Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholder
Onyx Partners, Incorporated
Las Vegas, Nevada

We have audited the accompanying balance sheet of Onyx Partners, Incorporated as of June 30, 2010 and the related statements of operations, stockholder's equity and cash flows for the years ended June 30, 2010 and 2009. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Onyx Partners, Incorporated as of June 30, 2010 and the related statements of operations, stockholder's equity and cash flows for the years ended June 30, 2010 and 2009 in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the schedule on page 12 is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

ONYX PARTNERS, INCORPORATED
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010
(AUDITED)

NOTE 1 – ORGANIZATION

Onyx Partners, Inc., a California corporation, was formed in August 1990 and was granted its registration as a broker-dealer in securities under the Securities Exchange Act of 1934 in December 1991. Onyx Partners, Incorporated (the “Company” or “Onyx”) was qualified as a broker-dealer with the National Association of Securities Dealers (now known as the Financial Industry Regulatory Authority (FINRA)) in May 1993.

In connection with its activities as a broker-dealer, the Company intends to hold no funds or securities for customers, and does not intend to execute or clear customer transactions. Accordingly, it is exempt from provisions of SEC Rule 15c3-3 relating to the physical possession or control of such funds or securities.

The Company is also a registered investment adviser with the California Department of Corporations. For investment adviser purposes, the Company itself holds no funds or securities for customers.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Definition of Fiscal Year:

The Company’s fiscal year is June 30.

Cash and Cash Equivalents:

Cash equivalents consist of highly liquid investments with maturities of three months or less from the date of acquisition. Cash and cash equivalents are on deposit with financial institutions without restrictions.

Fair Value

The fair value of financial instruments classified as current assets or liabilities, including cash and cash equivalents, short-term investments, accounts receivable, and accounts payable and accrued expenses approximate carrying value, principally because of the short maturity of those items.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reported period. Actual results could differ from these estimates.

Concentration of credit risk:

Financial instruments, which potentially subject the Company to concentrations of credit risk, consist primarily of cash. The Company maintains cash balances at financial institutions that may, at times, exceed amounts insured by the Federal Deposit Insurance Corporation.

NOTES TO FINANCIAL STATEMENTS (continued)

(AUDITED)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue Recognition:

Revenue is recognized when earned and realization is reasonably assured.

Property and Equipment:

Property and equipment are stated at cost less accumulated depreciation. Property and equipment are depreciated over the estimated useful lives of the assets on a straight line basis. Estimated useful lives of the assets are between three to seven years.

Property and equipment as of June 30, 2010 consisted of the following:

Furniture and equipment	\$ 160,519
Less accumulated depreciation	<u>(155,637)</u>
Total property and equipment	<u>\$ 4,882</u>

Depreciation expense for the fiscal years ended June 30, 2010 and 2009 was \$596 and \$1,480, respectively.

Basic Earnings Per Share:

Basic earnings per share of common stock were computed by dividing income available to common stockholders (net income, less the preferred stock dividend requirement), by the weighted average number of common shares outstanding for the year. Diluted earnings per share are not presented because the Company has issued no dilutive potential common shares.

Income Taxes:

The Company accounts for income taxes in accordance with accounting guidance now codified as FASB ASC Topic 740, "Income Taxes". This Statement establishes financial accounting and reporting standards for the effects of income taxes that result from an enterprise's activities during the current and preceding years. It requires deferred tax assets be recognized for temporary differences that will result in deductible amounts in future years and for carryforwards. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years.

NOTE 3 – RECENT ACCOUNTING PRONOUNCEMENTS

In April 2010, the FASB issued ASU No. 2010-17, "Revenue Recognition - Milestone Method (Topic 605): Milestone Method of Revenue Recognition" (codified within ASC 605 - Revenue Recognition). ASU 2010-17 provides guidance on defining a milestone and determining when it may be appropriate to apply the milestone method of revenue recognition for research or development transactions. ASU 2010-17 is effective for interim and annual periods beginning after June 15, 2010. The adoption of ASU 2010-17 is not expected to have any material impact on our financial position, results of operations or cash flows.

ONYX PARTNERS, INCORPORATED
NOTES TO FINANCIAL STATEMENTS (continued)
JUNE 30, 2010
(AUDITED)

NOTE 3 – RECENT ACCOUNTING PRONOUNCEMENTS (continued)

In March 2010, the FASB issued ASU No. 2010-11, "Derivatives and Hedging (Topic 815): Scope Exception Related to Embedded Credit Derivatives" (codified within ASC 815 - Derivatives and Hedging). ASU 2010-11 improves disclosures originally required under SFAS No. 161. ASU 2010-11 is effective for interim and annual periods beginning after June 15, 2010. The adoption of ASU 2010-11 is not expected to have any material impact on our financial position, results of operations or cash flows.

In February 2010, the FASB issued Accounting Standards Update 2010-09 (ASU 2010-09), Subsequent Events (Topic 855), amending guidance on subsequent events to alleviate potential conflicts between FASB guidance and SEC requirements. Under this amended guidance, SEC filers are no longer required to disclose the date through which subsequent events have been evaluated in originally issued and revised financial statements. This guidance was effective immediately and we adopted these new requirements for the period ended June 30, 2010. The adoption of this guidance did not have a material impact on our financial statements.

In January 2010, the FASB issued Accounting Standards Update 2010-02, Consolidation (Topic 810): Accounting and Reporting for Decreases in Ownership of a Subsidiary. This amendment to Topic 810 clarifies, but does not change, the scope of current US GAAP. It clarifies the decrease in ownership provisions of Subtopic 810-10 and removes the potential conflict between guidance in that Subtopic and asset derecognition and gain or loss recognition guidance that may exist in other US GAAP. An entity will be required to follow the amended guidance beginning in the period that it first adopts FAS 160 (now included in Subtopic 810-10). For those entities that have already adopted FAS 160, the amendments are effective at the beginning of the first interim or annual reporting period ending on or after December 15, 2009. The amendments should be applied retrospectively to the first period that an entity adopted FAS 160. The Company does not expect the provisions of ASU 2010-02 to have a material effect on the financial position, results of operations or cash flows of the Company.

NOTE 4 – LEASE COMMITMENTS

During fiscal years ended June 30, 2010 and 2009, the Company used office space in Las Vegas, Nevada at no cost. Such costs are immaterial to the financial statements and, accordingly have not been reflected therein. The office space is owned by a non-related party. It has not been determined if this arrangement will continue in future periods.

On December 14, 2007, the Company entered into a three year non-cancelable lease, expiring in December 2010, with monthly payments totaling \$1,172. The following is a schedule of minimum lease payments required under the above operating lease as of June 30, 2010:

Fiscal 2010	14,064
Fiscal 2011	<u>5,860</u>
	<u>\$ 19,924</u>

Lease expense for the fiscal years ended June 30, 2010 and 2009 was \$14,108 and \$14,066, respectively.

NOTE 5 – CAPITAL CONTRIBUTIONS

On July 13, 2009, the sole officer of the Company Andrew J. Astrachan, contributed \$200,000 for the purpose of maintaining minimum net capital requirements as required by a registered Broker Dealer. No common stock was exchanged for the contribution.

NOTE 6 – INCOME TAXES

The Company has losses carried forward for income tax purposes for June 30, 2010 and 2009. There are no current or deferred tax expenses for the period ended June 30, 2010 or 2009 due to the Company's loss position. The Company has fully reserved for any benefits of these losses. The deferred tax consequences of temporary differences in reporting items for financial statement and income tax purposes are recognized, as appropriate. Realization of the future tax benefits related to the deferred tax assets is dependent on many factors, including the Company's ability to generate taxable income within the net operating loss carryforward period.

Management has considered these factors in reaching its conclusion as to the valuation allowance for financial reporting purposes.

ONYX PARTNERS, INCORPORATED
NOTES TO FINANCIAL STATEMENTS (continued)

NOTE 6 – INCOME TAXES (continued)

The provision for refundable federal income tax consists of the following:

	2010	2009
Deferred tax asset attributable to:		
Current operations	\$ (63,846)	\$ (62,676)
Less: Change in valuation allowance	<u>63,846</u>	<u>62,676</u>
Net refundable amount	<u>\$ --</u>	<u>\$ --</u>

The composition of the Company's deferred tax assets as at June 30, 2010 and 2009 is as follows:

	2010	2009
Net operating loss carryforward	<u>\$ (534,207)</u>	<u>\$ (351,790)</u>
Statutory federal income tax rate	35%	35%
Deferred tax asset	(186,972)	(123,127)
Less: Valuation allowance	<u>186,972</u>	<u>123,127</u>
Net deferred tax asset	<u>\$ --</u>	<u>\$ --</u>

The potential income tax benefit of these losses has been offset by a full valuation allowance.

As at June 30, 2010 and June 30, 2009, the Company has an unused operating loss carry-forward balance of approximately \$534,207 and \$351,790 respectively, which begins to expire in 2027.

NOTE 7 – NET CAPITAL REQUIREMENTS

The Company, as a registered broker-dealer in securities, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital, as defined, of no less than the greater of \$100,000 or 6.667% of aggregate indebtedness and a maximum ratio aggregate indebtedness to net capital of 12-to-1. Also in accordance with the Securities and Exchange Commission Uniform Net Capital Rule 17a-11, the Company must maintain 120% of its minimum net capital requirement. At June 30, 2010, the Company has net capital, as defined, of \$149,872 which was in excess of its required net capital by \$49,872. The Company's ratio of aggregate indebtedness to net capital at June 30, 2010 was .00426 to 1 (see schedule I in supplemental information).

***Independent Registered Public Accounting Firm Report
On Internal Accounting Controls Required by SEC Rule 17a-5***

To the Board of Directors
Onyx Partners, Incorporated
Las Vegas, Nevada

In planning and performing our audit of the financial statements and supplemental schedules of Onyx Partners, Incorporated for the year ended June 30, 2010, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by Onyx Partners, Incorporated, including test of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities account for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1) Making the quarterly securities examination, counts, verifications, and comparisons
- 2) Recordation of differences required by Rule 17a-13
- 3) Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity of generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations of internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of the design or operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the standards established by the American Institute of Certified Public Accountants (AICPA). A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level of risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and may not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including internal control activities for safeguarding securities, which we consider to be material weaknesses as defined above.

We understand the practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purpose in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives, in all material respects, indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2010 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Director's, management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority (FINRA), and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used for any other purposes.
