## INDEPENDENT AUDITORS' REPORT

Member  
Grant Thornton Corporate Finance, LLC  
Boston, Massachusetts

We have audited the accompanying balance sheets of Grant Thornton Corporate Finance, LLC as of July 31, 2010 and 2009 and the related statements of income, changes in member's capital, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects the financial position of Grant Thornton Corporate Finance, LLC as of July 31, 2010 and 2009, and the results of its operations and cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

## NOTES TO FINANCIAL STATEMENTS

### YEARS ENDED JULY 31, 2010 AND 2009

#### Note 1 - Summary of Significant Accounting Policies

**Nature of Operations** - The Company was organized on November 30, 2001 and commenced active operations on September 13, 2002. Its principal business activity is to provide investment banking services including advising and managing the sale of private enterprises and non-core subsidiaries or divisions, raising capital and refinancing, advising and managing the acquisition of businesses, and providing strategic options advice primarily in the United States.

**Estimates** - Management uses estimates and assumptions in preparing these financial statements in accordance with U.S. generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

**Cash Equivalents** - Cash equivalents consist of highly liquid investments with original maturities of three months or less.

**Accounts Receivable** - Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable.

Accounts receivable have been reviewed by management and it was determined that there is no requirement for an allowance for doubtful accounts as of July 31, 2010 and 2009, respectively.

**Short-term Investments** - Short-term investments consist principally of U.S. Treasury Bills with maturities between three months and one year. Debt securities that the Company has the ability and intent to hold until maturity are accounted for as held-to-maturity securities and are carried at amortized cost.

**Revenue Recognition** - Commission revenues are recognized on a trade date basis.

**Income Taxes** - The Company does not pay federal and state income taxes on its taxable income. Instead, the member is liable for individual federal and state income taxes on its proportionate share of the Company's taxable income.

Effective August 1, 2009, the Company retroactively changed its method of accounting for income taxes to adopt a recent pronouncement of the Financial Accounting Standards Board. In determining the recognition of uncertain tax positions, the Company now applies a more-likely-than-not recognition threshold and determines the measurement of uncertain tax positions considering the amounts and probabilities of the outcomes that could be realized upon ultimate settlement with taxing authorities. As of July 31, 2010, the Company has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Company is no longer subject to examination by Federal or State tax authorities for years prior to 2006.

**NOTES TO FINANCIAL STATEMENTS**

**YEARS ENDED JULY 31, 2010 AND 2009**

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Concentration of Credit Risk** - Financial instruments which potentially subject the Company to concentration of credit risk consist principally of temporary cash investments and short-term investments. The Company places its temporary cash investments and short-term investments with high credit financial institutions. However, a portion of temporary cash investments may exceed FDIC insured levels from time to time.

**Subsequent Events** - The date to which events occurring after July 31, 2010 have been evaluated for possible adjustment to the financial statements or disclosure is the date of the auditors' report which is the date the financial statements were available to be issued.

**Note 2 - Fair Value Measurement**

Fair value is defined under generally accepted accounting principles as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Company is required to maximize the use of observable inputs, minimize the use of unobservable inputs, and disclose in the form of an outlined hierarchy the details of such fair value measurements. The hierarchy of valuation techniques is based on whether the inputs to fair value measurement are considered to be observable or unobservable in a marketplace. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Company's market assumptions. The hierarchy requires the use of observable market data. When available, these inputs have created the following fair value hierarchy:

Level 1 - Quoted market prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than those included in Level 1. For example, quoted prices for similar assets in active markets or quoted prices for identical assets in inactive markets.

Level 3 - Unobservable inputs reflecting management's own assumptions about the inputs used in estimating the value of the assets.

The following tables present the financial instruments carried at fair value (as described above) as of July 31, 2010 and 2009:

<u>July 31, 2010</u>	<u>Total Fair Value</u>	<u>Fair Value Measurements Using:</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

**STATEMENT REGARDING RULE 15c3-3 OF THE  
SECURITIES AND EXCHANGE COMMISSION**

**JULY 31, 2010**

The Company claims exemption from Rule 15c3-3 of the Securities and Exchange Commission under paragraph (k) (2) (i) of that rule. During the year ended July 31, 2010, the Company was in compliance with the conditions of the exemption.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL STRUCTURE  
REQUIRED BY SEC RULE 17a-5**

Member  
Grant Thornton Corporate Finance, LLC  
Boston, Massachusetts

In planning and performing our audit of the financial statements of Grant Thornton Corporate Finance, LLC (the "Company") as of July 31, 2010 and for the year then ended, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission ("Commission"), we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by the Company that we considered relevant to the objectives stated in Rule 17a-5(g), in the making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3. We did not review the practices and procedures followed by the Company, (1) in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; or (2) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with U.S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

401 Edgewater Place, Suite 300, Wakefield, MA 01880-6208 t. 781.245.9999 f. 781.245.8731 www.tonneson.com

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected timely by employees in the normal course of performing their assigned functions. However, we noted no matters involved in the internal control structure, including procedures for safeguarding securities that we consider to be material weaknesses as defined above. The Company was in compliance with the exemptive provisions of Rule 15c3-3 as of July 31, 2010 and no facts came to our attention indicating that such conditions had not been complied with during the year then ended.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and our study, we believe that the Company's practices and procedures were adequate at July 31, 2010 to meet the Commission's objectives.

This report is intended solely for the information and use of management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON THE SIPC ANNUAL  
ASSESSMENT REQUIRED BY SEC RULE 17a-5**

Member  
Grant Thornton Corporate Finance, LLC  
Boston, Massachusetts

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying General Assessment Reconciliation (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended July 31, 2010, which were agreed to by Grant Thornton Corporate Finance, LLC and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and SIPC solely to assist you and the other specified parties in evaluating Grant Thornton Corporate Finance, LLC's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Grant Thornton Corporate Finance, LLC's management is responsible for the Grant Thornton Corporate Finance, LLC's compliance with those standards. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended July 31, 2010, as applicable, with the amounts reported in Form SIPC-7 for the year ended July 31, 2010, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences; and
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and the use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
