REPORT OF INDEPENDENT REGISTERED
ACCOUNTING FIRM

To the Board of Directors and Stockholders of
Katalyst Securities LLC

I have audited the accompanying statement of financial condition of Katalyst Securities LLC as of December 31, 2009, and the related statements of operations, cash flows and changes in member's equity for the year then ended, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. I have also audited the company's internal control over financial reporting as of December 31, 2009, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Katalyst Securities LLC management is responsible for those financial statements, for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying statement of financial condition and the related statements of operations, cash flows and changes in member's equity. My responsibility is to express an opinion on those financial statements and an opinion on the company's internal control over reporting based on my audits.

I conducted my audit in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made

by management, and evaluating the overall financial statements presentation. My audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. My audit also included performing such other procedures as we considered necessary in the circumstances. I believe that my audit provides a reasonable basis for my opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance or records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

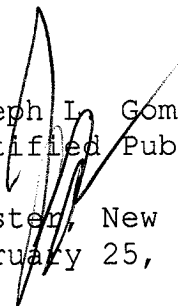

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In my opinion, such financial statements present fairly, in all material respects, the financial position of Katalyst Securities LLC at December 31, 2009, and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Katalyst Securities LLC
Page 3

Also, in my opinion, Katalyst Securities LLC maintained, in all material respects, effective internal control over financial reporting as of December 31, 2009, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Very truly yours,

Joseph L. Gomeringer
