RECEIVED

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments to the Securities Investor Protection Corporation (SIPC) for the year ended June 30, 2010, which were agreed to by Standard Stockbrokerage Co. Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., SIPC, solely to assist you and the other specified parties in evaluating Standard Stockbrokerage Co., Inc.'s compliance with the applicable instructions of the Transitional Assessment Reconciliation (Form SIPC-7T). Standard Stockbrokerage Co., Inc.'s management is responsible for the Standard Stockbrokerage Co. Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1. Compared the listed assessment payments in Form SIPC-7T with respective cash disbursement records entries, noting no differences;
- 2. Compared the amounts reported on the audited Form X-17A-5 for the year ended June 30, 2010, with the amounts reported in Form SIPC-7T for the year ended June 30, 2010, noting no differences.
- 3. Compared any adjustments reported in Form SIPC-7T with supporting schedules and working papers noting no differences;
- 4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7T and in the related schedules and working papers supporting the adjustment noting no differences; and
- 5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7T on which it was originally computed noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Magnuson, McHugh's Company, P.A.

Magnuson, McHugh & Company, P.A.

INDEPENDENT AUDITORS' REPORT

Pennaluna & Company 421 Sherman Ave., Suite 203 Coeur d'Alene, ID 83814

We have audited the accompanying statement of financial condition of Pennaluna & Company as of June 30, 2010, and the related statements of income, changes in shareholders' equity, and cash flows for the year then ended, that you are filing pursuant to rule 17a-5 under the Securities and Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Pennaluna & Company as of June 30, 2010, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS June 30, 2010

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations – Pennaluna is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers (NASD). Pennaluna is an Idaho Corporation with operations located in Coeur d'Alene, Idaho and the surrounding area. Pennaluna's customers are located primarily in Idaho and Washington. Pennaluna utilizes a third party clearing house, National Financial Services, L.L.C., to handle all customer transactions as well as broker trades.

<u>Depreciation</u> – Depreciation is computed for some assets using the accelerated method over the existing useful life of the asset as allowed under the Internal Revenue Code. Use of this method does not materially differ from depreciation methods under generally accepted accounting principles. Depreciation on remaining assets is calculated using the straight-line method over the existing useful life.

Accounts Receivable – The Company identifies its bad debts using the specific identification method. Use of this method does not result in a material difference from the valuation method required by generally accepted accounting principles. Amounts due Pennaluna are computed by and remitted through National Financial Services, L.L.C.

Accounting for Long-lived Assets – In August 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 144, Accounting for the Impairment or Disposal of Long-lived Assets. SFAS No. 144 requires that a single accounting model be used for long-lived assets to be disposed of by sale, and broadens the presentation of discontinued operations to include more disposal transactions. The Statement requires impairment losses to be recorded on long-lived assets used in operations when indicators of impairment are present and the undiscounted cash flows estimated to be generated by those assets are less than the assets' carrying amounts. Management of the Company reviews the carrying value of its equipment and leasehold improvements, goodwill, and other assets on a regular basis. Estimated undiscounted future cash flows from related operations are compared with the current carrying values. Reductions to the carrying value, if necessary, are recorded to the extent the net book value of the assets exceeds the estimate of future undiscounted cash flows.

Securities Owned and Sold, not yet Purchased – Proprietary securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities transactions entered into for the account and risk of the company are recorded on a trade date basis. Customers' securities transactions are reported on a settlement date basis with related commissions income and expenses reported on a trade date basis. Securities owned and sold, not yet purchased, consist primarily of publicly traded stocks held for resale, and are valued at market, on a first-in, first-out basis. Market values of stocks are subject to volatility and may change significantly before the stock is sold. Unrealized losses of \$20,274 are included in income for the year ended June 30, 2010. Securities owned and sold, not yet purchased are in the physical custody of National Financial Services, L.L.C.

Advertising Costs – Advertising costs are expensed as incurred.

<u>Use of Estimates</u> – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS June 30, 2010

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Cash and Equivalents</u> – For reporting purposes the Company considers short-term investments (less than three months) to be cash equivalents.

<u>Concentration of Credit Risk</u> – The Company places its temporary cash investments with high quality financial institutions and, by policy, limits the amount of credit exposure to any one financial institution. At times, such investments may be in excess of the FDIC insurance limit.

Goodwill and Intangible Assets – The cost of the investment in the purchased Company in excess of the underlying fair value of net assets at the date of acquisition is recorded as goodwill. Purchased goodwill in the amount of \$30,500 was being amortized over 40 years. In June 2001, the Financial Accounting Standards Board approved for issuance Statement of Financial Accounting Standards No. 142 (SFAS 142), Goodwill and Intangible Assets, which revises the accounting for purchased goodwill and intangible assets. Under SFAS 142, goodwill and intangible assets with indefinite lives will no longer be amortized, but will be tested for impairment annually. SFAS 142 was effective for fiscal years beginning after December 15, 2001. Management does not believe goodwill is impaired at June 30, 2010.

Income Taxes - In June 2006, the Financial Accounting Standards Board issued FASB Interpretation No. 48 ("FIN 48"), Accounting for Uncertainty in Income Taxes, which prescribed a comprehensive model for how a company should measure, recognize, present, and disclose in its financial statements uncertain tax positions that the company has taken or expects to take on a tax return. The Company adopted FIN 48 as of June 30, 2009 and, thereafter, recognizes the tax benefits from uncertain tax positions only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such positions are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. There was no impact to the Company's financial statements as a result of the implementation of FIN 48.

<u>Commissions</u> – Commissions and related clearing expenses are recorded on a trade date basis as securities transactions occur.

<u>Investments not readily marketable</u> – Investments not readily marketable represents restricted stock held at cost in the amount of \$46,255 as of June 30, 2010.

<u>Prepaid Expenses</u> - Prepaid expenses are advance payments for products or services that will be used in operations in subsequent periods or years. Prepaid insurance at June 30, 2010 was \$10,383.

NOTES TO FINANCIAL STATEMENTS June 30, 2010

NOTE 2: INCOME TAXES

The Company provides for income taxes based upon the income reported for financial statement purposes. Deferred income taxes are provided for timing differences in reporting income for financial statement and tax return purposes. The Company has recognized a net deferred tax liability for the difference in depreciation expense taken and the unrealized gain not reported for tax purposes. The difference between income tax expense as shown on the statements and the expected tax expense based on statutory rates is due to changes in the amount of unrealized gains and losses contained in the ending stock inventory.

The provision for income tax and the related liability accounts at June 30, 2010 are summarized as follows:

Income Tax Provision

	<u>Federal</u>	<u>State</u>	<u>Total</u>
Income taxes include:			
Current liability	\$ 3,041	\$1,435	\$ 4,476
Current deferred tax liability	4,280	612	4,892
Noncurrent deferred liability	2,727	<u> 390</u>	<u>3,117</u>
Total tax liability	\$ <u>10,048</u>	\$ <u>2,437</u>	\$ <u>12,485</u>
The provision for income tax expense:			
Current expense			\$ 4,403
Deferred tax expense			<u>15,387</u>
Total			\$ <u>19,790</u>

NOTE 3: EMPLOYEE BENEFIT PLAN

On July 1, 2003, the Company established a retirement plan under provisions of the Internal Revenue Code. The plan provides for annual discretionary contributions up to the maximum allowed as a deduction by the Internal Revenue Code. The discretionary contribution for June 30, 2010 totaled \$0. This plan terminated effective June 1, 2010.

NOTE 4: SUBSEQUENT EVENTS DATE OF MANAGEMENT ELECTION

Management has evaluated subsequent events through August 25, 2010, the date on which the financial statements were available to be issued.

SUPPLEMENTARY INFORMATION		

REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5(g)(1) FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15c3-3

Pennaluna & Company 421 Sherman Ave., Suite 203 Coeur d'Alene, ID 83814

In planning and performing our audit of the financial statements and supplemental schedules of Pennaluna & Company (the Company), as of and for the year ended June 30, 2010 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
- 2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

(Continued)

REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5 FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15-c3-3 (CONCLUDED)

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2010 to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC, NASD, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Magnuson, Methygh & Company, P.A.

August 25, 2010
