## Report of Independent Registered Public Accounting Firm

To the Members of  
D. E. Shaw Securities, L.L.C.:

We have audited the accompanying statement of financial condition of D. E. Shaw Securities, L.L.C. (the "Company"), a Delaware limited liability company, as of December 31, 2009. This statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on this statement of financial condition based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, and evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of D. E. Shaw Securities, L.L.C. at December 31, 2009, in conformity with U.S. generally accepted accounting principles.

## **Notes to Statement of Financial Condition**

*December 31, 2009*

### **1. Organization**

D. E. Shaw Securities, L.L.C. (the “Company”) is a Delaware limited liability company. D. E. Shaw & Co., L.P. (the “Managing Member”) is the managing member and sole member of the Company.

The Company is a securities broker-dealer registered with the United States Securities and Exchange Commission that is currently involved in certain private placement activities and also acts as executing broker for other companies in the D. E. Shaw group.

It should be noted that nothing in this statement of financial condition or notes thereto shall create or imply any limit on the discretion of the Managing Member.

### **2. Significant Accounting Policies**

The Company’s statement of financial condition is prepared in accordance with accounting principles generally accepted in the United States (“U.S. GAAP”), which require management to use its judgment in making certain estimates. Such estimates may differ from the amounts ultimately realized due to the uncertainties inherent in any such estimation process, and the differences may be material.

Substantially all of the Company’s assets and liabilities are carried at either fair value or contracted amounts that approximate fair value.

The Company may participate in class action claims related to principal transactions in financial instruments that it traded in prior years, and in connection with such participation may receive a share of the applicable court award or settlement proceeds.

In the normal course of business, the Company has entered into certain contracts that provide a variety of indemnities. The Company’s maximum exposure under these indemnifications is unknown. However, no liabilities have arisen under these indemnities in the past, and while there can be no assurances in this regard, there is no expectation that any will occur in the future. Therefore, the Company does not consider it necessary to record a liability for these indemnities under U.S. GAAP.

U.S. federal and state income taxes have not been provided because the Managing Member reports the Company’s taxable income or loss on its tax return. As discussed below, the Company does, however, include a provision for unincorporated business taxes, when appropriate.

## **Notes to Statement of Financial Condition (Continued)**

*December 31, 2009*

### **3. Receivable From Clearing Brokers**

Any transactions in financial instruments are cleared by a limited number of clearing brokers (the "Clearing Brokers") pursuant to clearance agreements. During 2009, all of the Company's cash was deposited with one such Clearing Broker (i) for safekeeping purposes, and (ii) as a buffer (which may or may not be of adequate size at any given point in time to serve its intended purposes) available to meet an increase in regulatory capital requirements, and to fund expenses, operating costs, and any other operating needs of the Company. This subjects the Company to credit risk with respect to this Clearing Broker.

### **4. Related Party Transactions**

The Managing Member, directly and through certain affiliates, provides substantially all personnel, management, and overhead, and certain other services to the Company. In consideration for providing these services and in accordance with the applicable agreements, the Managing Member is reimbursed by the Company for the effect of its bearing related expenses as well as for certain other of its and its members' costs resulting directly or indirectly from its management activities. The total costs and expenses applicable to the Company (primarily related to personnel costs and professional fees) were charged to the Company by the Managing Member. Payable to affiliate represents amounts due with respect to such activities. Any such payables are due on demand. The Company receives no compensation for the execution services it provides to other companies in the D. E. Shaw group, but did receive compensation during the year for its role in private placement activities.

### **5. Net Capital Requirement**

As a registered broker-dealer and member of the Financial Industry Regulatory Authority, Inc., the Company is subject to Rule 15c3-1 of the United States Securities and Exchange Commission, which specifies uniform net capital requirements for its registrants. The Company has elected the alternative net capital method permitted by Rule 15c3-1, which requires that it maintain minimum net capital, as defined, equal to the greater of \$250,000 or two percent of aggregate debit items arising from customer transactions, as defined. At December 31, 2009, the Company had net capital of approximately \$629,000, which exceeded the minimum requirement by approximately \$379,000.

## **Notes to Statement of Financial Condition (Continued)**

*December 31, 2009*

### **5. Net Capital Requirement (Continued)**

Proprietary balances, if any, held at a Clearing Broker (“PAIB assets”) are considered allowable assets for net capital purposes, pursuant to an agreement between the Company and such Clearing Broker, which requires, among other things, that the Clearing Broker perform computations for PAIB assets and segregate certain balances on behalf of the Company, if applicable.

### **6. Taxes**

The Company is subject to unincorporated business taxes related to its operations. To the extent taxes are provided for in the statement of financial condition, any such taxes are accrued for at the effective rate of the Company.

### **7. Subsequent Events**

The Company has evaluated events subsequent to year-end through February 25, 2010, and there is nothing material to disclose.
