**B1 Review of Group Results Full Year 2009 vs Full Year 2008**

For the full year 2009, Group revenue decreased by 12% to RM367.371 million from RM415.447 million in the year ended 31 December 2008, largely due to major renovations at Shangri-La Hotel Kuala Lumpur and Golden Sands Resort.

The Group's profit before tax for the year at RM51.505 million was 28% lower compared with RM71.474 million in 2008. Group profit attributable to shareholders for 2009 consequently dropped to RM35.353 million from RM49.267 million the previous year.

The results of the Group for 2009 mainly reflected the reduced performances of Shangri-La Hotel Kuala Lumpur and Golden Sands Resort, which were under major renovations for most of 2009. In addition to this, a significant slowdown in the global travel industry resulting from the economic downturn also had a negative impact on the Group's hotel operations as a whole.

The renovation programme at Shangri-La Hotel Kuala Lumpur for all guestrooms that began in April 2008 was fully completed by the end of November 2009. Renovation disruptions combined with poor business conditions during the year resulted in a lower occupancy of 38% versus 45% last year, with revenue falling by 15% to RM115.204 million. Notwithstanding, the hotel posted a profit of RM2.245 million in 2009 compared with a loss of RM4.334 million in 2008, which had included a charge of RM24.147 million for certain asset write-offs related to its renovation programme. Excluding this charge, the hotel's profit was RM2.245 million for 2009 compared to RM19.813 million in 2008.

Occupancy levels at Golden Sands Resort were also impacted by extensive renovations to all guestrooms and public areas from February 2009 to end-November 2009. Owing to a reduction in available rooms, the resort's occupancy fell sharply in the year from 69% in 2008 to 41%, and this led to a 42% fall in revenue to RM28.980 million from RM49.986 million the previous year. The resort made a loss of RM5.476 million for 2009 as compared with a profit of RM16.410 million in 2008.

In line with reduced levels of leisure arrivals, Rasa Sayang Resort registered a drop in occupancy from 66% in 2008 to 63%. Revenue from its operations for 2009 declined by 7% to RM70.621 million, and operating profit reduced from RM19.664 million in the prior year to RM15.132 million.

Despite softer market conditions, Rasa Ria Resort grew its overall revenue by 2% to RM94.343 million, driven primarily by an 11% growth in the average room rate. The resort ended the year with a profit of RM31.704 million, up 7% from RM29.636 million in 2008. The resort's occupancy for the year of 73% was at the same level as in 2008.

Faced with sluggish corporate demand, Traders Hotel Penang saw occupancy decrease from 73% in 2008 to 66%. The hotel's revenue for 2009 fell by 10% to RM30.384 million, with pre-tax profit down from RM4.887 million in 2008 to RM3.407 million.

The Group's investment properties produced a 5% increase in total combined rental revenue to RM24.552 million, whilst pre-tax profit improved by 2% from RM14.969 million in 2008 to RM15.272 million. Growth was supported by higher contributions from UBN Tower, which more than offset the lower results at UBN Apartments.

In the twelve months to 31 December 2009, the Group's share of losses in Traders Hotel Yangon, its 23.53% associate hotel in Myanmar decreased to RM0.428 million from RM1.384 million for 2008.

APPENDIX 9B

**B2 Comparison of Group Results 4th Quarter 2009 vs 3rd Quarter 2009**

Group revenue for the fourth quarter ended 31 December 2009 was RM105.273 million, an increase of 13% from RM93.057 million in the third quarter ended 30 September 2009. Much of this growth came from Shangri-La Hotel Kuala Lumpur and Golden Sands Resort following the completion of their renovation programmes at end-November 2009.

Group pre-tax profit for the fourth quarter, however decreased to RM13.033 million compared with RM18.570 million in the third quarter ended 30 September 2009, mostly due to a reduction in profit contribution from Rasa Ria Resort.

During the fourth quarter, Rasa Ria Resort experienced a lower occupancy level of 68% against 80% in the third quarter 2009, as a result of softening demand. This caused a 17% fall in revenue to RM23.018 million, with profit down by 52% from RM12.395 million in the 2009 third quarter to RM5.931 million. At the same time, occupancy at Rasa Sayang Resort declined to 66% from 68% in the third quarter of 2009, contributing to a drop of 2% in revenue to RM18.445 million.

Revenues from Shangri-La Hotel Kuala Lumpur and Golden Sands Resort improved markedly over the third quarter 2009, benefiting from healthy increases in occupancy levels. Shangri-La Hotel Kuala Lumpur achieved a higher occupancy of 48% versus 36%, with revenue up by 45% to RM37.109 million. At Golden Sands, occupancy rose to 53% from 37%, while revenue grew by 55% to RM10.094 million compared with the third quarter 2009. There were also better results from Traders Hotel Penang, helped by an improvement in occupancy from 67% to 76%.

The combined total rental revenue from the Group's investment properties in Kuala Lumpur for the fourth quarter 2009 at RM6.225 million was broadly comparable with the revenue of RM6.233 million recorded in the three months to 30 September 2009.

**B3 Prospects for 2010**

Looking forward, the operating environment for the Group's hotel business is expected to improve gradually over the course of 2010. Amidst a recovering global economy, demand trends in the business and leisure travel markets have begun to show some encouraging signs of improvement. However, there has been a slower recovery in demand from the Group's major long haul travel markets particularly UK and Europe, due to ongoing economic uncertainty.

The Group's hotels and resorts are nevertheless, well positioned to benefit from any stronger market conditions. Notably, with the completion of the extensive renovation programmes at Shangri-La Hotel Kuala Lumpur and Golden Sands Resort in late 2009, both the hotels should see better occupancy levels and deliver improved operating results for 2010. Their newly renovated rooms and facilities will assist the hotels to compete strongly in the marketplace.

For the Group's investment properties in Kuala Lumpur, UBN Tower should continue to fare reasonably well as demand for prime office space is likely to remain stable through 2010 on the back of a more positive business outlook. UBN Apartments, on the other hand is expected to experience further competitive pressures on occupancy and rental rates.
