1. Organization and Basis of Presentation

DuPont Capital Management Marketing Corporation (the "Company") is an introducing broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company was incorporated on June 25, 2007, in the State of Delaware as a wholly-owned subsidiary of DuPont Capital Management Corporation ("DCM"), an investment advisor registered with the SEC.

The Company was granted its SEC registration on September 14, 2007, effective with its approval for membership in a self-regulatory organization. The Company's FINRA membership became effective on December 10, 2007.

The Company's sole business is to provide private placement agent services to its parent company, DuPont Capital Management Corporation. DCM plans to maintain the Company's net capital until the Company's operations become viable and self-sustaining.

The Company's statement of financial condition does not necessarily reflect what might have occurred had the Company operated independent of its parent company.

The accompanying statement of financial condition has been prepared in conformity with accounting principles generally accepted in the United States.

2. Summary of Significant Accounting Policies

Cash and Cash Equivalents

Cash and cash equivalents include an investment in a U.S. Treasury money market fund and a checking account with a cash management feature that invests excess cash overnight in a U.S. Government money market fund. Both funds are highly liquid.

Other assets represent deposits the Company has made to its FINRA daily account and fees paid to FINRA for the 2010 calendar year.

Income Taxes

The Company is included in the consolidated federal and state income tax returns filed by the DuPont Company. DuPont Company allocates current and deferred federal income tax expense/benefit according to the principles described in Accounting Standards Codification (ASC) 740 – Income Taxes. The amount of current and deferred taxes receivable or payable are recognized as of the date of the statement of financial condition, utilizing currently enacted tax laws and rates. It is DuPont Company's practice to annually settle federal income tax accruals with its subsidiaries.

Notes to Statement of Financial Condition
December 31, 2009

As of December 31, 2009, the Company has a current tax asset of \$141,810 included in Receivable from affiliates. In absence of DuPont Company's settlement practice, the Company potentially may not be able to recognize reflected benefits in whole or in part.

Use of Estimates

The preparation of the statement of financial condition in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at December 31, 2009. Actual results could differ from those estimates.

3. Related Party Transactions

Under the terms of an expense sharing agreement, the Company reimbursed DCM for services provided on behalf of the Company, including direct and allocated expenses. As of December 31, 2009, a payable of \$34,737 was recorded.

Services provided under the expense sharing agreement include salaries and benefits for DCM employees to the extent they provide support to the Company; Systems Operations and Development; Telecommunications; Corporate Services including payroll, human resources, business continuity; Operating Supplies; Travel; Training; Publications; and Miscellaneous costs.

Under the terms of a placement agent agreement, the Company provides marketing services for certain DCM private equity funds in return for a percentage of DCM's revenues earned over the first 36 months of each Fund's operation. The Company bears the cost of commissions paid to registered representatives in connection with sales of interests in the Fund for the first 36 months of each Fund's operation.

4. Income Taxes

The Company is included in the consolidated federal income tax return filed by the DuPont Company. DuPont Company allocates current and deferred federal income tax expense/benefit according to the principles described in ASC 740 – Income Taxes. Current and deferred taxes receivable or payable are recognized as of the date of the statement of financial condition, utilizing currently enacted tax laws and rates. As of December 31, 2009, there are no deferred tax assets or deferred tax liabilities.

The Company believes that all significant filing positions are highly certain and that, more likely than not, all of its significant income tax filing positions and deductions that are included in the DuPont Company consolidated tax returns would be sustained.

5. Concentrations

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of money market funds, which are not federally insured.

6. Net Capital Requirements
