INDEPENDENT AUDITORS' REPORT

The Officers and Directors
Investors Security Company, Inc.
Suffolk, Virginia 23434

We have audited the accompanying statement of financial condition for noncarrying, nonclearing and certain other brokers or dealers of Investors Security Company, Inc. as of August 31, 2010, and the related statements of income (loss), changes in ownership equity and cash flows for the fiscal year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that the audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Investors Security Company, Inc. as of August 31, 2010, and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

In addition, we have examined the computation of net capital. Our reconciliation of the above computation revealed no material differences. In our opinion, this schedule presents fairly the information included therein in conformity with the rules of the Securities and Exchange Commission.

INVESTORS SECURITY COMPANY, INC.
NOTES TO FINANCIAL STATEMENTS
August 31, 2010

NOTE 1. NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Business. The Company, incorporated under the laws of the Commonwealth of Virginia in August, 1964, is a broker-dealer of investment securities. All transactions are fully disclosed. The corporate office is located in Suffolk, Virginia.

Accounting Method. The Company uses the accrual basis of accounting for financial statement and income tax purposes. It is subject to regulation by the Securities and Exchange Commission and by the Financial Industry Regulatory Authority, and it follows accounting and record keeping policies established by those agencies. Transactions with brokers and customers are recorded as of the trade date rather than the settlement date. Inventories of securities and investments are stated at market value. The Company depreciates office furniture and equipment over a ten (10) year life, Straight-Line method for assets acquired before January 1, 1981. Assets acquired since December 31, 1980, are depreciated under the two hundred percent (200%) Declining Balance method with a shift to Straight-Line to provide total write-off over the applicable useful life, with the assumption that all acquisitions occur midway through the year. (For federal income tax purposes, this is known as the Modified Accelerated Cost Recovery System, MACRS.) Depreciation lives are seven (7) years for equipment and furniture and thirty-nine (39) years for leasehold improvements.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Concentrations of Credit Risk Arising from Cash Deposits. The Company maintains amounts in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts.

Advertising. The Company expenses advertising costs as they are incurred. Total advertising expense for the year ended August 31, 2010 was \$6,029.

Cash Equivalents. For purposes of the statement of cash flows, the Company considers all short-term debt securities purchased with a maturity of three (3) months or less to be cash equivalents.

Accounts Receivable. Management has elected to record bad debts using the direct write-off method. Generally accepted accounting principles require that the allowance method be used to reflect bad debts. However, the effect of the use of the direct write-off method is not materially different from the results that would have been obtained had the allowance method been followed.

In management's opinion, accounts receivable as of August 31, 2010 are collectible and no material uncollectible accounts exist.

INVESTORS SECURITY COMPANY, INC.
NOTES TO FINANCIAL STATEMENTS
August 31, 2010

NOTE 2. INVESTMENTS

At August 31, 2010, the investment portfolio was comprised of equity securities classified as available-for-sale. Investment securities considered available-for-sale are recorded in the financial statements at fair market value.

The amortized cost and approximate fair value of investments of the Company were as follows at August 31, 2010:

	Amortized Cost	Unrealized Gains	Unrealized Losses	Estimated Fair Value
Investments	\$ 34,260	\$ 5,774	\$ -	\$ 40,034

NOTE 3. PROPERTY AND EQUIPMENT

A summary of property and equipment follows:

Furniture and fixtures	\$ 126,046
Leasehold Improvements	<u>31,907</u>
Total cost	157,953
Less accumulated depreciation	<u>92,579</u>
 Total property and equipment, net	 <u>\$ 65,374</u>

Depreciation expense for property and equipment was \$15,247 for the year ended August 31, 2010.

NOTE 4. INCOME TAXES

Deferred income taxes are provided for timing differences between financial statement and income tax reporting. The tax effects of temporary differences that give rise to significant portions of deferred tax liabilities consist of the following:

Deferred tax liabilities:	
Property, Plant and Equipment	<u>\$ 10,238</u>

The Company's provision for income taxes differs from applying the statutory U. S. Federal income tax rate to income before income taxes. The primary differences result from deducting certain expenses for financial statement purposes but not for federal income tax purposes.

There have been no recent examination by the Internal Revenue Service and the only open years subject to examination are generally the years ending after August 31, 2006.

NOTE 8. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value of financial assets that are recognized or disclosed at fair value on a recurring basis. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The following table presents assets that are measured at fair value on a recurring basis at August 31, 2010:

	<u>Total</u>	<u>Fair Value Measurements at the Reporting Date</u>

The Officers and Directors
Investors Security Company, Inc.
Suffolk, Virginia 23434

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the period September 1, 2009 through August 31, 2010, which were agreed to by Investors Security Company, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating Investors Security Company, Inc.'s compliance with the applicable instructions to the General Assessment Reconciliation (Form SIPC-7). Investors Security Company, Inc.'s management is responsible for the Investors Security Company, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries noting no differences;
2. Compared the amounts reported on the Company's audited Form X-17A-5 for the period September 1, 2009 through August 31, 2010 with the amounts reported in Form SIPC-7 for such period noting no differences;
3. Compared any adjustments reported in Form SIPC-7, with supporting schedules and working papers noting no differences; and
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting adjustments noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

The Officers and Directors
Investors Security Company, Inc.

In planning and performing our audit of the financial statements of Investors Security Company, Inc. (the Company) as of and for the year ended August 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and the reserve required by rule 15c3(e). Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons and the recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's and the CFTC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) and Regulation 1.16(d)(2) list additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be significant deficiencies.

However, we noted that a minimum of internal control procedures are in effect. Such a situation would normally be expected under the circumstances, because Investors Security Company, Inc.'s normal staff consists of the principal, who is the primary stockholder, the controller, and several clerks. These conditions were considered in determining the nature, timing, and extent of the procedures to be performed in our audit of the financial statements of Investors Security Company, Inc. for the fiscal year ended August 31, 2010, and this report does not affect our report thereon dated October 21, 2010.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC and CFTC to be adequate for their purposes in accordance with the Securities Exchange Act of 1934, the Commodity Exchange Act, and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at August 31, 2010, to meet the Commission's objectives.

This report is intended solely for the information and use of management, the SEC, the CFTC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and/or Regulation 1.16 of the CFTC in their regulation of registered broker-dealers, and is not intended to be and should not be used by anyone other than these specified parties.
