CI Financial reports net sales of \$1.5 billion in 2009

TORONTO (January 4, 2010) – CI Financial Corp. (“CI”) today reported net sales of \$1.5 billion and growth in assets under management of \$12.1 billion or 22.1% for calendar year 2009.

CI posted gross retail sales of \$8.5 billion for the year, with net sales consisting of \$1.6 billion in net sales of long-term funds and \$71 million in net redemptions of money market funds. CI recorded positive net sales in 11 of 12 months in 2009. CI also ranked fourth in the industry for net sales for the year-to-date (as of November 30, 2009).

“In a year that started out with extreme challenges for financial markets, CI finished with growth in assets under management of 22% and continued as one of the top-selling fund companies in Canada,” said Stephen A. MacPhail, CI President. “Our tremendous lineup of funds and portfolio managers, with award-winning industry leaders such as Eric Bushell and Gerry Coleman, has put us in a very strong competitive position.”

At the 2009 Canadian Investment Awards, Eric Bushell, Chief Investment Officer of Signature Global Advisors, was named Morningstar Equity Fund Manager of the Year, and three Signature funds were winners in their categories. In total, CI Investments Inc. received seven awards, including Analysts’ Choice Investment Fund Company of the Year – the third time in four years that CI Investments has won this prestigious award. Meanwhile, Portfolio Manager Gerry Coleman, head of CI’s Harbour Advisors, was named Fund Manager of the Decade by *The Globe and Mail* newspaper. In addition, at November 30, 2009, CI Investments had 85 mutual and segregated funds with Morningstar Canada’s top five-star ranking.

CI’s successful product launches in 2009 included Signature Diversified Yield Fund and Signature Diversified Yield Corporate Class, which provide investors with exposure to high-yield asset classes. The funds were launched in mid-November and have already attracted \$100 million in assets.

For the month of December, CI had gross sales of \$808 million and net sales of \$100 million, consisting of net sales of \$81 million in long-term funds and \$19 million in money market funds.

At December 31, 2009, CI had total fee-earning assets of \$88.8 billion, an increase of \$14.7 billion or 19.8% over the year. Assets under management consisted of investment funds of \$62.7 billion, which increased 23.4% in 2009, and institutional managed assets of \$4.0 billion. CI also had assets under administration at Assante Wealth Management (Canada) Ltd. of \$21.4 billion and other fee-earning assets of \$741 million.

In other recent developments, CI completed the sale of Blackmont Capital Inc. to Macquarie Group, effective December 31, 2009. At the same time, Blackmont’s capital markets operations

were transferred to CI Capital Markets, a newly created subsidiary. The statistics in this press release have been adjusted to reflect this change.

Additional information about CI's sales, assets and financial position can be found below in the tables of preliminary statistics and on its website, www.ci.com/cix, in the Statistics section. The sales and assets reported in this release are the only statistics authorized by CI and CI takes no responsibility for reporting by any external sources.

FOR IMMEDIATE RELEASE

Trident Performance Corp. Announces Proposed Mandatory Market Purchase Program for its Class A Warrants

Toronto, January 18, 2010 – Trident Performance Corp. (the “Corporation”) announced today that it will seek the approval of its Class A Warrantholders to add a one-time mandatory market purchase program to the warrant indenture governing the Class A Warrants. Under the mandatory market purchase program, the Corporation would be required to seek to purchase Class A Warrants through the facilities of the Toronto Stock Exchange on each day on or before June 30, 2010 that the number of outstanding Class A Warrants exceeds the number of outstanding Class A Shares of the Corporation. The maximum purchase price payable by the Corporation under the mandatory market purchase would be the diluted Net Asset Value per Class A Share in effect at the time of the purchase less \$10.00.

CI Investments Inc., which is the manager of the Corporation, believes that the proposed mandatory market purchase program would be beneficial to both Class A Warrantholders and Class A Shareholders by increasing liquidity for Class A Warrantholders and potentially reducing the dilutive effect of the Class A Warrants on the Net Asset Value per Class A Share.

A meeting of the Class A Warrantholders will be held on or about March 1, 2010 (on or about March 16, 2010 if quorum is not achieved on or about March 1, 2010) to approve the amendments to the Class A warrant indenture necessary to implement the mandatory market purchase program. Class A Warrantholders of record at the close of business on January 22, 2010 will be entitled to receive notice of, and to vote at, the meeting. If approved, the mandatory market purchase program will be implemented immediately following the meeting.

The Corporation’s Class A Shares and Class A Warrants are listed on the Toronto Stock Exchange under the symbols TCP and TCP.WT, respectively. The Corporation also has outstanding Class F Shares and Class F Warrants which are not part of the proposal described above.
