INDEPENDENT AUDITORS' REPORT

To the Board of Directors of  
Washington Securities Corporation  
Chevy Chase, MD

We have audited the accompanying statement of financial condition of Washington Securities Corporation, at December 31, 2009. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Washington Securities Corporation, at December 31, 2009, in conformity with auditing standards generally accepted in the United States of America.

WASHINGTON SECURITIES CORPORATION

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009

NOTE 1 - ORGANIZATION

Washington Securities Corporation (the Company), was formed for the purpose of operating a broker-dealer in securities. The Corporation is registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is a wholly owned subsidiary of WSC Holdings, Inc. (WSCH).

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition

Securities transactions and related commissions are recorded on a settlement date basis, which management believes is not materially different than trade date.

Use of Estimates

The preparation of financial statements in conformity with general accepted accounting principles requires management to make estimates and assumptions. This will affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported period. Actual results could differ from these estimates.

Cash and Cash Equivalents

Cash and cash equivalents consisted of cash on deposit with established federally insured financial institutions. For purposes of the statement of cash flows, the Company considers all highly liquid instruments with original maturities of three months or less to be cash equivalents.

NOTE 3 - FAIR VALUE MEASUREMENT

All of the Company's assets and liabilities which are stated at fair value are valued in accordance with Level 1 criteria, as defined in FASB ASC 820. Level 1 value measurement uses quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

(Continued)

WASHINGTON SECURITIES CORPORATION

NOTES TO FINANCIAL STATEMENTS (Continued)

DECEMBER 31, 2009

NOTE 4 - RELATED PARTY TRANSACTIONS

The Company shares office space and facilities with other entities, some of which are owned and operated by officers of the Company and others by its parent WSCH. For the use of these facilities, the Company, from time to time, reimburses WSCH pursuant to a management fee agreement. For 2009 the Company paid WSCH \$94,100 under this agreement. Management believes this amount is sufficient reimbursement for these costs.

NOTE 5 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2009, the Company had net capital of \$50,825 which was \$45,825 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was .89 to 1.

NOTE 6 - OTHER REGULATORY REQUIREMENTS

The Company does not hold any funds or securities for the accounts of customers and clears all its customers transactions through another broker-dealer on a fully disclosed basis. It is therefore exempt for the customer reserve requirements of the Securities and Exchange Commission Rule 15c3-3 under Section (k)(2)(ii).

**WILLIAM BATDORF & COMPANY, P.C.**  
CERTIFIED PUBLIC ACCOUNTANTS  
1750 K STREET, NW, SUITE 375  
WASHINGTON, DC 20006

To the Board of Directors of  
Washington Securities Corporation  
Bethesda, MD

In accordance with rule 17a-5(e)(4) of the Securities and Exchange Commission, we have performed the following procedures with respect to Form SIPC-7T of Securities Investor Protection Corporation assessments and payments of Washington Securities Corporation for the period ended December 31, 2009. Our procedures were performed solely to assist you in complying with rule 17a-5(e)(4), and our report is not to be used for any other purpose. The procedures we performed are as follows:

1. Compared listed assessment payments with respective cash disbursement records entries;
2. Compared amounts reported on the audited Form X-17A-5 for the period April 1, 2009 to December 31, 2009 with the amounts reported in the General Assessment Reconciliation (Form SIPC-7T);
3. Compared any adjustments reported in Form SIPC-7T with supporting schedules and working papers;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7T and in the related schedules and working papers supporting adjustments; and
5. Compared the amount of any overpayment applied with the Form SIPC-7T on which it was computed.

Because the above procedures do not constitute an audit made in accordance with generally accepted auditing standards, we do not express an opinion on the form referred to above. In connection with the procedures referred to above, nothing came to our attention that caused us to believe that the amounts shown on Form SIPC-7T were not determined in accordance with applicable instructions and forms. This report relates only to the form referred to above and does not extend to any financial statements of Washington Securities Corporation taken as a whole.

**WILLIAM BATDORF & COMPANY, P.C.**  
CERTIFIED PUBLIC ACCOUNTANTS  
1750 K STREET, N.W., SUITE 375  
WASHINGTON, DC 20006

**SUPPLEMENTARY REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS**  
**ON INTERNAL ACCOUNTING CONTROL**

To the Board of Directors  
Washington Securities Corporation  
Chevy Chase, MD

Gentlemen:

In planning and performing our audit of the financial statements of Washington Securities Corporation for the year ended December 31, 2009, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission(SEC) we made a study of the practices and procedures followed by The Company including test of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17-a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with

reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are recorded in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2009 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

*William B. Balfour & Company, P.C.*
