INDEPENDENT AUDITOR'S REPORT

Board of Directors Coldbrooke Financial Services, Inc. Irvine, California

We have audited the accompanying statement of financial condition of Coldbrooke Financial Services, Inc., (the Company) as of March 31, 2010, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly we express no such opinion.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Coldbrooke Financial Services, Inc. as of March 31, 2010, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The Company does not anticipate selling any products to the general public or having any customer accounts.

The Company recognizes revenue for overrides as they are earned. The commissions earned by the registered representatives of Signator Investors, Inc. who are employed by the related General Agency formally owned by the shareholder of the Company are recorded as income of the company when received. The commissions are paid to the related company and recorded as expenses of the Company as they are paid. Period expenses are recognized when incurred.

Coldbrooke Financial Services, Inc. Notes to Financial Statements March 31, 2010

NOTE 7 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of a specified minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At March 31, 2010, the Company had net capital of \$ 48,108, which was \$ 43,108 greater than its required net capital of \$5,000. The Company's net capital ratio was 0.05 to 1.

NOTE 8 – MAJOR CUSTOMERS/PRODUCTS

Almost one hundred percent of the Company's revenue is derived from sales of a variety of products offered by one major insurance company. If that insurance company goes bankrupt or undergoes substantial change, it could adversely affect the Company's operations. However, with resources currently available to the Company, the Company should be able to change its operation and sell variety of other products from other insurance companies within a very short time.

NOTE 9 - RELATED PARTY TRANSACTIONS

The Company has entered into an expense sharing agreement with another company wholly owned by the shareholder's two sons. Under this agreement, the Company pays this related entity a monthly administrative fee for services performed by employees of the related entity, rent for office space, telephone costs, and the cost of office furniture and equipment usage. The fees are determined from time to time in accordance with a formula developed by a third party on a reasonable basis. The terms of the agreement will remain in effect until the agreement is cancelled in writing by either party or the related party's contract with John Hancock Life Insurance Company is terminated. These agreements will be cancelled and new ones drafted shall the current terms materially change. For the fiscal year ended March 31, 2010, the Company paid \$36,000 in administrative fees, \$25,015 in rent, \$487 in telephone, \$11,400 in furniture and equipment usage. Additionally, the Company paid, by agreement, a consulting fee of \$190,000.

The Company's financial statement as of March 31, 2009 understated accrued expenses by \$1,118. Retained earnings as of April 1, 2009 has been reduced by \$1,118 to correct the aggregate and net effect of the error of \$1,118. Had the error not been made, net loss for fiscal year ending 2009 would have been increased by \$1,118. The error had no income tax effect for March 31, 2009.

INTERNAL CONTROL REPORT

Board of Directors Coldbrooke Financial Services, Inc. Irvine, California

In planning and performing our audit of the financial statements of Coldbrooke Financial Services, Inc. (the Company), as of and for the year ended March 31, 2010 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
- 2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's abovementioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting Board of Directors Coldbrooke Financial Services, Inc. Page 2

principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at March 31, 2010, to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC, FINRA, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
