KANE, MCKENNA CAPITAL, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Kane, McKenna Capital, Inc. (the Company) is a Corporation that is registered as a broker-dealer with the Financial Industry Regulatory Authority (FINRA) and the Securities Investor Protection Corporation ("SIPC"). The Company provides capital finance services including financial advisory assistance on the issuance of municipal bonds. The Company is a wholly-owned subsidiary of Kane, McKenna Associates, Inc. ("Parent").

The Parent is organized to engage in and provide advisory services regarding economic development and financial consulting to both the private and public sectors, primarily in Chicago and its surrounding area.

Revenue Recognition

The Company receives a fee for its services based on either hours of service provided at hourly rates or negotiated fixed fees based on contractual agreements. Fees are recorded as revenue as consulting services are performed.

Income Taxes

Deferred income tax assets and liabilities are computed for temporary differences between the financial statement and income tax bases of assets and liabilities. Current income taxes are allocated to the Company in proportion to its taxable income as a percentage of the consolidated group's taxable income. At December 31, 2009, there were no significant deferred tax assets or liabilities and, consequently, the entire tax provision for income taxes is current.

The Company adopted the provision of Accounting for Uncertainty in Income Taxes in 2009. These new rules establish a higher standard for tax benefits to meet before they can be recognized in a company's financial statements. The Company can recognize in financial statements the impact of a tax position taken, or expected to be taken, if it is more likely than not that the position will be sustained in an audit based on the technical merit of the position. The change in account did not have a material impact on the Company's financial statements.

At January 1, 2009, the amount of uncertain tax position was not determined to be material. It is not expected that the unrecognized tax benefit will be material within the next twelve months. The Company did not recognize any interest or penalties in 2009 or 2008.

The Company files consolidated federal and state income tax returns with its Parent and it is not subject to federal or state income tax examinations for taxable years prior to 2006.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through February 24, 2010, the date the financial statements were available to be issued.

Fair Value

The carrying amounts of financial instruments, including cash, accounts receivable, and accounts payable, approximates fair value due to the short maturity of these instruments.

NOTE 2 MINIMUM CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission (SEC) Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2009, the Company had net capital of \$22,066, which was \$17,066 in excess of its required net capital of \$5,000. In addition, the Company's ratio of aggregate indebtedness to net capital was 1.11 to 1.

NOTE 3 RELATED PARTY TRANSACTIONS

Because the Parent pays for many expenses of the Company, a management fee is paid to the Parent for the Company's approximate share of the expenses, under a fee-sharing arrangement. This fee amounted to \$585,300 in 2009. The amount due to the Parent is \$21,627 in 2009 is uncollateralized, noninterest-bearing, and due on demand.

NOTE 4 CONCENTRATION OF CREDIT RISK

Major Customers

Sales to two clients totaled \$155,000 or approximately 28% of net revenues for the year ended December 31, 2009. There were no accounts receivable balances for these two clients at December 31, 2009.

Uninsured Cash

The Company maintains bank accounts in one financial institution located in Illinois. Balances at this institution are insured by the Federal Deposit Insurance Corporation up to \$250,000 at December 31, 2009. There were no amounts considered uninsured.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL REQUIRED BY SECURITIES AND EXCHANGE COMMISSION RULE 17a-5

Stockholders and Board of Directors of
Kane, McKenna Associates, Inc. on behalf of
Kane, McKenna Capital, Inc.
Chicago, Illinois

In planning and performing our audit of the financial statements of Kane, McKenna Capital, Inc. (the Company) as of and for the year ended December 31, 2009, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included test of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customer or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparison and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorized and recorded properly to permit the preparation of financial statements in conformity with general accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Stockholders and Board of Directors
Kane, McKenna Capital, Inc.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the Company's financial reporting.

A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objections referred to in the second paragraph of this report are considered by the SEC to be adequate or its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures as described in the second paragraph of this report, were adequate at December 31, 2009, to meet the SEC's objectives.

This report is intended solely for the information and use of the stockholders, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be used by anyone other than these specified parties.
