INDEPENDENT AUDITORS' REPORT

To the Members Triune Capital Advisors, LLC and Subsidiary Charlotte. North Carolina

We have audited the accompanying consolidated statement of financial condition of Triune Capital Advisors, LLC and subsidiary (the "Company") as of December 31, 2009 and the related consolidated statements of operations, changes in equity and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Triune Capital Advisors, LLC and subsidiary as of December 31, 2009 and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The information contained in the supplemental schedules on pages 13 to 16 is presented for the purposes of additional analysis and is not a required part of the basic consolidated financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements, and in our opinion, is fairly stated in all material respects in relation to the basic consolidated financial statements taken as a whole.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2009

A. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION

Triune Capital Advisors, LLC ("Triune") and Subsidiary (the "Company") is a North Carolina limited liability company that provides financial advice and investment products to the Charlotte, North Carolina metropolitan area.

PRINCIPLES OF CONSOLIDATION

The consolidated financial statements include the operations of Triune and its whollyowned subsidiary, Triune Insurance Services, LLC ("TIS"). TIS provides insurance services to the Charlotte, North Carolina market. All significant intercompany transactions have been eliminated during consolidation.

BASIS OF ACCOUNTING

The Company maintains its books and records on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and conforms to the rules and regulations of the Securities and Exchange Commission ("SEC") and the Financial Industry Regulation Authority ("FINRA").

CASH

The Company places its cash on deposit with financial institutions in the United States. In October and November 2008 the Federal Deposit Insurance Corporation (FDIC) temporarily increased coverage to \$250,000 for substantially all depository accounts and temporarily provided unlimited coverage for certain qualifying and participating non-interest bearing transaction accounts. The increased coverage is scheduled to expire on December 31, 2013, at which time it is anticipated amounts insured by the FDIC will return to \$100,000. During the year, the Company from time to time may have had amounts on deposit in excess of the insured limits. As of year end, the Company did not exceed these insured amounts.

COMMISSIONS AND CORRESPONDENT FEES RECEIVABLE

Commissions and correspondent fees receivable primarily represent amounts due from clearing organizations. No allowance has been established for uncollectible accounts as management believes all amounts will be collected.

PROPERTY AND EQUIPMENT

Property and equipment is recorded at cost. Depreciation is provided on a straight-line basis using estimated useful lives of three to seven years.

INCOME TAXES

The Company has elected to be treated as a partnership as defined in the Internal Revenue Code. In lieu of the Company paying corporate income taxes, the members of the limited liability company are taxed on their proportionate share of the Company's taxable income or deduct their share of the Company's loss. Therefore, no provisions or liability for income taxes have been included in these financial statements.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

ADVERTISING

The Company expenses marketing costs as they are incurred.

COMMISSIONS

Commission income and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

COMPENSATED ABSENCES

Employees are entitled to paid vacation, depending on length of service. It is impracticable to estimate the amount of compensation for absences and accordingly, no liability has been recorded in the accompanying financial statements. The Company's policy is to recognize the costs of compensated absences when actually paid to employees.

FAIR VALUE OF INSTRUMENTS

The Company's financial instruments are cash and cash equivalents, accounts receivable and accounts payable. The recorded values of cash and cash equivalents, accounts receivable and accounts payable approximate their values based on their short-term nature.

B. PROPERTY AND EQUIPMENT

At December 31, 2009 property and equipment consists of the following:

Computers and office machines Furniture and fixtures	\$ 58,373 109,920
Total property and equipment	168,293
Less accumulated depreciation	(139,320)
Property and equipment, net	\$ 28,973

C. OPERATING LEASES

The Company leases office space and certain equipment under operating leases expiring at various dates through 2013. Total rental expense for operating and other incidental leases amounted to approximately \$181,000 for the year ended December 31, 2009. Future minimum rental payments due under these leases at December 31, 2009 are approximately as follows:

2010	\$ 126,000
2011	5,000
2012	5,000
2013	 5,000
	\$ 141,000

D. RELATED PARTIES

As of December 31, 2009, the Company had receivable balances from CHARIS Radio Network of \$5,269, CRN Communications of \$1,428 and a note receivable from a member of \$22,500.

E. NET CAPITAL REQUIREMENT

The Company, as a registered broker-dealer in securities, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2009 the Company had net capital, as defined of \$123,131 which is \$73,131 in excess of its required net capital of \$50,000. The Company's aggregate indebtedness was \$177,899 and its net capital ratio was 1.44 to 1.

The Company qualifies for exemption from the Customer Protection Rule (Rule 15c3-3 paragraph (k)(2)).

F. OFF-BALANCE SHEET RISK

Pursuant to clearance agreements, all securities transactions are handled through clearing brokers on a fully disclosed basis. All of the customers' money balances and long and short security positions are carried on the books of the clearing brokers. In accordance with the clearance agreements, the Company is obligated for any losses the clearing brokers may sustain from carrying securities transactions originated by the Company. In accordance with industry practice and regulatory requirements, the Company and the clearing brokers monitor the collateral available on customers' accounts.

G. RETIREMENT PLAN

On January 2, 2006 the Company started the Triune Capital Advisors, LLC Retirement Plan ("the Plan"). The Plan is a defined contribution profit sharing plan covering substantially all of the Company's employees. The Company contributions to the Plan are determined at the discretion of the Board of Directors. Expenses for the plan were \$1,755 for 2009.

SUPPLEMENTAL REPORT ON INTERNAL CONTROL

To the Members
Triune Capital Advisors, LLC and Subsidiary
Charlotte, North Carolina

In planning and performing our audit of the consolidated financial statements of Triune Capital Advisors, LLC and Subsidiary (the "Company"), as of and for the year ended December 31, 2009, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13.
- 2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute

assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures as described in the second paragraph of the report were adequate at December 31, 2009, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, The Financial Industry Regulatory Authority ("FINRA"), and other regulatory agencies that rely on Rule17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than those specified parties.
