To the Dealers appointed
from time to time pursuant to a
Terms Agreement or Appointment Agreement
under the Global Debt Program of the
Inter-American Development Bank

Ladies and Gentlemen:

I have participated in the proceedings of the Inter-American Development Bank (the "Bank") to establish the Global Debt Program of the Bank, as it may be amended, restated, or superseded from time to time (the "Program"), and to authorize the issue and sale of Notes thereunder (the "Notes") with reference to a Prospectus dated January 8, 2001 (the "Prospectus"). In connection with such proceedings, I have examined, among other documents, the following:

- 1) The Agreement Establishing the Inter-American Development Bank (the "Bank Agreement") and the By-Laws of the Bank;
- 2) The Global Borrowing Authorization, Resolution DE-17/09, authorizing the issuance and sale of the Notes;
- 3) The Prospectus;
- 4) The Standard Provisions, dated as of January 8, 2001 (the "Standard Provisions");
- 5) The Global Agency Agreement, dated January 8, 2001, as amended, among the Bank, Kredietbank S.A. Luxembourgeoise, and Citibank, N.A. (the "Global Agency Agreement"); and
- 6) The Uniform Fiscal Agency Agreement, dated as of July 20, 2006, as amended, between the Bank and the Federal Reserve Bank of New York (the "FRBNY Fiscal Agency Agreement").

Pursuant to Section 5(e)(ii) of the Standard Provisions, I am of the opinion that:

- a) The Bank is an international organization duly established and existing under the Bank Agreement;
- b) The Bank has obtained all governmental approvals required pursuant to the Bank Agreement in connection with the offering, issue and sale of the

Notes;

- c) The creation, issue, sale and delivery of the Notes, and the execution of any Notes in definitive form, have been duly authorized, and when duly issued and delivered, and in the case of Notes in definitive form, duly executed, authenticated, issued and delivered, the Notes will constitute valid and legally binding obligations of the Bank in accordance with their terms;
- d) Any applicable Terms Agreement or Appointment Agreement, as the case may be, as of its date, will be duly authorized, executed and delivered by the Bank;
- e) Each of the Global Agency Agreement, and the FRBNY Fiscal Agency Agreement has been duly authorized, executed and delivered by the Bank and constitutes a valid and legally binding obligation of the Bank;
- f) Under existing law, it is not necessary in connection with the public offering and sale of the Notes to register the Notes under the U.S. Securities Act of 1933, as amended, or to qualify an indenture with respect thereto under the U.S. Trust Indenture Act of 1939, as amended.

While I assume no responsibility with respect to the statements in the Prospectus, nothing has come to my attention which has caused me to believe that the Prospectus, as of its date and as of the date hereof, and excluding the financial statements or other financial data, contains any untrue statement of a material fact or omits to state any material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

This letter does not relate to the financial statements or other financial data contained in the Prospectus.

In rendering the foregoing opinion, I have relied, with respect to matters of New York law, upon the opinion of Sullivan & Cromwell LLP and, with respect to matters of English law, upon the opinion of Linklaters LLP, each delivered on this date in accordance with the Standard Provisions. Also, I have assumed that signatures on all documents examined by me are genuine.

This letter is furnished by me as Chief Counsel of the Bank to Dealers appointed from time to time under the Program and is solely for their benefit.

Very truly yours,

John S. Scott
Chief Counsel

(d) Interest Period:

Each period from and including each Interest Payment Date to but excluding the next following Interest Payment Date; *provided* that the initial Interest Period will commence on and include the Interest Commencement Date, and the final Interest Period will end on but exclude the Maturity Date.

For the purposes of the calculation of the Interest Amount payable for any Interest Period, there shall be no adjustment pursuant to the Business Day Convention specified above.

(e) Fixed Rate Day Count Fraction(s):

Actual/Actual

(f) Calculation of Interest Amount:

As soon as practicable and in accordance with the procedure specified herein, the Calculation Agent will determine the INR Rate and calculate the Interest Amount with respect to each minimum Authorized Denomination for the relevant Interest Period.

The Interest Amount with respect to any Interest Period shall be a USD amount calculated on the relevant Valuation Date (as defined below) as follows:

INR 12,500 per minimum Authorized Denomination
divided by
the INR Rate

(and rounding, if necessary, the entire resulting figure to the nearest two decimal

places, with USD 0.005 being rounded upwards).

The “INR Rate” means the rate determined by the Calculation Agent that is equal to the USD/INR spot rate at 1:00 p.m. Mumbai time, expressed as the amount of INR per one USD, for settlement in two INR Business Days, reported on Reuters page RBIB (or such other page or service as may replace any such page for the purposes of displaying the USD/INR reference rate) at or around 1:30 p.m. Mumbai time on the Valuation Date (such date, subject to adjustment as described below).

The “Valuation Date” means the date that is five INR Business Days prior to the applicable Interest Payment Date or Maturity Date. If the scheduled date of the Valuation Date (the “Scheduled Valuation Date”) is not an INR Business Day, the Valuation Date will be the first preceding day prior to the Scheduled Valuation Date that is an INR Business Day; *provided* that if the Scheduled Valuation Date is an Unscheduled Holiday, then the Valuation Date will be the first following day that is an INR Business Day. Notwithstanding the preceding sentence, if the Valuation Date has not occurred on or before the fourteenth consecutive day after the Scheduled Valuation Date, then the Valuation Date will be the next day that would have been an INR Business Day but for the Unscheduled Holiday.

“Unscheduled Holiday” means a day that is not an INR Business Day and that the market was not aware of such fact (by means of a public announcement or by reference to other publicly available information) until a time later than 9:00 a.m., Mumbai time, two INR Business Days

prior to the Scheduled Valuation Date.

“INR Business Day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in Mumbai and Singapore.

Fallback Provisions:

Should no USD/INR reference rate appear on Reuters page RBIB (or on such replacement page as described above) on the Valuation Date, then the USD/INR reference rate for such Valuation Date shall be determined by the Calculation Agent by requesting quotations for the mid USD/INR spot foreign exchange rate at or about 1:00 p.m. Mumbai time on the first INR Business Day following the Valuation Date from five banks active in the USD/INR currency and foreign exchange markets (such banks, the “Reference Banks”) as selected by the Calculation Agent.

If five or four quotations are provided as requested, the USD/INR reference rate will be the arithmetic mean (rounded to the nearest .01 INR, 0.005 being rounded upwards) of the remaining three or two such quotations, as the case may be, for such rate provided by the Reference Banks, after disregarding the highest such quotation and the lowest such quotation (provided that, if two or more such quotations are the highest such quotations, then only one of such quotations shall be disregarded, and if one or more such quotations are the lowest quotations, then only one of such lowest quotations will be disregarded).

If only three or two such quotations are provided as requested, the USD/INR reference rate shall be determined as described above except that the highest and

lowest quotations will not be disregarded.

If only one or no such quotations are provided as requested, or if the Calculation Agent determines in its sole discretion that no suitable Reference Banks active in the USD/INR currency or foreign exchange markets will provide quotes, the Calculation Agent shall be entitled to calculate the USD/INR reference rate acting in good faith in a commercially reasonable manner, having taken into account relevant market practice, by reference to such additional sources as it deems appropriate; and in such case the Calculation Agent shall notify the Bank and the Global Agent as soon as reasonably practicable that the USD/INR reference rate is to be so determined.

(g) Calculation Agent:

See "8. Identity of Calculation Agent" under "Other Relevant Terms"

(h) Notification:

If the Interest Amount payable on any Fixed Rate Interest Payment Date or the Redemption Amount, as the case may be, is calculated in any manner other than by utilizing the USD/INR reference rate that appears on Reuters page RBIB (or on such replacement page as described above), the Global Agent on behalf of the Bank shall give notice as soon as reasonably practicable to the Noteholders in accordance with Condition 14 (Notices).

14. Relevant Financial Center:

Mumbai, Singapore and New York

15. Relevant Business Day:

Mumbai, Singapore and New York

16. Redemption Amount (Condition 6(a)):

The Redemption Amount with respect to each Authorized Denomination will be a USD amount calculated by the Calculation Agent with respect to the Maturity Date as follows:

Authorized Denomination

divided by
the INR Rate

(and rounding, if necessary, the entire resulting figure to the nearest 2 decimal places, with USD 0.005 being rounded upwards).

Payment of the Redemption Amount will occur on the scheduled Maturity Date or, if later in the event of any such adjustment described above, on the date that is five Relevant Business Days after the Valuation Date upon which the INR Rate is actually obtained, with no accrued interest payable in respect of any postponement described above.

17. Issuer's Optional Redemption (Condition 6(e)):

No

18. Redemption at the Option of the Noteholders (Condition 6(f)):

No

19. Early Redemption Amount (including accrued interest, if applicable) (Condition 9):

In the event the Notes become due and payable as provided in Condition 9 (Default), the Early Redemption Amount with respect to each Authorized Denomination will be a USD amount equal to the Redemption Amount that is determined in accordance with "16. Redemption Amount" plus accrued and unpaid interest, if any, as determined in accordance with "13. Fixed Interest Rate (Condition 5(I))"; *provided*, that for purposes of such determination, the "Valuation Date" shall be the date that is five INR Business Days prior to the date upon which the Notes become due and payable as provided in Condition 9 (Default).

Recent Developments

On March 22, 2010, the Bank's Board of Governors agreed to take steps necessary to implement an increase of its ordinary capital resources in the amount of \$70 billion that would be subscribed to by Bank members over a five-year period. Of this amount, \$1.7 billion would be in the form of paid-in capital and the remainder would represent callable capital. Additionally, and in an effort to assure the Bank's continued support for Haiti's reconstruction and development, the Board of Governors agreed, in principle, to provide \$200 million annually in transfers of ordinary capital income, through 2020, to the IDB Grant Facility for Haiti. Such transfers would be subject to the annual approval of the Board of Governors. The Board of Governors has directed the Bank's Board of Executive Directors and Senior Management to prepare the technical document and required legal instruments for submission to the Board of Governors, within 60 days of such date, in order to proceed with voting by Bank members.

General Information

Additional Information regarding the Notes

1. The EU has adopted a Directive regarding the taxation of savings income (the "Savings Directive"). The Savings Directive requires Member States (as defined below) to provide to the tax authorities of other Member States details of payments of interest and other similar income paid by a person to an individual in another Member State, except that Austria and Luxembourg will instead impose a withholding system for a transitional period unless during such period they elect otherwise.

The Bank undertakes that it will ensure that it maintains a paying agent in a country which is a member of the European Union (a "Member State") that will not be obliged to withhold or deduct tax pursuant to the Savings Directive.

2. United States Tax Matters

A) United States Internal Revenue Service Circular 230 Notice: To ensure compliance with Internal Revenue Service Circular 230, prospective investors are hereby notified that: (a) any discussion of U.S. federal tax issues contained or referred to in this Pricing Supplement, the Prospectus or any other document referred to herein is not intended or written to be used, and cannot be used, by prospective investors for the purpose of avoiding penalties that may be imposed on them under the United States Internal Revenue Code; (b) such discussions are written for use in connection with the promotion or marketing of the transactions or matters addressed herein; and (c) prospective investors should seek advice based on their particular circumstances from an independent tax advisor.

B) The "Tax Matters" section of the Prospectus and any tax disclosure in this pricing supplement is of a general nature only, is not exhaustive of all possible tax considerations and is not intended to be, and should not be construed to be, legal, business or tax advice to any particular prospective investor. Each prospective investor should consult its own tax advisor as to the particular tax consequences to it of the acquisition, ownership, and disposition of the Notes, including the effects of applicable U.S. federal, state, and local tax laws and non-U.S. tax laws and possible changes in tax laws.

C) Due to a change in law since the date of the Prospectus, the second paragraph of "—Payments of Interest" under the United States Holders section should be read as follows: "Interest paid by the Bank on the Notes constitutes income from sources outside the United States but will, depending on your circumstances, be "passive" or "general" income for purposes of computing the foreign tax credit."

D) Due to a change in law since the date of the Prospectus, the fourth paragraph of "—Purchase, Sale and Retirement of the Notes" under the United States Holders

section should be read as follows: "Capital gain of a noncorporate United States holder that is recognized in taxable years beginning before January 1, 2011 is generally taxed at a maximum rate of 15% where the holder has a holding period greater than one year."

3. *Noteholders should consult their own tax advisors concerning the consequences of owning the Notes in their particular circumstances under the Internal Revenue Code and the laws of any other taxing jurisdiction.*

4. Additional Investment Considerations:

The Notes offered by this Pricing Supplement are complex financial instruments and may not be suitable for certain investors. Investors intending to purchase the Notes should consult with their tax and financial advisors to ensure that the intended purchase meets the investment objective before making such purchase.

There are various risks associated with the Notes including, but not limited to, exchange rate risk, price risk and liquidity risk. Investors should consult with their own financial, legal and accounting advisors about the risks associated with an investment in these Notes, the appropriate tools to analyze that investment, and the suitability of the investment in each investor's particular circumstances. Holders of the Notes should also consult with their professional tax advisors regarding tax laws applicable to them.

The Bank will hedge its obligations under the Notes by entering into a swap transaction with an affiliate of the Dealer as swap counterparty. Assuming no change in market conditions or any other relevant factors, the price, if any, at which the Dealer or another purchaser might be willing to purchase Notes in a secondary market transaction is expected to be lower, and could be substantially lower, than the original issue price of the Notes. This is due to a number of factors, including that (i) the potential profit to the secondary market purchaser of the Notes may be incorporated into any offered price and (ii) the cost of funding used to value the Notes in the secondary market is expected to be higher than our actual cost of funding incurred in connection with the issuance of the Notes. In addition, the original issue price of the Notes included, and secondary market prices are likely to exclude, the projected profit that our swap counterparty or its affiliates may realize in connection with this swap. Further, as a result of dealer discounts, mark-ups or other transaction costs, any of which may be significant, the original issue price may differ from values determined by pricing models used by our swap counterparty or other potential purchasers of the Notes in secondary market transactions.

Payment of each Interest Amount and the Redemption Amount will be based on the INR Rate, which is a measure of the rate of exchange between the Indian Rupee and the USD. Currency exchange rates are volatile and will affect the holder's return. In addition, the government of India can from time to time intervene in the foreign exchange market. These interventions or other governmental actions could adversely affect the value of the Notes, as well as the yield (in USD terms) on the Notes and the amount payable at maturity or upon acceleration. Even in the absence of governmental action directly

affecting currency exchange rates, political or economic developments in India or elsewhere could lead to significant and sudden changes in the exchange rate between the Indian Rupee and the USD.

The Indian Rupee is an emerging market currency. Emerging market currencies may be subject to particularly substantial volatility, as well as to government actions including currency controls, devaluations and other matters which could materially and adversely affect the value of the Notes.

The methodologies for determining the INR Rate may result in a Redemption Amount (or Early Redemption Amount, as the case may be) of the Notes, or an Interest Amount on the Notes, being significantly less than anticipated or less than what an alternative methodology for determining the INR-USD exchange rate would yield.

March 4, 2010

To the Dealers appointed
from time to time pursuant to a
Terms Agreement or Appointment Agreement
under the Global Debt Program of the
Inter-American Development Bank

Ladies and Gentlemen:

I have participated in the proceedings of the Inter-American Development Bank (the "Bank") to establish the Global Debt Program of the Bank, as it may be amended, restated, or superseded from time to time (the "Program"), and to authorize the issue and sale of Notes thereunder (the "Notes") with reference to a Prospectus dated January 8, 2001 (the "Prospectus"). In connection with such proceedings, I have examined, among other documents, the following:

- 1) The Agreement Establishing the Inter-American Development Bank (the "Bank Agreement") and the By-Laws of the Bank;
- 2) The Global Borrowing Authorization, Resolution DE-17/09, authorizing the issuance and sale of the Notes;
- 3) The Prospectus;
- 4) The Standard Provisions, dated as of January 8, 2001 (the "Standard Provisions");
- 5) The Global Agency Agreement, dated January 8, 2001, as amended, among the Bank, Kredietbank S.A. Luxembourgeoise, and Citibank, N.A. (the "Global Agency Agreement"); and
- 6) The Uniform Fiscal Agency Agreement, dated as of July 20, 2006, as amended, between the Bank and the Federal Reserve Bank of New York (the "FRBNY Fiscal Agency Agreement").

Pursuant to Section 5(e)(ii) of the Standard Provisions, I am of the opinion that:

- a) The Bank is an international organization duly established and existing under the Bank Agreement;
- b) The Bank has obtained all governmental approvals required pursuant to the Bank Agreement in connection with the offering, issue and sale of the

Notes;

- c) The creation, issue, sale and delivery of the Notes, and the execution of any Notes in definitive form, have been duly authorized, and when duly issued and delivered, and in the case of Notes in definitive form, duly executed, authenticated, issued and delivered, the Notes will constitute valid and legally binding obligations of the Bank in accordance with their terms;
- d) Any applicable Terms Agreement or Appointment Agreement, as the case may be, as of its date, will be duly authorized, executed and delivered by the Bank;
- e) Each of the Global Agency Agreement, and the FRBNY Fiscal Agency Agreement has been duly authorized, executed and delivered by the Bank and constitutes a valid and legally binding obligation of the Bank;
- f) Under existing law, it is not necessary in connection with the public offering and sale of the Notes to register the Notes under the U.S. Securities Act of 1933, as amended, or to qualify an indenture with respect thereto under the U.S. Trust Indenture Act of 1939, as amended.

While I assume no responsibility with respect to the statements in the Prospectus, nothing has come to my attention which has caused me to believe that the Prospectus, as of its date and as of the date hereof, and excluding the financial statements or other financial data, contains any untrue statement of a material fact or omits to state any material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

This letter does not relate to the financial statements or other financial data contained in the Prospectus.

In rendering the foregoing opinion, I have relied, with respect to matters of New York law, upon the opinion of Sullivan & Cromwell LLP and, with respect to matters of English law, upon the opinion of Linklaters LLP, each delivered on this date in accordance with the Standard Provisions. Also, I have assumed that signatures on all documents examined by me are genuine.

This letter is furnished by me as Chief Counsel of the Bank to Dealers appointed from time to time under the Program and is solely for their benefit.

Very truly yours,

John S. Scott
Chief Counsel

(f) Calculation of Interest Amount:

As soon as practicable and in accordance with the procedures specified herein, the Calculation Agent will determine the Reference Rate and calculate the amount of interest payable (the "Interest Amount") with respect to each minimum Authorized Denomination for the relevant Interest Period.

The Interest Amount with respect to any Interest Period shall be a USD amount calculated on the relevant Rate Fixing Date (as defined below) as follows:

BRL 475 per minimum Authorized Denomination *divided by* the Reference Rate

(and rounding, if necessary, the entire resulting figure to the nearest two decimal places, with USD 0.005 being rounded upwards).

The "Reference Rate" means the BRL/USD offered rate for USD, expressed as the amount of BRL per one USD, for settlement in two Brazil and New York Business Days (as defined below) reported

by the Banco Central do Brasil on the SISBACEN Data System under transaction code PTAX-800 (“*Consulta de Cambio*” or “Exchange Rate Inquiry”), Option 5 (“*Cotações para Contabilidade*” or “Rates for Accounting Purposes”) (the “PTAX Rate”) (or such other page or service as may replace any such page for the purposes of displaying the BRL/USD reference rate published by Banco Central do Brasil), by approximately 6:00 p.m., São Paulo local time, on each Rate Fixing Date (as defined below); *provided, however*, that if the BRL12 (as defined below) is available on such Rate Fixing Date and the PTAX Rate shall differ by more than 3% from the BRL12, then the Reference Rate will be the BRL12, or if there are insufficient responses to BRL12, then both the PTAX Rate and BRL12 shall be deemed unavailable; and *provided further*, that if the PTAX Rate is not then available, then the Reference Rate will be BRL12.

“BRL12” means the foreign exchange rate as specified in the ISDA 1998 FX and Currency Options Definitions updated as of January 12, 2007, which is the BRL/USD specified rate for USD, expressed as the amount of BRL per one USD, for settlement in two Brazil and New York Business Days as calculated by EMTA (or a service provider EMTA may in its sole discretion select) pursuant to the EMTA BRL Industry Survey Methodology (as defined below), and published on EMTA’s website (www.emta.org) at approximately 12:30 p.m. São Paulo time or as soon as practicable thereafter on the Rate Fixing Date.

“EMTA BRL Industry Survey Methodology” means a methodology, dated as of March 1, 2004, as amended from time to time, for a centralized industry-wide

survey of financial institutions in Brazil that are active participants in the BRL/USD spot rate markets for the purposes of determining BRL12.

“Rate Fixing Date” is a date that is five Brazil and New York Business Days prior to any Fixed Rate Interest Payment Date and/or the Maturity Date, *provided, however*, that if such date is an Unscheduled Holiday, the Rate Fixing Date shall be the next preceding Brazil and New York Business Day, and provided further, that if there is an Unscheduled Holiday between such Rate Fixing Date and such date of payment, there shall be no adjustment to such Rate Fixing Date on account thereof.

“Brazil and New York Business Day” means a day (other than a Saturday or a Sunday) on which the banks and foreign exchange markets are open for business in both (i) São Paulo, Rio de Janeiro or Brasilia not otherwise declared a financial market holiday by the *Bolsa de Mercadorias & Futuros*; and (ii) New York.

“Unscheduled Holiday” means a day that is not a Brazil and New York Business Day and the market was not aware of such fact (by means of a public announcement or by reference to other publicly available information) until a time later than 9:00 a.m. local time in the principal financial centers of the Specified Currency two Brazil and New York Business Days prior to the relevant Rate Fixing Date.

“Fallback Provision”:

In the event that both the PTAX Rate and the BRL12 are unavailable on the relevant Rate Fixing Date, the Reference Rate will be determined by the Calculation Agent on such Rate Fixing Date, acting in good faith

and in a commercially reasonable manner, having taken into account relevant market practice.

- (g) Calculation Agent: See "9. Identity of Calculation Agent" under "Other Relevant Terms"
- (h) Notification: If the Interest Amount payable on any Interest Payment Date or the Redemption Amount, as the case may be, is calculated in any manner other than by utilizing the PTAX Rate, the Global Agent on behalf of the Bank shall give notice as soon as reasonably practicable to the Noteholders in accordance with Condition 14 (*Notices*).

Redemption Amount” plus accrued and unpaid interest, if any, as determined in accordance with “13. Fixed Interest Rate (Condition 5(I))”; *provided* that for purposes of such determination, the “Rate Fixing Date” shall be the date that is five (5) Brazil and New York Business Days prior to the date upon which the Notes become due and payable as provided in Condition 9 (*Default*).

Recent Developments

On March 22, 2010, the Bank's Board of Governors agreed to take steps necessary to implement an increase of its ordinary capital resources in the amount of \$70 billion that would be subscribed to by Bank members over a five-year period. Of this amount, \$1.7 billion would be in the form of paid-in capital and the remainder would represent callable capital. Additionally, and in an effort to assure the Bank's continued support for Haiti's reconstruction and development, the Board of Governors agreed, in principle, to provide \$200 million annually in transfers of ordinary capital income, through 2020, to the IDB Grant Facility for Haiti. Such transfers would be subject to the annual approval of the Board of Governors. The Board of Governors has directed the Bank's Board of Executive Directors and Senior Management to prepare the technical document and required legal instruments for submission to the Board of Governors, within 60 days of such date, in order to proceed with voting by Bank members.

General Information

Additional Information regarding the Notes

1. The EU has adopted a Directive regarding the taxation of savings income (the "Savings Directive"). The Savings Directive requires Member States (as defined below) to provide to the tax authorities of other Member States details of payments of interest and other similar income paid by a person to an individual in another Member State, except that Austria and Luxembourg will instead impose a withholding system for a transitional period unless during such period they elect otherwise.

The Bank undertakes that it will ensure that it maintains a paying agent in a country which is a member of the European Union (a "Member State") that will not be obliged to withhold or deduct tax pursuant to the Savings Directive.

2. United States Tax Matters

A) United States Internal Revenue Service Circular 230 Notice: To ensure compliance with Internal Revenue Service Circular 230, prospective investors are hereby notified that: (a) any discussion of U.S. federal tax issues contained or referred to in this Pricing Supplement, the Prospectus or any other document referred to herein is not intended or written to be used, and cannot be used, by prospective investors for the purpose of avoiding penalties that may be imposed on them under the United States Internal Revenue Code; (b) such discussions are written for use in connection with the promotion or marketing of the transactions or matters addressed herein; and (c) prospective investors should seek advice based on their particular circumstances from an independent tax advisor.

B) The "Tax Matters" section of the Prospectus and any tax disclosure in this pricing supplement is of a general nature only, is not exhaustive of all possible tax considerations and is not intended to be, and should not be construed to be, legal,

business or tax advice to any particular prospective investor. Each prospective investor should consult its own tax advisor as to the particular tax consequences to it of the acquisition, ownership, and disposition of the Notes, including the effects of applicable U.S. federal, state, and local tax laws and non-U.S. tax laws and possible changes in tax laws.

C) Due to a change in law since the date of the Prospectus, the second paragraph of “—Payments of Interest” under the United States Holders section should be read as follows: “Interest paid by the Bank on the Notes constitutes income from sources outside the United States but will, depending on your circumstances, be “passive” or “general” income for purposes of computing the foreign tax credit.”

D) Due to a change in law since the date of the Prospectus, the fourth paragraph of “—Purchase, Sale and Retirement of the Notes” under the United States Holders section should be read as follows: “Capital gain of a noncorporate United States holder that is recognized in taxable years beginning before January 1, 2011 is generally taxed at a maximum rate of 15% where the holder has a holding period greater than one year.”

3. *Noteholders should consult their own tax advisors concerning the consequences of owning the Notes in their particular circumstances under the Internal Revenue Code and the laws of any other taxing jurisdiction.*

4. Additional Investment Considerations:

There are significant risks associated with the Notes including but not limited to exchange rate risk, price risk and liquidity risk. Investors should consult their own financial, legal, accounting and tax advisors about the risks associated with an investment in these Notes, the appropriate tools to analyze that investment, and the suitability of the investment in each investor’s particular circumstances.

The methodologies for determining the Brazilian Real foreign exchange rate may result in a Redemption Amount (or Early Redemption Amount, as the case may be) of the Notes, or an interest payment on the Notes, being significantly less than anticipated.
