Report of Independent Public Accountants

To the Member
Mediobanca Securities USA, LLC

We have audited the accompanying statement of financial condition of Mediobanca Securities USA, LLC (a limited liability company and wholly-owned subsidiary of Mediobanca - Banca di Credito Finanziario S.P.A) as of June 30, 2010, and the related statements of operations, changes in member's equity, changes in subordinated borrowings and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mediobanca Securities USA, LLC as of June 30, 2010, and its results of operations and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 9 to the financial statements, the Company is economically dependent on its Parent.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MEDIOBANCA SECURITIES USA, LLC

NOTES TO FINANCIAL STATEMENTS

Note 1 - Business and summary of significant accounting policies:

Business:

Mediobanca Securities USA, LLC (the "Company"), a wholly-owned subsidiary of Mediobanca - Banca di Credito Finanziario S.P.A. (the "Parent"), was formed as a Delaware limited liability company on August 23, 2006. The Company is registered with the Securities and Exchange Commission (the "SEC"), the Financial Industry Regulatory Authority (the "FINRA"), and the Securities Industry Protection Corporation ("SIPC") to conduct its operations as an introducing broker of equity securities that will solicit business primarily in Italian securities traded on the Milan Stock Exchange, and may occasionally seek business for stocks traded on European and other exchanges.

The Company has an agreement (the "Agreement") with the Parent, in which the Parent will act as the Company's clearing broker dealer. The Parent is a member of various stock exchanges and is subject to the rules and regulations of such organizations.

The accompanying financial statements have been prepared from the separate records maintained by the Company and, due to certain transactions and agreements with affiliated entities, such financial statements may not necessarily be indicative of the financial condition that would have existed or the results that would have been obtained from operations had the Company operated as an unaffiliated entity.

The Company solicits and accepts orders from its customers for the purchase and sale of foreign securities, primarily Italian securities, with such transactions being executed by the Parent. The clearance and settlement of the trades occur through a direct transfer of funds and securities between the Company's customers and the Parent. Accordingly, the Company is exempt from registration for foreign broker-dealers transacting foreign securities in the United States with United States customers pursuant to the provisions of Rule 15a-6(a)(3).

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

MEDIOBANCA SECURITIES USA, LLC

NOTES TO FINANCIAL STATEMENTS

Note 1 - Business and summary of significant accounting policies (continued):

Securities transactions and valuations:

Securities transactions and related commission revenue and expenses associated with customer transactions are recorded on a trade-date basis.

Research fee income:

Revenue from research fees is recognized as the services are performed or delivered. The Company regularly assesses the financial strength of its customers. Periodically, the Company evaluates its accounts receivable and provides for an allowance for doubtful accounts equal to the estimated uncollectible amounts. The Company's estimate is based on a review of the current status of the individual accounts receivable. At June 30, 2010, no allowance for doubtful accounts was deemed necessary.

Cash equivalents:

Cash equivalents, if any, are investments in money market funds and investments with maturities of 90 days or less when purchased. There are no cash equivalents at June 30, 2010.

Furniture, equipment and leasehold improvements:

Furniture and equipment are carried at cost. Depreciation is provided using the straight-line method over the assets' estimated useful lives of five to seven years.

Leasehold improvements are carried at cost. Amortization is provided using the straight-line method over the lease term.

Income taxes:

The Company has elected to be taxed as a corporation and files separate income tax returns. The Company accounts for income taxes pursuant to the asset and liability method which requires deferred tax assets and liabilities to be computed for temporary differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the temporary differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized.

The Company adopted the new accounting rules for uncertainty in income taxes on July 1, 2009. The adoption of that guidance did not result in the recognition of any unrecognized tax benefits and the Company has no unrecognized tax benefits at June 30, 2010. The Company's U.S. Federal and state income tax returns since inception are subject to review by the respective tax authorities. Management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

MEDIOBANCA SECURITIES USA, LLC

NOTES TO FINANCIAL STATEMENTS

Note 1 - Business and summary of significant accounting policies (concluded):

Income taxes (concluded):

The Company recognizes interest and penalties associated with tax matters, if applicable, as part of other expenses and includes accrued interest and penalties in accrued expenses in the statement of financial condition. The Company did not recognize any interest or penalties associated with tax matters for the year ended June 30, 2010.

Stock-based compensation:

The Parent allocates to the Company its portion of stock-based compensation. The fair value-based method of accounting prescribed by stock compensation accounting standards is used for the employee stock option program. Under stock compensation accounting standards, compensation expense related to the stock option program is determined based on the estimated fair value of options granted.

Credit risk:

The Company is exposed to off-balance sheet risk of loss on transactions during the period from the trade date to the settlement date, which is generally three business days.

The Company maintains cash deposits with banks and brokers. At times, such deposits exceed Federal or other applicable insurance limits. As of June 30, 2010, the Company has cash deposits that exceed insured limits by approximately \$2,698,000.

Subsequent events:

The Company has evaluated subsequent events through August 27, 2010, which is the date the financial statements were available to be issued.

Note 2 - Related party transactions:

The Company has commission and expense sharing agreements with the Parent. These agreements provide for 10% of the commission generated by the Company to be allocated to the Parent, with the residual 90% allocated to the Company. The allocation of commissions to the Parent serves as reimbursement for certain operating expenses relating to the Company's broker-dealer activities including transaction clearance and settlement, research, administration services and information services. As the customers are customers of the Parent, and predominantly conduct their business directly with the Parent, the Company records commission income on a net basis. Amounts due from the Parent relating to these commissions have no specified due date.

MEDIOBANCA SECURITIES USA, LLC

NOTES TO FINANCIAL STATEMENTS

Note 3 - Furniture, equipment and leasehold improvements:

Furniture, equipment and leasehold improvements consist of the following:

	Estimated Useful Lives	<u>Amount</u>
Office equipment	5	\$119,429
Office furniture	7	44,697
Leasehold improvements	4	<u>123,820</u>
		287,946
Less accumulated depreciation and amortization		<u>(191,016)</u>
Total		<u>\$ 96,930</u>

Note 4 - Subordinated loan payable to Parent:

In March 2007, the Parent loaned the Company \$2,000,000, and on July 27, 2009, the Parent extended the subordinated loan from the original maturity date of March 12, 2010 to the new maturity date of March 12, 2013, which bears interest at 1.6575% per annum. The loan was approved by FINRA as a subordinated loan pursuant to the provisions of 17 CFR 240.15C3-1d for the computation of the Company's net capital requirements. Interest expense on the loan for the year ended June 30, 2010 was \$24,332. As of June 30, 2010, \$10,221 of interest is unpaid.

Note 5 - Income taxes:

There is no current provision for income taxes due to the deferred tax benefit used for the year ended June 30, 2010. At June 30, 2010, deferred tax assets of approximately \$1,083,000 result primarily from Federal, state and city net operating loss carryforwards of approximately \$877,000 expiring through 2030, unamortized deferred organization and start-up costs of approximately \$859,000, nondeductible interest of approximately \$196,000 and stock-based compensation expense of approximately \$483,000, the benefit of which will not be realized for tax purposes until the granted options are exercised. Due to uncertainties related to, among other things, the extent and timing of future taxable income, the Company recorded a valuation allowance for the full amount of the deferred tax assets at June 30, 2010. This resulted in the increase of the valuation allowance of approximately \$24,000 net of the deferred tax benefit used to offset the current provision for income taxes.

MEDIOBANCA SECURITIES USA, LLC

NOTES TO FINANCIAL STATEMENTS

Note 6 - Commitments:

Leases:

The Company occupies office space under a four year lease agreement expiring on June 1, 2011. Minimum lease payments for the year ending June 30, 2011 are \$137,885.

Employment agreement:

The Company has an employment agreement with an executive that provides for a base salary of \$180,000 and a severance package of up to \$1,280,000. The agreement expires on February 1, 2011.

Note 7 - Employee stock option plan:

On May 18, 2007, certain employees of the Company received options to purchase 115,000 shares of common stock of the Parent, in accordance with its stock option plan. The exercise price of the options, which become fully vested after a 36 month period ("cliff vest"), was equal to the market value of the Parent's common stock on the date of grant in the amount of \$23.43 per share. The options granted expire on May 17, 2015. The Parent has valued the options using the Black-Scholes option pricing model (the "Black-Scholes Model"). The aggregate value of \$344,500 will be charged to operations by the Company over the vesting period with the credit to member's equity.

The Company granted additional options to purchase 100,000 shares of common stock of the Parent to certain employees of the Company on July 1, 2008. These options will expire on June 16, 2016. The exercise price of the options, which become fully vested after 36 months ("cliff vest"), was \$17.42. The aggregate value of these options, which was calculated by the Company using the Black-Scholes Model, was determined to be \$207,323 and will be charged to the Company's operations over the vesting period with the credit to member's equity.

For the year ended June 30, 2010, \$183,942 was charged to operations. At June 30, 2010, accumulated stock option compensation cost charged to expense was \$482,715 and compensation cost of \$69,108 had not yet been recognized on nonvested awards. The amount will be charged to operations over the remaining vesting periods of 12 months and 24 months.

As of June 30, 2010, all options remained outstanding and none were vested and exercisable.

MEDIOBANCA SECURITIES USA, LLC

NOTES TO FINANCIAL STATEMENTS

Note 7 - Employee stock option plan (concluded):

The following table illustrates the assumptions utilized when valuing the option grants using the Black-Scholes Model:

	<u>Grant Date</u>	
	<u>July 1, 2008</u>	<u>May 18, 2007</u>
Expected volatility	25.30%	17.50%
Expected dividends	6.19%	4.57%
Expected term (in years)	5.5	5
Risk-free rate	4.41%	4.50%

The Company does not expect any forfeitures.

Note 8 - Employee benefit plan:

Effective August 23, 2006, the Company established a 401(k) profit sharing plan, which allows for contributions by employees up to a defined amount of the employees' compensation, subject to statutory limitations. For plan years beginning on and after July 1, 2007, the Company will contribute 3% of the participating employees' compensation. Employer contributions for the year ended June 30, 2010 were \$106,338.

Note 9- Economic dependency:

The Parent is committed to support the Company in obtaining additional financing as may be necessary to meet its obligations at least through July 1, 2011. Accordingly, the Company is economically dependent on its Parent in order to continue its operations.

Note 10- Net capital requirement:

The Company is subject to the SEC uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At June 30, 2010, the Company has net capital of \$1,938,735 which is \$1,838,735 in excess of its calculated minimum net capital of \$100,000. The Company's net capital ratio is 0.43 to 1.

MEDIOBANCA SECURITIES USA, LLC

NOTES TO FINANCIAL STATEMENTS

Note 11- Indemnifications:

In the normal course of its business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connection with their acting as agents of, or providing services to, the Company or its affiliates. The Company also indemnifies some clients against potential losses incurred in the event specified third-party service providers, including sub-custodians and third-party brokers, improperly execute transactions. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the accompanying financial statements for these indemnifications.

Note 12- Subsequent event:

On August 2, 2010, the Company granted additional options to purchase 70,000 shares of common stock of the Parent to certain employees of the Company. These options will expire on August 1, 2018. The exercise price of these options, which become fully vested after 36 months ("cliff vest"), is \$6.54.

MEDIOBANCA SECURITIES USA, LLC

**SCHEDULE I - COMPUTATION OF NET CAPITAL UNDER RULE 15c3-1
OF THE SECURITIES AND EXCHANGE COMMISSION
JUNE 30, 2010**

Net capital:	
Total member's equity	<u>\$ 289,393</u>
Liabilities subordinated to claims of general creditors allowable in computation of net capital	<u>2,000,000</u>
Deduct nonallowable assets:	
Commissions receivable from Parent	173,689
Accounts receivable	34,456
Prepaid expenses	7,885
Furniture, equipment and leasehold improvements, net of depreciation and amortization	96,930
Security deposit	<u>37,698</u>
Total	<u>350,658</u>
Net capital	<u><u>\$ 1,938,735</u></u>
Aggregate indebtedness:	
Total liabilities	\$ 2,841,236
Less: subordinated borrowings	<u>2,000,000</u>
Aggregate indebtedness	<u><u>\$ 841,236</u></u>
Computation of basic net capital requirement:	
Net capital requirement (greater of 6-2/3% of aggregate aggregate indebtedness or \$100,000 minimum dollar net capital requirement)	<u><u>\$ 100,000</u></u>
Excess of net capital	<u><u>\$ 1,838,735</u></u>
Excess net capital at 1,000%	<u><u>\$ 1,854,611</u></u>
Ratio of aggregate indebtedness to net capital	<u><u>0.43 to 1</u></u>

There is no material difference between the above computation and the computation included in the Company's corresponding unaudited FOCUS Report as of June 30, 2010.

See Report of Independent Public Accountants.

MEDIOBANCA SECURITIES USA, LLC

**SCHEDULE II – COMPUTATION FOR DETERMINATION OF
RESERVE REQUIREMENTS AND INFORMATION RELATING TO
POSSESSION OR CONTROL REQUIREMENTS UNDER RULE 15c3-3 OF THE
SECURITIES AND EXCHANGE COMMISSION
JUNE 30, 2010**

The Company claims exemption from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934, in that the Company's activities are limited to those set forth in the conditions from exemptions appearing in paragraph (k)(2)(i) of the Rule.

See Report of Independent Public Accountants.

**Report of Independent Public Accountants on Internal Control
Required by Securities and Exchange Commission Rule 17a-5**

To the Member
Mediobanca Securities USA, LLC

In planning and performing our audit of the financial statements of Mediobanca Securities USA, LLC (the "Company") as of and for the year ended June 30, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11), and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, the Company's practices and procedures, as described in the second paragraph of this report, were adequate at June 30, 2010 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

**Report of Independent Public Accountants
on Applying Agreed-Upon Procedures
Related to an Entity's SIPC Assessment Reconciliation**

To the Member
Mediobanca Securities USA, LLC

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying General Assessment Reconciliation (Form SIPC-7) of Mediobanca Securities USA, LLC (the "Company") for the year ended June 30, 2010, which were agreed to by the Company and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and Securities Investor Protection Corporation, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement record entries in the Company's detailed general ledger noting no differences;
2. Compared the Total Revenue amounts of the audited Form X-17A-5 for the year ended June 30, 2010 with the amounts reported in Form SIPC-7 for the year ended June 30, 2010 noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences; and
5. Read line 2C on page 1 of Form SIPC-7 and observed there was no overpayment relating to the SIPC-6 assessment which was applied against the current assessment.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
