INDEPENDENT AUDITOR'S REPORT

To the Stockholders of  
Diamant Investment Corporation  
Greenwich, Connecticut

We have audited the accompanying statement of financial condition of Diamant Investment Corporation (the "Company") as of June 30, 2010, and the related statements of operations, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Diamant Investment Corporation as of June 30, 2010, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DIAMANT INVESTMENT CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010

NOTE 1 – NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Diamant Investment Corporation, (the “Company”) was incorporated on November 18, 1974 in the State of Connecticut. The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA).

The Company self clears and handles its transactions through the facilities of the National Securities Clearing Corporation, Depository Trust Company and Lakeside Bank.

A substantial portion of the customer securities are held in trust by the Depository Trust Company and Lakeside Bank. Physical possession of certain customers securities are held by the Company.

Cash and Cash Equivalents

The Company considers cash and cash equivalents to be highly liquid investments, with original maturities of three months or less.

Restricted Cash

Restricted Cash has been segregated in a special reserve bank account for the benefit of customers under Rule 15c3-3 of the SEC.

Customer Payable

Customer payable includes amounts due on security transactions that will be paid by the Company from the restricted cash accounts.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

DIAMANT INVESTMENT CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010

NOTE 1 – NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Property and Equipment

Property and equipment consists of automobiles, furniture, fixtures and equipment at cost and includes expenditures for major items. Maintenance, repairs and minor replacements are expensed. Depreciation is calculated under accelerated methods based on expected useful lives of 5 years for all assets.

Income Taxes

The Company is organized as a C corporation and reports its taxable income and/or losses. Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted income tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in income tax rates is recognized in income of the period that includes the enactment date. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. The Company has adopted a calendar year, January 1 to December 31, 2009, period for purposes of income tax reporting.

The provision for income taxes includes federal and state income taxes currently payable or refundable and the change in the deferred income taxes resulting from differences between the financial statement and tax basis of assets and liabilities during the year.

Uncertain Tax Positions

The Company adopted the authoritative guidance included in ASC 740 on accounting for and disclosure of uncertain tax positions. The Company recognizes the benefits of uncertain tax positions only when the position is "more likely than not" to be sustained in the event of examination by tax authorities. The maximum tax benefit recognized is limited to the amount that is more than 50% likely to be realized upon ultimate settlement with the taxing authorities.

Revenue Recognition

The Company records trading gains and losses and related revenues and expenses on a settlement date basis.

Commissions are recorded when earned which is normally the date the trade settles.

DIAMANT INVESTMENT CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES  
(continued)

Revenue Recognition (continued)

Affiliate administrative fees are recorded as revenue at the time the services are completed.

Fair Value Measurements

The Company records its financial assets and liabilities at fair value. The accounting standard for fair value provides a framework for measuring fair value, clarifies the definition of fair value and expands disclosures regarding fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the reporting date. The accounting standard establishes a three-tier hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value:

*Level 1* – Quoted prices in active markets for identical assets or liabilities.

*Level 2* – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

*Level 3* – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Securities owned are carried at market value as determined by the last reported sales price on the last business day of the fiscal year

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Concentration of Credit Risk

The Company maintains its cash balances in accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes there is little or no exposure to any significant credit risk.

Events Occurring After Reporting Date

The Company has evaluated events and transactions that have occurred between June 30, 2010 and August 23, 2010, which is the date the financial statements were available to be issued for possible disclosure and recognition in the financial statements.

DIAMANT INVESTMENT CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010

NOTE 2 – INVESTMENTS, AT FAIR VALUE

The assets and liabilities that are measured at fair value on a recurring basis and categorized using the three levels of the fair value hierarchy consisted of the following as of June 30, 2010.

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Corporate stocks	\$ 220,879	\$ -	\$ -
Corporate bonds	70,032	-	-
Municipal bonds	144,268	-	-
Non-marketable stock	-	3,159	-
	<hr/>	<hr/>	<hr/>
Total assets	\$ 435,179	\$ 3,159	\$ -

NOTE 3 – PROPERTY AND EQUIPMENT

Property and equipment consist of the following at June 30, 2010:

Automobiles	\$94,367
Furniture, fixtures and equipment	<u>38,222</u>
	132,589
Accumulated depreciation	<u>(77,299)</u>
Net property and equipment	<u>\$55,290</u>

NOTE 4 – COMMITMENTS AND CONTINGENCIES

The Company is committed under a month to month operating lease for office space at \$5,443 per month.

Rent expense charged to operations for the year ended June 30, 2010 was \$44,079.

NOTE 5 – NET CAPITAL REQUIREMENT

The Company is subject to the SEC's Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and a ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.

DIAMANT INVESTMENT CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010

NOTE 5 – NET CAPITAL REQUIREMENT (continued)

At June 30, 2010, the Company had net capital of \$1,187,233, which exceeded the minimum requirement of \$250,000 by \$937,233.

NOTE 6 – RELATED PARTY TRANSACTIONS

The Company has entered into an agreement with an affiliated company, Diamant Asset Management Inc. (the "Affiliate"), to provide management and administrative services. The Affiliate is registered with the SEC. The Company charges the Affiliate for administrative fees. These amounts are included in revenue in the statement of operations in the amount of \$293,565. In addition, \$95,321 was due to the Affiliate as of June 30, 2010 and is included in non-customer accounts payable.

The Company paid interest of \$20,000 to the Company's stockholders as explained in Note 8.

NOTE 7 – PROFIT SHARING RETIREMENT PLAN

The Company has a qualified profit sharing plan whereby contributions are made at the discretion of the Board of Directors. The Company's Board of Directors can elect to have the Company contribute up to 15% of the total compensation of all eligible participants to the profit sharing plan. For the year ended June 30, 2010, the Company contributed \$23,071 to the plan.

NOTE 8 – SUBORDINATED BORROWINGS

The Company has entered into secured demand note collateral agreements, in the amount of \$400,000, with its two stockholders. These agreements bear interest at the rate of 5% per annum and mature on March 31, 2011. Interest expense for the year ended June 30, 2010 was \$20,000.

The subordinated borrowings are available in computing net capital under the SEC's uniform net capital rule. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid.

NOTE 9 – INCOME TAXES

The provision for income taxes consists of the following:

Federal	\$ 8,598
State	<u>2,913</u>
	<u>\$11,511</u>

DIAMANT INVESTMENT CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2010

NOTE 9 – INCOME TAXES (continued)

The Company's effective income tax rate is lower than what would be expected if the federal statutory rate were applied to income before income taxes primarily because of certain expenses deductible for financial reporting purposes that are not deductible for tax purposes. There are no deferred taxes at June 30, 2010.

INDEPENDENT AUDITOR'S REPORT  
ON INTERNAL CONTROL

**INDEPENDENT AUDITOR'S REPORT**  
**ON INTERNAL CONTROL**

To the Stockholders of  
Diamant Investment Corporation  
Greenwich, Connecticut

In planning and performing our audit of the financial statements of Diamant Investment Corporation (the "Company"), as of and for the year ended June 30, 2010 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) and (2) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including consideration on control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred

to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the Company's financial reporting. A *material weakness* is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at June 30, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON  
PROCEDURES RELATED TO AN ENTITY'S SECURITIES INVESTORS  
PROTECTION CORPORATION ASSESSMENT RECONCILIATION

To the Board of Directors of  
Diamant Investment Corporation  
Greenwich, Connecticut

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments to the Securities Investor Protection Corporation (SIPC) for the period from July 1, 2009 to June 30, 2010, which were agreed to by Diamant Investment Corporation (the "Company") and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC (collectively the "Specified Parties"), solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report had been requested or for any other purpose. The procedures were performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records noting no differences;
2. Compared the total revenue amounts of the audited Form X-17A-5 for the year ended June 30, 2010, with the amounts reported in Form SIPC-7 for the period from July 1, 2009 to June 30, 2010 noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting one difference on net gains which should have been \$66,558 not \$115,712; this results in an additional amount owed of \$123.
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by any other than these specified parties.
