INDEPENDENT AUDITORS' REPORT

To the Shareholders and Board of Directors of
Cambridge International Securities, Inc.:

We have audited the accompanying statement of financial condition of Cambridge International Securities, Inc. (the "Company") as of December 31, 2009. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Cambridge International Securities, Inc. as of December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

CAMBRIDGE INTERNATIONAL SECURITIES, INC.
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2009

NOTE 1. SIGNIFICANT BUSINESS ACTIVITIES

Cambridge International Securities, Inc., (the "Company"), is a registered broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"), the Securities Investor Protection Corporation ("SIPC") and the National Futures Association ("NFA"). The Company primarily serves institutional clients by providing trading and brokerage services. The Company has yet to commence its futures operation that it has been approved for.

In the normal course of its business, the Company enters into financial transactions where the risk of potential loss due to changes in market (market risk) or failure of the other party to the transaction to perform (credit risk) exceeds the amounts recorded for the transaction.

The Company's policy is to continuously monitor its exposure to market and counterparty risk through the use of a variety of financial position and credit exposure reporting and control procedures. In addition, the Company has a policy of reviewing the credit standing of each broker-dealer, clearing organization, customer and/or other counterparty with which it conducts business.

Pursuant to the clearance agreement, the clearing broker performs the clearing and depository operations for the Company's proprietary transactions. At December 31, 2009, the receivable from clearing broker reflected on the statement of financial condition substantially consisted of cash and due from this clearing broker.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Transactions in securities and related commission revenue and expense are recorded on a trade date basis. Depreciation and amortization are provided for in accordance with accounting principles generally accepted in the United States of America.

For purposes of the statement of cash flows, the Company considers all highly liquid investments with maturity of three months or less when purchased, to be cash equivalents.

Management uses estimates and assumptions in preparing the financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and related revenue and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

CAMBRIDGE INTERNATIONAL SECURITIES, INC.
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2009
(continued)

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures (formerly FASB Statement 157, Fair Value Measurements) establishes a framework for measuring fair value and expands disclosures about fair value measurements. ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels explained below:

Level 1 – Fair value measurements based on quoted prices in active markets for identical assets or liabilities that the Company has access to and are not adjusted. Since measurements are based solely on quoted prices that are readily and regularly available in an active market, valuation of Level 1 instruments does not entail a significant degree of judgment by the Company.

Level 2 – Fair value measurements based on inputs that are observable, both directly and indirectly, for instruments in markets that are not active (including those that are “thinly traded”) or have restrictions on their resale. Level 2 inputs include quoted prices for similar assets and liabilities that are in active markets, “as if” conversions for constrained instruments, discounts for trading volume constraints and others such as interest rates and yield curves that are obtainable at common intervals.

Level 3 – Fair value measurements based on valuation techniques that use significant inputs that are unobservable. Unobservable Level 3 inputs include commonly used pricing models, the Company’s internally developed data and assumptions for valuation methodology and other information used by the Company to assist in exercising judgment for instruments that fall into this level.

The availability of observable inputs can vary from instrument to instrument and is affected by a wide variety of factors. This includes the type of instrument, whether the instrument is new and not yet established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Company in determining fair value is greatest for instruments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the instrument is reported in the lowest level that has a significant input. Even when inputs are not observable, the Company’s own assumptions and methodologies are established to reflect those that market participants would use in pricing the asset or liability at the measurement date. In addition, during periods of market dislocation, the observability of inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified to a lower level within the fair value hierarchy.

Valuation techniques - Equity securities: The Company values equity securities owned that are freely tradable and are listed on a national securities exchange or reported on the NASDAQ national market at their last sales price as of the last business day of the period.

CAMBRIDGE INTERNATIONAL SECURITIES, INC.
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2009
(continued)

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Valuation techniques – US Government obligations: The Company values US Government obligations owned that are freely tradable and are listed on a national securities exchange or reported on the NASDAQ national market at their last sales price as of the last business day of the period.

NOTE 3. FAIR VALUE MEASUREMENTS

The Company's assets recorded at fair value are categorized below based upon a fair value hierarchy in accordance with ASC 820 at December 31, 2009. See Note 2 for a definition and discussion of the Company's policies regarding this hierarchy.

<u>Securities owned</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Equity securities	\$ 5,946	\$ -	\$ -	\$ 5,946
US Treasury Notes	4,572,359	-	-	4,572,359
Total	\$ 4,578,305	\$ -	\$ -	\$ 4,578,305
% of Total	100%	-	-	100%

NOTE 4. INCOME TAXES

The Company has elected to be taxed as a subchapter S corporation pursuant to the Internal Revenue Code. As such, it is exempt from Federal and Connecticut state corporate taxes.

NOTE 5. NET CAPITAL REQUIREMENT

As a registered broker-dealer, the Company is subject to the Uniform Net Capital Rule 15c3-1 of the Securities and Exchange Commission. The rule requires that the Company maintain a minimum net capital of \$100,000 or 6 2/3% of its aggregate indebtedness as defined, whichever is greater. At December 31, 2009, the Company had net capital of \$5,170,888 and excess net capital of \$5,070,888.

CAMBRIDGE INTERNATIONAL SECURITIES, INC.
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2009
(continued)

NOTE 6. COMMITMENTS

The Company has a noncancellable lease on its office space set to expire October 1, 2013. Future minimum lease payments under the renewed lease are as follows:

<u>Years ending December 31,</u>	<u>Amount</u>
2010	\$ 143,704
2011	148,725
2012	153,021
2013	<u>131,984</u>
Total	<u>\$ 577,434</u>

NOTE 7. PENSION PLAN

The Company maintains a non-contributory simplified employee pension plan covering all full-time employees who qualify as to age and length of service. It is the Company's policy to make contributions to the plans as provided annually by the board of directors. Contributions made by the Company for 2009 were \$ 621,415.

NOTE 8. STOCK OPTIONS

The Company has granted an employee an option to purchase 100 shares of the company's common stock at \$1.00 per share. The option is exercisable in the event of the sale of the Company.
