INDEPENDENT AUDITORS' REPORT

The Board of Directors and Stockholders National Pension & Group Consultants, Inc. Kansas City, Missouri

We have audited the accompanying statement of financial condition of National Pension & Group Consultants, Inc. as of April 30, 2010, and the related statements of income, stockholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of National Pension & Group Consultants, Inc. as of April 30, 2010, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on pages 10-12 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

National Pension & Group Consultants, Inc. (the "Company") was formed in the District of Columbia in 1961 and was registered to do business in the State of Missouri as a foreign corporation in October 1971 with its only office in Kansas City, Missouri. The Company is a registered broker-dealer and is a member of the Financial Industry Regulatory Authority (FINRA), and is registered with the Securities and Exchange Commission (SEC) and various other states. The Company is also registered with the National Futures Association ("NFA") and the Commodity Futures Trading Commission ("CFTC"), and as an investment advisor with the State of Missouri.

The Company primarily conducts a mutual fund business by way of FTJ Fund Choice, LLC., which provides financial services in the nature of investment administration. The Company conducts a minimal variable contract business. The Company is subject to a CFTC minimum net capital requirement of \$45,000, effective July 31, 2006 and operates pursuant to the (k)(1) exemptive provision of SEC Rule 15c3-3. The Company does not clear securities transactions or hold customers' securities or funds. The Company does not require a clearing agent in order to conduct its securities business.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Marketable Securities/Fair Value

As required by the Fair Value Measurements and Disclosures Topic of Financial Accounting Standards Board Accounting Standards Codification (FASB ASC), the Company is required to use a three-tiered fair value hierarchy in determining the fair value for its marketable securities. FASB ASC defines fair value, thereby eliminating inconsistencies in guidance found in various prior accounting pronouncements, and increases disclosures surrounding fair value calculations. It also establishes a three-tiered fair value hierarchy that prioritizes inputs to valuation techniques used in fair value calculations. The three levels of inputs are defined as follows:

Level 1 - Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets accessible by the Company at the measurement date.

Level 2 - Valuations based on inputs that are observable in the marketplace other than those inputs classified as Level 1.

Level 3 - Valuations based on inputs that are unobservable in the marketplace and significant to the valuation.

FASB ASC also requires the Company to maximize the use of observable inputs and minimize the use of unobservable inputs. If a financial instrument uses inputs that fall in different levels of hierarchy, the instrument will be categorized based upon the lowest level of input that is significant to their fair value calculation.

YEAR ENDED APRIL 30, 2010

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Investment in NPGC Fund Limited Partnership

The Company is the managing general partner in NPGC Fund Limited Partnership ("NPGC Fund, LP"), a commodity pool, which trades in futures, options and related contracts. NPGC Fund, LP utilizes MF Global as its clearing agent for these trades. The Company owned approximately 42.2 units (approximately 2%) of NPGC Fund, LP as of April 30, 2010. The Company marks to market its units on a monthly basis, based on the performance of the commodity pool, with the unrealized gains and losses included in the statement of income. Summarized financial information for NPGC Fund, LP as of and for the year ended December 31, 2009 (the most recent audited financial statements), is as follows:

Assets Liabilities	\$ 9,090,585 (32,212)
Partner's equity	\$ 9,058,373
Investment income (loss) Operating expense	\$ (140,314) (339,966)
Net loss	\$ (480,280)

Income Taxes

The Company elected under Section 1372(a) of the Internal Revenue Code to be treated as an S corporation. Accordingly, the Company is not subject to federal income taxes as all income, deductions, credits, etc. are taxable to the shareholder. Therefore, no provisions for income taxes has been made in these financial statements. The Company is required to make certain deposits to the Internal Revenue Service due to its election of a fiscal year-end versus a calendar year-end.

As required by the Income Taxes-Overall-Recognition Topic of the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC), the Company is required to disclose unrecognized tax benefits as a result of tax positions taken during a prior period. FASB ASC also requires the Company to recognize any interest and penalties associated with its tax positions. Management has evaluated the tax positions the Company has taken in the prior year and determined that there are no unrecognized tax benefits to be recorded in 2009-10.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

APRIL 30, 2010

(2) RELATED PARTY TRANSACTIONS

The Company is an affiliate of American Service Life Insurance Company ("ASLIC"), Fidelity Security Life Insurance Company ("FSLIC"), Forrest T. Jones & Company, Inc. ("FTJ"), Forrest T. Jones Consulting Company, Inc., and FTJFundChoice, LLC (a registered investment advisor), in all of which Richard F. Jones has an equity interest. FTJ performs management and accounting services. Also, some of the transactions recorded in the Company's financial statements reflect the intercompany billings based on allocation of common costs.

In 1999, the Company entered into an affiliation agreement with FSLIC and FTJ for the purpose of selling FSL Flexible Premium Variable Annuity contracts offered by FSLIC. Pursuant to this agreement, the Company serves as the distributor for the variable annuity insurance contracts. Commissions are paid to FTJ or its designates based on the percentage of sales and contract value in accordance with the instructions received from FTJ. FTJ has remitted its commissions on the variable annuity insurance contracts distributed by the Company. Accordingly, the Company has included a total of \$59,955 of commissions received from the sale of the variable annuity insurance contracts in commission revenue in the statement of income for the year ended April 30, 2010.

The Company performs management and investment services for NPGC Fund, LP. A management fee of .125% per month of the month-end net asset value is received by the Firm (one and one-half percent per year). These fees were \$144,828 in 2009-10. The Company pays an annual management fee to one of its principal officers equal to 50% of certain income less the related expenses. The management fee incurred under the agreements amounted to \$54,107 for the year ended April 30, 2010.

As General Partner of NPGC Fund, LP, the Company also receives an incentive fee equal to 5% of net new trading profits each quarter. Net new trading profits, for purpose of calculating the General Partner's incentive fee, is the net new increase in net asset value of NPGC Fund, LP, adjusted for additions and withdrawals, as compared to the prior month's highest net asset value. The Company received no incentive fees in 2009-10.

The Company receives 12b-1 fees and related administrative income, which are remitted to its affiliate, FTJFundChoice, LLC for certain administrative services. The amount of such fees included in the accompanying statement of income as both 12b-1 and administrative revenue and offsetting expense amounted to \$1,863,925 for both 12b-1 fees and \$608,377 for administrative costs.

The Company reimburses, FTJ, for its share of general and administrative costs in the form of a management fee which amounted to \$86,908 for the year.

(3) FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK AND CONCENTRATION OF CREDIT RISK

NPGC Fund, LP utilizes derivative financial statements, primarily futures contracts, but also including options, foreign currency forwards, and related contracts for trading purposes. Such contracts are carried at fair value, generally based on quoted market prices, with unrealized gains and losses included in the statement of income.

APRIL 30, 2010

(3) FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK AND CONCENTRATION OF CREDIT RISK, Continued

Futures, forwards, and similar contracts provide for the delayed delivery of the underlying instrument. As a writer of options, NPGC Fund receives a premium in exchange for giving the counter-party the right to buy or sell the underlying commodity or security at a future date at a contracted price. The contractual amounts related to these financial instruments reflect the volume and activity and do not reflect the amounts at risk. Futures contracts are executed on an exchange. Cash settlement is made on a daily basis for market movements. Accordingly, futures contracts generally do not have credit risk. The credit risk for forward contracts is limited to the unrealized market valuation gains/losses. Market risk is substantially dependent upon the value of the underlying financial instruments and is affected by market forces such as volatility and changes in interest and foreign exchange rates.

NPGC Fund, LP accounts are carried by MF Global, a clearing agent. The agreement between the Company and MF Global stipulates that all losses resulting from the NPGC Fund, LP's customers' inability to fulfill their contractual obligations are the responsibility of the Company. The settlement of open transactions as of April 30, 2010, is not expected to have a material adverse effect on the Company's financial statements.

((4) CLASS B COMMON STOCK

The Company has authorized 1,000 shares of Class B non-voting common stock of which no shares have been issued.

(5) CONCENTRATION OF CASH IN BANK

The Company may, from time to time, have bank balances in excess of the amount insured by the Federal Deposit Insurance Corporation. The Maximum amount insured by the Federal Deposit Insurance Corporation currently is \$250,000.

(6) SECURITIES OWNED AT MARKET VALUE

The Company holds securities available for sale which are stated at fair market value as of April 30, 2010 (Level 1 in the hierarchy established by current standards). These securities are listed on national exchanges and the fair value is determined based on published market prices. At April 30, 2010, the securities had a market value of \$6,300 with cumulative gross unrealized losses of approximately \$3,700.

(7) NET CAPITAL

The Company maintains a minimum net capital of \$5,000 pursuant to SEC Rule 15c3-1(a)(2)(vi) of the Net Capital rule. To comply with the CFTC regulations and NFA Rules, the Company has a minimum required net capital of \$45,000. The ratio of aggregate indebtedness to net capital cannot exceed 15 to 1. Net capital and the related net capital ratio fluctuate on a daily basis. As of April 30, 2010, the net capital was \$412,982, which exceeded the required minimum capital of \$45,000 by \$367,982, and the net capital ratio was .67 to 1.

REPORT ON INTERNAL ACCOUNTING CONTROL

The Board of Directors National Pension & Group Consultants, Inc. Kansas City, June 14, 2010

In planning and performing our audit of the financial statements of National Pension & Group Consultants, Inc. (the Company) as of and for the year ended April 30, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computation of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
- 2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate an inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at April 30, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934, in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

GENERAL ASSESSMENT RECONCILIATION

YEAR ENDED APRIL 30, 2010

(With Independent Accountants' Report On Applying Agreed-Upon Procedures)

The Board of Directors National Pension & Group Consultants, Inc. Kansas City, Mo. 64111

Dear Board Members:

In accordance with Rule 17a-5(e)(4) of the Securities and Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments to the Securities Investor Protection Corporation (SIPC) for the year ended April 30, 2010, which were agreed to by National Pension & Group Consultants, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and SIPC solely to assist you in evaluating National Pension and Group Consultants, Inc.'s compliance with Rule 17a-5(e)(4). National Pension & Group Consultants, Inc.'s management is responsible for their compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below, either for the purpose for which this report has been requested or for any other purpose. The procedures we performed are as follows:

- 1. Compared the listed assessment payments with respective cash disbursement record entries, noting no exceptions;
- Compared amounts reported on the audited Form X-17A-5 for the year ended April 30, 2010, with the amounts reported in the General Assessment Reconciliation (Form SIPC-7) for the year ended April 30, 2010, noting no exceptions;
- 3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, noting no exceptions;
- 4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting adjustments, noting no exceptions.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
