## Independent Auditor's Report

Board of Directors  
BKD Insurance, L.L.C.  
Springfield, Missouri

We have audited the accompanying statement of financial condition of BKD Insurance, L.L.C. (the Company) as of May 31, 2010 and the related statements of operations, changes in member's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of BKD Insurance, L.L.C. as of May 31, 2010, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The accompanying notes are an integral part of the financial statements.

**BKD INSURANCE, L.L.C.**  
**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**  
**May 31, 2010**

BKD Insurance, L.L.C. (the Company), is a Missouri limited liability company whose primary business is to receive insurance commissions for fixed insurance products and commission overrides on variable insurance products as an “override broker/dealer” from an unaffiliated broker/dealer. The clients of the Company are primarily those of BKD, L.L.P. (the sole member). The Company’s fiscal year ends on May 31. Significant accounting policies followed by the Company are presented below.

**USE OF ESTIMATES IN PREPARING FINANCIAL STATEMENTS**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**REVENUE RECOGNITION**

The Company recognizes insurance commissions upon sale of the insurance product, which is when the customer has signed the related policy and it has been accepted by the insurance company.

**INCOME TAXES**

Since the Company is a limited liability company, it is not subject to federal, state, and local income taxes and, accordingly, no provision for income taxes is required. The sole member includes net income or loss in its income tax returns. The Company is no longer subject to U.S. federal or state income tax examinations by tax authorities for years beginning before June 1, 2007.

**NEW ACCOUNTING STANDARDS**

On June 29, 2009, the Financial Accounting Standards Board (FASB) issued Accounting Standards Codification (ASC) 105-10 which establishes the Codification as the source of authoritative generally accepted accounting principles (GAAP) recognized by the FASB to be applied to nongovernmental entities. Rules and interpretive releases of the Securities and Exchange Commission (SEC) under federal laws are also sources of authoritative GAAP for SEC registrants. All guidance contained in the Codification carries an equal level of authority. Accounting Standard Updates issued after the effective date of this update will not be considered authoritative in their own right. Instead, the Accounting Standard Updates will serve only to update the Codification, provide background information about the guidance, and provide the basis for conclusions on the change(s) in the Codification. After the effective date of this statement, all non-grandfathered non-SEC accounting literature not included in the Codification is superseded and deemed non-authoritative. The Codification also changes the way that U.S. GAAP is referenced. ASC 105-10 is effective for interim and annual reporting periods after September 15, 2009 (effective May 31, 2010 for the Company). There was no material impact to the Company from the adoption of this update.

**BKD INSURANCE, L.L.C.**  
**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**  
**May 31, 2010**

**NEW ACCOUNTING STANDARDS (continued)**

On May 28, 2009, the FASS issued ASC 855-10 which establishes general standards of accounting for and disclosure of events that occur after the balance sheet date. But before the financial statements are issued or available to be issued. The statement sets forth the period after the balance sheet date during which management should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements. The circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements, and the required financial statements disclosures. In addition, the statement requires disclosure of the date through which an entity has evaluated subsequent events and the basis for the date. That is, whether the date represents the date the financial statements were issued or available to be issued. This update is effective for interim or annual financial periods ending after June 15, 2009. There was no material impact to the Company from the adoption of ASC 855-10.

On June 1, 2009, the Company adopted the FASB's new accounting requirements for accounting for uncertain tax positions. Under these new requirements, a tax position that meets the more-likely-than-not recognition threshold is initially and subsequently measured as the largest amount of tax benefit that has a greater than 50 percent likelihood of being realized upon settlement with a taxing authority that has full knowledge of all relevant information. The Company determined that it was not required to record a liability for unrecognized tax benefits as a result of implementing the new requirements.

This information is an integral part of the accompanying financial statements.

**BKD INSURANCE, L.L.C.**  
**NOTES TO FINANCIAL STATEMENTS**  
**May 31, 2010**

**NOTE 1 - RELATED PARTY TRANSACTIONS**

The Company has an agreement with its sole member in which the member pays substantially all of the expenses of the Company and is reimbursed by the Company monthly or the payments are accounted for as member contributions to the Company.

The Company paid the member facility and overhead expenditures and fees for accounting and administrative services received from the member totaling \$9,048 for the year ended May 31, 2010.

**NOTE 2 - NET CAPITAL REQUIREMENTS**

The Company is subject to the Securities and Exchange Commission uniform net capital rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.

At May 31, 2010, the Company had net capital of \$116,184 which is in excess of the \$5,000 requirement under rule 15c3-1 and a net capital ratio of 0 to 1.

**NOTE 3 - SIGNIFICANT CONCENTRATION**

The Company receives a commission for the majority of its insurance sales pursuant to an agreement with Schwartz Benefit Services, Inc. Of the Company's revenue for the year ended May 31, 2010, \$839,266 related to commissions received from Schwartz Benefit Services, Inc.

**NOTE 4 - SUBSEQUENT EVENTS**

Management evaluated subsequent events through July 27, 2010, the date the financial statements were available to be issued. Events or transactions occurring after May 31, 2010, but prior to July 27, 2010 that provide additional evidence about conditions that existed at May 31, 2010, have been recognized in the financial statements for the year ended May 31, 2010. Events or transactions that provided evidence about conditions that did not exist at May 31, 2010 but arose before the financial statements were available to be issued have not been recognized in the financial statements for the year ended May 31, 2010.

This information is an integral part of the accompanying financial statements.

Broker - dealer is exempt from Rule 15c3-3. There were no security transactions during fiscal year 2010.

Board of Directors  
BKD Insurance, L.L.C.  
Springfield, Missouri

In planning and performing our audit of the financial statements of BKD Insurance, L.L.C. (the Company), as of and for the year ended May 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at May 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
