#### TO CAMPBELL LUTYENS & CO. INC.:

We have audited the accompanying statement of financial condition of Campbell Lutyens & Co. Inc., (the "Company") as of April 30, 2010, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. The statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

(the "Company") is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company is incorporated in the State of Delaware and is a wholly-owned subsidiary of Campbell Lutyens Holdings Ltd (the "Parent"). The Company assists the Parent in a single line of business as a broker-dealer raising capital for private equity firms and investment managers and providing related specialized financial services. An affiliated company pays the Company fees which reflect value the Company provides to the affiliated company in the normal course of business. **Basis of Presentation -** The financial statements are presented in accordance with accounting principles generally accepted in the United States of America. The financial statements are presented in U.S. Dollars.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Revenue Recognition** - The Company earns revenue through a revenue sharing arrangement with affiliated companies which charges a fee for raising capital for private equity firms and investment managers and provides related specialized financial services to third party clients. **Property and Equipment** - Comprises furniture and computer equipment which are reported at cost, net of accumulated depreciation. Depreciation is provided for furniture and computer equipment on a straight-line basis over the estimated useful life of the assets.

**Income Taxes** - The amount of current taxes payable or refundable is recognized as of the date of the financial statements, utilizing currently enacted tax laws and rates. Deferred income tax assets and liabilities are recognized for the estimated future tax consequences attributable to temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. These assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to reverse.
