REPORT OF INDEPENDENT AUDITOR

TO THE BOARD OF DIRECTORS OF
BERNARDI SECURITIES, INC.

We have audited the accompanying consolidated Statement of Financial Condition of BERNARDI SECURITIES, INC. AND SUBSIDIARY as of September 30, 2010 that you are filing pursuant to Rule 17a-5(d) under the Securities Exchange Act of 1934. This consolidated financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this consolidated financial statement based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic consolidated financial statement taken as a whole. The information contained in the supplementary Schedule I - Computation of the Net Capital Under Rule 15c3-1 of the Securities and Exchange Commission is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statement. Such information has been subjected to the auditing procedures applied in the audit of the basic consolidated financial statement and, in our opinion, is fairly stated in all material respects in relation to the basic consolidated financial statement taken as a whole.

BERNARDI SECURITIES, INC. AND SUBSIDIARY

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

(1) DESCRIPTION OF THE COMPANY:

Bernardi Securities, Inc. (the Company) is an Illinois corporation that is a registered securities broker-dealer, offering primarily state and municipal securities.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following is a summary of the major accounting policies and practices of the Company which affect significant elements of the accompanying financial statement:

Consolidation Policy -

The accompanying consolidated Statement of Financial Condition includes the accounts of the Company and its wholly owned subsidiary, Bernardi Asset Management, LLC. Inter-company transactions and balances have been eliminated in the consolidation.

Cash and Cash Equivalents -

The Company considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Fair Value Measurements -

The Company adopted accounting standards which provide a framework for measuring fair value. The standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal market for the asset or liability in a transaction between market participants on the measurement date. The standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the new standards are described below:

Level 1 - Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.

BERNARDI SECURITIES, INC. AND SUBSIDIARY

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of the assets or liabilities within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Income Taxes -

Management has adopted accounting provisions which impose a threshold for determining when uncertain tax positions should be disclosed or recorded. The threshold now imposed for financial statement reporting generally is higher than the threshold now imposed for claiming deductions on income tax returns. As a result of the implementation, the Company utilized the "more likely than not" criteria and determined that all of their tax positions meet that criteria. Therefore, the Company has not recorded any adjustments or disclosed any situations that arose from uncertain tax positions.

Income Recognition -

Securities transactions and the related revenue and expense are recorded on the settlement date.

BERNARDI SECURITIES, INC. AND SUBSIDIARY

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

Property and Equipment -

Property and equipment are stated at cost. Depreciation is calculated over the estimated useful lives of the assets using straight-line and accelerated methods. The estimated useful lives used are as follows:

<u>Asset Description</u>	<u>Asset Life</u>
Office equipment	5 - 7 years
Furniture and fixtures	7 years

Use of Estimates in Preparation of the Financial Statement -

The preparation of the financial statement, in conformity with U.S. generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement. Actual results could differ from those estimates.

(3) FAIR VALUE OF FINANCIAL INSTRUMENTS:

The following are the major categories of investments measured at fair value on a recurring basis during the year ended September 30, 2010, using quoted prices in active markets for identical assets (Level 1); significant other observable inputs (Level 2); and significant unobservable inputs (Level 3):

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Municipal Bonds	\$ 9,488,785	\$ -	\$ 9,488,785	\$ -
U.S. Government Bonds	50,010	-	50,010	-
Corporate Bonds	120,306	-	120,306	-
Equities	11,658	11,658	-	-
Total	<u>\$ 9,670,759</u>	<u>\$ 11,658</u>	<u>\$ 9,659,101</u>	<u>\$ -</u>

BERNARDI SECURITIES, INC. AND SUBSIDIARY

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

(4) SECURITIES HELD FOR SALE:

The Company offers state, municipal, U.S. Government, and corporate securities. At September 30, 2010, these securities were classified as "trading" and reported at fair value. At September 30, 2010, these securities had a fair value of \$9,670,759, with a cost of \$9,675,060.

(5) LEASE COMMITMENTS:

The Company leases office and storage facilities for its corporate offices under an operating lease. The lease expires in July 2011. In addition to base rent, the Company is required to make monthly installments for their proportionate share of operating expenses and real estate taxes.

In September, 2010, the Company entered into a 10 year operating lease for a new location, commencing August 2011. The agreement stipulates that rent for the first seven months of the first lease year and the first six months of the second lease year will be abated. In addition to base rent, the Company is required to make monthly installments for their proportionate share of operating expenses and real estate taxes.

The Company also leases a facility in Fairview Heights, Illinois, from a related party under an operating lease, expiring on January 1 of each year. The lease will automatically renew for one year upon the expiration date unless the Company provides a written termination notice to the lessor. The lease also has a provision for a yearly escalation of three percent each February.

The future minimum rental commitments as of September 30, 2010 are as follows:

<u>Year Ending September 30</u>	<u>Amount</u>
2011	\$ 192,180
2012	229,946
2013	233,933
2014	237,921
2015 and beyond	<u>1,732,237</u>
	<u>\$ 2,626,217</u>

BERNARDI SECURITIES, INC. AND SUBSIDIARY

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

(6) RETIREMENT PLAN:

The Company maintains a defined contribution profit sharing plan with a 401(k) feature which permits pre-tax employee contributions. The plan covers all full-time employees who have met the minimum hours and service as required by the plan. Employer contributions to the plan are at the discretion of the Board of Directors. However, this discretion is subject to a minimum funding requirement of three percent of eligible participants' wages.

(7) FINANCING ARRANGEMENT WITH LESSOR:

The Company has a \$19,500 letter of credit that is used as a security deposit and allows the Company's lessor to take draws in connection with obligations under the office lease. The letter of credit is for one year and expires July 2011.

During September 2010, the Company entered into an agreement with a financial institution for an \$80,000 irrevocable letter of credit that is used as a security deposit for the new operating lease. The letter of credit allows the Company's lessor to take draws in connection with obligations under the operating lease. This letter of credit expires July 2011.

(8) FINANCING AGREEMENT WITH CLEARING ORGANIZATION:

Among other items contained in the clearing agreement between the Company and Pershing LLC (Pershing), the Company has a financing agreement whereby Pershing will provide financing to the Company in order to purchase securities. The interest rate charged on this financing is the Pershing Cost of Funds rate plus 100 basis points. Pershing uses the Company's inventory as collateral for the financing with the amount financed limited by the inventory and the Company's net capital requirements. Based upon the Company's inventory of securities and its net capital, the maximum amount available, for purchasing securities from Pershing would be approximately \$23,000,000 as of September 30, 2010.

(9) NET CAPITAL REQUIREMENTS:

The Company is a broker-dealer subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1). Under this rule, the Company is required to maintain net capital equivalent to \$250,000 or six and two-thirds percent of aggregate indebtedness, whichever is greater, as these terms are defined. The net capital rule may effectively restrict the payment of cash dividends.

BERNARDI SECURITIES, INC. AND SUBSIDIARY

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

Net capital changes from day to day, but as of September 30, 2010, the Company had net capital and net capital requirements of approximately \$2,680,000 and \$250,000, respectively, leaving excess net capital of \$2,430,000. The percentage of aggregate indebtedness to net capital as of September 30, 2010 was 49 percent. These amounts are not materially different from the unaudited amounts submitted in the FOCUS Report for the period ended September 30, 2010.

The Securities and Exchange Commission Rule 15c3-1 requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1, or 1,500 percent. Under this rule, the Company could borrow up to \$41,000,000 as of September 30, 2010.

(10) FINANCIAL INSTRUMENTS WITH OFF-BALANCE-SHEET RISK:

In the normal course of business, the Company's customer activities involve the execution and settlement of various securities transactions. These activities may expose the Company to off-balance-sheet risk in the event the customer or other broker is unable to fulfill its contractual obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss. An estimate of the possible loss cannot be made based upon the quantity and size of all transactions.

(11) SUBSEQUENT EVENTS:

The Company's management has performed an analysis of the activities and transactions subsequent to September 30, 2010 to determine the need for any adjustments to and/or disclosures within the audited financial statements for the year then ended. Management has performed their analysis through October 28, 2010, the date at which the financial statements were available to be issued.
