a. Free Movers Inc. is a real estate and moving company that finds an apartment, home, or commercial lease space for an individual, family or group and then collects a fee from the apartment complex owner, home seller, or commercial leaser, then moves the individual into the new location at a discounted fee.

(1) Services provided: Free Movers is a real estate locating service and moving company that helps people find a new apartment, home or commercial lease space.

a. Apartment: An individual that is looking for a new apartment hears about Free Movers then calls the Free Movers office stating they are looking for an apartment. The Free Movers office secretary gets on the computer and gives the individual a list of apartments that suites they're needs. The individual then

goes to these apartments and chooses the one they like best. The individual as well as the secretary informs the leasing agent at the apartment complex that Free Movers referred them there. Since Free Movers is the individuals referring agent we charge a referral fee to the apartment complex for referring them a new tenant. This referral fee is generally 100% of the individual first month rent paid to Free Movers immediately after the individual has moved into the apartment. So if the persons rent is \$500.00 Free Movers receives a check for \$500.00. Since virtually all this money is profit Free Movers can move the individual into their new place for a discounted price to add even more funds to profit or move the person for free if they have only the basic standard items to be move which is determined by Free Movers. Cost to move an individual with basic items for Free Move is around \$75.00 however very seldom is the free move package available as most customers have more items than the free move package allows. As a result we charge discounted standard move fees which are standard move cost less the \$75 free move deductible which allows us to up profit margin per transaction.

b. Home: Home sales fees and moves work similar. Free Movers represents the home seller and / or the home buyer as their real estate agent. Free Movers puts a Free Movers sign in front of the home and when the Free Movers sells the home and represents the buyer they collect a 6% commission (I.E. 6% of a \$100,000 house is \$6000) and has a free move deductible of \$150 for seller and buyer each (\$300 total move cost). Free Movers makes \$5,700 profit for basic free move package however most customers will have more items than the free

package will allow and as a result standard move charge less free move deductible will apply and profit margin will increase even more.

- c. Commercial properties: Commercial properties work similarly. Free Movers receives a percentage of the lessee's lease contract funds as a referral fee in addition to receiving a percentage of their monthly rent for the duration of the lease term. Move charges will be set accordingly and will increase profit margins per transaction.

Customers - Anyone needing a home, apartment, or commercial lease space.

apartment. The Free Movers office secretary gets on the computer and gives the individual a list of apartments that suites they're needs. The individual then goes to these apartments and chooses the one they like best. Since Free Movers is the individuals referring agent we charge a referral fee to the apartment complex for referring them a new tenant. This referral fee is generally 100% of the individual first month rent paid to Free Movers immediately after the individual has moved into the apartment. So if the persons rent is \$500.00 Free Movers receives a check for \$500.00. \$100,000 house is \$6000) and has a free move deductible of \$150 for seller and buyer each (\$300 total move cost). Free Movers makes \$5,700 profit for basic free move package however most customers will have more items than the free package will allow and as a result standard move charge less free move deductible will apply and profit margin will increase even more.

3. Commercial properties: Commercial properties work similarly. Free Movers receives a percentage of the lessee's lease contract funds as a referral fee in addition to receiving a percentage of their monthly rent for the duration of the lease term. Move charges will be set accordingly and will increase profit margins per transaction.
