# Dear Fellow Stockholders:

I would like to welcome you as you review our annual stockholders' report.

## Overview

The year 2012 was a ground breaking year for Macerich – literally. It provides a solid foundation to build on in 2013. Last year, we broke ground on our 526,000 square foot enclosed, two-level Fashion Outlets of Chicago project. This center is expected to open on August 1, 2013, offering one of the most outstanding fashion line-ups of any new outlet center to open in the United States in many years. Our anchors, Last Call by Neiman Marcus, Bloomingdale's The Outlet Store, Saks Fifth Avenue Off 5th, and Forever 21, will be joined by such stellar fashion retailers as Longchamp, Brunello Cucinelli, Prada, Gucci, Giorgio Armani, Halston, Michael Kors, Coach, Coach Men's, Tory Burch and many others. We view Fashion Outlets of Chicago as a terrific addition to our portfolio, increasing the Company's presence in one of the largest markets in the country.

We also broke ground during 2012 on the mixed-use densification of Tysons Corner Center, which will add 1.4 million square feet to one of the country's premier retail centers. The Tysons expansion includes a 524,000 square foot, 22-story office tower; a 500,000 square foot, 30-story, 430 unit luxury residential tower; and a 17-story, 300 room Hyatt Regency hotel. We made it clear during the year that we would not proceed with the office component without signing a lead anchor tenant. In November of 2012, we were successful in signing Intelsat, the world's leading provider of satellite services, as our lead anchor tenant for the office tower. Leasing of the remainder of the Tysons office tower is progressing extremely well and we expect additional anchor announcements in the near future. It is important to note that Tysons Corner Center is already one of the top retail centers in the United States, generating almost \$1 billion in annual sales, and is the dominant center in the Washington D.C. market. This center is anchored by Nordstrom, Bloomingdale's, Lord & Taylor, Macy's and one of the highest volume AMC Theatres in the United States.

The densification of Tysons Corner Center has been planned for over ten years and is intended to coincide with the grand opening of the Metrorail extension that will link Tysons

Corner to downtown Washington D.C. later this year; and in the near future to Dulles Airport. Northern Virginia and Fairfax County officials desired a transit-oriented development surrounding this new important transportation hub and we were successful in obtaining the entitlements to create exactly that type of development at Tysons Corner. We believe we will not only create significant net asset value in each of the three new towers but, equally important, we will enhance the productivity of the retail center and demand from retailers for flagship locations at Tysons. We are confident that upon completion next year, this development will be one of the premier projects, possibly the premier project, of its kind in the United States.

## Balance Sheet, Portfolio Management and Acquisitions

In 2012, we made significant progress in enhancing and strengthening our balance sheet while also rebalancing our portfolio through strategic acquisitions and dispositions of non-core assets. Notably, we successfully extended the average debt maturities on our balance sheet from approximately three years to over five years while reducing our average borrowing costs. The chart on page 4 illustrates this significant lengthening of our debt maturities. We financed over \$2.4 billion of debt during the year, reducing our average effective interest rate from 5.0% as of December 2011 to 4.3% as of December 2012. These transactions produced excess proceeds of over \$1.3 billion, which were used for acquisitions, developments, redevelopments, reduction of corporate debt and for general corporate purposes.

On the portfolio management side, we were successful in disposing of \$468 million of non-core assets and this disposition of non-core assets will continue in 2013. More importantly, we acquired \$1.7 billion of new assets and additional partnership interests in core assets. In Fall 2012, we increased our ownership in FlatIron Crossing in Broomfield (\$548 sales per square foot) to 100% from our previous 25% level, and we likewise acquired 100% ownership of Arrowhead Towne Center (\$635 sales per square foot) in Northwest Phoenix, with the purchase of our partner's 33% interest.

We are also very excited about the \$1.25 billion acquisition of Kings Plaza Shopping Center in Brooklyn, New York,

## Debt Maturities by Year (% of Total Debt)

\* The Proforma Year End 12/31/2012 percentages give effect to the closing of two financings in January 2013 that were under contract during 2012 as well as Kings Plaza related financing activities that occurred in January 2013.

\*\* Year 2016 includes our Company's revolving line of credit balance of \$290.0 million at Year End 12/31/2011 and \$605.6 million at Proforma Year End 12/31/2012.

completed in November 2012 and the January 2013 acquisition of Green Acres Mall in Valley Stream, New York. The acquisitions of Kings Plaza and Green Acres dramatically increase our investments in the greater New York Boroughs and regional market. More than 10% of our portfolio net operating income (NOI) is now generated from the Boroughs in New York. We have already demonstrated tremendous success in this market through Queens Center and are extremely confident about the future success of Kings Plaza as well as Green Acres in the years to come. These acquisitions highlight our strong interest in densely populated trade areas where we can create value through our market position and organizational resources.

While I am pleased that our average sales reached \$517 per square foot in 2012, I have felt for some time that this two-dimensional average does not reveal the true power of our portfolio. Therefore, we recently started disclosing our sales per square foot by property and providing specific guidance illustrating which properties generate our Company's NOI (see pages 9-10). This supplemental disclosure highlights the fact that our top 40 centers account for approximately 78% of our NOI and have average sales per square foot of almost \$600. After our planned dispositions of non-core assets are completed, we anticipate our top 40 centers will produce sales of over \$600 per square foot and about 85% of our NOI.

## Operations

On the operating side, we had a very good year in terms of funds from operations growth, same center NOI growth, increased occupancies and leasing spreads. We believe the fundamentals in the regional mall business are strong. Our year-end portfolio average sales per square foot were approximately \$517, representing a \$50 a foot increase from the sales per square foot that we enjoyed in 2007 - the first complete year prior to the severe recession of 2008/2009.

We had strong leasing spreads of 15% in 2012. In addition, our mall portfolio occupancy increased to 93.8% at

## Occupancy at Year-End

December 31, 2012 compared to 92.7% at December 31, 2011. Although we saw a positive increase over 2011 same center NOI, our management team is focused on improving last year's 2.9% same center NOI growth. We are specifically focusing on increasing occupancy levels, converting temporary leases to permanent leases, and bringing expiring rents up to market in our improving environment where retail margins have widened and retailers' appetite for growth has returned. Both U.S. and global retailers are primarily targeting the United States for their new store strategies because of the safety and security that they find in our economy compared to the rest of the world.

## Dispositions and Capital Recycling

Our guidance in February of this year assumed property sales in the range of \$500 million to \$1 billion of assets. Assuming the midpoint of that range, we believe upon completion of these dispositions, we will generate equity proceeds of approximately \$700 million which will be utilized to primarily fund our remaining development pipeline over the next three to four years. This is an important component of our strategy to rebalance our portfolio by selling non-core assets and recycling the capital into highly productive core assets in our key markets.

The properties we plan to sell are generally in smaller cities, generate sales between \$300 to \$400 per square foot, and are unencumbered. As a result of these characteristics, these malls are attractive to an emerging market of private equity investors. We expect to sell seven to ten properties and look forward to refining our focus on our remaining portfolio, redevelopments, and new developments.

## Developments and Redevelopments

Looking at our development and redevelopment pipeline:

- We look forward to the grand opening of Fashion Outlets of Chicago in August of this year and anticipate it will be one of the strongest new outlet centers opening in many years.

- We are working diligently at Tysons Corner and expect our expansion project will be delivered on time and on budget, opening in phases throughout 2014.
- We will break ground soon on the 150,000 square foot expansion of Fashion Outlets of Niagara Falls USA, and our pre-leasing of this expansion space is proceeding very well.
- We will further enhance The Shops at North Bridge with the highly anticipated 2013 opening of Eataly, the largest artisanal Italian food and wine emporium in the world. This will be Eataly's second U.S. location, its largest one, at 60,000 square feet, and a signature attraction for visitors.
- We have made great progress on our development plans for Broadway Plaza in Walnut Creek and are optimistic we can commence demolition of approximately 60% of that center in January 2014, with the re-opening of the small shop area occurring in phases in 2016. Our terrific department store line-up of Neiman Marcus, Nordstrom and Macy's will remain open during construction as will much of the retail center. Upon completion, we anticipate adding 200,000 square feet to the center and investing approximately \$250 million together with our 50% partner, Northwestern Mutual. We expect attractive returns on our investment and believe that this is an opportunity to create a highly desirable, fashion center in the Bay area. Similar to our transformation of Santa Monica Place, we believe we will transform Broadway Plaza from an already wonderful retail location into one of the most dynamic centers on the West Coast.
- We are already formulating plans for the redevelopment of our newly acquired Kings Plaza and Green Acres. At Kings Plaza, we anticipate commencing the first phase in 2014 with the construction of a new food court, an interior remodel and a complete remerchandising of the center. There are over 50 tenants that have highly productive stores at our Queens Center but do not have a presence at Kings Plaza. We are working with unique retailers such as Michael Kors and anticipate Kings Plaza will be one of the great value enhancement opportunities in our future. The reception from the retailer community has been extremely positive given our success at Queens Center. At Green Acres, we are under contract to acquire approximately 20 acres of contiguous land and there is strong interest for big box and other uses that will further solidify this center that already generates over \$800 million in annual sales.

## General Outlook

As I mentioned earlier, the retail climate in the United States has steadily improved over the last three years and is now overall very good. Fundamentals are strong in terms of supply and demand in the regional mall industry and we believe that our focus on major metropolitan markets and dominant fortress assets will serve us well for many years to come. The Arizona economy has bottomed out, diversified and is experiencing a robust economic recovery which will benefit our portfolio in this market. Phoenix has generally led the nation in economic and/or population growth most years of every decade over the past 60 years and is expected to grow at a rate of twice the U.S. average over the next five years. We believe the current economic expansion that is underway in Arizona will provide us an opportunity to build another regional mall in West Phoenix in the Goodyear marketplace as well as potentially a fashion outlet mall in the North Scottsdale market over the next three to five years. Given our land holdings and control of the key growth corridors in the market, it is simply a question of when, not if, in Arizona.

The regional economies in Southern California as well as Northern California are likewise strong and our markets in the Boroughs of New York and Northern Virginia are some of the best in the United States. We have numerous future growth opportunities and believe by concentrating on fewer, but higher quality assets, we can deliver the best possible stockholder return on a risk-adjusted basis.

## Summary

We have an outstanding portfolio with nearly 80% of our NOI generated from high sales properties located in some of the most populated and fastest-growing markets in the United States. We are committed to further enhancing our portfolio and fueling our external growth by not only successfully executing our current development pipeline but also by unlocking our embedded redevelopment opportunities. Consistent with our investment strategy of recycling capital, we plan to fund most of our development and redevelopment pipeline through the sale of our non-core assets. While this may be a familiar theme in the real estate markets today, it is very difficult to achieve in the regional mall sector. The number of dominant regional mall opportunities to build or

## Total Stockholder Returns

acquire is extremely scarce. Also, the universe of buyers to purchase our non-core assets is limited. We are confident we will be successful and will continue to make great progress in our evolution of rebalancing our portfolio and recycling our capital into our most productive properties and projects. We believe our redevelopment opportunities and key developments coupled with an improving environment for releasing and remerchandising make the future of our Company very bright.

I want to thank our stakeholders and our Board of Directors for their guidance during the year and welcome our new Board member, Andrea Stephen. I also want to thank Jim Cownie, who retired as a director in 2012, for his over 18 years of service to our Company. Jim made invaluable contributions to our Board and to the formation and growth of our Company.

I look forward to reporting to you during the balance of this year.

Very truly yours,

Arthur M. Coppola  
Chairman and Chief Executive Officer

### IMPORTANT FACTORS RELATED TO FORWARD-LOOKING STATEMENTS

This Annual Report on Form 10-K of The Macerich Company (the “Company”) contains or incorporates by reference statements that constitute forward-looking statements within the meaning of the federal securities laws. Any statements that do not relate to historical or current facts or matters are forward-looking statements. You can identify some of the forward-looking statements by the use of forward-looking words, such as “may,” “will,” “could,” “should,” “expects,” “anticipates,” “intends,” “projects,” “predicts,” “plans,” “believes,” “seeks,” “estimates,” “scheduled” and variations of these words and similar expressions. Statements concerning current conditions may also be forward-looking if they imply a continuation of current conditions. Forward-looking statements appear in a number of places in this Form 10-K and include statements regarding, among other matters:

- expectations regarding the Company’s growth;
- the Company’s beliefs regarding its acquisition, redevelopment, development, leasing and operational activities and opportunities, including the performance of its retailers;
- the Company’s acquisition, disposition and other strategies;
- regulatory matters pertaining to compliance with governmental regulations;
- the Company’s capital expenditure plans and expectations for obtaining capital for expenditures;
- the Company’s expectations regarding income tax benefits;
- the Company’s expectations regarding its financial condition or results of operations; and
- the Company’s expectations for refinancing its indebtedness, entering into and servicing debt obligations and entering into joint venture arrangements.

Stockholders are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks, uncertainties and other factors that may cause actual results, performance or achievements of the Company or the industry to differ materially from the Company’s future results, performance or achievements, or those of the industry, expressed or implied in such forward-looking statements. You are urged to carefully review the disclosures we make concerning risks and other factors that may affect our business and operating results, including those made in “Item 1A. Risk Factors” of this Annual Report on Form 10-K, as well as our other reports filed with the Securities and Exchange Commission (“SEC”). You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this document. The Company does not intend, and undertakes no obligation, to update any forward-looking information to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events, unless required by law to do so.

#### ITEM 1. BUSINESS

##### General

The Company is involved in the acquisition, ownership, development, redevelopment, management and leasing of regional and community shopping centers located throughout the United States. The Company is the sole general partner of, and owns a majority of the ownership interests in, The Macerich Partnership, L.P., a Delaware limited partnership (the “Operating Partnership”). As of December 31, 2012, the Operating Partnership owned or had an ownership interest in 61 regional shopping centers and nine community/power shopping centers totaling approximately 63 million square feet of gross leasable area (“GLA”). These 70 regional and community/power shopping centers are referred to herein as the “Centers,” and consist of consolidated Centers (“Consolidated Centers”) and

unconsolidated joint venture Centers (“Unconsolidated Joint Venture Centers”) as set forth in “Item 2. Properties,” unless the context otherwise requires. The Company is a self-administered and self-managed real estate investment trust (“REIT”) and conducts all of its operations through the Operating Partnership and the Company’s management companies, Macerich Property Management Company, LLC, a single member Delaware limited liability company, Macerich Management Company, a California corporation, Macerich Arizona Partners LLC, a single member Arizona limited liability company, Macerich Arizona Management LLC, a single member Delaware limited liability company, Macerich Partners of Colorado LLC, a Colorado limited liability company, MACW Mall Management, Inc., a New York corporation, and MACW Property Management, LLC, a single member New York limited liability company. All seven of the management companies are collectively referred to herein as the “Management Companies.”

The Company was organized as a Maryland corporation in September 1993. All references to the Company in this Annual Report on Form 10-K include the Company, those entities owned or controlled by the Company and predecessors of the Company, unless the context indicates otherwise.

Financial information regarding the Company for each of the last three fiscal years is contained in the Company’s Consolidated Financial Statements included in “Item 15. Exhibits and Financial Statement Schedules.”

## **Recent Developments**

### *Acquisitions and Dispositions:*

On February 29, 2012, the Company acquired a 327,000 square foot mixed-use retail/office building in Chicago, Illinois (“500 North Michigan Avenue”) for \$70.9 million. The purchase price was funded from borrowings under the Company’s line of credit.

On March 30, 2012, the Company sold its 50% ownership interest in Chandler Village Center, a 273,000 square foot community center in Chandler, Arizona, for a total sales price of \$14.8 million, resulting in a gain on the sale of assets of \$8.2 million. The sales price was funded by a cash payment of \$6.0 million and the assumption of the Company’s share of the mortgage note payable on the property of \$8.8 million. The Company used the cash proceeds from the sale to pay down its line of credit and for general corporate purposes.

On March 30, 2012, the Company sold its 50% ownership interest in Chandler Festival, a 500,000 square foot community center in Chandler, Arizona, for a total sales price of \$31.0 million, resulting in a gain on the sale of assets of \$12.3 million. The sales price was funded by a cash payment of \$16.2 million and the assumption of the Company’s share of the mortgage note payable on the property of \$14.8 million. The Company used the cash proceeds from the sale to pay down its line of credit and for general corporate purposes.

On March 30, 2012, the Company’s joint venture in SanTan Village Power Center, a 491,000 square foot community center in Gilbert, Arizona, sold the property for \$54.8 million, resulting in a gain on the sale of assets of \$23.3 million for the joint venture. The Company’s pro rata share of the gain recognized was \$7.9 million. The Company used its share of the proceeds to pay down its line of credit and for general corporate purposes.

On April 30, 2012, the Company sold The Borgata, a 94,000 square foot community center in Scottsdale, Arizona, for \$9.2 million, resulting in a loss on the sale of assets of \$1.3 million. The Company used the proceeds from the sale to pay down its line of credit and for general corporate purposes.

On May 11, 2012, the Company sold a former Mervyn's store in Montebello, California for \$20.8 million, resulting in a loss on the sale of assets of \$0.4 million. The proceeds from the sale were used for general corporate purposes.

On May 17, 2012, the Company sold Hilton Village, a 80,000 square foot community center in Scottsdale, Arizona, for \$24.8 million, resulting in a gain on the sale of assets of \$3.1 million. The Company used the proceeds from the sale to pay down its line of credit and for general corporate purposes.

On May 31, 2012, the Company sold its 50% ownership interest in Chandler Gateway, a 260,000 square foot community center in Chandler, Arizona, for a total sales price of \$14.3 million, resulting in a gain on the sale of assets of \$3.4 million. The sales price was funded by a cash payment of \$4.9 million and the assumption of the Company's share of the mortgage note payable on the property of \$9.4 million. The Company used the cash proceeds from the sale to pay down its line of credit and for general corporate purposes.

On June 28, 2012, the Company sold Carmel Plaza, a 112,000 square foot community center in Carmel, California, for \$52.0 million, resulting in a gain on the sale of assets of \$7.8 million. The Company used the proceeds from the sale to pay down its line of credit.

On August 10, 2012, the Company was bought out of its ownership interest in NorthPark Center, a 1,946,000 square foot regional shopping center in Dallas, Texas, for \$118.8 million, resulting in a gain of \$24.6 million. The Company used the cash proceeds to pay down its line of credit.

On October 3, 2012, the Company acquired the 75% ownership interest in FlatIron Crossing, a 1,443,000 square foot regional shopping center in Broomfield, Colorado, that it did not own for \$310.4 million. The purchase price was funded by a cash payment of \$195.9 million and the assumption of the third party's share of the mortgage note payable on the property of \$114.5 million.

On October 26, 2012, the Company acquired the remaining 33.3% ownership interest in Arrowhead Towne Center, a 1,196,000 square foot regional shopping center in Glendale, Arizona, that it did not own for \$144.4 million. The purchase price was funded by a cash payment of \$69.0 million and the assumption of the third party's pro rata share of the mortgage note payable on the property of \$75.4 million.

On November 28, 2012, the Company acquired Kings Plaza Shopping Center, a 1,198,000 square foot regional shopping center in Brooklyn, New York, for a purchase price of \$756.0 million. The purchase price was funded from a cash payment of \$726.0 million and the issuance of \$30.0 million in restricted common stock of the Company. The cash payment was provided by the placement of a \$500.0 million mortgage note on the property and from borrowings under the Company's line of credit.

On January 24, 2013, the Company acquired Green Acres Mall, a 1,800,000 square foot regional shopping center in Valley Stream, New York, for a purchase price of \$500.0 million. The purchase price was funded from the placement of a \$325.0 million mortgage note on the property and from borrowings under the Company's line of credit.

Concurrent with the acquisition, the Company borrowed \$100.0 million on the loan. On January 31, 2013, the Company exercised its option to borrow the remaining \$225.0 million of the loan.

#### *Redevelopment and Development Activity:*

In August 2011, the Company entered into a joint venture agreement with a subsidiary of AWE/Talisman for the development of Fashion Outlets of Chicago in the Village of Rosemont, Illinois. The Company owns 60% of the joint venture and AWE/Talisman owns 40%. The Center will be a fully enclosed two level, 526,000 square foot outlet center. The site is located within a mile of O'Hare International Airport. The project broke ground in November 2011 and is expected to be completed in August 2013. The total estimated project cost is approximately \$200.0 million. As of December 31, 2012, the joint venture has incurred \$91.8 million of development costs. On March 2, 2012, the joint venture obtained a construction loan on the property that allows for borrowings up to \$140.0 million, bears interest at LIBOR plus 2.50% and matures on March 5, 2017. As of December 31, 2012, the joint venture has borrowed \$9.2 million under the loan.

The Company's joint venture in Tysons Corner, a 2,154,000 square foot regional shopping center in McLean, Virginia, is currently expanding the property to include a 524,000 square foot office building, a 430 unit residential tower and a 300 room hotel. The joint venture started the expansion project in October 2011 and expects it to be completed in Fall 2014. The total cost of the project is estimated at \$600.0 million, of which \$300.0 million is estimated to be the Company's pro rata share. The Company has funded \$64.8 million of the total of \$129.6 million cost incurred by the joint venture as of December 31, 2012.

#### *Other Transactions and Events:*

On July 15, 2010, a court appointed receiver assumed operational control of Valley View Center and responsibility for managing all aspects of the property. In March 2012, the Company recorded an impairment charge of \$54.3 million to write down the carrying value of the long-lived assets to their estimated fair value. On April 23, 2012, the property was sold by the receiver for \$33.5 million, which resulted in a gain on the extinguishment of debt of \$104.0 million.

On May 31, 2012, the Company conveyed Prescott Gateway, a 584,000 square foot regional shopping center in Prescott, Arizona, to the mortgage note lender by a deed-in-lieu of foreclosure. The mortgage loan was non-recourse. As a result of the conveyance, the Company recognized a gain on the extinguishment of debt of \$16.3 million.

### **The Shopping Center Industry**

#### *General:*

There are several types of retail shopping centers, which are differentiated primarily based on size and marketing strategy. Regional shopping centers generally contain in excess of 400,000 square feet of GLA and are typically anchored by two or more department or large retail stores ("Anchors") and are referred to as "Regional Shopping Centers" or "Malls." Regional Shopping Centers also typically contain numerous diversified retail stores ("Mall Stores"), most of which are national or regional

retailers typically located along corridors connecting the Anchors. “Strip centers,” “urban villages” or “specialty centers” (“Community/Power Shopping Centers”) are retail shopping centers that are designed to attract local or neighborhood customers and are typically anchored by one or more supermarkets, discount department stores and/or drug stores. Community/Power Shopping Centers typically contain 100,000 to 400,000 square feet of GLA. Outlet Centers generally contain a wide variety of designer and manufacturer stores located in an open-air center and typically range in size from 200,000 to 850,000 square feet of GLA. In addition, freestanding retail stores are located along the perimeter of the shopping centers (“Freestanding Stores”). Mall Stores and Freestanding Stores over 10,000 square feet are also referred to as “Big Box.” Anchors, Mall Stores, Freestanding Stores and other tenants typically contribute funds for the maintenance of the common areas, property taxes, insurance, advertising and other expenditures related to the operation of the shopping center.

#### *Regional Shopping Centers:*

A Regional Shopping Center draws from its trade area by offering a variety of fashion merchandise, hard goods and services and entertainment, often in an enclosed, climate controlled environment with convenient parking. Regional Shopping Centers provide an array of retail shops and entertainment facilities and often serve as the town center and a gathering place for community, charity, and promotional events.

Regional Shopping Centers have generally provided owners with relatively stable income despite the cyclical nature of the retail business. This stability is due both to the diversity of tenants and to the typical dominance of Regional Shopping Centers in their trade areas.

Regional Shopping Centers have different strategies with regard to price, merchandise offered and tenant mix, and are generally tailored to meet the needs of their trade areas. Anchors are located along common areas in a configuration designed to maximize consumer traffic for the benefit of the Mall Stores. Mall GLA, which generally refers to GLA contiguous to the Anchors for tenants other than Anchors, is leased to a wide variety of smaller retailers. Mall Stores typically account for the majority of the revenues of a Regional Shopping Center.

### **Business of the Company**

#### *Strategy:*

The Company has a long-term four-pronged business strategy that focuses on the acquisition, leasing and management, redevelopment and development of Regional Shopping Centers.

*Acquisitions.* The Company principally focuses on well-located, quality Regional Shopping Centers that can be dominant in their trade area and have strong revenue enhancement potential. In addition, the Company pursues other opportunistic acquisitions of property that include retail and will complement the Company’s portfolio such as Outlet Centers. The Company subsequently seeks to improve operating performance and returns from these properties through leasing, management and redevelopment. Since its initial public offering, the Company has acquired interests in shopping centers nationwide. The Company believes that it is geographically well positioned to cultivate and maintain ongoing relationships with potential sellers and financial institutions and to act quickly when acquisition opportunities arise. (See “Acquisitions and Dispositions” in Recent Developments).

*Leasing and Management.* The Company believes that the shopping center business requires specialized skills across a broad array of disciplines for effective and profitable operations. For this reason, the Company has developed a fully integrated real estate organization with in-house acquisition, accounting, development, finance, information technology, leasing, legal, marketing, property management and redevelopment expertise. In addition, the Company emphasizes a philosophy of decentralized property management, leasing and marketing performed by on-site professionals. The

Company believes that this strategy results in the optimal operation, tenant mix and drawing power of each Center, as well as the ability to quickly respond to changing competitive conditions of the Center's trade area.

The Company believes that on-site property managers can most effectively operate the Centers. Each Center's property manager is responsible for overseeing the operations, marketing, maintenance and security functions at the Center. Property managers focus special attention on controlling operating costs, a key element in the profitability of the Centers, and seek to develop strong relationships with and be responsive to the needs of retailers.

Similarly, the Company generally utilizes on-site and regionally located leasing managers to better understand the market and the community in which a Center is located. The Company continually assesses and fine tunes each Center's tenant mix, identifies and replaces underperforming tenants and seeks to optimize existing tenant sizes and configurations.

On a selective basis, the Company provides property management and leasing services for third parties. The Company currently manages four regional shopping centers and three community centers for third party owners on a fee basis.

*Redevelopment.* One of the major components of the Company's growth strategy is its ability to redevelop acquired properties. For this reason, the Company has built a staff of redevelopment professionals who have primary responsibility for identifying redevelopment opportunities that they believe will result in enhanced long-term financial returns and market position for the Centers. The redevelopment professionals oversee the design and construction of the projects in addition to obtaining required governmental approvals. (See "Redevelopment and Development" in Recent Developments).

*Development.* The Company pursues ground-up development projects on a selective basis. The Company has supplemented its strong acquisition, operations and redevelopment skills with its ground-up development expertise to further increase growth opportunities. (See "Redevelopment and Development" in Recent Developments).

### *The Centers*

As of December 31, 2012, the Centers consist of 61 Regional Shopping Centers and nine Community/Power Shopping Centers totaling approximately 63 million square feet of GLA. The 61 Regional Shopping Centers in the Company's portfolio average approximately 930,000 square feet of GLA and range in size from 2.1 million square feet of GLA at Tysons Corner Center to 242,000 square feet of GLA at Tucson La Encantada. The Company's nine Community/Power Shopping Centers have an average of approximately 486,000 square feet of GLA. As of December 31, 2012, the Centers included 243 Anchors totaling approximately 33.1 million square feet of GLA and approximately 7,300 Mall Stores and Freestanding Stores totaling approximately 30.3 million square feet of GLA.

### *Competition*

There are numerous owners and developers of real estate that compete with the Company in its trade areas. There are eight other publicly traded mall companies in the United States and several large private mall companies, any of which under certain circumstances could compete against the Company for an acquisition of an Anchor or a tenant. In addition, other REITs, private real estate companies, and financial buyers compete with the Company in terms of acquisitions. This results in competition for both the acquisition of properties or centers and for tenants or Anchors to occupy space. Competition for property acquisitions may result in increased purchase prices and may adversely affect the Company's ability to make suitable property acquisitions on favorable terms. The existence of competing shopping centers could have a material adverse impact on the Company's ability to lease

space and on the level of rents that can be achieved. There is also increasing competition from other retail formats and technologies, such as lifestyle centers, power centers, Internet shopping, home shopping networks, outlet centers and discount shopping clubs that could adversely affect the Company's revenues.

In making leasing decisions, the Company believes that retailers consider the following material factors relating to a center: quality, design and location, including consumer demographics; rental rates; type and quality of Anchors and retailers at the center; and management and operational experience and strategy of the center. The Company believes it is able to compete effectively for retail tenants in its local markets based on these criteria in light of the overall size, quality and diversity of its Centers.

*Major Tenants*

The Centers derived approximately 77% of their total rents for the year ended December 31, 2012 from Mall Stores and Freestanding Stores under 10,000 square feet. Big Box and Anchor tenants accounted for 23% of total rents for the year ended December 31, 2012.

The following retailers (including their subsidiaries) represent the 10 largest rent payers in the Centers based upon total rents in place as of December 31, 2012:

<u>Tenant</u>	<u>Primary DBAs</u>	<u>Number of Locations in the Portfolio</u>	<u>% of Total Rents(1)</u>

*Mall Stores and Freestanding Stores*

Mall Store and Freestanding Store leases generally provide for tenants to pay rent comprised of a base (or “minimum”) rent and a percentage rent based on sales. In some cases, tenants pay only minimum rent, and in other cases, tenants pay only percentage rent. The Company has generally entered into leases for Mall Stores and Freestanding Stores that require tenants to pay a stated amount for operating expenses, generally excluding property taxes, regardless of the expenses the Company actually incurs at any Center. Additionally, certain leases for Mall Stores and Freestanding Stores contain provisions that require tenants to pay their pro rata share of maintenance of the common areas, property taxes, insurance, advertising and other expenditures related to the operations of the Center.

Tenant space of 10,000 square feet and under in the Company’s portfolio at December 31, 2012 comprises 65.3% of all Mall Store and Freestanding Store space. The Company uses tenant spaces of 10,000 square feet and under for comparing rental rate activity because this space is more consistent in terms of shape and configuration and, as such, the Company is able to provide a meaningful comparison of rental rate activity for this space. Mall Store and Freestanding Store space greater than 10,000 square feet is inconsistent in size and configuration throughout the Company’s portfolio and as a result does not lend itself to a meaningful comparison of rental rate activity with the Company’s other space. Most of the non-Anchor space over 10,000 square feet is not physically connected to the mall, does not share the same common area amenities and does not benefit from the foot traffic in the mall. As a result, space greater than 10,000 square feet has a unique rent structure that is inconsistent with mall space under 10,000 square feet.

The following tables set forth the average base rent per square foot for the Centers, as of December 31 for each of the past five years:

- (1) Average base rent per square foot is based on spaces occupied as of December 31 for each of the Centers and gives effect to the terms of each lease in effect, as of such date, including any concessions, abatements and other adjustments or allowances that have been granted to the tenants.
- (2) Centers under development and redevelopment are excluded from average base rents. The leases for The Shops at Atlas Park and Southridge Mall were excluded for the years ended 2012 and 2011. The leases for Santa Monica Place were excluded for the years ended December 31, 2010, 2009 and 2008. The leases for The Market at Estrella Falls were excluded for the years ended December 31, 2009 and 2008. The leases for Promenade at Casa Grande, SanTan Village Power Center and SanTan Village Regional Center were excluded for the year ended December 31, 2008.
- (3) The average base rent per square foot on leases executed during the year represents the actual rent paid on a per square foot basis during the first twelve months of the lease.
- (4) The average base rent per square foot on leases expiring during the year represents the actual rent to be paid on a per square foot basis during the final twelve months of the lease.

*Cost of Occupancy*

A major factor contributing to tenant profitability is cost of occupancy, which consists of tenant occupancy costs charged by the Company. Tenant expenses included in this calculation are minimum rents, percentage rents and recoverable expenditures, which consist primarily of property operating expenses, real estate taxes and repair and maintenance expenditures. These tenant charges are collectively referred to as tenant occupancy costs. These tenant occupancy costs are compared to tenant sales. A low cost of occupancy percentage shows more capacity for the Company to increase rents at the time of lease renewal than a high cost of occupancy percentage. The following table summarizes

occupancy costs for Mall Store and Freestanding Store tenants in the Centers as a percentage of total Mall Store sales for the last five years:

(1) The ending base rent per square foot on leases expiring during the period represents the final year minimum rent, on a cash basis, for tenant leases expiring during the year. Currently, 63% of leases have provisions for future consumer price index increases that are not reflected in ending base rent. The leases for The Shops at Atlas Park and Southridge Mall were excluded as these properties are under redevelopment.

*Anchors*

Anchors have traditionally been a major factor in the public's identification with Regional Shopping Centers. Anchors are generally department stores whose merchandise appeals to a broad range of shoppers. Although the Centers receive a smaller percentage of their operating income from Anchors than from Mall Stores and Freestanding Stores, strong Anchors play an important part in maintaining customer traffic and making the Centers desirable locations for Mall Store and Freestanding Store tenants.

Anchors either own their stores, the land under them and in some cases adjacent parking areas, or enter into long-term leases with an owner at rates that are lower than the rents charged to tenants of Mall Stores and Freestanding Stores. Each Anchor that owns its own store and certain Anchors that lease their stores enter into reciprocal easement agreements with the owner of the Center covering, among other things, operational matters, initial construction and future expansion.

Anchors accounted for approximately 8.5% of the Company's total rents for the year ended December 31, 2012.

The following table identifies each Anchor, each parent company that owns multiple Anchors and the number of square feet owned or leased by each such Anchor or parent company in the Company's portfolio at December 31, 2012.

(1) Macy's is scheduled to open a 103,000 square foot department store at Mall of Victor Valley in March 2013.

(2) The Company is currently seeking replacement tenants and/or contemplating redevelopment opportunities for these vacant sites.

- (3) The Company owns a portfolio of 14 stores located at shopping centers not owned by the Company. Of these 14 stores, four have been leased to Forever 21, one has been leased to Kohl's, one has been leased to Burlington Coat Factory, one has been leased to Cabela's, three have been leased for non-Anchor usage and the remaining four locations are vacant. The Company is currently seeking replacement tenants for these vacant sites.

## **Environmental Matters**

Each of the Centers has been subjected to an Environmental Site Assessment—Phase I (which involves review of publicly available information and general property inspections, but does not involve soil sampling or ground water analysis) completed by an environmental consultant.

Based on these assessments, and on other information, the Company is aware of the following environmental issues, which may result in potential environmental liability and cause the Company to incur costs in responding to these liabilities or in other costs associated with future investigation or remediation:

- *Asbestos.* The Company has conducted asbestos-containing materials (“ACM”) surveys at various locations within the Centers. The surveys indicate that ACMs are present or suspected in certain areas, primarily vinyl floor tiles, mastics, roofing materials, drywall tape and joint compounds. The identified ACMs are generally non-friable, in good condition, and possess low probabilities for disturbance. At certain Centers where ACMs are present or suspected, however, some ACMs have been or may be classified as “friable,” and ultimately may require removal under certain conditions. The Company has developed and implemented an operations and maintenance (“O&M”) plan to manage ACMs in place.
- *Underground Storage Tanks.* Underground storage tanks (“USTs”) are or were present at certain Centers, often in connection with tenant operations at gasoline stations or automotive tire, battery and accessory service centers located at such Centers. USTs also may be or have been present at properties neighboring certain Centers. Some of these tanks have either leaked or are suspected to have leaked. Where leakage has occurred, investigation, remediation, and monitoring costs may be incurred by the Company if responsible current or former tenants, or other responsible parties, are unavailable to pay such costs.
- *Chlorinated Hydrocarbons.* The presence of chlorinated hydrocarbons such as perchloroethylene (“PCE”) and its degradation byproducts have been detected at certain Centers, often in connection with tenant dry cleaning operations. Where PCE has been detected, the Company may incur investigation, remediation and monitoring costs if responsible current or former tenants, or other responsible parties, are unavailable to pay such costs.

See “Item 1A. Risk Factors—Possible environmental liabilities could adversely affect us.”

## **Insurance**

Each of the Centers has comprehensive liability, fire, extended coverage and rental loss insurance with insured limits customarily carried for similar properties. The Company does not insure certain types of losses (such as losses from wars) because they are either uninsurable or not economically insurable. In addition, while the Company or the relevant joint venture, as applicable, further carries specific earthquake insurance on the Centers located in California, the policies are subject to a deductible equal to 5% of the total insured value of each Center, a \$100,000 per occurrence minimum and a combined annual aggregate loss limit of \$150 million on these Centers. The Company or the relevant joint venture, as applicable, carries specific earthquake insurance on the Centers located in the Pacific Northwest and in the New Madrid seismic zone. However, the policies are subject to a deductible equal to 2% of the total insured value of each Center, a \$50,000 per occurrence minimum and a combined annual aggregate loss limit of \$200 million on these Centers. While the Company or the relevant joint venture also carries terrorism insurance on the Centers, the policies are subject to a

\$50,000 deductible and a combined annual aggregate loss of \$800 million. Each Center has environmental insurance covering eligible third-party losses, remediation and non-owned disposal sites, subject to a \$100,000 deductible and a \$20 million five-year aggregate limit. Some environmental losses are not covered by this insurance because they are uninsurable or not economically insurable. Furthermore, the Company carries title insurance on substantially all of the Centers for less than their full value.

### **Qualification as a Real Estate Investment Trust**

The Company elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the "Code"), commencing with its first taxable year ended December 31, 1994, and intends to conduct its operations so as to continue to qualify as a REIT under the Code. As a REIT, the Company generally will not be subject to federal and state income taxes on its net taxable income that it currently distributes to stockholders. Qualification and taxation as a REIT depends on the Company's ability to meet certain dividend distribution tests, share ownership requirements and various qualification tests prescribed in the Code.

### **Employees**

As of December 31, 2012, the Company had approximately 1,368 employees, of which approximately 1,077 were full-time. The Company believes that relations with its employees are good.

### **Seasonality**

For a discussion of the extent to which the Company's business may be seasonal, see "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations—Management's Overview and Summary—Seasonality."

## **ITEM 1A. RISK FACTORS**

*The following factors could cause our actual results to differ materially from those contained in forward-looking statements made in this Annual Report on Form 10-K and presented elsewhere by our management from time to time. This list should not be considered to be a complete statement of all potential risks or uncertainties as it does not describe additional risks of which we are not presently aware or that we do not currently consider material. We may update our risk factors from time to time in our future periodic reports. Any of these factors may have a material adverse effect on our business, financial condition, operating results and cash flows.*

### ***RISKS RELATED TO OUR BUSINESS AND PROPERTIES***

***We invest primarily in shopping centers, which are subject to a number of significant risks that are beyond our control.***

Real property investments are subject to varying degrees of risk that may affect the ability of our Centers to generate sufficient revenues to meet operating and other expenses, including debt service, lease payments, capital expenditures and tenant improvements, and to make distributions to us and our stockholders. For purposes of this “Risk Factor” section, Centers wholly owned by us are referred to as “Wholly Owned Centers” and Centers that are partly but not wholly owned by us are referred to as “Joint Venture Centers.” A number of factors may decrease the income generated by the Centers, including:

- the national economic climate (including the impact of continued weakness in the U.S. economy);
- the regional and local economy (which may be negatively impacted by rising unemployment, declining real estate values, increased foreclosures, higher taxes, plant closings, industry slowdowns, union activity, adverse weather conditions, natural disasters, terrorist activities, other acts of violence and other factors);
- local real estate conditions (such as an oversupply of, or a reduction in demand for, retail space or retail goods, decreases in rental rates, declining real estate values and the availability and creditworthiness of current and prospective tenants);
- decreased levels of consumer spending, consumer confidence, and seasonal spending (especially during the holiday season when many retailers generate a disproportionate amount of their annual sales);
- negative perceptions by retailers or shoppers of the safety, convenience and attractiveness of a Center; and
- increased costs of maintenance, insurance and operations (including real estate taxes).

Income from shopping center properties and shopping center values are also affected by applicable laws and regulations, including tax, environmental, safety and zoning laws.

***Weakness in the U.S. economy may materially and adversely affect our results of operations and financial condition.***

The U.S. economy has continued to experience weakness from the severe recession that began in 2007. Although the U.S. economy has improved, the rate of U.S. economic growth remains uncertain, high levels of unemployment persist and valuations for retail space have not fully recovered to pre-recession levels. If U.S. economic conditions remain weak or worsen, we may, as we did following the severe recession in 2007, experience downward pressure on the rental rates we are able to charge as leases signed prior to the recession expire, tenants may declare bankruptcy, announce store closings

or fail to meet their lease obligations and occupancy rates may decline, any of which could adversely affect the value of our properties and our financial condition and results of operations.

***A significant percentage of our Centers are geographically concentrated and, as a result, are sensitive to local economic and real estate conditions.***

A significant percentage of our Centers are located in California and Arizona, and ten Centers in the aggregate are located in New York, New Jersey and Connecticut. Many of these states have been more adversely affected by weak economic and real estate conditions than have other states. To the extent that weak economic or real estate conditions, including as a result of the factors described in the preceding risk factors, or other factors continue to affect or affect California, Arizona, New York, New Jersey or Connecticut (or their respective regions) more severely than other areas of the country, our financial performance could be negatively impacted.

***We are in a competitive business.***

There are numerous owners and developers of real estate that compete with us in our trade areas. There are eight other publicly traded mall companies in the United States and several large private mall companies, any of which under certain circumstances could compete against us for an acquisition of an Anchor or a tenant. In addition, other REITs, private real estate companies, and financial buyers compete with us in terms of acquisitions. This results in competition both for the acquisition of properties or centers and for tenants or Anchors to occupy space. Competition for property acquisitions may result in increased purchase prices and may adversely affect our ability to make suitable property acquisitions on favorable terms. The existence of competing shopping centers could have a material adverse impact on our ability to lease space and on the level of rents that can be achieved. There is also increasing competition from other retail formats and technologies, such as lifestyle centers, power centers, Internet shopping, home shopping networks, outlet centers and discount shopping clubs that could adversely affect our revenues.

***We may be unable to renew leases, lease vacant space or re-let space as leases expire, which could adversely affect our financial condition and results of operations.***

There are no assurances that our leases will be renewed or that vacant space in our Centers will be re-let at net effective rental rates equal to or above the current average net effective rental rates or that substantial rent abatements, tenant improvements, early termination rights or below-market renewal options will not be offered to attract new tenants or retain existing tenants. If the rental rates at our Centers decrease, if our existing tenants do not renew their leases or if we do not re-let a significant portion of our available space and space for which leases will expire, our financial condition and results of operations could be adversely affected.

***If Anchors or other significant tenants experience a downturn in their business, close or sell stores or declare bankruptcy, our financial condition and results of operations could be adversely affected.***

Our financial condition and results of operations could be adversely affected if a downturn in the business of, or the bankruptcy or insolvency of, an Anchor or other significant tenant leads them to close retail stores or terminate their leases after seeking protection under the bankruptcy laws from their creditors, including us as lessor. In recent years a number of companies in the retail industry, including some of our tenants, have declared bankruptcy or have gone out of business. We may be unable to re-let stores vacated as a result of voluntary closures or the bankruptcy of a tenant. Furthermore, if the store sales of retailers operating at our Centers decline significantly due to adverse economic conditions or for any other reason, tenants might be unable to pay their minimum rents or expense recovery charges. In the event of a default by a lessee, the affected Center may experience delays and costs in enforcing its rights as lessor.

In addition, Anchors and/or tenants at one or more Centers might terminate their leases as a result of mergers, acquisitions, consolidations or dispositions in the retail industry. The sale of an Anchor or store to a less desirable retailer may reduce occupancy levels, customer traffic and rental income. If U.S. economic conditions remain weak or worsen, there is also an increased risk that Anchors or other significant tenants will sell stores operating in our Centers or consolidate duplicate or geographically overlapping store locations. Store closures by an Anchor and/or a significant number of tenants may allow other Anchors and/or certain other tenants to terminate their leases, receive reduced rent and/or cease operating their stores at the Center or otherwise adversely affect occupancy at the Center.

***Our acquisition and real estate development strategies may not be successful.***

Our historical growth in revenues, net income and funds from operations has been in part tied to the acquisition and redevelopment of shopping centers. Many factors, including the availability and cost of capital, our total amount of debt outstanding, our ability to obtain financing on attractive terms, if at all, interest rates and the availability of attractive acquisition targets, among others, will affect our ability to acquire and redevelop additional properties in the future. We may not be successful in pursuing acquisition opportunities, and newly acquired properties may not perform as well as expected. Expenses arising from our efforts to complete acquisitions, redevelop properties or increase our market penetration may have a material adverse effect on our business, financial condition and results of operations. We face competition for acquisitions primarily from other REITs, as well as from private real estate companies and financial buyers. Some of our competitors have greater financial and other resources. Increased competition for shopping center acquisitions may result in increased purchase prices and may impact adversely our ability to acquire additional properties on favorable terms. We cannot guarantee that we will be able to implement our growth strategy successfully or manage our expanded operations effectively and profitably.

We may not be able to achieve the anticipated financial and operating results from newly acquired assets. Some of the factors that could affect anticipated results are:

- our ability to integrate and manage new properties, including increasing occupancy rates and rents at such properties;
- the disposal of non-core assets within an expected time frame; and
- our ability to raise long-term financing to implement a capital structure at a cost of capital consistent with our business strategy.

Our business strategy also includes the selective development and construction of retail properties. Any development, redevelopment and construction activities that we may undertake will be subject to the risks of real estate development, including lack of financing, construction delays, environmental requirements, budget overruns, sunk costs and lease-up. Furthermore, occupancy rates and rents at a newly completed property may not be sufficient to make the property profitable. Real estate development activities are also subject to risks relating to the inability to obtain, or delays in obtaining, all necessary zoning, land-use, building, and occupancy and other required governmental permits and authorizations. If any of the above events occurs, our ability to pay dividends to our stockholders and service our indebtedness could be adversely affected.

***We may be unable to sell properties at the time we desire and on favorable terms.***

Investments in real estate are relatively illiquid, which limits our ability to adjust our portfolio in response to changes in economic or other conditions. Moreover, there are some limitations under federal income tax laws applicable to REITs that limit our ability to sell assets. In addition, because our properties are generally mortgaged to secure our debts, we may not be able to obtain a release of a

lien on a mortgaged property without the payment of the associated debt and/or a substantial prepayment penalty, which restricts our ability to dispose of a property, even though the sale might otherwise be desirable. Furthermore, the number of prospective buyers interested in purchasing shopping centers is limited. Therefore, if we want to sell one or more of our Centers, we may not be able to dispose of it in the desired time period and may receive less consideration than we originally invested in the Center.

***Possible environmental liabilities could adversely affect us.***

Under various federal, state and local environmental laws, ordinances and regulations, a current or previous owner or operator of real property may be liable for the costs of removal or remediation of hazardous or toxic substances on, under or in that real property. These laws often impose liability whether or not the owner or operator knew of, or was responsible for, the presence of hazardous or toxic substances. The costs of investigation, removal or remediation of hazardous or toxic substances may be substantial. In addition, the presence of hazardous or toxic substances, or the failure to remedy environmental hazards properly, may adversely affect the owner's or operator's ability to sell or rent affected real property or to borrow money using affected real property as collateral.

Persons or entities that arrange for the disposal or treatment of hazardous or toxic substances may also be liable for the costs of removal or remediation of hazardous or toxic substances at the disposal or treatment facility, whether or not that facility is owned or operated by the person or entity arranging for the disposal or treatment of hazardous or toxic substances. Laws exist that impose liability for release of asbestos containing materials ("ACMs") into the air, and third parties may seek recovery from owners or operators of real property for personal injury associated with exposure to ACMs. In connection with our ownership, operation, management, development and redevelopment of the Centers, or any other centers or properties we acquire in the future, we may be potentially liable under these laws and may incur costs in responding to these liabilities.

***Some of our properties are subject to potential natural or other disasters.***

Some of our Centers are located in areas that are subject to natural disasters, including our Centers in California or in other areas with higher risk of earthquakes, our Centers in flood plains or in areas that may be adversely affected by tornados, as well as our Centers in coastal regions that may be adversely affected by increases in sea levels or in the frequency or severity of hurricanes, tropical storms or other severe weather conditions. The occurrence of natural disasters can delay redevelopment or development projects, increase investment costs to repair or replace damaged properties, increase future property insurance costs and negatively impact the tenant demand for lease space. If insurance is unavailable to us or is unavailable on acceptable terms, or our insurance is not adequate to cover losses from these events, our financial condition and results of operations could be adversely affected.

***Uninsured losses could adversely affect our financial condition.***

Each of our Centers has comprehensive liability, fire, extended coverage and rental loss insurance with insured limits customarily carried for similar properties. We do not insure certain types of losses (such as losses from wars), because they are either uninsurable or not economically insurable. In addition, while we or the relevant joint venture, as applicable, carry specific earthquake insurance on the Centers located in California, the policies are subject to a deductible equal to 5% of the total insured value of each Center, a \$100,000 per occurrence minimum and a combined annual aggregate loss limit of \$150 million on these Centers. We or the relevant joint venture, as applicable, carry specific earthquake insurance on the Centers located in the Pacific Northwest and in the New Madrid Seismic Zone. However, the policies are subject to a deductible equal to 2% of the total insured value of each Center, a \$50,000 per occurrence minimum and a combined annual aggregate loss limit of \$200 million on these Centers. While we or the relevant joint venture also carries terrorism insurance

on the Centers, the policies are subject to a \$50,000 deductible and a combined annual aggregate loss of \$800 million. Each Center has environmental insurance covering eligible third-party losses, remediation and non-owned disposal sites, subject to a \$100,000 deductible and a \$20 million five-year aggregate limit. Some environmental losses are not covered by this insurance because they are uninsurable or not economically insurable. Furthermore, we carry title insurance on all of the Centers for generally less than their full value.

If an uninsured loss or a loss in excess of insured limits occurs, we could lose all or a portion of the capital we have invested in a property, as well as the anticipated future revenue from the property, but may remain obligated for any mortgage debt or other financial obligations related to the property.

***Inflation may adversely affect our financial condition and results of operations.***

If inflation increases in the future, we may experience any or all of the following:

- Difficulty in replacing or renewing expiring leases with new leases at higher rents;
- Decreasing tenant sales as a result of decreased consumer spending which could adversely affect the ability of our tenants to meet their rent obligations and/or result in lower percentage rents; and
- An inability to receive reimbursement from our tenants for their share of certain operating expenses, including common area maintenance, real estate taxes and insurance.

***We have substantial debt that could affect our future operations.***

Our total outstanding loan indebtedness at December 31, 2012 was \$6.9 billion (which includes \$800.0 million of unsecured debt and \$1.6 billion of our pro rata share of unconsolidated joint venture debt). Approximately \$498.0 million of such indebtedness (at our pro rata share) matures in 2013, after giving effect to refinancing transactions and loan commitments that occurred after December 31, 2012. As a result of this substantial indebtedness, we are required to use a material portion of our cash flow to service principal and interest on our debt, which limits the amount of cash available for other business opportunities. We are also subject to the risks normally associated with debt financing, including the risk that our cash flow from operations will be insufficient to meet required debt service and that rising interest rates could adversely affect our debt service costs. In addition, our use of interest rate hedging arrangements may expose us to additional risks, including that the counterparty to the arrangement may fail to honor its obligations and that termination of these arrangements typically involves costs such as transaction fees or breakage costs. Furthermore, most of our Centers are mortgaged to secure payment of indebtedness, and if income from the Center is insufficient to pay that indebtedness, the Center could be foreclosed upon by the mortgagee resulting in a loss of income and a decline in our total asset value. Certain Centers also have debt that could become recourse debt to us if the Center is unable to discharge such debt obligation and, in certain circumstances, we may incur liability with respect to such debt greater than our legal ownership.

***We are obligated to comply with financial and other covenants that could affect our operating activities.***

Our unsecured credit facilities contain financial covenants, including interest coverage requirements, as well as limitations on our ability to incur debt, make dividend payments and make certain acquisitions. These covenants may restrict our ability to pursue certain business initiatives or certain transactions that might otherwise be advantageous. In addition, failure to meet certain of these financial covenants could cause an event of default under and/or accelerate some or all of such indebtedness which could have a material adverse effect on us.

***We depend on external financings for our growth and ongoing debt service requirements.***

We depend primarily on external financings, principally debt financings and, in more limited circumstances, equity financings, to fund the growth of our business and to ensure that we can meet ongoing maturities of our outstanding debt. Our access to financing depends on the willingness of banks, lenders and other institutions to lend to us based on their underwriting criteria which can fluctuate with market conditions and on conditions in the capital markets in general. The credit markets experienced a severe dislocation during 2008 and 2009, which, for certain periods of time, resulted in the near unavailability of debt financing for even the most creditworthy borrowers. Although the credit markets have recovered from this severe dislocation, there are a number of continuing effects, including a weakening of many traditional sources of debt financing and changes in underwriting standards and terms. Following the severe recession that began in 2007, the capital markets also experienced significant volatility and disruption. While the capital markets have improved, additional levels of market disruption and volatility could materially adversely impact our ability to access the capital markets for equity financings. There are no assurances that we will continue to be able to obtain the financing we need for future growth or to meet our debt service obligations as they mature, or that the financing will be available to us on acceptable terms, or at all. Any debt refinancing could also impose more restrictive terms.

In addition, the federal government's failure to increase the amount of debt that it is statutorily permitted to incur as needed to meet its future financial commitments or a downgrade in the debt rating on U.S. government securities could lead to a weakened U.S. dollar, rising interest rates and constrained access to capital, which could materially adversely affect the U.S. and global economies, increase our costs of borrowing and materially adversely affect our results of operations and financial condition.

***RISKS RELATED TO OUR ORGANIZATIONAL STRUCTURE***

***Certain individuals have substantial influence over the management of both us and the Operating Partnership, which may create conflicts of interest.***

Under the limited partnership agreement of the Operating Partnership, we, as the sole general partner, are responsible for the management of the Operating Partnership's business and affairs. Three of the principals of the Operating Partnership serve as our executive officers and as members of our board of directors. Accordingly, these principals have substantial influence over our management and the management of the Operating Partnership. As a result, certain decisions concerning our operations or other matters affecting us may present conflicts of interest for these individuals.

***Outside partners in Joint Venture Centers result in additional risks to our stockholders.***

We own partial interests in property partnerships that own 27 Joint Venture Centers as well as several development sites. We may acquire partial interests in additional properties through joint venture arrangements. Investments in Joint Venture Centers involve risks different from those of investments in Wholly Owned Centers.

We have fiduciary responsibilities to our partners that could affect decisions concerning the Joint Venture Centers. Third parties in certain Joint Venture Centers (notwithstanding our majority legal ownership) share control of major decisions relating to the Joint Venture Centers, including decisions with respect to sales, refinancings and the timing and amount of additional capital contributions, as well as decisions that could have an adverse impact on us.

In addition, we may lose our management and other rights relating to the Joint Venture Centers if:

- we fail to contribute our share of additional capital needed by the property partnerships;

- we default under a partnership agreement for a property partnership or other agreements relating to the property partnerships or the Joint Venture Centers; or
- with respect to certain of the Joint Venture Centers, if certain designated key employees no longer are employed in the designated positions.

Furthermore, certain Joint Venture Centers have debt that could become recourse debt to us if the Joint Venture Center is unable to discharge such debt obligation and, in certain circumstances, we may incur liability with respect to such debt greater than our legal ownership.

Our legal ownership interest in a joint venture vehicle may, at times, not equal our economic interest in the entity because of various provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses and payments of preferred returns. As a result, our actual economic interest (as distinct from our legal ownership interest) in certain of the Joint Venture Centers could fluctuate from time to time and may not wholly align with our legal ownership interests. Substantially all of our joint venture agreements contain rights of first refusal, buy-sell provisions, exit rights, default dilution remedies and/or other break up provisions or remedies which are customary in real estate joint venture agreements and which may, positively or negatively, affect the ultimate realization of cash flow and/or capital or liquidation proceeds.

***Our holding company structure makes us dependent on distributions from the Operating Partnership.***

Because we conduct our operations through the Operating Partnership, our ability to service our debt obligations and pay dividends to our stockholders is strictly dependent upon the earnings and cash flows of the Operating Partnership and the ability of the Operating Partnership to make distributions to us. Under the Delaware Revised Uniform Limited Partnership Act, the Operating Partnership is prohibited from making any distribution to us to the extent that at the time of the distribution, after giving effect to the distribution, all liabilities of the Operating Partnership (other than some non-recourse liabilities and some liabilities to the partners) exceed the fair value of the assets of the Operating Partnership. An inability to make cash distributions from the Operating Partnership could jeopardize our ability to maintain qualification as a REIT.

***An ownership limit and certain anti-takeover defenses could inhibit a change of control or reduce the value of our common stock.***

***The Ownership Limit.*** In order for us to maintain our qualification as a REIT, not more than 50% in value of our outstanding stock (after taking into account options to acquire stock) may be owned, directly or indirectly, by five or fewer individuals (as defined in the Internal Revenue Code to include some entities that would not ordinarily be considered “individuals”) during the last half of a taxable year. Our Charter restricts ownership of more than 5% (the “Ownership Limit”) of the lesser of the number or value of our outstanding shares of stock by any single stockholder or a group of stockholders (with limited exceptions for some holders of limited partnership interests in the Operating Partnership, and their respective families and affiliated entities, including all three principals who serve as one of our executive officers and directors). In addition to enhancing preservation of our status as a REIT, the Ownership Limit may:

- have the effect of delaying, deferring or preventing a change in control of us or other transaction without the approval of our board of directors, even if the change in control or other transaction is in the best interest of our stockholders; and
- limit the opportunity for our stockholders to receive a premium for their common stock or preferred stock that they might otherwise receive if an investor were attempting to acquire a block of stock in excess of the Ownership Limit or otherwise effect a change in control of us.

Our board of directors, in its sole discretion, may waive or modify (subject to limitations) the Ownership Limit with respect to one or more of our stockholders, if it is satisfied that ownership in excess of this limit will not jeopardize our status as a REIT.

*Selected Provisions of our Charter and Bylaws.* Some of the provisions of our Charter and bylaws may have the effect of delaying, deferring or preventing a third party from making an acquisition proposal for us and may inhibit a change in control that some, or a majority, of our stockholders might believe to be in their best interest or that could give our stockholders the opportunity to realize a premium over the then-prevailing market prices for our shares. These provisions include the following:

- advance notice requirements for stockholder nominations of directors and stockholder proposals to be considered at stockholder meetings;
- the obligation of the directors to consider a variety of factors (in addition to maximizing stockholder value) with respect to a proposed business combination or other change of control transaction;
- the authority of the directors to classify or reclassify unissued shares and issue one or more series of common stock or preferred stock;
- the authority to create and issue rights entitling the holders thereof to purchase shares of stock or other securities or property from us; and
- limitations on the amendment of our Charter and bylaws, the dissolution or change in control of us, and the liability of our directors and officers.

*Selected Provisions of Maryland Law.* The Maryland General Corporation Law prohibits business combinations between a Maryland corporation and an interested stockholder (which includes any person who beneficially holds 10% or more of the voting power of the corporation's outstanding voting stock or any affiliate or associate of ours who was the beneficial owner, directly or indirectly, of 10% or more of the voting power of the corporation's outstanding stock at any time within the two year period prior to the date in question) or its affiliates for five years following the most recent date on which the interested stockholder became an interested stockholder and, after the five-year period, requires the recommendation of the board of directors and two super-majority stockholder votes to approve a business combination unless the stockholders receive a minimum price determined by the statute. As permitted by Maryland law, our Charter exempts from these provisions any business combination between us and the principals and their respective affiliates and related persons. Maryland law also allows the board of directors to exempt particular business combinations before the interested stockholder becomes an interested stockholder. Furthermore, a person is not an interested stockholder if the transaction by which he or she would otherwise have become an interested stockholder is approved in advance by the board of directors.

The Maryland General Corporation Law also provides that the acquirer of certain levels of voting power in electing directors of a Maryland corporation (one-tenth or more but less than one-third, one-third or more but less than a majority and a majority or more) is not entitled to vote the shares in excess of the applicable threshold, unless voting rights for the shares are approved by holders of two-thirds of the disinterested shares or unless the acquisition of the shares has been specifically or generally approved or exempted from the statute by a provision in our Charter or bylaws adopted before the acquisition of the shares. Our Charter exempts from these provisions voting rights of shares owned or acquired by the principals and their respective affiliates and related persons. Our bylaws also contain a provision exempting from this statute any acquisition by any person of shares of our common stock. There can be no assurance that this bylaw will not be amended or eliminated in the future. The Maryland General Corporation Law and our Charter also contain supermajority voting requirements with respect to our ability to amend our Charter, dissolve, merge, or sell all or substantially all of our assets.

## **FEDERAL INCOME TAX RISKS**

***The tax consequences of the sale of some of the Centers and certain holdings of the principals may create conflicts of interest.***

The principals will experience negative tax consequences if some of the Centers are sold. As a result, the principals may not favor a sale of these Centers even though such a sale may benefit our other stockholders. In addition, the principals may have different interests than our stockholders because they are significant holders of the Operating Partnership.

***If we were to fail to qualify as a REIT, we will have reduced funds available for distributions to our stockholders.***

We believe that we currently qualify as a REIT. No assurance can be given that we will remain qualified as a REIT. Qualification as a REIT involves the application of highly technical and complex Internal Revenue Code provisions for which there are only limited judicial or administrative interpretations. The complexity of these provisions and of the applicable income tax regulations is greater in the case of a REIT structure like ours that holds assets in partnership form. The determination of various factual matters and circumstances not entirely within our control, including determinations by our partners in the Joint Venture Centers, may affect our continued qualification as a REIT. In addition, legislation, new regulations, administrative interpretations or court decisions could significantly change the tax laws with respect to our qualification as a REIT or the U.S. federal income tax consequences of that qualification.

In addition, we currently hold certain of our properties through subsidiaries that have elected to be taxed as REITs and we may in the future determine that it is in our best interests to hold one or more of our other properties through one or more subsidiaries that elect to be taxed as REITs. If any of these subsidiaries fails to qualify as a REIT for U.S. federal income tax purposes, then we may also fail to qualify as a REIT for U.S. federal income tax purposes.

If in any taxable year we were to fail to qualify as a REIT, we will suffer the following negative results:

- we will not be allowed a deduction for distributions to stockholders in computing our taxable income; and
- we will be subject to U.S. federal income tax on our taxable income at regular corporate rates.

In addition, if we were to lose our REIT status, we will be prohibited from qualifying as a REIT for the four taxable years following the year during which the qualification was lost, absent relief under statutory provisions. As a result, net income and the funds available for distributions to our stockholders would be reduced for at least five years and the fair market value of our shares could be materially adversely affected. Furthermore, the Internal Revenue Service could challenge our REIT status for past periods, which if successful could result in us owing a material amount of tax for prior periods. It is possible that future economic, market, legal, tax or other considerations might cause our board of directors to revoke our REIT election.

Even if we remain qualified as a REIT, we might face other tax liabilities that reduce our cash flow. Further, we might be subject to federal, state and local taxes on our income and property. Any of these taxes would decrease cash available for distributions to stockholders.

***Complying with REIT requirements might cause us to forego otherwise attractive opportunities.***

In order to qualify as a REIT for U.S. federal income tax purposes, we must satisfy tests concerning, among other things, our sources of income, the nature of our assets, the amounts we distribute to our stockholders and the ownership of our stock. We may also be required to make

distributions to our stockholders at disadvantageous times or when we do not have funds readily available for distribution. Thus, compliance with REIT requirements may cause us to forego opportunities we would otherwise pursue.

In addition, the REIT provisions of the Internal Revenue Code impose a 100% tax on income from “prohibited transactions.” Prohibited transactions generally include sales of assets that constitute inventory or other property held for sale in the ordinary course of business, other than foreclosure property. This 100% tax could impact our desire to sell assets and other investments at otherwise opportune times if we believe such sales could be considered a prohibited transaction.

***Complying with REIT requirements may force us to borrow or take other measures to make distributions to our stockholders.***

As a REIT, we generally must distribute 90% of our annual taxable income (subject to certain adjustments) to our stockholders. From time to time, we might generate taxable income greater than our net income for financial reporting purposes, or our taxable income might be greater than our cash flow available for distributions to our stockholders. If we do not have other funds available in these situations, we might be unable to distribute 90% of our taxable income as required by the REIT rules. In that case, we would need to borrow funds, liquidate or sell a portion of our properties or investments (potentially at disadvantageous or unfavorable prices), in certain limited cases distribute a combination of cash and stock (at our stockholders’ election but subject to an aggregate cash limit established by the Company) or find another alternative source of funds. These alternatives could increase our costs or reduce our equity. In addition, to the extent we borrow funds to pay distributions, the amount of cash available to us in future periods will be decreased by the amount of cash flow we will need to service principal and interest on the amounts we borrow, which will limit cash flow available to us for other investments or business opportunities.

***Tax legislative or regulatory action could adversely affect us or our investors.***

In recent years, numerous legislative, judicial, and administrative changes have been made to the U.S. federal income tax laws applicable to investments similar to an investment in our stock. Additional changes to tax laws are likely to continue in the future, and we cannot assure you that any such changes will not adversely affect the taxation of us or our stockholders. Any such changes could have an adverse effect on an investment in our stock or on the market value or the resale potential of our properties.

- (1) The Company's ownership interest in this table reflects its legal ownership interest. Legal ownership may, at times, not equal the Company's economic interest in the listed properties because of various provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses and payments of preferred returns. As a result, the Company's actual economic interest (as distinct from its legal ownership interest) in certain of the properties could fluctuate from time to time and may not wholly align with its legal ownership interests. Substantially all of the Company's joint venture agreements contain rights of first refusal, buy-sell provisions, exit rights, default dilution remedies and/or other break up provisions or remedies which are customary in real estate joint venture agreements and which may, positively or negatively, affect the ultimate realization of cash flow and/or capital or liquidation proceeds. See "Item 1A.—Risks Related to Our Organizational Structure—Outside partners in Joint Venture Centers result in additional risks to our stockholders."
- (2) With respect to 56 Centers, the underlying land controlled by the Company is owned in fee entirely by the Company, or, in the case of Joint Venture Centers, by the joint venture property partnership or limited liability company. With respect to the remaining 14 Centers, the underlying land controlled by the Company is owned by third parties and leased to the Company, the property partnership or the limited liability company pursuant to long-term ground leases. Under the terms of a typical ground lease, the Company, the property partnership or the limited liability company has an option or right of first refusal to purchase the land. The termination dates of the ground leases range from 2013 to 2132.
- (3) Total GLA includes GLA attributable to Anchors (whether owned or non-owned) and Mall and Freestanding Stores as of December 31, 2012. "Non-owned Anchors" is space not owned by the Company (or, in the case of Joint Venture Centers, by the joint venture property partnership or limited liability company) which

is occupied by Anchor tenants. "Company owned Anchors" is space owned (or leased) by the Company (or, in the case of Joint Venture Centers, by the joint venture property partnership or limited liability company) and leased (or subleased) to Anchor tenants.

- (4) Sales per square foot are based on reports by retailers leasing Mall Stores and Freestanding Stores for the trailing 12 months for tenants which have occupied such stores for a minimum of 12 months. Sales per square foot are also based on tenants 10,000 square feet and under for Regional Shopping Centers.
- (5) On October 26, 2012, the Company acquired the remaining 33.3% ownership interest in Arrowhead Towne Center resulting in 100% ownership.
- (6) Portions of the land on which the Center is situated are subject to one or more long-term ground leases.
- (7) On October 3, 2012, the Company acquired the 75% ownership interest in FlatIron Crossing resulting in 100% ownership.
- (8) These Centers have a vacant Anchor location. The Company is seeking various replacement tenants and/or contemplating redevelopment opportunities for these vacant sites.
- (9) The Company acquired Kings Plaza Shopping Center on November 28, 2012.
- (10) Macy's is scheduled to open a 103,000 square foot store at Mall of Victor Valley in March 2013. The Forever 21 at Mall of Victor Valley closed in January 2012.
- (11) These properties are part of Pacific Premier Retail LP, an unconsolidated joint venture.
- (12) Included in Unconsolidated Joint Venture Centers.
- (13) Included in Consolidated Centers.
- (14) These Centers have no tenants under 10,000 square feet and therefore sales per square foot is not applicable.
- (15) The Company owns a portfolio of 14 stores located at shopping centers not owned by the Company. Of these 14 stores, four have been leased to Forever 21, one has been leased to Kohl's, one has been leased to Burlington Coat Factory, one has been leased to Cabela's, three have been leased for non-Anchor usage and the remaining four locations are vacant. The Company is currently seeking replacement tenants for these vacant sites. With respect to nine of the 14 stores, the underlying land is owned in fee entirely by the Company. With respect to the remaining five stores, the underlying land is owned by third parties and leased to the Company pursuant to long-term building or ground leases. Under the terms of a typical building or ground lease, the Company pays rent for the use of the building or land and is generally responsible for all costs and expenses associated with the building and improvements. In some cases, the Company has an option or right of first refusal to purchase the land. The termination dates of the ground leases range from 2018 to 2027.
- (16) Tenant spaces have been intentionally held off the market and remain vacant because of redevelopment plans. As a result, the Company believes the percentage of mall and freestanding GLA leased and the sales per square foot at these redevelopment properties is not meaningful data.
- (17) On January 24, 2013, the Company acquired Green Acres Mall, a 1.8 million square foot super regional mall. Including Green Acres Mall, the Company owned or had an ownership interest in 62 regional shopping centers and nine community/power centers aggregating approximately 65 million square feet of GLA.

## Mortgage Debt

The following table sets forth certain information regarding the mortgages encumbering the Centers, including those Centers in which the Company has less than a 100% interest. The information set forth below is as of December 31, 2012 (dollars in thousands in table and footnotes):

- (1) The mortgage notes payable balances include the unamortized debt premiums (discounts). Debt premiums (discounts) represent the excess (deficiency) of the fair value of debt over (under) the principal value of debt assumed in various acquisitions. The debt premiums (discounts) are being amortized into interest expense over the term of the related debt in a manner which approximates the effective interest method.

The debt premiums (discounts) as of December 31, 2012 consisted of the following:

*Consolidated Centers*

**Property Pledged as Collateral**

Arrowhead Towne Center	\$17,716

- (2) The interest rate disclosed represents the effective interest rate, including the debt premiums (discounts) and deferred finance costs.

- (3) The annual debt service represents the annual payment of principal and interest.
- (4) The maturity date assumes that all extension options are fully exercised and that the Company does not opt to refinance the debt prior to these dates. These extension options are at the Company's discretion, subject to certain conditions, which the Company believes will be met.
- (5) On October 26, 2012, the Company purchased the remaining 33.3% interest in Arrowhead Towne Center that it did not own (See "Item 1. Business—Recent Developments—Acquisitions and Dispositions"). In connection with this acquisition, the Company assumed the loan on the property with a fair value of \$244,403 that bears interest at an effective rate of 2.76% and matures on October 5, 2018.
- (6) A 49.9% interest in the loan has been assumed by a third party in connection with a co-venture arrangement.
- (7) On June 29, 2012, the Company replaced the existing loan on the property with a new \$200,000 loan that bears interest at an effective rate of 3.77% and matures on July 1, 2019.
- (8) On September 17, 2012, the Company placed a \$110,000 loan on the property that bears interest at an effective rate of 4.80% and matures on October 1, 2022.
- (9) Northwestern Mutual Life ("NML") is the lender of 50% of the loan. NML is considered a related party as it is a joint venture partner with the Company in Broadway Plaza.
- (10) On December 5, 2012, the Company replaced the existing loan on the property with a new \$205,000 loan that bears interest at an effective interest rate of 3.76% and matures on April 3, 2023.
- (11) On March 2, 2012, the joint venture placed a new construction loan on the property that allows for borrowings up to \$140,000, bears interest at LIBOR plus 2.50% and matures on March 5, 2017.
- (12) On October 3, 2012, the Company purchased the 75% interest in FlatIron Crossing that it did not own (See "Item 1. Business—Recent Developments—Acquisitions and Dispositions"). In connection with this acquisition, the Company assumed the loan on the property with a fair value of \$175,720 that bears interest at an effective rate of 1.96% and matures on December 1, 2013.
- (13) On November 28, 2012, in connection with the Company's acquisition of Kings Plaza Shopping Center (See "Item 1. Business—Recent Developments—Acquisitions and Dispositions"), the Company placed a new loan on the property that allows for borrowing up to \$500,000 at an effective interest rate of 3.67% and matures on December 3, 2019. Concurrent with the acquisition, the Company borrowed \$354,000 on the loan. On January 3, 2013, the Company exercised its option to borrow the remaining \$146,000 on the loan.
- (14) On March 23, 2012, the Company borrowed an additional \$25,885 and modified the loan to bear interest at LIBOR plus 2.25% with a maturity of March 1, 2017.

To maintain its qualification as a REIT, the Company is required each year to distribute to stockholders at least 90% of its net taxable income after certain adjustments. The Company paid all of its 2012 and 2011 quarterly dividends in cash. The timing, amount and composition of future dividends, will be determined in the sole discretion of the Company's board of directors and will depend on actual and projected cash flow, financial condition, funds from operations, earnings, capital requirements, annual REIT distribution requirements, contractual prohibitions or other restrictions, applicable law and such other factors as the board of directors deems relevant. For example, under the Company's existing financing arrangements, the Company may pay cash dividends and make other distributions based on a formula derived from funds from operations (See "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations—Funds From Operations and Adjusted Funds From Operations") and only if no default under the financing agreements has occurred, unless, under certain circumstances, payment of the distribution is necessary to enable the Company to continue to qualify as a REIT under the Code.

#### Stock Performance Graph

The following graph provides a comparison, from December 31, 2002 through December 31, 2012, of the yearly percentage change in the cumulative total stockholder return (assuming reinvestment of dividends) of the Company, the Standard & Poor's ("S&P") 500 Index, the S&P Midcap 400 Index and the FTSE NAREIT Equity REITs Index, an industry index of publicly-traded REITs (including the Company). The Company is providing the S&P Midcap 400 Index since it is a company within such index.

The graph assumes that the value of the investment in each of the Company's common stock and the indices was \$100 at the beginning of the period.

Upon written request directed to the Secretary of the Company, the Company will provide any stockholder with a list of the REITs included in the FTSE NAREIT Equity REITs Index. The historical information set forth below is not necessarily indicative of future performance. Data for the FTSE

NAREIT Equity REITs Index, the S&P 500 Index and the S&P Midcap 400 Index was provided to the Company by Research Data Group, Inc.

- (1) Minimum rents were increased by amortization of above and below-market leases of \$5.3 million, \$9.4 million, \$7.1 million, \$9.0 million and \$12.7 million for the years ended December 31, 2012, 2011, 2010, 2009 and 2008, respectively.
- (2) The Company repurchased \$180.3 million, \$18.5 million, \$89.1 million and \$222.8 million of its convertible senior notes (the “Senior Notes”) during the years ended December 31, 2011, 2010, 2009 and 2008, respectively, that resulted in (loss) gain of \$(1.4) million, \$(0.5) million, \$29.8 million and \$84.1 million on the early extinguishment of debt for the years ended December 31, 2011, 2010, 2009 and 2008, respectively. The loss on early extinguishment of debt for the years ended December 31, 2011 and 2010 also includes the (loss) gain on the early extinguishment of mortgage notes payable of \$(9.2) million and \$4.2 million, respectively. The gain on early extinguishment of debt for the year ended December 31, 2009 was offset in part by a loss of \$0.6 million on the early extinguishment of a term loan.
- (3) On July 30, 2009, the Company sold a 49% ownership interest in Queens Center to a third party for approximately \$152.7 million, resulting in a gain on sale of assets of \$154.2 million. The Company used the proceeds from the sale of the ownership interest in the property to pay down a term loan and for general corporate purposes. As of the date of the sale, the Company has accounted for the operations of Queens Center under the equity method of accounting.

On September 3, 2009, the Company formed a joint venture with a third party, whereby the Company sold a 75% interest in FlatIron Crossing and received approximately \$123.8 million in cash proceeds for the overall transaction. The Company used the proceeds from the sale of the ownership interest in the property to pay down a term loan and for general corporate purposes. As part of this transaction, the Company issued three warrants for an aggregate of approximately 1.3 million shares of common stock of the Company. On October 3, 2012, the Company repurchased the 75% ownership interest in FlatIron Crossing for \$310.4 million. As a result of the repurchase, the Company recognized a remeasurement gain of \$84.2 million during the year ended December 31, 2012.

On February 24, 2011, the Company’s joint venture in Kierland Commons Investment LLC (“KCI”) acquired an additional ownership interest in PHXAZ/Kierland Commons, L.L.C. (“Kierland Commons”), a 433,000 square foot regional shopping center in Scottsdale, Arizona, for \$105.6 million. The Company’s share of the purchase price consisted of a cash payment of \$34.2 million and the assumption of a pro rata share of debt of \$18.6 million. As a result of this transaction, KCI increased its ownership interest in Kierland Commons from 49% to 100%. KCI accounted for the acquisition as a business combination achieved in stages and recognized a remeasurement gain of \$25.0 million based on the acquisition date fair value and its previously held investment in Kierland Commons. As a result of this transaction, the Company’s ownership interest in KCI increased from 24.5% to 50%. The Company’s pro rata share of the gain recognized by KCI was \$12.5 million and was included in equity in income from unconsolidated joint ventures.

On February 28, 2011, the Company in a 50/50 joint venture, acquired The Shops at Atlas Park for a total purchase price of \$53.8 million. The Company’s share of the purchase price was \$26.9 million.

On February 28, 2011, the Company acquired the remaining 50% ownership interest in Desert Sky Mall that it did not own for \$27.6 million. The purchase price was funded by a cash payment of \$1.9 million and the assumption of the third party’s pro rata share of the mortgage note payable on the property of \$25.8 million. Prior to the acquisition, the Company had accounted for its investment in Desert Sky Mall under the equity method. As of the date of acquisition, the Company has included Desert Sky Mall in its consolidated financial statements.

On April 1, 2011, the Company’s joint venture in SDG Macerich Properties, L.P. (“SDG Macerich”) conveyed Granite Run Mall to the mortgage note lender by a deed-in-lieu of foreclosure. The mortgage note was non-recourse. The Company’s pro rata share of gain on the early extinguishment of debt was \$7.8 million.

On December 31, 2011, the Company and its joint venture partner reached agreement for the distribution and conveyance of interests in SDG Macerich that owned 11 regional malls in a 50/50 partnership. Six of the eleven assets were distributed to the Company on December 31, 2011. The Company received 100% ownership of Eastland Mall in Evansville, Indiana, Lake Square Mall in Leesburg, Florida, SouthPark Mall in Moline, Illinois, Southridge Mall in Des Moines, Iowa, NorthPark Mall in Davenport, Iowa and Valley Mall in Harrisonburg, Virginia. These wholly-owned assets were recorded at fair value at the date of transfer, which resulted in a gain of \$188.3 million. The gain reflected the fair value of the net assets received in excess of the book value of the Company's interest in SDG Macerich.

On March 30, 2012, the Company sold its 50% ownership interest in Chandler Village Center, a 273,000 square foot community center in Chandler, Arizona, for a total sales price of \$14.8 million, resulting in a gain on the sale of assets of \$8.2 million. The sales price was funded by a cash payment of \$6.0 million and the assumption of the Company's share of the mortgage note payable on the property of \$8.8 million. The Company used the cash proceeds from the sale to pay down its line of credit and for general corporate purposes.

On March 30, 2012, the Company sold its 50% ownership interest in Chandler Festival, a 500,000 square foot community center in Chandler, Arizona, for a total sales price of \$31.0 million, resulting in a gain on the sale of assets of \$12.3 million. The sales price was funded by a cash payment of \$16.2 million and the assumption of the Company's share of the mortgage note payable on the property of \$14.8 million. The Company used the cash proceeds from the sale to pay down its line of credit and for general corporate purposes.

On March 30, 2012, the Company's joint venture in SanTan Village Power Center, a 491,000 square foot community center in Gilbert, Arizona, sold the property for \$54.8 million, resulting in a gain on the sale of assets of \$23.3 million for the joint venture. The Company's pro rata share of the gain recognized was \$7.9 million. The Company used its share of the proceeds to pay down its line of credit and for general corporate purposes.

On May 31, 2012, the Company sold its 50% ownership interest in Chandler Gateway, a 260,000 square foot community center in Chandler, Arizona, for a total sales price of \$14.3 million, resulting in a gain on the sale of assets of \$3.4 million. The sales price was funded by a cash payment of \$4.9 million and the assumption of the Company's share of the mortgage note payable on the property of \$9.4 million. The Company used the cash proceeds from the sale to pay down its line of credit and for general corporate purposes.

On August 10, 2012, the Company was bought out of its ownership interest in NorthPark Center, a 1,946,000 square foot regional shopping center in Dallas, Texas, for \$118.8 million, resulting in a gain of \$24.6 million. The Company used the cash proceeds to pay down its line of credit.

On October 26, 2012, the Company acquired the remaining 33.3% ownership interest in Arrowhead Towne Center, a 1,196,000 square foot regional shopping center in Glendale, Arizona, that it did not own for \$144.4 million. The purchase price was funded by a cash payment of \$69.0 million and the assumption of the third party's pro rata share of the mortgage note payable on the property of \$75.4 million. As a result of this transaction, the Company recognized a remeasurement gain of \$115.7 million.

- (4) On September 30, 2009, the Company formed a joint venture with a third party, whereby the third party acquired a 49.9% interest in Freehold Raceway Mall and Chandler Fashion Center. The Company received approximately \$174.6 million in cash proceeds for the overall transaction. The Company used the proceeds from this transaction to pay down the Company's line of credit and for general corporate purposes. As part of this transaction, the Company issued a warrant for an aggregate of approximately 0.9 million shares of common stock of the Company. The transaction was accounted for as a profit-sharing arrangement, and accordingly the assets, liabilities and operations of the properties remain on the books of the Company and a co-venture obligation was established for the amount of \$168.2 million representing the net cash proceeds received from the third party less costs allocated to the warrant.
- (5) The Company's taxable REIT subsidiaries are subject to corporate level income taxes (See Note 22—Income Taxes in the Company's Notes to the Consolidated Financial Statements).
- (6) Discontinued operations include the following:

On January 1, 2008, MACWH, LP, a subsidiary of the Operating Partnership, at the election of the holders, redeemed the 3.4 million participating convertible preferred units in exchange for the 16.32% noncontrolling interest in Danbury Fair Mall, Freehold Raceway Mall, Great Northern Mall, Rotterdam Square, Shoppingtown Mall, Towne Mall, Tysons Corner Center and Wilton Mall in exchange for the Company's ownership interest in Eastview Commons, Eastview Mall, Greece Ridge Center, Marketplace Mall and Pittsford Plaza. As a result of this transaction, the Company recognized a gain of \$99.1 million.

The Company sold the fee simple and/or ground leasehold interests in three former Mervyn's stores to Pacific Premier Retail LP, one of its joint ventures, on December 19, 2008, that resulted in a gain on sale of assets of \$1.5 million.

In June 2009, the Company recorded an impairment charge of \$26.0 million related to the fee and/or ground leasehold interests in five former Mervyn's stores due to the anticipated loss on the sale of these properties in July 2009. The Company subsequently sold the properties in July 2009 for \$52.7 million in total proceeds, resulting in an additional \$0.5 million loss related to transaction costs. The Company used the proceeds from the sales to pay down the Company's term loan and for general corporate purposes.

In June 2009, the Company recorded an impairment charge of \$1.0 million related to the anticipated loss on the sale of Village Center, a 170,801 square foot urban village property, in July 2009. The Company subsequently sold the property on July 14, 2009 for \$11.9 million in total proceeds, resulting in a gain of \$0.1 million related to a change in estimate in transaction costs. The Company used the proceeds from the sale to pay down the term loan and for general corporate purposes.

On September 29, 2009, the Company sold a leasehold interest in a former Mervyn's store for \$4.5 million, resulting in a gain on the sale of assets of \$4.1 million. The Company used the proceeds from the sale to pay down the Company's line of credit and for general corporate purposes.

During the fourth quarter of 2009, the Company sold five non-core community centers for \$71.3 million, resulting in an aggregate loss on sale of \$16.9 million. The Company used the proceeds from these sales to pay down the Company's line of credit and for general corporate purposes.

On March 4, 2011, the Company sold a former Mervyn's store in Santa Fe, New Mexico for \$3.7 million, resulting in a loss of \$1.9 million. The proceeds from the sale were used for general corporate purposes.

In June 2011, the Company recorded an impairment charge of \$35.7 million related to Shoppingtown Mall. As a result of the maturity default on the mortgage note payable and the corresponding reduction of the expected holding period, the Company wrote down the carrying value of the long-lived assets to its estimated fair value of \$39.0 million. On December 30, 2011, the Company conveyed Shoppingtown Mall to the lender by a deed-in-lieu of foreclosure. As a result, the Company recognized a \$3.9 million additional loss on the disposal of the asset.

On October 14, 2011, the Company sold a former Mervyn's store in Salt Lake City, Utah for \$8.1 million, resulting in a gain on the sale of assets of \$3.8 million. The proceeds from the sale were used for general corporate purposes.

On November 30, 2011, the Company sold a former Mervyn's store in West Valley City, Utah for \$2.3 million, resulting in a loss on the sale of assets of \$0.2 million. The proceeds from the sale were used for general corporate purposes.

On April 30, 2012, the Company sold The Borgata, a 94,000 square foot community center in Scottsdale, Arizona, for \$9.2 million, resulting in a loss on the sale of \$1.3 million. The Company used the proceeds from the sale to pay down its line of credit and for general corporate purposes.

On May 11, 2012, the Company sold a former Mervyn's store in Montebello, California for \$20.8 million, resulting in a loss on the sale of \$0.4 million. The proceeds from the sale were used for general corporate purposes.

On May 17, 2012, the Company sold Hilton Village, a 80,000 square foot community center in Scottsdale, Arizona, for \$24.8 million, resulting in a gain on the sale of assets of \$3.1 million. The Company used the proceeds from the sale to pay down its line of credit and for general corporate purposes.

On June 28, 2012, the Company sold Carmel Plaza, a 112,000 square foot community center in Carmel, California, for \$52.0 million, resulting in a gain on the sale of assets of \$7.8 million. The Company used the proceeds from the sale to pay down its line of credit.

The Company has classified the results of operations and gain or loss on sale for all of the above dispositions as discontinued operations for all years presented.

- (7) Assumes the conversion of Operating Partnership units to the extent they are dilutive to the EPS computation. It also assumes the conversion of MACWH, LP common and preferred units to the extent that they are dilutive to the EPS computation.
- (8) Includes the dilutive effect, if any, of share and unit-based compensation plans and the Senior Notes then outstanding calculated using the treasury stock method and the dilutive effect, if any, of all other dilutive securities calculated using the "if converted" method.
- (9) Equity includes the noncontrolling interests in the Operating Partnership, nonredeemable noncontrolling interests in consolidated joint ventures and common and non-participating convertible preferred units of MACWH, LP.
- (10) The Company uses FFO in addition to net income to report its operating and financial results and considers FFO and FFO-diluted as supplemental measures for the real estate industry and a supplement to Generally Accepted Accounting Principles ("GAAP") measures. The National Association of Real Estate Investment Trusts ("NAREIT") defines FFO as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from extraordinary items and sales of depreciated operating properties, plus real estate related depreciation and amortization, impairment write-downs of real estate and write-downs of investments in an affiliate where the write-downs have been driven by a decrease in the value of real estate held by the affiliate and after adjustments for unconsolidated joint ventures. Adjustments for unconsolidated joint ventures are calculated to reflect FFO on the same basis.

Adjusted FFO ("AFFO") excludes the FFO impact of Shoppingtown Mall and Valley View Center for the years ended December 31, 2012 and 2011. In December 2011, the Company conveyed Shoppingtown Mall to the lender by a deed-in-lieu of foreclosure. In July 2010, a court-appointed receiver assumed operational control of Valley View Center and responsibility for managing all aspects of the property. Valley View Center was sold by the receiver on April 23, 2012, and the related non-recourse mortgage loan obligation was fully extinguished on that date, resulting in a gain on extinguishment of debt of \$104.0 million. On May 31, 2012, the Company conveyed Prescott Gateway to the lender by a deed-in-lieu of

foreclosure and the debt was forgiven resulting in a gain on extinguishment of debt of \$16.3 million. AFFO excludes the gain on extinguishment of debt on Prescott Gateway for the twelve months ended December 31, 2012.

FFO and AFFO on a diluted basis are useful to investors in comparing operating and financial results between periods. This is especially true since FFO excludes real estate depreciation and amortization, as the Company believes real estate values fluctuate based on market conditions rather than depreciating in value ratably on a straight-line basis over time. The Company believes that such a presentation also provides investors with a more meaningful measure of its operating results in comparison to the operating results of other REITs. The Company believes that AFFO and AFFO on a diluted basis provide useful supplemental information regarding the Company's performance as they show a more meaningful and consistent comparison of the Company's operating performance and allow investors to more easily compare the Company's results without taking into account non-cash credits and charges on properties controlled by either a receiver or loan servicer. FFO and AFFO on a diluted basis are measures investors find most useful in measuring the dilutive impact of outstanding convertible securities.

FFO and AFFO do not represent cash flow from operations as defined by GAAP, should not be considered as an alternative to net income as defined by GAAP, and are not indicative of cash available to fund all cash flow needs. The Company also cautions that FFO and AFFO, as presented, may not be comparable to similarly titled measures reported by other real estate investment trusts.

Management compensates for the limitations of FFO and AFFO by providing investors with financial statements prepared according to GAAP, along with this detailed discussion of FFO and AFFO and a reconciliation of FFO and AFFO and FFO and AFFO-diluted to net income available to common stockholders. Management believes that to further understand the Company's performance, FFO and AFFO should be compared with the Company's reported net income and considered in addition to cash flows in accordance with GAAP, as presented in the Company's Consolidated Financial Statements. For disclosure of net income, the most directly comparable GAAP financial measure, for the periods presented and a reconciliation of FFO and AFFO and FFO and AFFO—diluted to net income, see "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations—Funds From Operations ("FFO") and Adjusted Funds From Operations ("AFFO")".

The computation of FFO and AFFO—diluted includes the effect of share and unit-based compensation plans and the Senior Notes calculated using the treasury stock method. It also assumes the conversion of MACWH, LP common and preferred units and all other securities to the extent that they are dilutive to the FFO and AFFO—diluted computation. On February 25, 1998, the Company sold \$100 million of its Series A Preferred Stock. The Preferred Stock was convertible on a one-for-one basis for common stock and was fully converted as of December 31, 2008.

- (11) Sales per square foot are based on reports by retailers leasing Mall Stores and Freestanding Stores for the trailing 12 months for tenants which have occupied such stores for a minimum of 12 months. Sales per square foot also are based on tenants 10,000 square feet and under for Regional Shopping Centers.

## ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### Management's Overview and Summary

The Company is involved in the acquisition, ownership, development, redevelopment, management and leasing of regional and community shopping centers located throughout the United States. The Company is the sole general partner of, and owns a majority of the ownership interests in, the Operating Partnership. As of December 31, 2012, the Operating Partnership owned or had an ownership interest in 61 regional shopping centers and nine community/power shopping centers totaling approximately 63 million square feet of GLA. These 70 regional and community/power shopping centers are referred to hereinafter as the "Centers," unless the context otherwise requires. The Company is a self-administered and self-managed REIT and conducts all of its operations through the Operating Partnership and the Management Companies.

The following discussion is based primarily on the consolidated financial statements of the Company for the years ended December 31, 2012, 2011 and 2010. It compares the results of operations and cash flows for the year ended December 31, 2012 to the results of operations and cash flows for the year ended December 31, 2011. Also included is a comparison of the results of operations and cash flows for the year ended December 31, 2011 to the results of operations and cash flows for the year ended December 31, 2010. This information should be read in conjunction with the accompanying consolidated financial statements and notes thereto.

#### *Acquisitions and Dispositions:*

The financial statements reflect the following acquisitions, dispositions and changes in ownership subsequent to the occurrence of each transaction.

On February 24, 2011, the Company's joint venture in Kierland Commons Investment LLC ("KCI") acquired an additional ownership interest in PHXAZ/Kierland Commons, L.L.C. ("Kierland Commons"), a 433,000 square foot regional shopping center in Scottsdale, Arizona. As a result of this transaction, the Company's ownership interest in KCI increased from 24.5% to 50.0%. The Company's share of the purchase price consisted of a cash payment of \$34.2 million and the assumption of a pro rata share of debt of \$18.6 million.

On February 28, 2011, the Company, in a 50/50 joint venture, acquired The Shops at Atlas Park, a 377,000 square foot community center in Queens, New York, for a total purchase price of \$53.8 million. The Company's share of the purchase price was \$26.9 million and was funded from the Company's cash on hand.

On February 28, 2011, the Company acquired the remaining 50% ownership interest in Desert Sky Mall, an 890,000 square foot regional shopping center in Phoenix, Arizona, that it did not own. The total purchase price was \$27.6 million, which included the assumption of the third party's pro rata share of the mortgage note payable on the property of \$25.8 million. Concurrent with the purchase of the partnership interest, the Company paid off the \$51.5 million loan on the property.

On March 4, 2011, the Company sold a fee interest in a former Mervyn's store in Santa Fe, New Mexico, for \$3.7 million, resulting in a loss on the sale of \$1.9 million. The Company used the proceeds from the sale for general corporate purposes.

On April 29, 2011, the Company purchased a fee interest in a freestanding Kohl's store at Capitola Mall in Capitola, California for \$28.5 million. The purchase price was paid from cash on hand.

On June 3, 2011, the Company acquired an additional 33.3% ownership interest in Arrowhead Towne Center, a 1,196,000 square foot regional shopping center in Glendale, Arizona, an additional 33.3% ownership interest in Superstition Springs Center, a 1,207,000 square foot regional shopping

center in Mesa, Arizona, and an additional 50% ownership interest in the land under Superstition Springs Center (“Superstition Springs Land”) in exchange for the Company’s ownership interest in six anchor stores, including five former Mervyn’s stores and a cash payment of \$75.0 million. The cash purchase price was funded from borrowings under the Company’s line of credit. This transaction is referred to herein as the “GGP Exchange”.

On July 22, 2011, the Company acquired Fashion Outlets of Niagara Falls USA, a 530,000 square foot outlet center in Niagara Falls, New York. The initial purchase price of \$200.0 million was funded by a cash payment of \$78.6 million and the assumption of the mortgage note payable of \$121.4 million. The cash purchase price was funded from borrowings under the Company’s line of credit. The purchase and sale agreement includes contingent consideration based on the performance of Fashion Outlets of Niagara Falls USA from the acquisition date through July 21, 2014 that could increase the purchase price from the initial \$200.0 million up to a maximum of \$218.3 million. As of December 31, 2012, the Company estimated the fair value of the contingent consideration as \$16.1 million, which has been included in other accrued liabilities.

On October 14, 2011, the Company sold a former Mervyn’s store in Salt Lake City, Utah, for \$8.1 million, resulting in a gain on the sale of assets of \$3.8 million. The proceeds from the sale were used for general corporate purposes.

On November 30, 2011, the Company sold a former Mervyn’s store in West Valley City, Utah, for \$2.3 million, resulting in a loss on the sale of \$0.2 million. The proceeds from the sale were used for general corporate purposes.

On December 31, 2011, the Company and its joint venture partner reached agreement for the distribution and conveyance of interests in SDG Macerich that owned 11 regional malls in a 50/50 partnership. Six of the eleven assets were distributed to the Company on December 31, 2011. The Company received 100% ownership of Eastland Mall in Evansville, Indiana, Lake Square Mall in Leesburg, Florida, SouthPark Mall in Moline, Illinois, Southridge Mall in Des Moines, Iowa, NorthPark Mall in Davenport, Iowa and Valley Mall in Harrisonburg, Virginia (collectively referred to herein as the “SDG Acquisition Properties”). These wholly-owned assets were recorded at fair value at the date of transfer, which resulted in a gain to the Company of \$188.3 million. The gain reflected the fair value of the net assets received in excess of the book value of the Company’s interest in SDG Macerich. The distribution and conveyance of the properties from SDG Macerich to the Company is referred to herein as the “SDG Transaction”.

On February 29, 2012, the Company acquired a 327,000 square foot mixed-use retail/office building (“500 North Michigan Avenue”) in Chicago, Illinois for \$70.9 million. The building is adjacent to The Shops at North Bridge. The purchase price was paid from borrowings under the Company’s line of credit.

On March 30, 2012, the Company sold its 50% ownership interest in Chandler Village Center, a 273,000 square foot community center in Chandler, Arizona, for a total sales price of \$14.8 million, resulting in a gain on the sale of assets of \$8.2 million. The sales price was funded by a cash payment of \$6.0 million and the assumption of the Company’s share of the mortgage note payable on the property of \$8.8 million. The Company used the cash proceeds from the sale to pay down its line of credit and for general corporate purposes.

On March 30, 2012, the Company sold its 50% ownership interest in Chandler Festival, a 500,000 square foot community center in Chandler, Arizona, for a total sales price of \$31.0 million, resulting in a gain on the sale of assets of \$12.3 million. The sales price was funded by a cash payment of \$16.2 million and the assumption of the Company’s share of the mortgage note payable on the property of \$14.8 million. The Company used the cash proceeds from the sale to pay down its line of credit and for general corporate purposes.

On March 30, 2012, the Company's joint venture in SanTan Village Power Center, a 491,000 square foot community center in Gilbert, Arizona, sold the property for \$54.8 million, resulting in a gain on the sale of assets of \$23.3 million for the joint venture. The Company's pro rata share of the gain recognized was \$7.9 million. The Company used its share of the proceeds to pay down its line of credit and for general corporate purposes.

On April 30, 2012, the Company sold The Borgata, a 94,000 square foot community center in Scottsdale, Arizona, for \$9.2 million, resulting in a loss on the sale of \$1.3 million. The Company used the proceeds from the sale to pay down its line of credit and for general corporate purposes.

On May 11, 2012, the Company sold a former Mervyn's store in Montebello, California for \$20.8 million, resulting in a loss on the sale of \$0.4 million. The proceeds from the sale were used for general corporate purposes.

On May 17, 2012, the Company sold Hilton Village, a 80,000 square foot community center in Scottsdale, Arizona, for \$24.8 million, resulting in a gain on the sale of assets of \$3.1 million. The Company used the proceeds from the sale to pay down its line of credit and for general corporate purposes.

On May 31, 2012, the Company sold its 50% ownership interest in Chandler Gateway, a 260,000 square foot community center in Chandler, Arizona, for a total sales price of \$14.3 million, resulting in a gain on the sale of assets of \$3.4 million. The sales price was funded by a cash payment of \$4.9 million and the assumption of the Company's share of the mortgage note payable on the property of \$9.4 million. The Company used the cash proceeds from the sale to pay down its line of credit and for general corporate purposes.

On June 28, 2012, the Company sold Carmel Plaza, a 112,000 square foot community center in Carmel, California, for \$52.0 million, resulting in a gain on the sale of assets of \$7.8 million. The Company used the proceeds from the sale to pay down its line of credit.

On August 10, 2012, the Company was bought out of its ownership interest in NorthPark Center, a 1,946,000 square foot regional shopping center in Dallas, Texas, for \$118.8 million, resulting in a gain of \$24.6 million. The Company used the cash proceeds to pay down its line of credit.

On October 3, 2012, the Company acquired the 75% ownership interest in FlatIron Crossing, a 1,443,000 square foot regional shopping center in Broomfield, Colorado, that it did not own for a cash payment of \$195.9 million and the assumption of the third party's share of the mortgage note payable of \$114.5 million.

On October 26, 2012, the Company acquired the remaining 33.3% ownership interest in Arrowhead Towne Center, a 1,196,000 square foot regional shopping center in Glendale, Arizona, that it did not own for \$144.4 million. The Company funded the purchase price by a cash payment of \$69.0 million and the assumption of the third party's pro rata share of the mortgage note payable on the property of \$75.4 million.

On November 28, 2012, the Company acquired Kings Plaza Shopping Center, a 1,198,000 square foot regional shopping center in Brooklyn, New York, for a purchase price of \$756.0 million. The purchase price was funded from a cash payment of \$726.0 million and the issuance of \$30.0 million in restricted common stock of the Company. The cash payment was provided by the placement of a mortgage note on the property that allowed for borrowings up to \$500.0 million and from borrowings under the Company's line of credit. Concurrent with the acquisition, the Company borrowed \$354.0 million on the loan. On January 3, 2013, the Company exercised its option to borrow the remaining \$146.0 million of the loan.

On January 24, 2013, the Company acquired Green Acres Mall, a 1,800,000 square foot regional shopping center in Valley Stream, New York, for a purchase price of \$500.0 million. The purchase price

was funded from the placement of a \$325.0 million mortgage note on the property and \$175.0 million from borrowings under the Company's line of credit.

*Other Transactions and Events:*

On July 15, 2010, a court appointed receiver assumed operational control of Valley View Center and responsibility for managing all aspects of the property. In March 2012, the Company recorded an impairment charge of \$54.3 million to write down the carrying value of the long-lived assets to their estimated fair value. On April 23, 2012, the property was sold by the receiver for \$33.5 million, which resulted in a gain on the extinguishment of debt of \$104.0 million.

On April 1, 2011, the Company's joint venture in SDG Macerich conveyed Granite Run Mall to the mortgage note lender by a deed-in-lieu of foreclosure. The mortgage note was non-recourse. The Company's pro rata share of gain on the extinguishment of debt was \$7.8 million.

On May 11, 2011, the non-recourse mortgage note payable on Shoppingtown Mall went into maturity default. As a result of the maturity default and the corresponding reduction of the estimated holding period, the Company recognized an impairment charge of \$35.7 million to write-down the carrying value of the long-lived assets to their estimated fair value. On September 14, 2011, the Company exercised its right and redeemed the outside ownership interests in the Center for a cash payment of \$11.4 million. On December 30, 2011, the Company conveyed the property to the mortgage note lender by a deed-in-lieu of foreclosure. As a result of the conveyance, the Company recognized an additional \$3.9 million loss on the disposal of the property.

On May 31, 2012, the Company conveyed Prescott Gateway, a 584,000 square foot regional shopping center in Prescott, Arizona, to the mortgage note lender by a deed-in-lieu of foreclosure. The mortgage loan was non-recourse. As a result of the conveyance, the Company recognized a gain on the extinguishment of debt of \$16.3 million.

*Redevelopment and Development Activity:*

In August 2011, the Company entered into a joint venture agreement with a subsidiary of AWE/Talisman for the development of Fashion Outlets of Chicago in the Village of Rosemont, Illinois. The Company owns 60% of the joint venture and AWE/Talisman owns 40%. The Center will be a fully enclosed two level, 526,000 square foot outlet center. The site is located within a mile of O'Hare International Airport. The project broke ground in November 2011 and is expected to be completed in August 2013. The total estimated project cost is approximately \$200.0 million. As of December 31, 2012, the joint venture has incurred \$91.8 million of development costs. On March 2, 2012, the joint venture obtained a construction loan on the property that allows for borrowings up to \$140.0 million, bears interest at LIBOR plus 2.50% and matures March 5, 2017. As of December 31, 2012, the joint venture has borrowed \$9.2 million under the loan.

The Company's joint venture in Tysons Corner, a 2,154,000 square foot regional shopping center in McLean, Virginia, is currently expanding the property to include a 524,000 square foot office building, a 430 unit residential tower and a 300 room hotel. The joint venture started the expansion project in October 2011 and expects it to be completed in Fall 2014. The total cost of the project is estimated at \$600.0 million, of which \$300.0 million is estimated to be the Company's pro rata share. The Company has funded \$64.8 million of the total of \$129.6 million cost incurred by the joint venture as of December 31, 2012.

*Inflation:*

In the last five years, inflation has not had a significant impact on the Company because of a relatively low inflation rate. Most of the leases at the Centers have rent adjustments periodically

throughout the lease term. These rent increases are either in fixed increments or based on using an annual multiple of increases in the Consumer Price Index (“CPI”). In addition, approximately 5% to 13% of the leases expire each year, which enables the Company to replace existing leases with new leases at higher base rents if the rents of the existing leases are below the then existing market rate. The Company has generally entered into leases that require tenants to pay a stated amount for operating expenses, generally excluding property taxes, regardless of the expenses actually incurred at any Center, which places the burden of cost control on the Company. Additionally, certain leases require the tenants to pay their pro rata share of operating expenses.

*Seasonality:*

The shopping center industry is seasonal in nature, particularly in the fourth quarter during the holiday season when retailer occupancy and retail sales are typically at their highest levels. In addition, shopping malls achieve a substantial portion of their specialty (temporary retailer) rents during the holiday season and the majority of percentage rent is recognized in the fourth quarter. As a result of the above, earnings are generally higher in the fourth quarter.

**Critical Accounting Policies**

The preparation of financial statements in conformity with generally accepted accounting principles (“GAAP”) in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Some of these estimates and assumptions include judgments on revenue recognition, estimates for common area maintenance and real estate tax accruals, provisions for uncollectible accounts, impairment of long-lived assets, the allocation of purchase price between tangible and intangible assets, and estimates for environmental matters. The Company’s significant accounting policies are described in more detail in Note 2—Summary of Significant Accounting Policies in the Company’s Notes to the Consolidated Financial Statements. However, the following policies are deemed to be critical.

*Revenue Recognition:*

Minimum rental revenues are recognized on a straight-line basis over the term of the related lease. The difference between the amount of rent due in a year and the amount recorded as rental income is referred to as the “straight line rent adjustment.” Currently, 63% of the Mall Store and Freestanding Store leases contain provisions for CPI rent increases periodically throughout the term of the lease. The Company believes that using an annual multiple of CPI increases, rather than fixed contractual rent increases, results in revenue recognition that more closely matches the cash revenue from each lease and will provide more consistent rent growth throughout the term of the leases. Percentage rents are recognized when the tenants’ specified sales targets have been met. Estimated recoveries from certain tenants for their pro rata share of real estate taxes, insurance and other shopping center operating expenses are recognized as revenues in the period the applicable expenses are incurred. Other tenants pay a fixed rate and these tenant recoveries’ revenues are recognized on a straight-line basis over the term of the related leases.

*Property:*

Maintenance and repair expenses are charged to operations as incurred. Costs for major replacements and betterments, which includes HVAC equipment, roofs, parking lots, etc., are capitalized and depreciated over their estimated useful lives. Gains and losses are recognized upon disposal or retirement of the related assets and are reflected in earnings.

Property is recorded at cost and is depreciated using a straight-line method over the estimated useful lives of the assets as follows:

Buildings and improvements . . . . .	5 - 40 years
Tenant improvements . . . . .	5 - 7 years
Equipment and furnishings . . . . .	5 - 7 years

*Capitalization of Costs:*

The Company capitalizes costs incurred in redevelopment, development, renovation and improvement of properties. The capitalized costs include pre-construction costs essential to the development of the property, development costs, construction costs, interest costs, real estate taxes, salaries and related costs and other costs incurred during the period of development. These capitalized costs include direct and certain indirect costs clearly associated with the project. Indirect costs include real estate taxes, insurance and certain shared administrative costs. In assessing the amounts of direct and indirect costs to be capitalized, allocations are made to projects based on estimates of the actual amount of time spent on each activity. Indirect costs not clearly associated with specific projects are expensed as period costs. Capitalized indirect costs are allocated to development and redevelopment activities based on the square footage of the portion of the building not held available for immediate occupancy. If costs and activities incurred to ready the vacant space cease, then cost capitalization is also discontinued until such activities are resumed. Once work has been completed on a vacant space, project costs are no longer capitalized. For projects with extended lease-up periods, the Company ends the capitalization when significant activities have ceased, which does not exceed the shorter of a one-year period after the completion of the building shell or when the construction is substantially complete.

*Acquisitions:*

The Company allocates the estimated fair values of acquisitions to land, building, tenant improvements and identified intangible assets and liabilities, based on their estimated fair values. In addition, any assumed mortgage notes payable are recorded at their estimated fair values. The estimated fair value of the land and buildings is determined utilizing an “as if vacant” methodology. Tenant improvements represent the tangible assets associated with the existing leases valued on a fair value basis at the acquisition date prorated over the remaining lease terms. The tenant improvements are classified as an asset under property and are depreciated over the remaining lease terms. Identifiable intangible assets and liabilities relate to the value of in-place operating leases which come in three forms: (i) leasing commissions and legal costs, which represent the value associated with “cost avoidance” of acquiring in-place leases, such as lease commissions paid under terms generally experienced in the Company’s markets; (ii) value of in-place leases, which represents the estimated loss of revenue and of costs incurred for the period required to lease the “assumed vacant” property to the occupancy level when purchased; and (iii) above or below market value of in-place leases, which represents the difference between the contractual rents and market rents at the time of the acquisition, discounted for tenant credit risks. Leasing commissions and legal costs are recorded in deferred charges and other assets and are amortized over the remaining lease terms. The value of in-place leases are recorded in deferred charges and other assets and amortized over the remaining lease terms plus an estimate of renewal of the acquired leases. Above or below market leases are classified in deferred charges and other assets or in other accrued liabilities, depending on whether the contractual terms are above or below market, and the asset or liability is amortized to minimum rents over the remaining terms of the leases. The remaining lease terms of below-market leases may include certain below-market fixed-rate renewal periods. In considering whether or not a lessee will execute a below-market fixed-rate lease renewal option, the Company evaluates economic factors and certain qualitative factors

at the time of acquisition such as tenant mix in the center, the Company's relationship with the tenant and the availability of competing tenant space.

The Company immediately expenses costs associated with business combinations as period costs.

*Asset Impairment:*

The Company assesses whether an indicator of impairment in the value of its properties exists by considering expected future operating income, trends and prospects, as well as the effects of demand, competition and other economic factors. Such factors include projected rental revenue, operating costs and capital expenditures as well as estimated holding periods and capitalization rates. If an impairment indicator exists, the determination of recoverability is made based upon the estimated undiscounted future net cash flows, excluding interest expense. The amount of impairment loss, if any, is determined by comparing the fair value, as determined by a discounted cash flows analysis, with the carrying value of the related assets. The Company generally holds and operates its properties long-term, which decreases the likelihood of their carrying values not being recoverable. Properties classified as held for sale are measured at the lower of the carrying amount or fair value less cost to sell.

The Company reviews its investments in unconsolidated joint ventures for a series of operating losses and other factors that may indicate that a decrease in the value of its investments has occurred which is other-than-temporary. The investment in each unconsolidated joint venture is evaluated periodically, and as deemed necessary, for recoverability and valuation declines that are other than temporary.

*Fair Value of Financial Instruments:*

The fair value hierarchy distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity and the reporting entity's own assumptions about market participant assumptions.

Level 1 inputs utilize quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset or liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liability, which is typically based on an entity's own assumptions, as there is little, if any, related market activity. In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

The Company calculates the fair value of financial instruments and includes this additional information in the notes to consolidated financial statements when the fair value is different than the carrying value of those financial instruments. When the fair value reasonably approximates the carrying value, no additional disclosure is made.

*Deferred Charges:*

Costs relating to obtaining tenant leases are deferred and amortized over the initial term of the agreement using the straight-line method. As these deferred leasing costs represent productive assets incurred in connection with the Company's provision of leasing arrangements at the Centers, the

related cash flows are classified as investing activities within the Company's consolidated statements of cash flows. Costs relating to financing of shopping center properties are deferred and amortized over the life of the related loan using the straight-line method, which approximates the effective interest method. The ranges of the terms of the agreements are as follows:

Deferred lease costs . . . . .	1 - 15 years
Deferred financing costs . . . . .	1 - 15 years

**Results of Operations**

Many of the variations in the results of operations, discussed below, occurred because of the transactions affecting the Company's properties described above, including those related to the Acquisition Properties and the Development Property as defined below.

For purposes of the discussion below, the Company defines "Same Centers" as those Centers that are substantially complete and in operation for the entirety of both periods of the comparison. Non-Same Centers for comparison purposes include recently acquired properties ("Acquisition Properties") and those Centers or properties that are going through a substantial redevelopment often resulting in the closing of a portion of the Center ("Development Properties"). The Company moves a Center in and out of Same Centers based on whether the Center is substantially complete and in operation for the entirety of both periods of the comparison. Accordingly, the Same Centers consist of all consolidated centers, excluding the Acquisition Properties and the Development Properties, for the periods of comparison.

For comparison of the year ended December 31, 2012 to the year ended December 31, 2011, the Acquisition Properties include Desert Sky Mall, the Kohl's store at Capitola Mall, Superstition Springs Land, Fashion Outlets of Niagara Falls USA, the SDG Acquisition Properties, 500 North Michigan Avenue, FlatIron Crossing, Arrowhead Towne Center and Kings Plaza Shopping Center. For comparison of the year ended December 31, 2011 to the year ended December 31, 2010, the Acquisition Properties include Desert Sky Mall, the Kohl's store at Capitola Mall, Superstition Springs Land, Fashion Outlets of Niagara Falls USA and the SDG Acquisition Properties. The increase in revenues and expenses of the Acquisition Properties from the year ended December 31, 2011 to the year ended December 31, 2012 is primarily due to the acquisition of the SDG Acquisition Properties (See "Acquisitions and Dispositions" in Management's Overview and Summary). The increase in revenues and expenses of the Acquisition Properties from the year ended December 31, 2010 to the year ended December 31, 2011 is primarily due to the acquisition of Desert Sky Mall in 2011 (See "Acquisitions and Dispositions" in Management's Overview and Summary).

For the comparison of the year ended December 31, 2012 to the year ended December 31, 2011, the "Development Property" is the Fashion Outlets of Chicago. For the comparison of the year ended December 31, 2011 to the year ended December 31, 2010, the "Development Property" is Santa Monica Place. The increase in revenue and expenses of the Development Property from the year ended December 31, 2010 to the year ended December 31, 2011 is primarily due to the opening of Santa Monica Place in August 2010.

Unconsolidated joint ventures are reflected using the equity method of accounting. The Company's pro rata share of the results from these Centers is reflected in the consolidated statements of operations as equity in income of unconsolidated joint ventures.

The Company considers tenant annual sales per square foot (for tenants in place for a minimum of 12 months or longer and 10,000 square feet and under) for regional shopping centers, occupancy rates (excluding large retail stores or "Anchors") for the Centers and releasing spreads (i.e. a comparison of average base rent per square foot on leases executed during the trailing twelve months

to average base rent per square foot on leases expiring during the year based on the spaces 10,000 square feet and under) to be key performance indicators of the Company's internal growth.

Tenant sales per square foot increased from \$489 for the twelve months ended December 31, 2011 to \$517 for the twelve months ended December 31, 2012. Occupancy rate increased from 92.7% at December 31, 2011 to 93.8% at December 31, 2012. Releasing spreads increased 15.4% for the twelve months ended December 31, 2012. These calculations exclude Centers under development or redevelopment.

The Company's recent trend of retail sales growth continued during the twelve months ended December 31, 2012 with tenant sales per square foot and releasing spreads increasing compared to the twelve months ended December 31, 2011. The Company expects that releasing spreads will continue to be positive in 2013 as it renews or relets leases that are scheduled to expire during the year. The Company's occupancy rate as of December 31, 2012 also increased compared to December 31, 2011. Although certain aspects of the U.S. economy, the retail industry as well as the Company's operating results have continued to improve, economic and political uncertainty remains in various parts of the world and the U.S. economy is still experiencing weakness. Any further continuation or worsening of these adverse conditions could harm the Company's business, results of operations and financial condition.

#### **Comparison of Years Ended December 31, 2012 and 2011**

##### *Revenues:*

Minimum and percentage rents (collectively referred to as "rental revenue") increased by \$72.9 million, or 16.3%, from 2011 to 2012. The increase in rental revenue is attributed to an increase of \$74.0 million from the Acquisition Properties offset in part by a decrease of \$1.1 million from the Same Centers. The decrease at the Same Centers is primarily attributed to the decrease in above and below-market leases and lease termination income as noted below.

Rental revenue includes the amortization of above and below-market leases, the amortization of straight-line rents and lease termination income. The amortization of above and below-market leases decreased from \$9.4 million in 2011 to \$5.3 million in 2012. The amortization of straight-line rents increased from \$4.8 million in 2011 to \$6.1 million in 2012. Lease termination income decreased from \$5.7 million in 2011 to \$4.7 million in 2012.

Tenant recoveries increased \$31.7 million, or 13.1%, from 2011 to 2012. The increase in tenant recoveries is attributed to increases of \$32.3 million from the Acquisition Properties offset in part by a decrease of \$0.6 million from the Same Centers.

Management Companies' revenue increased from \$40.4 million in 2011 to \$41.2 million in 2012 primarily due to an increase in development fees.

##### *Shopping Center and Operating Expenses:*

Shopping center and operating expenses increased \$38.2 million, or 15.8%, from 2011 to 2012. The increase in shopping center and operating expenses is attributed to an increase of \$41.2 million from the Acquisition Properties offset in part by a decrease of \$3.0 million from the Same Centers.

##### *Management Companies' Operating Expenses:*

Management Companies' operating expenses decreased \$1.0 million from 2011 to 2012 due to a decrease in compensation costs.

*REIT General and Administrative Expenses:*

REIT general and administrative expenses decreased by \$0.7 million from 2011 to 2012.

*Depreciation and Amortization:*

Depreciation and amortization increased \$50.5 million from 2011 to 2012. The increase in depreciation and amortization is primarily attributed to an increase of \$45.8 million from the Acquisition Properties and \$4.7 million from the Same Centers.

*Interest Expense:*

Interest expense decreased \$2.9 million from 2011 to 2012. The decrease in interest expense was primarily attributed to decreases of \$25.3 million from the Senior Notes, which were paid off in full in March 2012 (See Liquidity and Capital Resources), \$7.7 million from the Same Centers and \$1.3 million from the Development Property. These decreases were offset in part by increases of \$19.5 million from the Acquisition Properties, \$8.9 million from the borrowings under the line of credit and \$3.0 million from the term loan. The decrease from the Same Centers was primarily due to the maturity of a \$400.0 million interest rate swap agreement in April 2011.

The above interest expense items are net of capitalized interest, which decreased from \$11.9 million in 2011 to \$10.7 million in 2012, primarily due to a decrease in interest rates in 2012.

*Loss (gain) on Early Extinguishment of Debt:*

Loss (gain) on early extinguishment of debt decreased \$10.6 million from 2011 to 2012. The decrease in loss on early extinguishment of debt is primarily attributed to a \$9.1 million loss from the prepayment of the mortgage note payable on Chesterfield Towne Center in 2011 and a \$1.4 million loss from the repurchase of the Senior Notes in 2011.

*Equity in Income of Unconsolidated Joint Ventures:*

Equity in income of unconsolidated joint ventures decreased \$215.4 million from 2011 to 2012. The decrease in equity in income of unconsolidated joint ventures is primarily attributed to the Company's pro rata share of the gain of \$188.3 million in connection with the SDG Transaction (See "Acquisitions and Dispositions" in Management's Overview and Summary) in 2011. The remaining decrease in equity in income from unconsolidated joint ventures is attributed to the Company's \$12.5 million pro rata share of the remeasurement gain on the acquisition of an underlying ownership interest in Kierland Commons in 2011 (See "Acquisitions and Dispositions" in Management's Overview and Summary), and the Company's \$7.8 million pro rata share of the gain on early extinguishment of debt of its joint venture in Granite Run Mall in 2011 (See "Other Transactions and Events" in Management's Overview and Summary).

*Gain (loss) on Remeasurement, Sale or Write down of Assets, net:*

Gain (loss) on remeasurement, sale or write down of assets, net increased \$226.7 million from 2011 to 2012. The increase is primarily attributed to the \$115.7 million remeasurement gain on the purchase of Arrowhead Towne Center in 2012, the \$84.2 million remeasurement gain on the purchase of FlatIron Crossing in 2012 and the \$24.6 million gain on the buyout of the Company's ownership interest in NorthPark Center in 2012 (See "Acquisitions and Dispositions" in Management's Overview and Summary).

*Income (loss) from Discontinued Operations:*

Income (loss) from discontinued operations increased \$144.2 million from 2011 to 2012. The increase is primarily due to the \$49.7 million gain on disposal of Valley View Center in 2012, the \$16.3 million gain on disposal of Prescott Gateway in 2012, the \$7.8 million gain on the sale of Carmel Plaza in 2012, the loss on disposal of \$39.7 million on Shoppingtown Mall in 2011 and the impairment charge of \$19.7 million on The Borgata in 2011 (See “Acquisitions and Dispositions” in Management’s Overview and Summary).

*Net Income:*

Net income increased \$197.3 million from 2011 to 2012. The increase in net income is primarily attributed to increases of \$226.7 million from gains on remeasurement, sale or write down of assets, net, \$144.2 million from discontinued operations and \$44.4 million from the operating results of the consolidated properties offset in part by a decrease of \$215.4 million from equity in income of unconsolidated joint ventures as discussed above.

*Funds From Operations (“FFO”):*

Primarily as a result of the factors mentioned above, FFO—diluted increased 44.6% from \$399.6 million in 2011 to \$577.9 million in 2012. For a reconciliation of FFO and FFO—diluted to net income available to common stockholders, the most directly comparable GAAP financial measure, see “Funds From Operations (“FFO”) and Adjusted Funds From Operations (“AFFO”)”.

*Operating Activities:*

Cash provided by operating activities increased from \$237.3 million in 2011 to \$351.3 million in 2012. The increase was primarily due to changes in assets and liabilities and the results at the Centers as discussed above.

*Investing Activities:*

Cash used in investing activities increased from \$212.1 million in 2011 to \$963.4 million in 2012. The increase in cash used in investing activities was primarily due to increases of \$936.7 million from acquisitions of properties and \$83.3 million from the development, redevelopment and renovations of properties offset in part by an increase of \$119.7 million in proceeds from the sale of assets, an increase of \$106.6 million in distributions from unconsolidated joint ventures and a decrease of \$60.0 million in contributions to unconsolidated joint ventures. The increase in the acquisitions of properties is primarily due to the purchases of Kings Plaza Shopping Center, FlatIron Crossing and Arrowhead Towne Center in 2012 (See “Acquisitions and Dispositions” in Management’s Overview and Summary). The increase in proceeds from the sale of assets is primarily due to the buyout of the Company’s ownership interest in NorthPark Center and the sales of The Borgata, Carmel Plaza, Hilton Village and ownership interests in Chandler Festival, Chandler Village Center and Chandler Gateway in 2012. The increase in distributions from the unconsolidated joint ventures is primarily due to the distribution of the Company’s pro rata share of the excess refinancing proceeds of Queens Center in 2012.

*Financing Activities:*

Cash provided by financing activities increased from a deficit of \$403.6 million in 2011 to a surplus of \$610.6 million in 2012. The increase in cash provided by financing activities was primarily due to an increase in proceeds from mortgages, bank and other notes payable of \$2.4 billion, the repurchase of Senior Notes of \$180.3 million in 2011 and the net proceeds from the at-the-market program of \$175.6 million (See Liquidity and Capital Resources) offset in part by an increase in payments on mortgages, bank and other notes payable of \$1.7 billion.

## Comparison of Years Ended December 31, 2011 and 2010

### *Revenues:*

Rental revenue increased by \$37.1 million, or 9.0%, from 2010 to 2011. The increase in rental revenue is attributed to an increase of \$17.8 million from the Acquisition Properties, \$11.6 million from the Development Property and \$7.7 million from the Same Centers. The increase in Same Centers' rental revenue is primarily attributed to an increase in releasing spreads.

The amortization of above and below market leases increased from \$7.1 million in 2010 to \$9.4 million in 2011. The amortization of straight-line rents increased from \$4.1 million in 2010 to \$4.8 million in 2011. Lease termination income increased from \$4.2 million in 2010 to \$5.7 million in 2011.

Tenant recoveries increased by \$13.3 million from 2010 to 2011. The increase in tenant recoveries is primarily attributed to an increase of \$7.4 million from the Development Property and \$6.1 million from the Acquisition Properties offset in part by a decrease of \$0.2 million from the Same Centers.

Management Companies' revenue decreased from \$42.9 million in 2010 to \$40.4 million in 2011 primarily due to a decrease in development fees.

### *Shopping Center and Operating Expenses:*

Shopping center and operating expenses increased \$18.5 million, or 8.3%, from 2010 to 2011. The increase in shopping center and operating expenses is attributed to an increase of \$10.1 million from the Acquisition Properties, \$8.1 million from the Development Property and \$0.3 million from the Same Centers.

### *Management Companies' Operating Expenses:*

Management Companies' operating expenses decreased \$3.8 million from 2010 to 2011 due to a decrease in compensation costs.

### *REIT General and Administrative Expenses:*

REIT general and administrative expenses increased by \$0.4 million from 2010 to 2011.

### *Depreciation and Amortization:*

Depreciation and amortization increased \$25.5 million from 2010 to 2011. The increase in depreciation and amortization is primarily attributed to an increase of \$10.1 million from the Development Property, \$9.4 million from the Acquisition Properties and \$6.0 million from the Same Centers.

### *Interest Expense:*

Interest expense decreased \$18.3 million from 2010 to 2011. The decrease in interest expense was primarily attributed to a decrease of \$19.4 million from interest rate swap agreements, \$9.6 million from the Same Centers and \$2.3 million from the Senior Notes offset in part by an increase of \$6.7 million from the Development Property, \$3.5 million from the Acquisition Properties, \$2.6 million from the borrowings under the line of credit and \$0.2 million from the term loans. The decrease resulting from the interest rate swap agreements is due to the maturity of a \$450.0 million interest rate swap agreement in April 2010 and the maturity of a \$400.0 million interest rate swap agreement in April 2011.

The above interest expense items are net of capitalized interest, which decreased from \$25.7 million in 2010 to \$11.9 million in 2011 due to a decrease in redevelopment activity in 2011.

*Loss on Early Extinguishment of Debt, net:*

The loss on early extinguishment of debt, net increased \$14.2 million from 2010 to 2011. The increase in loss on early extinguishment of debt is primarily attributed to a \$9.1 million loss from the prepayment of the mortgage note payable on Chesterfield Towne Center in 2011, the \$1.4 million loss from the repurchase of the Senior Notes in 2011 and the \$4.2 million gain on the refinancing of two mortgage notes payable in 2010.

*Equity in Income of Unconsolidated Joint Ventures:*

Equity in income of unconsolidated joint ventures increased \$215.1 million from 2010 to 2011. The increase in equity in income of unconsolidated joint ventures is primarily attributed to the Company's pro rata share of the gain of \$188.3 million in connection with the SDG Transaction (See "Acquisitions and Dispositions" in Management's Overview and Summary) in 2011. The remaining increase in equity in income from unconsolidated joint ventures is attributed to the Company's \$12.5 million pro rata share of the remeasurement gain on the acquisition of an underlying ownership interest in Kierland Commons in 2011 (See "Acquisitions and Dispositions" in Management's Overview and Summary), and the Company's \$7.8 million pro rata share of the gain on early extinguishment of debt of its joint venture in Granite Run Mall in 2011 (See "Other Transactions and Events" in Management's Overview and Summary).

*Loss on Remeasurement, Sale or Write down of Assets, net:*

Loss on remeasurement, sale or write down of assets, net increased \$22.5 million from 2010 to 2011. The increase in loss is primarily attributed to the \$25.2 million impairment charge in 2011 (See Note 6—Property to the Company's Consolidated Financial Statements).

*Loss from Discontinued Operations:*

Loss from discontinued operations increased from \$10.4 million in 2010 to \$74.9 million in 2011. The increase in loss from discontinued operations is primarily attributed to the \$39.6 million loss on the disposal of Shoppingtown Mall in 2011 (See "Other Transactions and Events" in Management's Overview and Summary) and the \$19.7 million impairment charge on The Borgata in 2011 (See "Acquisitions and Dispositions" in Management's Overview and Summary).

*Net Income:*

Net income increased \$140.7 million from 2010 to 2011. The increase in net income is primarily attributed to the Company's pro rata share of the \$188.3 million gain on the SDG Transaction (See "Acquisitions and Dispositions" in Management's Overview and Summary) offset in part by the loss on the disposal of Shoppingtown Mall of \$39.6 million (See "Other Transactions and Events" in Management's Overview and Summary).

*Funds From Operations:*

Primarily as a result of the factors mentioned above, FFO—diluted increased 13.7% from \$351.3 million in 2010 to \$399.6 million in 2011. For a reconciliation of FFO and FFO—diluted to net income available to common stockholders, the most directly comparable GAAP financial measure, see "Funds From Operations ("FFO") and Adjusted Funds From Operations ("AFFO")".

*Operating Activities:*

Cash provided by operating activities increased from \$200.4 million in 2010 to \$237.3 million in 2011. The increase was primarily due to changes in assets and liabilities and the results at the Centers as discussed above.

*Investing Activities:*

Cash used in investing activities increased from \$142.2 million in 2010 to \$212.1 million in 2011. The increase was primarily due to an increase of \$138.7 million in contributions to unconsolidated joint ventures offset in part by an increase of \$98.3 million in distributions from unconsolidated joint ventures. The increase in contributions to unconsolidated joint ventures is primarily attributed to the Kierland Commons, The Shops at Atlas Park, Arrowhead Towne Center and Superstition Springs transactions (See “Acquisitions and Dispositions” in Management’s Overview and Summary). The increase in distributions from the unconsolidated joint ventures is primarily due to the distribution of the Company’s pro rata share of the excess refinancing proceeds of the loan on Arrowhead Towne Center in 2011.

*Financing Activities:*

Cash from financing activities decreased from a surplus of \$294.1 million in 2010 to a deficit of \$403.6 million in 2011. The increase in cash used was primarily due to the \$1.2 billion stock offering in 2010, a decrease in proceeds from mortgages, bank and other notes payable of \$170.5 million, an increase in the repurchase of the Senior Notes of \$162.1 million and an increase in dividends and distributions of \$71.0 million offset in part by a decrease in payments on mortgages, bank and other notes payable of \$940.8 million.

**Liquidity and Capital Resources**

The Company anticipates meeting its liquidity needs for its operating expenses and debt service and dividend requirements for the next twelve months through cash generated from operations, working capital reserves and/or borrowings under its unsecured line of credit.

The following tables summarize capital expenditures and lease acquisition costs incurred at the Centers for the years ended December 31:

<i>(Dollars in thousands)</i>	<u>2012</u>	<u>2011</u>	<u>2010</u>
<b>Consolidated Centers:</b>

	<u>\$1,513,232</u>	<u>\$452,115</u>	<u>\$274,205</u>
<b>Joint Venture Centers (at Company’s pro rata share):</b>

	<u>\$ 95,359</u>	<u>\$194,418</u>	<u>\$ 61,178</u>

The Company expects amounts to be incurred during the next twelve months for tenant allowances and deferred leasing charges to be comparable or less than 2012 and that capital for those expenditures will be available from working capital, cash flow from operations, borrowings on property specific debt or unsecured corporate borrowings. The Company expects to incur between \$200 million and \$300 million during the next twelve months for development, redevelopment, expansion and renovations. Capital for these major expenditures, developments and/or redevelopments has been, and is expected to continue to be obtained from a combination of debt or equity financings, which are expected to include borrowings under the Company’s line of credit and construction loans. The

Company has also generated liquidity in the past through equity offerings, property refinancings, joint venture transactions and the sale of non-core assets. The Company has announced plans to sell certain non-core assets in 2013 depending upon market conditions which will generate additional liquidity. Furthermore, the Company has filed a shelf registration statement which registered an unspecified amount of common stock, preferred stock, depositary shares, debt securities, warrants, rights and units.

The capital and credit markets can fluctuate, and at times, limit access to debt and equity financing for companies. As demonstrated by the Company's recent activity, including its new \$500 million ATM Program discussed below and its \$1.5 billion line of credit, the Company has recently been able to access capital; however, there is no assurance the Company will be able to do so in future periods or on similar terms and conditions. Many factors impact the Company's ability to access capital, such as its overall debt level, interest rates, interest coverage ratios and prevailing market conditions. In the event that the Company has significant tenant defaults as a result of the overall economy and general market conditions, the Company could have a decrease in cash flow from operations, which could result in borrowings under its line of credit. These events could result in an increase in the Company's proportion of floating rate debt, which would cause it to be subject to interest rate fluctuations in the future.

On August 17, 2012, the Company entered into an equity distribution agreement ("Distribution Agreement") with a number of sales agents to issue and sell, from time to time, shares of common stock, having an aggregate offering price of up to \$500 million (the "Shares"). Sales of the Shares, if any, may be made in privately negotiated transactions and/or any other method permitted by law, including sales deemed to be an "at the market" offering, which includes sales made directly on the New York Stock Exchange or sales made to or through a market maker other than on an exchange. This offering is referred to herein as the "ATM Program". During the three months ended December 31, 2012, the Company did not sell any shares of common stock under the ATM Program. During the year ended December 31, 2012, the Company sold 2,961,903 shares of common stock under the ATM Program in exchange for aggregate gross proceeds of \$177.9 million and net proceeds of \$175.6 million, after commissions and other transaction costs. The proceeds from the sales were used to pay down the Company's line of credit. As of December 31, 2012, \$322.1 million remained available to be sold under the ATM Program. Actual future sales will depend upon a variety of factors including but not limited to market conditions, the trading price of the Company's common stock and our capital needs. The Company has no obligation to sell the remaining shares available for sale under the ATM Program.

The Company's total outstanding loan indebtedness at December 31, 2012 was \$6.9 billion (including \$800.0 million of unsecured debt and \$1.6 billion of its pro rata share of unconsolidated joint venture debt). The majority of the Company's debt consists of fixed-rate conventional mortgage notes collateralized by individual properties. The Company expects that all of the maturities during the next twelve months will be refinanced, restructured, extended and/or paid off from the Company's line of credit or cash on hand. The Company's loan obligations regarding Valley View Center and Prescott Gateway were discharged on April 23, 2012 and May 31, 2012, respectively (See "Other Transactions and Events" in Management's Overview and Summary).

On March 15, 2012, the Company paid off in full the \$439.3 million of Senior Notes that had matured. The repayment was funded by borrowings under the Company's line of credit.

The Company has a \$1.5 billion revolving line of credit that bears interest at LIBOR plus a spread of 1.75% to 3.0% depending on the Company's overall leverage and matures on May 2, 2015 with a one-year extension option. Based on the Company's current leverage levels, the borrowing rate on the facility is LIBOR plus 2.0%. The line of credit can be expanded, depending on certain conditions, up to a total facility of \$2.0 billion less the outstanding balance of the \$125.0 million unsecured term loan, as discussed below. All obligations under the line of credit are unconditionally guaranteed by the

Company and certain of its direct and indirect subsidiaries and are secured, subject to certain exceptions, by pledges of direct and indirect ownership interests in certain of the subsidiary guarantors. At December 31, 2012, total borrowings under the line of credit were \$675.0 million with an average effective interest rate of 2.76%.

The Company has a \$125.0 million unsecured term loan under the Company's line of credit that bears interest at LIBOR plus a spread of 1.95% to 3.20% depending on the Company's overall leverage and matures on December 8, 2018. Based on the Company's current leverage levels, the borrowing rate is LIBOR plus 2.20%. As of December 31, 2012, the total interest rate was 2.57%.

At December 31, 2012, the Company was in compliance with all applicable loan covenants under its agreements.

At December 31, 2012, the Company had cash and cash equivalents available of \$65.8 million.

*Off-Balance Sheet Arrangements:*

The Company accounts for its investments in joint ventures that it does not have a controlling interest or is not the primary beneficiary using the equity method of accounting and those investments are reflected on the consolidated balance sheets of the Company as investments in unconsolidated joint ventures.

In addition, certain joint ventures have secured debt that could become recourse debt to the Company or its subsidiaries, in excess of the Company's pro rata share, should the joint ventures be unable to discharge the obligations of the related debt. At December 31, 2012, the balance of the debt that could be recourse to the Company was \$51.2 million offset in part by indemnity agreements from joint venture partners for \$21.3 million. The maturities of the recourse debt, net of indemnification, are \$4.1 million in 2013, \$16.8 million in 2015 and \$9.0 million in 2016.

Additionally, as of December 31, 2012, the Company is contingently liable for \$3.8 million in letters of credit guaranteeing performance by the Company of certain obligations relating to the Centers. The Company does not believe that these letters of credit will result in a liability to the Company.

*Contractual Obligations:*

The following is a schedule of contractual obligations as of December 31, 2012 for the consolidated Centers over the periods in which they are expected to be paid (in thousands):

<u>Contractual Obligations</u>	<u>Payment Due by Period</u>				
	<u>Total</u>	<u>Less than 1 year</u>	<u>1 - 3 years</u>	<u>3 - 5 years</u>	<u>More than five years</u>

### **Funds From Operations (“FFO”) and Adjusted Funds From Operations (“AFFO”)**

The Company uses FFO in addition to net income to report its operating and financial results and considers FFO and FFO-diluted as supplemental measures for the real estate industry and a supplement to Generally Accepted Accounting Principles (“GAAP”) measures. The National Association of Real Estate Investment Trusts (“NAREIT”) defines FFO as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from extraordinary items and sales of depreciated operating properties, plus real estate related depreciation and amortization, impairment write-downs of real estate and write-downs of investments in an affiliate where the write-downs have been driven by a decrease in the value of real estate held by the affiliate and after adjustments for unconsolidated joint ventures. Adjustments for unconsolidated joint ventures are calculated to reflect FFO on the same basis.

Adjusted FFO (“AFFO”) excludes the FFO impact of Shoppingtown Mall and Valley View Center for the years ended December 31, 2012 and 2011. In December 2011, the Company conveyed Shoppingtown Mall to the lender by a deed-in-lieu of foreclosure. In July 2010, a court-appointed receiver assumed operational control of Valley View Center and responsibility for managing all aspects of the property. Valley View Center was sold by the receiver on April 23, 2012, and the related non-recourse mortgage loan obligation was fully extinguished on that date, resulting in a gain on extinguishment of debt of \$104.0 million. On May 31, 2012, the Company conveyed Prescott Gateway to the lender by a deed-in-lieu of foreclosure and the debt was forgiven resulting in a gain on extinguishment of debt of \$16.3 million. AFFO excludes the gain on extinguishment of debt on Prescott Gateway for the twelve months ended December 31, 2012.

FFO and FFO on a diluted basis are useful to investors in comparing operating and financial results between periods. This is especially true since FFO excludes real estate depreciation and amortization, as the Company believes real estate values fluctuate based on market conditions rather than depreciating in value ratably on a straight-line basis over time. The Company believes that such a presentation also provides investors with a more meaningful measure of its operating results in comparison to the operating results of other REITs. The Company believes that AFFO and AFFO on a diluted basis provide useful supplemental information regarding the Company’s performance as they show a more meaningful and consistent comparison of the Company’s operating performance and allow investors to more easily compare the Company’s results without taking into account non-cash credits and charges on properties controlled by either a receiver or loan servicer. FFO and AFFO on a diluted basis are measures investors find most useful in measuring the dilutive impact of outstanding convertible securities.

FFO and AFFO do not represent cash flow from operations as defined by GAAP, should not be considered as an alternative to net income as defined by GAAP, and are not indicative of cash available to fund all cash flow needs. The Company also cautions that FFO and AFFO, as presented, may not be comparable to similarly titled measures reported by other real estate investment trusts.

Management compensates for the limitations of FFO and AFFO by providing investors with financial statements prepared according to GAAP, along with this detailed discussion of FFO and AFFO and a reconciliation of FFO and AFFO and FFO and AFFO-diluted to net income available to common stockholders. Management believes that to further understand the Company’s performance, FFO and AFFO should be compared with the Company’s reported net income and considered in addition to cash flows in accordance with GAAP, as presented in the Company’s consolidated financial statements.

The following reconciles net income attributable to the Company to FFO and FFO-diluted for the years ended December 31, 2012, 2011, 2010, 2009 and 2008 and FFO and FFO—diluted to AFFO and AFFO—diluted for the same periods (dollars and shares in thousands):

(1) Unconsolidated assets are presented at the Company's pro rata share.

(2) Calculated based upon basic net income as adjusted to reach basic FFO. During the years ended December 31, 2012, 2011, 2010, 2009 and 2008, there were 10.9 million, 11.4 million, 11.6 million, 11.8 million and 12.5 million OP Units outstanding, respectively.

(3) The computation of FFO and AFFO—diluted shares outstanding includes the effect of share and unit-based compensation plans and the Senior Notes using the treasury stock method. It also assumes the conversion of MACWH, LP common and preferred units to the extent that they are dilutive to the FFO and AFFO-diluted computation. During the year ended December 31, 2008, 3.0 million shares of the Company's Series A preferred stock then outstanding were converted on a one-for-one basis for common stock.

## ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company's primary market risk exposure is interest rate risk. The Company has managed and will continue to manage interest rate risk by (1) maintaining a ratio of fixed rate, long-term debt to total debt such that floating rate exposure is kept at an acceptable level, (2) reducing interest rate exposure on certain long-term floating rate debt through the use of interest rate caps and/or swaps with appropriately matching maturities, (3) using treasury rate locks where appropriate to fix rates on

anticipated debt transactions, and (4) taking advantage of favorable market conditions for long-term debt and/or equity.

The following table sets forth information as of December 31, 2012 concerning the Company's long term debt obligations, including principal cash flows by scheduled maturity, weighted average interest rates and estimated fair value ("FV") (dollars in thousands):

The Consolidated Centers' total fixed rate debt at December 31, 2012 and 2011 was \$3.7 billion and \$2.6 billion, respectively. The average interest rate on such fixed rate debt at December 31, 2012 and 2011 was 4.40% and 5.53%, respectively. The Consolidated Centers' total floating rate debt at December 31, 2012 and 2011 was \$1.5 billion and \$1.6 billion, respectively. The average interest rate on floating rate debt at December 31, 2012 and 2011 was 3.05% and 3.09%, respectively.

The Company's pro rata share of the Unconsolidated Joint Venture Centers' fixed rate debt at December 31, 2012 and 2011 was \$1.5 billion and \$1.8 billion, respectively. The average interest rate on such fixed rate debt at December 31, 2012 and 2011 was 5.27% and 5.92%, respectively. The Company's pro rata share of the Unconsolidated Joint Venture Centers' floating rate debt at December 31, 2012 and 2011 was \$178.3 million and \$161.2 million, respectively. The average interest rate on such floating rate debt at December 31, 2012 and 2011 was 3.69% and 3.88%, respectively.

The Company uses derivative financial instruments in the normal course of business to manage or hedge interest rate risk and records all derivatives on the balance sheet at fair value (See Note 5—Derivative Instruments and Hedging Activities in the Company's Notes to the Consolidated Financial Statements).

Interest rate cap agreements offer protection against floating rates on the notional amount from exceeding the rates noted in the above schedule, and interest rate swap agreements effectively replace a floating rate on the notional amount with a fixed rate as noted above. As of December 31, 2012, the Company did not have any interest rate cap or swap agreements in place.

In addition, the Company has assessed the market risk for its floating rate debt and believes that a 1% increase in interest rates would decrease future earnings and cash flows by approximately \$17.2 million per year based on \$1.7 billion of floating rate debt outstanding at December 31, 2012.

The fair value of the Company's long-term debt is estimated based on a present value model utilizing interest rates that reflect the risks associated with long-term debt of similar risk and duration. In addition, the method of computing fair value for mortgage notes payable included a credit value

adjustment based on the estimated value of the property that serves as collateral for the underlying debt (See Note 10—Mortgage Notes Payable and Note 11—Bank and Other Notes Payable in the Company's Notes to the Consolidated Financial Statements).

##### *Conclusion Regarding Effectiveness of Disclosure Controls and Procedures*

As required by Rule 13a-15(b) under the Securities and Exchange Act of 1934, as amended (the "Exchange Act"), management carried out an evaluation, under the supervision and with the participation of the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the Company's disclosure controls and procedures as of the end of the period covered by this Annual Report on Form 10-K. Based on their evaluation as of December 31, 2012, the Company's Chief Executive Officer and Chief Financial Officer have concluded that the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Exchange Act) were effective to ensure that the information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is (a) recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms and (b) accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

##### *Management's Report on Internal Control Over Financial Reporting*

The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act). The Company's management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2012. In making this assessment, the Company's management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control—Integrated Framework. The Company's management concluded that, as of December 31, 2012, its internal control over financial reporting was effective based on this assessment.

KPMG LLP, the independent registered public accounting firm that audited the Company's 2012, 2011 and 2010 consolidated financial statements included in this Annual Report on Form 10-K, has issued a report on the Company's internal control over financial reporting which follows below.

##### *Changes in Internal Control over Financial Reporting*

There were no changes in the Company's internal control over financial reporting during the quarter ended December 31, 2012 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

## Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholders of  
The Macerich Company:

We have audited The Macerich Company's (the "Company") internal control over financial reporting as of December 31, 2012, based on criteria established in *Internal Control—Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, The Macerich Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2012, based on criteria established in *Internal Control—Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of the Company as of December 31, 2012 and 2011, and the related consolidated statements of operations, comprehensive income, equity and redeemable noncontrolling interests and cash flows for each of the years in the three-year period ended December 31, 2012, and the related financial statement schedule III—Real Estate and Accumulated Depreciation, and our report dated February 22, 2013 expressed an unqualified opinion on those consolidated financial statements and the related financial statement schedule.

## **ITEM 9B. OTHER INFORMATION**

### **Additional Material Federal Income Tax Considerations**

The following is a summary of certain additional material federal income tax considerations with respect to the ownership of the Company's shares of common stock. This summary supplements and should be read together with "Material United States Federal Income Tax Considerations" in the prospectus dated September 9, 2011 and filed as part of a registration statement on Form S-3 (No. 333-176762), as supplemented by "Supplemental Material United States Federal Income Tax Considerations" in the prospectus supplement thereto, dated August 17, 2012.

#### ***FATCA Withholding***

*U.S. Stockholders.* Pursuant to legislation known as the Foreign Account Tax Compliance Act ("FATCA"), for taxable years beginning after December 31, 2013, a U.S. withholding tax will be imposed at a rate of 30% on dividends paid on the Company's common stock received by U.S. stockholders who own their common stock through foreign accounts or foreign intermediaries if certain disclosure requirements related to U.S. accounts or ownership are not satisfied. In addition, if those disclosure requirements are not satisfied, a U.S. withholding tax at a 30% rate will be imposed, for taxable years beginning after December 31, 2016, on proceeds from the sale of the Company's common stock received by U.S. shareholders who own their common shares through foreign accounts or foreign intermediaries. Accordingly, the status of the entity through which the Company's common stock is held will affect the determination of whether such withholding is required. The Company will not pay any additional amounts in respect of any amounts withheld.

*Non-U.S. Stockholders.* Pursuant to FATCA, for taxable years beginning after December 31, 2013, a U.S. withholding tax will be imposed at a rate of 30% on dividends paid on the Company's common stock received by or through certain foreign financial institutions that fail to meet certain disclosure requirements related to U.S. persons that either have accounts with such institutions or own equity interests in such institutions. Similarly, dividends in respect of the Company's common stock held by a stockholder that is a non-financial non-U.S. entity will be subject to withholding at a rate of 30% unless such entity either (i) certifies that such entity does not have any "substantial United States owners" or (ii) provides certain information regarding its "substantial United States owners," which the Company will in turn provide to the Secretary of the Treasury. In addition, in the cases described above, 30% withholding will also apply to gross proceeds from the disposition of the Company's common stock occurring after December 31, 2016. The Company will not pay any additional amounts in respect of any amounts withheld.

#### ***Recent Legislation***

Pursuant to recently enacted legislation, as of January 1, 2013, (1) the maximum tax rate on "qualified dividend income" received by U.S. stockholders taxed at individual rates is 20%, (2) the maximum tax rate on long-term capital gain applicable to U.S. stockholders taxed at individual rates is 20%, and (3) the highest marginal individual income tax rate is 39.6%. Pursuant to such legislation, the backup withholding rate remains at 28%. Such legislation also makes permanent certain federal income tax provisions that were scheduled to expire on December 31, 2012. Stockholders are urged to consult their tax advisors regarding the impact of this legislation on the purchase, ownership and sale of the Company's common stock.

## **Report of Independent Registered Public Accounting Firm**

The Board of Directors and Stockholders of  
The Macerich Company:

We have audited the accompanying consolidated balance sheets of The Macerich Company and subsidiaries (the “Company”) as of December 31, 2012 and 2011, and the related consolidated statements of operations, comprehensive income, equity and redeemable noncontrolling interests and cash flows for each of the years in the three-year period ended December 31, 2012. In connection with our audits of the consolidated financial statements, we have also audited the financial statement schedule III—Real Estate and Accumulated Depreciation. These consolidated financial statements and the financial statement schedule are the responsibility of the Company’s management. Our responsibility is to express an opinion on these consolidated financial statements and financial statement schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The Macerich Company and subsidiaries as of December 31, 2012 and 2011, and the results of their operations and their cash flows for each of the years in the three-year period ended December 31, 2012, in conformity with U.S. generally accepted accounting principles. Also, in our opinion, the related financial statement schedule III—Real Estate and Accumulated Depreciation, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company’s internal control over financial reporting as of December 31, 2012, based on criteria established in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO), and our report dated February 22, 2013, expressed an unqualified opinion on the effectiveness of the Company’s internal control over financial reporting.

**THE MACERICH COMPANY**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Dollars in thousands, except per share amounts)**

**1. Organization:**

The Macerich Company (the “Company”) is involved in the acquisition, ownership, development, redevelopment, management and leasing of regional and community shopping centers (the “Centers”) located throughout the United States.

The Company commenced operations effective with the completion of its initial public offering on March 16, 1994. As of December 31, 2012, the Company was the sole general partner of and held a 93% ownership interest in The Macerich Partnership, L.P. (the “Operating Partnership”). The Company was organized to qualify as a real estate investment trust (“REIT”) under the Internal Revenue Code of 1986, as amended.

The property management, leasing and redevelopment of the Company’s portfolio is provided by the Company’s management companies, Macerich Property Management Company, LLC, a single member Delaware limited liability company, Macerich Management Company, a California corporation, Macerich Arizona Partners LLC, a single member Arizona limited liability company, Macerich Arizona Management LLC, a single member Delaware limited liability company, Macerich Partners of Colorado, LLC, a Colorado limited liability company, MACW Mall Management, Inc., a New York corporation, and MACW Property Management, LLC, a single member New York limited liability company. All seven of the management companies are collectively referred to herein as the “Management Companies.”

**2. Summary of Significant Accounting Policies:**

*Basis of Presentation:*

These consolidated financial statements have been prepared in accordance with generally accepted accounting principles (“GAAP”) in the United States of America. The accompanying consolidated financial statements include the accounts of the Company and the Operating Partnership. Investments in entities in which the Company has a controlling financial interest or entities that meet the definition of a variable interest entity in which the Company has, as a result of ownership, contractual or other financial interests, both the power to direct activities that most significantly impact the economic performance of the variable interest entity and the obligation to absorb losses or the right to receive benefits that could potentially be significant to the variable interest entity are consolidated; otherwise they are accounted for under the equity method of accounting and are reflected as investments in unconsolidated joint ventures. All intercompany accounts and transactions have been eliminated in the consolidated financial statements.

*Cash and Cash Equivalents and Restricted Cash:*

The Company considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents, for which cost approximates fair value. Restricted cash includes impounds of property taxes and other capital reserves required under loan agreements.

*Revenues:*

Minimum rental revenues are recognized on a straight-line basis over the terms of the related leases. The difference between the amount of rent due in a year and the amount recorded as rental income is referred to as the “straight-line rent adjustment.” Minimum rents were increased by \$6,073, \$4,743 and \$4,079 due to the straight-line rent adjustment during the years ended December 31, 2012,

**THE MACERICH COMPANY**

**2. Summary of Significant Accounting Policies: (Continued)**

2011 and 2010, respectively. Percentage rents are recognized and accrued when tenants' specified sales targets have been met.

Estimated recoveries from certain tenants for their pro rata share of real estate taxes, insurance and other shopping center operating expenses are recognized as revenues in the period the applicable expenses are incurred. Other tenants pay a fixed rate and these tenant recoveries are recognized as revenues on a straight-line basis over the terms of the related leases.

The Management Companies provide property management, leasing, corporate, development, redevelopment and acquisition services to affiliated and non-affiliated shopping centers. In consideration for these services, the Management Companies receive monthly management fees generally ranging from 1.5% to 5% of the gross monthly rental revenue of the properties managed.

*Property:*

Maintenance and repair expenses are charged to operations as incurred. Costs for major replacements and betterments, which includes HVAC equipment, roofs, parking lots, etc., are capitalized and depreciated over their estimated useful lives. Gains and losses are recognized upon disposal or retirement of the related assets and are reflected in earnings.

Property is recorded at cost and is depreciated using a straight-line method over the estimated useful lives of the assets as follows:

Buildings and improvements	5 - 40 years
Tenant improvements	5 - 7 years
Equipment and furnishings	5 - 7 years

*Capitalization of Costs:*

The Company capitalizes costs incurred in redevelopment, development, renovation and improvement of properties. The capitalized costs include pre-construction costs essential to the development of the property, development costs, construction costs, interest costs, real estate taxes, salaries and related costs and other costs incurred during the period of development. These capitalized costs include direct and certain indirect costs clearly associated with the project. Indirect costs include real estate taxes, insurance and certain shared administrative costs. In assessing the amounts of direct and indirect costs to be capitalized, allocations are made to projects based on estimates of the actual amount of time spent on each activity. Indirect costs not clearly associated with specific projects are expensed as period costs. Capitalized indirect costs are allocated to development and redevelopment activities based on the square footage of the portion of the building not held available for immediate occupancy. If costs and activities incurred to ready the vacant space cease, then cost capitalization is also discontinued until such activities are resumed. Once work has been completed on a vacant space, project costs are no longer capitalized. For projects with extended lease-up periods, the Company ends the capitalization when significant activities have ceased, which does not exceed the shorter of a one-year period after the completion of the building shell or when the construction is substantially complete.

**2. Summary of Significant Accounting Policies: (Continued)**

*Investment in Unconsolidated Joint Ventures:*

The Company accounts for its investments in joint ventures using the equity method of accounting unless the Company has a controlling financial interest in the joint venture or the joint venture meets the definition of a variable interest entity in which the Company is the primary beneficiary through both its power to direct activities that most significantly impact the economic performance of the variable interest entity and the obligation to absorb losses or the right to receive benefits that could potentially be significant to the variable interest entity. Although the Company has a greater than 50% interest in Camelback Colonnade Associates LP, Corte Madera Village, LLC, East Mesa Mall, L.L.C., Pacific Premier Retail LP and Queens JV LP, the Company does not have a controlling financial interest in these joint ventures as it shares management control with the partners in these joint ventures and, therefore, accounts for its investments in these joint ventures using the equity method of accounting.

The Company had identified Shoppingtown Mall, L.P. (“Shoppingtown Mall”) and Camelback Shopping Center Limited Partnership as variable interest entities that met the criteria for consolidation. On September 14, 2011, the Company redeemed the outside ownership interests in Shoppingtown Mall for a cash payment of \$11,366 (See Note 13—Noncontrolling Interests). As a result of the redemption, the property became wholly-owned by the Company. On December 30, 2011, the Company conveyed Shoppingtown Mall to the mortgage note lender by a deed-in-lieu of foreclosure (See Note 16—Discontinued Operations). The net assets and results of operations of Camelback Shopping Center Limited Partnership included in the accompanying consolidated financial statements were insignificant to the net assets and results of operations of the Company.

*Acquisitions:*

The Company allocates the estimated fair values of acquisitions to land, building, tenant improvements and identified intangible assets and liabilities, based on their estimated fair values. In addition, any assumed mortgage notes payable are recorded at their estimated fair values. The estimated fair value of the land and buildings is determined utilizing an “as if vacant” methodology. Tenant improvements represent the tangible assets associated with the existing leases valued on a fair value basis at the acquisition date prorated over the remaining lease terms. The tenant improvements are classified as an asset under property and are depreciated over the remaining lease terms. Identifiable intangible assets and liabilities relate to the value of in-place operating leases which come in three forms: (i) leasing commissions and legal costs, which represent the value associated with “cost avoidance” of acquiring in-place leases, such as lease commissions paid under terms generally experienced in the Company’s markets; (ii) value of in-place leases, which represents the estimated loss of revenue and of costs incurred for the period required to lease the “assumed vacant” property to the occupancy level when purchased; and (iii) above or below market value of in-place leases, which represents the difference between the contractual rents and market rents at the time of the acquisition, discounted for tenant credit risks. Leasing commissions and legal costs are recorded in deferred charges and other assets and are amortized over the remaining lease terms. The value of in-place leases are recorded in deferred charges and other assets and amortized over the remaining lease terms plus an estimate of renewal of the acquired leases. Above or below market leases are classified in deferred charges and other assets or in other accrued liabilities, depending on whether the contractual terms are above or below market, and the asset or liability is amortized to minimum rents over the remaining

**2. Summary of Significant Accounting Policies: (Continued)**

terms of the leases. The remaining lease terms of below-market leases may include certain below-market fixed-rate renewal periods. In considering whether or not a lessee will execute a below-market fixed-rate lease renewal option, the Company evaluates economic factors and certain qualitative factors at the time of acquisition such as tenant mix in the center, the Company's relationship with the tenant and the availability of competing tenant space.

The Company immediately expenses costs associated with business combinations as period costs.

*Marketable Securities:*

The Company accounts for its investments in marketable debt securities as held-to-maturity securities as the Company has the intent and the ability to hold these securities until maturity. Accordingly, investments in marketable securities are carried at their amortized cost. The discount on marketable securities is amortized into interest income on a straight-line basis over the term of the notes, which approximates the effective interest method.

*Deferred Charges:*

Costs relating to obtaining tenant leases are deferred and amortized over the initial term of the lease agreement using the straight-line method. As these deferred leasing costs represent productive assets incurred in connection with the Company's leasing arrangements at the Centers, the related cash flows are classified as investing activities within the accompanying Consolidated Statements of Cash Flows. Costs relating to financing of shopping center properties are deferred and amortized over the life of the related loan using the straight-line method, which approximates the effective interest method.

The range of the terms of the agreements is as follows:

Deferred lease costs . . . . .	1 - 15 years
Deferred financing costs . . . . .	1 - 15 years

*Accounting for Impairment:*

The Company assesses whether an indicator of impairment in the value of its properties exists by considering expected future operating income, trends and prospects, as well as the effects of demand, competition and other economic factors. Such factors include projected rental revenue, operating costs and capital expenditures as well as estimated holding periods and capitalization rates. If an impairment indicator exists, the determination of recoverability is made based upon the estimated undiscounted future net cash flows, excluding interest expense. The amount of impairment loss, if any, is determined by comparing the fair value, as determined by a discounted cash flows analysis, with the carrying value of the related assets. The Company generally holds and operates its properties long-term, which decreases the likelihood of its carrying values not being recoverable. Properties classified as held for sale are measured at the lower of the carrying amount or fair value less cost to sell.

The Company reviews its investments in unconsolidated joint ventures for a series of operating losses and other factors that may indicate that a decrease in the value of its investments has occurred which is other-than-temporary. The investment in each unconsolidated joint venture is evaluated

periodically, and as deemed necessary, for recoverability and valuation declines that are other than temporary.

*Derivative Instruments and Hedging Activities:*

The Company recognizes all derivatives in the consolidated financial statements and measures the derivatives at fair value. The Company uses interest rate swap and cap agreements (collectively, "interest rate agreements") in the normal course of business to manage or reduce its exposure to adverse fluctuations in interest rates. The Company designs its hedges to be effective in reducing the risk exposure that they are designated to hedge. Any instrument that meets the cash flow hedging criteria is formally designated as a cash flow hedge at the inception of the derivative contract. On an ongoing quarterly basis, the Company adjusts its balance sheet to reflect the current fair value of its derivatives. To the extent they are effective, changes in fair value are recorded in comprehensive income. Ineffective portions, if any, are included in net income (loss).

Amounts paid (received) as a result of interest rate agreements are recorded as an addition (reduction) to (of) interest expense.

If any derivative instrument used for risk management does not meet the hedging criteria, it is marked-to-market each period with the change in value included in the consolidated statements of operations. No ineffectiveness was recorded during the years ended December 31, 2012, 2011 or 2010. As of December 31, 2012 and 2011, the Company did not have any derivative instruments outstanding.

*Share and Unit-based Compensation Plans:*

The cost of share and unit-based compensation awards is measured at the grant date based on the calculated fair value of the awards and is recognized on a straight-line basis over the requisite service period, which is generally the vesting period of the awards. For market-indexed LTIP awards, compensation cost is recognized under the graded attribution method.

*Income Taxes:*

The Company elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended, commencing with its taxable year ended December 31, 1994. To qualify as a REIT, the Company must meet a number of organizational and operational requirements, including a requirement that it distribute at least 90% of its taxable income to its stockholders. It is management's current intention to adhere to these requirements and maintain the Company's REIT status. As a REIT, the Company generally will not be subject to corporate level federal income tax on taxable income it distributes currently to its stockholders. If the Company fails to qualify as a REIT in any taxable year, then it will be subject to federal income taxes at regular corporate rates (including any applicable alternative minimum tax) and may not be able to qualify as a REIT for four subsequent taxable years. Even if the Company qualifies for taxation as a REIT, the Company may be subject to certain state and local taxes on its income and property and to federal income and excise taxes on its undistributed taxable income, if any.

Each partner is taxed individually on its share of partnership income or loss, and accordingly, no provision for federal and state income tax is provided for the Operating Partnership in the consolidated

financial statements. The Company's taxable REIT subsidiaries ("TRSs") are subject to corporate level income taxes, which are provided for in the Company's consolidated financial statements.

Deferred tax assets and liabilities are recognized for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred tax assets and liabilities are determined based on the differences between the financial reporting and tax bases of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. The deferred tax assets and liabilities of the TRSs relate primarily to differences in the book and tax bases of property and to operating loss carryforwards for federal and state income tax purposes. A valuation allowance for deferred tax assets is provided if the Company believes it is more likely than not that all or some portion of the deferred tax assets will not be realized. Realization of deferred tax assets is dependent on the Company generating sufficient taxable income in future periods.

*Segment Information:*

The Company currently operates in one business segment, the acquisition, ownership, development, redevelopment, management and leasing of regional and community shopping centers. Additionally, the Company operates in one geographic area, the United States.

*Fair Value of Financial Instruments:*

The fair value hierarchy distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity and the reporting entity's own assumptions about market participant assumptions.

Level 1 inputs utilize quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset or liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity. In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

The Company calculates the fair value of financial instruments and includes this additional information in the notes to consolidated financial statements when the fair value is different than the carrying value of those financial instruments. When the fair value reasonably approximates the carrying value, no additional disclosure is made.

The fair values of interest rate agreements are determined using the market standard methodology of discounting the future expected cash receipts that would occur if variable interest rates fell below or rose above the strike rate of the interest rate agreements. The variable interest rates used in the

calculation of projected receipts on the interest rate agreements are based on an expectation of future interest rates derived from observable market interest rate curves and volatilities. The Company incorporates credit valuation adjustments to appropriately reflect both its own nonperformance risk and the respective counterparty's nonperformance risk in the fair value measurements. In adjusting the fair value of its derivative contracts for the effect of nonperformance risk, the Company has considered the impact of netting and any applicable credit enhancements, such as collateral postings, thresholds, mutual puts, and guarantees.

*Concentration of Risk:*

The Company maintains its cash accounts in a number of commercial banks. Accounts at these banks are guaranteed by the Federal Deposit Insurance Corporation ("FDIC") up to \$250. At various times during the year, the Company had deposits in excess of the FDIC insurance limit.

No Center or tenant generated more than 10% of total revenues during the years ended December 31, 2012, 2011 or 2010.

*Management Estimates:*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*Recent Accounting Pronouncements:*

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2011-4, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs ("ASU 2011-4"). The amendments in this update result in additional fair value measurement and disclosure requirements within U.S. GAAP and International Financial Reporting Standards. Consequently, the amendments change the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and for disclosing information about fair value measurements. The adoption of ASU 2011-4 on January 1, 2012 did not have an impact on the Company's consolidated financial position or results of operations. The Company has disclosed in the notes to the consolidated financial statements whether the fair value measurements are Level 1, 2 or 3.

In June 2011, the FASB issued Accounting Standards Update No. 2011-5, Presentation of Comprehensive Income. The amendments require that all non-owner changes in stockholders' equity be presented either in a single continuous statement of comprehensive income or in two separate but consecutive statements. In the two-statement approach, the first statement should present total net income and its components followed consecutively by a second statement that should present total other comprehensive income, the components of other comprehensive income and the total of comprehensive income. In December 2011, the FASB deferred portions of this update in its issuance of Accounting Standards Update No. 2011-12. The Company has elected the two-statement approach and the required consolidated financial statements are presented herein.

(1) The Company's ownership interest in this table reflects its legal ownership interest. Legal ownership may, at times, not equal the Company's economic interest in the listed properties because of various provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses and payments of preferred returns. As a result, the Company's actual economic interest (as distinct from its legal ownership interest) in certain of the properties could fluctuate from time to time and may not wholly align with its legal ownership interests. Substantially all of the Company's joint venture agreements contain rights of first refusal, buy-sell provisions, exit rights, default dilution remedies and/or other break up provisions or remedies which are customary in real estate joint venture agreements and which may, positively or negatively, affect the ultimate realization of cash flow and/or capital or liquidation proceeds.

**4. Investments in Unconsolidated Joint Ventures: (Continued)**

The Company has recently made the following investments and dispositions in unconsolidated joint ventures:

On February 24, 2011, the Company's joint venture in Kierland Commons Investment LLC ("KCI") acquired an additional ownership interest in PHXAZ/Kierland Commons, L.L.C. ("Kierland Commons"), a 433,000 square foot regional shopping center in Scottsdale, Arizona, for \$105,550. The Company's share of the purchase price consisted of a cash payment of \$34,162 and the assumption of a pro rata share of debt of \$18,613. As a result of this transaction, KCI increased its ownership interest in Kierland Commons from 49% to 100%. KCI accounted for the acquisition as a business combination achieved in stages and recognized a remeasurement gain of \$25,019 based on the acquisition date fair value and its previously held investment in Kierland Commons. As a result of this transaction, the Company's ownership interest in KCI increased from 24.5% to 50%. The Company's pro rata share of the gain recognized by KCI was \$12,510 and was included in equity in income from unconsolidated joint ventures.

On February 28, 2011, the Company in a 50/50 joint venture acquired The Shops at Atlas Park, a 377,000 square foot community center in Queens, New York, for a total purchase price of \$53,750. The Company's share of the purchase price was \$26,875. The results of The Shops at Atlas Park are included below for the period subsequent to the acquisition.

On February 28, 2011, the Company acquired the additional 50% ownership interest in Desert Sky Mall, an 890,000 square foot regional shopping center in Phoenix, Arizona, that it did not own for \$27,625. The purchase price was funded by a cash payment of \$1,875 and the assumption of the third party's pro rata share of the mortgage note payable on the property of \$25,750. Concurrent with the purchase of the partnership interest, the Company paid off the \$51,500 loan on the property. Prior to the acquisition, the Company had accounted for its investment in Desert Sky Mall under the equity method. Since the date of acquisition, the Company has included Desert Sky Mall in its consolidated financial statements (See Note 15—Acquisitions).

On April 1, 2011, the Company's joint venture in SDG Macerich Properties, L.P. ("SDG Macerich") conveyed Granite Run Mall to the mortgage note lender by a deed-in-lieu of foreclosure. The mortgage note was non-recourse. The Company's pro rata share of gain on the extinguishment of debt was \$7,753.

On June 3, 2011, the Company entered into a transaction with General Growth Properties, Inc., whereby the Company acquired an additional 33.3% ownership interest in Arrowhead Towne Center, an additional 33.3% ownership interest in Superstition Springs Center, and an additional 50% ownership interest in the land under Superstition Springs Center ("Superstition Springs Land") that it did not own in exchange for six anchor locations, including five former Mervyn's stores (See Note 16—Discontinued Operations) and a cash payment of \$75,000. As a result of this transaction, the Company owned a 66.7% ownership interest in Arrowhead Towne Center, a 66.7% ownership interest in Superstition Springs Center and a 100% ownership interest in Superstition Springs Land. Although the Company had a 66.7% ownership interest in Arrowhead Towne Center and Superstition Springs Center upon completion of the transaction, the Company does not have a controlling financial interest in these joint ventures due to the substantive participation rights of the outside partner and, therefore, continued to account for its investments in these joint ventures under the equity method of accounting.

**4. Investments in Unconsolidated Joint Ventures: (Continued)**

Accordingly, no remeasurement gain was recorded on the increase in ownership. The Company has consolidated its investment in Superstition Springs Land since the date of acquisition (See Note 15—Acquisitions) and has recorded a remeasurement gain of \$1,734 as a result of the increase in ownership. This transaction is referred to herein as the “GGP Exchange”.

On December 31, 2011, the Company and its joint venture partner reached agreement for the distribution and conveyance of interests in SDG Macerich Properties, L.P. (“SDG Macerich”) that owned 11 regional shopping centers in a 50/50 partnership. Six of the eleven assets were distributed to the Company on December 31, 2011. The Company received 100% ownership of Eastland Mall in Evansville, Indiana, Lake Square Mall in Leesburg, Florida, SouthPark Mall in Moline, Illinois, Southridge Mall in Des Moines, Iowa, NorthPark Mall in Davenport, Iowa and Valley Mall in Harrisonburg, Virginia (collectively referred to herein as the “SDG Acquisition Properties”). The ownership interests in the remaining five regional malls were distributed to the outside partner. The remaining net assets of SDG Macerich were distributed during the year ended December 31, 2012. The SDG Acquisition Properties were recorded at fair value at the date of transfer, which resulted in a gain to the Company of \$188,264, which was included in equity in income of unconsolidated joint ventures, based on the fair value of the assets acquired and the liabilities assumed in excess of the book value of the Company’s interest in SDG Macerich. The distribution and conveyance of the 11 regional shopping centers is referred to herein as the “SDG Transaction”. Prior to the SDG Transaction, the Company accounted for its investment in the SDG Acquisition Properties under the equity method of accounting. Since the date of distribution and conveyance, the Company has included the SDG Acquisition Properties in its consolidated financial statements (See Note 15—Acquisitions).

On March 30, 2012, the Company sold its 50% ownership interest in Chandler Village Center, a 273,000 square foot community center in Chandler, Arizona, for a total sales price of \$14,795, resulting in a gain of \$8,184 that was included in gain on remeasurement, sale or write down of assets, net during the year ended December 31, 2012. The sales price was funded by a cash payment of \$6,045 and the assumption of the Company’s share of the mortgage note payable on the property of \$8,750. The Company used the cash proceeds from the sale to pay down its line of credit and for general corporate purposes.

On March 30, 2012, the Company sold its 50% ownership interest in Chandler Festival, a 500,000 square foot community center in Chandler, Arizona, for a total sales price of \$30,975, resulting in a gain of \$12,347 that was included in gain on remeasurement, sale or write down of assets, net during the year ended December 31, 2012. The sales price was funded by a cash payment of \$16,183 and the assumption of the Company’s share of the mortgage note payable on the property of \$14,792. The Company used the cash proceeds from the sale to pay down its line of credit and for general corporate purposes.

On March 30, 2012, the Company’s joint venture in SanTan Village Power Center, a 491,000 square foot community center in Gilbert, Arizona, sold the property for \$54,780, resulting in a gain to the joint venture of \$23,294. The cash proceeds from the sale were used to pay off the \$45,000 mortgage loan on the property and the remaining \$9,780 was distributed to the partners. The Company used its share of the proceeds to pay down its line of credit and for general corporate purposes. The Company’s share of the gain recognized was \$11,502, which was included in equity in income of

unconsolidated joint ventures, offset in part by \$3,565 that was included in net income attributable to noncontrolling interests.

On May 31, 2012, the Company sold its 50% ownership interest in Chandler Gateway, a 260,000 square foot community center in Chandler, Arizona, for a total sales price of \$14,315, resulting in a gain of \$3,363 that was included in gain on remeasurement, sale or write down of assets, net during the year ended December 31, 2012. The sales price was funded by a cash payment of \$4,921 and the assumption of the Company's share of the mortgage note payable on the property of \$9,394. The Company used the cash proceeds from the sale to pay down its line of credit and for general corporate purposes.

On August 10, 2012, the Company was bought out of its ownership interest in NorthPark Center, a 1,946,000 square foot regional shopping center in Dallas, Texas, for \$118,810, resulting in a gain of \$24,590 that was included in gain on remeasurement sale or write down of assets, net during the year ended December 31, 2012. The Company used the cash proceeds to pay down its line of credit.

On October 3, 2012, the Company acquired the 75% ownership interest in FlatIron Crossing, a 1,443,000 square foot regional shopping center in Broomfield, Colorado, that it did not own for \$310,397. The purchase price was funded by a cash payment of \$195,900 and the assumption of the third party's share of the mortgage note payable on the property of \$114,497. Prior to the acquisition, the Company had accounted for its investment in FlatIron Crossing under the equity method. Since the date of acquisition, the Company has included FlatIron Crossing in its consolidated financial statements (See Note 15—Acquisitions).

On October 26, 2012, the Company acquired the remaining 33.3% outside ownership interest in Arrowhead Towne Center, a 1,196,000 square foot regional shopping center in Glendale, Arizona, that it did not own for \$144,400. The purchase price was funded by a cash payment of \$69,025 and the assumption of the third party's pro rata share of the mortgage note payable on the property of \$75,375. Prior to the acquisition, the Company had accounted for its investment in Arrowhead Towne Center under the equity method. Since the date of acquisition, the Company has included Arrowhead Towne Center in its consolidated financial statements (See Note 15—Acquisitions).

- (25) On October 5, 2012, the Company modified and extended the loan to November 6, 2014. The loan bears interest at LIBOR plus 1.60% until May 6, 2013 and increases to LIBOR plus 2.25% until maturity on November 6, 2014. At December 31, 2012 and 2011, the total interest rate was 2.12% and 2.13%, respectively.
- (26) The loan bears interest at LIBOR plus 3.0% and matures on April 27, 2015. At December 31, 2012 and 2011, the total interest rate was 3.51% and 3.56%, respectively.
- (27) On September 6, 2012, the Company replaced the existing loan on the property with a new \$155,000 loan that bears interest at an effective rate of 4.49% and matures on October 1, 2022.
- (28) The loan bears interest at LIBOR plus 0.675% and matures on August 1, 2013. As additional collateral for the loan, the Company is required to maintain a deposit of \$40,000 with the lender, which has been included in restricted cash. The interest on the deposit is not restricted. At December 31, 2012 and 2011, the total interest rate was 1.22% and 1.28%, respectively.

Most of the mortgage loan agreements contain a prepayment penalty provision for the early extinguishment of the debt.

Most of the Company's mortgage notes payable are secured by the properties on which they are placed and are non-recourse to the Company. As of December 31, 2012, a total of \$213,466 of the mortgage notes payable could become recourse to the Company. The Company has indemnity agreements from consolidated joint venture partners for \$28,208 of the guaranteed amounts.

The Company expects all loan maturities during the next twelve months will be refinanced, restructured, extended and/or paid-off from the Company's line of credit or with cash on hand.

**10. Mortgage Notes Payable: (Continued)**

Total interest expense capitalized during the years ended December 31, 2012, 2011 and 2010 was \$10,703, \$11,905 and \$25,664, respectively.

Related party mortgage notes payable are amounts due to affiliates of NML. See Note 19— Related Party Transactions for interest expense associated with loans from NML.

The estimated fair value of mortgage notes payable at December 31, 2012 and 2011 was \$4,567,658 and \$3,477,483, respectively, based on current interest rates for comparable loans. The method for computing fair value was determined using a present value model and an interest rate that included a credit value adjustment based on the estimated value of the property that serves as collateral for the underlying debt.

The future maturities of mortgage notes payable are as follows:

2013 .....	\$ 511,366
2014 .....	231,183
2015 .....	646,787
2016 .....	617,266
2017 .....	128,890
Thereafter .....	<u>2,271,987</u>
	4,407,479
Debt premium, net .....	<u>29,864</u>
	<u>\$4,437,343</u>

The future maturities reflected above reflect the extension options that the Company believes will be exercised.

**11. Bank and Other Notes Payable:**

Bank and other notes payable consist of the following:

*Senior Notes:*

On March 16, 2007, the Company issued \$950,000 in Senior Notes that matured on March 15, 2012. The Senior Notes bore interest at 3.25%, payable semiannually, were senior to unsecured debt of the Company and were guaranteed by the Operating Partnership. Prior to December 14, 2011, upon the occurrence of certain specified events, the Senior Notes were convertible at the option of the holder into cash, shares of the Company's common stock or a combination of cash and shares of the Company's common stock, at the election of the Company, at an initial conversion rate of 8.9702 shares per \$1 principal amount. On or after December 15, 2011, the Senior Notes were convertible at any time prior to March 13, 2012. The conversion right was not exercised prior to the maturity date of the Senior Notes.

During the years ended December 31, 2011 and 2010, the Company repurchased and retired \$180,314 and \$18,468, respectively, of the Senior Notes for \$180,792 and \$18,283, respectively, and recorded a loss on the early extinguishment of debt of \$1,449 and \$489, respectively. The repurchases

were funded by borrowings under the Company's line of credit and/or from cash proceeds from the Company's April 2010 common stock offering. On March 15, 2012, the Company paid-off in full the \$439,318 of Senior Notes then outstanding.

The carrying value of the Senior Notes at December 31, 2011 was \$437,788, which included an unamortized discount of \$1,530. The unamortized discount was amortized into interest expense over the term of the Senior Notes in a manner that approximated the effective interest method. As of December 31, 2011, the effective interest rate was 5.41%. The fair value of the Senior Notes at December 31, 2011 was \$437,788 based on the quoted market price on each date.

*Line of Credit:*

The Company had a \$1,500,000 revolving line of credit that bore interest at LIBOR plus a spread of 0.75% to 1.10% that matured on April 25, 2011. On May 2, 2011, the Company obtained a new \$1,500,000 revolving line of credit that bears interest at LIBOR plus a spread of 1.75% to 3.0% depending on the Company's overall leverage and matures on May 2, 2015 with a one-year extension option. This extension option is at the Company's discretion, subject to certain conditions, which the Company believes will be met. Based on the Company's current leverage levels, the borrowing rate on the new facility is LIBOR plus 2.0%. The line of credit can be expanded, depending on certain conditions, up to a total facility of \$2,000,000 less the outstanding balance of the \$125,000 unsecured term loan as described below. As of December 31, 2012 and 2011, borrowings under the line of credit were \$675,000 and \$290,000, respectively, at an average interest rate of 2.76% and 2.96%, respectively. The estimated fair value (Level 2 measurement) of the line of credit at December 31, 2012 and 2011 was \$675,107 and \$292,366, respectively, based on a present value model using a credit interest rate spread offered to the Company for comparable debt.

*Term Loan:*

On December 8, 2011, the Company obtained a \$125,000 unsecured term loan under the line of credit that bears interest at LIBOR plus a spread of 1.95% to 3.20% depending on the Company's overall leverage and matures on December 8, 2018. Based on the Company's current leverage levels, the borrowing rate is LIBOR plus 2.20%. As of December 31, 2012 and 2011, the total interest rate was 2.57% and 2.42%, respectively. The estimated fair value (Level 2 measurement) of the term loan at December 31, 2012 and 2011 was \$121,821 and \$120,019, respectively, based on a present value model using a credit interest rate spread offered to the Company for comparable debt.

*Greeley Note:*

On July 27, 2006, concurrent with the sale of Greeley Mall, the Company provided marketable securities to replace Greeley Mall as collateral for the mortgage note payable on the property (See Note 7—Marketable Securities). As a result of this transaction, the mortgage note payable was reclassified to bank and other notes payable. This note bears interest at an effective rate of 6.34% and matures in September 2013. At December 31, 2012 and 2011, the Greeley Note had a balance outstanding of \$24,027 and \$24,848, respectively. The estimated fair value (Level 2 measurement) of the note at December 31, 2012 and 2011 was \$24,685 and \$26,510, respectively, based on current interest rates for comparable loans. The method for computing fair value was determined using a

present value model and an interest rate that included a credit value adjustment based on the estimated value of the collateral for the underlying debt.

As of December 31, 2012 and 2011, the Company was in compliance with all applicable financial loan covenants.

The future maturities of bank and other notes payable are as follows:

2013 .....	\$ 24,027
2016 .....	675,000
Thereafter .....	<u>125,000</u>
	<u>\$824,027</u>

The future maturities reflected above reflect an extension option that the Company believes will be exercised.

**12. Co-Venture Arrangement:**

On September 30, 2009, the Company formed a joint venture, whereby a third party acquired a 49.9% interest in Freehold Raceway Mall and Chandler Fashion Center. As part of this transaction, the Company issued a warrant in favor of the third party to purchase 935,358 shares of common stock of the Company at an exercise price of \$46.68 per share (See “Stock Warrants” in Note 14—Stockholders’ Equity). The Company received approximately \$174,650 in cash proceeds for the overall transaction, of which \$6,496 was attributed to the warrants. The Company used the proceeds from this transaction to pay down the line of credit and for general corporate purposes.

As a result of the Company having certain rights under the agreement to repurchase the assets after the seventh year of the venture formation, the transaction did not qualify for sale treatment. The Company, however, is not obligated to repurchase the assets. The transaction has been accounted for as a profit-sharing arrangement, and accordingly the assets, liabilities and operations of the properties remain on the books of the Company and a co-venture obligation was established for the amount of \$168,154, representing the net cash proceeds received from the third party less costs allocated to the warrant. The co-venture obligation is increased for the allocation of income to the co-venture partner and decreased for distributions to the co-venture partner. The co-venture obligation was \$92,215 and \$125,171 at December 31, 2012 and 2011, respectively.

**13. Noncontrolling Interests:**

The Company allocates net income of the Operating Partnership based on the weighted average ownership interest during the period. The net income of the Operating Partnership that is not attributable to the Company is reflected in the consolidated statements of operations as noncontrolling interests. The Company adjusts the noncontrolling interests in the Operating Partnership at the end of each period to reflect its ownership interest in the Company. The Company had a 93% and 92% ownership interest in the Operating Partnership as of December 31, 2012 and 2011, respectively. The remaining 7% and 8% limited partnership interest as of December 31, 2012 and 2011, respectively, was owned by certain of the Company’s executive officers and directors, certain of their affiliates, and other

third party investors in the form of OP Units. The OP Units may be redeemed for shares of stock or cash, at the Company's option. The redemption value for each OP Unit as of any balance sheet date is the amount equal to the average of the closing price per share of the Company's common stock, par value \$0.01 per share, as reported on the New York Stock Exchange for the ten trading days ending on the respective balance sheet date. Accordingly, as of December 31, 2012 and 2011, the aggregate redemption value of the then-outstanding OP Units not owned by the Company was \$586,409 and \$554,341, respectively.

The Company issued common and cumulative preferred units of MACWH, LP in April 2005 in connection with the acquisition of the Wilmorite portfolio. The common and preferred units of MACWH, LP are redeemable at the election of the holder, the Company may redeem them for cash or shares of the Company's stock at the Company's option, and they are classified as permanent equity.

Included in permanent equity are outside ownership interests in various consolidated joint ventures. The joint ventures do not have rights that require the Company to redeem the ownership interests in either cash or stock.

The outside ownership interests in the Company's joint venture in Shoppingtown Mall had a purchase option for \$11,366. Due to the redemption feature of the ownership interest in Shoppingtown Mall, these noncontrolling interests were included in temporary equity. The Company exercised its right to redeem the outside ownership interests in the partnership in cash and the redemption closed on September 14, 2011. On December 30, 2011, the Company conveyed Shoppingtown Mall to the mortgage note lender by a deed-in-lieu of foreclosure (See Note 16—Discontinued Operations).

**14. Stockholders' Equity:**

*Stock Dividend:*

On March 22, 2010, the Company issued 1,449,542 common shares to its common stockholders and OP Unit holders in connection with a declaration of a quarterly dividend of \$0.60 per share of common stock to holders of record on February 16, 2010, consisting of a combination of cash and shares of the Company's common stock. The cash component of the dividend (not including cash paid in lieu of fractional shares) was 10% in the aggregate, or \$0.06 per share, with the balance paid in shares of the Company's common stock.

In accordance with the provisions of Internal Revenue Service Revenue Procedure 2010-12, stockholders were asked to make an election to receive the dividends all in cash or all in shares. To the extent that more than 10% of cash was elected in the aggregate, the cash portion was prorated. Stockholders who elected to receive the dividends in cash received a cash payment of at least \$0.06 per share. Stockholders who did not make an election received 10% in cash and 90% in shares of common stock. The number of shares issued on March 22, 2010 as a result of the dividend was calculated based on the volume weighted average trading prices of the Company's common stock on the New York Stock Exchange on March 10, 2010 through March 12, 2010 of \$38.53.

**14. Stockholders' Equity: (Continued)**

*Stock Warrants:*

On September 3, 2009, the Company issued three warrants in connection with the sale of a 75% ownership interest in FlatIron Crossing. The warrants provide for a purchase in the aggregate of 1,250,000 shares of the Company's common stock. The warrants were valued at \$8,068 and recorded as a credit to additional paid-in capital. Each warrant had a three-year term and was immediately exercisable upon its issuance. In May 2010, the warrants were exercised pursuant to the holders' net issue exercise request and the Company elected to deliver a cash payment of \$17,589 in exchange for the warrants.

On September 30, 2009, the Company issued a warrant in connection with its formation of a co-venture to own and operate Freehold Raceway Mall and Chandler Fashion Center (See Note 12— Co-Venture Arrangement.) The warrant provided for the purchase of 935,358 shares of the Company's common stock. The warrant was valued at \$6,496 and recorded as a credit to additional paid-in capital. The warrant had an exercise price of \$46.68 per share, with such price subject to anti-dilutive adjustments. In December 2011, holders requested a net issue exercise of 311,786 shares of the warrant and the Company elected to deliver a cash payment of \$1,278 in exchange for the portion of the warrant exercised. On April 10, 2012, the holders requested a net exercise of an additional 311,786 shares of the warrant and the Company elected to deliver a cash payment of \$3,448 in exchange for the portion of the warrant exercised. On October 24, 2012, the holders requested a net exercise of the remaining 311,786 shares of the warrant and the Company elected to deliver a cash payment of \$3,922 in exchange for the portion of the warrant exercised.

*Stock Offerings:*

On April 20, 2010, the Company completed an offering of 30,000,000 newly issued shares of its common stock and on April 23, 2010 issued an additional 1,000,000 newly issued shares of common stock in connection with the underwriters' exercise of its over-allotment option. The net proceeds of the offering, after giving effect to the issuance and sale of all 31,000,000 shares of common stock at an initial price to the public of \$41.00 per share, were approximately \$1,220,829 after deducting underwriting discounts, commissions and other transaction costs. The Company used the net proceeds of the offering to pay down its line of credit in full, reduce certain property indebtedness and for general corporate purposes.

On August 17, 2012, the Company entered into an equity distribution agreement ("Distribution Agreement") with a number of sales agents to issue and sell, from time to time, shares of common stock, par value \$0.01 per share, having an aggregate offering price of up to \$500,000 (the "Shares"). Sales of the Shares, if any, may be made in privately negotiated transactions and/or any other method permitted by law, including sales deemed to be an "at the market" offering, which includes sales made directly on the New York Stock Exchange or sales made to or through a market maker other than on an exchange. The Company will pay each sales agent a commission that will not exceed, but may be lower than, 2% of the gross proceeds of the Shares sold through such sales agent under the Distribution Agreement. This program is referred to herein as the at-the-market stock offering program or "ATM Program".

**14. Stockholders' Equity: (Continued)**

During the year ended December 31, 2012, the Company sold 2,961,903 shares of common stock under the ATM Program in exchange for aggregate gross proceeds of \$177,896 and net proceeds of \$175,649 after commissions and other transaction costs. The proceeds from the sales were used to pay down the Company's line of credit. As of December 31, 2012, \$322,104 remained available to be sold under the ATM Program. Actual future sales will depend upon a variety of factors including but not limited to market conditions, the trading price of the Company's common stock and the Company's capital needs. The Company has no obligation to sell the remaining shares available for sale under the ATM Program.

*Stock Issued to Acquire Property:*

On November 28, 2012, the Company issued 535,265 restricted shares of common stock in connection with the acquisition of Kings Plaza Shopping Center (See Note 15—Acquisitions) for a value of \$30,000, based on the average closing price of the Company's common stock for the ten preceding trading days.

**15. Acquisitions:**

*Desert Sky Mall:*

On February 28, 2011, the Company acquired the remaining 50% ownership interest in Desert Sky Mall, an 890,000 square foot regional shopping center in Phoenix, Arizona, that it did not own for \$27,625. The acquisition was completed in order to gain 100% ownership and control over this well located asset. The purchase price was funded by a cash payment of \$1,875 and the assumption of the third party's pro rata share of the mortgage note payable on the property of \$25,750. Concurrent with the purchase of the partnership interest, the Company paid off the \$51,500 loan on the property. Prior to the acquisition, the Company had accounted for its investment under the equity method (See Note 4—Investments in Unconsolidated Joint Ventures). As a result of this transaction, the Company obtained 100% ownership of Desert Sky Mall.

The following is a summary of the allocation of the fair value of Desert Sky Mall:

Property . . . . .	\$46,603

The Company has included the gain in gain (loss) on remeasurement, sale or write down of assets, net for the year ended December 31, 2011 (See Note 6—Property).

*Superstition Springs Land:*

On June 3, 2011, the Company acquired the additional 50% ownership interest in Superstition Springs Land that it did not own in connection with the GGP Exchange (See Note 4—Investments in Unconsolidated Joint Ventures). Prior to the acquisition, the Company had accounted for its investment in Superstition Springs Land under the equity method. As a result of this transaction, the Company obtained 100% ownership of the land.

The Company recorded the fair value of Superstition Springs Land at \$12,914. As a result of obtaining control of this property, the Company recognized a gain of \$1,734, which is included in (loss) gain on remeasurement, sale or write down of assets, net for the year ended December 31, 2011 (See Note 6—Property). Since the date of acquisition, the Company has included Superstition Springs Land in its consolidated financial statements.

*Fashion Outlets of Niagara Falls USA:*

On July 22, 2011, the Company acquired the Fashion Outlets of Niagara Falls USA, a 530,000 square foot outlet center in Niagara Falls, New York. The initial purchase price of \$200,000 was funded by a cash payment of \$78,579 and the assumption of the mortgage note payable with a carrying value of \$121,421 and a fair value of \$130,006. The cash purchase price was funded from borrowings under the Company's line of credit.

The purchase and sale agreement includes contingent consideration based on the performance of the Fashion Outlets of Niagara Falls USA from the acquisition date through July 21, 2014 that could increase the purchase price from the initial \$200,000 up to a maximum of \$218,322. The Company estimated the fair value of the contingent consideration as of December 31, 2012 to be \$16,083, which has been included in other accrued liabilities as part of the fair value of the total liabilities assumed.

The Company determined that the purchase price, including the estimated fair value of contingent consideration, represented the fair value of the assets acquired and liabilities assumed.

*SDG Acquisition Properties:*

On December 31, 2011, the Company acquired the SDG Acquisition Properties as a result of the SDG Transaction. The Company completed the SDG Transaction in order to gain 100% control of the SDG Acquisition Properties. In connection with the acquisition, the Company assumed the mortgage notes payable on Eastland Mall and Valley Mall. Prior to the acquisition, the Company had accounted for its investment in SDG Macerich under the equity method (See Note 4—Investments in Unconsolidated Joint Ventures). As a result of this transaction, the Company obtained 100% ownership of the SDG Acquisition Properties.

The following is a summary of the allocation of the fair value of the SDG Acquisition Properties:

*Capitola Kohl's:*

On April 29, 2011, the Company purchased a fee interest in a freestanding Kohl's store at Capitola Mall for \$28,500. The purchase price was paid from cash on hand.

*500 North Michigan Avenue:*

On February 29, 2012, the Company acquired a 327,000 square foot mixed-use retail/office building in Chicago, Illinois ("500 North Michigan Avenue") for \$70,925. The purchase price was funded from borrowings under the Company's line of credit. The acquisition was completed in order to gain control over the property adjacent to The Shops at North Bridge.

The following is a summary of the allocation of the fair value of 500 North Michigan Avenue:

Property . . . . .	\$66,033

Less prior gain deferral . . . . .	(26,067)
Fair value of acquired net assets (at 100% ownership) . . . . .	<u>\$ 287,442</u>

The Company has included the gain in gain (loss) on remeasurement, sale or write down of assets, net for the year ended December 31, 2012 (See Note 6—Property). The prior gain deferral relates to the prior sale of the 75% ownership interest in FlatIron Crossing. Due to certain contractual rights that were afforded to the buyer of the interest, a portion of that gain was deferred.

Since the date of acquisition, the Company has included FlatIron Crossing in its consolidated financial statements. FlatIron Crossing has generated incremental revenue of \$11,601 and incremental earnings of \$1,643.

**15. Acquisitions: (Continued)**

*Arrowhead Towne Center:*

On October 26, 2012, the Company acquired the remaining 33.3% ownership interest in Arrowhead Towne Center, a 1,196,000 square foot regional shopping center in Glendale, Arizona, that it did not own for \$144,400. The acquisition was completed in order to gain 100% ownership and control over this asset. The purchase price was funded by a cash payment of \$69,025 and the assumption of the third party's pro rata share of the mortgage note payable on the property of \$75,375. Prior to the acquisition, the Company had accounted for its investment under the equity method (See Note 4—Investments in Unconsolidated Joint Ventures). As a result of this transaction, the Company obtained 100% ownership of Arrowhead Towne Center.

The following is a summary of the allocation of the fair value of Arrowhead Towne Center:

Property . . . . .	\$423,349
Deferred charges . . . . .	31,500
Restricted cash . . . . .	4,009
Tenant receivables . . . . .	926
Other assets . . . . .	4,234
Total assets acquired . . . . .	<u>464,018</u>
Mortgage note payable . . . . .	244,403
Accounts payable . . . . .	815
Other accrued liabilities . . . . .	10,449
Total liabilities assumed . . . . .	<u>255,667</u>
Fair value of acquired net assets (at 100% ownership) . . . . .	<u>\$208,351</u>

The Company determined that the purchase price represented the fair value of the additional ownership interest in Arrowhead Towne Center that was acquired.

Fair value of existing ownership interest (at 66.7% ownership) . . . . .	\$139,326
Carrying value of investment . . . . .	<u>(23,597)</u>
Gain on remeasurement . . . . .	<u>\$115,729</u>

The following is the reconciliation of the purchase price to the fair value of the acquired net assets:

Purchase price . . . . .	\$144,400
Less debt assumed . . . . .	(75,375)
Carrying value of investment . . . . .	23,597
Remeasurement gain . . . . .	115,729
Fair value of acquired net assets (at 100% ownership) . . . . .	<u>\$208,351</u>

The Company has included the gain in gain (loss) on remeasurement, sale or write down of assets, net for the year ended December 31, 2012 (See Note 6—Property).

**15. Acquisitions: (Continued)**

Since the date of acquisition, the Company has included Arrowhead Towne Center in its consolidated financial statements. Arrowhead Towne Center has generated incremental revenue of \$6,826 and incremental loss of \$41.

*Kings Plaza Shopping Center:*

On November 28, 2012, the Company acquired Kings Plaza Shopping Center, a 1,198,000 square foot regional shopping center in Brooklyn, New York for a purchase price of \$756,000. The purchase price was funded from a cash payment of \$726,000 and the issuance of \$30,000 in restricted common stock of the Company. The cash payment was provided by the placement of a mortgage note payable on the property that allowed for borrowings of up to \$500,000. Concurrent with the acquisition, the Company borrowed \$354,000 on the loan. On January 3, 2013, the Company exercised its option to borrow an additional \$146,000 on the loan. The acquisition was completed to acquire a prominent center in Brooklyn, New York.

The following is a summary of the allocation of the fair value of Kings Plaza Shopping Center:

Property . . . . .	\$714,589
Deferred charges . . . . .	37,371
Other assets . . . . .	29,282
Total assets acquired . . . . .	<u>781,242</u>
Other accrued liabilities . . . . .	25,242
Total liabilities assumed . . . . .	<u>25,242</u>
Fair value of acquired net assets . . . . .	<u><u>\$756,000</u></u>

The Company determined that the purchase price represented the fair value of the assets acquired and liabilities assumed.

Since the date of acquisition, the Company has included Kings Plaza Shopping Center in its consolidated financial statements. The property has generated incremental revenue of \$7,106 and incremental loss of \$1,091.

*Pro Forma Results of Operations:*

The following unaudited pro forma total revenue and income from continuing operations for 2012 and 2011, assumes the 2012 property acquisitions took place on January 1, 2011:

gains and acquisition costs from these pro forma results as they are considered significant non-recurring adjustments directly attributable to the acquisitions.

**16. Discontinued Operations:**

On March 4, 2011, the Company sold a former Mervyn's store in Santa Fe, New Mexico, for \$3,732, resulting in a loss of \$1,913. The proceeds from the sale were used for general corporate purposes.

On June 3, 2011, the Company disposed of six anchor stores at centers not owned by the Company (collectively referred to as the "GGP Anchor Stores"), including five former Mervyn's stores, as part of the GGP Exchange (See Note 4—Investments in Unconsolidated Joint Ventures). The Company determined that the fair value received in exchange for the GGP Anchor Stores was equal to their carrying value.

On October 14, 2011, the Company sold a former Mervyn's store in Salt Lake City, Utah for \$8,061, resulting in a gain of \$3,783. The proceeds from the sale were used for general corporate purposes.

On November 30, 2011, the Company sold a former Mervyn's store in West Valley City, Utah for \$2,300, resulting in a loss of \$200. The proceeds from the sale were used for general corporate purposes.

In June 2011, the Company recorded an impairment charge of \$35,729 related to Shoppingtown Mall. As a result of the maturity default on the mortgage note payable and the corresponding reduction of the estimated holding period, the Company wrote down the carrying value of the long-lived assets to their estimated fair value of \$38,968. The Company had classified the estimated fair value as a Level 3 measurement due to the highly subjective nature of computation, which involve estimates of holding period, market conditions, future occupancy levels, rental rates, capitalization rates, lease-up periods and capital improvements.

On December 30, 2011, the Company conveyed Shoppingtown Mall to the mortgage note lender by a deed-in-lieu of foreclosure. As a result of the conveyance, the Company recognized an additional \$3,929 loss on the disposal of the property.

In March 2012, the Company recorded an impairment charge of \$54,306 related to Valley View Center. As a result of the sale of the property on April 23, 2012, the Company wrote down the carrying value of the long-lived assets to their estimated fair value of \$33,450 (Level 1 measurement), which was equal to the sales price of the property. On April 23, 2012, the property was sold by a court appointed receiver, which resulted in a gain on the extinguishment of debt of \$104,023 (See Note 10—Mortgage Notes Payable).

On April 30, 2012, the Company sold The Borgata, a 94,000 square foot community center in Scottsdale, Arizona, for \$9,150, resulting in a loss of \$1,275. The Company used the proceeds from the sale to pay down its line of credit and for general corporate purposes.

On May 11, 2012, the Company sold a former Mervyn's store in Montebello, California for \$20,750, resulting in a loss on the sale of \$407. The Company used the proceeds from the sale for general corporate purposes.

**16. Discontinued Operations: (Continued)**

On May 17, 2012, the Company sold Hilton Village, a 80,000 square foot community center in Scottsdale, Arizona, for \$24,820, resulting in a gain of \$3,127. The Company used the proceeds from the sale to pay down its line of credit and for general corporate purposes.

On May 31, 2012, the Company conveyed Prescott Gateway, a 584,000 square foot regional shopping center in Prescott, Arizona, to the mortgage note lender by a deed-in-lieu of foreclosure. As a result of the conveyance, the Company recognized a gain on the extinguishment of debt of \$16,296 (See Note 10—Mortgage Notes Payable).

On June 28, 2012, the Company sold Carmel Plaza, a 112,000 square foot community center in Carmel, California, for \$52,000, resulting in a gain of \$7,844. The Company used the proceeds from the sale to pay down its line of credit.

The Company has classified the results of operations and gain or loss on sale for all of the above dispositions as discontinued operations for the years ended December 31, 2012, 2011 and 2010.

Revenues from discontinued operations were \$10,601, \$39,931 and \$47,002 for the years ended December 31, 2012, 2011 and 2010, respectively. Income (loss) from discontinued operations, including the gain (loss) from disposition of assets, net was \$69,365, \$(74,871) and \$(10,350) for the years ended December 31, 2012, 2011 and 2010, respectively.

**17. Future Rental Revenues:**

Under existing non-cancelable operating lease agreements, tenants are committed to pay the following minimum rental payments to the Company:

<u>Year Ending December 31,</u>	
2013 . . . . .	\$ 498,634
2014 . . . . .	434,005
2015 . . . . .	379,362
2016 . . . . .	331,622
2017 . . . . .	274,886
Thereafter . . . . .	904,295
	<u>\$2,822,804</u>

**18. Commitments and Contingencies:**

The Company has certain properties subject to non-cancelable operating ground leases. The leases expire at various times through 2098, subject in some cases to options to extend the terms of the lease. Certain leases provide for contingent rent payments based on a percentage of base rental income, as defined in the lease. Ground rent expenses were \$8,681, \$8,607 and \$6,494 for the years ended December 31, 2012, 2011 and 2010, respectively. No contingent rent was incurred for the years ended December 31, 2012, 2011 or 2010.

Thereafter . . . . .	<u>276,176</u>
	<u>\$340,547</u>

As of December 31, 2012, the Company was contingently liable for \$3,757 in letters of credit guaranteeing performance by the Company of certain obligations relating to the Centers. The Company does not believe that these letters of credit will result in a liability to the Company.

The Company has entered into a number of construction agreements related to its redevelopment and development activities. Obligations under these agreements are contingent upon the completion of the services within the guidelines specified in the agreement. At December 31, 2012, the Company had \$41,107 in outstanding obligations, which it believes will be settled in the next twelve months.

**19. Related Party Transactions:**

Certain unconsolidated joint ventures have engaged the Management Companies to manage the operations of the Centers. Under these arrangements, the Management Companies are reimbursed for compensation paid to on-site employees, leasing agents and project managers at the Centers, as well as insurance costs and other administrative expenses. The following are fees charged to unconsolidated joint ventures for the years ended December 31:

	<u>2012</u>	<u>2011</u>	<u>2010</u>
Management Fees . . . . .	\$24,007	\$26,838	\$26,781
Development and Leasing Fees . . . . .	13,165	9,955	11,488
	<u>\$37,172</u>	<u>\$36,793</u>	<u>\$38,269</u>

Certain mortgage notes on the properties are held by NML (See Note 10—Mortgage Notes Payable). Interest expense in connection with these notes was \$15,386, \$16,743 and \$14,254 for the years ended December 31, 2012, 2011 and 2010, respectively. Included in accounts payable and accrued expenses is interest payable to this related party of \$1,264 and \$1,379 at December 31, 2012 and 2011, respectively.

As of December 31, 2012 and 2011, the Company had loans to unconsolidated joint ventures of \$3,345 and \$3,995, respectively. Interest income associated with these notes was \$254, \$276 and \$184 for the years ended December 31, 2012, 2011 and 2010, respectively. These loans represent initial funds advanced to development stage projects prior to construction loan funding. Correspondingly, loan payables in the same amount have been accrued as an obligation by the various joint ventures.

**19. Related Party Transactions: (Continued)**

Due from affiliates includes \$4,568 and \$3,387 of unreimbursed costs and fees due from unconsolidated joint ventures under management agreements at December 31, 2012 and 2011, respectively. Due from affiliates at December 31, 2012, also includes two notes receivable from principals of AWE Talisman for a total of \$12,500 that bear interest at 5.0% and mature based on the completion, refinancing or sale of Fashion Outlets of Chicago. The notes are collateralized by the principals' interests in Fashion Outlets of Chicago. AWE Talisman is considered a related party because it has an ownership interest in Fashion Outlets of Chicago. Interest income earned on the notes was \$478 for the year ended December 31, 2012.

**20. Share and Unit-based Plans:**

The Company has established share and unit-based compensation plans for the purpose of attracting and retaining executive officers, directors and key employees.

**2003 Equity Incentive Plan:**

The 2003 Equity Incentive Plan ("2003 Plan") authorizes the grant of stock awards, stock options, stock appreciation rights, stock units, stock bonuses, performance-based awards, dividend equivalent rights and OP Units or other convertible or exchangeable units. As of December 31, 2012, stock awards, stock units, LTIP Units (as defined below), stock appreciation rights ("SARs") and stock options have been granted under the 2003 Plan. All stock options or other rights to acquire common stock granted under the 2003 Plan have a term of 10 years or less. These awards were generally granted based on certain performance criteria for the Company and the employees. None of the awards have performance requirements other than a service condition of continued employment unless otherwise provided. All awards are subject to restrictions determined by the Company's compensation committee. The aggregate number of shares of common stock that may be issued under the 2003 Plan is 13,825,428 shares. As of December 31, 2012, there were 6,656,505 shares available for issuance under the 2003 Plan.

*Stock Awards:*

The value of the stock awards was determined by the market price of the Company's common stock on the date of the grant. The following table summarizes the activity of non-vested stock awards during the years ended December 31, 2012, 2011 and 2010:

*Stock Units:*

The stock units represent the right to receive upon vesting one share of the Company's common stock for one stock unit. The value of the outstanding stock units was determined by the market price of the Company's common stock on the date of the grant. The following table summarizes the activity of non-vested stock units during the years ended December 31, 2012, 2011 and 2010:

*SARs:*

The executives have up to 10 years from the grant date to exercise the SARs. Upon exercise, the executives will receive unrestricted common shares for the appreciation in value of the SARs from the grant date to the exercise date.

The Company determined the value of each SAR awarded during the year ended December 31, 2012 to be \$9.67 using the Black-Scholes Option Pricing Model based upon the following assumptions: volatility of 25.85%, dividend yield of 3.69%, risk free rate of 1.20%, current value of \$59.57 and an expected term of 8 years. The value of each of the other outstanding SARs was determined at the grant date to be \$7.68 based upon the following assumptions: volatility of 22.52%, dividend yield of 5.23%, risk free rate of 3.15%, current value of \$61.17 and an expected term of 8 years. The assumptions for volatility and dividend yield were based on the Company's historical experience as a publicly traded company, the current value was based on the closing price on the date of grant and the risk free rate was based upon the interest rate of the 10-year Treasury bond on the date of grant. *Long-Term Incentive Plan Units:*

Under the Long-Term Incentive Plan (“LTIP”), each award recipient is issued a form of operating partnership units (“LTIP Units”) in the Operating Partnership. Upon the occurrence of specified events and subject to the satisfaction of applicable vesting conditions, LTIP Units (after conversion into OP Units) are ultimately redeemable for common stock, or cash at the Company’s option, on a one-unit for one-share basis. LTIP Units receive cash dividends based on the dividend amount paid on the common stock. The LTIP may include both market-indexed awards and service-based awards.

On February 28, 2011, the Company granted 190,000 market-indexed LTIP Units to four executive officers at a weighted average grant date fair value of \$43.30 per LTIP Unit. The new grants vested over a service period ending January 31, 2012. On February 7, 2012, the compensation committee determined that the LTIP Units granted under the LTIP on February 28, 2011 had vested at the 150% level based on the Company’s percentile ranking in terms of Total Return (as defined below) per common stock share to the Total Return of a group of peer REITs during the period of February 1, 2011 to January 31, 2012. As a result, the compensation committee granted an additional 95,000 LTIP Units, which vested as of January 31, 2012.

On February 23, 2012, the Company granted 190,000 market-indexed LTIP Units to four executive officers at a weighted average grant date fair value of \$37.77 per LTIP Unit. On April 16, 2012, the Company granted 10,000 market-indexed LTIP Units to a new executive officer at a weighted average grant date fair value of \$54.97 per LTIP Unit. On September 1, 2012, the Company granted 20,000 LTIP Units to a new executive officer at a weighted average fair value of \$59.57 per LTIP Unit that were fully vested on the grant date.

The market-indexed LTIP units granted in 2012 vest over a service period ending January 31, 2013 based on the percentile ranking of the Company in terms of total return to stockholders (the “Total Return”) per common stock share relative to the Total Return of a group of peer REITs, as measured at the end of the measurement period.

The fair value of the market-based LTIP Units was estimated on the date of grant using a Monte Carlo Simulation model. The stock price of the Company, along with the stock prices of the group of

peer REITs (for market-indexed awards), is assumed to follow the Multivariate Geometric Brownian Motion Process. Multivariate Geometric Brownian Motion is a common assumption when modeling in financial markets, as it allows the modeled quantity (in this case, the stock price) to vary randomly from its current value and take any value greater than zero. The volatilities of the returns on the share price of the Company and the peer group REITs were estimated based on a look-back period. The expected growth rate of the stock prices over the “derived service period” is determined with consideration of the risk free rate as of the grant date.

The following table summarizes the activity of non-vested LTIP Units during the years ended December 31, 2012, 2011 and 2010:

*Stock Options:*

The Company measured the value of each option awarded during the year ended December 31, 2012 to be \$9.67 using the Black-Scholes Option Pricing Model based upon the following assumptions: volatility of 25.85%, dividend yield of 3.69%, risk free rate of 1.20%, current value of \$59.57 and an expected term of 8 years. The assumptions for volatility and dividend yield were based on the Company’s historical experience as a publicly traded company, the current value was based on the closing price on the date of grant and the risk free rate was based upon the interest rate of the 10-year Treasury bond on the date of grant.

**Directors' Phantom Stock Plan:**

The Directors' Phantom Stock Plan offers non-employee members of the board of directors ("Directors") the opportunity to defer their cash compensation and to receive that compensation in common stock rather than in cash after termination of service or a predetermined period. Compensation generally includes the annual retainers payable by the Company to the Directors. Deferred amounts are generally credited as units of phantom stock at the beginning of each three-year deferral period by dividing the present value of the deferred compensation by the average fair market value of the Company's common stock at the date of award. Compensation expense related to the phantom stock awards was determined by the amortization of the value of the stock units on a straight-line basis over the applicable service period. The stock units (including dividend equivalents) vest as the Directors' services (to which the fees relate) are rendered. Vested phantom stock units are ultimately paid out in common stock on a one-unit for one-share basis. To the extent elected by a Director, stock units receive dividend equivalents in the form of additional stock units based on the dividend amount paid on the common stock. The aggregate number of phantom stock units that may be granted under the Directors' Phantom Stock Plan is 500,000. As of December 31, 2012, there were 257,960 units available for grant under the Directors' Phantom Stock Plan. As of December 31, 2012, there was no unrecognized cost related to non-vested phantom stock units.

The following table summarizes the activity of the non-vested phantom stock units for the years ended December 31, 2012, 2011 and 2010:

**Employee Stock Purchase Plan ("ESPP"):**

The ESPP authorizes eligible employees to purchase the Company's common stock through voluntary payroll deductions made during periodic offering periods. Under the ESPP common stock is purchased at a 10% discount from the lesser of the fair value of common stock at the beginning and end of the offering period. A maximum of 750,000 shares of common stock is available for purchase under the ESPP. The number of shares available for future purchase under the plan at December 31, 2012 was 587,437.

**21. Employee Benefit Plans:**

*401(k) Plan:*

The Company has a defined contribution retirement plan that covers its eligible employees (the “Plan”). The Plan is qualified in accordance with section 401(a) of the Internal Revenue Code (“Code”). Effective January 1, 1995, the Plan was amended to constitute a qualified cash or deferred arrangement under section 401(k) of the Code, whereby employees can elect to defer compensation subject to Internal Revenue Service withholding rules. This Plan was further amended effective as of February 1, 1999 to add The Macerich Company Common Stock Fund as a new investment alternative under the Plan. A total of 150,000 shares of common stock were reserved for issuance under the Plan, which was subsequently increased by an additional 500,000 shares in January 2013. Contributions by the Company to the Plan were made at the discretion of the Board of Directors and were based upon a specified percentage of employee compensation. On January 1, 2004, the Plan adopted the “Safe Harbor” provision under Sections 401(k)(12) and 401(m)(11) of the Code. In accordance with adopting these provisions, the Company makes matching contributions equal to 100 percent of the first three percent of compensation deferred by a participant and 50 percent of the next two percent of compensation deferred by a participant. During the years ended December 31, 2012, 2011 and 2010, these matching contributions made by the Company were \$3,094, \$3,077 and \$3,502, respectively. Contributions and matching contributions to the Plan by the plan sponsor and/or participating affiliates are recognized as an expense of the Company in the period that they are made.

*Deferred Compensation Plans:*

The Company has established deferred compensation plans under which key executives of the Company may elect to defer receiving a portion of their cash compensation otherwise payable in one calendar year until a later year. The Company may, as determined by the Board of Directors in its sole discretion prior to the beginning of the plan year, credit a participant’s account with a matching amount equal to a percentage of the participant’s deferral. The Company contributed \$648, \$570 and \$586 to the plans during the years ended December 31, 2012, 2011 and 2010, respectively. Contributions are recognized as compensation in the periods they are made.

**22. Income Taxes:**

For income tax purposes, distributions paid to common stockholders consist of ordinary income, capital gains, unrecaptured Section 1250 gain and return of capital or a combination thereof. The following table details the components of the distributions, on a per share basis, for the years ended December 31:

**24. Subsequent Events: (Continued)**

On January 3, 2013, the Company exercised an option to borrow an additional \$146,000 on the mortgage note on Kings Plaza Shopping Center.

On January 24, 2013, the Company acquired Green Acres Mall, a 1,800,000 square foot regional shopping center in Valley Stream, New York, for a purchase price of \$500,000. The purchase price was funded from the placement of a \$325,000 mortgage note on the property and \$175,000 from borrowings under the Company's line of credit. Pro forma information is not yet available for this acquisition, as the purchase price allocation has not yet been completed.

On February 1, 2013, the Company announced a dividend/distribution of \$0.58 per share for common stockholders and OP Unit holders of record on February 22, 2013. All dividends/distributions will be paid 100% in cash on March 8, 2013.

## **Report of Independent Auditors**

The Board of Advisors and Partners of  
Pacific Premier Retail LP:

We have audited the accompanying consolidated financial statements of Pacific Premier Retail LP and its subsidiaries (a Delaware limited partnership), which comprise the consolidated balance sheets as of December 31, 2012 and 2011, and the related consolidated statements of operations, comprehensive income, capital and cash flows for each of the years in the three-year period ended December 31, 2012, and the related notes to the consolidated financial statements. In connection with our audits of the consolidated financial statements, we have also audited financial statement Schedule III—Real Estate and Accumulated Depreciation listed in the Index at Item 15.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these consolidated financial statements and the financial statement schedule in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these consolidated financial statements and the financial statement schedule based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the consolidated financial statements referred to above present fairly in all material respects, the financial position of Pacific Premier Retail LP and its subsidiaries as of December 31, 2012 and 2011, and the results of their operations and their cash flows for each of the years in the three-year period ended December 31, 2012, in accordance with U.S. generally accepted accounting principles. Also, in our opinion, the related financial statement schedule III—Real Estate and Accumulated Depreciation, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

(Dollars in thousands, except per share amounts)

**1. Organization:**

On February 12, 1999, Macerich PPR Corp. (the “Corp”), an indirect wholly owned subsidiary of The Macerich Company (the “Company”), and Ontario Teachers’ Pension Plan Board (“Ontario Teachers”) formed the Pacific Premier Retail Trust (the “Trust”) to acquire and operate a portfolio of regional shopping centers (the “Centers”). The Trust was organized to qualify as a real estate investment trust (“REIT”) under the Internal Revenue Code of 1986, as amended.

During 2011, Pacific Premier Retail LP (the “Partnership”) was formed as a holding company for the partners’ investment in the Trust, a wholly owned subsidiary of the Partnership. There was no change in the partners’ ownership interests in the Partnership as compared to their historical ownership in the Trust. The Partnership is owned 51% by the Corp and 49% by Ontario Teachers. The accompanying consolidated financial statements are referred to as the Partnership’s for all periods presented.

Included in the Centers is a 99% interest in Los Cerritos Center and Stonewood Center, all other Centers are held at 100%.

The Centers as of December 31, 2012 and their locations are as follows:

Cascade Mall . . . . .	Burlington, Washington
Creekside Crossing . . . . .	Redmond, Washington
Cross Court Plaza . . . . .	Burlington, Washington
Kitsap Mall . . . . .	Silverdale, Washington
Kitsap Place . . . . .	Silverdale, Washington
Lakewood Center . . . . .	Lakewood, California
Los Cerritos Center . . . . .	Cerritos, California
North Point Plaza . . . . .	Silverdale, Washington
Redmond Town Center . . . . .	Redmond, Washington
Redmond Office . . . . .	Redmond, Washington
Stonewood Center . . . . .	Downey, California
Washington Square . . . . .	Portland, Oregon
Washington Square Too . . . . .	Portland, Oregon

**2. Summary of Significant Accounting Policies:**

*Basis of Presentation:*

These consolidated financial statements have been prepared in accordance with generally accepted accounting principles (“GAAP”) in the United States of America. All intercompany accounts and transactions have been eliminated in the consolidated financial statements.

*Cash and Cash Equivalents:*

The Partnership considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents, for which cost approximates fair value.

**PACIFIC PREMIER RETAIL LP**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
(Dollars in thousands, except per share amounts)

**2. Summary of Significant Accounting Policies: (Continued)**

*Tenant Receivables:*

Included in tenant receivables are accrued percentage rents of \$1,938 and \$1,990 and an allowance for doubtful accounts of \$263 and \$708 at December 31, 2012 and 2011, respectively.

*Revenues:*

Minimum rental revenues are recognized on a straight-line basis over the terms of the related leases. The difference between the amount of rent due in a year and the amount recorded as rental income is referred to as the "straight-line rent adjustment." Rental income was increased (decreased) by \$378, \$(241), and \$1,034 during the years ended December 31, 2012, 2011 and 2010, respectively, due to the straight-line rent adjustment. Percentage rents are recognized on an accrual basis and are accrued when tenants' specified sales targets have been met.

Estimated recoveries from certain tenants for their pro rata share of real estate taxes, insurance and other shopping center operating expenses are recognized as revenues in the period the applicable expenses are incurred. Other tenants pay a fixed rate and these tenant recoveries are recognized into revenue on a straight-line basis over the terms of the related leases.

*Property:*

Maintenance and repair expenses are charged to operations as incurred. Costs for major replacements and betterments, which includes HVAC equipment, roofs, parking lots, etc. are capitalized and depreciated over their estimated useful lives. Gains and losses are recognized upon disposal or retirement of the related assets and are reflected in earnings.

Property is recorded at cost and is depreciated using a straight-line method over the estimated lives of the assets as follows:

Buildings and improvements	5 - 40 years
Tenant improvements	5 - 7 years
Equipment and furnishings	5 - 7 years

*Capitalization of Costs:*

The Partnership capitalizes costs incurred in redevelopment, development, renovation and improvement of properties. The capitalized costs include pre-construction costs essential to the development of the property, development costs, construction costs, interest costs, real estate taxes, salaries and related costs and other costs incurred during the period of development. These capitalized costs include direct and certain indirect costs clearly associated with the project. Indirect costs include real estate taxes, insurance and certain shared administrative costs. In assessing the amounts of direct and indirect costs to be capitalized, allocations are made to projects based on estimates of the actual amount of time spent on each activity. Indirect costs not clearly associated with specific projects are expensed as period costs. Capitalized indirect costs are allocated to development and redevelopment activities based on the square footage of the portion of the building not held available for immediate occupancy. If costs and activities incurred to ready the vacant space cease, then cost capitalization is also discontinued until such activities are resumed. Once work has been completed on a vacant space,

**PACIFIC PREMIER RETAIL LP**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**2. Summary of Significant Accounting Policies: (Continued)**

project costs are no longer capitalized. For projects with extended lease-up periods, the Partnership ends the capitalization when significant activities have ceased, which does not exceed the shorter of a one-year period after the completion of the building shell or when the construction is substantially complete.

*Accounting for Impairment:*

The Partnership assesses whether an indicator of impairment in the value of its properties exists by considering expected future operating income, trends and prospects, as well as the effects of demand, competition and other economic factors. Such factors include projected rental revenue, operating costs and capital expenditures as well as estimated holding periods and capitalization rates. If an impairment indicator exists, the determination of recoverability is made based upon the estimated undiscounted future net cash flows, excluding interest expense. The amount of impairment loss, if any, is determined by comparing the fair value, as determined by a discounted cash flows analysis, with the carrying value of the related assets. The Partnership generally holds and operates its properties long-term, which decreases the likelihood of its carrying values not being recoverable. Properties classified as held for sale are measured at the lower of the carrying amount or fair value less cost to sell. There was no impairment of properties during the years ended December 31, 2012, 2011 or 2010.

*Deferred Charges:*

Costs relating to obtaining tenant leases are deferred and amortized over the initial term of the agreement using the straight-line method. Costs relating to financing of properties are deferred and amortized over the life of the related loan using the straight-line method, which approximates the effective interest method. The range of terms of the agreements is as follows:

Deferred lease costs . . . . .	1 - 9 years
Deferred finance costs . . . . .	1 - 12 years

Included in deferred charges is accumulated amortization of \$14,492 and \$17,376 at December 31, 2012 and 2011, respectively.

*Derivatives and Hedging Activities:*

The Partnership recognizes all derivatives in the consolidated financial statements and measures the derivatives at fair value. The Partnership uses interest rate swap and cap agreements (collectively, “interest rate agreements”) in the normal course of business to manage or reduce its exposure to adverse fluctuations in interest rates. The Partnership designs its hedges to be effective in reducing the risk exposure that they are designated to hedge. Any instrument that meets the cash flow hedging criteria is formally designated as a cash flow hedge at the inception of the derivative contract. On an ongoing quarterly basis, the Partnership adjusts its balance sheet to reflect the current fair value of its derivatives. To the extent they are effective, changes in fair value of derivatives are recorded in comprehensive income. Ineffective portions, if any, are included in net income. If any derivative instrument used for risk management does not meet the hedging criteria, it is marked-to-market each period in the consolidated statements of operations.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
**(Dollars in thousands, except per share amounts)**

**2. Summary of Significant Accounting Policies: (Continued)**

*Fair Value of Financial Instruments:*

Fair value hierarchy distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity and the reporting entity's own assumptions about market participant assumptions.

Level 1 inputs utilize quoted prices in active markets for identical assets or liabilities that the Partnership has the ability to access. Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset or liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity. In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Partnership's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

The Partnership calculates the fair value of financial instruments and includes this additional information in the notes to consolidated financial statements when the fair value is different than the carrying value of those financial instruments. When the fair value reasonably approximates the carrying value, no additional disclosure is made.

The fair values of interest rate agreements are determined using the market standard methodology of discounting the future expected cash receipts that would occur if variable interest rates fell below or rose above the strike rate of the interest rate agreements. The variable interest rates used in the calculation of projected receipts on the interest rate agreements are based on an expectation of future interest rates derived from observable market interest rate curves and volatilities. The Partnership incorporates credit valuation adjustments to appropriately reflect both its own nonperformance risk and the respective counterparty's nonperformance risk in the fair value measurements. In adjusting the fair value of its derivative contracts for the effect of nonperformance risk, the Partnership has considered the impact of netting and any applicable credit enhancements, such as collateral postings, thresholds, mutual puts, and guarantees.

*Concentration of Risk:*

The Partnership maintains its cash accounts in a number of commercial banks. Accounts at these banks are guaranteed by the Federal Deposit Insurance Corporation ("FDIC") up to \$250. At various times during the year, the Partnership had deposits in excess of the FDIC insurance limit.

No tenants represented more than 10% of total minimum rents during the years ended December 31, 2012, 2011 or 2010.

(Dollars in thousands, except per share amounts)

**2. Summary of Significant Accounting Policies: (Continued)**

*Management Estimates:*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**3. Derivative Instruments and Hedging Activities:**

As of December 31, 2012 and 2011, the Partnership did not have any outstanding derivative instruments.

Amounts paid (received) as a result of interest rate agreements are recorded as an addition (reduction) to (of) interest expense. The Partnership recorded other comprehensive income related to the marking-to-market of an interest rate agreement that expired during the year ended December 31, 2010 of \$30.

**4. Property:**

Property at December 31, 2012 and 2011 consists of the following:

	<u>2012</u>	<u>2011</u>
Land . . . . .	\$ 269,498	\$ 269,508
Buildings and improvements . . . . .	961,814	955,624

- (a) The interest rate disclosed represents the effective interest rate, including the deferred finance costs.
- (b) This represents the monthly payment of principal and interest.
- (c) Half of the loan proceeds were funded by Northwestern Mutual Life (“NML”), which is a joint venture partner of the Company (See Note 6—Related Party Transactions).
- (d) The loan was paid off in full on December 31, 2012.
- (e) The credit facility is cross-collateralized by Cascade Mall, Kitsap Mall and Redmond Town Center. The total interest rate was 4.98% and 5.16% at December 31, 2012 and 2011, respectively. The Partnership expects this loan to be refinanced, restructured, extended and/or paid-off from the Partnership’s cash on hand.

Certain mortgage loan agreements contain a prepayment penalty provision for the early extinguishment of the debt.

Total interest costs capitalized for the years ended December 31, 2012, 2011 and 2010 were \$145, \$126 and \$380, respectively.

The estimated fair value of mortgage notes payable at December 31, 2012 and 2011 was \$965,402 and \$1,044,345 respectively, based on current interest rates for comparable loans. The method for computing fair value was determined using a present value model and an interest rate that included a credit value adjustment based on the estimated value of the property that serves as collateral for the underlying debt.

**6. Related Party Transactions:**

The Partnership engages Macerich Management Company (“Management Company”), which is owned by the Company, to manage the operations of the Partnership. The Management Company provides property management, leasing, corporate, redevelopment and acquisitions services to the properties of the Partnership. Under these arrangements, the Management Company is reimbursed for compensation paid to on-site employees, leasing agents and project managers at the properties, as well as insurance costs and other administrative expenses. In consideration of these services, the Management Company receives monthly management fees of 4.0% of the gross monthly rental revenue of the properties. During the years ended December 31, 2012, 2011 and 2010, the Partnership incurred management fees of \$6,772, \$6,810 and \$6,677, respectively, to the Management Company.

A portion of the mortgage note payable collateralized by Los Cerritos Center and the mortgage note that was collateralized by Redmond Office are held by NML, one of the Company’s joint venture partners. In connection with these notes, interest expense was \$8,706, \$6,649 and \$4,536, during the years ended December 31, 2012, 2011 and 2010, respectively.

**7. Income Taxes:**

The Partnership is not subject to entity level taxation. The Partnership’s income or loss is includable in the tax returns of the partners, who are responsible for reporting their share of partnership income or loss.

The Partnership’s income consists almost entirely of dividends received from certain of its subsidiaries which have elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the “Subsidiaries”). In order to qualify as a REIT, each of the Subsidiaries must meet a number of organizational and operational requirements, including a requirement to distribute at least 90% of their taxable income to the Partnership and their other unitholders. It is the Partnership’s current intention to adhere to these requirements and maintain each of the Subsidiaries’ status as a REIT. As a REIT, each Subsidiary generally is not subject to corporate level federal income tax on net income distributed currently to its unitholders. As such, no provision for federal income taxes has been included in the accompanying consolidated financial statements for the Subsidiaries. If any Subsidiary fails to qualify as a REIT in any taxable year, then it will be subject to federal income taxes at regular corporate rates (including any applicable alternative minimum tax) and may not be able to qualify as a

REIT for four subsequent taxable years. Even if the Subsidiaries qualify for taxation as a REIT, they may be subject to certain state and local taxes on income and property and to federal income and excise taxes on their undistributed taxable income, if any.

For income tax purposes, distributions from the Subsidiaries consist of ordinary income, capital gains, return of capital or a combination thereof. Some portion of the distributions received by the Partnership from the Subsidiaries may be held by the Partnership in order to pay routine operating expenses and maintain adequate reserves consistent with prudent business practice. The following table details the components of the distributions from the Subsidiaries that have made distributions, on a per share basis, for the years ended December 31:

The Partnership follows the authoritative guidance on accounting for and disclosure of uncertainty in tax positions, which requires the Partnership to determine whether a tax position of the Partnership is more likely than not to be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. Management has determined that there was no effect on the financial statements of the Partnership for the year ended December 31, 2012 from this guidance. The tax years 2009 through 2011 remain open to examination by the taxing jurisdictions in which the Partnership is subject. The Partnership does not expect that the total amount of unrecognized tax benefit will materially change within the next 12 months.

**8. Future Rental Revenues:**

Under existing non-cancelable operating lease agreements, tenants are committed to pay the following minimum rental payments to the Partnership:

<u>Year Ending December 31,</u>	<u>Amount</u>
2013 .....	\$116,648
2014 .....	93,874

2016 .....	66,362
2017 .....	54,291
Thereafter .....	193,539
	<u>\$604,715</u>

**9. Preferred Units:**

On October 6, 1999, the Trust issued 125 Series A Preferred Units of Beneficial Interest (“Preferred Units”) for proceeds totaling \$500 in a private placement. The Preferred Units pay a semiannual dividend equal to \$300 per unit. On October 26, 1999, the Trust issued 254 and 246 additional Preferred Units to the Corp and Ontario Teachers, respectively. The Preferred Units can be redeemed by the Trust at any time with 15 days notice for \$4,000 per unit plus accumulated and unpaid dividends and the applicable redemption premium. The Preferred Units have limited voting rights.

On November 4, 2011, the Corp and Ontario Teachers contributed their common units and Preferred Units in the Trust to the Partnership in exchange for common units in the Partnership.

On December 16, 2011, in connection with its formation, PPRT Redmond Office REIT I LP (“Redmond Office REIT”), an affiliate of the Partnership, issued 125 Preferred Units to qualified purchasers. These units can be redeemed by the Redmond Office REIT at any time for \$1,000 per unit plus any accumulated but unpaid dividends and the applicable redemption premium. These Preferred Units pay an annual dividend equal to \$125 per unit.

On October 25, 2012, PPRT Kitsap Mall REIT I LP (“Kitsap Mall REIT”), an affiliate of the Partnership, issued 125 Preferred Units to qualified purchasers. These units can be redeemed by the Kitsap Mall REIT at any time for \$1,000 per unit plus any accumulated but unpaid dividends and the applicable redemption premium. These Preferred Units pay an annual dividend equal to \$125 per unit.

On October 25, 2012, PPRT Redmond Retail REIT I LP (“Redmond Retail REIT”), an affiliate of the Partnership, issued 125 Preferred Units to qualified purchasers. These units can be redeemed by the Redmond Retail REIT at any time for \$1,000 per unit plus any accumulated but unpaid dividends and the applicable redemption premium. These Preferred Units pay an annual dividend equal to \$125 per unit.

**10. Commitments:**

The Partnership has certain properties subject to non-cancelable operating ground leases. The leases expire at various times through 2069, subject in some cases to options to extend the terms of the

**11. Noncontrolling Interests:**

Included in permanent equity are outside ownership interests in Los Cerritos Center and Stonewood Center. The joint venture partners do not have rights that require the Partnership to redeem the ownership interests in either cash or stock.

**SECTION 302 CERTIFICATION**

I, Arthur M. Coppola, certify that:

1. I have reviewed this report on Form 10-K for the year ended December 31, 2012 of The Macerich Company;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
