HUNTER ASSOCIATES, INC.
(A Wholly Owned Subsidiary of H.A. Holdings, inc.)
NOTES TO FINANCIAL STATEMENTS

1 – ORGANIZATION

Hunter Associates, inc. is a wholly owned subsidiary of H.A. Holdings, inc. (the “Parent”). The Company was incorporated in December 1999 and was organized under the laws of the Commonwealth of Pennsylvania.

The Company operates as a securities broker-dealer, registered with the Financial Industry Regulatory Authority (“FINRA”) and as an investment advisor registered with the Securities and Exchange Commission (“SEC”). The Company executes principal (proprietary) and agency (customer) securities transactions and provides other investment services.

2 – SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Hunter Associates, inc. are presented on the accrual basis of accounting and are prepared in conformity with U.S. generally accepted accounting principles. In order to facilitate the understanding of the data included in the financial statements, summarized below are the more significant accounting policies.

Estimates Used

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that may affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Actual results could differ from those estimates.

Securities Transactions

The Company clears securities transactions through Pershing LLC, a member of the New York Stock Exchange, Inc. and NASDAQ, on a fully disclosed basis. The Company does not carry securities accounts for customers or perform custodial functions relating to customer securities. As such, the Company operates under the (k)(2)(ii) exemptive provisions of SEC Rule 15c3-3.

Securities transactions, together with the related commission revenues and expenses, are recorded on the settlement date basis, generally the third business day following the trade date.

Cash and Cash Equivalents

The Company maintains balances on deposit with financial institutions and its clearing broker. Those organizations are located in Pennsylvania (financial institutions) and New Jersey (clearing broker). Certain of the cash accounts maintained at financial institutions are insured by the Federal Deposit Insurance Corporation up to \$250,000. The cash accounts maintained at the clearing broker are insured by the Securities Investor Protection Corporation up to \$100,000. At certain times during the year, the Company’s cash balances may exceed those limits. The Company has not experienced any losses associated with these accounts.

Investments in securities and securities sold short (if any) traded on a national securities exchange or listed on NASDAQ are valued at the last reported sales price on the primary securities exchange on which securities have traded on the last business day of the year. Investments for which there is a limited market are valued at management's estimate of market value. The resulting difference between cost and market is included in income.

Purchases and sales of securities are recorded on a settlement date basis. Realized gains and losses on security transactions are based on the specific-identification method. Dividends and dividends on securities sold short are recorded when received. Interest on fixed income securities owned is accrued as earned.

At December 31, 2009, the Company's net capital under the uniform net capital rule was approximately \$736,400 which exceeded the minimum capital requirements by approximately \$486,400. NOTES TO FINANCIAL STATEMENTS
(CONTINUED)

**8 – FINANCIAL INSTRUMENTS WITH OFF-BALANCE-SHEET CREDIT RISK AND
CONCENTRATIONS OF CREDIT RISK**

The Company's customer securities activities are transacted on either a cash or margin basis. In margin transactions, the Company extends credit to its customers, subject to various regulatory and internal margin requirements, collateralized by cash and securities in the customers' accounts. In connection with these activities, the Company executes (through its clearing broker) customer transactions involving the sale of securities not yet purchased, substantially all of which are transacted on a margin basis subject to individual exchange regulations. Such transactions may expose the Company to significant off-balance-sheet credit risk in the event the margin requirements are not sufficient to fully cover losses that customers may incur. In the event the customer fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices to fulfill the customer's obligations. The Company seeks to control the risks associated with its customers' activities by requiring customers to maintain margin collateral in compliance with various regulatory and internal guidelines. The Company monitors required margin levels daily, and pursuant to such guidelines, requires the customer to deposit additional collateral or to reduce positions when necessary. At December 31, 2009, the contractual amount of unsettled customer purchases and sales were approximately \$362,400 and \$464,600, respectively. All unsettled trades were closed subsequent to December 31, 2009, with no loss to the Company.

The Company's principal (proprietary) securities transactions are recorded on a settlement date basis. At December 31, 2009, there were no unsettled principal purchases or sales.

The Company's customers are located primarily in Pennsylvania; accordingly, they are subject to the economic environment of this geographic area. Securities owned by the Company are primarily publicly traded corporate stocks. No off-balance-sheet credit risk exists with respect to these securities, and collateral is not obtained.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL REQUIRED BY
SEC RULE 17a-5(g)(1) FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM
SEC RULE 15c3-3**

To the Board of Directors
Hunter Associates, inc.
Pittsburgh, Pennsylvania

In planning and performing our audit of the financial statements of **Hunter Associates, inc.** (the "Company"), a wholly owned subsidiary of H.A. Holdings, inc. for the year ended December 31, 2009, in accordance with U.S. generally accepted auditing standards, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of the Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that the assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with U.S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in the internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with U.S. generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and the related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2009, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, SEC, Financial Industry Regulatory Authority ("FINRA") and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered broker-dealers, and is not intended to be and should not be used by anyone other than these specified parties.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7T with respective cash disbursement records (vendor disbursement records) entries noting no differences;
2. Compared the amounts reported on the audited Form X-17a-5 for the year ended December 31, 2009, as applicable, with the amounts reported in Form SIPC-7T for the year ended December 31, 2009, noting no differences;
3. Compared any adjustments reported in Form SIPC-7T with supporting schedules and working papers (SIPC assessment analysis, 2009 interim financial statements, and Company general ledger account analyses) noting no differences; and
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7T and in the related schedules and working papers (SIPC assessment analysis, 2009 interim financial statements, and Company general ledger account analyses) supporting the adjustments noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
