INDEPENDENT AUDITORS' REPORT

Board of Directors
Carolina Capital Markets, Inc.

We have audited the accompanying statement of financial condition of Carolina Capital Markets, Inc. as of September 30, 2010 that you are filing pursuant to rule 17a-5 under the Securities and Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to attain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 9, the Company adopted a defined benefit deferred compensation plan. The financial statements do not disclose the actuarial information required for defined benefit plans. In our opinion, disclosure of that information is required to conform with accounting principles generally accepted in the United States of America; however, management believes it is impracticable to develop or obtain the information.

In our opinion, except for the omission of the information discussed in the preceding paragraph, the statement of financial condition referred to above presents fairly in all material respects, the financial position of Carolina Capital Markets, Inc. as of September 30, 2010, in conformity with accounting principles generally accepted in the United States of America.

The accompanying notes are an integral part of this financial statement.

CAROLINA CAPITAL MARKETS, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2010

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Organization - The Company, a wholly-owned subsidiary of The North Carolina Company, was incorporated in the state of North Carolina on February 1, 1994. The Company is registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company's principal business activity is the sale of securities.

Accounting Standards Codification - In June 2009, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 168, "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – a replacement of FASB Statement No. 162". This standard establishes the FASB Standards Accounting Codification (Codification) as the source of authoritative accounting principles generally accepted in the United States of America (US GAAP) recognized by the FASB to be applied to nongovernmental agencies. The Codification supersedes all of the existing accounting and reporting standards, but is not intended to change or alter existing US GAAP. The Codification changes the references of financial standards within the Company's financial statements. All references made to US GAAP use the new Accounting Standards Codification (ASC) and the Codification numbering system prescribed by the FASB. For ease of transition, the former references of referring to the specific accounting principles will be shown parenthetically.

Fair Value Measurements - Effective October 1, 2009, the Company completed its adoption of the fair value measurements and disclosures topic (formerly, FAS No. 157, "Fair Value Measurements"). This topic defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. It does not require any new fair value measurements, but may require some entities to change their measurement practices.

Securities Transactions - Securities transactions of the Company, including commission revenue and related expense, are recorded on a trade date basis, which is the same business day as the transaction date.

CAROLINA CAPITAL MARKETS, INC.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED SEPTEMBER 30, 2010

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES - *(Continued)*

Concentrations of Credit Risk - The Company is engaged in various trading and brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company's own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

In addition, most of the Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. The Company believes it is not exposed to any significant credit risk to cash.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - S CORPORATION

Both the Company and the Parent have elected S Corporation status for federal income tax purposes. Income taxes are therefore the responsibility of the individual shareholders of the Parent, The North Carolina Company.

The Company's adoption of the income tax topic (formerly, FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes - An Interpretation of FASB Statement No. 109") on October 1, 2009 had no effect on its financial position as management believes the Company has no material unrecognized income tax benefits. The Company accounts for any potential interest or penalties related to possible future liabilities for unrecognized income tax benefits as interest/other expense. The Company is no longer subject to examination by tax authorities for federal, state or local income taxes for periods before 2006.

CAROLINA CAPITAL MARKETS, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2010

NOTE 3 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT

The Company enters into various transactions on customers' behalf, involving derivatives and other off-balance sheet financial instruments. These derivative financial instruments are used to meet the needs of customers and are, therefore, subject to varying degrees of market and credit risk.

Since the Company enters into the foregoing transactions involving derivatives and other off-balance sheet financial instruments solely for the benefit of its customers, the Company does not bear any of the credit or market risk of those customers, with the exception of the risk to the Company should its customers fail to honor their obligations related to the foregoing derivatives and other off-balance sheet financial instruments, as mentioned below.

In order to facilitate the aforementioned transactions, as well as other transactions on behalf of its customers, the Company maintains an agreement with another broker/dealer (Clearing Broker/dealer) whereby the Company forwards (introduces) customer securities transactions to the Clearing Broker/dealer, fully disclosing the customer name and other information. The processing and, if applicable, any financing pertaining to the introduced securities transactions are performed by the Clearing Broker/dealer. The customer account is therefore maintained and recorded in the books and records of the Clearing Broker/dealer on the Company's behalf. In consideration for introducing customers to the Clearing Broker/dealer, the Company receives commissions and other consideration, less the processing and other charges of the Clearing Broker/dealer. As part of the terms of the agreement between the Company and the Clearing Broker/dealer, the Company is held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/dealer fail to meet their contractual commitments pertaining to the purchase, sale and possible financing of securities transactions. The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations and it is necessary for the Clearing Broker/dealer to purchase or sell the securities at a loss. The Company's exposure to risk would consist of the amount of the loss realized and any additional expenses incurred pertaining to the transaction or other customer activity.

CAROLINA CAPITAL MARKETS, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2010

NOTE 3 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT - *(Continued)*

In April 2008, the Company entered into the aforementioned agreement. Under terms of the agreement the Company is required to maintain a \$150,000 deposit with the Clearing Broker/dealer. Also, included in the agreement are monthly minimum charges, additional net capital requirements and termination fees to be paid by the Company if this agreement is terminated by the Company prior to the end of the fifth year of the agreement. The Company is also prohibited from entering into other similar agreements without prior written consent from the Clearing Broker/dealer.

NOTE 4 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of the Financial Industry Regulatory Authority, the Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregated indebtedness to net capital, both as defined, shall not exceed 1500%. At September 30, 2010, the Company's net capital and required net capital was \$604,560 and \$125,513, respectively. The Company's ratio of aggregate indebtedness to net capital was 311%.

NOTE 5 - COMMON STOCK

The Company, at September 30, 2010, has the following authorized, issued and outstanding common stock:

Class A, voting, no par value, authorized 400,000 shares, issued and outstanding 40,000 shares	\$ 234,620
Class B, non-voting, no par value, authorized 100,000 shares, issued and outstanding 0 shares	<u>-0-</u>
Total	<u>\$ 234,620</u>

CAROLINA CAPITAL MARKETS, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2010

NOTE 6 - OTHER COMMITMENTS

Operating Leases - Minimum annual rentals under non-cancellable leases for office space, expiring August 2013, and quotation services, expiring at various times through December 2012, exclusive of additional payments which may be required for certain increases in operating and maintenance costs, approximate \$304,536, \$145,536 and \$66,628 for the years ended September 30, 2011, 2012 and 2013, respectively.

Payments pursuant to the above quotation service agreements during the year totaled \$359,883. Payments pursuant to the office lease were made by the Parent (Note 7). The Parent is also named on the office lease.

NOTE 7 - RELATED PARTIES

As previously mentioned, the Company is a wholly-owned subsidiary of The North Carolina Company (the Parent).

Pursuant to an agreement (amended effective August 17, 2009) with the Parent, the Company is required to pay the Parent \$27,500, at the beginning of each month as reimbursement for certain overhead and operating expenses. Expenses incurred pursuant to this agreement, which total \$330,000, as well as additional payments to Parent, are allocated as follows, on the statement of income:

	<u>Monthly, Per Agreement</u>	<u>Allocations Per Statement of Income</u>
Occupancy	\$ 5,500	\$ 66,000
Communications	1,400	16,800
Business promotion	5,100	61,200
Management fees	500	6,000
Other	<u>15,000</u>	<u>180,000</u>
	<u>\$ 27,500</u>	<u>\$ 330,000</u>

The Company also incurred an additional \$3,487,000 in management fees to Parent.

CAROLINA CAPITAL MARKETS, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2010

NOTE 8 – 401(k) PLAN

The Company has adopted a deferred compensation plan commonly referred to as a 401(k) Plan. The plan is also in the name of The North Carolina Company (the Parent). The Company will match employee contributions in an amount equal to 3% of an employee's compensation and is permitted to make additional discretionary contributions. Company matching contributions and profit sharing contributions to the plan for the year ended September 30, 2010 totaled \$15,552. This amount is included in compensation and related benefits on the statement of income.

NOTE 9 - DEFINED BENEFIT PLAN NOTE

The Company has adopted a defined benefit deferred compensation plan. The plan is based upon compensation computed on a calendar year basis. The amount determined as expense for the year ended September 30, 2010 and payable as of that date is \$260,000. Since the Parent Company will pay this expense, the amount has been included in as Management fees payable on the statement of financial condition and Management fees (expense) on the statement of income.

The additional actuarial information required for defined benefit plans has not been disclosed as management believes it is impracticable to develop or obtain that information.
