Mr. William J. Terribile, Jr., Compliance Officer  
**Essex Financial Services, Inc.**  
176 Westbrook Road  
Essex, CT 06426

Dear Mr. Terribile:

In planning and performing our audit of the financial statements of Essex Financial Services, Inc. (the Company) as of and for the year ended September 30, 2010, we considered its internal control in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control. Although our audit was not designed to provide assurance on the internal control, we noted no matters involving the internal control or its operation, nor did we find any material inadequacies to exist between the original filing of the FOCUS IIA and the net capital report in the Audited Annual Report.

There were no audit adjustments or significant unbooked adjustments. The reconciliation of the Audited Computation of Net Capital and Computation of 15c3-3 Reserve Requirements, which appears in the Company's audited financial statements, agrees to the amended FOCUS report as filed by the Company for the period ended September 30, 2010.

Our understanding is that the Company filed its original FOCUS report for the September 30, 2010 quarter prior to its accountants preparing and providing to the Company the necessary and normal year-end closing adjustments. These adjustments were recorded to the Company's books and records prior to our audit of the financial statements. We found no items requiring adjustment during the course of our audit.

If you require any additional information regarding this matter, please do not hesitate to contact us.

Sincerely,

A handwritten signature in cursive script that reads "Barbara J. Snyder".

**Report of Independent Auditors**

To The Board of Directors of  
Essex Financial Services, Inc. and  
Essex Savings Bank

We have audited the accompanying statements of financial condition of Essex Financial Services, Inc. (the "Company") as of September 30, 2010 and 2009 and the related statements of income, changes in stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Essex Financial Services, Inc. at September 30, 2010 and 2009 and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule 1 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as whole.

## Notes to Financial Statements

### 1. Description of Business

Essex Financial Services, Inc., (the "Company") is a fully disclosed introducing broker-dealer and registered investment advisor. The Company is member of the Financial Industry Regulatory Authority (FINRA), formerly known as the National Association of Securities Dealers (NASD) and is a member of the Securities Investors Protection Corporation (SIPC). Commissions and investment advisory fee income is generated in connection with sales of securities, insurance products and investment advisory services.

### 2. Basis of Presentation

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles for business enterprises in general. However, broker-dealers are further subject to Rule 17a-5 of the Securities and Exchange Commission (the SEC) and the Financial and Operational Combined Uniform Single (FOCUS) report there under. That rule prescribes the presentational format of the accompanying financial statements as well as additional disclosures.

Management has evaluated subsequent events for potential recognition or disclosure in the financial statements through November 23, 2010, the date upon which the Company's financial statements were available to be issued.

### 3. Summary of Significant Accounting Policies

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Cash and Cash Equivalents

The Company considers all highly liquid investments with a maturity of three months or less to be cash equivalents.

Included in cash is a \$100,000.00 clearing deposit required to be held at Pershing, the Company's clearing agent, as a condition of its contract.

#### Furniture, Equipment and Leasehold Improvements

Furniture, equipment and improvements are stated at cost less accumulated depreciation.

Major expenditures for property and equipment and those which substantially increase useful lives are capitalized. Maintenance, repairs, and minor renewals are expensed as incurred. Assets retired, or otherwise disposed of, are eliminated from the asset accounts along with related amounts of accumulated depreciation. Any gains or losses from disposals are included in income.

---

## Notes to Financial Statements

Depreciation is computed over the estimated useful life of the respective asset, ranging from three years to thirty-nine years. Depreciation expense for the year ended September 30, 2010 and 2009 of \$58,218 and \$43,316 respectively, was computed using the straight line and accelerated methods.

### Commissions and Investment Advisory Income

Investment advisory fees are received quarterly in advance, and are recognized as earned on a pro rata basis over the term of the related investment advisory service period.

Commissions earned and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

### Income Taxes

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between the bases of certain assets and liabilities for financial and tax reporting. The deferred taxes represent the future tax return consequences of those differences, which will be taxable when the assets and liabilities are recovered or settled.

### Advertising Costs

The Company expenses all advertising costs as they are incurred. Total advertising costs were \$34,183 and \$17,260 for the year ended September 30, 2010 and 2009, respectively.

## **4. Financial Instruments**

Cash and cash equivalents are financial instruments for which the carrying value equals fair value. The Company has no financial instruments with off-balance sheet risk.

## **5. Net Capital and Other Regulatory Requirements**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. As of September 30, 2010, the Company's regulatory net capital of \$181,172 exceeded required net capital by \$97,522. Aggregate indebtedness was \$1,254,742, resulting in a ratio of aggregate indebtedness to net capital of approximately 6.93 to 1.

The Company does not carry securities accounts for customers or perform custodial functions relating to customer securities and, therefore is exempt from the provisions of the Securities and Exchange Commission's Rule 15c3-3 under Paragraph (k)(2)(ii) thereof.
