REPORT OF INDEPENDENT AUDITOR

Board of Directors
Global-American Investments, Inc.
Walnut, California

I have audited the accompanying statement of financial condition of Global-American Investments, Inc. as of December 31, 2009 and related statements of operations, changes in shareholder's equity and cash flows for the year then ended. These financial statements are being filed pursuant to Rule 17a-5 of the Securities Exchange Act of 1934 and include the supplemental schedule of the net capital computation required by rule 15c3-1. These financial statements are the responsibility of Global-American Investments, Inc.'s management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, such financial statements referred to above present fairly, in all material respects, the financial condition of Global-American Investments, Inc. as of December 31, 2009 and the results of its operations, shareholder's equity and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

GLOBAL-AMERICAN INVESTMENTS, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009

NOTE 1 – ORGANIZATION AND HISTORY

Organization

Global-American Investments, Inc., the Company was incorporated on September 9, 1996 in the state of Arizona and subsequently become a member of the National Association of Securities Dealers, Inc. (“NASD”) and commenced operations in the general business of a broker dealer of securities. The NASD and NYSE Member Regulation consolidated in 2007 to form the Financial Industry Regulatory Agency (“FINRA”). In January 1999 the Company became a resident foreign corporation in the State of California.

In July, 2001 the Company was acquired by a new owner, SE Global Equities Corp. (“SEG”) and became its wholly owned subsidiary. In 2005 SEG was acquired by Sun New Media, Inc. (SNMI). In April 2006 the Company was acquired by a new owner, Kingston Capital Group.

Nature of Business

The Company conducts a general securities business on a fully disclosed, introductory basis. The Company does not hold customers’ funds or securities. It has two locations. All are in California: Walnut headquarters and one branch in Walnut, California (operations principally on-line trading).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenues

Commission revenues are recorded on a settlement date basis.

Income Taxes

The Company applies the policies of Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes, which requires use of the asset and liability method of accounting for income taxes. Under this method, deferred income taxes are recognized for the tax consequences of temporary differences by applying enacted statutory tax rates applicable to future years to differences between the financial statement carrying amounts and the tax basis of existing assets and liabilities. A valuation allowance for the entire net operating loss has been recorded.

NOTE 3 - USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

GLOBAL-AMERICAN INVESTMENTS, INC.
NOTES TO FINANCIAL STATEMENTS - Continued
DECEMBER 31, 2009

NOTE 4 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c 3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 and that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. See Page 8 for the calculation of net capital.

NOTE 5 - INCOME TAXES

The Company files its Federal income tax return as a member of its parent's consolidated group. The Company, as a resident foreign corporation in the State of California, is required to file a California Franchise tax return. The Company has a net operating loss (NOL) carry forward which requires only a minimum \$800 payment in 2009.

NOTE 6 - OFF BALANCE SHEET RISK

Pursuant to the clearance agreement, the Company introduces all of its securities transactions to its sole clearing broker on a fully disclosed basis. Therefore, all of the customers' money balances and long and short security positions are carried on the books of the clearing broker. Under certain conditions as defined in the clearance agreement, the Company has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying securities transactions introduced by the Company. In accordance with industry practice and regulatory requirements, the Company and the clearing broker monitor collateral on the securities transactions introduced by the Company.

NOTE 7 - SIPC SUPPLEMENTARY REPORT REQUIREMENT

During the year ended December 31, 2009, SIPC raised its member's assessment to 0.0025 of each member's securities business total revenue. The Company is not required to complete the SIPC Supplementary Report under SEC Rule 17a-5(e) (4) for fiscal years ending December 31, 2009 because the Company's SIPC Net Operating Revenues are under \$500,000.

GLOBAL-AMERICAN INVESTMENTS, INC.

PART II
REPORT OF INDEPENDENT AUDITOR
ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC Rule 17a-5

Board of Directors
Global-American Investments, Inc.
Walnut, California

In planning and performing my audit of the financial statements and supplemental schedules of Global-American Investments, Inc. (the "Company") for the year ended December 31, 2009, I considered its internal control, including control activities for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), I have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that I considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3 (a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide

Board of Directors
Global-American Investments, Inc.
Walnut, California

management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving internal control, including control activities for safeguarding securities that I consider to be material weaknesses as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2009 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, FINRA, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Joseph Yafeh, CPA

Los Angeles, California
