PROSPECTS

2009 was a challenging year for most economies and businesses around the globe. As a result of our prudent approach to managing risks and strengthening our operations, we were able to deliver solid growth and good returns to shareholders in this difficult environment. For the year ended 31st December, 2009, the Group's profit before share of results of the Hutchison Whampoa Group was HK\$12,808 million.

Solid progress was made in all of our operating activities during the year. We recorded satisfactory growth in contributions from property sales and property rental. Contribution from hotels and serviced suites has decreased as a result of current economic conditions. Returns from investment and finance were higher as compared to last year given the improvement in the financial markets in the latter part of 2009. The significant increase in the fair value of investment properties was recorded mainly due to the completion of a new project during the year under review.

2009 in Review

Repercussions from the financial crisis which began in 2008 continued to be felt in various markets around the globe. The severity of the downturn impacted not only the banking and financial industries, but also all other sectors to varying degrees, including trade and commerce, real estate, hotel and travel, as well as retail.

Hong Kong has benefited from the support of the Central and local Government's policies and initiatives. After four consecutive quarters of contraction, the domestic economy resumed year-on-year growth of 2.6% in the fourth quarter of 2009, and real GDP for the full year fell by 2.7% from 2008. Overall the local economy has steadily stabilised.

The Group's property business in Hong Kong has benefited from the solid performance of the local property sector in 2009, when property transactions and prices were supported by a high level of affordability and the unwinding of pent-up demand. In view of the prevailing low interest rate environment and the Government's recent enhancement of the Application List System aimed at increasing the flexibility of land supply, the local property market is expected to remain stable and positive in the medium to longer term.

In 2009, the Group executed its development initiatives as scheduled, and registered sound results for its various property projects. The increase in turnover and profit contribution from our property operations was satisfactory. Actions to further expand our well-established land bank have continued. With a low average land acquisition cost, we are confident that we can generate a good return on our existing land reserves which are sufficient to underpin development plans over the coming five to six years.

Good progress has been made by the Group's property business in the Mainland. Various projects are progressing as planned, and the proportion of contribution from these operations continues to grow satisfactorily. While the Central Government is initiating measures aimed at regulating loan supply and curtailng home price rises, these measures will be beneficial to the stability and sustainability of the market in the longer term. The Group has confidence in the strong fundamentals and tremendous potential of the Mainland's market. We will actively prepare for further expansion by making prudent, selective investments in quality sites and projects in the Mainland.

The Group has seized growth opportunities as they arise in overseas markets such as Singapore and the United Kingdom. The satisfactory contribution from operations in these markets will enable us to further increase the value of our property portfolio.

Listed Affiliated Companies

We are well positioned to capture opportunities globally through the strategic investments in our listed affiliated companies, particularly through the Hutchison Whampoa Group's diversified businesses across 54 countries. All of the core businesses of these companies recorded solid performances in 2009.

The Hutchison Whampoa Group The global operations of the Hutchison Whampoa Group performed solidly despite a very difficult operating environment in 2009. The 3G business is currently developing on a steady improving course. With an improvement in cash flow, the debt level of the Hutchison Whampoa Group was reduced. Overall the businesses of the Hutchison Whampoa Group are progressing well. It will continue to look to commit new investment capital to further expand its core businesses, and is forging ahead to grow as new opportunities emerge. There remain many elements of uncertainty in the global economy, but we are confident in the growth prospects of the Hutchison Whampoa Group in 2010 barring major unforeseen circumstances.

CKI Cheung Kong Infrastructure Holdings Limited ("CKI") recorded a strong performance for 2009, which was pleasing given the challenging economic conditions. It has an established track record of steady growth and continued increase in dividends, as well as the capability to overcome challenges and difficulties, such as those of the recent financial crisis. CKI is optimistic about its future prospects and will continue to build on its growth momentum, sound fundamentals and solid business foundation.

Report of the Chairman and the Managing Director (*continued*)

HK Electric Hongkong Electric Holdings Limited (“HK Electric”) reported lower earnings from its Hong Kong operations due to the lower rate of permitted return under the new Scheme of Control Agreement and lower cash deposit balances and deposit interest rates. The impact of the decreased Hong Kong earnings was substantially offset by the strong operating results from activities outside Hong Kong, with earnings significantly increased from those recorded for 2008.

CK Life Sciences CK Life Sciences Int’l., (Holdings) Inc. (“CK Life Sciences”) recorded a good performance in 2009. The significant turnaround in overall results can be largely attributed to increased profitability in the health sector and improved investment returns, as well as a reduction in finance costs. CK Life Sciences will continue to leverage its sound fundamentals and steady business operations to drive for better performance in the future. Continued efforts will be made to streamline and consolidate existing operations, and to explore opportunities to expand prudently.

Looking Ahead

There have been early signs of improvement in the European and the U.S. economies. While the global market has yet to fully stabilise and it is still confronted by a number of uncertainties and potential problems, including the risks associated with the debt problems of certain nations, the general economic conditions worldwide should improve further in 2010 as compared to 2009.

The Mainland’s economy returned to a faster track of growth in 2009, stimulated by strong government-led investment and consumption. Real GDP growth was 8.7% for the year, and is expected to remain at a level of over 8% in 2010. The Central Government has stated its intention to maintain proactive fiscal policies and moderately relaxed monetary measures, and to push ahead with economic restructuring by promoting private consumption. Against this backdrop, the Mainland’s economy is expected to maintain a steady pace of growth in 2010 and to show promising long-term prospects.

The Mainland’s development and steady growth will continue to provide solid support for Hong Kong’s economy. Accelerated economic cooperation with the Mainland should present Hong Kong with good growth opportunities, and support a steady, sustainable economic recovery and development. We have confidence in the medium and longer-term economic prospects of the Mainland and Hong Kong.

The Group is steadfast in its strategy to invest in the future by following its primary operating principle of achieving a balance between progress and stability. The Group has considerable reserves to draw upon and has solid financial strength. Barring any unforeseen circumstances, the Group's shareholders' funds will continue to grow significantly and the Group's ability to generate cash will continue to be strong in the coming years. We operate with a very low gearing ratio, approximately 9.5% at year end, and have the ability to mobilise not less than HK\$50 billion to take advantage of timely investment opportunities for large-scale development. Given all its strengths and potential, the Cheung Kong Group is uniquely placed for future growth and expansion. We are very confident in the prospects of the Group in 2010 and beyond.

Intelligent, creative, dedicated and loyal employees are the Group's most valuable asset in this extremely competitive and challenging global environment. We take this opportunity to thank our colleagues on the Board, the staff members of the Group and our diligent employees worldwide for their hard work, loyal service and contributions during the year.

3. New Acquisitions and Joint Developments and Other Major Events:

Hong Kong

- (1) April 2009: A wholly owned subsidiary of the Group reached an agreement with the Government in respect of the site at 873 Lai Chi Kok Road, Cheung Sha Wan, New Kowloon Inland Lot No. 6354. With an area of approximately 2,844 sq. m., the site is designated for a commercial and residential development estimated to have a developable gross floor area of about 23,996 sq. m. In July 2009, the Group completed the land exchange and executed the land grant with the Government in respect of the development.
- (2) August 2009: A wholly owned subsidiary of the Group acquired 77-87 Ma Tau Wai Road, Hung Hom, Subsection 6, Subsection 7, Section A of Subsection 8, the Remaining Portion of Subsection 8, Subsection 9 and Subsection 10 of Section A of Kowloon Marine Lot No. 53. With an area of approximately 543 sq. m., the site is designated for a commercial and residential development estimated to have a developable gross floor area of approximately 3,527 sq. m.
- (3) October 2009: A wholly owned subsidiary of the Group acquired 133-139 Electric Road, North Point, the Remaining Portion of Inland Lot No. 3319. With an area of approximately 697 sq. m., the site is earmarked for a residential development estimated to have a developable gross floor area of approximately 6,276 sq. m.
- (4) November 2009: A wholly owned subsidiary of the Group set up a U.S.\$2,000,000,000 Euro Medium Term Note Programme (the "Programme") for the purpose of issuing notes (the "Notes") which may be denominated in any currency as agreed with the dealer(s) from time to time. The maximum aggregate nominal amount of all Notes outstanding under the Programme from time to time will not exceed U.S.\$2,000,000,000. The Programme provides that the Notes may be listed on The Stock Exchange of Hong Kong Limited or such other or further stock exchanges as may be agreed with the relevant dealer(s).
- (5) January 2010: A wholly owned subsidiary of the Group successfully won the contract for the joint development of two sites located at Lai Chi Kok Road/Kweilin Street and Yee Kuk Street in Sham Shui Po in a public tender exercise. In February 2010, the Group entered into a development agreement with the Urban Renewal Authority for the joint development of the sites. With an aggregate area of approximately 3,339 sq. m., the sites are planned for a commercial and residential development estimated to have a total developable gross floor area of approximately 29,649 sq. m.
- (6) During the year under review, the Group continued to acquire properties and agricultural land with potential for development. Some of the properties and agricultural land are under varying stages of design and planning applications.

The Mainland and Overseas

- (7) November 2009: A wholly owned subsidiary of the Group successfully bid for the parcel of land at Upper Thomson Road in Singapore with a site area of approximately 20,848 sq. m. for development into residential properties.
- (8) During the year under review, the Group's property projects in the Mainland and overseas were on schedule, both in terms of sales and leasing.

Management Discussion and Analysis (continued)

Property Sales

Turnover of property sales for the year, including share of property sales of jointly controlled entities, was HK\$21,513 million (2008 – HK\$13,889 million), an increase of HK\$7,624 million when compared with last year, and comprised mainly the sale of the remaining residential units of four property projects completed last year – The Capitol and Seasons Monarch in Hong Kong and Maison des Artistes and Regency Park Phase VII in Shanghai, and the sale of residential units of property projects completed during the year, including Celestial Heights Phases 1 and 2 in Hong Kong, Le Parc Phase 1 in Chengdu, Cape Coral Phase 1 in Chongqing, Regency Park Phases 1 and 2 in Shenzhen, and several other property projects in the Mainland.

Contribution from property sales, including share of results of jointly controlled entities, was HK\$8,396 million (2008 – HK\$6,547 million), an increase of HK\$1,849 million when compared with last year. While economic recovery in Hong Kong and the Mainland was underway, the property market was active during the year with strong demand for residential properties, and property prices picked up sharply amid low mortgage interest rates and expectation of inflation.

Contribution from property sales for 2010 will mainly be derived from the sale of residential units of Central Park Towers II, Le Prestige, Le Prime, La Mer and Festival City Phases 1 and 2 in Hong Kong, La Grande Ville Phase 1 in Beijing, The Riverside Phase 3 in Guangzhou, Regency Cove Phases 1 and 2 in Shanghai, Century Place and Regency Park Phase 3 in Shenzhen, Marina Bay Residences in Singapore and several other property projects scheduled for completion.

During the year, the presale of residential units of Central Park Towers II, Le Prestige and Le Prime in Hong Kong were launched and all the units were soon sold out, whereas the presale of residential units of various property projects in the Mainland met with good market response. The presale of residential units of La Mer and Festival City Phase 1 have also been launched in March 2010 and presale results have been satisfactory.

Property Rental

Turnover of the Group's property rental for the year was HK\$1,155 million (2008 – HK\$945 million), an increase of HK\$210 million when compared with last year, mainly due to higher rental secured by The Center, a commercial office property in Hong Kong, for leases renewed before the global financial crisis took place last year, and the completion of 1881 Heritage, a new heritage revitalisation landmark for cultural tourism, shopping and leisure in Hong Kong, which commenced generating rental income during the first half year. The Group's existing investment properties comprise mainly retail shopping malls and commercial office properties in Hong Kong which accounted for approximately 37% and 52% respectively of the turnover of the Group's property rental for the year.

Contribution from the Group's property rental was HK\$1,062 million (2008 – HK\$829 million), and contribution including share of results of jointly controlled entities was HK\$1,739 million (2008 – HK\$1,449 million), an increase of HK\$290 million when compared with last year. The local commercial leasing market eased in the first half year while businesses cut back on costs and reduced floor space requirements in the wake of the global financial crisis. As business sentiment and consumer confidence gradually improved in the second half year, rentals for retail and commercial properties became more stable.

At the year end date, the Group accounted for an increase in the fair value of investment properties of HK\$3,857 million (2008 – HK\$134 million) based on a professional valuation, mainly attributable to the completion of 1881 Heritage during the year, and shared an increase in the fair value of investment properties of HK\$693 million (2008 – HK\$467 million) of jointly controlled entities.

Hotels and Serviced Suites

Turnover of the Group's hotels and serviced suites for the year was HK\$1,399 million (2008 – HK\$1,383 million), an increase of HK\$16 million when compared with last year. The increase in turnover was mainly attributable to the opening of Harbour Grand Hong Kong during the year which offset a decrease in turnover due to decrease in demand for hotels and serviced suites in Hong Kong and the Mainland as a result of a recession in the global economy.

Contribution from the Group's hotels and serviced suites was HK\$360 million (2008 – HK\$470 million) and contribution including share of results of jointly controlled entities was HK\$517 million (2008 – HK\$810 million), a decrease of HK\$293 million when compared with last year. During the year, operating conditions for hotels and serviced suites were difficult with low occupancy and room rates, and operating results were further affected by the spread of Influenza A H1N1 worldwide during the first half year.

Besides the opening of Harbour Grand Hong Kong in the first half year, Harbour Plaza 8 Degrees also commenced operation in the second half year. Both hotels are located in Hong Kong and will further their contribution to group profit when the local economy benefits from the global economic recovery.

Property and Project Management

Turnover of property and project management for the year was HK\$226 million (2008 – HK\$219 million), of which income from property management was HK\$158 million (2008 – HK\$157 million), an increase of HK\$1 million when compared with last year, and income from project related services was HK\$68 million (2008 – HK\$62 million), an increase of HK\$6 million when compared with last year.

Contribution from property management was HK\$103 million (2008 – HK\$98 million), an increase of HK\$5 million when compared with last year, while project related services made a small contribution to group profit.

The Group is committed to providing high quality services to properties under our management. At the year end date, the total floor area under the Group's property management was approximately 86 million square feet and this is expected to grow steadily following the gradual completion of the Group's property projects in the years ahead.

Major Associates

The Hutchison Whampoa Group, a listed associate, reported profit attributable to shareholders for the year ended 31st December, 2009 of HK\$14,168 million (2008 (restated) – HK\$12,681 million).

The CK Life Sciences Group, another listed associate, reported profit attributable to shareholders for the year ended 31st December, 2009 of HK\$187,098,000 (2008 – loss of HK\$351,768,000).

Management Discussion and Analysis (continued)

FINANCIAL REVIEW

Liquidity and Financing

The Group monitors its liquidity requirements on a short to medium term basis and arranges refinancing of the Group's borrowings when appropriate. During the year, the Group purchased back notes due in 2010 in the total amount of HK\$122 million and redeemed notes upon maturity in the total amount of HK\$1.4 billion.

At the year end date, the Group's bonds and notes, bank loans and other loans (including a loan from a joint development partner) amounted to HK\$6.8 billion, HK\$23.3 billion and HK\$4.4 billion respectively, and the Group's total borrowings were HK\$34.5 billion, a decrease of HK\$9.7 billion from the end of last year. The maturity profile is spread over a period of nine years, with HK\$9.2 billion repayable within one year, HK\$24.1 billion within two to five years and HK\$1.2 billion beyond five years.

The Group's gearing ratio at the year end date was approximately 9.5%, determined as the proportion of the Group's net borrowings (after deducting bank balances and deposits of HK\$11.4 billion) to shareholders' funds.

With cash and marketable securities in hand as well as available banking facilities, the Group's liquidity position remains strong and the Group has sufficient financial resources to satisfy its commitments and working capital requirements.

Treasury Policies

The Group maintains a conservative approach on foreign exchange exposure management. At the year end date, approximately 81.7% of the Group's borrowings were in HK\$ with the balance in US\$ (or swapped into US\$) and S\$, mainly for the purpose of financing projects outside Hong Kong. The Group derives its revenue mainly in HK\$, cash balances and marketable securities are maintained mainly in HK\$ or US\$, and the Group ensures that its exposure to fluctuations in foreign exchange rates is minimised.

The Group's borrowings are principally on a floating rate basis. The fixed rate bonds and notes issued by the Group have associated swaps arrangements in place to convert the rates and related terms to a floating rate basis.

When appropriate and at times of interest rate or exchange rate uncertainty or volatility, hedging instruments including swaps and forwards are used by the Group in the management of exposure to interest rate and foreign exchange rate fluctuations.

Charges on Assets

At the year end date, certain subsidiaries of the Group pledged assets with aggregate carrying value of HK\$1,014 million (2008 – HK\$1,097 million) to secure bank loan facilities utilised.

Contingent Liabilities

At the year end date, the Group's contingent liabilities were as follows:

- (1) guarantees provided for minimum share of revenue/profit receivable by other partners of joint development projects amounted to HK\$1,398 million (2008 – HK\$1,410 million); and
- (2) guarantees provided for bank loans utilised by jointly controlled entities and investee company amounted to HK\$1,605 million (2008 – HK\$1,534 million) and HK\$283 million (2008 – Nil) respectively.

Employees

At the year end date, the Group employed approximately 8,700 employees for its principal businesses. The related employees' costs for the year (excluding directors' emoluments) amounted to approximately HK\$1,599 million. The Group ensures that the pay levels of its employees are competitive and employees are rewarded on a performance related basis, together with reference to the profitability of the Group, remuneration benchmarks in the industry, and prevailing market conditions within the general framework of the Group's salary and bonus system. The Group does not have any share option scheme for employees.

Risk Factors

The Group's businesses, financial conditions, results of operations or growth prospects may be affected by risks and uncertainties pertaining to the Group's businesses. The factors set out below are those that the Group believes could result in the Group's businesses, financial conditions, results of operations or growth prospects differing materially from expected or historical results. These factors are by no means exhaustive or comprehensive, and there may be other risks in addition to those shown below which are not known to the Group or which may not be material now but could turn out to be material in the future. In addition, this Annual Report does not constitute a recommendation or advice for you to invest in the shares of the Company and investors are advised to make their own judgment or consult their own investment advisors before making any investment in the shares of the Company.

Global Financial and Credit Crisis

The global markets were severely hit by the financial and credit crisis triggered in 2008 by the U.S. subprime mortgage predicament, and the magnitude and indiscriminating nature of the adverse fallout across various countries and economic sectors was unprecedented. The negative repercussions of a tight global credit market had resulted in increased stock market volatility, worsening unemployment, and a contraction of economic activities in emerging markets as well as major developed economies. Despite the recovery in the various global markets in the latter half of 2009, the economic fundamental data has yet to revive. The debt crisis in Dubai that occurred in late 2009 reflected the continuing market risks associated with the tight global credit market. The Group has diversified operations in 54 countries around the world. Any continuing adverse economic conditions in those countries and places in which the Group operates may therefore impact on the Group's financial position or potential income, asset value and liabilities.

Property Developments

There exist general risks inherent in property development and in the ownership of properties, including, among other things, risks that financing for development may not be available on favourable terms, that construction may not be completed on schedule or within budget, that long-term financing may not be available on completion of construction, that developed properties may not be sold or leased on profitable terms, that there will be intense competition from other developers or property owners which may lead to vacant properties or an inability to sell or rent properties on favourable terms, that purchasers or tenants may default, that properties held for rental purpose will need to be renovated, repaired and re-let on a periodic basis, that it may not be possible to renew leases or re-let spaces when existing leases expire, and that the property market conditions are subject to changes in environmental laws and regulations and zoning laws and other governmental rules and fiscal policies. Property values and rental values are also affected by factors such as political developments, governmental regulations and changes in planning or tax laws, levels of interest rates and consumer prices and the overall supply of properties.

Investment in property is generally illiquid, which may limit the ability of the Group in timely realising property assets into cash.

Risk Factors *(continued)*

In addition, suitable land of significant size are not easy to obtain due to limited undeveloped land area in Hong Kong. In the Mainland, the supply of substantially all land is controlled by the relevant authorities and a land premium has to be paid to the relevant authorities for acquiring the land use rights. Acquisition of land in other overseas markets may be subject to various other regulatory requirements or restrictions. Future growth prospects of property developers (including the Group) may therefore be affected by the availability and price levels of prime sites in Hong Kong, the Mainland and other overseas markets.

Besides, properties could suffer physical damage by fire or other causes and the Group may be exposed to any potential risks associated with public liability claims, resulting in losses (including loss of rent and value of properties) which may not be fully compensated for by insurance proceeds, and these may in turn affect the Group's financial conditions or results of operations. In addition, there is the possibility of other losses caused by wars and earthquakes for which the Group may not obtain insurance at a reasonable cost or at all. Should an uninsured loss or a loss in excess of insured limits occur, payment of compensation may be required and this may affect the returns on capital invested in that property. The Group would also remain liable for any debt or other financial obligation, such as committed capital expenditures, related to that property. In addition, insurance policies will have to be renewed every year and acceptable terms for coverage will have to be negotiated, thus exposing the Group to the volatility of the insurance markets, including the possibility of rate increases.

Industry Trends and Interest Rates

The trends in the industries in which the Group operates, including the property market sentiment and conditions, the property values in Hong Kong, mark to market value of securities investments, the currency environment and interest rates cycles, may pose significant impact on the Group's results. There can be no assurance that the combination of industry trends and interest rates the Group experiences in the future will not adversely affect its financial conditions or results of operations.

In particular, income from finance and treasury operations is dependent upon the capital market, interest rate and currency environment, and the worldwide economic and market conditions, and therefore there can be no assurance that changes in these conditions will not adversely affect the Group's financial conditions or results of operations. The volatilities in the financial markets may also adversely affect the income to be derived by the Group from its finance and treasury activities.

Highly Competitive Markets

The Group's principal business operations face significant competition across the markets in which they operate. New market entrants and intensified price competition among existing market players could adversely affect the Group's financial conditions or results of operations. Competition risks faced by the Group include (a) an increasing number of developers undertaking property investment and development in Hong Kong, the Mainland and in other overseas markets, which may affect the market share and returns of the Group; and (b) significant competition and pricing pressure from other developers and may adversely affect the financial performance of the Group's operations.

Currency Fluctuations

The results of the Group is recorded in Hong Kong dollars but its various subsidiaries, associates and joint ventures may receive revenue and incur expenses in other currencies. Any currency fluctuations on translation of the accounts of these subsidiaries, associates and joint ventures and also on the repatriation of earnings, equity investments and loans may therefore impact on the Group's performance. Although currency exposures have been managed by the Group, a depreciation or fluctuation of the currencies in which the Group conducts operations relative to the Hong Kong dollar could adversely affect the Group's financial conditions or results of operations.

Strategic Partners

Some of the businesses of the Group are conducted through non wholly-owned subsidiaries, associates and joint ventures in which the Group shares control (in whole or in part) and strategic alliances had been formed by the Group with other strategic or business partners. There can be no assurance that any of these strategic or business partners will continue their relationships with the Group in the future or that the Group will be able to pursue its stated strategies with respect to its non wholly-owned subsidiaries, associates and joint ventures and the markets in which they operate. Furthermore, the joint venture partners may (a) have economic or business interests or goals that are inconsistent with those of the Group; (b) take actions contrary to the Group's policies or objectives; (c) undergo a change of control; (d) experience financial and other difficulties; or (e) be unable or unwilling to fulfill their obligations under the joint ventures, which may affect the Group's financial conditions or results of operations.

Impact of Local, National and International Regulations

The local business risks in different countries and cities in which the Group operates could have a material impact on the financial conditions, results of operations and growth prospects of the businesses in the relevant market. The Group has investments in different countries and cities around the world and the Group is, and may increasingly become, exposed to different and changing political, social, legal, tax, regulatory and environmental requirements at the local, national or international level. Also, new policies or measures by governments, whether fiscal, tax, regulatory, environmental or other competitive changes, may lead to an increase in additional or unplanned capital expenditure, pose a risk to the overall investment return of the Group's businesses and may delay or prevent the commercial operation of a business with resulting loss of revenue and profit.

Impact of New Accounting Standards

The Hong Kong Institute of Certified Public Accountants ("HKICPA") has from time to time issued new and revised Hong Kong Financial Reporting Standards ("HKFRS"). As accounting standards continue to develop, HKICPA may in the future issue more new and revised HKFRS and the Group may be required to adopt new accounting policies which might or could have a significant impact on the Group's financial position or results of operations.

Risk Factors (continued)

Outbreak of Highly Contagious Disease

In 2003, there was an outbreak of Severe Acute Respiratory Syndrome (“SARS”) in Hong Kong, the Mainland and other places. The SARS outbreak had a significant adverse impact on the economies of the affected areas. In 2009, the spread of Influenza A H1N1 also affected many areas of the world. There can be no assurance that the spread of Influenza A H1N1 will not continue and there will not be another significant global outbreak of a severe communicable disease such as avian influenza or SARS. If such an outbreak were to occur, it may have a material adverse impact on the operations of the Group and its results of operations may suffer.

Connected Transactions

Hutchison Whampoa Limited (“Hutchison”) is also listed on The Stock Exchange of Hong Kong Limited. Although the Group believes that its relationship with Hutchison provides it with significant business advantages, the relationship results in various connected transactions under the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”) and accordingly any transactions entered into between the Group and Hutchison, its subsidiaries or associates are connected transactions, which, unless one of the exemptions is available, will be subject to compliance with the applicable requirements of the Listing Rules, including the issuance of announcements, the obtaining of independent shareholders’ approval at general meetings and disclosure in annual reports and accounts. Independent shareholders’ approval requirements may also lead to unpredictable outcomes causing disruptions to as well as increase the risks of the Group’s business activities. Independent shareholders may also take actions that are in conflict with the interests of the Group.

The Group’s Financial Conditions or Results of Operations are affected by those of the Hutchison Whampoa Group

The Group owns approximately 49.9% of the Hutchison Whampoa Group which operates in over 50 countries around the world and hence its financial conditions and results of operations may be affected by the local market conditions and the economy of the places where business operations are located as well as any litigation against them. The Group’s financial conditions and results of operations are materially affected by the financial conditions and results of operations of the Hutchison Whampoa Group. In addition, the core businesses of the Hutchison Whampoa Group are different from those of the Group, and as a result, the Group is indirectly exposed to the risks the Hutchison Whampoa Group is facing.

Past Performance and Forward Looking Statements

The performance and the results of operations of the Group during the past years as contained in this Annual Report are historical in nature and past performance can be no guarantee of future results of the Group. This Annual Report may contain forward-looking statements and opinions that involve risks and uncertainties. Actual results may differ materially from expectations discussed in such forward-looking statements and opinions. Neither the Group nor the Directors, employees or agents of the Group assume (a) any obligation to correct or update the forward-looking statements or opinions contained in this Annual Report; and (b) any liability in the event that any of the forward-looking statements or opinions does not materialise or turns out to be incorrect.

Report of the Directors (continued)

Notes:

- (1) Such interests are held by certain companies of which Mr. Li Ka-shing is interested in the entire issued share capital.
- (2) The two references to 857,794,744 shares relate to the same block of shares in the Company. Mr. Li Ka-shing is the settlor of each of The Li Ka-Shing Unity Discretionary Trust ("DT1") and another discretionary trust ("DT2"). Each of Li Ka-Shing Unity Trustee Corporation Limited ("TDT1", which is the trustee of DT1) and Li Ka-Shing Unity Trustcorp Limited ("TDT2", which is the trustee of DT2) holds units in The Li Ka-Shing Unity Trust ("UT1") but is not entitled to any interest or share in any particular property comprising the trust assets of the said unit trust. The discretionary beneficiaries of each of DT1 and DT2 are, inter alia, Mr. Li Tzar Kuoi, Victor, his wife and children, and Mr. Li Tzar Kai, Richard. Li Ka-Shing Unity Trustee Company Limited ("TUT1") as trustee of UT1 and companies controlled by TUT1 as trustee of UT1 ("TUT1 related companies") hold a total of such 857,794,744 shares.

The entire issued share capital of TUT1 and of the trustees of DT1 and DT2 are owned by Li Ka-Shing Unity Holdings Limited ("Unity Holdco"). Each of Mr. Li Ka-shing, Mr. Li Tzar Kuoi, Victor and Mr. Li Tzar Kai, Richard is interested in one-third of the entire issued share capital of Unity Holdco. TUT1 is only interested in the shares of the Company by reason only of its obligation and power to hold interests in those shares in its ordinary course of business as trustee and, when performing its functions as trustee, exercises its power to hold interests in the shares of the Company independently without any reference to Unity Holdco or any of Mr. Li Ka-shing, Mr. Li Tzar Kuoi, Victor and Mr. Li Tzar Kai, Richard as a holder of the shares of Unity Holdco as aforesaid.

As Mr. Li Ka-shing may be regarded as a founder of each of DT1 and DT2 for the purpose of the SFO and Mr. Li Tzar Kuoi, Victor is a discretionary beneficiary of each of DT1 and DT2, and by virtue of the above, both Mr. Li Ka-shing and Mr. Li Tzar Kuoi, Victor are taken to have a duty of disclosure in relation to the shares of the Company held by TUT1 as trustee of UT1 and TUT1 related companies under the SFO as Directors of the Company. Although Mr. Li Tzar Kai, Richard is interested in one-third of the entire issued share capital of Unity Holdco and is a discretionary beneficiary of each of DT1 and DT2, he is not a Director of the Company and has no duty of disclosure in relation to the shares of the Company held by TUT1 as trustee of UT1 and TUT1 related companies under the SFO.

- (3) The two references to 2,141,698,773 shares in Hutchison Whampoa Limited ("HWL") relate to the same block of shares comprising:
 - (a) 2,130,202,773 shares held by certain subsidiaries of the Company. By virtue of the interests in shares of the Company in relation to which each of Mr. Li Ka-shing and Mr. Li Tzar Kuoi, Victor has a duty of disclosure under the SFO in the issued share capital of the Company as described in Note (2) above and as a Director of the Company, they are taken to have a duty of disclosure in relation to the said shares of HWL under the SFO; and
 - (b) 11,496,000 shares held by Li Ka-Shing Castle Trustee Company Limited ("TUT3") as trustee of The Li Ka-Shing Castle Trust ("UT3"). Mr. Li Ka-shing is the settlor of each of the two discretionary trusts ("DT3" and "DT4"). Each of Li Ka-Shing Castle Trustee Corporation Limited ("TDT3", which is the trustee of DT3) and Li Ka-Shing Castle Trustcorp Limited ("TDT4", which is the trustee of DT4) holds units in UT3 but is not entitled to any interest or share in any particular property comprising the trust assets of the said unit trust. The discretionary beneficiaries of each of DT3 and DT4 are, inter alia, Mr. Li Tzar Kuoi, Victor, his wife and children, and Mr. Li Tzar Kai, Richard.

The entire issued share capital of TUT3 and the trustees of DT3 and DT4 are owned by Li Ka-Shing Castle Holdings Limited ("Castle Holdco"). Each of Mr. Li Ka-shing, Mr. Li Tzar Kuoi, Victor and Mr. Li Tzar Kai, Richard is interested in one-third of the entire issued share capital of Castle Holdco. TUT3 is only interested in the shares of HWL by reason only of its obligation and power to hold interests in those shares in its ordinary course of business as trustee and, when performing its functions as trustee, exercises its power to hold interests in the shares of HWL independently without any reference to Castle Holdco or any of Mr. Li Ka-shing, Mr. Li Tzar Kuoi, Victor and Mr. Li Tzar Kai, Richard as a holder of the shares of Castle Holdco as aforesaid.

As Mr. Li Ka-shing may be regarded as a founder of each of DT3 and DT4 for the purpose of the SFO and Mr. Li Tzar Kuoi, Victor is a discretionary beneficiary of each of DT3 and DT4, and by virtue of the above, both Mr. Li Ka-shing and Mr. Li Tzar Kuoi, Victor are taken to have a duty of disclosure in relation to the said shares of HWL held by TUT3 as trustee of UT3 under the SFO as Directors of the Company. Although Mr. Li Tzar Kai, Richard is interested in one-third of the entire issued share capital of Castle Holdco and is a discretionary beneficiary of each of DT3 and DT4, he is not a Director of the Company and has no duty of disclosure in relation to the shares of HWL held by TUT3 as trustee of UT3 under the SFO.

- (4) Such interests are held by certain companies of which Mr. Li Tzar Kuoi, Victor is interested in the entire issued share capital.
- (5) Such interests in the shares are held by a company controlled by a trust under which Mr. George Colin Magnus is a discretionary beneficiary.
- (6) Such interests are indirectly held by a trust of which Mr. George Colin Magnus is the settlor and a discretionary beneficiary.
- (7) Such interests are held by a company which is equally owned by Mr. Fok Kin-ning, Canning and his wife.
- (8) Such interests are held by a company which is wholly-owned by Mr. Leung Siu Hon and his wife.
- (9) The two references to 1,912,109,945 shares in Cheung Kong Infrastructure Holdings Limited ("CKI") relate to the same block of shares comprising:
 - (a) 1,906,681,945 shares held by a subsidiary of HWL. Certain subsidiaries of the Company hold more than one-third of the issued share capital of HWL. The following transactions of the Group constituted continuing connected transactions (“Continuing Connected Transactions”) under the Listing Rules during the financial year ended 31st December, 2009:

- (a) On 18th November, 2008, the Company entered into a tenancy agreement (“Tenancy Agreement”) with Turbo Top Limited (“Turbo Top”), which is a connected person of the Company within the meaning of the Listing Rules by virtue of it being a wholly-owned subsidiary of HWL, which in turn is a substantial shareholder of certain subsidiaries of the Company, in respect of the renewal of the lease of the whole of 7th, 8th, 9th, 10th and 11th Floors and Office Unit 1201 on 12th Floor of Cheung Kong Center, 2 Queen’s Road Central, Hong Kong with an aggregate lettable floor area of approximately 110,864 square feet as the headquarters and office premises of the Group in Hong Kong for a term of three years commencing from 1st September, 2008 to 31st August, 2011 (both days inclusive). The aggregate rent and service charges payable under the Tenancy Agreement are subject to the proposed annual caps of HK\$40,000,000 for the period from 1st September, 2008 to 31st December, 2008, HK\$121,000,000 for the year ended 31st December, 2009, HK\$122,000,000 for the year ending 31st December, 2010, and HK\$82,000,000 for the period from 1st January, 2011 to 31st August, 2011 which were calculated with reference to the monthly rent of HK\$8,869,120 (exclusive of Government rates and other charges) and monthly service charges of HK\$942,344 (subject to adjustment by Turbo Top). During the year, rent and service charges amounting to HK\$117,737,568 was payable by the Company to Turbo Top pursuant to the Tenancy Agreement.
- (b) On 17th April, 2009, the Company entered into a master agreement (“Master Agreement”) with HTHKH, which is a connected person of the Company within the meaning of the Listing Rules by virtue of it being a subsidiary of HWL, which in turn is a substantial shareholder of certain subsidiaries of the Company, pursuant to which the Company will procure its subsidiaries to provide CKH Group Supplies or acquire HTHKH Group Supplies (both as defined and more particularly described in the announcement of the Company dated 20th April, 2009 (“Announcement II”)) (as appropriate), and HTHKH will procure its subsidiaries to provide HTHKH Group Supplies or acquire CKH Group Supplies (as appropriate), on a non-exclusive basis during the term of the Master Agreement. In respect of such other entities in which the Company or HTHKH (as the case may be) is from time to time directly or indirectly interested so as to exercise or control the exercise of 50% of voting power at general meetings or of the equity interests in such entities, the Company or HTHKH (as the case may be) shall use all commercially reasonable endeavours to procure them to provide or acquire (as appropriate) the CKH Group Supplies and HTHKH Group Supplies (as the case may be). The term of the Master Agreement is for a period of three years commencing from 8th May, 2009, unless terminated earlier in accordance with the Master Agreement. Pursuant to the Master Agreement, the Company and HTHKH agree that the subsidiaries of the Company and subsidiaries of HTHKH shall enter into separate contracts in respect of the CKH Group Supplies or HTHKH Group Supplies (as the case may be) in a form and on terms to be agreed between the relevant parties from time to time.

Report of the Directors (continued)

The aggregate fees and charges payable under the Master Agreement for the Group's acquisition of the HTHKH Group Supplies for each of the three years ended/ending 31st December, 2009, 31st December, 2010, 31st December, 2011 and the period ending 7th May, 2012 will be subject to the proposed annual caps of HK\$35 million, HK\$24 million, HK\$25 million and HK\$10 million respectively. The aggregate fees and charges payable under the Master Agreement for the Group's provision of the CKH Group Supplies for each of the three years ended/ending 31st December, 2009, 31st December, 2010, 31st December, 2011 and the period ending 7th May, 2012 will be subject to the proposed annual caps of HK\$17 million, HK\$18 million, HK\$21 million and HK\$10 million respectively. For the period from 8th May, 2009 to 31st December, 2009, approximately HK\$15 million was payable by the Company in respect of the Group's acquisition of the HTHKH Group Supplies and approximately HK\$7 million was payable to the Company in respect of the Group's provision of the CKH Group Supplies.

An announcement ("Announcement I") in respect of the above transaction in paragraph (a) was published on 18th November, 2008 in accordance with the Listing Rules. Announcement II in respect of the above transactions in paragraph (b) was published on 20th April, 2009 in accordance with the Listing Rules.

The Continuing Connected Transactions have been reviewed by the Independent Non-executive Directors of the Company who have confirmed that for the year 2009 the Continuing Connected Transactions have been entered into (i) in the ordinary and usual course of business of the Company; (ii) either on normal commercial terms or on terms no less favourable to the Company than terms available to (or from) independent third parties; and (iii) in accordance with the relevant agreements governing them on terms that are fair and reasonable and in the interests of the shareholders of the Company as a whole.

Pursuant to Rule 14A.38 of the Listing Rules, the Company has engaged the auditor of the Company to perform certain factual finding procedures in respect of the Continuing Connected Transactions in accordance with the Hong Kong Standard on Related Services 4400 "Engagements to Perform Agreed-Upon Procedures Regarding Financial Information" issued by the Hong Kong Institute of Certified Public Accountants. The auditor has reported the factual findings on these procedures to the Board of Directors and confirmed that for the year 2009 the Continuing Connected Transactions (i) have received approval of the Board of Directors of the Company; (ii) are in accordance with the pricing policies of the Company, where applicable; (iii) have been entered into in accordance with the terms of the agreements governing the transactions; and (iv) have not exceeded the respective cap amounts for the financial year ended 31st December, 2009 as set out in Announcement I and Announcement II respectively.

During the year, 48% of the Group's purchases were attributable to the Group's five largest suppliers with the largest supplier accounting for 16% of the Group's purchases. The Group's turnover attributable to the Group's five largest customers was less than 30%.

None of the Directors, their associates or any shareholder (which to the knowledge of the Directors owns more than 5% of the Company's issued share capital) has any interest in the Group's five largest suppliers.

During the year, the interests of Directors in the businesses which compete or are likely to compete, either directly or indirectly, with the businesses of the Group ("Competing Business") as required to be disclosed pursuant to the Listing Rules were as follows:

A.3	Board composition		
	Corporate Governance Principle <i>The Board should have a balance of skills and experience appropriate for the requirements of the business of the Company and should include a balanced composition of Executive and Non-executive Directors so that independent judgement can effectively be exercised.</i>		
A.3.1	Independent non-executive directors should be expressly identified as such in all corporate communications that disclose the names of directors of the company.	√	<ul style="list-style-type: none"> The composition of the Board, by category and position of Directors including the names of the Chairman, the Executive Directors, the Non-executive Directors and the Independent Non-executive Directors, is disclosed in all corporate communications. The Board consists of a total of twenty Directors, comprising eight Executive Directors, five Non-executive Directors and seven Independent Non-executive Directors. More than one-third of the Board are Independent Non-executive Directors of which more than one have appropriate professional qualifications, or accounting or related financial management expertise. Details of the composition of the Board are set out on page 140. The Directors' biographical information and the relationships among the Directors are set out on pages 24 to 27. Review of the Board composition is made regularly to ensure that it has a balance of expertise, skills and experience appropriate for the requirements of the business of the Company.
A.4	Appointments, re-election and removal		
	Corporate Governance Principle <i>There should be a formal, considered and transparent procedure for the appointment of new Directors and plans in place for orderly succession for appointments to the Board. All Directors should be subject to re-election at regular intervals.</i>		
A.4.1	Non-executive directors should be appointed for a specific term, subject to re-election.	√	<ul style="list-style-type: none"> All Directors (including Non-executive Directors) are subject to retirement by rotation once every three years and are subject to re-election in accordance with the Company's Articles of Association and the Code on CG Practices.
A.4.2	<ul style="list-style-type: none"> All directors appointed to fill a casual vacancy should be subject to election by shareholders at the first general meeting after their appointment. Every director, including those appointed for a specific term, should be subject to retirement by rotation at least once every three years. 	√ √	<ul style="list-style-type: none"> In accordance with the Company's Articles of Association, newly appointed Directors are required to offer themselves for re-election at the next following general meeting (in the case of filling a casual vacancy) or at the next following annual general meeting (in the case of an addition to the Board) following their appointment. The Board as a whole is responsible for the appointment of new Directors and Directors' nomination for re-election by shareholders at the general meeting of the Company. Under the Company's Articles of Association, the Board may from time to time appoint a Director either to fill a casual vacancy or as an addition to the Board. Any such new Director shall hold office until the next following general meeting of the Company (in the case of filling a casual vacancy) or until the next following annual general meeting of the Company (in the case of an addition to the Board) and shall then be eligible for re-election at the same general meeting. All Directors (including Non-executive Directors) are subject to retirement by rotation once every three years and are subject to re-election in accordance with the Company's Articles of Association and the Code on CG Practices. The structure, size and composition of the Board are reviewed from time to time to ensure the Board has a balanced composition of skills and experience appropriate for the requirements of the businesses of the Company. The independence of the Independent Non-executive Directors is assessed according to the relevant rules and requirements under the Listing Rules. Each of the Independent Non-executive Directors makes an annual confirmation of independence pursuant to the requirements of the Listing Rules. The Company is of the view that all Independent Non-executive Directors meet the independence guidelines set out in the relevant requirements of the Listing Rules and are independent in accordance with the terms of the guidelines.

Review of risks of different business units and analysis thereof provided by the relevant business units; and 7. Review of the control mechanisms for such risks and advising on action plans for improvement of the situations. • After due and careful consideration of reports from management and the internal and external auditors, the Audit Committee was of the view that no suspected fraud or irregularities, significant internal control deficiencies, or suspected infringement of laws, rules, or regulations had been found, and concluded at the meeting held on 26th March, 2010 that the system of internal controls was adequate and effective. • On 26th March, 2010, the Audit Committee met to review the Group's 2009 consolidated financial statements, including the accounting principles and practices adopted by the Group, in conjunction with the Company's external auditor. After review and discussions with the management, internal auditor and external auditor, the Audit Committee endorsed the accounting treatment adopted by the Company, and the Audit Committee had to the best of its ability assured itself that the disclosure of the financial information in the 2009 Annual Report complied with the applicable accounting standards and Appendix 16 to the Listing Rules. The Audit Committee therefore recommended the Board's approval of the consolidated financial statements for the year ended 31st December, 2009. • The Audit Committee also recommended to the Board the re-appointment of Deloitte as the Company's external auditor for 2010 and that the related resolution shall be put forth for shareholders' consideration and approval at the 2010 annual general meeting. • The Group's Annual Report for the year ended 31st December, 2009 has been reviewed by the Audit Committee.

C.3.4	The audit committee should make available its terms of reference, explaining its role and the authority delegated to it by the board.	√	<ul style="list-style-type: none"> The Listing Rules require every listed issuer to establish an audit committee comprising at least three members who must be non-executive directors only, and the majority thereof must be independent non-executive directors, at least one of whom must have appropriate professional qualifications, or accounting or related financial management expertise. The Company established the Audit Committee in December 1998 with reference to "A Guide for the Formation of an Audit Committee" issued by the Hong Kong Institute of Certified Public Accountants. In accordance with the requirements of the Code on CG Practices, the terms of reference of the Audit Committee were revised from time to time in terms substantially the same as the provisions set out in the Code on CG Practices. The latest version of the terms of reference of the Audit Committee is available on the Company's website. The principal duties of the Audit Committee include the review and supervision of the Group's financial reporting system and internal control procedures, review of the Group's financial information and review of the relationship with the external auditor of the Company. Regular meetings have been held by the Audit Committee since its establishment. The Audit Committee comprises three Independent Non-executive Directors, namely, Mr. Cheong Ying Chew, Henry (Chairman of the Audit Committee), Mr. Kwok Tun-li, Stanley and Ms. Hung Siu-lin, Katherine, held two meetings during the year.
C.3.5	Where the board disagrees with the audit committee's view on the selection, appointment, resignation or dismissal of the external auditors, the company should include in the Corporate Governance Report a statement from the audit committee explaining its recommendation and also the reason(s) why the board has taken a different view. II. Recommended Best Practices

Recommended Best Practice Ref.	Recommended Best Practices	Comply ("C")/ Explain ("E")	Corporate Governance Practices
A.	DIRECTORS		
A.1	The Board		
	Corporate Governance Principle <i>The Board should assume responsibility for leadership and control of the Company; and is collectively responsible for directing and supervising the Company's affairs.</i>		
A.1.9	Arrange appropriate insurance cover in respect of legal action against the directors	C	<ul style="list-style-type: none"> The Company has arranged appropriate Directors and Officers liability insurance coverage for its Directors and officers since 1st July, 1991 including the year 2009/2010.
A.1.10	Board committees should adopt, so far as practicable, the principles, procedures and arrangements set out in A.1.1 to A.1.8.		
A.1.1	Regular board meetings should be held at least four times a year involving active participation, either in person or through other electronic means of communication, of majority of directors.	E	<ul style="list-style-type: none"> The Company has an Audit Committee and a Remuneration Committee. Based on available data and information, the Company is not satisfied that quarterly review by the Audit Committee would bring meaningful benefit to the shareholders. Meetings between the Chairman and the Non-executive Directors (including the Independent Non-executive Directors) without the presence of Executive Directors were held two times a year at which ample opportunity was provided for reflection of their views and comments to the Board. Apart from the Audit Committee, the Company has a Remuneration Committee. The principal responsibility of the Remuneration Committee is to make recommendations to the Board on the Company's policy and structure for the remuneration of its Directors and senior management, which, in line with normal market practice, are only subject to review on an annual basis. It is therefore not necessary for the Remuneration Committee to have four meetings a year as recommended. The Remuneration Committee held two meetings in respect of the year of 2009. The meeting held in November 2009 was to provide the Remuneration Committee with an overview of the job market conditions and trends for the year, and the meeting held in December 2009 was to review, consider and endorse the remuneration packages proposed for the Executive Directors of the Company.
A.1.2	All directors are given an opportunity to include matters in the agenda for regular board meetings.	C	<ul style="list-style-type: none"> All members of the Board Committees are consulted as to whether they may want to include any matter in the agenda before the agenda for each Board Committee meeting is issued.
A.1.3	<ul style="list-style-type: none"> At least 14 days notice for regular board meetings Reasonable notice for other board meetings 	C	<ul style="list-style-type: none"> Regular Board Committee meetings in a particular year are usually scheduled towards the end of the immediately preceding year to give all Board Committee members adequate time to plan their schedules to attend the meetings. At least 14 days formal notice would be given before each Board Committee meeting. According to the Company's Articles of Association, a Board Committee member may waive notice of the relevant Board Committee meeting and any such waiver may be prospective or retrospective.
A.1.4	All directors should have access to the advice and services of the company secretary with a view to ensuring that board procedures, and all applicable rules and regulations, are followed.	C	<ul style="list-style-type: none"> Board Committee members have access to the Company Secretary and key officers of the Company Secretarial Department who are responsible to the Board Committees for ensuring that Board Committee procedures, and all applicable rules and regulations, are followed.

A.2	Chairman and Chief Executive Officer

A.3.2	The company should appoint independent non-executive directors representing at least one-third of the board.	C	<ul style="list-style-type: none"> The Board consists of a total of twenty Directors, comprising eight Executive Directors, five Non-executive Directors and seven Independent Non-executive Directors. More than one-third of the Board are Independent Non-executive Directors of which more than one have appropriate professional qualifications, or accounting or related financial management expertise.
A.3.3	The company should maintain on its website an updated list of its directors identifying their role and function and whether they are independent non-executive directors.	C E	<ul style="list-style-type: none"> The Company maintains on its website an updated list of its Directors together with their biographical information, and identifies whether they are independent non-executive directors. The Company has also posted on its website the Terms of Reference of the Board Committees to enable the shareholders to understand the role played by those Independent Non-executive Directors who serve on the relevant Board Committees. The Company is of the view that Executive Directors are collectively in charge of the overall executive functions of the Group as a team for the purposes of efficiency and effectiveness, and hence it is neither appropriate nor meaningful to identify on its website the role and function of its individual Executive Directors.
A.4	<p>Appointments, re-election and removal</p> <p><i>Corporate Governance Principle</i></p> <p><i>There should be a formal, considered and transparent procedure for the appointment of new Directors and plans in place for orderly succession for appointments to the Board. C C	<ul style="list-style-type: none"> Each Independent Non-executive Director who was subject to retirement by rotation was appointed by a separate resolution in the Company's annual general meeting. Each Independent Non-executive Director who was eligible for re-election at the annual general meeting had made a confirmation of independence pursuant to Rule 3.13 of the Listing Rules. The Company had expressed the view in its circular that each Independent Non-executive Director who was eligible for re-election had met the independence guidelines set out in Rule 3.13 of the Listing Rules and was independent in accordance with the terms of the guidelines. While in accordance with the recommended best practices, the Company has to include its own recommendation in the circular to explain why a particular candidate should be re-elected, as their relevant credentials have been included in the circular for the shareholders' information, the Company opines that it is more important for the shareholders themselves to make their own independent decision on whether to approve a particular re-election or not.
A.4.4 – A.4.8	<ul style="list-style-type: none"> The company should establish a nomination committee. A majority of the members of the nomination committee should be independent non-executive directors. A.5	Responsibilities of directors		
	Corporate Governance Principle		
	<i>Every Director is required to keep abreast of responsibilities as a Director of the Company and of the conduct, business activities and development of the Company.</i>		
A.5.5	All directors should participate in a programme of continuous professional development to develop and refresh their knowledge and skills to help ensure that their contribution to the board remains informed and relevant. The company should be responsible for arranging and funding a suitable development programme.	C	<ul style="list-style-type: none"> The Company regularly reminds all Directors of their functions and responsibilities. Through regular Board meetings and the circulation of written resolutions, memos and board papers, all Directors are kept abreast of the conduct, business activities and development of the Company. A package compiled and reviewed by the Company's legal advisers setting out the duties and responsibilities of directors under the Listing Rules, the Companies Ordinance and other related ordinances and relevant regulatory requirements of Hong Kong is provided to each newly appointed Director. A revised information package comprising the latest developments in laws, rules and regulations relating to the duties and responsibilities of directors will be forwarded to each Director from time to time for his/her information and ready reference. "A Guide on Directors' Duties" (previously known as "Non-statutory Guidelines on Directors' Duties") issued by the Companies Registry of Hong Kong has been forwarded to each Director for his/her information and ready reference. Memos are issued from time to time to keep Directors up to date with legal and regulatory changes and matters of relevance to the Directors in the discharge of their duties. Seminars are organised from time to time at which distinguished professionals are invited to present to the Directors on subjects relating to directors' duties and corporate governance, etc.
A.5.6	Each director should disclose to the company at the time of his appointment, and on a periodic basis, the number and nature of offices held in public companies or organisations and other significant commitments, with the identity of the public companies or organisations and an indication of the time involved. The board should determine for itself how frequently such disclosure should be made.	C	<ul style="list-style-type: none"> The Directors have disclosed to the Company at the time of their appointment and from time to time thereafter the number and nature of offices held in public companies or organisations and other significant commitments, identifying the public companies or organisations involved.
A.5.7	Non-executive directors, as equal board members, should give the board and any committees on which they serve such as the audit, remuneration or nomination committees the benefit of their skills, expertise and varied backgrounds and qualifications through regular attendance and active participation. They should also attend general meetings and develop a balanced understanding of the views of shareholders.	C	<ul style="list-style-type: none"> There is satisfactory attendance at Board meetings, Board Committee meetings, the meetings between the Chairman and the Non-executive Directors (including the Independent Non-executive Directors) and the general meeting during the year. Please refer to A.1.1, A.2.2, B.1.1 and C.3.1 of Part I above for details of attendance records. Extent of participation and contribution should be viewed both quantitatively and qualitatively.
A.5.8	Non-executive directors should make a positive contribution to the development of the company's strategy and policies through independent, constructive and informed comments. B. REMUNERATION OF DIRECTORS AND SENIOR MANAGEMENT			
B.1 The level and make-up of remuneration and disclosure			
<i>Corporate Governance Principle</i>			
<i>There should be a formal and transparent procedure for setting policy on Executive Directors' remuneration and for fixing the remuneration packages for all Directors.</i>			
B.1.6	A significant proportion of executive directors' remuneration should be structured so as to link rewards to corporate and individual performance.	C	<ul style="list-style-type: none"> A significant proportion of Executive Directors' remuneration has been structured so as to link rewards to corporate and individual performance in 2009. Please refer to note (4) in the Notes to Financial Statements for details of discretionary bonus.
B.1.7	The company should disclose details of any remuneration payable to members of senior management, on an individual and named basis, in their annual reports and accounts.	E	<ul style="list-style-type: none"> The remuneration payable to senior management represents only a small portion of the turnover and profits of the Company. As a matter of practice, disclosing details of the remuneration payable to senior management on an individual basis does not bring significant benefits or provide useful information to the shareholders.
B.1.8	Where the board resolves to approve any remuneration or compensation arrangements which the remuneration committee has previously resolved not to approve, the board must disclose the reasons for its resolution in its next annual report.	N/A	<ul style="list-style-type: none"> The Board has never approved any remuneration or compensation arrangements which have previously been rejected by the Remuneration Committee.
C. ACCOUNTABILITY AND AUDIT			
C.1 Financial reporting			
<i>Corporate Governance Principle</i>			
<i>The Board should present a balanced, clear and comprehensible assessment of the Company's performance, position and prospects.</i>			
C.1.4 ~ C.1.5	<ul style="list-style-type: none"> The company should announce and publish quarterly financial results within 45 days after the end of the relevant quarter, disclosing such information as would enable shareholders to assess the performance, financial position and prospects of the company. Any such quarterly financial reports should be prepared using the accounting policies applied to the company's half-year and annual accounts. Once the company decides to announce and publish its quarterly financial results, it should continue to adopt quarterly reporting for each of the first 3 and 9 months periods of subsequent financial years. Where the company decides not to announce and publish its financial results for a particular quarter, it should publish an announcement to disclose the reason(s) for such decision. 	E	<ul style="list-style-type: none"> The Company issued half-yearly financial results within 3 months after the end of the relevant period, and annual financial results within 4 months after the end of the relevant year. In addition, all significant and price-sensitive transactions have been announced and disclosed in accordance with the Listing Rules during the year. The shareholders of the Company are therefore able to assess the performance, financial position and prospects of the Company. The Company does not consider it necessary, nor is it in the interests of the Company and its shareholders, to issue quarterly financial results. This would result in incurring costs disproportionate to any additional benefits to the shareholders. Quarterly financial reports may not fairly reflect the actual performance of the Company given that the development cycle of property projects often spans a period of three to five years.

Recommended Best Practice Ref.	Recommended Best Practices	Comply ("C")/ Explain ("E")	Corporate Governance Practices
D. DELEGATION BY THE BOARD			
D.1 Management functions			
<p>Corporate Governance Principle <i>The Company should have a formal schedule of matters specifically reserved to the Board and those delegated to management.</i></p>			
D.1.3	The company should disclose the division of responsibility between the board and management to assist those affected by corporate decisions to better understand the respective accountabilities and contributions of the board and management.	C	<ul style="list-style-type: none"> Please refer to the Management Structure Chart set out on page 79.
D.1.4	Directors should clearly understand delegation arrangements in place. To that end, the company should have formal letters of appointment for directors setting out the key terms and conditions relative to their appointment.	E	<ul style="list-style-type: none"> It is not the Company's practice to have formal letters of appointment for its Directors. Nevertheless, Directors clearly understand their duties to the Company, to which they are collectively and individually responsible for. In addition, part of these duties relate to fiduciary duties, duties of skill, care and diligence established under common law over a long period of time, and it is not feasible to attempt to formulate these comprehensively in writing. The difficulty in reducing these comprehensively into written form may be inferred by the fact that, currently, directors' duties are set out in non-statutory guidelines issued by the Companies Registry instead of being provided for in the Companies Ordinance. To have a formal letter of appointment may also lead to inflexibility.
D.2 Board Committees			
<p>Corporate Governance Principle <i>Board Committees should be formed with specific written terms of reference which deal clearly with the committees' authority and duties.</i></p>			
There is no recommended best practice under Section D.2 in the Code on CG Practices.			
E. COMMUNICATION WITH SHAREHOLDERS			
E.1 Effective communication			
<p>Corporate Governance Principle <i>The Board should endeavour to maintain an on-going dialogue with shareholders and in particular, use annual general meetings or other general meetings to communicate with shareholders and encourage their participation.</i></p>			
There is no recommended best practice under Section E.1 in the Code on CG Practices.			
E.2 Voting by poll			
<p>Corporate Governance Principle <i>The Company should ensure that shareholders are familiar with the detailed procedures for conducting a poll.</i></p>			
There is no recommended best practice under Section E.2 in the Code on CG Practices.

Notes to Financial Statements

1. General Information

The Company is a limited liability company incorporated in Hong Kong and its shares are listed on The Stock Exchange of Hong Kong Limited. The address of the registered office and other corporate information are set out on page 140 of the annual report.

2. Principal Accounting Policies

(a) Basis of preparation

The financial statements have been prepared in accordance with generally accepted accounting principles in Hong Kong and comply with the Hong Kong Financial Reporting Standards ("HKFRSs"). The financial statements are prepared under the historical cost convention except that investments in securities, investment properties and derivative financial instruments, as set out in notes 2(f), 2(h) and 2(l) respectively, are stated at fair values.

The Hong Kong Institute of Certified Public Accountants has issued a number of new and revised HKFRSs. The adoption of the HKFRSs which are effective for accounting periods beginning on 1st January, 2009 has resulted in the following change in the Group's accounting policies.

In prior years, investment property under development was classified as land and buildings and carried at cost less provision for impairment. Following the adoption of amendments to HKAS 16 "Property, Plant and Equipment" and HKAS 40 "Investment Property", investment property under development is classified as investment property and stated at fair value when its fair value becomes reliably determinable or upon completion of its construction, whichever is the earlier. The change in accounting policy has been applied prospectively from 1st January, 2009 and has no material impact on the Group's results and financial position.

The adoption of the HKFRSs has also resulted in changes in the presentation of the financial statements and certain comparative figures have been restated to conform with the current year's presentation.

During the year, Hutchison Whampoa Limited, a listed associate, had changes in accounting policies which have material effects on its profit attributable to shareholders and opening balance of shareholders' funds. The Group's share of the effects of these changes has the following impact on the financial statements:

	Year ended 31st December	
	2009	2008
	\$ Million	\$ Million
Increase/(decrease) in share of net profit of associates	479	(2,489)
Increase/(decrease) in profit attributable to shareholders	479	(2,489)
Increase/(decrease) in earnings per share	\$0.21	\$(1.07)

Notes to Financial Statements (*continued*)2. Principal Accounting Policies (*continued*)(a) Basis of preparation (*continued*)

	31/12/2009 \$ Million	31/12/2008 \$ Million	1/1/2008 \$ Million

Increase/(decrease) in profit for the year	479	(2,489)	–
Decrease in total equity	(5,552)	(6,031)	(3,542)

For the following HKFRSs which are not yet effective, the Group is in the process of assessing their impact on the Group's results and financial position.

Effective for the year ending 31st December, 2010:

HKAS 27 (Revised)	Consolidated and Separate Financial Statements
HKAS 39 (Amendment)	Eligible Hedged Items
HKFRSs (Amendments)	Improvements to HKFRSs
HKFRS 2 (Amendments)	Group Cash-settled Share-based Payment Transactions
HKFRS 3 (Revised)	Business Combinations
HK(IFRIC)-Int 17	Distributions of Non-cash Assets to Owners
HK-Int 4 (Amendment)	Leases – Determination of the Length of Lease Term in respect of Hong Kong Land Leases

Effective for the year ending 31st December, 2011:

HKAS 24 (Revised)	Related Party Disclosures
HKAS 32 (Amendment)	Classification of Rights Issues
HK(IFRIC)-Int 14 (Amendment)	Prepayments of a Minimum Funding Requirement
HK(IFRIC)-Int 19	Extinguishing Financial Liabilities with Equity Instruments

Effective for the year ending 31st December, 2013:

HKFRS 9	Financial Instruments
---------	-----------------------

2. Principal Accounting Policies *(continued)*

(b) Consolidation

The consolidated financial statements of the Group include the financial statements of the Company and of all its direct and indirect subsidiaries made up to 31st December, and also incorporate the Group's interests in jointly controlled entities and associates on the basis set out in note (2)(d) and note (2)(e) respectively.

Results of subsidiaries, jointly controlled entities and associates acquired or disposed of during the year are included as from their effective dates of acquisition to the end of the year or up to the dates of disposal as the case may be. Goodwill on acquisition of subsidiaries and associates is carried at cost and reviewed for impairment annually. Impairment, if any, is charged to income statement.

(c) Subsidiaries

Investments in subsidiaries are carried at cost less provision for impairment where appropriate.

(d) Jointly controlled entities

A jointly controlled entity is an entity in which the Group has a long term equity interest and of which its financial and operating policies are under contractual arrangements jointly controlled by the Group and other parties.

Investments in jointly controlled entities are carried in the consolidated financial statements at cost plus the Group's share of their post-acquisition results less dividends received and provision for impairment.

Results of jointly controlled entities are incorporated in the consolidated financial statements to the extent of the Group's share of their comprehensive income calculated from their financial statements made up to 31st December.

(e) Associates

An associate is an entity, other than a subsidiary or a jointly controlled entity, in which the Group has a long term equity interest and has significant influence over its management.

Investments in associates are carried in the consolidated financial statements at cost plus the Group's share of their post-acquisition results less dividends received and provision for impairment.

Results of associates are incorporated in the consolidated financial statements to the extent of the Group's share of their comprehensive income calculated from their financial statements made up to 31st December and losses of associates in excess of the Group's interests in the associates are not recognised unless the Group has incurred legal or constructive obligations.

Notes to Financial Statements (*continued*)**2. Principal Accounting Policies (*continued*)****(f) Investments in securities**

Investments which are not subsidiaries, jointly controlled entities or associates are classified as either investments held for trading or investments available for sale, and are stated at fair value. Purchases and sales of investments in securities are accounted for on a trade date basis.

For investments held for trading, changes in fair value are included in income statement; and for investments available for sale, changes in fair value are recognised in other comprehensive income and transferred to income statement upon disposal. For equity securities available for sale where there are significant or prolonged declines in fair value below costs and for debt securities available for sale where there are observable evidences that the debt securities cannot be recovered in full, impairment is charged to income statement and is not reversible unless increase in fair value of the debt securities in a subsequent period can be objectively related to events occurring after the impairment is recognised.

(g) Fixed assets

Fixed assets, including hotel and serviced suite properties held for operation, are stated at cost less depreciation and provision for impairment.

Leasehold land is amortised over the remaining term of the lease on a straight-line basis. Buildings are depreciated at annual rates of 2% to 4% on the costs of the respective buildings. Other fixed assets are depreciated on a straight-line basis at annual rates of 5% to 33 $\frac{1}{3}$ % based on their respective estimated useful lives.

(h) Investment properties

Investment properties, which are held for rental, are stated at fair value. Investment properties under development are stated at fair value when their fair values become reliably determinable or upon completion of their construction, whichever is the earlier, otherwise at cost less provision for impairment. Changes in fair value are included in income statement.

(i) Loan receivables

Loan receivables are non-derivative financial assets with fixed or determinable payments. Loan receivables are recognised initially at fair value and subsequently carried at amortised cost using the effective interest method less provision for impairment.

(j) Stock of properties

Stock of properties are stated at the lower of cost and net realisable value. Net realisable value is determined by reference to sale proceeds received after the year end date less selling expenses, or by management estimates based on prevailing market condition.

Costs of properties include acquisition costs, development expenditure, interest and other direct costs attributable to such properties. The carrying values of properties held by subsidiaries are adjusted in the consolidated financial statements to reflect the Group's actual acquisition costs where appropriate.

2. Principal Accounting Policies *(continued)*

(k) Debtors

Debtors are recognised initially at fair value and subsequently carried at amortised cost less provision for impairment.

(l) Derivative financial instruments

Derivative financial instruments, which are used for investment and financial purposes, are stated at fair value. Changes in fair value of derivative financial instruments that are designated and qualify as fair value hedges are included in income statement, together with any changes in fair value of the hedged assets or liabilities that are attributable to the hedged risk. Changes in fair value of derivative financial instruments that do not qualify for hedge accounting are recognised in income statement.

(m) Bank and other loans

Bank and other loans are recognised initially at fair value and subsequently carried at amortised cost.

(n) Creditors

Creditors are recognised initially at fair value and subsequently carried at amortised cost.

(o) Revenue recognition

When properties under development are sold, income is recognised when the property development is completed with the relevant occupation permit issued by the Authorities and the significant risks and rewards of the properties are passed to the purchasers. Payments received from purchasers prior to this stage are recorded as customers' deposits received.

Rental income is recognised on a straight-line basis over the term of the lease. Income from property and project management is recognised when services are rendered. Revenue from hotel and serviced suite operation is recognised upon provision of services. Interest income is recognised on a time proportion basis using the effective interest method; and dividend income is recognised when the right to receive payment is certain.

(p) Foreign exchange

Monetary assets and liabilities denominated in foreign currencies are translated at the rates of exchange ruling at the year end date. Transactions during the year are converted at the rates of exchange ruling at the transaction dates. Exchange differences are included in income statement.

For translation of the financial statements of subsidiaries, jointly controlled entities and associates denominated in foreign currencies into presentation currency of the Company, assets and liabilities are translated at exchange rates prevailing at the year end date and results are translated at the average rates of exchange during the year, and if the average rates are not reasonable approximations of the exchange rates at the transaction dates, then the exchange rates at the transaction dates are used. Exchange differences are recognised in other comprehensive income and transferred to income statement upon disposal.

Notes to Financial Statements (continued)

2. Principal Accounting Policies (continued)**(q) Taxation**

Hong Kong profits tax is provided for, using the enacted rate at the year end date, on the estimated assessable profits less available tax relief for losses brought forward of each individual company comprising the Group. Overseas tax is provided for, using the local enacted rates at the year end date, on the estimated assessable profits of the individual company concerned.

Deferred tax liabilities are provided in full, based on the applicable enacted rates, on all temporary differences between the carrying amounts of assets and liabilities and their tax bases, and deferred tax assets are recognised, based on the applicable enacted rates, to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences and unused tax losses can be utilised.

(r) Borrowing costs

Borrowing costs are charged to income statement in the year in which they are incurred unless they are capitalised as being directly attributable to the acquisition and development of properties which necessarily take a substantial period of time to complete.

3. Turnover and Contribution

The principal activities of the Group are property development and investment, hotel and serviced suite operation, property and project management and investment in securities.

Turnover of Group activities comprises proceeds from property sales, gross rental income, revenue from hotel and serviced suite operation and income from property and project management. In addition, the Group also accounts for its proportionate share of proceeds from property sales of jointly controlled entities as turnover. Turnover of jointly controlled entities (save for proceeds from property sales shared by the Group) and turnover of listed and unlisted associates are not included.

Turnover of the Group by operating activities for the year is as follows:

	2009	2008
	\$ Million	\$ Million
Property sales	14,922	10,309
Property rental	1,155	945

In 2008, the Group entered into a transaction with a financial institution whereby, for a total consideration of \$2.1 billion, certain overseas listed equity securities held by the Group were transferred to the other party at an inception price together with put options exercisable at 200% of the inception price at the end of a three-year period.

It is expected that the price of the transferred equity securities is not likely to rise above the 200% level of the inception price within the three-year period and the put options will be exercised. Hence, the Group remains exposed to the risk of price fluctuation of the transferred equity securities below the 200% level of the inception price. Therefore, the total consideration received has been accounted for as a loan and amortised at an annual rate of 2.7% approximately, and the transferred equity securities have remained as the Group's investments available for sale and included in note (13).

17. Bank and Other Loans (continued)

At the year end date:

- (a) the amortised cost of the total consideration received and the carrying value of the transferred equity securities mentioned above were \$2,127 million (2008 – \$2,069 million) and \$1,508 million (2008 – \$975 million) respectively;
- (b) bank loans amounting to \$357 million (2008 – \$482 million) were secured by certain assets of the Group;
- (c) other loans included fixed rate bonds and notes issued by wholly owned subsidiaries and guaranteed by the Company as follows:
 - (i) issued by Cheung Kong Finance Cayman Limited and listed on the Luxembourg Stock Exchange:

HK\$	300,000,000	8.38% due January 2010 (issued in 2000)

HK\$	500,000,000	4.88% due August 2018 (issued in 2008)
 - (iii) issued by Joynote Ltd and listed on the Singapore Stock Exchange:

SGD	200,000,000	3.76% due October 2011 (issued in 2006)
-----	-------------	---
 - (iv) issued by Cheung Kong Finance Japan Limited in Japan:

JPY	31,500,000,000	0.95% due August 2010 (issued in 2005)
-----	----------------	--

and swaps arrangements were in place to convert the rates and the related terms of the fixed rate bonds and notes to a floating rate basis and Japanese Yen to US\$. The aggregate fair value of the derivative financial instruments used for hedging purposes amounted to a net asset of \$689 million (2008 – \$877 million);

- (d) after hedging where appropriate, bank and other loans approximated their fair value and carried interest at effective rates generally based on inter-bank offered rate of the relevant currency plus a margin of approximately 1% per annum.

 and certain subsidiaries provided guarantees for bank loans utilised by jointly controlled entities amounted to \$1,555 million (2008 – \$1,489 million).

Notes to Financial Statements (continued)

26. Employees Pension Schemes

The principal employees pension schemes operated by the Group, including the occupational retirement schemes and the mandatory provident fund schemes, are defined contribution schemes. For occupational retirement schemes, contributions are made by either the employer only or both the employer and the employees at rates ranging from approximately 5% to 10% of the employees' salary. For mandatory provident fund schemes, contributions are made by both the employer and the employees at 5% each of the employees' relevant monthly income which is capped at \$20,000.

During the year, the Group's costs incurred on employees pension schemes were \$92 million (2008 – \$85 million) and forfeited contributions in the amount of \$3 million (2008 – \$4 million) were used to reduce current year's contributions.

27. Related Party Transactions

During the year and in the ordinary course of business, the Group undertook various joint venture projects with related parties, including the Chairman, Mr. Li Ka-shing, and Hutchison Whampoa Limited, on normal commercial terms. Advances were made to/received from and guarantees were provided for these joint venture projects on a pro rata basis.

Advances made by the Group at the year end date were disclosed as amount due from associates and jointly controlled entities in notes (11) and (12). Guarantees provided by the Group for bank loans utilised by jointly controlled entities at the year end date were disclosed in note (25).

Other than the aforementioned, there were no other significant related party transactions requiring disclosure in the financial statements.

28. Financial Risks and Management

Financial assets and financial liabilities of the Group include investments in securities, cash balances maintained for liquidity, loan and other receivables, bank and other loan borrowings, and derivative financial instruments for investment and financial purposes. The Group's treasury policies and how the management manages to mitigate the risks associated with these financial assets and financial liabilities are described below:

(a) Treasury policies

The Group maintains a conservative approach on foreign exchange exposure management. At the year end date, approximately 81.7% of the Group's borrowings were in HK\$ with the balance in US\$ (or swapped into US\$) and SGD mainly for the purpose of financing projects outside Hong Kong. The Group derives its revenue mainly in HK\$, cash balances and marketable securities are maintained mainly in HK\$ or US\$, and the Group ensures that its exposure to fluctuations in foreign exchange rates is minimised.

The Group's borrowings are principally on a floating rate basis. The fixed rate bonds and notes issued by the Group have associated swaps arrangements in place to convert the rates and related terms to a floating rate basis.

When appropriate and at times of interest rate or exchange rate uncertainty or volatility, hedging instruments including swaps and forwards are used by the Group in the management of exposure to interest rate and foreign exchange rate fluctuations.

28. Financial Risks and Management *(continued)*

(b) Risk management

Loan receivables normally carry interest at rates with reference to banks' lending rates and are secured by collaterals including charge on assets and guarantees. Trade debtors include mainly receivables arising from sale and lease of properties to the public. The Group has legal right to claim repossession of the properties in the event of default by purchasers/tenants. At the year end date, overdue loan receivables and trade debtors amounted to less than 1% of the Group's net assets and regular review and follow-up actions are carried out on the overdue amounts to minimise exposures to credit risk.

Cash balances maintained for liquidity are placed with a number of major banks. Investments in securities and transactions involving derivative financial instruments are generally limited to issuers and counter-parties with sound credit.

Investments in securities and derivative financial instruments are stated at fair value. Fair values are determined based on quoted market price, otherwise, with reference to professional valuations and/or estimations that take into account assumptions and estimates on factors affecting the value of these financial instruments and change of such assumptions and estimates to reasonably possible alternatives would not have material effect on the Group's result for the year and financial position at the year end date. An analysis of these financial assets and financial liabilities of the Group based on the degree to which their fair values are observable and grouped into Levels 1 to 3 is as follows:

- Level 1 : unadjusted quoted prices in active markets for identical assets or liabilities
 Level 2 : value inputs, other than quoted prices, that are observable either directly or indirectly
 Level 3 : value inputs that are not based on observable market data

	Level 1	Level 2	Level 3	31/12/2009 Total
	\$ Million	\$ Million	\$ Million	\$ Million

Investments available for sale				
Equity securities	6,278	13	106	6,397

Debt securities	–	53	–	53
Derivative financial instruments	–	83	–	83
	8,152	778	106	9,036
Financial liabilities				
Derivative financial instruments	–	(460)	–	(460)

Notes to Financial Statements (continued)

28. Financial Risks and Management (continued)**(b) Risk management (continued)**

The movement of Level 3 fair value measurement of equity securities available for sale during the year was as follows:

	\$ Million
Fair value at 1st January, 2009	61
Purchases	40
Gain in fair value recognised in other comprehensive income	5
Fair value at 31st December, 2009	106

The exposure to price changes is managed by closely monitoring the changes in market conditions that may have an impact on the market prices or factors affecting the value of these financial instruments. If the fair value of the investments in securities and derivative financial instruments was 5% higher/lower at the year end date, the Group's investment revaluation reserve would increase/decrease by approximately \$231 million (2008 – \$210 million) and the Group's profit for the year would increase/decrease by approximately \$234 million (2008 – \$109 million).

The Group's borrowings are subject to interest rate fluctuation. It is estimated that an increase/decrease of 1% in interest rates would increase/decrease the Group's finance costs for the year by approximately \$304 million (2008 – \$382 million), assuming the change in interest rates had been applied to the Group's bank and other loans at the year end date which were kept constant throughout the year, and the amount of finance costs capitalised would increase/decrease by approximately \$161 million (2008 – \$221 million) based on the proportion of finance costs capitalised during the year.

(c) Liquidity management

The Group monitors its liquidity requirements on a short to medium term basis and arranges refinancing of the Group's borrowings when appropriate. With cash and marketable securities in hand, as well as available banking facilities, the Group's liquidity position remains strong and the Group has sufficient financial resources to satisfy its commitments and working capital requirements.

The contractual undiscounted cash flows (including interest payments, after hedging where appropriate, computed at rates current at the year end date) of the Group's borrowings by contractual maturities at the year end date are as follows:

	2009 \$ Million	2008 \$ Million
Within 1 year	9,402	11,939
After 1 year but not exceeding 2 years	13,012	9,567
After 2 years but not exceeding 5 years	11,501	24,007
After 5 years	1,164	1,254
	35,079	46,767

29. Capital Management

The Group manages its capital to ensure that it will be able to continue as a going concern while maximising returns to its shareholders through the optimisation of debt and equity balance. The capital structure of the Group consists of debt, which includes the borrowings disclosed in notes (17) and (19), bank balances and deposits and shareholders' fund, comprising share capital, share premium and reserves as disclosed in the statement of financial position. The Group reviews its capital structure on a regular basis and maintains a low gearing ratio determined as the proportion of the Group's net borrowings (after deducting bank balances and deposits) to shareholders' fund.

The gearing ratio at the year end date is as follows:

	2009 \$ Million	2008 \$ Million
Bank and other loans	32,489	40,249
Loan from joint development partner	2,000	4,000
<hr/>		
Total borrowings	34,489	44,249
Less: Bank balances and deposits	(11,423)	(7,173)
<hr/>		
Net borrowings	23,066	37,076
<hr/>		
Shareholders' fund	243,599	225,133
<hr/>		
Gearing ratio	9.5%	16.5%

30. Approval of Financial Statements

Independent Auditor's Report

TO THE MEMBERS OF CHEUNG KONG (HOLDINGS) LIMITED
(incorporated in Hong Kong with limited liability)

We have audited the consolidated financial statements of Cheung Kong (Holdings) Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 92 to 132, which comprise the consolidated and Company statements of financial position as at 31st December, 2009, and the consolidated income statement, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Directors' responsibility for the consolidated financial statements

The directors of the Company are responsible for the preparation and the true and fair presentation of these consolidated financial statements in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the Hong Kong Companies Ordinance. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and the true and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, in accordance with section 141 of the Hong Kong Companies Ordinance and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance as to whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and true and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31st December, 2009 and of the Group's profit and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the Hong Kong Companies Ordinance.
