## INDEPENDENT AUDITORS' REPORT

To the Members of  
Roepe Rosenfeld Trading L.L.C.  
New York, New York

We have audited the accompanying statement of assets, liabilities and members' equity of Roepe Rosenfeld Trading, L.L.C. as of December 31, 2009. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Roepe Rosenfeld Trading L.L.C. as of December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

**NOTES TO FINANCIAL STATEMENTS**

**December 31, 2009**

**NOTE 1- ORGANIZATION AND NATURE OF BUSINESS**

Roepe Rosenfeld Trading L.L.C., a New York limited liability company (the "Company") was formed in 1997, is registered as a broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the NYSE-AMEX.

The Company is engaged in the business of securities trading and options market making.

**NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Concentration of Credit Risk

The Company is engaged in various investment and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

At December 31, 2009 the Company's clearing broker held net assets of \$1,423,049 on behalf of the Company.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Securities transactions and related income and expenses are recorded on the books on a mark to market basis.

Recent Accounting Pronouncements

The Company does not expect the adoption of recent accounting pronouncements to have any material impact on its financial condition or results of operations

NOTE 3- FAIR VALUE OF INVESTMENTS

Fair Value Measurements

Fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). Fair value measurements are not adjusted for transaction cost. Fair value measurement under generally accepted accounting principles provides for use of a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value into three levels:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities
- Level 2: Inputs other than quoted market prices that are observable, either directly or indirectly, and reasonably available. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the Company.
- Level 3: Unobservable inputs. Unobservable inputs reflect the assumptions that the Company develops based on available information about what market participants would use in valuing the asset or liability.

An asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Availability of observable inputs can vary and is affected by a variety of factors. The Company uses judgment in determining fair value of assets and liabilities and Level 3 assets and liabilities involve greater judgment than Level 1 and Level 2 assets or liabilities.

The following are the Company's investments owned and securities sold short by level within the fair value hierarchy at December 31, 2009:

<u>Assets</u>	<u>Fair Value</u>	<u>Fair Value Hierarchy</u>
Marketable securities	\$ <u>132,671,940</u>	Level 1
<u>Liabilities</u>		
Marketable securities sold short	\$ <u>73,422,875</u>	Level 1

**NOTES TO FINANCIAL STATEMENTS**

**December 31, 2009**

**NOTE 4- INCOME TAXES**

No provisions for federal and state income taxes are made in the financial statements as these taxes are the responsibility of the members under this form of organization.

**NOTE 5- NET CAPITAL REQUIREMENTS**

The Company is a member of the NYSE Amex (formerly American Stock Exchange) and is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1. This Rule requires that the ratio of aggregate indebtedness to net capital may not exceed 15 to 1, and equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2009, the Company's net capital was \$268,327 which was \$168,327 in excess of its required net capital of \$100,000. The Company's aggregate indebtedness to net capital ratio was 0.0466 to 1.

**NOTE 6- OFF BALANCE SHEET RISK**

Pursuant to a clearance agreement, the Company clears all of its securities transactions through its sole clearing broker. Under certain conditions as defined in the clearance agreement, the Company has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying securities transactions initiated by the Company. In accordance with industry practice and regulatory requirements, the Company and the clearing broker monitor collateral on the securities transactions introduced by the Company.

**NOTE 7- GUARANTEES**

FASB ASC 460-10, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460-10 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying contract (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or non occurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. FASB ASC 460-10 also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of the indebtedness of others.

NOTE 7- GUARANTEES (continued)

Indemnifications

In the normal course of its business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connection with their acting as an agent of, or providing services to, the Company or its affiliates. The maximum potential amount of future payments that the Company could be required to make under the indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

The Company provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Company may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the consolidated financial statements for these indemnifications.

NOTE 8- SUBSEQUENT EVENTS

The Company has evaluated subsequent events through March 29, 2010.
