INDEPENDENT AUDITORS' REPORT

Board of Directors Oak Hills Securities, Inc.

We have audited the accompanying statement of financial condition of Oak Hills Securities, Inc. as of September 30, 2010 that you are filing pursuant to rule 17a-5 under the Securities and Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to attain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED SEPTEMBER 30, 2010

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Organization - Oak Hills Securities, Inc. (the "Company") was incorporated in the state of Oklahoma on November 21, 2006. The Company is registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company's principal business activity is the sale of securities. Operations began on February 12, 2008.

Accounting Standards Codification - In June 2009, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 168, "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles - a replacement of FASB Statement No. 162". This standard establishes the FASB Standards Accounting Codification (Codification) as the source of authoritative accounting principles generally accepted in the United States of America (US GAAP) recognized by the FASB to be applied to nongovernmental agencies. The Codification supersedes all of the existing accounting and reporting standards, but is not intended to change or alter existing US GAAP. The Codification changes the references of financial standards within the Company's financial statements. All references made to US GAAP use the new Accounting Standards Codification ("ASC") and the Codification numbering system prescribed by the FASB. For ease of transition, the former references of referring to the specific accounting principles will be shown parenthetically.

Fair Value Measurements - Effective October 1, 2009, the Company completed its adoption of the fair value measurements and disclosures topic (formerly, FAS No. 157, "Fair Value Measurements"). This topic defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. It does not require any new fair value measurements, but may require some entities to change their measurement practices.

Securities Transactions - Commission revenue and related expense arising from securities transactions are recorded on a trade date basis.

Depreciation - Depreciation of furniture and equipment is provided for using various the straight line method over five years.

Subsequent Events - The Company has adopted the subsequent events topic (formerly, FAS No. 165, "Subsequent Events"). This topic establishes principles and requirements for identifying, recognizing and disclosing subsequent events. It also requires that an entity identify the type of subsequent event as either recognized or unrecognized and disclose the date through which the entity has evaluated subsequent events. The Company evaluated all significant events or transactions that occurred through the audit report date, the date these financial statements were available to be issued.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Company accounts for any potential interest or penalties related to possible future liabilities for unrecognized income tax benefits as interest/other expense. The Company is no longer subject to examination by tax authorities for federal, state or local income taxes for periods before 2006.
