related liabilities is as follows:

	Employee Termination Costs	Other Exit Costs	Total
Balance as of June 1, 2009	\$ 5,915	\$ 2,272	\$ 8,187
Cash paid — fiscal 2010	(3,785)	(297)	(4,082)
Change in estimate	(1,380)	(1,500)	(2,880)
<b>Balance as of May 31, 2010</b>	<b>\$ 750</b>	<b>\$ 475</b>	<b>\$ 1,225</b>

The change in estimate represents the difference between severance and other exit costs estimated based on the information available in fiscal 2009 and severance and other exit costs actually paid in fiscal 2010.

The fiscal 2009 charge of \$48,888 in long-lived asset impairment costs included \$25,849 in land and buildings of which \$10,930 related to assets held for sale, \$18,221 in equipment and \$4,818 in long-lived other assets. The fair value was determined primarily by using market quoted prices and other prices quoted for similar assets and discounted cash flow models.

Certain assets totaling \$9,437 and \$15,744 are categorized at May 31, 2010 and 2009, respectively, as assets held for sale at the lower of their carrying value or fair value less cost to sell. These assets are in the Rental Uniform and Ancillary Products operating segment and are comprised of \$3,077 and \$6,268 of land at May 31, 2010 and 2009, respectively and \$6,360 and \$9,476 of buildings and improvements at May 31, 2010 and 2009, respectively.

### 3. Fair Value Measurements

FASB ASC defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. It also establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1 — Quoted prices in active markets for identical assets or liabilities.
- Level 2 — Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. Cintas' assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

All financial instruments that are measured at fair value on a recurring basis (at least annually) have been segregated into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the consolidated balance sheet date. These financial instruments measured at fair value on a recurring basis are summarized below:

	As of May 31, 2010			
	Level 1	Level 2	Level 3	Fair Value
Cash and cash equivalents	\$ 411,281	\$ —	\$ —	\$ 411,281
Marketable securities:				
U.S. municipal bonds	—	21,954	—	21,954
Canadian treasury securities	97,791	35,061	—	132,852
Accounts receivable, net	—	450	—	450
<b>Total assets at fair value</b>	<b>\$ 509,072</b>	<b>\$ 57,465</b>	<b>\$ —</b>	<b>\$ 566,537</b>
Current accrued liabilities	\$ —	\$ 64	\$ —	\$ 64
<b>Total liabilities at fair value</b>	<b>\$ —</b>	<b>\$ 64</b>	<b>\$ —</b>	<b>\$ 64</b>

	As of May 31, 2009			
	Level 1	Level 2	Level 3	Fair Value
Cash and cash equivalents	\$ 129,745	\$ —	\$ —	\$ 129,745
Marketable securities:				
Canadian treasury securities	120,393	—	—	120,393
Accounts receivable, net	—	78	—	78
<b>Total assets at fair value</b>	<b>\$ 250,138</b>	<b>\$ 78</b>	<b>\$ —</b>	<b>\$ 250,216</b>
Current accrued liabilities	\$ —	\$ 253	\$ —	\$ 253
<b>Total liabilities at fair value</b>	<b>\$ —</b>	<b>\$ 253</b>	<b>\$ —</b>	<b>\$ 253</b>

Cintas' cash and cash equivalents and marketable securities are generally classified within Level 1 or Level 2 of the fair value hierarchy because they are valued using quoted market prices, broker or dealer quotations or alternative pricing sources with reasonable levels of price transparency. Cintas does not adjust the quoted market price for such financial instruments.

The funds invested in Canadian marketable securities are not expected to be repatriated, but instead are expected to be invested indefinitely in foreign subsidiaries. Interest, realized gains and losses and declines in value determined to be other than temporary on available-for-sale securities are included in interest income or expense. The cost of the securities sold is based on the specific identification method. The amortized cost basis of the marketable securities as of May 31, 2010 and 2009, is \$154,857 and \$120,403, respectively. Purchases of marketable securities were \$64,416, \$122,652 and \$43,750 for the fiscal years ended May 31, 2010, 2009 and 2008, respectively. All contractual maturities are due within one year.

Accounts receivable, net and current accrued liabilities include foreign currency average rate options. The fair value of Cintas' foreign currency average rate options are based on similar exchange traded derivatives and are, therefore, included within Level 2 of the fair value hierarchy.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Cintas believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the consolidated balance sheet date.

#### 4. Property and Equipment

	2010	2009
Land	\$ 101,374	\$ 77,210
Buildings and improvements	471,592	444,683

Interest expense is net of capitalized interest of \$2,182, \$2,259 and \$1,090 for the fiscal years ended May 31, 2010, 2009 and 2008, respectively.

#### 5. Goodwill, Service Contracts and Other Assets

Changes in the carrying amount of goodwill and service contracts for the fiscal years ended May 31, 2010 and 2009, by operating segment, are as follows:

Goodwill	Rental Uniforms & Ancillary Products	Uniform Direct Sales	First Aid, Safety & Fire Protection	Document Management	Total

<sup>(1)</sup> Investments at May 31, 2010, include the cash surrender value of insurance policies of \$34,294, equity method investments of \$30,036 and cost method investments of \$4,286. Investments at May 31, 2009, include the cash surrender value of insurance policies of \$18,006, equity method investments of \$28,742 and cost method investments of \$5,014.

Amortization expense was \$41,082, \$42,534 and \$43,337 for the fiscal years ended May 31, 2010, 2009 and 2008, respectively. Estimated amortization expense, excluding any future acquisitions, for each of the next five years is \$37,869, \$31,462, \$15,398, \$12,282 and \$9,509, respectively.

## 6. Long-Term Debt and Derivatives

	2010	2009
Unsecured term notes due through 2036 at an average rate of 6.07%	\$ 786,053	\$ 786,627
Other	—	29
	786,053	786,656
Less: amounts due within one year	609	598
	\$ 785,444	\$ 786,058

Letters of credit outstanding were \$95,878 and \$68,640 for the fiscal years ended May 31, 2010 and 2009, respectively. Maturities of long-term debt during each of the next five years are \$609, \$642, \$225,636, \$8,187 and \$503, respectively.

Interest paid was \$48,592, \$49,857 and \$49,707 for the fiscal years ended May 31, 2010, 2009 and 2008, respectively.

Cintas has a commercial paper program supported by a \$600,000 long-term credit facility. There was no commercial paper outstanding for the fiscal years ended May 31, 2010 or 2009.

Cintas used interest rate lock agreements to hedge against movements in the treasury rates at the time Cintas issued its senior notes in fiscal 2002, fiscal 2007 and fiscal 2008. The amortization of the cash flow hedges resulted in a credit to other comprehensive income of \$767, \$767 and \$521 for the fiscal years ended May 31, 2010, 2009 and 2008, respectively.

To hedge the exposure of movements in the foreign currency rates, Cintas uses foreign currency hedges. These hedges reduce the impact on cash flows from movements in the foreign currency exchange rates. Examples of foreign currency hedge instruments that Cintas may use are average rate options and forward contracts. Cintas had average rate options included in accounts receivable, net of \$450 and \$78 for the fiscal years ended May 31, 2010 and 2009, respectively. Cintas also had average rate options included in current accrued liabilities of \$64 and \$253 for the fiscal years ended May 31, 2010 and 2009, respectively. These instruments increased foreign currency exchange loss by \$520 during fiscal 2010 and reduced foreign currency exchange loss by \$1,095 during fiscal 2009.

Cintas has certain covenants related to debt agreements. These covenants limit Cintas' ability to incur certain liens, to engage in sale-leaseback transactions and to merge, consolidate or sell all or substantially all of Cintas' assets. These covenants also require Cintas to maintain certain debt to capitalization and interest coverage ratios. Cross default provisions exist between certain debt instruments. Cintas is in compliance with all of the significant debt covenants for all periods presented. If a default of a significant covenant were to occur, the default could result in an acceleration of the maturity of the indebtedness, impair liquidity and limit the ability to raise future capital.

## 7. Leases

Cintas conducts certain operations from leased facilities and leases certain equipment. Most leases contain renewal options for periods from 1 to 10 years. The lease agreements provide for increases in rent expense if the options are exercised based on increases in certain price level factors or other prearranged factors. Step rent provisions, escalation clauses, capital improvements funding and other lease concessions are taken into account in computing minimum lease payments. Minimum lease payments are recognized on a straight-line basis over the minimum lease

term. Lease payments are not dependent on an existing index or rate and are not included in minimum lease payments. It is anticipated that expiring leases will be renewed or replaced.

The minimum rental payments under noncancelable lease arrangements for each of the next five years and thereafter are \$27,766, \$22,017, \$15,331, \$9,587, \$5,885 and \$8,455, respectively. Rent expense under operating leases during the fiscal years ended May 31, 2010, 2009 and 2008, was \$38,046, \$37,897 and \$34,996, respectively.

## 8. Income Taxes

Income before income taxes consist of the following components:

	2010	2009	2008
U.S. operations	\$ 315,717	\$ 332,863	\$ 476,279
Foreign operations	28,175	28,730	54,425
	\$ 343,892	\$ 361,593	\$ 530,704

Income taxes consist of the following components:

	2010	2009	2008
Current:			
Federal	\$ 106,389	\$ 135,909	\$ 171,927
State and local	12,909	18,962	17,225
	119,298	154,871	189,152
Deferred	8,974	(19,635)	6,147
	\$ 128,272	\$ 135,236	\$ 195,299

Reconciliation of income tax expense using the statutory rate and actual income tax expense is as follows:

	2010	2009	2008
Income taxes at the U.S. federal statutory rate	\$ 120,362	\$ 126,558	\$ 185,746
State and local income taxes, net of federal benefit	8,631	9,062	12,832
Other	(721)	(384)	(3,279)
	\$ 128,272	\$ 135,236	\$ 195,299

The components of deferred income taxes included on the consolidated balance sheets are as follows:

	2010	2009
Deferred tax assets:		
Allowance for doubtful accounts	\$ 4,890	\$ 6,211
Inventory obsolescence	12,381	17,877
Insurance and contingencies	16,148	15,492
Stock-based compensation	9,954	7,000
Other	20,622	16,294
	63,995	62,874
Deferred tax liabilities:		
In service inventory	8,416	7,743
Property	81,634	76,482
Intangibles	65,868	58,538
State taxes and other	6,222	2,775
	162,140	145,538
Net deferred tax liability	\$ 98,145	\$ 82,664

Income taxes paid were \$103,762, \$187,150 and \$180,634 for the fiscal years ended May 31, 2010, 2009 and 2008, respectively.

Undistributed earnings of foreign subsidiaries were approximately \$198,273, \$181,556 and \$184,551 for the fiscal years ended May 31, 2010, 2009 and 2008, respectively, for which deferred taxes have not been provided. Such earnings are considered indefinitely invested in the foreign subsidiaries. If such earnings were repatriated, additional tax expense may result. The current calculation of such additional taxes is not practicable.

Accounting for uncertain tax positions requires the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Companies may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position should be measured based on the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement.

As of May 31, 2010 and May 31, 2009, there was \$27,777 and \$26,261, respectively, in total unrecognized tax benefits, which if recognized, would favorably impact Cintas' effective tax rate. Cintas recognizes interest accrued related to unrecognized tax benefits and penalties in income tax expense in the consolidated statements of income, which is consistent with the recognition of these items in prior reporting periods. The total amount accrued for interest and penalties as of May 31, 2010 and May 31, 2009, was \$15,693 and \$15,739, respectively. Cintas records this tax liability in both current and long-term accrued liabilities on the consolidated balance sheets.

In the normal course of business, Cintas provides for uncertain tax positions and the related interest, and adjusts its unrecognized tax benefits and accrued interest accordingly. Unrecognized tax benefits related to continuing operations increased by \$879 in fiscal 2010, decreased by \$18,682 in fiscal 2009 and increased by \$2,770 in fiscal 2008. Accrued interest decreased by \$46 in fiscal 2010, decreased by \$565 in fiscal 2009 and increased by \$487 in fiscal 2008.

A reconciliation of the beginning and ending amount of unrecognized tax benefits is as follows:

Balance at June 1, 2008	\$ 115,329
Additions based on tax positions related to the current year	1,525
Additions for tax positions of prior years	1,989
Settlements	(3,120)
Statute expirations	(20,558)
Balance at May 31, 2009	\$ 95,165
Additions based on tax positions related to the current year	1,528
Additions for tax positions of prior years	3,760
Settlements	(605)
Statute expirations	(3,991)
<b>Balance at May 31, 2010</b>	<b>\$ 95,857</b>

The majority of Cintas' operations are in North America. Cintas is required to file federal income tax returns as well as state income tax returns in a majority of the domestic states and also in certain Canadian provinces. At times, Cintas is subject to audits in these jurisdictions. The audits, by nature, are sometimes complex and can require several years to resolve. The final resolution of any such tax audit could result in either a reduction in Cintas' accruals or an increase in its income tax provision, either of which could have an impact on the consolidated results of operation in any given period.

All U.S. federal income tax returns are closed to audit through fiscal 2006. Cintas is currently in advanced stages of various audits in certain foreign jurisdictions and certain domestic states. The years under audit cover fiscal years back to 2000. Based on the resolution of the various audits, it is reasonably possible that the balance of unrecognized tax benefits could decrease by approximately \$15,000 for the fiscal year ended May 31, 2011.

## 9. Acquisitions

The purchase price paid for each acquisition has been allocated to the fair value of the assets acquired and liabilities assumed. During fiscal 2010, Cintas acquired three First Aid, Safety and Fire Protection Services operating segment businesses and four Document Management Services operating segment businesses. During fiscal 2009, Cintas acquired three First Aid, Safety and Fire Protection Services operating segment businesses and twelve Document Management Services operating segment businesses. The following summarizes the aggregate purchase price for all businesses acquired:

	2010	2009
Fair value of tangible assets acquired	\$ 23,006	\$ 6,546
Fair value of goodwill acquired	26,978	19,024
Fair value of service contracts acquired	9,018	4,085
Fair value of other intangibles acquired	3,828	2,288
Total fair value of assets acquired	62,830	31,943
Fair value of liabilities assumed and incurred	11,870	574
Total cash paid for acquisitions	\$ 50,960	\$ 31,369

The results of operation for the acquired businesses are included in the consolidated statements of income from the dates of acquisition. The pro forma revenue, net income and earnings per share information relating to acquired businesses are not presented because they are not significant to Cintas.

## **10. Defined Contribution Plans**

Cintas' Partners' Plan (the Plan) is a non-contributory profit sharing plan and Employee Stock Ownership Plan (ESOP) for the benefit of substantially all U.S. Cintas employees who have completed one year of service. The Plan also includes a 401(k) savings feature covering substantially all U.S. employees. The amounts of contributions to the Plan and ESOP, as well as the matching contribution to the 401(k), are made at the discretion of Cintas. Total contributions, including Cintas' matching contributions, which approximate cost, were \$19,849, \$23,400 and \$28,700 for the fiscal years ended May 31, 2010, 2009 and 2008, respectively.

Cintas has a non-contributory deferred profit sharing plan (DPSP), which covers substantially all Canadian employees. In addition, a registered retirement savings plan (RRSP) is offered to those employees. The amounts of contributions to the DPSP, as well as the matching contribution to the RRSP, are made at the discretion of Cintas. Total contributions, which approximate cost, were \$921, \$1,086 and \$1,500 for the fiscal years ended May 31, 2010, 2009 and 2008, respectively.

Cintas has a supplemental executive retirement plan (SERP) subject to Section 409A of the Internal Revenue Code for the benefit of certain highly compensated Cintas employees. The SERP allows participants to defer the receipt of compensation which would otherwise become payable to them. Matching contributions are made at the discretion of Cintas. Total matching contributions were \$5,014, \$5,498 and \$5,915 for the fiscal years ended May 31, 2010, 2009 and 2008, respectively.

## 11. Earnings per Share

Cintas adopted new guidance for determining whether instruments granted in share-based payment transactions are participating securities on June 1, 2009, using the retrospective method. The retrospective application had no impact on the basic and diluted earnings per share for the fiscal years ended May 31, 2009 and 2008, respectively. The following table sets forth the computation of basic and diluted earnings per share using the two-class method for amounts attributable to Cintas' common shares:

	2010	2009	2008
<u>Basic Earnings per Share</u>			
Net income	\$ 215,620	\$ 226,357	\$ 335,405
Less dividends to:

For the fiscal years ended May 31, 2010, 2009 and 2008, 4,451, 5,474 and 3,060 options granted to purchase shares of Cintas common stock, respectively, were excluded from the computation of diluted earnings per share. The exercise prices of these options were greater than the average market price of the common shares (anti-dilutive).

## 12. Stock-Based Compensation

Under the 2005 Equity Compensation Plan adopted by Cintas in fiscal 2006, Cintas may grant officers and key employees equity compensation in the form of stock options, stock appreciation rights, restricted and unrestricted stock awards, performance awards and other stock unit awards up to an aggregate of 14,000,000 shares of Cintas' common stock. At May 31, 2010, 10,914,768 shares of common stock are reserved for future issuance under the 2005 Equity Compensation Plan. The compensation cost was \$15,349, \$11,953 and \$7,456 for the fiscal years ended May 31, 2010, 2009 and 2008, respectively. The total income tax benefit recognized in the consolidated income statement for share-based compensation arrangements was \$3,912, \$2,809 and \$2,022 for the fiscal years ended May 31, 2010, 2009 and 2008, respectively.

## Stock Options

Stock options are granted at the fair market value of the underlying common stock on the date of grant. The option terms are determined by the Compensation Committee of the Board of Directors, but no stock option may be exercised later than 10 years after the date of the grant. The option awards generally have 10-year terms with graded vesting in years 3 through 10 based on continuous service during that period. Cintas recognizes compensation expense for these options using the straight-line recognition method over the vesting period.

The fair value of these options was estimated at the date of grant using a Black-Scholes option-pricing model with the following assumptions:

	2010	2009	2008
Risk-free interest rate	3.9%	4.5%	4.5%
Dividend yield	1.3%	1.0%	0.8%
Expected volatility of Cintas' common stock	30.0%	30.0%	30.0%
Expected life of the option in years	7.5	7.5	8.5

The risk-free interest rate is based on U.S. government issues with a remaining term equal to the expected life of the stock options. The determination of expected volatility is based on historical volatility of Cintas' common stock over the period commensurate with the expected term of stock options, as well as other relevant factors. The weighted average expected term was determined based on the historical employee exercise behavior of the options. The weighted-average fair value of stock options granted during fiscal 2010, 2009 and 2008 was \$10.16, \$10.17 and \$15.89, respectively.

The information presented in the following table relates primarily to stock options granted and outstanding under either the 2005 Equity Compensation Plan or under previously adopted plans:

	Shares	Weighted Average Exercise Price
Outstanding, May 31, 2007 (2,316,157 shares exercisable)	6,648,604	\$ 40.60

<b>Outstanding, May 31, 2010 (1,838,530 shares exercisable)</b>	<b>6,467,206</b>	<b>\$ 37.63</b>

There were no stock options exercised during the years ended May 31, 2010 or 2009. The total cash received from employees as a result of employee stock option exercises for the fiscal year ended May 31, 2008, was \$4,430.

The fair value of stock options vested was \$6,808, \$3,458 and \$2,069 for the fiscal years ended May 31, 2010, 2009 and 2008, respectively.

The following table summarizes the information related to stock options outstanding at May 31, 2010:

Range of Exercise Prices	Number Outstanding	Outstanding Options		Exercisable Options	
		Average Remaining Option Life	Weighted Average Exercise Price	Number Exercisable	Weighted Average Exercise Price

At May 31, 2010, the aggregate intrinsic value of stock options outstanding and exercisable was \$971 and \$23, respectively.

The weighted-average remaining contractual term of stock options exercisable is 2.2 years.

### Restricted Stock Awards

Restricted stock awards consist of Cintas' common stock which is subject to such conditions, restrictions and limitations as the Compensation Committee of the Board of Directors determines to be appropriate. The vesting period is generally three years after the grant date. The recipient of restricted stock awards will have all rights of a shareholder of Cintas, including the right to vote and the right to receive cash dividends, during the vesting period.

The information presented in the following table relates to restricted stock awards granted and outstanding under the plan adopted in fiscal 2006:

	Shares	Weighted Average Grant Price
Outstanding, unvested grants at May 31, 2007	329,424	\$ 37.35

Vested	(118,254)	36.57
<b>Outstanding, unvested grants at May 31, 2010</b>	<b>1,407,351</b>	<b>\$ 27.45</b>

The remaining unrecognized compensation cost related to unvested stock options and restricted stock at May 31, 2010, was \$50,614, and the weighted-average period of time over which this cost will be recognized is 3.1 years.

### **13. Litigation and Other Contingencies**

Cintas is subject to legal proceedings, insurance receipts, legal settlements and claims arising from the ordinary course of its business, including personal injury, customer contract, environmental and employment claims. In the opinion of management, the aggregate liability, if any, with respect to such ordinary course of business actions will not have a material adverse effect on the financial position or results of operation of Cintas. Cintas is party to additional litigation not considered in the ordinary course of business, including the litigation discussed below.

Cintas is a defendant in a purported class action lawsuit, *Mirna E. Serrano, et al. v. Cintas Corporation (Serrano)*, filed on May 10, 2004, and pending in the United States District Court, Eastern District of Michigan, Southern Division. The *Serrano* plaintiffs alleged that Cintas discriminated against women in hiring into various service sales representative positions across all divisions of Cintas. On November 15, 2005, the Equal Employment Opportunity Commission (EEOC) intervened in the *Serrano* lawsuit. The *Serrano* plaintiffs seek injunctive relief, compensatory damages, punitive damages, attorneys' fees and other remedies. On October 27, 2008, the United States District Court in the Eastern District of Michigan granted summary judgment in favor of Cintas limiting the scope of the putative class in the *Serrano* lawsuit to female applicants for service sales representative positions at Cintas locations within the state of Michigan. Consequently, all claims brought by female applicants for service sales representative positions outside of the state of Michigan were dismissed. Similarly, any claims brought by the EEOC on behalf of similarly situated female applicants outside of the state of Michigan have also been dismissed from the *Serrano* lawsuit. Cintas is a defendant in another purported class action lawsuit, *Blanca Nelly Avalos, et al. v. Cintas Corporation (Avalos)*, which was filed in the United States District Court, Eastern District of Michigan, Southern Division. The *Avalos* plaintiffs alleged that Cintas discriminated against women, African-Americans and Hispanics in hiring into various service sales representative positions in Cintas' Rental division only throughout the United States. The *Avalos* plaintiffs sought injunctive relief, compensatory damages, punitive damages, attorneys' fees and other remedies. The claims in *Avalos* originally were brought in the lawsuit captioned *Robert Ramirez, et al. v. Cintas Corporation (Ramirez)*, filed on January 20, 2004, in the United States District Court, Northern District of California, San Francisco Division. On May 11, 2006, the *Ramirez* and *Avalos* African-American, Hispanic and female failure to hire into service sales representative positions claims and the EEOC's intervention were consolidated for pretrial purposes with the *Serrano* case and transferred to the United States District Court for the Eastern District of Michigan, Southern Division. The consolidated case was known as *Mirna E. Serrano/Blanca Nelly Avalos, et al. v. Cintas Corporation (Serrano/Avalos)*. On March 31, 2009, the United States District Court, Eastern District of Michigan, Southern Division entered an order denying class certification to all plaintiffs in the *Serrano/Avalos* lawsuits. Following denial of class certification, the Judge permitted the individual *Avalos* and *Serrano* plaintiffs to proceed separately. In the *Serrano* case, all private individual claims have been dismissed with prejudice and the EEOC is continuing to pursue individual claims on behalf of 13 claimants. On April 15, 2010, the United States District Court, Eastern Division of Michigan, Southern Division entered an order granting summary judgment against all individual plaintiffs in the *Avalos* lawsuit. On May 11, 2010, Plaintiff Tanesha Davis, on behalf of all similarly situated plaintiffs, filed a notice of appeal of the District Court's summary judgment order in the United States Court of Appeals for the Sixth Circuit. The Appellate Court has made no determination regarding the merits of Davis' appeal.

The litigation discussed above, if decided or settled adversely to Cintas, may, individually or in the aggregate, result in liability material to Cintas' consolidated financial condition or results of operation and could increase costs of operations on an ongoing basis. Any estimated liability relating to these proceedings is not determinable at this

time. Cintas may enter into discussions regarding settlement of these and other lawsuits, and may enter into settlement agreements if it believes such settlement is in the best interest of Cintas' shareholders.

Cintas is a defendant in a purported class action lawsuit, *Paul Veliz, et al. v. Cintas Corporation (Veliz)*, filed on March 19, 2003, in the United States District Court, Northern District of California, Oakland Division, alleging that Cintas violated certain federal and state wage and hour laws applicable to its service sales representatives, whom Cintas considers exempt employees, and asserting additional related ERISA claims. On April 5, 2004 and February 14, 2006, the Court stayed the claims of all plaintiffs with valid arbitration agreements pending arbitration of those claims. Claims made in the *Veliz* action, therefore, are pending before the United States District Court, Northern District of California and Judge Bruce Meyerson (Ret.), an Arbitrator selected by the parties. On August 5, 2009, the parties in the *Veliz* action reached a settlement in principle. When the settlement is fully documented and approved by the Court, the settlement will resolve all claims now pending or that could have been brought relating to the subject matter of the case before the Court and the Arbitrator. Cintas expects that the approval process will take several months. The principal terms of the settlement provide for an aggregate cash payment of approximately \$23,950 which is accrued in current accrued liabilities at May 31, 2010. The pre-tax impact, net of insurance proceeds, was \$19,477.

During fiscal 2010, Cintas had other legal settlements that totaled \$4,052, net of insurance proceeds. None of these settlements were significant individually. These settlements included litigation related to multiple subjects including employment practices and insurance coverage.

## **14. Operating Segment Information**

Cintas classifies its businesses into four operating segments. The Rental Uniforms and Ancillary Products operating segment consists of the rental and servicing of uniforms and other garments including flame resistant clothing, mats, mops and shop towels and other ancillary items. In addition to these rental items, restroom cleaning services and supplies and carpet and tile cleaning services are also provided within this operating segment. The Uniform Direct Sales operating segment consists of the direct sale of uniforms and related items and branded promotional products. The First Aid, Safety and Fire Protection Services operating segment consists of first aid, safety and fire protection products and services. The Document Management Services operating segment consists of document destruction, document imaging and document retention services.

As described more fully in Note 2 entitled Restructuring and Related Activity, Cintas recorded a charge of \$59,097 related to restructuring activities and impairment of long-lived assets in the fiscal year ended May 31, 2009. The total charges due to the restructuring activities and impairment of long-lived assets for the Rental Uniforms and Ancillary Products, Uniform Direct Sales, First Aid, Safety and Fire Protection Services and Document Management Services operating segments is \$52,986, \$4,682, \$1,107 and \$322, respectively.

Cintas evaluates the performance of each operating segment based on several factors of which the primary financial measures are operating segment revenue and income before income taxes. The accounting policies of the operating segments are the same as those described in Note 1 entitled Significant Accounting Policies. Information related to the operations of Cintas' operating segments is set forth below:

## 16. Supplemental Guarantor Information

Cintas Corporation No. 2 (Corp. 2) is the indirectly, wholly-owned principal operating subsidiary of Cintas. Corp. 2 is the issuer of the \$775,000 of long-term senior notes, which are unconditionally guaranteed, jointly and severally, by Cintas Corporation and its wholly-owned, direct and indirect domestic subsidiaries.

As allowed by SEC rules, the following condensed consolidating financial statements are provided as an alternative to filing separate financial statements of the guarantors. Each of the subsidiaries presented in the condensed consolidating financial statements has been fully consolidated in Cintas' consolidated financial statements. The condensed consolidating financial statements should be read in conjunction with the consolidated financial statements of Cintas and notes thereto of which this note is an integral part.

Condensed consolidating financial statements for Cintas, Corp. 2, the subsidiary guarantors and non-guarantors are presented on the following pages:

## **Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure**

Nothing to report.

## **Item 9A. Controls and Procedures**

### **Disclosure Controls and Procedures**

With the participation of Cintas' management, including Cintas' Chief Executive Officer, Chief Financial Officer, General Counsel and Controllers, Cintas has evaluated the effectiveness of the disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) as of May 31, 2010. Based on such evaluation, Cintas' management, including Cintas' Chief Executive Officer, Chief Financial Officer, General Counsel and Controllers, have concluded that Cintas' disclosure controls and procedures were effective as of May 31, 2010, in ensuring (i) information required to be disclosed by Cintas in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms and (ii) information required to be disclosed by Cintas in the reports that it files or submits under the Exchange Act is accumulated and communicated to Cintas' management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

### **Internal Control over Financial Reporting**

There were no significant changes in Cintas' internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fiscal quarter ended May 31, 2010, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. See "Management's Report on Internal Control over Financial Reporting" and "Report of Independent Registered Public Accounting Firm" in Item 8 preceding Cintas' financial statements.

## **Item 9B. Other Information**

Nothing to report.
