REPORT OF INDEPENDENT REGISTERED CERTIFIED PUBLIC ACCOUNTING FIRM

To the Board of Directors
Trevor, Cole, Reid & Monroe, Inc.
New York, New York

We have audited the accompanying statement of financial condition of Trevor, Cole, Reid & Monroe, Inc. as of December 31, 2009 and the related statements of operations, changes in stockholders' equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above presents fairly, in all material respects, the financial position of Trevor, Cole, Reid & Monroe, Inc. as of December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

Our Audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on pages 9 and 10 is presented for the purposed of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in related to the basic financial statements taken as a whole.

TREVOR, COLE, REID & MONROE, INC.
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2009

NOTE 1 -Organization

Trevor, Cole, Reid & Monroe, Inc. (the "Company") was organized as a New York corporation on January 5, 1982 and is registered as a broker-dealer with the Securities and Exchange Commission (SEC) and the State of New York. The Company is a member of the Financial Industry Regulatory Authority (FINRA).

NOTE 2 -Summary of Significant Accounting Policies

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Securities transactions and related revenues are recorded in the financial statements on a settlement date basis; however, all transactions are reviewed and adjusted on a trade-date basis for significant amounts.

Cash and Cash Equivalents

The Company considers all highly liquid temporary cash investments with an original maturity of three months or less when purchased, to be cash equivalents.

Concentrations of Credit Risk

As a securities broker-dealer, the Company is engaged in various trading brokerage activities on a principal and agency basis. The Company's exposure to the credit risk occurs in the event that the customer, clearing agent or counterparts do not fulfill their obligations of transaction. To mitigate the risk of loss, the Company maintains its accounts with credit worthy customers and counterparties.

Income Taxes

The Company utilizes ASC 740 "Income Taxes" which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred income taxes are recognized for the tax consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts at each year-end based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income.

NOTE 3 -Recent Accounting Pronouncements

Accounting Standards Codification and GAAP Hierarchy— Effective for interim and annual periods ending after September 15, 2009, the Accounting Standards Codification and related disclosure requirements issued by the FASB became the single official source of authoritative, nongovernmental GAAP. The ASC simplifies GAAP, without change, by consolidating the numerous, predecessor accounting standards and requirements into logically organized topics. All other literature not included in the ASC is non-authoritative. We adopted the ASC as of September 30, 2009, which did not have any impact on our results of operations, financial condition or cash flows as it does not represent new accounting literature or requirements. All references to pre-codified U.S. GAAP have been removed from these audited statements.

NOTE 4 -Certificate of Deposit

The Company has \$6,500 Certificate of Deposit with a 0.70% interest rate that matures on June 4, 2010. Subsequently the certificate of deposit was renewed with its maturity date extended to 12/04/2010.

TREVOR, COLE, REID & MONROE, INC.
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2009

NOTE 5 -Due from Affiliated Companies

As of December 31, 2009, there was \$17,975 due from an affiliated company where the shareholder of the Company has partial ownership.

NOTE 6 -Fair Value Measurements

FASB requires that the Company disclose estimated fair values of financial instruments. The carrying amounts reported in the statement of financial position for current assets and current liabilities qualifying as financial instruments approximate fair value because of their short maturities.

On July 1, 2008, the Company adopted the provisions of Accounting Standard Codification ("ASC") Topic 820, which defines fair value for accounting purposes, establishes a framework for measuring fair value and expands disclosure requirements regarding fair value measurements. The Company's adoption of ASC 820 did not have a material impact on its financial statements. Fair value is defined as an exit price, which is the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date. The degree of judgment utilized in measuring the fair value of assets and liabilities generally correlates to the level of pricing observability. Financial assets and liabilities with readily available, actively quoted prices or for which fair value can be measured from actively quoted prices in active markets generally have more pricing observability and require less judgment in measuring fair value. Conversely, financial assets and liabilities that are rarely traded or not quoted have less price observability and are generally measured at fair value using valuation methods that require more judgment. These valuation techniques involve some level of management estimation and judgment, the degree of which is dependent on the price transparency of the asset, liability or market and the nature of the asset or liability. The Company has categorized its financial assets and liabilities measured at fair value into a three level hierarchy in accordance with ASC 820 and are summarized into three broad categories:

Level 1: quoted prices in active markets for identical securities;

Level 2: other significant observable inputs, including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.; and

Level 3: significant unobservable inputs, including our own assumptions in determining fair value.

At December 31, 2009 the Company had classified the certificate of deposit as a Level 1 asset that is valued under the provisions of ASC 820.

NOTE 7 -Income Taxes

The Company utilizes ASC 740 "Income Taxes" which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred income taxes are recognized for the tax consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts at each year-end based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income.

Net operating losses for tax purposes of approximately \$49,000 at December 31, 2009 are available for carryover. We have provided a 100% valuation allowance for the deferred tax benefit resulting from the net operating loss carryover due to our limited operating history. In addressing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences are deductible.

TREVOR, COLE, REID & MONROE, INC.
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2009

NOTE 8 -Net Capital Requirements

The Company is a registered broker-dealer and is subject to the SEC's Uniform Net Capital Rule 15c3-1. This requires that the Company maintain minimum net capital of \$5,000 and also requires that the ratio of aggregate indebtedness, as defined, to net capital, shall not exceed 15 to 1.

As of December 31, 2009, the Company's net capital exceeded the requirement by approximately \$1,360.

Advances, dividend payments and other equity withdrawals are restricted by the regulations of the SEC, and other regulatory agencies are subject to certain notification and other provisions of the net capital rules of the SEC. The Company qualifies under the exemptive provisions of Rule 15c3-3 as the Company does not carry security accounts for customers or perform custodial functions related to customer securities.

NOTE 9 -Subsequent Events

In accordance with FASB ASC 855 "Subsequent Events", the Company has evaluated subsequent events through the date of the report (July 19, 2010).

TREVOR, COLE, REID & MONROE, INC.

SECURITIES AND EXCHANGE COMMISSION
AS OF DECEMBER 31, 2009

RECONCILIATION WITH COMPANY'S COMPUTATION
(Included in Part II of Form X-17a-5 as of December 31, 2009)

No material differences exist between the above computation and the computation on the unaudited focus pursuant to Rule 17a-5.

COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS UNDER RULE 15c3-3

The Company is exempt from the provision of rule 15c3-3 and for the year ended December 31, 2009, the Company was in compliance with the conditions of exemption.

INFORMATION RELATING TO POSSESSION OR CONTROL REQUIREMENTS UNDER RULE 15c3-3

Information relating to the possession or control requirements is not applicable to the Company, as the Company qualifies for exemption under Rule 15c3-3 (k)(2)(i).

INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING CONTROL

Board of Directors
 Trevor, Cole, Reid & Monroe, Inc.:

In planning and performing our audit of the financial statements and supplemental schedules of Trevor, Cole, Reid & Monroe, Inc. (the Company), for the year ended December 31, 2009, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tested of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers for perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements of prompt payment for securities under section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation of the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considerably by the SEC to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2009, to meet the SEC's objectives.
