INDEPENDENT AUDITORS' REPORT

Members of
Easton Investment Services, L.L.C.

We have audited the accompanying statement of financial condition of Easton Investment Services, L.L.C. as of September 30, 2010 that you are filing pursuant to rule 17a-5 under the Securities and Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to attain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Easton Investment Services, L.L.C. as of September 30, 2010, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2010

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Organization - The Company, a limited liability company, was organized in the state of Indiana on June 19, 2001. The duration of the Company is perpetual. The Company is registered as a broker/dealer with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company's principal business activity is the sale of securities.

Securities Transactions - Commission revenue and related expense arising from securities transactions are recorded on a trade date basis, which is the same business day as the transaction date.

Concentrations of Credit Risk - The Company is engaged in various trading and brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company's own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

In addition, the Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. The Company believes it is not exposed to any significant credit risk to cash.

Subsequent Events - The Company has adopted the subsequent events topic (formerly, FAS No. 165, "Subsequent Events"). This topic establishes principles and requirements for identifying, recognizing and disclosing subsequent events. It also requires that an entity identify the type of subsequent event as either recognized or unrecognized and disclose the date through which the entity has evaluated subsequent events. The Company evaluated all significant events or transactions that occurred through the audit report date, the date these financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2010

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES - *(Continued)*

Fair Value Measurements - Effective October 1, 2009, the Company completed its adoption of the fair value measurements and disclosures topic (formerly, FAS No. 157, "Fair Value Measurements"). This topic defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. It does not require any new fair value measurements, but may require some entities to change their measurement practices.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - INCOME TAXES

As a limited liability company the Company has elected to file as an S Corporation for federal income tax purposes. Income taxes are therefore the responsibility of the individual members of the Company.

NOTE 3 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of the Financial Industry Regulatory Authority, the Company is subject to the Uniform Net Capital Rule, which requires the maintenance of minimum net capital and requires that the ratio of aggregated indebtedness to net capital, both as defined, shall not exceed 1500%. At September 30, 2010 the Company's net capital and required net capital were \$100,861 and \$50,000 respectively. The ratio of aggregate indebtedness to net capital was 5.2%.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2010

NOTE 4 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENTS

In order to facilitate securities transactions, the Company entered into an agreement with another broker/dealer (Initial Introducing Broker/dealer) and the Initial Introducing Broker/dealer's clearing broker/dealer (Clearing Broker/dealer) whereby the Company forwards (introduces) customer securities transactions to the Clearing Broker/dealer, through the Initial Introducing Broker/dealer, fully disclosing the customer name and other information. That agreement was terminated on July 31, 2010 and the Company no longer introduces securities transactions to the Clearing Broker/dealer. However, from the period from October 1, 2009 through July 31, 2010, the processing and, if applicable, any financing pertaining to the introduced securities transactions was performed by the Clearing Broker/dealer. The customer account was therefore maintained and recorded in the books and records of the Clearing Broker/dealer on the Company's behalf. In consideration for introducing customers to the Clearing Broker/dealer, the Company received commissions and other consideration, less the processing and other charges of the Initial Introducing Broker/dealer and the Clearing Broker/dealer. As part of the terms of these agreements, the Company was held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/dealer fail to meet their contractual commitments pertaining to the purchase, sale and possible financing of securities transactions. The Company could have therefore been exposed to off-balance-sheet risk in the event the customer was unable to fulfill its contracted obligations and it is necessary for the Clearing Broker/dealer to purchase or sell the securities at a loss. The Company's exposure to risk consisted of the amount of the loss realized on the purchase or sale and any additional expenses incurred pertaining to the transaction or other customer activity. The Clearing Broker/dealer no longer maintains any customer accounts or processes any transactions or other customer activity on behalf of the Company. Therefore, this off-balance sheet risk is no longer a consideration.

NOTE 5 - OPERATING AGREEMENT

The Company's operating agreement places certain restrictions on the transfer of ownership interests in the Company and the amount of debt the Company can incur. Additional information is included therein.
