INDEPENDENT AUDITOR'S REPORT

To the Stockholders
Charles W. Pace Securities Group, Inc.

We have audited the accompanying statement of financial condition of Charles W. Pace Securities Group, Inc. as of March 31, 2010, and the related statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Charles W. Pace Securities Group, Inc. as of March 31, 2010, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

March 31, 2010

Note 1 - Summary of Significant Accounting Policies

Charles W. Pace Securities Group, Inc. (the "Company") is a broker-dealer in securities registered with the Securities and Exchange Commission under (S.E.C.) Rule 15c3-3(k)(2)(ii) which provides that all the funds and securities belonging to the Company's customers would be handled by a correspondent broker-dealer. Substantially all of the Company's business is conducted with customers located in Texas.

Security transactions (and related commissions revenue and expense) are recorded on a settlement date basis. If materially different, commission income and related expenses are recorded on a trade date basis.

Advertising costs are expensed as incurred.

Compensated absences have not been accrued because the amount cannot be reasonably estimated.

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due. The provision for federal income taxes differs from the expected amount using statutory rates because certain expenses included in the determination of net income are non-deductible for tax reporting purposes.

On December 30, 2008, the Financial Accounting Standards Board ("FASB") issued Staff Position ("FSP") No. FIN 48-3 (FASB ASC 740), *Effective Date of FASB Interpretation No. 48 for Certain Nonpublic Entities*, which permitted the Company to defer the implementation of FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" (FASB ASC 740) until its fiscal year beginning April 1, 2009. FASB ASC 740 clarifies that management is expected to evaluate an income tax position taken, or expected to be taken, for likelihood of realization, before recording any amounts for such position in the financial statements. FASB ASC 740 also requires expanded disclosure with respect to income tax positions taken that are not certain to be realized. The Company adopted FASB ASC 740 for its year ended March 31, 2010. The adoption did not have a material impact on the Company's financial statements.

Management evaluates income tax positions based on a predetermined threshold of whether the positions taken will be sustained on examination. Uncertain tax positions are reduced by a liability for a contingent loss that is recorded either when the threshold is no longer met or when it becomes probable that a payment will be made to the taxing authority.

Note 1 - Summary of Significant Accounting Policies, continued

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The FASB issued Statement No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* ("SFAS 168") (FASB ASC 105-10). SFAS 168 replaces all previously issued accounting standards and establishes the *FASB Accounting Standards Codification* ("FASB ASC" or the "Codification") as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with U.S. GAAP.

SFAS 168 is effective for all annual periods ending after September 15, 2009. The FASB ASC is not intended to change existing U.S. GAAP. The adoption of this pronouncement only resulted in changes to the Company's financial statement disclosure references. As such, the adoption of this pronouncement had no effect on the Company's financial statements.

In May 2009, the FASB issued Statement No. 165, *Subsequent Events* ("SFAS 165"), included in the Codification under FASB ASC 855, which establishes general standards of accounting for and disclosure of events occurring after the balance sheet date, but before the financial statements are issued or available to be issued. SFAS 165 also requires entities to disclose the date through which it has evaluated subsequent events and the basis for that date. The Company adopted SFAS 165 for its year ended March 31, 2010. The adoption did not have a material impact on the Company's financial statements.

See Note 7 for more information regarding the Company's evaluation of subsequent events.

Note 2 - Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities and Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis. At March 31, 2010, the Company had net capital of approximately \$6,690 and net capital requirements of \$5,000. The Company's ratio of aggregate

indebtedness to net capital was 0 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

Note 3 - Possession or Control Requirements

The Company does not have any possession or control of customer funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (S.E.C.) Rule 15c3-3(k)(2)(ii) by promptly transmitting all customer funds and securities to the clearing broker who carries the customer accounts.

Note 4 - Related Party Transactions

Charles W. Pace and Associates, Inc. ("Associates") (a brother-sister corporation) provides office space and all necessary office overhead to the Company. During the year ended March 31, 2010 the Company paid \$171,600 in office rent and office overhead to Associates.

Note 5 - Income Tax

The tax benefit from the net operating loss carryforward of \$30,360 has not been reported in these financial statements because the Company believes there is at least a 50% chance that the carryforward will expire unused. Accordingly, the tax benefit has been offset by a valuation allowance of the same amount. The following reflects the changes in the tax benefit:

	Deferred Tax Asset March 31, 2009	Current Period Changes	Deferred Tax Asset March 31, 2010
Federal	\$ 4,554	\$ (218)	\$ 4,336

Note 5 - Income Tax, continued

This operating loss carryforward will expire as follows:

<u>Year Ended</u> <u>March 31,</u>	
2013	\$ 6,320
2014	2,253
2017	367
2018	120

2027	19,793
2028	220
2029	<u>1,007</u>
	<u>\$ 30,360</u>

The Company files income tax returns in the U.S. federal jurisdiction and in the State of Texas. The Company's federal income tax returns generally remain subject to examination by the Internal Revenue Service for three years from the date the return is due, including extensions. The Company's state income tax returns are subject to examination by the respective state authorities for five years from the date of filing.

Note 6 - Commitment and Contingencies

Included in the Company's clearing agreement with its clearing broker-dealer, is an indemnification clause. This clause relates to instances where the Company's customers fail to settle security transactions. In the event this occurs, the Company will indemnify the clearing broker-dealer to the extent of the net loss on the unsettled trade. At March 31, 2010, management of the Company had not been notified by the clearing broker-dealer, nor were they otherwise aware, of any potential losses relating to this indemnification.

Note 7 - Subsequent Events

In preparing the accompanying financial statements, in accordance with SFAS 165, "Subsequent Events", the Company has evaluated events that have occurred after March 31, 2010, through May 19, 2010, the date the financial statements were available to be issued. During this period, the Company did not have any material subsequent events.

Independent Auditor's Report

On Internal Control

Required By SEC Rule 17a-5

Year Ended March 31, 2010

CF & Co., L.L.P.

CERTIFIED PUBLIC ACCOUNTANTS
& CONSULTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL REQUIRED BY SEC RULE 17a-5

Board of Directors
Charles W. Pace Securities Group, Inc.

In planning and performing our audit of the financial statements of Charles W. Pace Securities Group, Inc. (the "Company"), as of and for the year ended March 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial

statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses and therefore, there can be no assurance that all material weaknesses have been identified. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at March 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
