INDEPENDENT AUDITORS' REPORT

To the Shareholder
Quest Securities, Inc.
Livermore, California

We have audited the accompanying statement of financial condition of Quest Securities, Inc. as of March 31, 2010 and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provided a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Quest Securities, Inc. as of March 31, 2010, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

QUEST SECURITIES, INC.
Notes to Financial Statements
March 31, 2010

1. General Information and Significant Accounting Policies

Description of Business

Quest Securities, Inc. (the Company), is owned 100% by the Robert and Delores Schoen Trust. The Company is registered as a broker and dealer in securities with the Securities and Exchange Commission (SEC) and the Financial Industry Regulatory Authority (FINRA). It transacts trades in equity securities through other brokers on a "fully disclosed" basis and receives commissions therefrom. In addition, commissions are earned on sales of limited partnership interests, mutual funds and other interests.

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting wherein income is recognized as earned and expenses are recognized when incurred.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual amounts could differ from those estimates.

Cash and cash equivalents

The Company considers all highly liquid financial instruments purchased with an original maturity of three months or less to be cash equivalents.

The Company maintains cash in one bank with FDIC insurance of up to \$250,000. At March 31, 2010, the cash balance in the bank accounts totaled \$111,293, which was less than the FDIC insurance limit of \$250,000. An additional deposit was maintained with a clearing broker, which is insured by SIPC.

Investments

The company has firm investments in various equity securities of \$66,397. These securities are carried at fair value, which was \$82,271 less than cost of \$148,668 at March 31, 2010.

Income taxes

Deferred income tax assets and liabilities would be provided for differences between the tax basis of an asset or liability and its reported amount in the financial statements. Deferred tax balances are determined by using the tax rate expected to be in effect when the taxes will actually be paid or refunds received. The cost of the firm investments, \$148,668, exceeds the market value of \$66,397 by \$82,271. Capital losses can be recovered for five years from the date of sale, but only to the extent of capital gains. Because of the magnitude of the cumulative unrealized losses, no benefit therefrom is recognized in the financial statements.

Subsequent events

Management has evaluated subsequent events through May 24, 2010, the date on which the financial statements were available to be issued.

QUEST SECURITIES, INC.
Notes to Financial Statements
March 31, 2010

2. Net Capital Requirement

As a registered broker and dealer in Securities, the Company is subject to the Securities Exchange Commission Uniform Net Capital Rule (Rule 15c3-1).

The Company's ratio of aggregate indebtedness to net capital as defined in the Uniform Net Capital Rule was approximately 0.23 to 1 at March 31, 2010. Aggregate indebtedness and net capital change from day to day. The Company is required to maintain a ratio of less than 15 to 1.

At March 31, 2010, the Company had net capital as defined of \$158,403, which exceeded the minimum requirement of \$50,000. However it should be noted that in order to diminish the clerical effort of interim reporting, the Company must maintain a minimum net capital of 120% of the minimum required capital.

3. Exemption From Rule 15c3-3

The Company is exempt from certain provisions of Rule 15c3-3 since it places stock and bond transactions on a "fully disclosed" basis with clearing broker-dealers, since it carries no margin accounts, except through the clearing broker, and since it promptly transmits all customer funds, delivers all customer securities and does not otherwise hold funds or securities of customers.

4. Income Taxes

The following is the computation of income tax expense.

<u>Income Tax Expense</u>	<u>California</u>	<u>Federal</u>	<u>Expense</u>
Income (loss) before income taxes	\$ (6,901)	\$ (6,901)	
Prior year California Franchise tax	-	(1,880)	
Depreciation – Financial Statement	2,425	2,425	
Tax return	(2,861)	(379)	
Eliminate recorded gain on firm investments	(8,572)	(8,572)	
Taxable income (loss)	<u>\$ (15,909)</u>	<u>\$ 15,307</u>	
Income tax liability, minimum	<u>\$ 800</u>	<u>\$ -</u>	<u>\$ 800</u>

The Company is in the process of recovering previously paid Federal income taxes of \$6,605. Previously recognized potential capital loss benefits of \$19,993 have been reversed during the year because they are unlikely to be realized in the future. Such losses can only be deducted from future capital gains during a carryforward period of five years from the realization date. As previously indicated, the unrealized capital losses presently total \$82,271.

QUEST SECURITIES, INC.
Notes to Financial Statements
March 31, 2010

5. Firm Investments

The following are firm investments at March 31, 2010:

<u>Shares</u>		<u>Current Values</u>	<u>Cost</u>
914	Biosante Pharm Inc New	\$ 1,636	\$ 34,283
1,000	China Security & Surveillance Technology Inc.	7,690	7,274
3,000	Citigroup	12,150	12,174
750	Crocs Inc.	6,585	27,489
4,500	SolarFun Power Holdings Co Limited Spon ADR	35,336	60,528
3,000	SearchMedia Holdings WTS Ltd.	<u>3,000</u>	<u>6,920</u>
	Total	<u>\$ 66,397</u>	<u>\$148,668</u>

6. Lease Commitment

The Company rents both of its facilities on a month to month basis; currently, rent is \$3,250 per month.

7. Related Party Transactions

The Company's 100% shareholder receives a salary for administrative services and commissions for business generated.

INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5

To the Shareholder
Quest Securities, Inc.
Livermore, California

In planning and performing our audits of the financial statements and supplemental schedule of Quest Securities, Inc. (the Company), for the year ended March 31, 2010, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at March 31, 2010 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority (FINRA), and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in the regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
