## Independent Auditor's Report

Board of Directors  
Bryan Funding, Inc.  
Canonsburg, PA 15317

We have audited the accompanying statement of financial condition of Bryan Funding, Inc. as of June 30, 2010 and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Bryan Funding, Inc. as of June 30, 2010 and the results of their operations and their cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in Schedules I and II is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## BRYAN FUNDING, INC.

### NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

#### Formation of Company

The Company was formed on May 21, 1981. The principal activity of the Company is to be a broker/dealer for the sale of oil and gas interests and securities.

#### Significant Accounting Policies

Commission revenue is recognized when rendered and related expenses are recorded when incurred. Commission income and expense from customers' security transactions on introduced accounts are recorded on a trade date basis.

#### Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Income Taxes

The Company adopted the provisions of Accounting Standards Codification Topic 740 (ASC 740) (formerly FIN 48) on July 1, 2009. The adoption of ASC 740 resulted in no change to the financial statements. The Company continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law, and new authoritative rulings. The Company policy is to recognize accrued interest and penalties associated with uncertain tax positions as part of the income tax provision. As of July 1, 2009 and for the year ended June 30, 2010, there were no uncertain tax positions and therefore no accrued interest and penalties were recorded.

The Company files income tax returns in the U.S. federal jurisdiction, and also in the state of Pennsylvania. The tax returns prior to fiscal year 2007 are closed.

The current income tax included on the accompanying financial statements is \$955 and \$594 for federal and state taxes, respectively. The company has no deferred income taxes due as of June 30, 2010.

Expected income tax expense at the U.S. statutory tax rate	\$ 1044	15.0%
The effect of:		
State taxes, net of federal deduction	606	8.7
Prior year adjustment – state tax	<u>(101)</u>	<u>(1.5)</u>
	<u>\$ 1,549</u>	<u>22.2%</u>

## **BRYAN FUNDING, INC.**

### **NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2010**

#### **Accounts Receivable**

Accounts receivable shown on the accompanying financial statement represents 12B-1 fees due from the mutual fund companies. Also included is a receivable from Bryan Management, LLC for commissions from sale of limited partnership interests.

#### **Related Party Transactions**

The Company paid commissions of \$ 24,000 to Richard Bryan during the fiscal year ending June 30, 2010 and has a payable of \$ 33,000 due him at June 30, 2009. Richard Bryan is the sole owner of Bryan Funding, Inc. The Company also has a receivable for commissions of \$24,600 from Bryan Management, LLC as of June 30, 2010. No commissions were paid during the year from Bryan Management, LLC. Bryan Management, LLC is 100% owned by Richard Bryan.

#### **Net Capital Requirements**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (see rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the “applicable” exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At June 30, 2010, the Company had net capital of \$48,386, which was \$43,386 in excess of its required net capital of \$5,000. The Company’s ratio of aggregate indebtedness to net capital ratio was 1.5 to 1.

The Company is exempt from the Customer Protection Reserves and Custody of Securities Requirement Rule 15c3-3, under the exemptive provision provided by section (k)(1).

#### **Fair Value of Financial Instruments**

The Company’s financial instruments include cash and cash equivalents, accounts receivable, accounts payable. Because of their short maturity, the carrying amounts of cash and cash equivalents, accounts receivable, and accounts payable approximate fair value.

#### **Subsequent Events**

Management has evaluated subsequent events through August 16, 2010, the date on which the financial statements were available to be issued.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL  
REQUIRED BY SEC RULE 17a-5**

Board of Directors  
Bryan Funding, Inc.

In planning and performing our audit of the financial statements and supplemental schedules of Bryan Funding, Inc. for the year ended June 30, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g) (1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)11 and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of the Federal Reserve Regulation T of The Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above. In addition, no facts came to our attention which indicated that the exemptive provisions of the rule 15c3-3(k) (2) (i) was not complied with during the year ended June 30, 2010.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at June 30, 2009, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC and the Financial Industry Regulatory Authority and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than those specified parties.
