Independent Auditors' Report

Board of Directors
Equishares Corporation
St. Louis, Missouri

We have audited the accompanying statement of financial condition of Equishares Corporation (the Company) as of September 30, 2010 and 2009, and the related statements of operations, stockholder's equity and cash flows for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of September 30, 2010 and 2009, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

EQUISHARES CORPORATION

NOTES TO FINANCIAL STATEMENTS

September 30, 2010 And 2009

1. Summary Of Significant Accounting Policies

Accounting Basis

Equishares Corporation (the Company) uses the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through November 15, 2010, the date which the financial statements were available for issue.

Income Taxes

Income taxes are provided for the tax effects of transactions reported in the financial statements.

On October 1, 2009, the Company adopted recently issued accounting rules for uncertain tax positions. These rules require financial statement recognition of the impact of a tax position if a position is more likely than not of being sustained on audit, based on the technical merits of the position. The rules also provide guidance on measurement, derecognition, classification, interest and penalties, accounting in interim periods, transition, and disclosure requirements for uncertain tax positions. The adoption of the new rules had no impact on the financial statements. The Company's federal and state tax returns for tax years 2006 and later remain subject to examination by taxing authorities.

2. Operations

The Company was incorporated on November 6, 1978 under the laws of the State of Missouri as a broker-dealer for real estate syndications.

EQUISHARES CORPORATION

Notes To Financial Statements (*Continued*)

3. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At September 30, 2010 and 2009, the Company had net capital of \$123,604 and \$126,306, which was \$118,604 and \$121,306 in excess of required net capital, respectively. The Company was also in compliance with the aggregate indebtedness ratio.

4. Subordinated Liabilities

There were no liabilities subordinated to claims of general creditors at any time during the period.

5. Securities Investor Protection Corporation

The Company is a member of the Securities Investor Protection Corporation and has paid all annual fee assessments as required.

**Independent Auditors' Report On Supplementary
Information Required By Rule 17a-5 Of The
Securities And Exchange Commission**

Board of Directors
Equishares Corporation
St. Louis, Missouri

We have audited the accompanying financial statements of Equishares Corporation as of and for the years ended September 30, 2010 and 2009, and have issued our report thereon dated November 15, 2010. Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the schedules presented on pages 9 and 10 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Minimum dollar net capital requirement	\$ 5,000	\$ 5,000
Net capital requirement (greater of above)	\$ 5,000	\$ 5,000
Excess net capital	\$ 118,604	\$ 121,306
Excess net capital at 1000%	\$ 123,554	\$ 126,256
Ratio of aggregate indebtedness to net capital	.0001 to 1	.0001 to 1

Reconciliation With Company's Computation

There are no material differences between the Company's computation and the computation above.

EQUISHARES CORPORATION

EXEMPTIVE PROVISION UNDER RULE 15c3-3

September 30, 2010 And 2009

An exemption from Rule 15c3-3 is claimed as the broker-dealer does not hold customer funds or securities.

Therefore, the schedules of "Computation For Determination Of Reserve Requirements Under Rule 15c3-3" and "Information For Possession Or Control Requirements Under Rule 15c3-3" are inapplicable.

Independent Auditors' Report On Internal Control

Board of Directors
Equishares Corporation
St. Louis, Missouri

In planning and performing our audit of the financial statements of Equishares Corporation (the Company), as of and for the year ended September 30, 2010 in accordance with auditing standards generally accepted in the United State of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph, were adequate at September 30, 2010 to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and is not intended to be and should not be used by anyone other than these specified parties.
