INDEPENDENT AUDITORS' REPORT ON FINANCIAL
STATEMENTS AND SUPPLEMENTAL SCHEDULES

Board of Directors
Taylor Securities, Inc.
Brentwood, Tennessee

We have audited the accompanying statements of financial condition of Taylor Securities, Inc. (the "Company") as of September 30, 2010 and 2009, and the related statements of operations, changes in stockholders' equity, and cash flows for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Taylor Securities, Inc. as of September 30, 2010 and 2009, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplemental schedules is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. These schedules are the responsibility of the Company's management. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TAYLOR SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010 AND 2009

NOTE 1 - NATURE OF OPERATIONS

Taylor Securities, Inc. (the "Company") is engaged in the securities business, primarily handling mutual fund and bond trade transactions and providing investment advisory services.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Accounting standards codification

In June 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles, a Replacement of FASB Statement No. 162*. This statement modifies the GAAP hierarchy by establishing only two levels of GAAP, authoritative and nonauthoritative accounting literature. Effective July 2009, the FASB Accounting Standards Codification (the "Codification") is considered the single source of authoritative U.S. accounting and reporting standards, except for additional authoritative rules and interpretive releases issued by the Securities and Exchange Commission. Nonauthoritative guidance and literature include, among other things, FASB Concepts Statements, American Institute of Certified Public Accountants Issues Papers and Technical Practice Aids, and accounting textbooks. The Codification was developed to organize GAAP pronouncements by topic so that users can more easily access authoritative accounting guidance.

Cash and cash equivalents

The Company considers all highly liquid investments with original maturities of less than three months to be cash equivalents.

Income taxes

The Company has elected to be taxed as an "S" corporation under the Internal Revenue Code. Accordingly, all federal taxable income and losses pass through to the individual stockholders for inclusion in their personal income tax returns, and the Company is only liable for state income taxes.

Temporary differences between the financial statement and income tax (cash method) bases of the Company's assets and liabilities are not significant. Accordingly, deferred state income taxes have not been recognized.

TAYLOR SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

SEPTEMBER 30, 2010 AND 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income taxes (continued)

On October 1, 2009, the Company adopted new guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions. Income tax positions must meet a more-likely-than-not recognition threshold to be recognized. The adoption of this guidance did not have a material effect on the Company's financial position and results of operations.

The Company files income tax returns in the U. S. federal jurisdiction and the State of Tennessee. The Company's U. S. federal income tax returns for years prior to 2006 are closed. The State of Tennessee has a statute of limitations of three years from the end of the year in which the return is filed.

Securities transactions

Revenue and related clearing expenses from securities transactions are recorded on the trade date. All of the Company's trading activities are executed through and cleared by Raymond James and Associates, Inc. ("Raymond James") or by written subscription agreements between investment companies and investors, with the Company acting as introducing broker dealer.

Registered investment advisor fees

Registered investment advisor fees are recognized as earned on a pro rata basis over the term of the contract.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Events occurring after reporting date

The Company has evaluated events and transactions that occurred between September 30, 2010 and November 10, 2010, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

TAYLOR SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

SEPTEMBER 30, 2010 AND 2009

NOTE 3 - CONCENTRATION OF RISK

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash. Cash balances are maintained at two financial institutions. The cash deposited in Avenue Bank totaling \$122,566 is insured by the Federal Deposit Insurance Corporation ("FDIC"). The cash deposited in the Raymond James brokerage account in the amount of \$487,360 is protected by the Customer Asset Protection Company ("CAPCO") as described below. In considering the credit risk, the Company periodically evaluates the stability of its financial institutions. The Company has not experienced any losses in such accounts, and its management believes cash is not exposed to significant credit risk.

Investments are subject to market risk, the risk inherent in a fluctuating market. The broker-dealer that is the custodian of the Company's securities is covered by the Securities Investor Protection Corporation ("SIPC"), which provides limited protection to investors. SIPC coverage is limited to specified investor-owned securities (notes, bonds, mutual funds, investment company securities and registered securities) held by an insolvent SIPC member at the time a supervising trustee is appointed. The SIPC also protects against unauthorized trading in the Company's security account. SIPC coverage is limited to \$500,000 per customer, including \$250,000 for cash that is on deposit as a result of a security transaction. Accounts held by the broker-dealer are also covered through the Customer Asset Protection Company. Under this program, cash and fully paid securities are not subject to a dollar amount limitation. The SIPC and additional protection do not insure against market risk.

There are multiple business risks associated with operating the Company. It trades with a limited number of counter-parties which include institutional money managers, national broker-dealers, regional broker-dealers and inter-dealer brokers. The value of some trades may be very large compared to the Company's capital. A counter-party's failure to pay for or deliver securities may result in significant losses to the Company due to changes in market value between the original transaction and the subsequent re-sale or re-purchase of the securities involved. The loss or reduction of trading volume with a counter-party may have a material adverse effect on the Company's business, financial condition, results of operations and/or cash flows.

NOTE 4 - DEPOSIT WITH CLEARING BROKER

In connection with its correspondent clearing agreement with Raymond James, the Company has agreed to maintain a \$25,000 deposit account with Raymond James. The deposit is held in a Raymond James money market fund and is returnable to the Company following termination of the correspondent clearing market agreement within thirty days of the closing or transfer of all of the Company's customers' accounts. Therefore, the deposit has been classified as a current asset, but is non-allowable for the purpose of net capital computation per current Securities and Exchange Commission ("SEC") rules and regulations.

TAYLOR SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

SEPTEMBER 30, 2010 AND 2009

NOTE 5 - RELATED PARTY TRANSACTIONS

Accounts payable to stockholders for commissions and registered investment advisory fees totaled \$27,973 and \$21,441 at September 30, 2010 and 2009, respectively.

Total salaries, bonuses, and commissions included in operating expenses that were paid to stockholders and other related parties amounted to \$740,925 and \$665,459 in 2010 and 2009, respectively.

The stockholders of the Company are also stockholders of an affiliate that provides office space, management and administrative services to the Company. In addition to the amounts paid to stockholders and other related parties noted in the preceding paragraph, fees paid by the Company to the affiliate for services rendered amounted to \$465,866 and \$444,962 in 2010 and 2009, respectively.

NOTE 6 - NET CAPITAL REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital of \$50,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The rule of the "applicable" exchange also provides that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1. At September 30, 2010, the Company had net capital, as defined, of \$202,605, which was \$152,605 in excess of its required net capital of \$50,000. The Company's net capital ratio was .15 to 1.

NOTE 7 - RESTATEMENT OF PRIOR YEAR

A prior period adjustment has been made, and the 2009 financial statements have been restated, to recognize the Company's obligation to record investment advisor fees earned during the final quarter of the fiscal year. The effects of the restatement were to record a receivable and revenue for investment advisory fee income and a related payable and expense to representatives for commissions earned on the advisory fees and to increase stockholders' equity by \$34,326 as of September 30, 2009.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL

Board of Directors
Taylor Securities, Inc.
Brentwood, Tennessee

In planning and performing our audit of the financial statements and supplemental schedules of Taylor Securities, Inc. (the "Company") as of and for the year ended September 30, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements and supplemental schedules, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected, on a timely basis detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses, and therefore, there can be no assurance that all material weaknesses have been identified. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at September 30, 2010 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON
PROCEDURES RELATED TO AN ENTITY'S SIPC ASSESSMENT RECONCILIATION

Board of Directors
Taylor Securities, Inc.
Brentwood, Tennessee

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation ("SIPC") for the year ended September 30, 2010, which were agreed to by Taylor Securities, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating Taylor Securities, Inc.'s compliance with the applicable instructions of the Transitional Assessment Reconciliation (Form SIPC-7). Taylor Securities, Inc.'s management is responsible for Taylor Securities, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended September 30, 2010, as applicable, with the amounts reported in Form SIPC-7 for the year ended September 30, 2010 noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences; and
5. Noted that there were no overpayments applied to the current assessment on Form SIPC-7.

We were not engaged to, and did not, conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties
