ITEM 2. Application of Rule 262

(a) State whether any of the persons identified in response to Item 1 are subject to any of the disqualification provisions set forth in Rule 262.

They are not.

(b) If any such person is subject to these provisions, provide a full description including pertinent names, dates and other details, as well as whether or not an application has been made pursuant to Rule 262 for a waiver of such disqualification and whether or not such application has been granted or denied.

Not applicable.

ITEM 3. Affiliate Sales

If any part of the proposed offering involves the resale of securities by affiliates of the issuer, confirm that the following description does not apply to the issuer: The issuer has not had a net income from operations of the character in which the issuer intends to engage for at least one of its last two fiscal years.

Such description does not apply to the issuer.

ITEM 4. Jurisdictions in Which Securities Are to be Offered

(a) List the jurisdiction in which the securities are to be offered by underwriters, dealers or salespersons.

The issuer currently plans to offer the securities through a selling agent in the following states: Maine, Massachusetts, Florida, Illinois, California, Connecticut, New Hampshire, and Maryland.

(b) List the jurisdictions in which the securities are to be offered other than by underwriters, dealers or salesmen and state the method by which such securities are to be offered.

This offering of securities is subject to preemptive rights in favor of existing shareholders, and the issuer plans to give written notice of such preemptive rights to all shareholders. To the extent that record or beneficial owners in other states elect to exercise preemptive rights, the issuer plans to offer and sell the securities directly to such shareholders in such states.

ITEM 5. Unregistered Securities Issued or Sold Within One Year

(a) As to any unregistered securities issued by the issuer or any of its predecessors or affiliated issuers within one year prior to the filing of this Form 1-A, state: (1) the name of such issuer; (2) the title and amount of securities issued; (3) the aggregate offering price or other consideration for which they were issued and basis for computing the amount thereof; (4) the names and identities of the persons to whom the securities were issued.

Not applicable. The issuer has not issued any unregistered securities within one year prior to the filing date.

(b) As to any unregistered securities of the issuer or any of its predecessors or affiliated issuers which were sold within one year prior to the filing of this Form 1-A by or for the account of any person who at the time was a director, officer, promoter or principal security holder of the issuer of such securities, or was an underwriter of any securities of such issuer, furnish the information specified in subsections (1) through (4) of paragraph (a).

Not applicable.

(c) Indicate the section of the Securities Act or Commission rule or regulation relied upon for exemption from the registration requirements of such Act and state briefly the facts relied upon for such exemption.

Not applicable.

ITEM 6. Other Present or Proposed Offerings

State whether or not the issuer or any of its affiliates is currently offering or contemplating the offering of any securities in addition to those covered by this Form 1-A. If so, describe fully the present or proposed offering,

The issuer is not currently offering or contemplating the offering of any other securities.

ITEM 7. Marketing Arrangements

(a) Briefly describe any arrangement known to the issuer or to any person named in response to Item 1 above or to any selling securityholder in the offering covered by this Form 1-A for any of the following purposes: (1) To limit or restrict the sale of other securities of the same class as those to be offered for the period of distribution; (2) To stabilize the market for any of the securities to be offered; (3) For withholding commissions, or otherwise to hold each underwriter or dealer responsible for the distribution of its participation.

None.

(b) Identify any underwriter that intends to confirm sales to any accounts over which it exercises discretionary authority and include an estimate of the amount of securities so intended to be confirmed.

The issuer has not engaged any underwriter in connection with the offering.

ITEM 8. Relationship with Issuer of Experts Named in Offering Statement

If any expert named in the offering statement as having prepared or certified any part thereof was employed for such purpose on a contingent basis or, at the time of such preparation or certification or at any time thereafter, had a material interest in the issuer or any of its parents or subsidiaries or was connected with the issuer or any of its subsidiaries as a promoter, underwriter, voting trustee, director, officer or employee furnish a brief statement of the nature of such contingent basis, interest or connection.

None.

ITEM 9. Use of a Solicitation of Interest Document

Indicate whether or not a publication authorized by Rule 254 was used prior to the filing of this notification. If so, indicate the date(s) of publication and of the last communication with prospective purchasers.

On or around December 9, 2009, the issuer mailed a Rule 254 solicitation of interest letter to all shareholders known to the issuer as residing in selected states (Maine, Massachusetts, and Florida). A copy of such letter was simultaneously mailed to the Commission. The most recent communication with any such prospective purchasers regarding such solicitation occurred on or around February 1, 2010.

PART II - OFFERING CIRCULAR

See attached Preliminary Offering Circular.

Information contained in this Preliminary Offering Circular is subject to completion or amendment. These securities may not be sold nor may offers to buy be accepted prior to the time an offering circular which is not designated as a Preliminary Offering Circular is delivered and the offering statement filled with the Commission becomes qualified. This Preliminary Offering Circular shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sales of these securities in any state in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the laws of any such state. An offering statement pursuant to Regulation A relating to these securities has been filed with the Securities and Exchange Commission.

RISK FACTORS

- 2. List in the order of importance the factors which the Company considers to be the most substantial risks to an investor in this offering in view of all facts and circumstances or which otherwise make the offering one of high risk or speculative (i.e., those factors which constitute the greatest threat that the investment will be lost in whole or in part, or not provide an adequate return).
 - (1) The failure of this offering to generate sufficient net proceeds could jeopardize the Company's ability to issue additional mortgage bonds in the future. Under its mortgage indenture, the Company may not issue additional bonds if the principal amount of bonds to be outstanding would exceed 66-2/3% of the cost or fair value of permanent improvements, extensions and additions to its plant. The indenture also limits the amount of long-term debt the Company may obtain in relation to its equity. These limitations are intended to provide security to bondholders and essentially require that the Company fund at least 33-1/3% of its construction budget with equity (including retained earnings) or short-term debt. The size of the Company's mortgage debt as a percentage of plant cost/value has increased over time. Currently the Company is unable to issue significant additional mortgage bonds (or other long-term debt) until it increases its capital.
 - (2) The Company's costs of operation are significantly affected by governmental regulations. The Company must comply with local, state and federal regulations pertaining to water utility operations. The United States Environmental Protection Agency and the Maine Drinking Water Program have established water quality standards and rules and regulations for operating practices. Failure to comply with applicable rules and regulations could subject the Company and its employees to fines or other penalties, including possible license suspension. For more information, see Item 3(i).
 - (3) The rates the Company may charge are subject to prior governmental approval. The Company's ability to earn profits is largely dependent upon the rates it charges its customers. These rates are regulated by the Maine Public Utilities Commission ("MPUC"). The Company files rate increase requests with the MPUC from time to time, to recover its investments in plant and equipment and projected expenses. The MPUC determines whether investments and expenses are recoverable, the length of time over which such costs are recoverable and the permitted rate of return on investments. Rate proceedings can be complex and expensive, and the MPUC has very substantial discretion over accounting measures that can significantly affect rate determinations.
 - (4) Due to the currently weak economic climate in the U.S. and Maine, there is a risk that authorized rates of return may be lower in upcoming rate adjustment proceedings than in prior proceedings. The Maine Public Utilities Commission authorized a return on equity of 10.00% during the Company's most recent rate proceeding, which became effective as of March 1, 2008. The authorized rates of return approved by the MPUC for other water utilities since that date has remained at 10.00%. However, authorized rate of return do fluctuate (for example, the Company was authorized a return on

- equity of 9.7% in its rate proceeding completed on December 15, 2003), and the MPUC has discretion to consider current economic conditions in setting authorized returns. A recent example from outside Maine is illustrative of this principle. In that non-Maine case, the regulatory commission ultimately authorized a return on equity of 10.00%, which was below the 10.75% recommended by the commission staff and the 11.00% that had been granted to the same utility in its most recent prior proceeding.
- (5) Water consumption may continue to be hampered by economic weakness and unfavorable weather patterns. Water usage in the Company's service area has fallen well below expectations since the Company completed its most recent rate adjustment proceeding in March 2008. The summer weather in 2008 and (especially) 2009 was quite damp, suppressing demand. The economic slowdown in Maine that began in 2008 has also reduced water demand, both for industrial and commercial uses.
- (6) Economic recovery in Maine has in the past tended to lag the nation. In recent prior recessions, Maine's economy has not been affected as deeply as the nation as a whole, but has tended to recover more slowly than the nation as a whole. The reported unemployment rate (not seasonally adjusted) for Maine was 8.2% in February 2010. Although unemployment in Cumberland County and York County, Maine is lower than in the State as a whole, unemployment remains considerably higher than in 2000-2008. The Maine State budget for its 2010-2011 fiscal year has been repeatedly adjusted downward to reflect revenue shortfalls. The current economic climate may create an unfavorable environment for upcoming rate adjustment proceedings, and may cause an increase in accounts receivable due to slower than normal payments.
- (7) The Company depends on the availability of capital for expansion, construction, and maintenance. The Company's ability to fund construction and maintenance depends on the availability of adequate capital. There is no guarantee that the Company will be able to obtain sufficient capital in the future or that the cost of capital will not be too high for future expansion and construction.
- (8) The Company's unsecured line of credit expires annually. The balance on the Company's unsecured line of credit was \$1,674,127 on December 31, 2009. The line expires on June 30, 2011. The Company's bond indenture limits the total amount of debt that the Company may incur.
- (9) Contamination of the Company's water supply could disrupt service and adversely affect its revenues. The Company obtains all of its water supply from the Saco River. The river is susceptible to possible contamination and pollution from man-made sources. The Company has no ready alternate source of supply, and if the Saco River were to become seriously contaminated, the Company could be required to discontinue its operations until water quality is restored.
- (10) The failure of this offering to generate sufficient net proceeds may adversely affect the future earnings capacity of the Company. In recent years, the Company's earnings have not been sufficient to fund necessary replacements and improvements of its capital plant, thereby requiring the Company to utilize debt as a source of funding for these expenditures. The amount of long-term and short-term debt in relation to equity also affects the Company's permitted level of earnings under applicable utilities regulations. The Company is permitted a greater rate of return on equity than on debt.
- (11) Utilities are now considered a possible target for terrorist attack. The Company must consider what measures may be taken to forestall future acts of sabotage, vandalism or terrorism, and endeavor to be prepared with an appropriate emergency response plan. Significant changes to plant and equipment would require increased equity or (if permitted) increases in borrowings.
- (12) The use of chlorine gas as a disinfectant may be banned by federal regulation. The Company utilizes chlorine gas as the primary disinfectant at its water treatment facility. Legislation has been considered in Congress to require utilities to use disinfectants that would pose less risk to the public in the event of an accident or terrorist attack. Alternative disinfectants are more costly and could require significant modification of the Company's disinfectant storage and feed facilities.
- (13) The offering price of Company common stock is arbitrary. The offering price of \$67.50 per share bears no relationship to established value criteria, such as designated multiples of net tangible assets or earnings per share, and should not be considered an indication of the actual value of the Company. Regulated water utilities generally are not permitted to earn more than a designated return on the book

value of their assets. Historically, when regulated water utilities are sold the purchase price has tended to be at or near book value, with adjustments depending upon market conditions, the perceived capacity for expansion and other factors.

- (14) The price of a share in this offering is significantly higher than the book value of the stock. As of December 31, 2009, the tangible net book value per share was \$39.52. This is approximately 58.5% of the offering price. As a result, investors participating in this offering will incur immediate and substantial dilution. Book value is determined by subtracting liabilities from tangible assets and dividing the answer by the number of outstanding shares.
- your shares at or above the price you pay for them. The Company's common stock is traded through an over-the-counter electronic quotation market operated by Pink OTC Markets Inc. The stock trades only sporadically, usually in amounts of well less than 1,000 shares per day. Because of the limited volume of trading, a sale of any significant number of shares of Company common stock in the open market could cause the stock price to decline. The Company is not subject to SEC public reporting requirements and therefore market participants (other than insiders) typically have little current information about the Company, other than published stock trading prices and whatever annual financial information was last provided to shareholders. Due in part to these factors, historical trading prices for the Company's common stock may not reflect a fair or accurate assessment of the market value of the Company's stock.

Note: In addition to the above risks, businesses are often subject to risks not foreseen or fully appreciated by management. In reviewing this Offering Circular potential investors should keep in mind other possible risks that could be important.

BUSINESS AND PROPERTIES

- 3. With respect to the business of the Company and its properties:
 - (a) Describe in detail *what* business the Company does and proposes to do, including what products or goods are or will be produced or services that are or will be rendered.
 - The Company is a privately-owned water company, regulated as a public utility by the State of Maine Public Utilities Commission. The Company's operations date back to 1881. The Company sells water to residential, commercial, municipal, and industrial customers located in the southern Maine communities of Biddeford, Saco, Old Orchard Beach, and the Pine Pont section of Scarborough. The Company also occasionally sells water to the adjacent public water utility to the south (Kennebunk Kennebunkport & Wells Water District), primarily to enable that utility to satisfy peak summertime demands.
 - (b) Describe *how* these products are to be produced or rendered and how and when the Company intends to carry out its activities. If the Company plans to offer a new product(s), state the present stage of development, including whether or not a working prototype(s) is in existence. Indicate if completion of development of the product would require a material amount of the resources of the Company, and the estimated amount. If the Company is or is expected to be dependent upon one or a limited number of suppliers for essential raw materials, energy or other items, describe. Describe any major existing supply contracts.

The Company operates in conformity with standards of quality, practice, and procedure established by the United States Environmental Protection Agency and the Maine Drinking Water Program, and is further regulated by the Maine Public Utilities Commission primarily in the financial and customer service aspects of its business operations. The Saco River is the source of supply for the water sold by the Company. The Saco River watershed upstream from the Company's intakes covers an area of over 1,700 square miles. The peak rate at which the Company has ever drawn water from the Saco River is less than 5% of the minimum flow in the Saco River past the Company's intakes, and so there is always a sufficient quantity of water available to meet the

Company's requirements. The Company owns and operates a treatment plant to process the water drawn from the Saco River, producing a finished water that complies with all current drinking water regulations established by the United States Environmental Protection Agency and the Maine Drinking Water Program.

Under its mortgage indenture, the material terms of which are set forth in Note 5 to the attached financial statements, the Company may not issue additional bonds if the principal amount of bonds to be outstanding would exceed 66-2/3% of the cost or fair value of permanent improvements, extensions and additions to its plant. The indenture also limits the amount of long-term debt the Company may obtain in relation to its equity. The size of the Company's mortgage debt as a percentage of plant cost/value has increased over time, which renders the Company unable to issue significant additional long-term debt until it increases its equity.

(c) Describe the industry in which the Company is selling or expects to sell its products or services and, where applicable, any recognized trends within that industry. Describe that part of the industry and the geographic area in which the business competes or will compete.

The Company is authorized by legislative charter to provide services to the following communities in southern Maine: Biddeford, Saco, Old Orchard Beach, Lyman, Dayton, and Scarborough. The Company is also authorized to supply water to the Kennebunk, Kennebunkport, and Wells Water District.

Indicate whether competition is or is expected to be by price, service, or other basis. Indicate (by attached table if appropriate) the current or anticipated prices or price ranges for the Company's products or services, or the formula for determining prices, and how these prices compare with those of competitors' products or services, including a description of any variations in product or service features. Name the principal competitors that the Company has or expects to have in its area of competition. Indicate the relative size and financial and market strengths of the Company's competitors in the area of competition in which the Company is or will be operating. State why the Company believes it can effectively compete with these and other companies in its area of competition.

The Company is a privately-owned water company, regulated as a public utility by the State of Maine Public Utilities Commission. The Company holds a monopoly for the services it provides within its designated territory. Current technology is not conducive to the development of substantial competition for the monopoly services now provided by the Company.

Note: Because this Offering Circular focuses primarily on details concerning the Company rather than the industry in which the Company operates or will operate, potential investors may wish to conduct their own separate investigation of the Company's industry to obtain broader insight in assessing the Company's prospects.

(d) Describe specifically the marketing strategies the Company is employing or will employ in penetrating its market or in developing a new market. Set forth in response to Question 4 below the timing and size of the results of this effort which will be necessary in order for the Company to be profitable. Indicate how and by whom its products or services are or will be marketed (such as by advertising, personal contact by sales representatives, etc.), how its marketing structure operates or will operate and the basis of its marketing approach, including any market studies. Name any customers that account for, or based upon existing orders will account for a major portion (20% or more) of the Company's sales. Describe any major existing sales contracts.

The services provided by the Company are essential and provided under a monopoly. The Company does not engage in advertising or marketing of its services. Providing excellent customer service is important to the Company's overall mission, and Company employees are trained and evaluated accordingly.

Consistent with regulations established by the Maine Public Utilities Commission, approximately 16% of the Company's revenues are derived from public fire protection charges. These charges are allocated proportionately among the towns of Biddeford, Saco, Old Orchard Beach and Scarborough, based upon the number of fire hydrants located in each community. MPUC

ratemaking rules establish a formula for determining that portion of gross revenues that water utilities should derive from public fire protection charges. The rates charged by the Company for public fire protection services are established in accordance with such rules.

The Company provides its services to a large and diverse set of residential, commercial and municipal customers, and no one customer accounts for anywhere close to 20% of the Company's annual revenues.

(e) State the backlog of written firm orders for products and/or services as of a recent date (within the last 90 days) and compare it with the backlog of a year ago from that date.

The Company business is such that it does not have firm orders or backlogs. As a regulated public water utility, the Company is required to provide public water services within its service area to all persons requiring such services.

Explain the reason for significant variations between the two figures, if any. Indicate what types and amounts of orders are included in the backlog figures. State the size of typical orders. If the Company's sales are seasonal or cyclical, explain.

The Company's water sales are greater during the summer months. There are two primary reasons for this. First, water is used to irrigate lawns and gardens during the summer months. Second, there is an increase in population in the coastal sections of the Company's service area during the summer as well. Typically revenues from winter quarters average between 22 and 24 percent of annual revenues, and summer quarters between 26 and 28 percent.

(f) State the number of the Company's present employees and the number of employees it anticipates it will have within the next 12 months. Also, indicate the number by type of employee (i.e., clerical, operations, administrative, etc.) the Company will use, whether or not any of them are subject to collective bargaining agreements, and the expiration date(s) of any collective bargaining agreement(s). If this Company's employees are on strike, or have been in the past three years, or are threatening to strike, describe the dispute. Indicate any supplemental benefits or incentive arrangements the Company has or will have with its employees.

The Company's current permanent staff is divided into the following classifications: management (4 employees); office/clerical (4); meter reading (4); water treatment (6); and water distribution (9). The Company does not anticipate any significant change in staffing within the next 12 months, regardless of whether the offering is successfully completed. The Company believes it enjoys very good relations with its employees and that its workforce is stable. The average number of years of service for the Company's staff is approximately 16 years. The Company has not experienced any particular difficulty hiring workers when staff openings have occurred in the past. The Company's workforce does not belong to any union, and the Company is not subject to any collective bargaining agreement. All employees are paid on an hourly or salaried basis, depending upon job responsibilities. All employees receive a package of benefits which includes medical insurance, dental insurance, life insurance, vacation leave, sick leave, and pension benefits. All wages and benefits for employees are approved by a vote of the Company's Board of Directors.

(g) Describe generally the principal properties (such as real estate, plant and equipment, patents, etc.) that the Company owns, indicating also what properties it leases and a summary of the terms under those leases, including the amount of payments, expiration dates and the terms of any renewal options. Indicate what properties the Company intends to acquire in the immediate future, the cost of such acquisitions and the sources of financing it expects to use in obtaining these properties, whether by purchase, lease or otherwise.

The Company owns an office building with associated lot in Biddeford; a construction garage with associated lot in Saco; a water treatment plant with associated lot located on the Saco River in Biddeford; two primary pump stations (one to pump water from the Saco River into the treatment plant and the other to pump water from the treatment plant into the distribution system); a 7.5 million gallon finished water storage reservoir with associated lot; three distribution storage standpipes with associated lots and having a combined total storage volume of 3.3 million gallons;

approximately 235 miles of distribution and transmission mains; approximately 16,200 service connections; approximately 15,200 meters; and approximately 1,200 fire hydrants. Essentially all of the Company's property is subject to liens under its mortgage bond indentures. The Company has no plans to acquire additional property at the present time, but will extend its distribution system as needed to provide service to new customers.

(h) Indicate the extent to which the Company's operations depend or are expected to depend upon patents, copyrights, trade secrets, know-how or other proprietary information and the steps undertaken to secure and protect this intellectual property, including any use of confidential agreements, covenants-not-to-compete and the like. Summarize the principal terms and expiration dates of any significant license agreements. Indicate the amounts expended by the Company for research and development during the last fiscal year, the amount expected to be spent this year and what percentage of revenues research and development expenditures were for the last fiscal year.

The Company is not involved in developing new products or services, and does not rely on any material rights in intellectual property.

(i) If the Company's business, products, or properties are subject to material regulation (including environmental regulation) by federal, state, or local government agencies, indicate the nature and extent of regulation and its effects or potential effects upon the Company.

The Company is a public water utility and its operations are subject to extensive regulation by the Maine Public Utilities Commission, the United States Environmental Protection Agency and the Maine Drinking Water Program. Applicable regulations include, without limitation: regulation of rates charged by the Company to its customers; land use regulations; water purity treatment standards; and regulations on use of hazardous chemicals.

All rates charged by the Company for utility services must first be approved by the MPUC. The rate adjustment process is completed in accordance with an MPUC rule that establishes the filing requirements for the form, content, and organization of all schedules of rates, terms and conditions. The Company initiates the process by first filing proposed new rates with the MPUC, and then notifying all customers that a rate adjustment proposal has been sent to the MPUC. The MPUC's staff reviews the filing and schedules meetings and hearings as appropriate. The process always includes the Maine Public Advocate as a representative of the public interest, and is open to the public; any interested party may participate. Completion of the rate adjustment process can require up to nine months.

The Company is required to obtain approval from the MPUC prior to the sale and issuance of securities. On May 5, 2010, the MPUC authorized the issuance of up to 35,000 shares of Company common stock in connection with this offering.

Regulatory violations sufficient to result in suspension or revocation of the Company's permits to treat or distribute water could also subject the Company to substantial administrative penalties and possible civil liability for damages.

Certain Company employees are certified and authorized to practice in the State of Maine as Water System Operators. Loss of an individual's license would prevent that employee from providing the regulated services to the Company.

(j) State the names of any subsidiaries of the Company, their business purposes and ownership, and indicate which are included in the Financial Statements attached hereto. If not included, or if included but not consolidated, please explain.

The Company has no subsidiaries.

(k) Summarize the material events in the development of the Company (including any material mergers or acquisitions) during the past five years, or for whatever lesser period the Company has been in existence. Discuss any pending or anticipated mergers, acquisitions, spin-offs or recapitalizations. If the Company has recently undergone a stock split, stock dividend or recapitalization in anticipation of

this offering, describe (and adjust historical per share figures elsewhere in this Offering Circular accordingly).

The charter for the Biddeford and Saco Water Company was granted by the Maine State Legislature in 1881. Construction of necessary facilities began in 1883, and water was first supplied to customers located in Biddeford and Saco in 1885. In 1902 the Company purchased the Old Orchard Water Company. In 1905 water service was extended easterly form Old Orchard Beach along Grand Beach to Pine Point in Scarborough, and in 1909 service was extended westerly from Old Orchard Beach to Kinney Shores and Camp Ellis in Saco.

The last major geographic expansion of the service area occurred during the 1920's when service was expanded to include Ocean Park in Old Orchard Beach, and extended southerly from downtown Biddeford to the Hills Beach and Fort Hill sections of Biddeford. Since then, the supply, treatment, and distribution facilities have been continuously upgraded and expanded to meet changes in customer demand within the Company's service area and to maintain compliance with applicable rules and regulations.

The most recent stock dividend or stock split occurred in 1995. Common stock was last sold by the Company in 1968. No stock split, stock dividend, recapitalization, merger, acquisition, spin-off, or reorganization is contemplated at the present time.

4. (a) If the Company was not profitable during its last fiscal year, list below in chronological order the events which in management's opinion must or should occur or the milestones which in management's opinion the Company must or should reach in order for the Company to become profitable, and indicate the expected manner of occurrence or the expected method by which the Company will achieve the milestones.

Not applicable. The Company has been operating profitably for more than 100 years. In order to continue to maintain an acceptable level of profitability, the Company must periodically apply to the Maine Public Utilities Commission for increases in rates. The Company anticipates applying to the Maine Public Utilities Commission for a rate adjustment that, if granted, would become effective in 2011.

(b) State the probable consequences to the Company of delays in achieving each of the events or milestones within the above time schedule, and particularly the effect of any delays upon the Company's liquidity in view of the Company's then anticipated level of operating costs. (See Question Nos. 11 and 12)

The Company plans to operate as it has in the past and will periodically apply to the Maine Public Utilities Commission for rate adjustments in accordance with the prescribed rate adjustment process. By statute, water utilities are entitled to a reasonable rate or return on investment, but the MPUC nonetheless has substantial discretion in determining rates.

Note: After reviewing the nature and timing of each event or milestone, potential investors should reflect upon whether achievement of each within the estimated time frame is realistic and should assess the consequences of delays or failure of achievement in making an investment decision.

OFFERING PRICE FACTORS

If the securities offered are common stock, or are exercisable for or convertible into common stock, the following factors may be relevant to the price at which the securities are being offered.

5. What were net, after-tax earnings for the last fiscal year? (If losses, show in parenthesis.)

Total \$259,477 (\$2.45 per share)

6. If the Company had profits, show offering price as a multiple of earnings. Adjust to reflect for any stock splits or recapitalizations, and use conversion or exercise price in lieu of offering price, if applicable.

Offering Price Per Share Net After-Tax Earnings Last	=	\$67.50 \$2.45	=	27.55 price/earnings multiple
Year Per Share				

7.(a) What is the net tangible book value of the Company? (If deficit, show in parenthesis.) For this purpose, net tangible book value means total assets (exclusive of copyrights, patents, goodwill, research and development costs and similar intangible items) minus total liabilities.

```
$4,193,230 ($39.52 per share)
```

As is customary in the industry, the figure above includes deferred debits and deferred bond expenses because those costs relate to the Company's capital plant and other tangible assets and are recoverable/allowable for rate making purposes, either through expense or eventual capitalization of a completed project. Those amounts will be incorporated into future rates, and thus will be recovered either as an amortized expense or included in rate base.

If the net tangible book value per share is substantially less than this offering (or exercise or conversion) price per share, explain the reasons for the variation.

The price of the securities in this offering was not established by reference to book value or other established criteria of value, but rather was set arbitrarily at a level somewhat below the average trading price of the stock for the first five months of 2010.

(b) State the dates on which the Company sold or otherwise issued securities during the last 12 months, the amount of such securities sold, the number of persons to whom they were sold, and relationship of such persons to the Company at the time of sale, the price at which they were sold and, if not sold for cash, a concise description of the consideration. (Exclude bank debt.)

The Company has not sold or issued any securities during the last 12 months.

8. (a) What percentage of the outstanding shares of the Company will the investors in this offering have? (Assume exercise of outstanding options, warrants or rights and conversion of convertible securities, if the respective exercise or conversion prices are at or less than the offering price. Also assume exercise of any options, warrants or rights and conversions of any convertible securities offered in this offering.)

Currently the Company has 106,104 shares of common stock outstanding. The Company has no outstanding preferred stock, no outstanding securities convertible into stock, and no outstanding options, warrants or rights to purchase shares.

The present offering of common stock would increase the outstanding common stock by up to an additional 31,000 shares. The shares sold in this offering would represent the following percentages of the then outstanding shares of common stock:

If the maximum is sold: 22.6%

If 75% is sold: 17.9%

If 50% is sold: 12.7%

If 25% is sold: 6.8%

If none are sold: 0%

(b) What post-offering value is management implicitly attributing to the entire Company by establishing the price per security set forth on the cover page (or exercise or conversion price if common stock is not offered)? (Total outstanding shares after offering times offering price, or exercise or conversion price if common stock is not offered.)

If the maximum is sold: \$9,254,520*

If 75% is sold: \$8,731,395*

If 50% is sold: \$8,208,270*

If 25% is sold: \$7,685,145*

If none are sold: \$7,162,020*

Note: After reviewing the above, potential investors should consider whether or not the offering price (or exercise or conversion price, if applicable) for the securities is appropriate at the present stage of the Company's development.

USE OF PROCEEDS

9.(a) The following table sets forth the use of the proceeds from this offering:

	If Maximum is Sold*				
	Dollar Amount	% of Total			
Total Proceeds	\$2,092,500	100.0%			
Less: Offering Expenses					
Commissions and Finders Fees	0	0.0%			
Legal and Accounting	167,400	8.0%

Other	<u>0</u>	0.0%			
Net Proceeds from Offering	<u>\$1,904,175</u>	91.0%			
Use of Net Proceeds					
Repay Line of Credit	\$1,904,175	91.0%			
Total Use of Net Proceeds	<u>\$1,904,175</u>	<u>91.0%</u>			

^{*} The offering has no minimum and thus there is no assurance that any proceeds will be raised.

Net proceeds from the offering will, initially, be used to pay down the Company's operating line of credit and to increase the Company's invested capital for regulatory purposes. Ultimately, the net amount raised through this offering will help fund improvements to the Company's treatment and distribution systems.

The Company has an ongoing water main replacement program. The program is guided by a combination of factors, including the results of regular leak detection surveys, water main breakage records, plans for street reconstruction projects initiated by either the Maine Department of Transportation or one of the local communities served, and the availability of funds. Between approximately 2,500 and 5,000 feet of water main have been replaced annually in recent years. The Company hopes to be able to continue and expand this program for many years to come. Replacement of aging utility infrastructure improves system reliability and enhances water quality for customers. This work is not required by regulation, but is in keeping with a national trend for such activities. The cost per foot of replacement main varies over a wide range depending upon soil and site conditions; the range can be from approximately \$20.00 to well over \$100.00 per foot. The

^{*} The Company has no outstanding convertible securities and no outstanding options, warrants or rights to purchase common stock, and thus the foregoing values are not subject to adjustment to reflect conversions of convertible securities or to reflect exercises of options, warrants or rights.

work has been funded through a combination of internally generated funds and borrowings. Once complete and in service, the replacement mains may be capitalized to earn a return through rates. Expenses tend to go down as the number of main breaks drops when older mains are taken out of service.

(b) If there is no minimum amount of proceeds that must be raised before the Company may use the proceeds of the offering, describe the order of priority in which the proceeds set forth above in the column "If Maximum Sold" will be used.

The Company will use the net proceeds from this offering to pay down the balance on the Company's operating line of credit and to cover outstanding payables. Any proceeds remaining after such uses would be applied against future improvements and additions to plant and equipment. The reduction in debt and increase in equity will enable the Company to earn a greater return on its assets and increase its future borrowing capacity.

- Note: After reviewing the portion of the offering allocated to the payment of offering expenses, and to the immediate payment to management and promoters of any fees, reimbursements, past salaries or similar payments, a potential investor should consider whether the remaining portion of his investment, which would be that part available for future development of the Company's business and operations, would be adequate.
- 10.(a) If material amounts of funds from sources other than this offering are to be used in conjunction with the proceeds from this offering, state the amounts and sources of such other funds, and whether funds are firm or contingent. If contingent, explain.

The Company will use funds generated through operations, supplemented with funds drawn from its operating line of credit if needed. Funds generated through operations are not fixed in amount. As a regulated utility, the Company is entitled to earn a reasonable return on its equity capital and therefore an increase in capital may lead to improved rates and increased earnings. The Company's line of credit is subject to annual renewal. The line of credit has been renewed through June 30, 2011.

(b) If any material part of the proceeds is to be used to discharge indebtedness, describe the terms of such indebtedness, including interest rates. If the indebtedness to be discharged was incurred within the current or previous fiscal year, describe the use of proceeds of such indebtedness.

Proceeds from the offering will be used to reduce the balance on the Company's operating line of credit. The Company has a \$2,250,000 unsecured line of credit. The line expires on June 30, 2011. The interest charged on the line is a variable rate of prime less 1%. The amount outstanding was \$1,674,127 and the interest rate 2.25% at December 31, 2009.

(c) If any material amount of proceeds is to be used to acquire assets, other than the ordinary course of business, briefly describe and state the cost of the assets and other material terms of the acquisitions. If the assets are to be acquired from officers, directors, employees or principal stockholders of the Company or their associates, give the names of the persons from whom the assets are to be acquired and set forth the cost to the Company, the method followed in determining the cost, and any profit to such persons.

Not applicable.

(d) If any amount of the proceeds is to be used to reimburse any officer, director, employee or stockholder for services already rendered, assets previously transferred, or monies loaned or advanced, or otherwise, explain:

Not applicable.

11. Indicate whether the Company is having or anticipates having within the next 12 months any cash flow or liquidity problems and whether or not it is in default or in breach of any note, loan, lease or other indebtedness or financing arrangement requiring the Company to make payments. Indicate if a significant amount of the Company's trade payables have not been paid within the stated trade term.

State whether the Company is subject to any unsatisfied judgments, liens or settlement obligations and the amounts thereof. Indicate the Company's plans to resolve any such problems.

The Company does not expect any cash flow or liquidity problems within the next twelve months. The Company is not in default or in breach of any note, loan, lease or other indebtedness or financing arrangement requiring the Company to make payments.

12. Indicate whether proceeds from this offering will satisfy the Company's cash requirements for the next 12 months, and whether it will be necessary to raise additional funds. State the source of additional funds, if known.

The Company is not dependent on proceeds from this offering to fund its cash requirements for the next twelve months.

CAPITALIZATION

13. Indicate the capitalization of the Company as of the most recent balance sheet date (adjusted to reflect any subsequent stock splits, stock dividends, recapitalizations or refinancings) and as adjusted to reflect the sale of the minimum and maximum amount of securities in this offering and the use of the net proceeds therefrom:

page of this Offering Circular. Also indicate whether the Company will indemnify the selling agents or finders against liabilities under the securities laws. ("Finders" are persons who for compensation act as intermediaries in obtaining selling agents or otherwise making introductions in furtherance of this offering.)

The Company has not retained a selling agent. See Question 21 above. The Company does not intend to use finders and will not pay commissions or other compensation to finders, and will not indemnify finders against liabilities under the securities laws.

23. Describe any material relationships between any of the selling agents or finders and the Company or its management.

Not applicable.

Note: After reviewing the amount of compensation to the selling agents or finders for selling the securities, and the nature of any relationship between the selling agents or finders and the Company, a potential investor should assess the extent to which it may be inappropriate to rely upon any recommendation by the selling agents or finders to buy the securities.

No additional compensation will be paid to any officer, director, or company employee in connection with this offering.

25. If this offering is limited to a special group, such as employees of the Company, or is limited to a certain number of individuals (as required to qualify under Subchapter S of the Internal Revenue Code) or is subject to any other limitations, describe the limitations and any restrictions on resale that apply:

This offering is subject to preemptive rights under Maine law in favor of existing shareholders of Biddeford and Saco Water Company. Shares will first be offered to existing shareholders. All offers and sales to existing shareholders in this initial phase of the offering will be conducted by Company employees. If any shares remain available after all existing shareholders have had the opportunity to purchase, the Company currently intends to offer those remaining shares for sale through the representative listed in Question 21. In the case of shares made available for sale to persons other than existing shareholders, the Company intends to require a minimum investment of \$5,000 for each sale transaction, but reserves the right to waive this minimum in its discretion.

The Company mailed notice to all shareholders of record, stating that each existing shareholder may, by a specified date (July 7, 2010), give the Company notice of an election to purchase his or her pro rata portion of the shares offered hereby. Such notice shall not constitute a commitment by the shareholder to purchase the shares, but shall entitle the shareholder to do so on the same terms offered to others once the offering has been registered or otherwise cleared for sale in the state or other jurisdiction in which he or she maintains principal residence. Other than in connection with valid exercises of preemptive rights, the Company intends to limit the offering to residents of the following states: Maine, Massachusetts, Florida, Illinois, California, Connecticut, New Hampshire, and Maryland. The Company reserves the right in its discretion, however, to extend the offering to other states.

This item is not applicable. The Company may accept subscriptions as they are received. There is no minimum number of shares that must be sold as a condition to the offering.

(b) Date at which funds will be returned by escrow agent if minimum proceeds are not raised:

Not applicable.

Will interest on proceeds during escrow period be paid to investors?

[] Yes [] No N/A

27. Explain the nature of any resale restrictions on presently outstanding shares, and when those restrictions will terminate, if this can be determined:

There are no restrictions imposed by the Company on the resale of its outstanding common stock, and no resale restrictions will be placed on common stock purchased through this offering.

Under Maine law, no person or group may own or control more than 10% of the outstanding voting securities of a regulated public utility, unless the Maine Public Utilities Commission has first approved the acquisition of such ownership or control by such persons.

Holders of the Company's outstanding common stock have statutory preemptive rights, under which each holder generally has a right to purchase his or her pro rata portion of shares of stock (or options or rights to purchase such stock, or securities convertible into such stock) offered by the Company. These preemptive rights may be subject to exceptions that are not applicable to the present offering of shares.

Note: Equity investors should be aware that unless the Company is able to complete a further public offering or the Company is able to be sold for cash or merged with a public company that their investment in the Company may be illiquid indefinitely.

DIVIDENDS, DISTRIBUTIONS AND REDEMPTIONS

28. If the Company has within the last five years paid dividends, made distributions upon its stock or redeemed any securities, explain how much and when:

During each of the past five years, the Company has paid regular quarterly dividends on outstanding shares of common stock. During such period, the rate of dividends was \$3.20 per share per year through July 2009, and \$2.24 per share per year since October 2009.

The Company currently expects to continue to pay quarterly dividends on outstanding shares of common stock in the future. The amount of dividends paid is subject to statutory prohibitions on the making of distributions if they would cause the corporation to become insolvent. The Company's mortgage bond indentures also impose limits on the payment of dividends. See Item 19. Subject to such limitations, the Board of Directors has discretion to determine the timing and amounts of dividends. In recent years, all cash dividends declared by the Board have been paid from the Company's earnings from operations or from retained earnings. The Company currently expects to continue to pay quarterly dividends on outstanding shares of common stock in the future. The current payment rate is approximately 5.7% of total stockholders' equity, and would be approximately 5.1% if this offering is successful. The Company believes that payment of dividends at the current payment rate is sustainable, and the Company does not currently anticipate having to make any downward adjustment in the payment rate in the future.

35.(a) Have any of the Officers or Directors ever worked for or managed a company (including a separate subsidiary or division of a larger enterprise) in the same business as the Company?

[X] Yes [] No Explain:

Director David E. Briggs has prior employment experience with a regulated public utility. He served as a regional director for Central Maine Power Company prior to his retirement in 1995.

(b) If any of the Officers, Directors or other key personnel have ever worked for or managed a company in the same business or industry as the Company or in a related business or industry, describe what precautions, if any, (including the obtaining of releases or consents from prior employers) have been taken to preclude claims by prior employers for conversion or theft of trade secrets, know-how or other proprietary information.

Central Maine Power Company is an electricity distribution utility and the Company is a public water utility. The two companies neither compete for business nor utilize trade secrets and/or proprietary information in their operations. A release from Central Maine Power was not necessary for Mr. Briggs to be able to serve on the Company's Board of Directors.

(c) If the Company has never conducted operations or is otherwise in the development stage, indicate whether any of the Officers or Director has ever managed any other company in the start-up or development stage and describe the circumstances, including relevant dates.

Not applicable.

(d) If any of the Company's key personnel are not employees but are consultants or other independent contractors, state the details of their engagement by the Company.

Not applicable.

(e) If the Company has key man life insurance on any of its Officers, Directors or key personnel, explain, including the names of the persons insured, the amount of insurance, whether the insurance proceeds are payable to the Company and whether there are arrangements that required the proceeds to be used to redeem securities or pay benefits to the estate of the insured person or a surviving spouse.

The Company has not purchased key man life insurance on any Officer, Director or key personnel.

36. If a petition under the Bankruptcy Act or any State insolvency law was filed by or against the Company or its Officers, Directors or other key personnel, or a receiver, fiscal agent or similar officer was appointed by a court for the business or property of any such persons, or any partnership in which any of such persons was a general partner at or within the past five years, or any corporation or business association of which any such person was an executive officer at or within the past five years, set forth below the name of such persons, and the nature and date of such actions.

Not applicable.

Note: After reviewing the information concerning the background of the Company's Officers, Directors and other key personnel, potential investors should consider whether or not these persons have adequate background and experience to develop and operate this Company and to make it successful. In this regard, the experience and ability of management are often considered the most significant factors in the success of a business.

PRINCIPAL STOCKHOLDERS

37. Principal owners of the Company (those who beneficially own directly or indirectly 10% or more of the common and preferred stock presently outstanding) starting with the largest common stockholder. Include separately all common stock issuable upon conversion of convertible securities (identifying them by asterisk) and show average price per share as if conversion has occurred. Indicate by footnote if the price paid was for a consideration other than cash and the nature of any such consideration.

To the Company's knowledge, no shareholder beneficially owns 10% or more of the common stock of the Company. Under Maine law, a person or group that owns or controls 10% or more of the outstanding voting securities of a regulated public utility is required to obtain advance approval from the Maine Public Utilities Commissions. There have been no applications to the MPUC for approval of ownership in the Company.

The Company has no outstanding convertible securities.

38. Number of shares beneficially owned by Officers and Directors as a group:

Before offering:

894 shares (less than 1.0% of total outstanding)

After offering:

Assuming maximum securities sold: __ shares (__% of total outstanding)

The Company does not know how many shares, if any, its Officers and Directors will purchase through this offering. The Company expects that even after the offering, the Officers and Directors will own less than 2.0% of the total outstanding shares.

MANAGEMENT RELATIONSHIPS, TRANSACTIONS AND REMUNERATION

39.(a) If any of the Officers, Directors, key personnel or principal stockholders are related by blood or marriage, please describe.

C.S. Mansfield, Jr., President/Treasurer, and Christopher M. Mansfield, Deputy Manager, are father and son

(b) If the Company has made loans to or is doing business with any of its Officers, Directors, key personnel or 10% stockholders, or any of their relatives (or any entity controlled directly or indirectly by any such persons) within the last two years, or proposes to do so within the future, explain. (This includes sales or lease of goods, property or services to or from the Company, employment or stock purchase contracts, etc.) State the principal terms of any significant loans, agreements, leases, financing or other arrangements.

The Company has not made any loans to any of its Officers, Directors, key personnel or 10% stockholders, or their relatives, and has no plans to do so.

The Company's line of credit and checking accounts are with Biddeford Savings Bank. Director Wayne A. Sherman is a current member of the Board of Directors of that Bank as well as the former president of the Bank. The current business arrangements between the Company and Biddeford Savings Bank are on terms comparable to those available from unaffiliated third parties. All arrangements between the Company and Biddeford Savings Bank have been reviewed and approved by the Company's Board of Directors, without Mr. Sherman's participation in those discussions or votes.

The Company periodically shops for banking services. Presently, its line of credit with Biddeford Savings Bank bears interest at a variable rate equal to Prime minus 1%. The Company does not have any regular monthly charges for its various checking accounts with the Bank. The Company believes that the cost of banking services provided by Biddeford Savings Bank is competitive in this market. Biddeford Savings Bank is locally managed and is located near the Company's office.

(c) If any of the Company's Officers, Directors, key personnel or 10% stockholders has guaranteed or cosigned any of the Company's bank debt or other obligations, including any indebtedness to be retired from the proceeds of this offering, explain and state the amounts involved.

None of the Company's Officers, Directors, key personnel or 10% stockholders has guaranteed or co-signed any of the Company's bank debt or other obligations.

40.(a) List all remuneration by the Company to Officers, Directors and key personnel for the last fiscal year:

	<u>Cash</u>	Other
C.S. Mansfield, Jr. (Chief Executive Officer, Chief Operating Officer, Chief Financial Officer)	\$120,064	none
Robert R. Theriault (Assistant Treasurer)	97,034	none
Thomas Carr III (Distribution Superintendent)	101,613	none
Christopher M. Mansfield (Deputy Manager)	81,697	none
<u>Total</u>	<u>\$400,408</u>	none
Officers as a group (number of persons: 2)	\$217,098	none
Directors as a group (number of persons: 4)	<u>\$ 12,400</u>	none
Key persons as a group (number of persons: 2)	<u>\$183,310</u>	none

(b) If remuneration is expected to change or has been unpaid in prior years, explain:

The Company has a non-qualified deferred compensation plan available to assist select management employees to save on a pre-tax basis by deferring amounts of compensation. C.S. Mansfield, Jr. is the only employee currently participating in this plan. The total amount owed Mr. Mansfield under the Company's non-qualified deferred compensation plan was \$43,790 as of December 31, 2009.

The Company grants periodic cost of living and/or market rate adjustments in the compensation paid all employees. The Company expects to continue this practice in the future.

(c) If any employment agreements exist or are contemplated, describe:

The Company has an employment agreement with its President, C.S. Mansfield, Jr. This agreement was originally entered into in October 2006, and has been extended from time to time since then. The current term of the agreement expires December 31, 2010. The agreement as currently in effect provides for base salary to Mr. Mansfield at the annual rate of \$122,700. The agreement is terminable by either party at will. The Company also has a policy that provides for severance compensation for its Officers under certain circumstances, equal to two months of the Officer's current salary for every year of employment with the Company up to a maximum of twenty-four months of salary.

The Company has no current plans to enter into any new employment agreements, except that it does expect to renew its employment agreement with the President, C.S. Mansfield, Jr., on a year-to-year basis after the current term expires December 31, 2010.

Number of shares subject to issuance under presently outstanding stock purchase agreements, stock options, warrants or rights: 0 shares (0% of total shares to be outstanding after the completion of the offering if all securities sold, assuming exercise of options and conversion of convertible securities).

Indicate which have been approved by shareholders. N/A

State the expiration dates, exercise prices and other basic terms for these securities:

The Company has no presently outstanding stock purchase agreements, stock options, warrants, or rights outstanding.

- (b) Number of common shares subject to issuance under existing stock purchase or option plans but not yet covered by outstanding purchase agreements, options or warrants: N/A
- (c) Describe the extent to which future stock purchase agreements, stock options, warrants or rights must be approved by shareholders.

If any future stock purchase agreements, stock options, warrants or rights were to involve more than the Company's authorized amount of common stock, or another class of stock, the shareholders would have the statutory right to approve an amendment to the Company's Articles of Incorporation authorizing such new shares. Other than the statutory right to approve amendments to the Company's Articles of Incorporation, the shareholders do not have any rights to approve stock purchase agreements, stock options, warrants or rights.

42. If the business is highly dependent on the services of certain key personnel, describe any arrangements to assure that these persons will remain with the Company and not compete upon any termination:

The Company has an employment agreement with its President, C.S. Mansfield, Jr., the term of which expires December 31, 2010. That agreement provides for minimum salaries, and for severance payments under certain circumstances. See Item 40(c).

The Company does not have any non-compete agreements with its Officers or Directors.

The Company believes that it is capable of covering the short-term loss of any Officer, Director, or key person with increased effort from remaining personnel. The permanent loss of any such person would require the recruitment and hiring of an experienced replacement.

The Company has developed a plan setting out the procedures that would be followed to maintain critical management functions in the event the President/Treasurer becomes temporarily incapacitated, and to hire a successor for the President/Treasurer should replacement become necessary for any reason.

Note: After reviewing the above, potential investors should consider whether or not the compensation to management and other key personnel directly or indirectly, is reasonable in view of the present stage of the Company's development.

LITIGATION

43. Describe any past, pending or threatened litigation or administrative action which has had or may have a material effect upon the Company's business, financial condition, or operations, including any litigation or action involving the Company's Officers, Directors or other key personnel. State the names of the principal parties, the nature and current status of the matters, and amounts involved. Give an evaluation by management or counsel, to the extent feasible, of the merits of the proceedings or litigation and the potential impact on the Company's business, financial condition, or operations.

There has been and is now no litigation or administrative action pending against the Company that has had or could have a material effect on the Company.

FEDERAL TAX ASPECTS

44. If the Company is an S corporation under the Internal Revenue Code of 1986, and it is anticipated that any significant tax benefits will be available to investors in this offering, indicate the nature and amount of such anticipated tax benefits and the material risks of their disallowance. Also, state the name, address and telephone number of any tax advisor that has passed upon these tax benefits. Attach any opinion or description of the tax consequences of an investment in the securities by the tax advisor.

The Company is not an S corporation.

Note: Potential investors are encouraged to have their own personal tax consultant contact the tax advisor to review details of the tax benefits and the extent that the benefits would be available and advantageous to the particular investor.

MISCELLANEOUS FACTORS

45. Describe any other material factors, either adverse or favorable, that will or could affect the Company or its business (for example, discuss any defaults under major contracts, any breach of bylaw provisions, etc.) or which are necessary to make any other information in this Offering Circular not misleading or incomplete.

The Company considers the foregoing to include a fair summary of all material factors that affect, or are reasonably likely to affect, its business as a regulated public water utility.

FINANCIAL STATEMENTS

46. Provide the financial statements required by Part F/S of this Offering Circular section of Form 1-A.

Audited financial statements for the fiscal years ending December 31, 2009 and December 31, 2008 are attached. Also attached are interim financial statements (unaudited) as of, and for the five months ending May 31, 2010 and 2009.

The Company's management assesses recently issued but not effective accounting standards as they are issued. There are no recently issued accounting but not effective accounting standards that are expected to have a material impact on the Company's financial position or results of operations.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF CERTAIN RELEVANT FACTORS

47. If the Company's financial statements show losses from operations, explain the causes underlying those losses and what steps the Company has taken or is taking to address these causes.

Not applicable.

48. Describe any trends in the Company's historical operating results. Indicate any changes now occurring in the underlying economics of the industry or the Company's business which, in the opinion of Management, will have a significant impact (either favorable or adverse) upon the Company's results of operations within the next 12 months, and give a rough estimate of the probable extent of the impact, if possible.

The Company's operating results tend to be cyclical – most profitable just after the implementation of new rates, and then gradually worsening as time passes until rates are adjusted again. The rates charged by the Company are regulated by the Maine Public Utilities Commission, and all rate adjustments require prior approval by the MPUC before implementation. The approval process is complex and can require up to nine months before final settlement of a rate adjustment application. Like other water utilities, the Company's operating results are also affected by the weather (with overall revenues tending to rise during

warm, relatively dry periods) and by the strength of the local economy (with overall revenues tending to decline during periods of general weakness in the local economy). The Company's experience in 2008 and 2009 illustrates this effect.

In its most recent rate proceeding before the MPUC, the Company received permission to phase in increased rates in a two-step process during 2008. The first step (a 10.5% increase) became effective on March 1, 2008, and the second (a 3.5% increase) on August 29, 2008. Coincidentally with the phasing in of the increased rates, the volume of water sold by the Company was depressed by wet weather and the difficult economy. As a result, the new rates did not produce the revenues anticipated. The total revenues for 2008 and 2009 combined were approximately \$250,000 to \$300,000 below expectations. As a result, the Company's operating income for each of 2008 and 2009 (\$642,7994 and 686,519 respectively) was lower than would normally be expected for a period that includes recent new rates.

Operating revenues for the first five months of 2010 were virtually identical to those for 2009, but a mild spring and excellent summer weather have led to significantly improved demand during the summer months that account for peak water usage. Because of cost-cutting measures taken during 2009 and favorable weather conditions during the first quarter of 2010, operating expenses actually declined slightly in the first five months of 2010 versus 2009. With the combined effect of reduced expenses to date and the improved demand for water this summer, operating income for 2010 should exceed that of both 2008 and 2009.

Nonoperating income is a minor component of overall earnings and in 2008, 2009, and 2010 has remained fairly stable from year to year. Debt expenses are much more significant in relation to operating income, but these have likewise tended to remain fairly stable from year to year during the periods reported in the attached financial statements.

Even assuming 2010 proves to be a much more profitable year for the Company, because revenues and operating income for 2008 and 2009 fell so far below expectations, the Company does expect to initiate rate adjustment proceedings with the MPUC soon after the completion of this stock offering, most likely by early 2011. If the rate adjustment application is successful, Company earnings should improve after the new rates are implemented. The Company does not anticipate any significant change in operations if new rates are implemented, other than to allow for faster accumulation of capital to fund improvements in its plant and equipment.

Even if revenues and income for 2010 end up not exceeding 2009 and 2008 levels, the Company expects to have generated sufficient funds through operations to satisfy minimum spending needs for 2010, while maintaining approximately \$500,000 in immediately available funds through its operating line of credit for emergency use if needed.

Proceeds from the stock offering will be used to pay down the balance on the Company's operating line of credit and increase the current ratio. Doing so should allow the Company to continue its ongoing water main replacement program (see Question 9(a)) at the current pace.

NOTE: Forward-looking statements contained in this offering circular (including without limitation management estimates of future revenues, expenses, operating margin, dividends, and capital needs) involve uncertainties, risks, and other factors that may cause actual results or performance to differ from those projected. All forward-looking statements are expressly qualified in their entirety by the risk factors referenced in Question 2 above and elsewhere in this offering circular.

The Company does not sell items from inventory and therefore gross margin is not a metric used in its business. Operating margin is a more appropriate metric. Operating margin (defined as operating income divided by net sales) was 16.4% for 2009 and 15.6% for 2008. The Company expects the operating margin number to improve in 2010, largely on the strength of water demand for the current summer season compared to summer water demand in 2009 and 2008.

50. Foreign sales as a percent of total sales for the last fiscal year: 0%.

The Company sells only to customers within its service area on the southern Maine Coast.

Domestic government sales as a percent of total domestic sales for the last fiscal year: 17.9%

Total operating revenues for year ended December 31, 2009 were \$4,178,190. Revenues by customer class for that year were as follows:

Residential	\$2,516,620	60.2%
Commercial	640,690	15.3%
Industrial	71,640	1.7%
Public authorities	64,130	1.5%
Public fire protection	683,460	16.4%
Private fire protection	201,650	4.8%

Explain the nature of these sales, including any anticipated changes:

Residential customers are the single most important source of revenues and their usage varies from year to year depending upon changes in weather and the strength of the local economy. Fire protection charges do not experience large changes from year to year, except as a result of periodic changes in tariffed rates. Due to favorable weather in 2010, the Company is experiencing increased demand from residential customers and thus expects that customer revenues will make up a larger percentage of overall operating revenues for 2010 than was the case in 2009.

FINANCIAL STATEMENTS

December 31, 2009 and 2008

With Independent Auditors' Report

BERRY. DUNN. MCNEIL & PARKER

INDEPENDENT AUDITORS' REPORT

Board of Directors
Biddeford & Saco Water Company

We have audited the accompanying balance sheets of Biddeford & Saco Water Company as of December 31, 2009 and 2008, and the related statements of income, changes in stockholders' equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Biddeford & Saco Water Company as of December 31, 2009 and 2008, and the results of its operations and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

Nature of Business

Biddeford & Saco Water Company (the Company) is an investor-owned water utility which supplies drinking water and fire protection services to the communities of Biddeford, Saco, Old Orchard Beach and the Pine Point section of Scarborough, Maine. The Company also sells water to the Kennebunk, Kennebunkport and Wells Water District. The Company is traded on the over-the-counter market and is exempt from the Securities and Exchange Commission filing requirements, as there are less than 500 stockholders.

1. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Regulatory Accounting

The Company follows the accounting prescribed by the Maine Public Utilities Commission (MPUC) and the Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic (ASC) 980, Regulated Operations. This accounting recognizes the economic effects of rate regulation by recording costs and a return on investment as such amounts are recovered through rates authorized by regulatory authorities. The Company annually reviews the continued applicability of ASC 980 based on the current regulatory and competitive environment.

Cash and Cash Equivalents

All liquid investments with an original maturity of three months or less are considered to be cash equivalents.

The Company maintains its cash in accounts with banks which may exceed federally insured limits, but are invested in government securities. The Company has not experienced any losses in such accounts, and believes it is not exposed to significant risk with respect to these accounts.

Notes to Financial Statements

December 31, 2009 and 2008

Revenue Recognition

The Company recognizes revenue when evidence of a service arrangement exists, water delivery has occurred, the tariff rate has been determined and collectability is reasonably assured. The Company's revenue is from the sale of water to consumers who have service agreements with the Company, as well as from contracted public and private fire protection customers. The Company's terms of service are established in advance through tariffs stipulated with and approved by the MPUC. Tariff rates are set based on cost of services studies filed with and approved by the MPUC. The Company has not experienced significant uncollectible revenue. Substantially all water sales to consumers are metered, and revenue is recognized when water is provided to the customer. Fire prevention revenue is billed at flat rates over time according to service agreements with customers. The Company records all tariff revenues on a gross basis.

Customer Accounts Receivable

Customer accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to the allowance for doubtful accounts based on historical information and an assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the allowance and a credit to customer accounts receivable.

Unbilled Water Revenue

The Company accrues revenue for estimated water distributed, but not yet billed, as of the balance sheet date.

Materials and Supplies

Materials and supplies are valued at their average cost.

Investments

The Company owns patronage capital certificates from a cooperative bank. The certificates are not marketable and are carried at original cost. The Company has not identified any events or changes in circumstances that may have had a significant adverse effect on the fair market value of these instruments.

Notes to Financial Statements

December 31, 2009 and 2008

Water Utility Plant

Water utility plant is stated at cost. Additions to utility plant and replacements of retirement units of property are capitalized. Costs include material, direct labor and such indirect items as engineering and supervision, payroll taxes and benefits, transportation and an allowance for funds used during construction. The cost of repairs, maintenance, minor replacements of property and planned major maintenance activities is charged to maintenance expense as incurred unless approved for deferral in other deferred debits by the MPUC. When units of property are replaced, retired or abandoned, the recorded value thereof is credited to the asset account and charged, along with gains and losses, to accumulated depreciation. Depreciation of plant is computed on average plant investment by primary accounts using the straight-line method over the assets' useful lives as approved by the MPUC.

Allowance for Funds Used During Construction (AFUDC)

In accordance with regulatory requirements, the Company has capitalized as AFUDC financing costs related to portions of its construction work in progress at a rate which reflects the Company's overall weighted cost of capital (including outstanding debt and cost of equity). These costs are capitalized as part of the water utility plant account. The weighted cost of capital was 5.58%, comprised of cost of equity of 2.10% and cost of debt of 3.48% for the year ended December 31, 2009, and 6.07%, comprised of cost of equity of 2.53% and cost of debt of 3.54% for the year ended December 31, 2008

Unamortized Bond Issuance Expense

Bond issue expense on long-term debt is amortized ratably based on the maturity of the related issues.

Other Deferred Debits

Other deferred debits include certain expenses which are, by regulation, recognized in expenses for financial reporting purposes ratably over time.

Notes to Financial Statements

December 31, 2009 and 2008

Accumulated Other Comprehensive Loss

Accumulated other comprehensive loss includes amounts net of tax for prior costs or charges and net gains or losses associated with the Company's pension plan. Amounts will be adjusted based on how much gain or loss and prior service cost is included in that year's expense, new gains and losses during the year and any plan changes.

Customers' Advances for Construction and Contributions in Aid of Construction

The Company receives advances for construction from or on behalf of customers. Under certain circumstances, the amounts received are refundable either wholly or in part over varying periods of time. Amounts no longer refundable are transferred to and combined with contributions in aid of construction, which is amortized as a reduction to depreciation over the estimated useful lives of the related water utility plant.

Income Taxes

Deferred income taxes are provided for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for tax purposes.

Investment tax credits are deferred for financial reporting purposes and are amortized over the estimated useful lives of the related properties through 2034.

In July 2006, the FASB issued accounting guidance for uncertainty in income taxes which is now part of ASC 740, *Income Taxes*. The guidance prescribes a recognition threshold and measurement attributes for financial statement recognition of a tax position taken or expected to be taken on a tax return. The Company implemented the guidance in 2008 and it did not have an impact on the financial statements.

As of December 31, 2009, tax years after 2003 remain subject to examination by federal and state authorities.

Taxes Collected from Customers and Remitted to Governmental Authorities

The Company reports certain taxes on a net basis. Accordingly, they are recorded as a liability when billed to customers and excluded from revenue and expenses.

Notes to Financial Statements

December 31, 2009 and 2008

Subsequent Events

For purposes of the preparation of these financial statements in conformity with U.S. GAAP, the Company has considered transactions and events occurring through March 22, 2010, which was the date that the financials were available to be issued.

Net Income Per Common Share

Net income per common share is computed based on the weighted average number of common shares outstanding during the year.

Recently Issued Accounting Standards

The Company's management assesses recently issued but not effective accounting standards as they are issued. There are no recently issued accounting but not effective accounting standards that are expected to have a significant impact on the Company's financial position or results of operations.

Reclassifications

Certain 2008 amounts have been reclassified to conform to the 2009 presentation.

2. Note Receivable

During 2006, the Company sold property to a charitable organization for \$440,000 through an installment sale. The sale price was based on a commercial appraisal. The installment sale called for \$100,000 down payment, received by the Company in 2006, with the remaining \$340,000 financed through a note, collateralized by the property, at zero percent interest over five years. The payments of \$34,000, which began in June 2007, are to be received in semi-annual installments. A director of the Company is also a member of the Board of Directors of the charitable organization.

During 2009, the Company entered into an agreement to convert noncurrent trade receivables to a note receivable in the amount of \$40,000 in a non-cash transaction. Monthly interest payments began on April 6, 2009, and will continue through March 6, 2011, when the entire principal balance, all accrued interest and all charges are due in full. The note is collateralized by land.

Notes to Financial Statements

December 31, 2009 and 2008

As of December 31, 2009, the Company had received advances of \$577,980 related to the Series P bond, with the remaining balance of \$880,540 reported as unadvanced bond proceeds in the balance sheet. As of December 31, 2008, the Company had received advances of \$569,735 related to the Series P bond, with the remaining balance of \$888,785 reported as unadvanced bond proceeds. Interest is charged on advanced and unadvanced bond proceeds, and repayment is required as if all amounts have been advanced.

Substantially all of the Company's water utility plant is subject to the lien of the mortgage bond indentures.

In addition, under the terms of these indentures, certain restrictions are placed on the payment of dividends and the issuance of additional debt. At December 31, 2009 and 2008, unrestricted reinvested earnings amounted to approximately \$572,000 and \$602,000, respectively, as calculated in accordance with the indentures.

6. Obligation Under Capital Leases

The Company leases vehicles under capital leases. Included under water utility plant are the following amounts applicable to those leases as of December 31:

		<u>2009</u>		2008

7. Line of Credit

The Company has a \$2,250,000 unsecured line of credit. The line expires on June 30, 2010. Amounts outstanding were \$1,674,127 and \$1,432,071 at December 31, 2009 and 2008, respectively. Management expects to renew this line of credit through June 2011.

The interest charged on the line is a variable rate of interest of prime less 1% (2.25% at December 31, 2009). As part of the unsecured line of credit agreement management can fix the interest rate on a portion of the outstanding balance for 90 days at the current LIBOR rate plus 1.85%. On December 4, 2009, the Company fixed \$1,500,000 of the outstanding balance at 2.11%. As of December 31, 2009, the Company had \$1,499,560 of the fixed portion remaining, with the fixed rate expiring on March 4, 2010, at which time the balance returns to the variable interest rate.

8. Income Taxes

Income tax expense amounted to \$137,720 in 2009 and \$141,015 in 2008. The actual tax expense differs from the expected tax expense as follows:

In 2010, \$20,980 of the amount in accumulated other comprehensive loss is expected to be recognized as a component of net periodic pension expense. This amount is made up of amortization of unrecognized loss of \$63,844 and amortization of unrecognized past service liability of \$42,864.

Notes to Financial Statements

December 31, 2009 and 2008

The accumulated benefit obligation was \$2,707,439 and \$2,563,621 as of December 31, 2009 and 2008, respectively.

	<u>2009</u>	<u>2008</u>
Weighted-average assumptions to determine benefit obligations at December 31:		
Discount rate	6.13 %	6.00 %
Rate of compensation increase	3.25 %	3.25 %
Weighted-average assumptions to determine net periodic pension expense for the years ended at December 31:		
Discount rate	6.00 %	6.75 %
Expected long-term return on plan assets	9.00 %	9.00 %
Rate of compensation increase	3.25 %	4.00 %

The long-term rate-of-return on assets assumption is set based on historical returns earned by equities and fixed income securities, adjusted to reflect expectations of future returns as applied to the plan's actual target allocation of asset classes. Equities and fixed income securities are assumed to earn real rates of return in the ranges of 5% - 9% and 2% - 6%, respectively. Additionally, the long-term inflation rate is projected to be 3%. When these overall return expectations are applied to the plan's target allocation, the result is an expected return of 8% to 10%.

Estimated future benefits

Expected future benefit payments are:

Plan Assets

The Company's pension plan weighted-average asset allocations by asset category are as follows:

	Plan Assets
	at December 31
Asset category	<u>2009</u> <u>2008</u>
Cash Equity Debt	5 % 4 % 61 53 34 43
Total	<u>100</u> % <u>100</u> %

The Company's investment objective is for balanced growth with target asset allocations ranging from 55% to 65% equity and 35% to 45% fixed income. Investments are guided based on moderate risk tolerance and a long-term time horizon.

Cash Flow

Contributions to the pension plan for 2010 are expected to be \$198,000.

Subsequent Event

Effective January 1, 2010, the plan was amended to reduce the benefit formula.

11. Defined Contribution Plan

The Company has a salary reduction plan under the provisions of Section 401(k) of the Internal Revenue Code. The plan covers all full-time employees who have attained the age of 21 and who have completed one full year of service with the Company. Matching contributions to the plan by the Company (equal to 37.5% of the salary reduction elected by the employee up to a maximum contribution by the Company of \$1,000) were approximately \$16,400 and \$19,300 in 2009 and 2008, respectively.

Notes to Financial Statements

December 31, 2009 and 2008

12. Fair Value

The Company's financial instruments not subject to FASB ASC 820 consist of cash and cash equivalents, short-term trade receivables and payables, a note receivable, investments in non-traded stock, lines of credit, capital leases, and long-term debt. The carrying value of all instruments, except the long-term debt, approximates their fair value. Based on borrowing rates currently available to the Company for financial instruments with comparable duration, the fair value of long-term debt was approximately \$8,389,000 and \$7,364,000 as of December 31, 2009 and 2008, respectively. These estimates are not necessarily indicative of the amounts that the Company could realize in the current market and different methodologies may have a material effect on the estimated fair value amounts.

FASB ASC 820, Fair Value Measurements and Disclosures, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

Note 1 Basis of Presentation

The accompanying financial statements for the months ended May 31, 2010 and 2009 are unaudited, but reflect all adjustments, consisting of normal recurring accruals, which are, in the opinion of management, necessary to present fairly the Company's financial position, results of operations, changes in equity, and cash flow for the periods stated. Because they cover interim periods, the statements and related notes to the financial statements do not include all disclosures and notes normally provided in annual financial statements and should therefore be read in conjunction with the Company's audited financial statements for the year ended December 31, 2009. Operating results for interim periods are not necessarily indicative of the results that may be expected for the entire year. For the purposes of the preparation of these financial statements in conformity with U.S. GAAP, the Company has considered transactions and events occurring subsequent to May 31, 2010 through to the time the statements were filed with the Securities and Exchange Commission.

Note 2 Revenues

Standard charges for utility services to customers are recorded as revenue, based upon meter readings and tariffed rates, as services are provided. The majority of the Company's revenues are based upon rates approved by the Maine Public Utilities Commission. Estimates of unbilled service revenues are recorded in the period the services are provided. The Company's revenues vary seasonally and are higher during the growing season when more water is used for irrigation purposes.

Note 3 Allocation of Overheads

The Company maintains a number of overhead accounts in which costs are accumulated to be allocated to expense accounts and capital projects over the course of the year. Unallocated balances remaining in these accounts at year end, if any, are applied to current operation. For interim reporting purposes, these accounts have retained their balances. If the balances in these accounts were applied to current operation for interim reporting, results may vary from those reported.

Note 4 Fair Value of Financial Instruments

The carrying amount of current assets and liabilities that are considered financial instruments approximates their fair value as of the dates presented. The carrying amount and estimated fair value of the Company's long-term debt was approximately \$8,599,411 and \$8,810,620 at May 31, 2009 and 2008, respectively. The fair value of long-term debt

has been determined by discounting the future cash flows using current market interest rates for similar financial instruments of the same duration; use of different methodologies may have a material effect on the estimated fair value amounts. The fair value for long-term debt shown above does not purport to represent the amounts at which those debt obligations would be settled.

Note 5 Pension Plan

The Company maintains a non-contributory qualified defined benefit pension plan (the 'Plan') that covers substantially all employees. The net periodic benefit cost is based on estimated values and an extensive use of assumptions about the discount rate, expected return on plan assets, the rate of future compensation increases to be granted to the Company's employees, mortality, and turnover. The components of net periodic pension cost were as follows:

	Five months ended May 31,		
	2010	2009	
Service cost	\$25,613	\$38,015	
Interest cost	69,747	72,655	
Expected return on plan assets	(102,877)	(97,120)	
Amortization of			
Unrecognized (Gain)/Loss	26,602	16,765	
Unrecognized Past Service Liability	(17,860)	5,147	
Net periodic benefit cost	1,225	35,462	

The Company's funding policy is to contribute annual amounts that meet the requirements for funding under Section 404 of the Internal Revenue Code and the Pension Protection Act. During the five months ended May 31, 2010 and 2009, the Company contributed \$49,391 and \$32,500 respectively into the Plan. In addition, the Company expects to make cash contributions of \$80,000 during the remainder of 2010.

Note 6 Recent Accounting Pronouncements

There has been no guidance issued by the Financial Accounting Standards Board that would have an impact on the Company's results of operations or financial position that has become effective since January 1, 2010.

PROPOSED AMENDMENT TO ARTICLES OF INCORPORATION

VOTED:

That the Articles of Incorporation of the Company are hereby amended by adding thereto a new Section 15, to read in its entirety as follows:

Sect. 15. Approval of Business Combinations.

A. Business Combinations with Non-Control Persons.

The affirmative vote of the holders of at least two-thirds of all abstree of stock of the Company entitled to vote in elections of Directors, considered for the purposes of this Section 15 as one class, shall be required for the adoption or authorization of a Business Combination (as bereinafter defined) with any other Person (as bereinafter defined) if, as of the record date for the determination of stockholders entitled to notice thereof and to vote thereon and as of the date of the stockholders' meeting at which such a vote is taken, such other Person is not a Control Person (as hereinafter defined); provided that such two-thirds voting requirement shall not be applicable if:

- 1. The Business Combination shall have been approved in advance by the affirmative vote or written consent of Continuing Directors constituting a majority of the Directors then in office; and
- The Business Combination shall have received such approval, if any, as may otherwise be required from stockholders.

B. Business Combinations with Control Persons.

The affirmative vote of the holders of at least ninety percent (90%) of all shares of stock of the Company entitled to vote in elections of Directors, considered for the purposes of this Section 15 as one class, shall be required for the adoption or authorization of a Business Combination with any other Person if, as of the record date for the determination of stockholders entitled to notice thereof and to vote thereon or as of the date of the stockholder meeting at which such vote is to be taken, such other Person is a Control Person; provided that such ninety percent (90%) voting requirement shall not be applicable if:

1. The cash, or fair market value of other consideration, to be received per share by common stockholders of the Company in such Business Combination is not less than the highest per share price (including brokerage commissions and/or soliciting dealers)

fees) paid by such other Person in acquiring any of its holdings of the Company's common shares: and

- 2. After such other Person became a Control Person and prior to the consummation of such Business Combination: (a) there shall have been no reduction in the rate of dividends payable on the Company's common shares except as necessary for a quarterly dividend payment not to exceed twenty percent (20%) of the net income of the Company for the four full consecutive fiscal quarters immediately preceding the declaration date of such dividend, or except as may have been approved by the affirmative vote or written consent of Continuing Directors constituting a majority of the Directors then in office; (b) such other Person shall not have acquired any newly issued shares of stock, directly or indirectly, from the Company (except upon convention of convertible securities acquired by it prior to becoming a Control Person, or as a result of a pro rate stock dividend or stock split); and (c) such other Person shall not have sequired any additional common shares of the Company or securities convertible into common shares except as a part of the transaction which results in such other Person becoming a Control Person; and
- 3. Such other Person shall not have received the benefit, directly or indirectly (except proportionately as a stockholder) of any loans, advances, guarantees, pledges or other financial assistance or tax credits provided by the Company; and
- 4. A proxy statement containing information equivalent to that required by Schedule 14A (or any successor regulation of the Securities and Exchange Commission) under the Securities Exchange Act of 1934 (regardless of whether the Company is then subject to the proxy regulations under such Act) shall have been mailed to stockholders of the Company for the purpose of soliciting stockholder approval of such Business Combination and shall contain at the front thereof, in a prominent place, any recommendations as to the advisability (or inadvisability) of the Business Combination which the Continuing Directors, or any of them, may choose to state and, if deemed advisable by a majority of the Continuing Directors, an opinion of a reputable investment banking firm as to the fairness (or not) of the terms of such Business Combination, from the point view of the stockholders of the Company other than such other Person (such investment banking firm to be selected by a majority of the Continuing Directors and to be paid a reasonable fee for their services by the Company); and
- 5. Such other Person shall have provided notice to all of the Company's stockholders of the commencement of any action or filing of any petition before the Maine Public Utilities Commission, or any successor Commission or agency of the State of Maine, seeking approval of the Business Combination prior to the commencement or filing thereof; and
- 6. The Business Combination shall have been approved or authorized by the affirmative vote of the holders of not less than two-fluids of all shares of stock of the Company entitled to vote in elections of Directors, considered for the purpose of this Section 15 as one class.

ADOPTED AT SPECIAL STOCKHOLDERS' MEETING HELD ON JUNE 26, 1941

ARTICLE I.

NAME - LOCATION - CORPORATE SEAL

Section 1. The name of the Company is Biddeford and Saco Water Company

Section 2. The location and principal office of the Company shall be in the City of Biddeford, York County, Maine, at such place as the Board of Directors may from time to time designate, and the Company shall have and maintain such other offices as the Board of Directors may deem expedient.

Section 3. The Company shall have a circular seal which shall have inscribed thereon the name of the Company and the year of its organization.

ARTICLE II

CAPITAL STOCK

Section 1. Authorized Capital Stock.

On and after June 13, 1974, the authorized Capital Stock of the Company shall be four million dollars (\$4,000,000) represented by one hundred sixty thousand (160,000) shares of Common Stock of the par value of twenty-five dollars (\$25.00) each. The Common Stock shall be entitled to one vote per share at each meeting of the Stockholders.

Section 2. Stock Certificates.

All certificates representing shares of Capital Stock shall be signed by the President, or any Vice President, and the Treasurer, or Assistant Treasurer, and shall have affixed thereto the corporate seal.

Section 3. Transfer Agent and Registrar.

The Board of Directors may appoint a transfer agent and a register of transfers, and if such transfer agent and registrar is appointed, all stock certificates shall be countersigned by such transfer agent and by such registrar of transfers.

Section 4. Transfer of Stock.

Shares of Capital Stock shall be transferable only on the books of the Company by the holder thereof in person, or by attorney duly authorized thereto in writing, and upon the surrender and cancellation of the Certificate therefor duly endorsed.

ARTICLE 111.

MEETINGS OF STOCKHOLDERS.

Section 1. Annual Meeting.

The Annual Meeting of the Stockholders shall be held at two o'clock in the afternoon, on the second Thursday of June of each year, at the Company's Office in Biddeford, Maine, unless otherwise determined by the Directors, for the election of a Board of Directors and a Clerk to serve for the ensuing year and until their successors are elected; provided, however, that if other business is to be transacted at said Annual Meeting, the Notice of said Annual Meeting shall specify the business to be transacted.

Section 2. Special Meetings of Stockholders.

Special Meetings of the Stockholders may be called at any time by order of the Board of Directors or the President, or by stockholders representing not less than one-fifth of the capital stock then outstanding and entitled to vote. Such meetings shall be held at such place within the State of Maine as may be designated by the Board of Directors.

Section 3. Notice of Stockholders' Meetings.

Notices of any annual or special meeting of stockholders shall be mailed to each stockholder of record at least five (5) days prior to the meeting at his last known address as the same appears on the stock books of the Company. Such notice shall specify the time and place of holding the meeting. The notice of any special meeting shall, in addition, state the object or objects for which said meeting is called, and no business except such as is specified in said notice shall be transacted at any such special meeting.

Section 4. Quorum of Stockholders.

Except as hereinafter specified, the holders of one-third (1/3) of the stock of the Company issued and outstanding and entitled to vote shall constitute a quorum for the transaction of business at any meeting, but a less number may convene any meeting and may adjourn the same, from time to time, until a quorum shall be present, and no notice of such adjournment shall be necessary. When a quorum is present at any meeting, a majority of the stock represented thereat and entitled to vote shall decide any question brought before said meeting.

Section 3. Proxies and Voting.

Each stockholder entitled to vote may vote in person or by proxy in writing or by general power of attorney produced at the meeting. Such power of attorney shall be good until revoked. No proxy shall be valid when granted more than six (6) months before the meeting, the date of which shall be named therein, and it shall not be valid after the final adjournment thereof.

ARTICLE IV.

- Amended 6/10/99

ELECTION OF DIRECTORS

The stockholders shall annually elect by ballot a Board of seven (7) directors. Directors so elected shall continue in office until the next annual meeting and until their successors are elected and qualified, except that any Director first elected to the Board after un 13, 1991, shall resign from the Board no later than the day he she becomes seventy-two (72) years of age. Directors must be and remain stockholders except that a member of another corporation which owns stock of this Company and has a right to vote thereon may be a director. Any vacancy or vacancies in the Board of Directors, arising from any cause, may be filled by the remaining Directors until the next election of Directors by the stockholders.

ARTICLE V.

MEETINGS OF THE BOARD OF DIRECTORS.

Section 1. Regular Meetings of Directors.

Regular meetings of the Board of Directors may be held at such places and at such times as the Board may by vote determine, and if so determined, no notice thereon need be given.

Section 2. Special Meetings of the Board of Directors.

Special meetings of the Board of Directors may be held at any time upon the call of the Clerk under the direction of the President or any Vice President, or any two (2) Directors then in office, of which meeting reasonable notice in writing or otherwise shall be given to each Director, or sent to his residence of place of business, the time and place for holding the meeting to be designated in the notice. In any event twenty-four (24) hours shall be reasonable notice.

Unless otherwise indicated in the notice calling the meeting any and all business may be transacted at any such special meeting.

Section 3. Quorum of Board of Directors.

A majority of the Board of Directors shall constitute a quorum for the transaction of business, but a less number may convene and adjourn any such meeting from time to time until a quorum is present, of which adjournment no notice need be given. All questions coming before any meeting of the Board of Directors for action shall be decided by a majority vote of the Directors present at such meeting.

ARTICLE VI.

OFFICERS AND AGENTS

The Board of Directors shall choose from their own body or otherwise, as is deemed most expedient, a president and one or more Vice Presidents of the company. They shall choose from their own body or otherwise, as they see fit, a Treasurer and such other officers and agents as they, in their discretion, consider desirable, and, subject to the provisions of the By-Laws, may fix the authority and duties of such officers and agents. All such officers shall hold office until their successors are chosen and duly qualified, provided, however, that the Board of Directors shall have power, at any time, with or without cause, to remove from office any of such officers, as well as any other agent or employee of the Company, whether appointed by said Board or otherwise.

ARTICLE VII.

POWERS AND DUTIES OF DIRECTORS AND OFFICERS.

Section 1. Board of Directors

The Board of Directors shall have and may exercise all the powers and authority granted by law to the Company, except in such matters as may be especially excepted by the By-Laws of the Company or by the laws of the State of Maine, and to do all lawful things, which in their opinion, are expedient to be done in the management of the Company. They shall have power to delegate, from time to time, such authority as they may deem necessary to any one or more members of the board acting as a committee in order that the business of the Company may be transacted with promptness and dispatch.

Section 2. President.

The President shall preside at all meetings of the stockholders. He shall, subject to the control of the Board of Directors, have general supervision of the affairs of the Company. He shall prescribe the duties and fix the compensation of all agents and employees when not fixed by the Board of Directors or by these By-Laws, and shall attend to such other business as the Board of Directors may direct.

Section 3. Vice Presidents.

Each Vice President shall have such powers and duties as the Board of Directors or the President shall designate, and, in the absence or disability of the President, the ranking Vice President shall perform the duties and exercise the powers of the President.

Section 4. Treasurer.

The Treasurer shall receive and be responsible for all cash, notes and securities and valuable papers of the Company, and is authorized to give receipts for all moneys due and payable to the Company from whatever source, and to endorse for deposit and collection, checks, drafts and warrants in the name of the Company. All funds of the Company shall be deposited to the credit of the Company in such banks and trust companies as the Board of Directors may, from time to time, designate. The Treasurer shall keep proper books of account for the Company and such other books as the Board of Directors may direct, and shall pay out money as the business of the Company may require, taking proper vouchers. He shall affix

the seal of the Company to such instruments as it is necessary and proper to execute under seal and attest the same, and discharge such other duties as pertain to his office or as may be assigned to him by the Board of Directors or by the President.

If there be an Assistant Treasurer, he shall perform such duties as may be assigned to him by the Board of Directors or by the President, and in the absence or disability of the Treasurer, and also at any time under the direction of the Treasurer, shall act with all the powers of the Treasurer.

The Treasurer and Assistant Treasurer, if any, shall give, and other officers, agents and employees of the Company may be required by the Board of Directors to give, at the expense of the Company, bonds in such amount and form, with such sureties as the Board of Directors may require and approve for the faithful discharge of their respective offices and positions.

Section 5. Clerk.

The Clerk shall be elected by the stockholders, shall be a resident of the State of Maine, and shall be sworn to a faithful discharge of his duties. He shall record all the minutes of the meetings of the stockholders in a book to be kept for that purpose. He shall keep a book containing a true and complete list of all stockholders, their residences, and the amount of stock held by each, and shall keep such other books, and perform such other duties, as pertain to his office, or are required by the By-Laws or by statute, or as may be assigned to him from time to time by the Board of Directors or by the President. In the absence or disability of the Clerk, the President or Vice President may appoint a Clerk pro tempore, who shall be sworn.

Section 6. Compensation of Directors and Officers.

The compensation of the Directors, President, Vice Presidents, Treasurer, Assistant Treasurer, and Clerk shall be fixed by the Board of Directors.

ARTICLE VIII.

LOAN AND EXECUTION OF PAPERS.

Section 1. Loans.

No loans shall be contracted or money borrowed in behalf of the Company unless previously authorized by the Board of Directors. When such authorization has been given, any officer or agent of the Company thereunto duly authorized may effect loans and advance at

any time for the Company from any institution, firm or individual, and for such loans and advances may make, execute and deliver promissory notes, bonds or other evidences of indebtedness of the Company and, as security for the payment of any and all loans, advances, indebtedness and liabilities of the Company, may pledge, hypothecate or transfer any and all stocks, securities and other personal property at any time owned by the Company, if not previously mortgaged, pledged or hypothecated, and to that end may endorse, assign and deliver the same. Such authority may be general or confined to specific instances.

Section 2. Execution of Papers.

All checks, drafts and negotiable instruments shall be signed by one of such officers of the Company, or by such other person or persons as the Board of Directors may direct.

All contracts shall be signed by such officer or officers, or such other person, as the Board of Directors may direct.

All deeds or other instruments of transfer of property shall be executed in the name of the company by such officer or officers as the Board of Directors may designate.

ARTICLE IX.

FISCAL YEAR

The fiscal year of the company shall commence on the first day of January and end on the last day of December of each year.

ARTICLE X.

<u>AMENDMENTS</u>

These By-Laws may be amended, altered or repealed at any annual or special meeting of the stockholders, if the notice of such meeting contains notice of the proposed amendment, alteration o repeal, by the majority vote of the shares present or represented at such meeting.

VOTED:

That Article IV of the Company's bylaws be amended to read in its entirety as

follows:

ARTICLE IV.

ELECTION OF DIRECTORS

The Board of Directors shall consist of not less than five nor more than nine directors, the number of Directors to be fixed from time to time by vote of the Directors or by the affirmative vote of at least two-thirds of the outstanding shares of the Company entitled to vote for the election of Directors. Directors must be and remain shareholders except that a shareholder, director or officer of another entity which owns stock of this Company and has a right to a vote thereon may be a director. At the 1999 Annual Meeting of Shareholders, the Directors shall be divided into three classes, as nearly equal in number as possible, with the term of office of Class I to expire at the 2000 Annual Meeting of Shareholders, the term of office of Class II to expire at the 2001 Annual Meeting of Shareholders, and the term of office of Class III to expire at the 2002 Annual Meeting of Shareholders, with the Directors in each class to hold office until their respective successors are duly elected and qualified. At each Annual Meeting of Shareholders after 1999, Directors elected to succeed those Directors whose terms expire shall be elected for a term of office to expire at the third succeeding Annual Meeting of Shareholders after their election, except that any Director first elected to the Board after June 13, 1991 shall resign from the board no later than the day he or she becomes seventy-two years of age.

THIS SUPPLEMENTAL INDENTURE dated as of the 24th day of June in the year 2008, made and entered into by and between BIDDEFORD AND SACO WATER COMPANY, a corporation duly incorporated and existing, under the laws of the State of Maine, having been chartered by an Act of the Legislature of said State, approved March 12, 1881 (hereinafter called the "Company"), and U.S. BANK NATIONAL ASSOCIATION, a national banking association, organized and existing under the laws of the United States of America, as Trustee (hereinafter called the "Trustee").

WITNESSETH

WHEREAS, the Company is authorized by its Charter, as heretofore amended and by law, to issue its bonds to be secured by a mortgage or mortgages of its property and franchises to such an amount as may be approved by the Public Utilities Commission of the State of Maine; and

WHEREAS, the Company has heretofore executed to and with Union Safe Deposit and Trust Company, Trustee (U.S. Bank National Association is now Successor Trustee) an Indenture (the "Original Indenture") bearing date of August 1, 1923, and recorded, among other places, in York County (Maine) Registry of Deeds in Book 727, Page 2, providing therein for the issue from time to time of its First and Refunding Mortgage Bonds in one or more series, and by which Original Indenture it has mortgaged and pledged its property therein described and mentioned to secure the payment of bonds issued thereunder and has heretofore executed Indentures, supplemental to and amendatory of the Original Indenture, dated as of February 1, 1948, January 1, 1951, June 1, 1959, October 1, 1967, January 1, 1976, June 1, 1979, May 6, 1987, June 1, 1993, September 1,1998, May 1, 2002, and December 22, 2005, respectively (said Original Indenture as so supplemented and amended, hereinafter called the "Indenture"), and

WHEREAS, the Company has issued bonds pursuant to the terms of the Indenture, of which there is presently outstanding approximately \$2,250,000 in principal amount of First Mortgage Bonds, 7.72%, Series L, \$2,700,000 in principal amount of First Mortgage Bonds, 6.45%, Series M, \$1,521,100 in principal amount of First Mortgage Bonds, 2.40%, Series N, and \$934,000 in principal amount of First Mortgage Bonds, 1.86%, Series O; and

WHEREAS, the Company, under the terms of the Indenture and the indentures supplemental thereto, may issue bonds in addition to those initially issued thereunder if and when the Company shall have made permanent improvements, extensions or additions to or about its plant or property after the date of the Original Indenture (including any new or additional property acquired or constructed, but not including permanent improvements, extensions, or additions acquired or constructed as substituted property, except to the extent by which the cost of such substituted property exceeds the cost, when new, of property for which said new property is substituted) upon compliance with the terms and conditions of the Indenture (including without limiting the generality of the foregoing, provisions (a) limiting the principal amount of bonds which may be issued to not more than sixty-six and two-thirds per cent (66 \%\%\%) of the actual cash cost or fair value (whichever is less) to the Company of additions to its properties and (b) requiring that the net earnings available for interest be at least twice interest charges on all bonds outstanding) for the purpose of reimbursing its treasury for moneys used for

acquisition of property or the construction of facilities which moneys actually were expended from income or from other moneys in its treasury not secured by or obtained from the issue of stocks, bonds, notes, or other evidences of indebtedness of the Company; and

WHEREAS, the Company has made sufficient additions to its properties of an actual cash cost or fair value (whichever is less) and has net earnings of sufficient amount and has complied with the terms of the Indenture, aforesaid, to entitle it to issue and have authenticated \$1,458,520 principal amount of its First Mortgage Bonds, Series P, for the purposes aforesaid; and

WHEREAS, the Company has entered into a Loan Agreement dated as of June 24, 2008 (the "Loan Agreement"), with the Maine Municipal Bond Bank (the "Bond Bank") pursuant to which the Bond Bank will lend up to \$1,458,520 to the Company and the Company will issue its Series P bonds to evidence its obligation to repay such borrowing; and

WHEREAS, all things necessary to make said bonds of Series P, when duly executed by the Company, authenticated and delivered by the Trustee, and issued by the Company, valid, binding, and legal obligations of the Company, and to make this Supplemental Indenture a valid, binding and legal instrument for the security of all bonds issued or to be issued under the Indenture (as hereby further supplemented and amended), have been done and performed, and the issue of said bonds, as in the Indenture and in this Supplemental Indenture provided, has been in all respects duly authorized;

NOW, THEREFORE, in order to secure the payment of the principal and interest and premium, if any, of all the Series P bonds issued hereunder according to their tenor and effect, in addition to the security afforded by the Indenture, and as additional security for said Series L bonds, Series M bonds, Series N bonds and Series O bonds, and the performance with respect to said bonds and the holders thereof of all the covenants in said bonds and in the Indenture contained, and in consideration of the premises and of the sum of One Dollar to it paid by the Trustee at or before the ensealing of these presents, the receipt whereof is hereby acknowledged, the Company has executed and delivered these presents and has granted, bargained, sold, aliened, remised, released, conveyed, warranted, pledged, assigned, set over, confirmed and transferred and by these presents does grant, bargain, sell, alien, remise, release, convey, warrant, pledge, assign, set over, confirm and transfer unto the said U.S. BANK NATIONAL ASSOCIATION as Trustee and to its successors in said Trust and its and their assigns forever, for the uses and trusts hereby and in the Original Indenture, dated August 1, 1923, and Supplemental Indentures, dated as of February 1, 1948, January 1, 1951, June 1, 1959, October 1, 1967, January 1, 1976, June 1, 1979, May 6, 1987, June 1 1993, September 1, 1998, May 1, 2002 and December 22, 2005, established, in confirmation of its conveyance to Union Safe Deposit and Trust Company, Trustee (U.S. Bank National Association, Successor Trustee) by the Indenture, all the properties therein described and conveyed and, in addition thereto, all the franchises and property, real and personal, of the kind and character described in the Original Indenture which it has acquired subsequent to August 1, 1923, and are now owned and such as shall hereafter be acquired, other than as hereinafter excepted, including particularly and without restricting the generality of the foregoing grant, the property set forth in Exhibit A hereto attached, which property is hereby incorporated herein by reference and made a part hereof.

TO HAVE AND TO HOLD all said properties, real and personal, mortgaged and conveyed by the Company as aforesaid, or intended so to be, unto the Trustee and its successors and assigns forever.

IN TRUST NEVERTHELESS, upon the terms and trusts set forth in the Original Indenture, dated August 1, 1923, said Supplemental Indentures dated as of February 1, 1948, January 1, 1951, June 1, 1959, October 1, 1967, January 1, 1976, June 1, 1979, May 6, 1987, June 1, 1993, September 1, 1998, May 1, 2002 and December 22, 2005 and this Supplemental Indenture, for the equal and proportionate benefit and security of those who shall hold the bonds and coupons issued and to be issued under the Indenture and this Supplemental Indenture, or any of them, without preference of or to any of said bonds and coupons over any others thereof by reason of priority in time of issue, maturity or negotiation thereof, or otherwise howsoever, except to the extent to which the terms of said bonds heretofore presently and hereafter issued may differ by virtue of the provisions of the Indenture providing, therefore:

It is hereby covenanted, declared and agreed by the Company and the Trustee that all the Series P bonds are to be issued, certified and delivered, and that the mortgaged property subject hereto or to become subject hereto is to be held, subject to the further covenants, conditions, uses and trusts set forth in the Indenture and as in this Supplemental Indenture are hereinafter set forth, and the Company, for itself and its successors, does hereby covenant and agree to and with the Trustee for the benefit of those who shall hold said bonds as follows:

FIRST MORTGAGE BOND, Series P DUE APRIL 1, 2028

BIDDEFORD AND SACO WATER COMPANY, a corporation of the State of Maine (hereinafter called the "Company") FOR VALUE RECEIVED, hereby promises to pay to , or registered assigns on April 1, 2028, at the office of U.S. BANK NATIONAL ASSOCIATION, Trustee, in Boston, Massachusetts (hereinafter, together with its successors, referred to as the "Trustee"), or at the principal office of any successor Trustee under the Indenture, the sum of _DOLLARS (\$_), or such lesser amount as shall then be due and outstanding under the Loan Agreement referred to below, and to pay interest thereon at the rate of Two and Twenty Three Hundredths percent (2.23%) per annum (based on a 360-day year, 30 day month), at said office or in the manner provided in the Twelfth Supplemental Indenture mentioned below, semi-annually on the first days of April and October in each year, which interest runs from the most recent April 1 or October 1, as the case may be, to which interest has been paid preceding the date hereof (unless the date hereof is April 1, or October 1 to which interest has been paid, in which case said interest runs from the date hereof, or unless the date hereof is prior to October 1, 2008 in which case said interest runs from the date hereof), until the Company's obligation to pay such principal shall be discharged. Payment of the principal of (and premium, if any) and interest on this Bond shall be made in such coin or currency of the United States of America as, at the time of payment, shall be legal tender for the payment of public and private debts.

This bond is one of a duly authorized issue of bonds of the Company of the series and designation indicated on the face hereof in the total principal amount of \$1,458,520, issuable as fully registered bonds without coupons, all issued and to be issued under and equally secured with bonds of other series, by an Indenture bearing date of August 1, 1923 (hereinafter, together with all Indentures supplemental thereto, dated as of February 1, 1948, January 1, 1951, June 1, 1959, October 1, 1967, January 1, 1976, June 1, 1979, May 6, 1987, June 1, 1993, September 1, 1998, May 1, 2002, December 22, 2005 and June 24, 2008, respectively, called the "Indenture"), executed by the Company and the Union Safe Deposit and Trust Company, as Trustee (U.S. Bank National Association, now Successor Trustee) to which Indenture this bond is subject and to which reference is hereby made for a description of the property mortgaged and pledged, the nature and extent of the security, the rights of the holders of the bonds as to such security and the terms and conditions upon which the bonds are and may be issued and secured.

The Company has entered into a Loan Agreement (the "Loan Agreement") dated as of June 24, 2008 with the Maine Municipal Bond Bank, providing for a loan to the Company to finance the costs of the acquisition and construction of equipment and facilities for improvement of the Company's water supply and water distribution system. The Loan Agreement provides, under certain circumstances, for the reduction in principal amount of indebtedness thereunder. In the event of such reduction, the principal amount outstanding of Series P bonds shall be reduced by a like amount.

All of the Series P bonds have been issued in the name of the Maine Municipal Bond Bank in satisfaction of payments required to be made by the Company pursuant to the Loan Agreement to evidence its obligation to make such payments.

The Series P bonds, of which this bond is a part, were initially issued as a single bond in the denomination of \$1,458,520. Series P bonds issued upon any transfer of the Series P bonds

in part, if permitted, shall be in the aggregate principal amount equal to the principal amount then outstanding of the bond so transferred, and in denominations of not less than \$100,000, or the remaining principal amount then outstanding, whichever is less.

The Series P bonds are redeemable, prior to their expressed maturity, in whole or in part, at the option of the Company at any time or from time to time on not less than thirty (30) days previous notice given in the manner provided in the Twelfth Supplemental Indenture, dated as of June 24, 2008 (hereinafter called the "Supplemental Indenture"), by paying the principal amount thereof together with accrued interest thereon to the date fixed for such redemption.

In the event that any municipal corporation or other governmental sub-division (including incorporated water districts) or any authority created by or agency of the State or Federal Government within the territorial limits of which the Company shall then be operating shall acquire all or substantially all, in value, of the properties of the Company, then all Series P bonds shall be called for redemption and the consideration received for such properties shall, after application of other moneys in the possession of the Trustee held for the benefit of Series P bonds, and after provision for certain expenses and charges specified in the Indenture, be applied to the redemption and payment of the principal amount pro rata of all of the bonds then outstanding of whatever series, and interest accrued thereon, together with any premium applicable thereto.

This Bond is also subject to mandatory redemption in the circumstances, upon such notice, on the terms and at the applicable prices provided in the Supplemental Indenture.

The Supplemental Indenture provides for a sinking fund, to the provisions of which this Bond is subject and to the benefits of which this Bond is entitled, as more fully provided in the Supplemental Indenture.

If, at any time when less than all of the outstanding Series P bonds are to be redeemed, any institutional holder of Series P bonds to be redeemed continues to hold any of said bonds in its own name or in the name of its nominee, the principal amount of the bonds then to be redeemed shall be prorated in units of \$100,000 each among the holders of the Series P bonds as nearly as practicable in the proportion that their respective holdings bear to the aggregate principal amount of Series P bonds outstanding on the date of selection. The principle of pro rata redemption shall be maintained in successive partial redemptions, as well as in any single partial redemption, so long as any institutional holder continues to hold any of the Series P bonds in its own name or in the name of its nominee. Such allocation as may be requisite for the purposes of the next preceding sentence shall be made by the Trustee in its discretion.

If this bond is called for redemption in whole or in part and if provision has been duly made for payment hereof, or of the part hereof so called, as required in the Indenture, in that event on and after the redemption date this bond or such called part hereof, as the case may be, shall cease to be entitled to any benefit under the Indenture except the right to receive payment out of the moneys deposited therefor, no interest will accrue on this bond or such called part hereof on or after the redemption date, and, if such moneys shall on the redemption date be available to the holder of this bond, then and in that event the Company, on and after the

redemption date, shall be under no further liability in respect of the principal of, or premium, if any, or interest on, this bond or such called part hereof, except as expressly provided in the Indenture, and, if less than the whole principal amount hereof shall be so called, the registered owner (or registered assigns) shall be entitled in addition to the sums payable on account of the part called, to receive, without expense to such owner (or such assigns), on surrender hereof with proper instruments of transfer, and upon cancellation hereof, one or more bonds of Series P in an aggregate principal amount equal to that part of the principal amount hereof not then called and paid.

The principal hereof may also be declared due or may become due prior to the stated maturity hereof on the conditions, in the manner and at the times set forth in the Indenture and the Supplemental Indenture upon the happening of a default as in the Indenture and the Supplemental Indenture provided.

This bond is registered as to principal on the books of the Company at the office of the U.S. BANK NATIONAL ASSOCIATION, Successor Trustee, or its successor in said Trust, under the Indenture. This bond is transferable as prescribed in the Indenture and the Supplemental Indenture by the registered holder hereof in person or by his duly authorized attorney, at the principal office of the Trustee, upon surrender and cancellation of this bond, and, thereupon, a new bond or bonds of authorized denominations of the same series and for the same aggregate principal amount will be issued to the transferee in exchange for this bond as provided in the Indenture. The Company, the Trustee, any paying agent and any bond registrar may deem and treat the person in whose name this bond is registered as the absolute owner hereof, whether or not this bond shall be overdue, for the purpose of receiving payment of, or on account of, the principal of, premium, if any, and interest on this bond and for all other purposes; and neither the Company nor the Trustee nor any paying agent nor any bond registrar shall be affected by any notice to the contrary and interest, principal, and premium, if any, may be paid by the Company, Trustee or paying agent by making its check for said interest, principal and premium, to the registered holder without requiring presentment of this bond.

The bonds of Series P are issuable in denominations of not less than \$100,000, or the remaining principal amount then outstanding, whichever is less. At the principal office of the Trustee in the City of Boston, Massachusetts, bonds of Series P may be exchanged for a like aggregate principal amount of bonds of Series P in other authorized denominations, in each case free of charge.

No recourse shall be had for the payment of the principal of (or premium, if any) or interest on this bond against any stockholder, officer or director of the Company, either directly or through the Company under any statute or by the enforcement of any assessment or otherwise, all such liability of stockholders, directors and officers being released by the holder hereof by the acceptance of this bond and being likewise waived and released by the terms of the Indenture.

The Supplemental Indenture permits that amendment of the Original Indenture, as it may have been amended, not provided for elsewhere and affecting the rights and obligations of the Company and of the holders of bonds outstanding thereunder, at any time or from time to time, may be made by the Company (by resolution of its Board of Directors) and the Trustee with the

written consent of the holders of a majority in aggregate principal amount of the bonds then outstanding thereunder or by their attorneys, duly authorized in writing, provided, however, that no such amendment shall be made, without the consent of the holder of every bond affected thereby, which would (i) make any change in the fixed maturity, the rate or time or times of payment of the principal of, or interest or premium on, any bond, or a reduction in the amount of principal or in the premium thereon, or otherwise affect the terms of payment of the principal of, or interest or premium on, any bond, (ii) affect the right of any bondholder to institute suit for the enforcement of any such payment, (iii) permit the creation of any lien ranking prior to or equal with the lien of the Indenture (other than additional series of bonds issued in compliance with the provisions of the Indenture) on any of the mortgaged and pledged property, or (iv) deprive the holder of any outstanding bond of the lien of the Indenture on any of the mortgaged and pledged property, and provided further that no such amendment shall affect the rights of the holders of one, or more, but less than all, of the series of bonds then outstanding without the written consent of the holders of a majority in aggregate principal amount of bonds then outstanding of each of the series so affected. Subject to the foregoing conditions, the Twelfth Supplemental Indenture, as it may have been amended, may be amended at any time and from time to time by the Company (by resolution of its Board of Directors) and the Trustee with the written consent of the holders of a majority in aggregate principal amount of the Series P bonds then outstanding or by their attorneys, duly authorized in writing. Any such consent shall be conclusive and binding upon the holder of this bond and upon all future holders of this bond or any bond issued upon the transfer hereof or in exchange hereof whether or not notation of such consent is made upon this bond. No reference herein to the Indenture or the Supplemental Indenture and no provision of this bond or of the Indenture or the Supplemental Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and interest on this bond at the time and place and at the rate and in the coin or currency herein prescribed.

This bond shall not become obligatory until U.S. Bank National Association, Successor Trustee under the Indenture, or its successor thereunder, shall have executed the certificate of authentication endorsed hereon.

ATTEST:

Section 2. Terms of Series P Bonds. Anything in the Indenture to the contrary notwithstanding, all of the terms and conditions contained in the form of registered Series P bonds hereinbefore set out and the terms and conditions set out in Articles I to IV inclusive of this Supplemental Indenture, are hereby fixed, pursuant to Section 9 of Article I of the Indenture, as the terms and conditions of said Series P bonds. Otherwise than as enlarged or restricted by the terms appearing in said form of Series P bond, the rights of the holder of said Series P bonds shall be as set forth in the Indenture and this Supplemental Indenture. The aggregate principal amount of the Series P bonds is limited to \$1,458,520. The Loan Agreement provides, under certain circumstances, for a reduction in the principal amount of the indebtedness of the Company thereunder and, in that event, the provision of a Statement of Revised Principal Amount by the Bond Bank to the Trustee and the Company (the "Statement"). Following receipt of the Statement, the principal amount of the Series P bonds shall be reduced by the amount or amounts, and at the time or times, stated therein.

Section 3. Title. The full title of the bonds is "First Mortgage Bonds, Series P", and said bonds are sometimes herein referred to as "Series P bonds" or "bonds of Series P".

<u>Section 4.</u> Transfer and Exchange of Series P Bonds. The fully registered Series P bonds without coupons shall be substantially of the tenor of the registered bonds hereinbefore set out.

Upon surrender for transfer of any fully registered Series P bond without coupons at the office of the Trustee, the Company shall, without charge, execute, and the Trustee shall authenticate and deliver, in the name of the designated transferee or transferees, one or more new

fully registered Series P bonds without coupons of a like aggregate principal amount, all as requested by the transferor.

All Series P bonds surrendered upon any exchange or transfer provided for in this Supplemental Indenture shall be promptly cancelled by the Trustee and thereafter disposed of as directed by the Company.

All Series P bonds issued in exchange for or upon transfer of Series P bonds shall be the valid obligation of the Company, evidencing the same debt, and entitled to the same benefits under the Indenture and this Supplemental Indenture, as the bonds surrendered for such exchange or transfer.

Every Series P bond presented or surrendered for transfer, exchange or discharge from registration, shall (if so required by the Company or the Trustee) be duly endorsed, or be accompanied by a written instrument of transfer in form satisfactory to the Trustee and the Company duly executed by the holder thereof or his attorney duly authorized in writing.

The Company shall not be required (i) to transfer or exchange any fully registered Series P bond for a period of fifteen (15) days next preceding any interest payment date, or (ii) to issue, transfer, or exchange any Series P bond during a period beginning at the opening of business fifteen (15) days before any selection of such bonds to be redeemed and ending at the close of business on the date of the first publication, or the mailing (if there is no publication) of the relevant notice of redemption, or (iii) to transfer or exchange any Series P bond called or being called for redemption in whole or in part.

On payment upon redemption or otherwise of a portion only of the principal amount of any Series P bond, the holder thereof shall surrender it to the Trustee which shall thereupon issue and deliver, without charge to the holder, a new bond or bonds in the aggregate principal amount of the unpaid balance of principal of the surrendered bond, provided, however, that the Trustee shall not require such surrender if the Company shall agree in writing as to a notation procedure with the holder of any bond, and the Trustee shall thereupon make such redemptions or payments in accordance with said written agreement.

Each bond delivered under this Supplemental Indenture upon transfer of, or in exchange for, or in lieu of any other bond, shall carry all the rights to interest accrued and unpaid, and to accrue, which were carried by such other bond, and each such bond shall be so dated that neither gain nor loss in interest shall result from such transfer, exchange or substitution.

Section 5. Redemption of Series P Bonds.

(A) Upon Condemnation. In the application of the consideration received by the Company, in connection with the acquisition of all or substantially all, in value, of the properties of the Company by any municipal corporation or other governmental subdivision within the territorial limits of which the Company shall then be operating (including incorporated water districts) or any authority created by or agency of the State or Federal Government, to the redemption and payment of Series P bonds or pro rata to all of the bonds then outstanding of

whatever series, as provided in the foregoing, form of bond of Series P, there shall first be set aside such sum or sums of money as shall be necessary to liquidate all taxes and assessments and the reasonable compensation and expenses of the Trustee and its agents, attorneys and counsel and all other sums payable to or by the Trustee under any provision of the Indenture which may be then due or, in the determination of the Trustee, may be reasonably expected to accrue and become due as incident to the Company's previous operations, ownership of property, or obligations incident to the existence of said bonds as obligations of the Company outstanding and to their liquidation.

(B) Sinking Fund. The Company covenants and agrees that it will pay or cause to be paid (the "Annual Sinking Fund Payment") to the holder of the Series P bonds on or prior to April 1, 2009 and on or prior to the first day of April in each year thereafter up to and including April 1, 2028 (the "Sinking Fund Payment Dates"), an amount sufficient to redeem, at par, a principal amount of Series P bonds equal to the Annual Sinking Fund Requirement as a sinking fund for the redemption of Series P bonds. The Annual Sinking Fund Requirement may vary from payment date to payment date and shall be equal to the amount or amounts set forth in Exhibit B attached hereto. Exhibit B shall be amended to reflect the revised principal amount of the Series P bonds set forth in the Statement, if any, in the manner therein provided.

If retired by such mandatory Annual Sinking Fund Payments, no principal amount would remain outstanding on the Series P bonds, and the Loan would be paid in full, following the sinking fund payment on the last Sinking Fund Payment Date.

The amount of any Annual Sinking Fund Payment paid to the Trustee shall be held by the Trustee as security for payment of only the Series P bonds until applied as hereinafter in this subdivision provided.

All moneys at the time in the sinking fund shall forthwith, and no later than the next Sinking Fund Payment Date, be applied by the Trustee for the redemption of Series P bonds in the manner provided herein, except that solely in the case of such sinking fund redemptions no notice of intention to redeem shall be required.

All Series P bonds redeemed through operation of the sinking fund shall be cancelled and cremated by the Trustee.

- (C) Optional Redemption. The Series P bonds shall be redeemable at the option of the Company (at any time, as a whole or from time to time in part) at a price equal to one hundred per cent (100%) of the principal amount thereof, plus accrued interest to the date of redemption, provided however, that the redemption price shall not in any case exceed the aggregate of all amounts then owed by the Company under the Loan Agreement (the "Redemption Price").
- (D) Mandatory Redemption upon acceleration of Indebtedness under the Loan Agreement. If at any time while the Bond Bank is the registered holder of the Series P bonds, it shall have exercised its rights to accelerate the Company's indebtedness under the Loan Agreement and the Bond Bank shall have given notice of such acceleration to the Trustee, the

Series P bonds shall be redeemed in such amount and at such times as are necessary to fund the repayment of amounts due under the Loan Agreement at the Redemption Price. Notwithstanding anything herein to the contrary, no notice of intention to redeem shall be required with respect to a redemption under this Section 5(D) of Article I.

<u>Section 6</u>. Notice of Optional Redemption. The election of the Company to redeem any Series P bonds pursuant to Section 5(C) of this Article I shall be evidenced by a resolution of its Board of Directors.

Anything in the Indenture or this Supplemental Indenture to the contrary notwithstanding, notice to redeem Series P bonds pursuant to Section 5(A) or Section 5(C) of this Article I shall be given by or on behalf of the Company by first class mail, postage prepaid, mailed not less than thirty (30) days nor more than sixty (60) days prior to the date fixed for redemption to each holder of such bonds registered as to principal to his last address appearing on the books of the Company (as kept by the Trustee).

If less than all of the Series P bonds are to be redeemed, the particular bonds to be redeemed shall be selected by the Trustee not more than forty-five (45) days prior to the date fixed for redemption from the outstanding Series P bonds on a pro rata basis as provided in the form of Series P bond.

Section 7. Payments. The principal of, interest on, or redemption price (if any) of the Series P bonds shall be payable at the office or agency of the Trustee in the City of Boston, Massachusetts, in coin or currency of the United States of America which at the time of payment is legal tender for public and private debts; provided, however, that for so long as the Bond Bank is the registered holder of the Series P bonds, all payments of principal, interest or redemption price on the Series P bonds shall be paid directly to the Bond Bank at such address as shall appear for the Bond Bank in the registration books of the Company kept at the office of the Trustee. Upon making such payment, the Company shall provide the Trustee with prompt written notice thereof. For so long as the Bond Bank is the registered holder of the Series P bonds, the Trustee shall be entitled to presume that all such payments have been made as provided in this paragraph until such time as the Trustee has received written notice from the Bond Bank that any such payment has not been made. Any payment required to be made by the Company to the Trustee hereunder or upon the Series P bonds shall be reduced to the extent that monies then held by the Bond Bank are available for application to the same purpose of such payment. Except as otherwise described herein, the Company shall make such payments to the Trustee at such times as are necessary to allow the Trustee to make all required payments on the Series P bonds.

ARTICLE II Authentication and Delivery of Series P Bonds

Section 1. Series P bonds in the aggregate principal amount of \$1,458,520 shall forthwith be executed by the Company and delivered to the Trustee and shall be authenticated by the Trustee and delivered (whether before or after the filing or recording hereof) at one time, or

from time to time, in accordance with the order of the Company evidenced by a writing or writings signed by the Company by its President and its Treasurer, upon compliance with the provisions of Section 5 of Article I of the Indenture.

Section 2. The Series P bonds shall be in printed or typewritten form.

Section 3. Series P bonds is a closed series and no Series P bonds additional to the \$1,458,520 in principal amount thereof to be issued hereunder shall be issued except for Series P bonds issued under the provisions hereof in substitution or exchange for or upon transfer or in lieu of Series P bonds previously outstanding hereunder.

ARTICLE III Covenants of the Company

Section 1. The Company hereby covenants that it will undertake, observe, keep and perform all the terms, conditions, restrictions, and obligations on its part to be undertaken, observed, kept and performed, as set forth in the Original Indenture, all indentures supplemental thereto (including this Supplemental Indenture) and in the bonds heretofore issued thereunder and now outstanding and those to be issued hereunder, except that the phrase commencing with "provided that the average annual net earnings..." and ending with "...outside parties", in Article 1, Section 5 of the Original Indenture shall not apply to the Series P bonds.

Section 2. For any default by the Company in any covenant, stipulation, promise or agreement herein contained, or contained in the Series P bonds, the Trustee and the bondholders shall have the same rights and remedies as are provided in the Indenture. In the event of any acceleration of the Series P bonds, each holder of a Series P bond may exercise any right, power or remedy available at law or equity to enforce the rights under the Series P bonds, including without limitation, the right to seek a judgment against the Company as to all amounts then due and execute such judgment against the property of the Company, subject always to the rights of the bondholders under the Indenture, or the right to seek injunctive relief against the Company or to appoint a receiver for said Company; provided that any other remedies specifically available only under the Indenture to the Trustee or to the holder of any First Mortgage bond issued under the Indenture (other than the remedies provided in this Section 2 of Article III) may be exercised only upon compliance with the terms and conditions set forth in the Indenture. The exercise by the holder of any Series P bond of any of the rights set forth in the immediately preceding sentence shall not, except as required by law, affect any other rights or remedies which the Trustee or any bondholder may have as a result of any breach or default referred to in this Section 2 of Article III.

ARTICLE IV Amendments

Section 1. Any amendment of the Original Indenture, as it may have been amended, not provided for elsewhere and affecting the rights and obligations of the Company and of the

holders of bonds outstanding thereunder, at any time or from time to time, may be made by the Company (by resolution of its Board of Directors) and the Trustee with the written consent of the holders of a majority in aggregate principal amount of the bonds then outstanding thereunder, or by their attorneys, duly authorized in writing, provided, however, that no such amendment shall be made, without the consent of the holder of every bond affected thereby, which would (i) make any change in the fixed maturity, the rate or time or times of payment of the principal of, or interest or premium on, any bond, or a reduction in the amount of principal or in the premium thereon, or otherwise affect the terms of payment of the principal of, or interest or premium on, any bond, (ii) affect the right of any bondholder to institute suit for the enforcement of any such payment, (iii) permit the creation of any lien ranking prior to or equal with the lien of the Indenture (other than additional series of bonds issued in compliance with the provisions of the Indenture) on any of the mortgaged and pledged property, or (iv) deprive the holder of any outstanding bond of the lien of the Indenture on any of the mortgaged and pledged property, and provided further that no such amendment shall affect the rights of the holders of one, or more, but less than all, of the series of bonds then outstanding without the written consent of the holders of a majority in aggregate principal amount of bonds then outstanding of each of the series so affected. Subject to the foregoing conditions, this Twelfth Supplemental Indenture may be amended at any time and from time to time by the Company (by resolution of its Board of Directors) and the Trustee with the written consent of the holders of a majority in aggregate principal amount of the Series P bonds then outstanding or by their attorneys, duly authorized in writing. For all purposes of this Article IV, the Trustee shall be entitled to rely upon an opinion of counsel with respect to the extent, if any, to which any action permitted by this Section 1 of Article IV affects the rights under the Indenture of holders of any bonds then outstanding.

<u>Section 2.</u> Any amendment made as provided in Section 1 of this Article IV shall be conclusively binding upon the Company, the Trustee and the holders of Series P bonds and subsequent series, provided, however, that no such amendment shall in any manner be so construed as to change or modify any of the rights or obligations of the Trustee without its written consent thereto.

Section 3. A copy or summary of any amendment made as provided in Section 1 of this Article IV shall be sent by or on behalf of the Company by first class mail, postage prepaid, within ten (10) days after the same has been made to each holder of Series P bonds registered as to principal to its last address appearing on the books of the Company (kept by the Trustee).

Section 4. Instruments supplemental to this Indenture embodying any amendment of the Indenture, or of any indenture supplemental thereto, or of the rights and obligations of the Company or of the holders of the Series P bonds and subsequent series made as provided in Section 1 of this Article IV, may be executed by the Company and the Trustee, and upon demand of the Trustee shall be executed by the Company and the Trustee. The Trustee may receive an opinion of counsel as conclusive evidence that any such instrument or instruments comply with the conditions and provisions of this Article IV and with the consent given by bondholders.

WARRANTY DEED EASEMENT DEED

KNOW ALL MEN BY THESE PRESENTS that JEFFREY THOMPSON, JR. and COLLEEN J. THOMPSON, of the Town of Old Orchard Beach, County of York and State of Maine, in consideration of one dollar and other valuable consideration, grant to BIDDEFORD AND SACO WATER COMPANY, a Maine Corporation, with a principal place of business at 181 Elm Street, Biddeford, 04005, with warranty covenants, the following described property:

A perpetual easement over, under and across a certain parcel of land situated in Old Orchard Beach, in the County of York and State of Maine, and being the length and breadth of a certain private road known as "New Colony Drive" (hereafter the "Road"), said Road being located on the northwesterly side of Ross Road, so called, and as shown on plan of Pilgrim Place Condominium recorded in the York County Registry of Deeds in Condominium File 368, Page 1.

The purpose of the within easement is to allow the Grantee to connect a water line to the existing water main located within said Road, along with the right to access said connection for the purpose of maintenance and repair of the water line connection and related valve. The Grantee herein agrees that, in the exercise of its rights hereunder, it shall restore the surface of the Road as near as possible to its condition prior to any such exercise. This easement pertains only to the connection to the water main within the Road; Grantee does not have and does not assume any responsibility or liability in regard to said water main.

The within easement is for the benefit of, and intended to allow a water line connection to, property of Eric W. Thompson (being the same promises conveyed to him by the Grantors herein by deed dated April 19, 2005 and recorded in the York County Registry of Deeds in Book 14441, Page 544) and property of Dustin J. Thompson and Aimee V. Thompson (being the same premises conveyed to them by the Grantors herein by deed dated September 21, 2005 and recorded in said Registry of Deeds in Book 14607, Page 488).

The right of the Grantors to grant the within easement was reserved in deed from the Grantors and others to Pligrim Place, Inc. in deed dated March 18, 1988, and recorded in the York County Registry of Deeds in Book 4690, Page 64.

IN WITNESS WHEREOF the said JEFFREY THOMPSON, JR. and COLLEEN J. THOMPSON have set their hands and seals this 19 day of June, 2006.

AGREEMENT, made this 10 day of August, 2007 by and between Pierre G. Valles of the City of Saco, County of York, Maine, and the BIDDEFORD AND SACO WATER COMPANY. a corporation organized under the Private and Special Laws of the State of Maine, and having a place of business in Biddeford, York County, Maine (hereinafter sometimes referred to as the "UTILITY").

WHEREAS, Plerre G. Vallee is the owner of certain real estate (the premises) situated on 30 Ross Road, so-called, in the City of Saco, County of York, Maine, and being more particularly bounded and described in YORK COUNTY, REGISTRY OF DEEDS BOOK 15216, PAGE 126; and WHEREAS, 36 Ross Knot is a lot that has frontage on the public way of Ross Rosd in two

locations, one that has 25 feet of frontage on an existing water main and one that does not,

WHEREAS, Pierre G. Vallee has requested that the improvements to provide public water consist of a 1-lach service pipe of approximately 30 feet in length between the center of that portion of the above referenced lot that has frontage on the existing water main in Ross Road and the presently existing water main which is located within the public way of Rose Road; and

WHEREAS, construction of additional homes which would require further extension of the water main in Ross Road is unlikely; and

WHEREAS, the present cost of such extension is approximately \$120.60 dollars per linear foot plus excavation and backfill; and

WHEREAS, Pierre G. Vallee does not desire to pay for a water main extension which may be unnecessary, but agrees that if additional service is required in the future the owner of the premises described in YORK COUNTY, REGISTRY OF DEEDS BOOK 15216, PAGE 126, shall pay for a portion of the cost of such extension; and

WHEREAS, the parties hereto wish to enter into a written agreement to evidence their agreement:

NOW, THEREFORE, in consideration of the mutual agreements hereinafter set forth, it is agreed as follows:

- 1. CONNECTION: The UTILITY shall allow the physical connection of a 1-inch copper service pipe to the existing main located in Ross Road, City of Saco, County of York, Maine, and shall supply water to such service pipe at its usual and customary charges.
- 2. FUTURE EXTENSION: In the event future extension of the water main is required because additional residences are constructed along Ross Road, it is agreed that the then owner of the premises described in YORK COUNTY, REGISTRY OF DEEDS BOOK 15216, PAGE 126 shall be responsible for the payment of the then proportionate cost of the installation of an adequately sized main from the end of the existing main on the date hereof to the centerline of said premises. Said proportionate share shall be calculated in accordance with the rules of the Maine Public Utilities Commission then existing.
- 13. RENT: The owner of said premises shall pay such cost of such extension within 20 days of the submission of a bill therefore. In the event the bill is not so paid, the UTALTY shall be entitled to interest on the unpuid balance at the rate of Twelve Percent (12%) per annum, shall be entitled to collect the same in a civil action and shall be entitled to reasonable attorneys' fees incurred in the collection thereof.
- 4. BENEFIT AND CONSTRUCTION: The terms of this Agreement shall be binding upon the owner of the premises described in YORK COUNTY, REGISTRY OF DEEDS BOOK 15216, PAGE 126 during the period of such ownership only and after conveyance no further obligation shall exist in anyone other than the then owner or such owner's successors. This Agreement shall inure to the benefit of the UTILITY, its successors and assigns, and shall be construed in accordance with the Laws of the State of Maine.

IN WITNESS WHEREOF, the parties hereto have bereunto set their hands and seats all as of the day and date first above written,

EASEMENT DEED

00c4: 34497 Bk:26157 Ps: 145 KNOW ALL MEN BY THESE PRESENTS

That, NEW LIFE CHRISTIAN FELLOWSHIP, a Maine religious, non-profit corporation having its principal offices in the City of Biddeford, County of York and State of Maine, in consideration of One (\$1.00) Dollar and other good and valuable consideration paid by BIDDEFORD AND SACO WATER COMPANY, a Maine corporation duly organized and established under the Private and Special Laws of the State of Maine on March 12, 1881, and having its principal place of business located in the City of Biddeford, County of York and State of Maine, and a mailing address of: 181 Elm Street, Biddeford, Maine 04005, the receipt whereof it does hereby acknowledge, does hereby give, grant, bargain, sell and convey unto the said Biddeford and Saco Water Company, its successors and assigns, a perpetual right and easement, in common with others, to enter at any and all times by foot and by vehicles upon the following described parcel of land:

A certain lot or parcel of land located in the City of Biddeford, County of York and State of Maine and situated on the Southerly side of Alfred Road, so-called, also known as Route #111, and being more fully bounded and described as follows:

(For Complete Description, See Exhibit A annexed hereto and incorporated herein)

AND the right to construct and perpetually maintain through, under and across the aforesaid premises, water pipes and street services, conduits and pipelines, with all necessary fixtures and appurtenances for conveying water, and the right to lay, re-lay, repair, maintain, remove and replace water pipe or pipes and street services upon or under said premises with all necessary fixtures and appurtenances, together with the right at all times to make connection with said water pipes, conduits and pipelines to land adjoining said parcel by means of pipes or services; to trim, cut down and remove bushes to such extent as in the judgment of the Grantee is necessary for any of the above purposes, and to enter upon said premises at any and all times with men, vehicles, machinery, equipment and materials for any of the foregoing purposes; reserving to the Grantor, its successors and assigns, the use and enjoyment of said premises for such purposes only as will in no way interfere with the perpetual use thereof by the Grantee, its successors and assigns, for the purposes above mentioned; PROVIDED, that no building or any kind of permanent structure shall be erected on said premises by the Grantor, its successors and assigns, and that neither the Grantor nor the Grantee, their successors and assigns, shall remove earth from said premises or place fill thereon, or install any means of drainage which shall cause the removal of earth from said premises, without the prior written permission of the other Party, their successors and assigns, which consent shall not be unreasonably withheld.

The foregoing Easement is further granted subject to:

- (a) the replacement by the Grantee corporation of the surface of the ground in substantially the same condition as existed prior to any excavation which may be required for the purposes hereinabove set forth; and
- (b) the restriction that, except in the case of catastrophic equipment failures, weather events or accidents, Grantee corporation shall exercise its foregoing easement rights in such a manner as to not prevent or unnecessarily disturb or hinder the passage of

vehicular traffic by the business invitees of Grantor or its Lessees, bearing in mind that the access way is used in part as the entrance and exit road for a car wash business, the current Lessee of the Grantor.

TO HAVE AND TO HOLD the perpetual right and easement over the aforegranted and bargained premises, with all the privileges and appurtenances thereof, to the said Biddeford and Saco Water Company, its successors and assigns, to its and their own use and behoof forever.

AND the said New Life Christian Fellowship does hereby covenant with the said Grantee, its successors and assigns, that it is lawfully seized in fee of the premises; that they are free of all encumbrances, except as herein noted and any and all state, federal and local land use regulations, ordinances, statutes and acts, including the zoning laws and ordinances of the City of Biddeford, Maine; that it has good right to convey the same to the said Grantee to hold as aforesaid; and that it and its successors shall and will warrant and defend the same to the said Grantee, its successors and assigns forever, against the lawful claims and demands of all persons.

IN WITNESS WHEREOF, the said New Life Christian Fellowship has caused this instrument to be sealed with its corporate seal and signed in its corporate name by Jeffrey A. Tarbox, its President thereunto duly authorized, this 24 day of March, in the year of our Lord Two Thousand and Eight.

Form of Subscription Agreement

SUBSCRIPTION AGREEMENT

BIDDEFORD AND SACO WATER COMPANY 181 Elm Street Biddeford, ME 04005 Attn: C.S. Mansfield, Jr., President and Treasurer

Dear Mr. Mansfield:

The undersigned subscriber (Subscriber) hereby agrees to purchase shares (the Shares) of Common Stock of Biddeford and Saco Water Company, a Maine corporation (the *Company*), on the terms and in the amount set forth below.

Subscriber hereby represents, warrants, agrees, and acknowledges as follows:

- (1) That Subscriber has received and carefully reviewed the Company's Offering Circular, including all attachments and exhibits thereto; that Subscriber understands that all books, records, and documents of the Company relating to this offering have been and remain available for inspection by the Subscriber upon reasonable notice; and that Subscriber has been supplied with all of the additional information concerning this investment that Subscriber has requested.
- (2) That Subscriber (either alone or together with Subscriber's advisors, if any) has sufficient knowledge and experience in financial and business matters to evaluate fully the information provided by the Company, the terms of this Subscription Agreement, and the merits and risks of this prospective investment; that Subscriber has conducted such investigation of this investment as Subscriber has deemed appropriate; AND THAT SUBSCRIBER IS AWARE THAT THIS INVESTMENT INVOLVES SUBSTANTIAL RISKS, INCLUDING THOSE DESCRIBED IN THE OFFERING CIRCULAR FOR THIS OFFERING.
- (3) That any financing plans, cost estimates, and market projections prepared by Management of the Company are highly speculative and have not been independently verified; THAT NO REPRESENTATION OR ASSURANCE HAS BEEN MADE TO OR RELIED UPON BY SUBSCRIBER CONCERNING THE PRESENT OR FUTURE VALUE OF THE SHARES OR CONCERNING ANY RETURN TO BE RECEIVED IN CONNECTION WITH AN INVESTMENT IN THE SHARES; and that, accordingly, Subscriber has made this investment decision based upon Subscriber's independent appraisal of the Company's business and prospects.
- (4) That the Shares have been qualified under the exemption provided by Regulation A under the Securities Act of 1933, as amended (the Securities Act), and any relevant state securities laws; and that the Shares or any interest therein will not be resold or otherwise disposed of by the Subscriber except in accordance with the relevant provisions of the Securities Act and appropriate state securities laws.
- (5) That Subscriber has had the opportunity to obtain such independent legal and tax advice and financial planning services as Subscriber has deemed appropriate prior to making a decision to subscriber for the Shares; and that Subscriber is aware of the federal and state tax consequences to Subscriber of a purchase of Shares in the Company.
- (6) That Subscriber is acquiring the Shares solely for Subscriber's own account for investment and not with a view to resale, distribution, or transfer to others.
- (7) That Subscriber has adequate means of providing for Subscriber's current needs and possible financial contingencies, has no need for liquidity in this investment, and has sufficient financial capacity to bear the economic risks of this investment for an indefinite period and to bear the risk of losing the entire amount invested.

any recommendation nor endorsement of the Shares.

(9) (FOR SUBSCRIBERS THAT ARE ENTITIES) That Subscriber is _______ (type of entity, such as corporation, general partnership, trust, etc.) duly organized and in good standing under the laws of the State of _______; that Subscriber's primary business is _______ (type of business); that this subscription does not contravene the terms of Subscriber's organizational documents or any agreement or instrument to which Subscriber is a party or by which it or any of its properties may be bound; and that the execution hereof and the purchase of the Shares have been duly authorized by all requisite action (corporate

(8) That no federal or state agency has made any finding or determination as to the fairness for investment nor

(10) That Subscriber's principal residence is located at the ownership registration address set forth below, and Subscriber has no present intention to change such residence to another State; and that, under penalties of perjury, Subscriber declares that the information set forth below regarding Subscriber's identity and Social Security Number or Taxpayer Identification Number is true, correct, and complete to the best of Subscriber's knowledge.

of its organizational documents or such other documents as the Company may reasonably request.

- (12) THAT THE COMPANY IS RELYING ON THE REPRESENTATIONS, WARRANTIES, AGREEMENTS, AND ACKNOWLEDGMENTS CONTAINED HEREIN IN DETERMINING WHETHER TO SELL THE SHARES TO SUBSCRIBER; THAT TO THE EXTENT PERMITTED BY LAW, SUBSCRIBER AGREES TO INDEMNIFY AND HOLD HARMLESS THE COMPANY, ITS CONTROLLING PERSONS, AND OTHER PERSONS PARTICIPATING IN THE PREPARATION OR MAKING OF THIS OFFERING, AGAINST ALL LIABILITY, LOSS, OR EXPENSE (INCLUDING REASONABLE ATTORNEYS' FEES AND COSTS OF INVESTIGATION) ARISING FROM SUBSCRIBER'S FAILURE TO FULFILL ANY OF THE TERMS OR CONDITIONS OF THIS AGREEMENT, OR FROM THE BREACH OF ANY REPRESENTATION OR WARRANTY MADE BY SUBSCRIBER TO THE COMPANY IN CONNECTION WITH THIS SUBSCRIPTION; AND THAT THE REPRESENTATIONS, WARRANTIES, AGREEMENTS, AND ACKNOWLEDGMENTS IN THIS AGREEMENT SHALL SURVIVE ACCEPTANCE OF THIS SUBSCRIPTION AND DELIVERY OF THE SHARES TO SUBSCRIBER.
- (13) That, subject to the Articles of Incorporation and Bylaws of the Company as from time to time in effect, this Agreement contains the entire terms of Subscriber's proposed purchase of the Shares, and supersedes any prior oral or written agreements, understandings, or representations concerning subscription for or purchase of securities of the Company.
- (14) (FOR SUBSCRIBING ENTITIES WHOSE PRIMARY BUSINESS IS THE OWNERSHIP OF SECURITIES) The representations and warranties contained herein are deemed to be made on behalf of each equity owner of the entity, to the same extent as if such person were subscribing for the Shares directly.

* * *

In the event of any claim or dispute in connection with this subscription or the offer, purchase, or subsequent transfer of the Shares, the Company and Subscriber agree to submit such claim or dispute and all related issues (including any issue as to arbitrability and the availability of remedies) to binding arbitration under the expedited procedures of the then prevailing rules of the American Arbitration Association for resolution of commercial disputes; provided, however, that except as otherwise required by law the arbitral award shall in no event include punitive damages to either party. THE PARTIES ACKNOWLEDGE THAT AN AGREEMENT TO ARBITRATE CONSTITUTES A WAIVER OF THE RIGHT TO TRIAL BEFORE A JUDGE OR JURY. This agreement to

arbitrate is intended to encourage a speedy and less costly resolution of claims and disputes, and to the extent permitted by due process shall encompass any related claims or counterclaims by or against controlling persons or agents of the company or subscriber. Any such arbitration shall occur at Portland, Maine or another location reasonably consented to by both the Company and Subscriber.

The Company may accept this subscription either by sending Subscriber an executed copy of this Agreement or by issuing the Shares to Subscriber. This subscription shall be irrevocable by Subscriber unless it has not been accepted by the Company within 20 business days after the Company's receipt hereof. No transfer or assignment of any rights hereunder shall be effective without the prior written consent of the Company. If any provision of this Agreement is deemed invalid or unenforceable, the remaining provisions hereof shall be enforced to the fullest extent permitted by law. This Agreement shall be governed by and interpreted in accordance with Maine law, and the terms hereof may not be modified or waived except in a writing signed by the party to be bound by such waiver or modification.

Employment Agreement with C. S. Mansfield, Jr.

EMPLOYMENT AGREEMENT

This AGREEMENT is made by and between the Biddeford & Saco Water Company, a Maine corporation (the "Company"), and C.S. Mansfield, Jr. (the "Executive"), and dated as of the 9th day of October, 2008. The terms of this Employment Agreement shall supersede those contained in the Employment Agreement between the Company and the Executive dated October 5, 2006.

Whereas the Executive has advised the Board of Directors of the Company (The "Board") that he has begun the process of seriously considering the timing of his retirement from the responsibilities of his current position with the Company, and

Whereas the Board and the Executive agree that it is in the best interests of the Company and its shareholders to: (1) develop a succession plan for the orderly replacement of the Executive, (2) diminish the inevitable distraction of the Executive by virtue of the personal uncertainties and risks created by the pending change in his employment status, and (3) encourage the Executive's full attention and dedication to the Company both currently, and throughout this period of personal uncertainty by providing the Executive with an acceptable plan for compensation and benefits,

NOW THÉREFORE, IT IS HEREBY AGREED AS FOLLOWS:

- 1. The period of this agreement shall commence on the date hereof and end on December 31, 2010.
- 2. The Executive shall remain an active employee "Participant" under the terms of the Company's defined benefit pension plan until December 31, 2010.
- 3. The Executive's job description and responsibilities shall be unchanged from those now existing for the period of time commencing on the date hereof and continuing through June 30, 2010.
- 4. The Executive's job description and responsibilities for the period of time commencing on July 1, 2010, and continuing until the end of the agreement period shall be that of a consultant and advisor. The Executive's status shall become that of a retired employee effective at the end of the normal workday on December 31, 2010.

- 5. The Executive's weekly and bonus compensation for the period of this agreement shall be:
 - a. \$2,112.00 per week for the period of time commencing with the date of this agreement, and ending with the payroll check dated July 1, 2009;
 - b. \$2,216.00 per week for the period of time commencing with the payroll check dated July 8, 2009, and ending with the payroll check dated June 30, 2010,
 - c. \$2,000.00 per week for the period of time commencing with the payroll check dated July 7, 2010, and ending with the payroll check dated December 29, 2010, which shall be the final weekly payroll check issued under this agreement unless it is later amended; and
 - d. \$7,500.00 bonus payments to be issued on November 5, 2008, August 5, 2009, and June 30, 2010.
- 6. In the event of the death or disability of the Executive so that he is unable to fulfill his job obligations, the Company shall pay \$1,000.00 per week to the Executive's spouse, or in the event the Executive's spouse has predeceased him, to the Executive's estate, for a period of 52 weeks.
- 7. The Company shall provide the Executive with medical, dental, short term disability, and life insurance, as well as all other benefits typically afforded to all regular employees of the Company, in the same manner as they are afforded to all other Company employees, throughout the entire period of this agreement.
- In the event of termination of the Executive or a change in governance of the Company, severance compensation for the Executive shall be in accordance with the Company's policy adopted on June 14, 2001.
- 9. This agreement may be amended at any time during the period of agreement by mutual consent of the Executive and the Board.

IN WITNESS WHEREOF, said EXECUTIVE has hereunto set his hand and said COMPANY has caused this instrument to be signed in its name and behalf by its BOARD of Directors.

EXHIBIT 6.2

Deferred Compensation Plan

BIDDEFORD & SACO WATER COMPANY DEFERRED COMPENSATION PLAN FOR SELECT MANAGEMENT EMPLOYEES

Article I. Introduction

The primary purpose of the Biddeford & Saco Water Company Deferred Compensation Plan for Select Management Employees (the "Plan") is to provide a competitive level of retirement income to eligible employees by permitting such employees to defer amounts of compensation that are not deferred under the tax-qualified plan Biddeford & Saco Water Company 401(k) Profit Sharing Plan & Trust. Participation in the Plan shall be limited to a select group of management or highly compensated employees within the meaning of the Employee Retirement Income Security Act of 1974, as amended. The Plan takes effect October 1, 2006.

Article II. Definitions

- 2.01 "Additional Compensation" shall mean the amount of a Participant's Compensation that is paid as bonuses, commissions, overtime payments, incentive payments, and like forms of irregular or additional compensation.
- 2.02 "Administrator" shall mean the Administrator appointed in accordance with Section 6.01.
 - 2.03 "Board" shall mean the Board of Directors of Biddeford & Saco Water Company.
 - 2.04 "Code" shall mean the Internal Revenue Code of 1986, as amended.
- 2.05 "Compensation" shall mean the amount paid by the Employer to a Participant for services rendered that is reportable on the Participant's Form W-2 for federal income tax purposes, and shall not include any amount that is not includible in the Participant's gross income pursuant to Code Sections 125, 402(a)(8), 402(h) or 403(b).
- 2.06 "Deferral Account" shall mean a bookkeeping account established under the Plan to which are credited contributions and income in accordance with Section 4.02.
 - 2.07 "Employer" shall mean Biddeford & Saco Water Company.
- 2.08 "ERISA" shall mean the Employee Retirement Income Security Act of 1974, as amended.
- 2.09 "Participant" shall mean a member of a select group of management or highly compensated employees of the Employer who is designated by the Board and listed on Schedule A as attached hereto and hereafter amended.

- 2.10 "Plan" shall mean the Biddeford & Saco Water Company Deferred Compensation Plan for Select Management Employees as set forth herein and hereafter amended.
 - 2.11 "Plan Year" shall mean the calendar year.
- 2.12 "Regular Compensation" shall mean the amount of a Participant's Compensation for a Plan Year, excluding the Participant's Additional Compensation for such Plan Year.
- 2.13 "Unforeseeable Emergency" shall mean a severe financial hardship of the Participant resulting from –
- (a) An illness or accident of the Participant, the Participant's spouse or the Participant's dependent (as defined in Code Section 152(a));
- (b) Loss of the Participant's property due to casualty (including the need to rebuild a home following damage to a home not otherwise covered by insurance); or
- (c) Other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the Participant, including any circumstance described in Proposed Treasury Regulation Section 1.409A-3(g)(3)(i) or other applicable guidance.

Whether a Participant has suffered an Unforeseeable Emergency shall be determined by the Administrator based on the relevant facts and circumstances.

Article III. Deferral Election

- 3.01 Deferral Election Period. The period for making a deferral election for a Plan Year shall be the 30-day period ending on the first day of such Plan Year. Notwithstanding the preceding sentence to the contrary, an employee of the Employer who is first designated as a Participant during a Plan Year may make a deferral election within the 30-day period following the designation, but such election shall apply only with respect to Regular Compensation, Additional Compensation, or both, as the case may be, payable for services to be performed after the date the election is made.
- 3.02 Deferred Compensation Agreement. A deferral election shall be made by delivering a deferred compensation agreement to the Administrator. One agreement may be used to defer Regular Compensation, Additional Compensation, or both when a Participant makes such deferral elections at one time. The agreement shall be a written instrument, in the form prescribed by the Administrator and executed by a Participant and the Administrator, which shall incorporate the terms of this Plan by reference and shall include such additional terms and provisions (not inconsistent with the terms of this Plan) as the Administrator may prescribe.
- 3.03 Amount. Each deferral election shall specify the percentage (up to 100 percent) of a Participant's Regular Compensation, Additional Compensation, or both that shall be deferred for a Plan Year.

- 3.04 *Modification*. Under no circumstances may a deferral election be made more frequently than once with respect to any Plan Year. A deferral election, once made for a Plan Year, may not be modified.
- 3.05 *Termination*. An election to defer Regular Compensation and Additional Compensation shall continue in effect until the Participant terminates the election or ceases to be a Participant.
- (a) A Participant may terminate an election to defer Regular Compensation and Additional Compensation upon the occurrence of an Unforeseeable Emergency, by delivering a written notice of termination to the Administrator. Deferral shall cease as of the first payroll period following receipt of the notice by the Administrator. Such notice shall not in any case be effective with respect to amounts previously deferred.
- (b) If a Participant ceases to be a member of a select group of management or highly compensated employees within the meaning of ERISA, his or her deferral elections shall terminate automatically, but the loss of such status shall not cause amounts previously deferred to become payable other than in accordance with Article V.

Article IV. Deferral Accounts

- 4.01 *Deferral Account*. The Employer shall maintain a Deferral Account for each Participant who has made a deferral election.
- 4.02 Adjustments. The Administrator shall adjust a Participant's Deferral Account as follows:
- (a) At the end of each pay period, credit such account with the amount, if any, deferred by the Participant during such period;
- (b) As of the first day of each month, (i) debit such account by the amount, if any, distributed to the Participant or a designated beneficiary since the date of the last monthly adjustment to the account; and (ii) credit such account with income at the applicable interest rate(s) on the balance as of the first day of the preceding month. For purposes of this Section, the "applicable interest rate" for a Plan Year shall be the prime rate published in the Wall Street Journal on the first business day of such Plan Year, or such other rate as is prescribed in the deferred compensation agreement for such Plan Year.
- 4.03 Account Status. A Participant shall have at all times a fully vested and nonforfeitable right to his or her Deferral Account. The Employer shall provide each Participant with an account statement at least annually.

Article V. Distributions

- 5.01 Distribution to Participant.
- (a) A Participant's Deferred Account shall be paid to him or her in the form of a lump sum or in substantially equal consecutive installments over a period not to exceed 10 years, payable

weekly, monthly, quarterly, or annually, as specified by the Participant in the applicable deferred compensation agreement that the Participant executes. The form of payment determined under this paragraph (a) may not be modified by subsequent deferred compensation agreements. If a Participant executes a subsequent deferred compensation agreement without specifying a form of payment for deferred amounts covered under the agreement, the Participant's initial deferred compensation agreement shall govern the form of payment of amounts deferred under such subsequent agreement (plus earnings thereon).

- (b) Payment shall be made on or shall commence with the first regular payroll day of the month following the earlier of the dates determined under (1) if the Participant has not specified a fixed date in the applicable deferred compensation agreement, or (2):
 - (1) The date on which the Participant ceases to render any and all services to the Employer. A Participant shall have ceased to render all services to the Employer when he or she is neither employed by the Employer nor serving as a member of the Board or of any committee of the Employer; or
 - (2) The date on which the Participant attains a specified age or such other fixed date, as specified by the Participant in the applicable deferred compensation agreement that the Participant executes. The date determined under this paragraph (2) may not be modified by subsequent deferred compensation agreements. Such agreements, however, may specify a different payment date with respect to amounts deferred under such subsequent agreements (plus earnings thereon). If a Participant executes a subsequent deferred compensation agreement without specifying a payment date for deferred amounts covered under the agreement, the Participant's initial deferred compensation agreement shall govern the time of payment for amounts deferred under such agreement (plus earnings thereon).
- 5.02 Accelerated Distributions. Notwithstanding Section 5.01 to the contrary, a distribution to or on behalf of a Participant shall be accelerated under the following circumstances:
- (a) If a Participant suffers an Unforeseeable Emergency that is not and may not be relieved through reimbursement or compensation from insurance or otherwise, by liquidation of the Participant's assets (to the extent such liquidation would not itself cause severe financial hardship), or by cessation of deferrals under the Plan, the amount reasonably necessary to satisfy the emergency need shall be paid to the Participant from his or her Deferred Account in a lump sum. The payment may include any amounts necessary to pay any Federal, state or local income taxes or penalties reasonably anticipated to result from the distribution, but the amount reasonably necessary shall also take account of additional compensation to the Participant resulting from cancellation of his or her deferral election. In addition, if following the death of a Participant, his or her beneficiary or beneficiaries suffers an Unforeseeable Emergency, the foregoing shall apply as if the beneficiary were a Participant;
- (b) A distribution shall be accelerated for domestic relations orders, to pay the Federal Insurance Contributions Act (FICA) taxes or taxes required under Section 409A of the Code, or to distribute a Participant's account balance if it is \$10,000 or less, as permitted by applicable Treasury regulations under Section 409A of the Code.

5.03 Distribution Upon Death.

- (a) In the event of a Participant's death, his or her Deferred Account shall be paid to the beneficiary that has been designated pursuant to subsection (c), in a lump sum or in substantially equal consecutive annual installments over a period not to exceed 10 years, as elected by the Participant pursuant to subsection (b). If payment commenced in accordance with Section 5.01 prior to the Participant's death, payment shall continue in accordance with the form of payment then in effect.
- (b) A Participant shall specify the manner in which payment shall be made to his or her designated beneficiary in the first deferred compensation agreement that the Participant executes. The manner of payment under all subsequent deferred compensation agreements shall be governed by the terms of the Participant's initial deferred compensation agreement.
- by the Administrator, designate any person or persons (who may be designated concurrently, contingently, or successively), the Participant's estate, or any trust or trusts created by the Participant to receive amounts that are payable under this Plan to the Participant's designated beneficiary or beneficiaries. Each beneficiary designation shall revoke all prior designations and will be effective only when filed in writing with the Administrator. If a Participant fails to designate a beneficiary or if a beneficiary dies before the date of such Participant's death and no contingent beneficiary has been designated, then the amounts which are payable as aforesaid shall be paid to the Participant's estate. If payment of benefits to a beneficiary commences and such beneficiary dies before all amounts to which such beneficiary is entitled have been paid, the remaining benefits shall be paid to the successive beneficiary or beneficiaries, if any, designated by the Participant, otherwise to the beneficiary's estate.
- 5.04 Distributions to Specified Employees. If stock of the Employer is publicly traded on an established securities market or otherwise as of the date of the Participant's separation from service, and the Participant is a "key employee" on such date, then, notwithstanding any other provision of this Plan, any payment due upon such separation from service shall be paid six (6) months following the date on which such payment would otherwise be made if the Participant were not a key employee. Whether the Employee is a "key employee" shall be determined pursuant to Code Section 409A, and the regulations thereunder, with the identification date being each December 31 and the determination being applicable for the 12-month period beginning on the following April 1.

Article VI. Administration

- 6.01 Appointment. From time to time, the Board shall appoint one or more persons to serve as the Administrator. The Board or subdivision thereof shall exercise the power and fulfill the responsibilities of the Administrator if, at any time, an Administrator has not been appointed hereunder or the position is otherwise vacant.
- 6.02 Power and Responsibilities. The complete authority to control and to manage the operation and administration of the Plan shall be placed in the Administrator. The Administrator shall have sole discretion to construe the Plan and to determine all questions relating to eligibility for and

entitlement to benefits. Further, the Administrator shall have the sole discretion to determine the time and form of benefit payments under the Plan.

- 6.03 Rules. Subject to the provisions of this Plan, the Administrator from time to time may establish rules for the administration and interpretation of the Plan. Such rules may be changed without advance notice to Participants. The determination of the Administrator as to any disputed questions shall be conclusive. All actions, decisions, and interpretations of the Administrator in administering the Plan shall be performed in a uniform and nondiscriminatory manner.
- 6.04 Claims Procedure. If any person believes that he or she is entitled to a distribution hereunder but has not received notice of such distribution, or believes that the amount of any distribution is incorrect, he or she shall submit a written claim for a distribution or corrected distribution to the Administrator. In the event that such claim is denied, the Administrator shall give written notice of such denial to the claimant, by certified or registered mail, within sixty (60) days after the claim was filed with the Administrator; provided, however, that such 60-day period may be extended to one hundred twenty (120) days by the Administrator if it determines that special circumstances exist which require an extension of the time required for processing the claim. Such denial shall set forth:
 - (a) the specific reason or reasons for the denial;
 - (b) the specific Plan provisions on which the denial is based;
- (c) any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary; and
 - (d) an explanation of the Plan's claim review procedure.

Following receipt of such denial, the claimant or his or her duly authorized representative may:

- (aa) request a review of the denial by filing written application for review with the Administrator within sixty (60) days after receipt by the claimant of such denial;
- (bb) review documents pertinent to the claim at such reasonable time and location as shall be mutually agreeable to the claimant and the Administrator; and
- (cc) submit issues and comments in writing to the Administrator relating to its review of the claim.

The Administrator shall, after consideration of the application for review, render a decision and shall give written notice thereof to the claimant, by certified or registered mail, within sixty (60) days after receipt by the Administrator of the application for review; provided, however, that such 60-day period may be extended to one hundred twenty (120) days by the Administrator if it determines that special circumstances exist which require an extension of the time required for processing the application for review. Such notice shall include specific reasons for the decision and specific references to the pertinent Plan provisions on which the decision is based.

- 6.05 Claim Exhaustion and Time Limitations. Before pursuing a legal remedy, a claimant shall first exhaust all claims, review, and appeals procedures under the Plan. No action may be brought in court on a claim for benefits under this Plan after the later of (i) two years after the claim arose or (ii) one year after the decision on appeal under the previous section (or one year after the expiration of the time to take an appeal if no appeal is taken).
- 6.06 Administrative Committee. If a committee is appointed as the Administrator, any act that the Plan authorizes or requires the Administrator to do may be done by a majority of its members. The action of such majority, expressed from time to time by a vote at a meeting or in writing without a meeting, shall constitute the action of the Administrator and shall have the same effect for all purposes as if assented to by all members of the Administrator at the time in office. The members of the Administrator may authorize one or more of their number to execute or deliver any instrument, make any payment or perform any other act which the Plan authorizes or requires the Administrator to do.
- 6.07 *Delegation*. The Administrator may employ counsel and other agents, may delegate ministerial duties to such agents or to employees of the Employer and may procure such clerical, accounting, actuarial, consulting and other services as it may require in carrying out the provisions of the Plan.
- 6.08 *Indemnification*. The Employer shall indemnify and hold harmless the Administrator (and any member of the Administrator, if a committee is appointed as the Administrator) against all expenses and liabilities arising out of its acts or omissions with respect to the Plan, provided the Administrator would be entitled to indemnification pursuant to the by-laws of the Employer.

Article VII. Miscellaneous

- 7.01 Termination or Amendment. The Board, in its sole discretion, may terminate this Plan or amend the Plan in whole or in part, provided that no such termination or amendment shall have the effect of -
- (a) terminating or modifying any Participant's deferral election in effect for the year in which such Plan termination or amendment occurs, except to the extent permitted under Article III;
- (b) reducing any Participant's Deferred Account as of the date of such termination or amendment;
- (c) accelerating the time or form of distribution of any Participant's Deferred Account, except to the extent permitted by Code Section 409A and the regulations thereunder; or
- (d) restricting any right of a Participant, beneficiary, or other person or estate entitled to benefits hereunder.
- 7.02 Employer's Rights. Nothing contained herein shall confer upon a Participant the right to be retained in the service of the Employer or any other right not expressly provided for herein, nor will the existence of this Plan impair the right of the Employer to discharge or otherwise deal with a Participant.

- 7.03 Participant's Rights. This Plan is unfunded for purposes of the Code and ERISA and is not intended to meet the requirements of Section 401(a) of the Code and should be interpreted accordingly. This Plan constitutes a mere promise by the Employer to make benefit payments in the future, and the Participant hereunder shall have no greater rights than a general, unsecured creditor of the Employer. Participants and their beneficiaries, heirs, successors, and assigns shall have no legal or equitable rights, claims, or interest in any specific property or assets of the Employer.
- 7.04 Accounts Not Assignable. The Administrator shall pay all amounts payable hereunder only to the person or persons designated by the Plan and not to any other person or corporation. To the maximum extent permitted by law, no right or benefit under this Plan shall be assignable or subject in any manner to alienation, sale, transfer, claims of creditors, pledge, attachment or encumbrances of any kind. If a court orders an assignment of benefits despite the previous two sentences, the affected Participant's benefit will be reduced accordingly.
- 7.05 Forfetture. A Participant's benefit from the Plan may be forfeited on account of lost payee, escheat law, recapture of amounts improperly credited to a Participant's Deferral Account or improperly paid to or with respect to a Participant, expenses paid from a Participant's Deferral Account, or investment losses. If a payee is lost, but the Participant (or his or her beneficiary) later claims such benefit, such benefit shall be reinstated without interest or earnings for the forfeiture period.
- 7.06 Documents. Each Participant shall receive a copy of this Plan and the Administrator will make available for inspection by the Participant a copy of any rules and regulations adopted by the Administrator in administering the Plan. Each Participant also will receive a copy of any documents pertaining to a trust, if the Employer decides to set up a trust to hold any assets or insurance policies under the Plan.
- 7.07 Taxes. Any and all taxes that may be due and owing with respect to any payment made under the Plan shall be the sole responsibility of the persons to whom and for whose henefit such payment is made. The Employer shall have the right to withhold from any payment made under the Plan all amounts that are required by law to be withheld.
- 7.08 Governing Law. This Plan is established under and will be construed according to the laws of the State of Maine, except to the extent such laws may be preempted by ERISA.

IN WITNESS WHEREOF, Biddeford & Saco Water Company has caused this document to be executed by its duly authorized officer on this 22nd day of 3eptember, 2006, to be effective as of October 1, 2006.

Re:

Offering Statement on Form 1-A

Ladies and Gentlemen:

We have acted as special counsel to Biddeford and Saco Water Company, a Maine business corporation (the "<u>Company</u>"), in connection with an offering statement on Form 1-A (the "<u>Offering Statement</u>") filed with the Securities and Exchange Commission under the Securities Act of 1933, as amended (the "<u>Act</u>"), relating to the offering by the Company of an aggregate of 31,000 shares of common stock of the Company (the "<u>Shares</u>").

For purposes of our opinions set forth below, we have examined originals or copies of such records and certificates of officers, certificates of public officials, and other documents as we have deemed relevant and necessary as a basis for this opinion. In such examination, we have assumed, without independent verification, the genuineness of all signatures, the authenticity of all documents submitted to us as originals, the conformity to originals of documents submitted to us as copies, and the authenticity of the originals of such documents. As to questions of fact material to this opinion, we have relied, without independent verification, upon representations contained in certificates of officers of the Company and public officials.

Based upon the foregoing, and subject to the qualifications set forth below, we are of the opinion that the Shares to be offered and sold pursuant to the Offering Statement will be validly issued, fully paid, and non-assessable upon issuance on the terms set forth in the Offering Statement.

We consent to the filing of this opinion as an Exhibit to the Offering Statement. In giving this consent, we do not thereby admit that we are within the category of persons whose consent is required under Section 7 of the Act, or the General Rules and Regulations of the Securities and Exchange Commission.

Very truly yours.

TO OUR SHAREHOLDERS:

As most of you are aware, the Biddeford and Saco Water Company faces a need to raise significant capital over the coming years. Our Board of Directors previously proposed amendments to our charter that would have allowed the Company to make an offering of preferred stock to institutional investors and other large purchasers. That proposal met with mixed reactions from shareholders, and by a narrow margin failed to garner sufficient votes for approval. Some who opposed the amendments expressed a preference for the Company to meet its capital needs through an offering of common stock rather than preferred stock.

The Company is now examining a possible offering of common stock. Net proceeds from such an offering would be used to reduce the balance on the Company's line of credit, and to put the Company in a position to earn a greater return on its invested capital.

As a first step in the contemplated common stock offering, the Company is seeking to determine whether existing shareholders might be interested in purchasing common shares in such an offering. We anticipate that the Company would offer up to \$2,500,000 of common stock, at some slight discount to the most recent sale price (which on November 30 was \$81.00 per share).

This solicitation of interest is being made to determine the level of interest in such an offering among our existing shareholders. We are mailing this letter to shareholders who live in selected states that allow this kind of solicitation to be made without first incurring the full expense of preparing the kind of registration statement needed for a formal offering and sale of shares. If we receive sufficient indications of interest, then our plan would be to go ahead with a formal offering. As you consider this possible offering, we ask you to please be advised of the following:

- This is a solicitation of interest only. No money or other consideration is being solicited at this time, and if sent in response, will not be accepted.
- No sale of the securities will be made, or commitment to purchase accepted, until the delivery of a final offering statement that includes complete information about the issuer and the offering.
- An indication of interest made by a prospective investor involves no obligation or commitment of any kind.

 This solicitation of interest is being made pursuant to exemptions from registration under federal and state securities laws. No sale may be made until the offering statement is qualified by the SEC and is either registered in this state or exempted from registration.

Name of company:

Biddeford and Saco Water Company

Chief executive officer:

C.S. Mansfield, Jr.

Business and products:

The Company is a public utility, supplying drinking water and fire protection services on the southern Maine coast to the communities of Biddeford, Saco, Old Orchard Beach, and the Pine Pont section of Scarborough, regulated by the Maine Public Utilities

Commission.

We ask now that you assist us in evaluating whether shareholders would be interested in purchasing common stock from the Company. If you feel that you might be interested in participating in such an offering and would like to receive an offering circular or prospectus providing further details, please let us know. To do so, please return the enclosed form or send me a quick note by mail, email, or fax, stating that you might be interested and giving us some idea of the potential dollar amount that you might be interested in investing in common shares if priced appropriately. Doing so will not involve any commitment on your part (or ours), but would help us gauge the level of shareholder interest in such an offering. The actual registration process will involve significant expense to the Company. Your Board wishes to avoid this expense if there is little interest on the part of existing shareholders. You may respond to our inquiry by fax at (207) 282-1544; email at info@biddefordsacowater.com; or by using the enclosed mailing envelope. If you might have interest in purchasing shares, we would appreciate receiving a response from you within the next two weeks, if possible.

Thank you for your continued support of the Biddeford and Saco Water Company.

May 28, 2010

TO OUR SHAREHOLDERS:

This past December, I sent letters to shareholders in selected states (Maine, Massachusetts, and Florida) to gauge possible interest in a common stock offering by Biddeford and Saco Water Company directly to shareholders. As I discussed in the letter and at prior shareholder meetings, the Company faces a need to raise significant capital over the coming years.

Based on feedback received from shareholders in response to my letter, the Company has decided to proceed with an offering of common stock, at a price of \$67.50 per share. Net proceeds from the offering would be used to reduce the balance on the Company's line of credit, and to put the Company in a position to earn a greater return on its invested capital.

The Company has concluded that Biddeford and Saco Water Company shareholders have statutory preemptive rights under Maine law. A "preemptive right" is a pro rata right to purchase a portion of a new common stock offering, sufficient to preserve that shareholder's current ownership percentage.

We have filed with the Securities and Exchange Commission a Form 1-A offering statement, covering an offering of 31,000 shares of common stock at the offering price of \$67.50 per share. As described below, we plan to pursue this offering in selected states where most of our shareholders reside. By virtue of your preemptive rights, however, as a record or beneficial owner of Biddeford and Saco Water Company common stock, you will have a pro rata right to purchase shares regardless of where you reside.

The Company is conducting this offering primarily in Maine, Massachusetts, Florida, Illinois, California, Connecticut, New Hampshire, Pennsylvania, and Maryland. The securities laws of those states allow the Company to make an offering without incurring substantial additional expense. Shareholders from those states who offer to purchase common stock may do so, if they wish, in amounts not limited to their pro rata percentage of the offered shares, subject however to availability and other conditions set forth in the form of Subscription Agreement for this offering.

For those of you who reside in states other than Maine, Massachusetts, Florida, Illinois, California, Connecticut, New Hampshire, Pennsylvania, and Maryland, you have a preemptive right to purchase your pro rata portion of the offering – i.e. up to 30% of the total number of shares of Biddeford and Saco Water Company common stock that you already own. Depending on the securities laws in your state, the Company may be able to offer you shares in excess of your pro rata percentage of the offering. We plan to assess this once we know which shareholders might be interested in purchasing more than their pro rata percentage.

To exercise your preemptive rights, you must return to us the enclosed Preemptive Rights Election by July 7, 2010 (i.e. within 40 days of the date of this letter). If we receive the form from you by that date, we will send you a copy of the final offering circular for this offering, together with a Subscription Agreement. Returning the enclosed Preemptive Rights Election will <u>not</u> obligate you to purchase. A binding offer to purchase can be made by you only by submitting a signed Subscription Agreement in the form provided with the final offering circular.

Thank you for your continued support of the Biddeford and Saco Water Company.

On behalf of the Board of Directors C.S. Mansfield, Jr., President
