Dear Mr. Bell:

This is in response to your letters dated January 15, 2013 and January 30, 2013 concerning the shareholder proposal submitted to Vector by Kenneth Steiner. We also have received letters on the proponent's behalf dated January 28, 2013 and February 3, 2013. **Response of the Office of Chief Counsel
Division of Corporation Finance**

Re: Vector Group Ltd.
Incoming letter dated January 15, 2013

The proposal requests that the executive pay committee adopt a policy requiring that senior executives retain a significant percentage of shares acquired through equity pay programs until reaching normal retirement age.

There appears to be some basis for your view that Vector may exclude the proposal under rule 14a-8(i)(10). Based on the information you have presented, it appears that Vector's policy compares favorably with the guidelines of the proposal and that Vector has, therefore, substantially implemented the proposal. Accordingly, we will not recommend enforcement action to the Commission if Vector omits the proposal from its proxy materials in reliance on rule 14a-8(i)(10).

Sincerely,

Ruairi J. Regan
Attorney-Adviser

**DIVISION OF CORPORATION FINANCE
INFORMAL PROCEDURES REGARDING SHAREHOLDER PROPOSALS**

The Division of Corporation Finance believes that its responsibility with respect to matters arising under Rule 14a-8 [17 CFR 240.14a-8], as with other matters under the proxy rules, is to aid those who must comply with the rule by offering informal advice and suggestions and to determine, initially, whether or not it may be appropriate in a particular matter to recommend enforcement action to the Commission. In connection with a shareholder proposal under Rule 14a-8, the Division's staff considers the information furnished to it by the Company in support of its intention to exclude the proposals from the Company's proxy materials, as well as any information furnished by the proponent or the proponent's representative.

Although Rule 14a-8(k) does not require any communications from shareholders to the Commission's staff, the staff will always consider information concerning alleged violations of the statutes administered by the Commission, including argument as to whether or not activities proposed to be taken would be violative of the statute or rule involved. The receipt by the staff of such information, however, should not be construed as changing the staff's informal procedures and proxy review into a formal or adversary procedure.

It is important to note that the staff's and Commission's no-action responses to Rule 14a-8(j) submissions reflect only informal views. The determinations reached in these no-action letters do not and cannot adjudicate the merits of a company's position with respect to the proposal. Only a court such as a U.S. District Court can decide whether a company is obligated to include shareholder proposals in its proxy materials. Accordingly a discretionary determination not to recommend or take Commission enforcement action, does not preclude a proponent, or any shareholder of a company, from pursuing any rights he or she may have against the company in court, should the management omit the proposal from the company's proxy material.

2 Rule 14a-8 Proposal
Vector Group Ltd. (VGR)
Executives to Retain Stock
Kenneth Steiner

Ladies and Gentlemen:

This is in regard to the January 15, 2013 company request concerning this rule 14a-8 proposal.

The company would seem to need an explanation on why it might purportedly not have any stock ownership guidelines whatsoever for its NEOs. This seems to be a confession of recklessness.

This is to request that the Securities and Exchange Commission allow this resolution to stand and be voted upon in the 2013 proxy.

Sincerely,

John Chevedden

Re: Rule 14a-8 proposal

Dear Sir or Madam:

This letter is in response to John Chevedden's January 28, 2013 letter concerning the Rule 14a-8 proposal submitted by Kenneth Steiner on December 5, 2012. On January 15, 2013, Vector Group submitted a letter to the U.S. Securities and Exchange Commission (the "Commission"), with supplemental material, pursuant to Rule 14a-8(j) under the Securities Exchange Act of 1934, as amended. In our letter, we advised the Commission, among other things, that the proposal may be properly omitted from our 2013 proxy materials under Rule 14a-8(i)(10) as having been "substantially implemented."

Mr. Chevedden's January 28, 2013 rebuttal letter claims that "The Company does not describe how its Equity Retention and Hedging Policy interfaces with its existing Equity Retention Policy." As a result, Mr. Chevedden requests that Mr. Steiner's proposal be allowed to stand, and "...be voted upon in the [Company's] 2013 proxy."

Contrary to Mr. Chevedden's letter, Vector describes, in the last sentence of the third paragraph on page two of its letter (a copy of which is attached with the relevant sentence highlighted) that "Vector does not have any existing stock ownership guidelines." Therefore, it is not necessary for the Company to "...describe how its newly adopted Equity Retention and Hedging policy interfaces..." with a non-existent policy. Accordingly, we respectfully request that Mr. Chevedden's January 28, 2013 correspondence be disregarded by the Commission in its evaluation of Vector Group's January 15, 2013 request to exclude Mr. Steiner's shareholder proposal.

Very truly yours,

Re: Vector Group Ltd. - Shareholder Proposal Submitted by Kenneth Steiner

Dear Sir or Madam:

The letter and the material enclosed herewith are submitted on behalf of Vector Group Ltd., a Delaware corporation ("Vector"), pursuant to Rule 14a-8(j) under the Securities Exchange Act of 1934, as amended. Vector received a shareholder proposal (the "Proposal") from Kenneth Steiner (the "Proponent"), for inclusion in Vector's 2013 proxy materials. A copy of the Proposal and related correspondence is attached hereto as Exhibit A. We have submitted this letter, together with the Proposal and the Proponent's related correspondence, to the Staff via e-mail at shareholderproposals@sec.gov in lieu of mailing paper copies. For the reasons stated below, Vector intends to omit the proposal from its 2013 proxy materials.

A copy of this letter and the attachments are being sent concurrently to the Proponent's representative advising him of Vector's intention to omit the proposal from its proxy materials for the 2013 Annual Meeting.

The Proposal

On December 5, 2012, Vector received the Proposal from the Proponent, part of which reads as follows:

[VGN: Rule 14a-8 Proposal, December 5, 2012]

Proposal 4* - Executives To Retain Significant Stock

Resolved: Shareholders request that our executive pay committee adopt a policy requiring that senior executives retain a significant percentage of shares acquired through equity pay programs until reaching normal retirement age. For the purpose of this policy, normal retirement age shall be defined by the Company's qualified retirement plan that has the largest number of plan participants. The shareholders recommend that the committee adopt a share retention percentage requirement of 25% of such shares.

The policy should prohibit hedging transactions for shares subject to this policy which are not sales but reduce the risk of loss to the executive. This policy shall supplement any other share ownership requirements that have been established for senior executives, and should be implemented so as not to violate our Company's existing contractual obligations or the terms of any pay or benefit plan currently in effect.

The Proposal May be Omitted from the Proxy Statement Pursuant to Rule 14a-8(i)(10).

The Proposal may be properly omitted from the 2013 proxy materials under Rule 14a-8(i)(10) as having been "substantially implemented." Vector's Equity Retention and Hedging Policy attached hereto as Exhibit B (the "Policy") contains substantially, if not all, of the requirements required by the Proponent in the Proposal.

The Proposal contains the following guidelines: (a) that senior executives retain 25% of their shares acquired through equity pay programs until reaching normal retirement age, (b) that the policy should supplement existing share ownership requirements for senior executives and should be implemented so as not to violate existing contractual obligations or the terms of any current pay or benefit plan, and (c) that the policy should prohibit hedging transactions for shares subject to the policy. The Proposal provides that "normal retirement age" shall be as defined by the company's qualified retirement plan that has the largest number of plan participants.

The Policy implements all three of the guidelines included in the Proposal: (i) senior executives will retain at least 25% (after taxes and exercise costs) of their Vector stock received under an incentive, equity or option award, until normal retirement age under Vector's Supplemental Retirement Plan (the SERP), (ii) the Policy applies to any Vector stock received by a senior executive under an incentive, equity or option award granted after January 1, 2013, and (iii) the Policy prohibits executive officers from hedging Vector stock subject to the Policy. Vector does not maintain a qualified retirement plan for its senior executives; the only retirement plan that senior executives are eligible to participate in is the non-qualified SERP (which has a normal retirement age of 60). ~~Vector does not have any existing share ownership guidelines.~~

Due to the adoption of the Policy by the Compensation Committee of the Board of Vector on January 15, 2013, the Proposal has been substantially implemented. On January 15, 2013, Vector filed an 8-K with the Securities and Exchange Commission (the "Commission") disclosing the Policy.

In *Release No. 34-20091* (August 16, 1983) the Commission stated that a registrant may properly exclude a proposal under what is now Rule 14a-8(i)(10) where the company has substantially implemented the proposal. The purpose of the rule is to "avoid the possibility of shareholders having to consider matters which have already been favorably acted upon by management." *Release No. 34-12598* (July 7, 1976) (addressing Rule 14a-8(c)(10), the predecessor rule to Rule 14a-8(i)(10)). The Commission has noted that "a determination that the company has substantially implemented the proposal depends upon whether [the company's] particular policies, practices and procedures compare favorably with the guidelines of the proposal." *Texaco, Inc.* (March 28, 1991). Substantial implementation under Rule 14a-8(i)(10) requires a company's actions to have satisfactorily addressed both the proposal's underlying concerns and its essential objective. *See, e.g., Starbucks Corporation* (December 1, 2011), *Exelon Corp.* (February 26, 2010), *Anheuser-Busch Companies, Inc.* (January 17, 2007), *ConAgra Foods, Inc.* (July 3, 2006), *Masco Corp.* (March 29, 1999). Further, when a company can demonstrate that it has already taken actions to address each element of a shareholder proposal, the Staff has concurred that the proposal has been "substantially implemented." *See, e.g., Exxon Mobil Corp. (Burt)* (March 23, 2009); *Exxon Mobil Corp.* (January 24, 2001); *The Gap, Inc.* (March 8, 1996).

As the Policy meets all three of the Proponent's guidelines in the Proposal and by doing so addresses the underlying concerns and objectives, the Proposal is properly excludable from Vector's proxy materials under Rule 14a-8(i)(10).

In view of the foregoing, Vector respectfully requests that the Staff confirm that Vector may properly omit the Proposal from its proxy materials for the 2013 Annual Meeting under Rule 14a-8(i)(10). Vector Group Ltd. (VGR)
Executives to Retain Stock
Kenneth Steiner

Ladies and Gentlemen:

This is in regard to the January 15, 2013 company request concerning this rule 14a-8 proposal.

The company does not describe how its Equity Retention and Hedging Policy interfaces with its existing Equity Retention Policy. The text of the proposal states:
"This policy shall supplement [add to] any other share ownership requirements that have been established for senior executives, and should be implemented so as not to violate our Company's existing contractual obligations or the terms of any pay or benefit plan currently in effect."

This is to request that the Securities and Exchange Commission allow this resolution to stand and be voted upon in the 2013 proxy.

[VGR: Rule 14a-8 Proposal, December 5, 2012, revised December 6, 2012]

Proposal 4* – Executives To Retain Significant Stock

Resolved: Shareholders request that our executive pay committee adopt a policy requiring that senior executives retain a significant percentage of shares acquired through equity pay programs until reaching normal retirement age. For the purpose of this policy, normal retirement age shall be defined by the Company's qualified retirement plan that has the largest number of plan participants. The shareholders recommend that the committee adopt a share retention percentage requirement of 25% of such shares.

The policy should prohibit hedging transactions for shares subject to this policy which are not sales but reduce the risk of loss to the executive. This policy shall supplement any other share ownership requirements that have been established for senior executives, and should be implemented so as not to violate our Company's existing contractual obligations or the terms of any pay or benefit plan currently in effect.

Requiring senior executives to hold a significant portion of stock obtained through executive pay plans would focus our executives on our company's long-term success. A Conference Board Task Force report on executive pay stated that hold-to-retirement requirements give executives "an ever-growing incentive to focus on long-term stock price performance."

This proposal should also be evaluated in the context of our Company's overall corporate governance as reported in 2012:

GMI/The Corporate Library, an independent investment research firm, had rated our company "D" since 2010 with "High Governance Risk." Also "High Concern" for director qualifications and "High Concern" for Executive Pay – \$13 million for our CEO Howard Lorber at a \$1 Billion company no less.

Mr. Lorber had \$3 million added to his pension in a single year and then had \$18 million in his accumulated pension. Because pension payments are not linked directly to company performance, they are difficult to justify in terms of shareholder value. Furthermore, long-term incentive pay consisted of time-based equity pay. Finally, Mr. Lorber was potentially entitled to a \$47 million bonanza under a change in control.

Jeffrey Podell, Howard Lorber, Bennett LeBow and Stanley Arkin received our highest negative votes – in double-digits. Double-digit directors controlled the chairmanship of our audit committee and half of the seats on our executive pay and nomination committees. As a comparison one director showed that he could get less than 5% in negative votes. As for succession planning, Stanley Arkin became a new director at age 73 and had no experience on the board of a major company. Mr. Arkin became the 3rd director on our 7-person board to be beyond age 70.

Four directors had 11 to 26 years long-tenure. Director independence erodes after 10-years. GMI said long-tenured directors could form relationships that may hinder their ability to provide effective oversight. A more independent perspective would be a priceless asset for our directors.

Please encourage our board to respond positively to this proposal to protect shareholder value:

The Proposal may be properly omitted from the 2013 proxy materials under Rule 14a-8(i)(10) as having been “substantially implemented.” Vector’s Equity Retention and Hedging Policy attached hereto as Exhibit B (the “Policy”) contains substantially, if not all, of the requirements required by the Proponent in the Proposal.
