REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors Girard Securities, Inc.

We have audited the accompanying statements of financial condition of Girard Securities, Inc. as of March 31, 2010 and 2009, and the related statements of operations, changes in stockholders' equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Girard Securities, Inc. at March 31, 2010 and 2009, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The Supplemental Schedule, Computation of Net Capital, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

See notes to financial statements.

Notes to Financial Statements

1. THE COMPANY AND ITS SIGNIFICANT ACCOUNTING POLICIES

The Company

Girard Securities, Inc. (the "Company"), headquartered in San Diego, is an introducing broker-dealer clearing customer transactions through another broker-dealer on a fully disclosed basis, and is registered with the Financial Industry Regulatory Authority and the Securities and Exchange Commission ("SEC") pursuant to the Securities Exchange Act of 1934 and an investment adviser registered with the SEC pursuant to the Investment Advisers Act of 1940. The Company is also a member of the National Futures Association and the Securities Investor Protection Corporation.

The Company principally transacts business as an agent on behalf of customers in mutual funds, stocks, fixed income instruments, commodities, options, private and public partnerships, annuities, and advisory services. The company is licensed to operate in all 50 states and has an independent contractor sales force located throughout the United States with a majority of registered representatives residing in Southern California.

Basis of Presentation

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents are highly liquid investments, with original maturities of less than 90 days. Cash and cash equivalents are composed of interest-bearing deposits, non-interest-bearing deposits and money market funds.

Securities Owned

Securities owned are reflected on a trade date basis at market value with realized and unrealized gains and losses being reflected in current period earnings. Market values are based on prices from independent sources, such as listed market prices or broker or dealer price quotations.

Collateral for Secured Demand Note

The collateral for the secured demand note consists of securities held by the Company's clearing organization. The collateral is carried in the accompanying financial statements at the lower of the face value of the secured demand note or the fair market value of the related securities less appropriate haircuts.

Due from Clearing Organizations

Receivable from clearing organizations primarily consists of commission receivables and other receivables from broker-dealers.

Fixed Assets

Furniture, equipment, and leasehold improvements are recorded at historical cost, net of accumulated depreciation and amortization. Depreciation is recognized using the straight-line method over the estimated useful lives of the assets. Furniture and equipment are depreciated over five years. Leasehold improvements are amortized using the straight line method over the shorter of the lease term or the estimated useful lives of the assets. Maintenance and repairs,

Notes to Financial Statements

which do not extend asset lives, are expensed as incurred. Management reviews fixed assets for impairment whenever events or changes in circumstances indicate the carrying amount of the assets may not be recoverable. No impairment was determined to exist at March 31, 2010.

Fair Value of Financial Instruments

The Company's financial assets and liabilities are carried at fair value or at amounts that, because of their short-term nature, approximate current fair value.

Legal Reserves

The Company recognizes liabilities for contingencies when there is an exposure that, when fully analyzed, indicates it is both probable that a liability has been incurred and the amount of loss can be reasonably estimated. When a range of probable loss can be estimated, the Company accrues the most likely amount; if not determinable, the Company accrues at least the minimum of the range of probable loss.

The Company records reserves related to legal proceedings in "Accounts payable and other accrued expenses." Such reserves are established and maintained in accordance with Statement of Financial Accounting Standards ("SFAS") No. 5 "Accounting for Contingencies," and Financial Accounting Standards Board Interpretation ("FIN") No. 14. The determination of these reserves amounts requires significant judgment on the part of management. Management considers many factors including, but not limited to: the amount of the claim; the amount of the loss in the client's account; the basis and validity of the claim; the possibility of wrongdoing on the part of a registered representative of the Company; previous results in similar cases; and legal precedents and case law. Each legal proceeding is reviewed with counsel in each accounting period and the reserve is adjusted as deemed appropriate by management. Lastly, each case is reviewed to determine if it is probable that insurance coverage will apply, in which case the reserve is reduced accordingly. Any change in the reserve amount is recorded in the financial statements and is recognized as a charge to earnings in that period.

Revenue Recognition

Security transactions and the related revenue are recorded on a trade date basis.

Commissions income. The Company records commissions received from mutual funds, annuity, insurance, equity, fixed income, direct investment, option and commodity transactions on a tradedate basis. Commissions also include mutual fund and variable annuity trails, which are recognized as earned.

Due to the significant volume of mutual fund and variable annuity purchases and sales transacted by our registered representatives directly with product manufacturers, management must estimate a portion of its upfront commission and trail revenues for each accounting period for which the proceeds have not yet been received. Because the Company records commissions payable based upon our standard payout ratios for each product as we accrue for commission revenue, any adjustment between actual and estimated commission revenue will be offset in part by the corresponding adjustment to commissions payable.

The Company charges investment advisory fees based on a client's portfolio value, generally at the beginning of each quarter. Advisory fees collected in advance are recorded as unearned revenue and are recognized ratably over the respective billing period. Advisory fees collected in arrears are recorded as earned. Asset based fees are primarily derived from the Company's marketing and due diligence agreements, and are both recorded and recognized in the period in which services are provided.

Notes to Financial Statements

Trading profits and floor brokerage. Under agreement, the Company clears trades for an unaffiliated correspondent broker and retains a portion of commissions as a fee for its services. In addition, the Company periodically trades from its own inventory, resulting in a trading gain or loss.

Interest income. The Company earns interest income from its cash equivalents and client margin balances.

Administrative fee income. The Company charges administrative fees, which relate to service provided for supporting financial advisors on the Advisory platform. The Company charges administrative fees based on a client's portfolio value, generally at the beginning of each quarter. administrative fees collected in advance are recorded as unearned revenue and are recognized ratably over the respective billing period. administrative fees collected in arrears are recorded as earned.

Other. The Company charges other miscellaneous fees, which relate to services provided and other account charges generally outlined in the Company's agreements with its financial advisors and clients. Such fees are recognized as services are performed or as earned, as applicable.

Leases

The Company lease office space and copiers under operating leases. The Company recognizes rent expense related to these operating leases on a straight-line basis over the lease term. The lease term commences on the earlier of the date when the Company becomes legally obligated for the rent payments or the date on which the Company takes possession of the property.

Share-Based Compensation

Effective October 1, 2007, the company adopted SFAS No. 123 R, "Share-Based Payment", which requires the measurement and recognition of compensation expenses for all share-based payment awards made to employee and directors based on estimated fair values. The adoption of SFAS No. 123R did not have a material impact on the Company's accounting for employee stock-based compensation. At March 31, 2010 the company has one stock-based employee compensation plan, which is described more fully in Note 8 below. In addition, the Company has granted stock appreciation rights ("SARs") to its independent contractor Financial Representatives, which are described more fully in Note 9 below. The Company accounts for share-based awards to its independent contractor Financial Representatives in accordance with EITF No. 96-18, "Accounting for Equity Instruments That are Issued to other Than Employees for Acquiring, or in Conjunction with Selling, Goods or Services" and EITF 00-19, "Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in, a Company's Own Stock." As a result, these awards are revalued at each reporting date for purposes of measuring compensation expense associated with these awards. Compensation expense is recognized for all stock based compensation with future service requirements over the relevant vesting periods using the straight-line method.

Income Taxes

The Company accounts for income taxes in accordance with SFAS No. 109, Accounting for Income Taxes, which prescribes the use of the asset and liability method whereby deferred tax asset or liability account balances are calculated at the balance sheet date using current tax laws and rates in effect. Valuation allowances are established, when necessary, to reduce deferred tax assets when it is *more likely than not* that a portion or all of a given deferred tax asset will not be realized. In accordance with SFAS No. 109, income tax expense include (i) deferred tax expense,

Notes to Financial Statements

which generally represents the net change in the deferred tax asset or liability balance during the year plus any change in valuation allowances and (ii) current tax expense, with represents the amount of tax currently payable to or receivable from a taxing authority. Uncertain tax positions are only recognized to the extent they satisfy the criteria under Interpretation No. 48, Accounting for Uncertainty in Income Taxes ("FIN 48"), which states that an uncertain tax position must be more likely than not of being sustained upon examination. The amount of tax benefit recognized is the largest amount of tax benefit that is more that fifty percent likely of being sustained on ultimate settlement of an uncertain tax position.

Concentration of Credit Risk

The company maintains cash balances with various financial institutions. Management performs periodic evaluations of the relative credit standing of these institutions. The Company has not sustained any material credit losses from these instruments.

The Company maintains individually significant receivable balances with financial institutions. If the financial condition and operations of these institutions deteriorate substantially, the Company's operating results could be adversely affected. Management performs ongoing credit evaluations of these financial institutions. No allowance for doubtful accounts was considered necessary at March 31, 2010 and 2009.

Reclassifications

Certain prior year financial statement classifications have been reclassified to conform with the current year's presentation.

2. SECURED DEMAND NOTE PAYABLE

At March 31, 2010, the Company has a secured demand note payable of \$500,000 which bears interest at \$12,000 per annum, matures on September 7, 2010, and is subordinated to the claims of general creditors. The note is collateralized by debt securities which had a fair market value of \$678,568 at March 31, 2010.

3. INCOME TAXES

The effective income tax rate varies from the statutory federal income tax rate of 34% for the following reasons:

2010

2000

| | 2010 | 2009 |
|---|------------------|------------------|
| "Expected" federal income tax (expense) benefit | \$ (45,271) | \$316,376 |
| State income tax | (1,570) | (2,401) |
| Change in valuation allowance | 271,196 | (227,303) |
| Income tax expense | <u>\$224,355</u> | <u>\$ 86,672</u> |

Notes to Financial Statements

4. STOCKHOLDER'S EQUITY

Series A Preferred Stock

Each share of Series A preferred stock (i) has an original issue price of \$1,000; (ii) is non-voting; (iii) is entitled to receive cumulative dividends at an annual rate of \$30 per share; (iv) has an original liquidation value of \$1,000 plus any accrued and unpaid dividends; and (v) is redeemable at the option of the holder at \$1,050 plus any accrued and unpaid dividends in three annual installments commencing 60 days after receipt by the Company at any time after June 30, 2016 from holders of at least 66 2/3% of the then outstanding shares of Series A Preferred Stock subject to certain limitations as described in the Company's Articles of Incorporation.

5. COMMITMENTS AND CONTINGENCIES

Bank Accounts

The Company maintains several bank accounts at financial institutions. These accounts are insured by the Federal Deposit Insurance Commission ("FDIC"), up to \$250,000. At times during the year ended March 31, 2010, cash balances held in financial institutions were in excess of the FDIC's insured limits. The Company has not experienced any losses in such accounts and management believes that it has not experienced any losses in such accounts and management believes that it has placed its cash on deposit with financial institutions which are financially stable.

Off Balance Sheet Risk

As discussed in Note 1, the Company does not hold customer segregated cash or securities balances. Transactions are processed by a clearing firm on a fully disclosed basis. In conjunction with this arrangement, the Company is contingently liable for any unsecured debit balances in the customer accounts introduced by the Company. These customer activities may expose the Company to off-balance-sheet credit risk in the event the introduced customer is unable to fulfill its contracted obligations. The Company seeks to control such credit risk by monitoring its exposure to the risk of loss daily, on an account-by-account basis. At March 31, 2010, the Company was not responsible for any unsecured debits and did not have any open positions in its trading accounts.

Arbitration

The Company has been named as a defendant in arbitration proceedings. In view of the inherent difficulty of predicting the outcome of such matters, particularly in cases in which claimants seek substantial or indeterminate damages, the Company cannot predict with certainty what the eventual loss or range of loss related to such matter will be. The Company believes, based on current knowledge, after consultation with counsel, and consideration of insurance, if any, that the outcome of such matters will not have a material adverse effect on the financial condition of the Company or its results of operations.

Leases

The Company leases its primary facilities and certain other assets under non-cancelable operating lease that expires through May 2013. Under the facility lease, the Company pays taxes, insurance, and maintenance expenses. Rent expense was \$141,038 in fiscal 2010 and \$177,155 in fiscal 2009. Future minimum lease commitments under the long-term non-cancelable operating leases are as follows:

Notes to Financial Statements

| Year Ending March 31: | |
|-----------------------|-----------|
| 2011 | \$149,290 |
| 2012 | 115,481 |
| 2013 | 76,332 |
| 2014 | 12,722 |
| | \$353.825 |

6. EMPLOYEE SHARE-BASED COMPENSATION AND OTHER BENEFITS

Non-Qualified Stock Option Plan

At October 1, 2007, the Company implemented a non-qualified stock option plan available for grant to employees and members of the Company's Board of Directors. Options are exercisable in the 60th month following the date of grant and only in the event that the grantee is an employee of the Company at that time, disabled, deceased or recently retired. The Company grants new options under its plan approved by the members of the Company's Board of Directors and its sole shareholder. Effective October 1, 2007, the Company adopted SFAS No. 123R, "Share-Based Payment." The adoption of this statement did not have a material impact on the Company's financial statements.

As noted above, the Company has a non-qualified stock option plan, the Company may grant up to 250,000 options which each option is convertible into one share of common stock. As of March 31, 2010, the Company has 1,119,000 stock options granted. The options are granted to key personnel. Option terms are specified in individual agreements and expire on a date no later than the tenth anniversary of the grant date. The exercise price of each option shall not be less than the market price of the Company's stock on the date of grant.

As of March 31, 2010, there was no unrecognized compensation cost related to stock option grants issued to its key employees based on estimated fair value at that date. The fair value of each option grant is estimated on the date of grant using Black – Scholes option pricing model.

401(k) Plan

The Company has a 401(k) defined contribution plan. All employees meeting minimum age and length of service requirements are eligible to participate. The Company has an employer matching program whereby employer contributions are made to the 401(k) plan in an amount equal to 50% of the lesser of: the amount designated by the employee for withholding and contribution to the 401(k) plan or 8% of the employee's total compensation. The Company's total cost under the 401(k) plan was \$77,170 for fiscal 2009. Currently, the Company has elected to not make any matching contributions to the 410(k) plan.

7. NON-EMPLOYEE SHARE-BASED COMPENSATION

Under the Company's SARs plan, the Company may grant stock appreciation rights to its independent contractor Financial Representatives. Under the 2007 Stock Appreciation Rights Plan for Independent Contractors, the Company may grant up to 250,000 shares of SARs to independent contractor Financial Representatives. As of March 31, 2010, the SARs Plan had 129,150 rights outstanding. SARs are exercisable in the event of a liquidity event and provided that the Financial Representatives are still associated with the Company, disabled, deceased or recently retired. Under the Plan, the exercise price of each SAR equals the market price of the Company's stock on the date of grant.

Notes to Financial Statements

On the application of SFAS No. 123R, the SEC guidance contained in Staff Accounting Bulletin ("SAB") No. 107, and Emerging Issues Task Force ("EITF") No.96-18, "Accounting for Equity Instruments That are Issued to Other Than Employees for Acquiring, or in Conjunction with Selling, Goods or Services", to these non-employees awards, the Company concluded that absent a specific performance commitment, these grants are to measured at their vesting date fair value and their fair value estimated at reporting dates prior to that time. The compensation expense recognized each period should be based on the most recent estimated value. Further, in accordance with EITF 00-19, "Accounting for Derivate Financial Instruments Indexed to, and Potentially Settled in, a Company's Own Stock," the Company will classify these non-employee awards as liabilities at fair value upon vesting, with changes in fair value reported in earnings until these awards are exercised or forfeited.

As of March 31, 2010, there was no unrecognized compensation cost related to grants issued to its independent contractor Financial Representatives based on estimated fair value at that date.

8. RELATED PARTY TRANSACTIONS

In November 2007, the Company entered into a three year software sublicensing agreement with Girard Holding Company, Inc., an entity under common control by the Company's stockholder. In fiscal 2010 and 2009, the Company paid \$57,073 for rights to use the software under the sublicensing agreement.

In December 2005, the Company entered into an office lease agreement for its primary facilities with Roman Empire Realty, an entity under common ownership by the Company's stockholder, and Chief Executive Officer. Under this agreement the Company incurred rent expense of \$141,037 in fiscal 2010 and \$134,322 in fiscal 2009.

Beginning in December 2001, the Company has entered into various software maintenance and development agreements with Financial Database Services ("FDS"), an entity under common ownership by the Company's stockholder, and Chairman. FDS provides information technology and application development services for the Company's trading platform. Under these agreements, the Company received software maintenance and development services of \$210,376 in fiscal 2010 and \$273,793 in fiscal 2009. At March 31, 2010 the amount payable to FDS was \$5,750.

In May 2008, the Company entered into a lease agreement with Vista Mesa, LLC, an entity under common control by the Company's stockholder, and Chairman to lease certain fixed assets, a trademark, and a due diligence process. Under this agreement the Company incurred rent expense of \$35,599 in fiscal 2010 and \$42,833 in fiscal year 2009.

Agreements and transactions between related parties do not necessarily represent terms that might be negotiated between unrelated parties.

Notes to Financial Statements

9. NET CAPITAL REQUIREMENTS

Under Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital (as defined) and a ratio of aggregate indebtedness to net capital (as defined) not exceeding 15 to 1.

The Company's ratio at March 31, 2010 was 1.23 to 1. The basic concept of the Rule is liquidity, its object being to require a broker-dealer in securities to have at all times sufficient liquid assets to cover its current indebtedness. At March 31, 2010, the Company had net capital of \$1,121,041 which was \$871,041 in excess of the amount required by the SEC.

10. COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS AND INFORMATION RELATING TO THE POSSESSION AND CONTROL REQUIREMENTS UNDER RULE 15c3-3

The Company relies on Section K(2)(ii) of the Securities Exchange Rule 15c3-3 to exempt them from the provisions of these rules.

Supplemental Schedule Computation of Net Capital Pursuant to Rule 15c3-1

March 31, 2010

| Total stockholders' equity | \$2,133,712 |
|---|----------------------|
| Liabilities subordinated to claims of general creditors allowable in computation of net capital | 500,000 |
| Total capital and allowable subordinated liabilities | 2,633,712 |
| Less non-allowable assets Commissions receivable Other receivables | 824,691 |
| Prepaid expenses and other Fixed assets | 249,944 |
| Net capital before haircuts on security positions | 424,959 1,134,118 |
| Less haircuts on security positions Debt securities Other securities | 144 12,933 |
| Net capital | 1,121,041 |
| Minimum net capital required | 250,000 |
| Excess net capital | <u>\$ 871,041</u> |
| Total aggregate indebtedness (excluding subordinated demand note) | <u>\$1,376,835</u> |
| Ratio of aggregate indebtedness to net capital | 1.23 |

Note: There are no differences between the net capital reported above and the net capital reported on form FOCUS X-17A-5 Part IIA as of March 31, 2010.

INDEPENDENT AUDITOR'S SUPPLEMENTARY REPORT ON INTERNAL CONTROL STRUCTURE

Board of Directors Girard Securities, Inc.

In planning and performing our audit of the financial statements and supplementary schedules of Girard Securities, Inc. (the "Company") for the year ended March 31, 2010, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control. Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons.
- 2. Recordation of differences required by rule 17a-13.
- 3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the

risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the control environment and accounting system and their operation that we consider to be a material weakness as defined above.

We understand that the practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at March 31, 2010, to meet the SEC's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority, and other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used by anyone other than these specified parties.

SIPC SUPPLEMENTAL REPORT

Board of Directors Girard Securities, Inc.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Transitional Assessment Reconciliation (Form SIPC-7T) to the Securities Investor Protection Corporation (SIPC) for the period from April 1, 2009 to March 31, 2010, which were agreed to by Girard Securities, Inc. (the "Company") and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of the Transitional Assessment Reconciliation (Form SIPC-7T). The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1. Compared the listed assessment payments in Form SIPC-7T with respective cash disbursement records entries noting no differences;
- 2. Compared the amounts reported for the fiscal period beginning April 1, 2009 and ending March 31, 2010, with the amounts reported in Form SIPC-7T for the period ended March 31, 2010 noting no differences;
- 3. Compared any adjustments reported in Form SIPC-7T with supporting schedules and working papers noting no differences;
- 4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7T and in the related schedules and working papers supporting the adjustments noting no differences; and
- 5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7T on which it was originally computed noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
