INDEPENDENT AUDITORS' REPORT

Board of Directors
Provident Private Capital Partners, Inc.

We have audited the accompanying statement of financial condition of Provident Private Capital Partners, Inc. as of March 31, 2010 that you are filing pursuant to rule 17a-5 under the Securities and Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to attain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Provident Private Capital Partners, Inc. as of March 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2010

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Organization - The Company was incorporated in the State of Pennsylvania on September 15, 1997. The Company is registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Association (FINRA). The Company's principal business activity is the sale of securities.

Securities Transactions - Commission revenue and related expense arising from securities transactions are recorded on a trade date basis.

Concentrations of Credit Risk - The Company is engaged in various trading and brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company's own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

In addition, the Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. The Company believes it is not exposed to any significant credit risk to cash.

Cash Equivalents - For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2010

NOTE 2 - FAIR VALUE MEASUREMENT

FASB ASC 820 defines fair value, creates a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. *(The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)*

Level 1 inputs have been applied to value cash on the statement of financial condition. No valuation techniques have been applied to all other assets and liabilities included in the statement of financial condition. Due to the nature of these items, all have been recorded at their historic values.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2010

NOTE 3 - S CORPORATION ELECTION

The Company reports its income for income tax purposes on a calendar year basis. In addition, the Company has elected S Corporation status for federal income tax purposes. Income taxes are therefore the responsibility of the Company's individual shareholder.

NOTE 4 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of the Financial Industry Regulatory Authority, the Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule, which requires the maintenance of minimum net capital and requires that the ratio of aggregated indebtedness to net capital, both as defined, shall not exceed 1500%. At March 31, 2010 the Company's net capital and required net capital were \$11,184 and \$5,000 respectively. The ratio of aggregate indebtedness to net capital was 59%.

NOTE 5 - RELATED PARTY TRANSACTIONS

Through common ownership and management, the Company is affiliated with Provident Wealth Management, Inc. (PWM), a registered investment advisor. In the course of this relationship, many of the Company's customers have been referred by PWM. The Company incurred fees of \$76,961 to PWM and of this amount \$4,029 was owed to PWM at March 31, 2010.

In addition, pursuant to a written agreement, the Company reimburses PWM for shared expenses. The expenses incurred to PWM for the year ended March 31, 2010 are as follows:

Compensation and related benefits	\$ 9,600
Occupancy	6,000
Other	<u>5,600</u>
Total	<u>\$ 21,200</u>

The sole shareholder of the Company was responsible for \$32,107 of the commission revenue and received no commission payments for this revenue.
