## NOTES TO FINANCIAL STATEMENTS

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies is presented to assist in understanding Allied Asset Management, Inc.'s (the Company's) financial statements. The financial statements and notes are representations of the Company's management which is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been applied in the preparation of the financial statements.

#### ORGANIZATION AND NATURE OF BUSINESS

The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company was incorporated on February 15, 1984 and operates as an investment brokerage house in Seattle, Washington. The Company does not hold customer funds or securities in its own accounts. All customer funds received are immediately remitted to the appropriate investment or insurance company. The Company has one employee. #### MARKETABLE SECURITIES

The Company classifies its marketable securities as available for sale and they are carried in the financial statements at fair value. **NOTES TO FINANCIAL STATEMENTS**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**PENSION PLAN**

The Company has a pension plan which is based on Section 408(k) of the Internal Revenue Code. It is the Company's intent to make discretionary contributions limited to the lesser of 25% of each eligible employee's compensation or \$49,000. The Company has elected to not make a contribution for the year ended June 30, 2010.

**STATEMENT OF CASH FLOWS**

For purposes of the statement of cash flows, the company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. Cash paid for interest expense for the year ended June 30, 2010 was none.

**ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**2. SIGNIFICANT ECONOMIC AND GROUP CONCENTRATION OF CREDIT RISK**

As stated in Note 1, the Company receives commissions on behalf of customers. During the year ended June 30, 2010, no individual customer represented more than 5% of commission revenues.

As of June 30, 2010, commissions receivable totaled \$37,794 and were collected within thirty days.

As of June 30, 2010, the Company has no amount in excess of the insurance provided by a government agency.

**3. INCOME TAXES**

The Company files tax returns with the U.S. Federal Jurisdiction (IRS), with the State of Washington Department of Revenue, and with the City of Seattle. The IRS may audit returns within three years after returns are filed. The State of Washington and City of Seattle have four years after the close of the tax year to audit the Company's returns. The Company has not been audited by any of the above Jurisdictions.

The Company accounts for Federal income taxes using the asset and liability method in accordance with Financial Accounting Standards Board (FASB) ASC 740-10, *Income Taxes*.

**ALLIED ASSET MANAGEMENT, INC.**

**NOTES TO FINANCIAL STATEMENTS**

**3. INCOME TAXES (CONTINUED)**

On June 30, 2010, the Company had a net operating loss carry forward of \$2,617 that may be used to offset future taxable income. Net deferred tax assets are to be reduced by a valuation allowance if it is more likely than not that some portion or all of the net deferred tax assets will not be realized. Due to the fact that the Company has shown no history of generating taxable income, the Company established a valuation allowance against its deferred tax assets as of June 30, 2010. The expected tax benefit that would result from applying federal statutory tax rates to the pre-tax income differs from amounts reported in the financial statements because of this valuation allowance.

**CURRENT INCOME TAXES**

Cash paid for income taxes for the year ended June 30, 2010 was \$0. The net operating loss carryforward available is \$2,617 expiring in 2015.

**DEFERRED INCOME TAXES**

Deferred income taxes of \$215 have been provided for the unrealized appreciation of marketable securities as of June 30, 2010.

**4. RELATED PARTY TRANSACTIONS**

The Company and its affiliate, AAM Insurance, Inc., have common ownership and management and share the same office. Common expenses such as rent, office supplies, and telephone are allocated based on the relative revenues of the combined companies. The Company acts as the common paymaster for the payroll and payroll taxes for the combined companies and then allocates the expense. Amount due to the affiliate at June 30, 2010 totaled \$0. All wages are paid to the single owner/employee of the Company. No allowance for accrued compensation absences has been recorded for the single owner/employee as the amount can not be reasonably estimated.

**5. LEASE COMMITMENT**

**REPORT OF INDEPENDENT ACCOUNTANTS  
ON INTERNAL CONTROL REQUIRED BY SEC RULE 17A-5**

Board of Directors  
Allied Asset Management, Inc.  
Seattle, Washington

In planning and performing our audit of the financial statements of Allied Asset Management, Inc. (the Company), as of and for the year ended June 30, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study includes test compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in the following:

1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and the reserve required by rule 15c3-3(e).

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

## PETER SCHILZ & Co.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or combination of control deficiencies, in internal control that is less severe than material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of significant deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statement will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures as described in the second paragraph of this report, were adequate at June 30, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
