- Independent Auditor's Report -

The Board of Directors
Morton Clarke Fu & Metcalf, Inc.
Seattle, Washington

We have audited the accompanying statement of financial condition of Morton Clarke Fu & Metcalf, Inc. as of June 30, 2010 and 2009 and the related statement of income, retained earnings, changes in stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material aspects, the financial position of Morton Clarke Fu & Metcalf, Inc. as of June 30, 2010 and 2009 and the results of its operations, changes in stockholders' equity and its cash flows for the years then ended, in conformity with accounting principles generally accepted in United States of America.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL STRUCTURE
REQUIRED BY SEC RULE 17a-5**

To the Stockholders of
Morton Clarke Fu and Metcalf, Inc.
Seattle, WA

In planning and performing our audit of the financial statements of Morton Clarke Fu and Metcalf, Inc. for the years ended June 30, 2010 and 2009, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by Morton Clarke Fu and Metcalf, Inc. including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exceptive provisions of rule 15c3-3. Because Morton Clarke Fu and Metcalf, Inc. does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by Morton Clarke Fu and Metcalf, Inc. in any of the following:

1. Making quarterly securities examinations, counts, Verifications, and comparisons
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of Morton Clarke Fu and Metcalf, Inc. is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which Morton Clarke Fu and Metcalf, Inc. has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

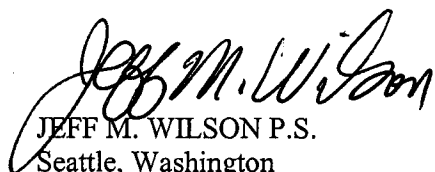

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above, except for:

The size of the business and resultant limited number of employees imposes practical limitations on the effectiveness of those internal control structure procedures that depend on the segregation of duties. Since this condition is inherent in the size of Morton Clarke Fu and Metcalf, Inc., the specific weaknesses are not described herein and no corrective action has been taken or proposed by Morton Clarke Fu and Metcalf, Inc.

The foregoing condition was considered in determining the nature, timing and extent of the procedures to be performed in our audit of the financial statements of Morton Clarke Fu and Metcalf, Inc. for the years ended June 30, 2010 and 2009 and this report does not effect our report thereon dated August 18, 2010.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and regulated regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that Morton Clarke Fu and Metcalf, Inc.'s practices and procedures were adequate at June 30, 2010, to meet the SEC's objectives.

This report is intended solely for the use of management, the SEC, the New York Stock Exchange and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
