THE SECURITIES REPRESENTED HEREBY ARE ALSO SUBJECT TO ADDITIONAL RESTRICTIONS ON TRANSFER AND CERTAIN OTHER AGREEMENTS SET FORTH IN THE AMENDED AND RESTATED LIMITED LIABILITY COMPANY AGREEMENT OF THE COMPANY AND THE COMPANY RESERVES THE RIGHT TO REFUSE THE TRANSFER OF THE SHARES REPRESENTED HEREBY UNTIL THE CONDITIONS THEREIN HAVE BEEN FULFILLED WITH RESPECT TO SUCH TRANSFER. UPON WRITTEN REQUEST, A COPY OF THE AMENDED AND RESTATED LIMITED LIABILITY COMPANY AGREEMENT SHALL BE FURNISHED BY THE COMPANY TO THE HOLDER HEREOF WITHOUT CHARGE.”

4.5. Limited Liability of Members.

(a) Except as otherwise expressly provided herein or in the Act, no Member (and no director, officer, employee or controlling Person (if any) of such Member) shall be bound by, or be personally liable for, any expense, liability, indebtedness or obligations of the Company or any Subsidiary of the Company or of any other Member. Moreover, except as otherwise expressly provided herein or in the Act or for breach of this Agreement, no Member (and no director, officer, employee or controlling Person (if any) of such Member) shall have any liability under this Agreement to the Company or any other Member other than, with respect to such Member only, its Capital Contributions. The Members shall not be required to contribute any amounts in excess of the amounts set forth in Section 6.1 hereof.

(b) To the fullest extent permitted by applicable law, recourse for any monetary liability or obligation of a Member to the Company or any other Member under this Agreement shall be had only against the Shares held by such Member or the value thereof, and not against other assets of such Member.

(c) Notwithstanding Sections 4.5(a) and (b) hereof, each Member shall be fully liable to contribute its Capital Contribution in accordance with Section 6.1(a).

4.6. Dealing with Members. The fact that a Member, an Affiliate of a Member or any officer, director, employee, partner, consultant or agent of a Member, is directly or indirectly interested in or connected with any person, firm or corporation employed by the Company to render or perform a service, or from or to whom the Company may buy or sell any property or have other business dealings, shall not prohibit the Company from employing such person, firm or corporation or from dealing with him or it (each, an "Affiliate Transaction") on arm's-length terms, and neither the Company nor any of the Members shall have any rights in or to any income or profits derived therefrom by the party to any such Affiliate Transaction. In addition to any other approval required under this Agreement, all Affiliate Transactions shall be approved by a majority of the disinterested Managers of the Board of Managers in respect of such Affiliate Transaction.

(a) The Tax Matters Member shall act as the "tax matters partner" of the Company, as provided in the regulations pursuant to Section 6231 of the Code. Any Person serving as the Tax Matters Member may be removed and a new Tax Matters Member may be appointed by the Board of Managers. Any Tax Matters

Member who is to be replaced by a successor Tax Matters Member in accordance with this Section 4.7(a) shall certify that another Member has been selected as the Tax Matters Member of the Company by filing a statement to that effect with the IRS in the form and manner prescribed by Section 301.6231(a)(7)-1(d) of the Treasury Regulation. Each Member hereby approves of such designation and agrees to execute, certify, acknowledge, deliver, swear to, file and record at the appropriate public offices such documents as may be deemed necessary or appropriate to evidence such approval. To the extent and in the manner provided by applicable Code sections and Treasury Regulations thereunder, the Tax Matters Member (i) shall furnish the name, address, profits interest and taxpayer identification number of each Member to the IRS and (ii) shall inform each Member of administrative or judicial proceedings for the adjustment of Company items required to be taken into account by a Member for income tax purposes. The Tax Matters Member shall act reasonably at all times and keep the other Members reasonably informed about its actions.

(b) Each Member shall be considered to have retained such rights (and obligations, if any) as are provided for under the Code or any other applicable law with respect to any examination, proposed adjustment or proceeding relating to Company tax items (including its rights under Section 6224(c) of the Code and its right to notice of any proposed tax settlements in any court case involving the Company). The Tax Matters Member agrees that it will not bind the Members to any tax settlement without the unanimous approval of all Members. The Tax Matters Member shall notify the other Members, within 30 business days after it receives notice from the IRS, of any administrative proceeding with respect to an examination of, or proposed adjustment to, any Company tax items. The Tax Matters Member shall provide the other Members with notice of its intention to extend the statute of limitations or file a tax claim in any court at least 10 days before taking such action and shall not extend such statute of limitations or file such tax claim without the unanimous approval of all Members. In the event that the other Members notify the Tax Matters Member of their intention to represent themselves, or to obtain independent counsel and other advisors to represent them, in connection with any such examination, proceeding or proposed adjustment, the Tax Matters Member agrees to supply the other Members and their counsel and other advisors, as the case may be, with copies of all written communications received by the Tax Matters Member with respect thereto, together with such other information as they may reasonably request in connection therewith. The Tax Matters Member further agrees, in that event, to cooperate with the other Members and their counsel and other advisors, as the case may be, in connection with their separate representation, to the extent reasonably practicable and at the sole cost and expense of such other Members. In addition to the foregoing, the Tax Matters Member shall notify the other Members prior to submitting a request for administrative adjustment on behalf of the Company and shall not submit such request without the unanimous approval of all Members.

(c) All reasonable out-of-pocket expenses and costs incurred by any Tax Matters Member in its capacity as Tax Matters Member shall be paid by the Company as an ordinary expense of its business.

4.8. Tax Matters.

(a) The Company or Tax Matters Member (collectively, the "Tax Preparer") shall prepare all tax returns of the Company; provided, however, that the Tax Preparer shall not file any such tax return without the approval of all Members, which approval shall not be unreasonably withheld. The Company will circulate to each Member for its review and approval a draft of any income tax return within a reasonable period of time after the issuance of the audited financial statements referred to in Section 5.3; provided, however, the Company will circulate such tax return to each Member at least ten (10) days before such tax return is to be filed (taking into account extensions of time to file). The Tax Preparer shall have the right to file with the appropriate taxing authorities for extensions of time to file tax returns if so needed. If any Member shall object to any items on the return within thirty (30) days, then the Members and the Tax Preparer shall attempt to agree on a mutually acceptable resolution of any disputed tax items. If the Member and the Tax Preparer cannot resolve their disagreement within 10 days, either the Member or the Tax Preparer may request, in writing with a copy sent to the other party, that the disagreement be resolved by a mutually agreed upon "big four" independent accounting firm (Ernst & Young LLP, PricewaterhouseCoopers LLP, KPMG LLP or Deloitte & Touche LLP) (the "Independent Accountants") and the Independent Accountants shall be instructed to resolve the dispute by, first determining if both positions have merit, and if not, shall adopt the position that has merit. If the Independent Accountants determines that both positions have merit, the Independent Accountants shall adopt the position that will maximize, in the aggregate, the U.S. Federal, state and local income tax advantages and will minimize, in the aggregate, the U.S. Federal, state, and local income tax detriments, available to the Company's Members. The Independent Accountants shall provide their written resolution of the disagreement to both the Member and the Tax Preparer within 15 days from the date that the Independent Accountants were requested to resolve such disagreement. If the Independent Accountants are incapable of resolving such disagreement based on the above-stated criteria, the position of the Tax Preparer shall prevail.

(b) The Tax Preparer shall furnish a copy of all filed tax returns of the Company to each of the Members. In addition, upon reasonable written notice provided to the Company by a Member (and as otherwise required by law), the Company shall furnish such Members, on a timely basis, with all information relating to the Company required to be reported in any U.S. Federal, state and local tax returns of such Members, including a report indicating such Member's allocable share for U.S. Federal income tax purposes of the Company's income, gain, credits, losses and deductions.

EXECUTION COPY

(c) The Members shall report their tax items with respect to, and arising from, their Shares in a manner that is consistent with the Company's tax returns.

(d) The Tax Preparer shall provide prompt notice to the Members of advice that the IRS or any applicable state or local taxing authority intends to examine any tax returns or records or books of the Company and of any notice from the IRS in any administrative or judicial proceeding at the Company level relating to the determination of any item of income, gain, loss, deduction or credit of the Company, in each case together with a copy of such IRS or state or local taxing authority notice and any written materials submitted by the Tax Preparer in response to such notice. In the event of any tax audit or any contest, dispute or litigation with respect to the treatment of, or liability of the Company for, any U.S. Federal, state or local income tax for any taxable period (or portion of a taxable period) of the Company beginning after the date hereof, the Tax Preparer shall control, defend and otherwise represent the Company in such audit, contest, dispute or litigation; provided, however, that each Member shall have the right, directly or through its designated representatives, to review in advance and timely comment upon all significant written submissions made in the course of such audit, contest, dispute or litigation and to participate in, directly or through its designated representatives, all conferences, meetings or proceedings with any taxing authority, and all appearances before any court or judicial body. The Tax Preparer shall advise any Member of any written proposed adjustment by the IRS that would increase (directly or through such Member's interest in any intermediate entities) such Member's U.S. Federal income tax liability (or decrease (directly or through such Member's interest in any intermediate entities) such Member's U.S. Federal tax benefits). If the Tax Preparer proposes that such adjustment be approved, the Company shall not concede such adjustment without each Member's prior written approval, which approval shall not be unreasonably withheld. In the event of a disagreement between the Board of Managers and a Member with respect to such adjustment, the procedures for resolving disagreements set forth in Section 4.8(a) hereof shall apply.

(e) The Board of Managers shall take any steps necessary pursuant to Code Section 6223(a) to designate each Member as a "notice partner" (as defined in Code Section 6231(a)(8)). In addition, nothing in this Agreement is intended to waive any rights, including rights to participate in administrative and judicial proceedings, that a Member may have under Code Sections 6221 through 6233, inclusive.

(f) Notwithstanding any other provisions of this Agreement, the provisions of this Section 4.8 shall survive the dissolution of the Company or the termination of any Member's interest in the Company and shall remain binding on all Members for a period of time necessary to resolve with the IRS or any applicable state or local taxing authority all matters (including litigation) regarding the U.S. Federal, state and local income taxation, as the case may be, of the Company or any Member with

respect to the Company.

(g) The Company is responsible for the payment of any partnership tax, including, but not limited to, New York City Unincorporated Business Tax.

4.9. Use of Member Names and Trademarks. Neither the Company nor any Subsidiary or Member shall (i) issue any press release or make any other public statements, filings or disclosure with respect to the matters contemplated by this Agreement, or any other matter related hereto or thereto, (ii) use (in connection with the Company or any Subsidiary) in advertising, publicity or otherwise the name of any Member (or any Affiliate of such Member), or the name of any member, partner, director, officer, manager or employee of any Member (or any Affiliate of such Member) or any trade name, trademark, trade device, logo service mark, symbol or any abbreviation, contraction or simulation thereof owned or used by any Member (or any Affiliate of such Member), or (iii) represent, directly or indirectly, that any product or any service provided by the Company or any Subsidiary has been approved, endorsed, recommended or provided by, or in association with any Member (or any Affiliate of such Member), except (i) as may be required by applicable law, court process or obligations pursuant to the requirement of any applicable self-regulatory authority or (ii) with the prior written consent of the appropriate Member in each instance, such consent not to be unreasonably withheld.

ARTICLE V.

BOOKS, RECORDS, BUDGETS AND REPORTS

5.1. Books of Account. At all times during the continuance of the Company, the Board of Managers shall keep or cause to be kept true and complete books of account in accordance with United States generally accepted accounting principles and in which shall be entered fully and accurately the transactions of the Company. Such books of account shall be kept on the basis of the Fiscal Year in accordance with the accrual method of accounting, and shall reflect all transactions of the Company in accordance with United States generally accepted accounting principles.

5.2. Availability of Books of Account. All of the books of account referred to in Section 5.1, together with an executed copy of this Agreement, the Certificate of Formation and any amendments thereto shall at all times be maintained at the principal office of the Company or such other place in the State of New York or in such other state as the Board of Managers may designate in writing to the Members, and upon reasonable notice to the Board of Managers, shall be open to the inspection and

examination of the Members or their representatives during reasonable business hours for purposes reasonably related to their Shares.

5.3. Annual and Periodic Reports and Statements. For each Fiscal Year, the Board of Managers shall send or shall cause to be sent to each Person who was a Member at any time during such Fiscal Year, within one hundred and twenty (120) days after the end of such Fiscal Year, the consolidated annual financial statements of the Company including an annual balance sheet, profit and loss statement and a statement of changes in financial position, and a statement showing distributions to the Members, all as prepared in accordance with United States generally accepted accounting principles consistently applied and audited by the Company's independent public accountants, which shall be a firm of Independent Accountants and, within one hundred and twenty (120) days after the end of the Fiscal Year, a statement showing allocations to the Members of taxable income, gains, losses, deductions and credits, as prepared by such accountants. In addition, the Board of Managers shall send or cause to be sent to each Member (i) within forty-five (45) days after the end of the first three fiscal quarters of each year, a quarterly report, as applicable, setting forth such financial and operating information as the Board of Managers shall reasonably determine but which shall include a consolidated balance sheet and income statement, (ii) such monthly and quarterly financial reporting information as the Board of Managers shall reasonably determine and (iii) such financial and other information concerning the Company as is reasonably requested by any Member that is necessary for the preparation of (A) such Member's Federal, state and local income or other tax returns or (B) any filing, notice or application made by or on behalf of such Member to or with any regulatory body having jurisdiction over such Member, subject to the right of the Company to withhold any confidential information that it reasonably determines will not remain confidential and that the public disclosure of which could adversely affect the Company. In addition to the rights under this Agreement and under the Act, the Company may provide such information to such Members and such other Persons as it deems appropriate.

5.4. Accounting Expenses. All out-of-pocket expenses payable to Persons in connection with the keeping of the books and records of the Company and the preparation of audited or unaudited financial statements and Federal and local tax and information returns required to implement the provisions of this Agreement or required by any governmental authority with jurisdiction over the Company shall be borne by the Company as an ordinary expense of its business.

ARTICLE VI.

CAPITAL CONTRIBUTIONS, CAPITAL
ACCOUNTS, PROFITS AND LOSSES AND ALLOCATIONS

6.1. Capital Contributions of the Members.

(a) Concurrently with the execution of this Agreement, each Member shall make a Capital Contribution to the Company in an amount designated as such Member's initial Capital Contributions as set forth on Schedule III hereto opposite such Member's name. Schedule III shall also set forth the Percentage Interest of each Member and the number of Shares issued to each Member.

6.2. Capital Calls.

(a) Acting in accordance with Sections 3.3, the Board of Managers shall have the right to make cash capital calls (each, a "Capital Call"). In the event such a Capital Call is made, the Company shall promptly cause a notice to be delivered to each of the Members describing the amount and nature of the Capital Call and providing other required information in respect of such Capital Call as specified in Section 6.2(b) hereof. Each Member shall be required, within sixty (60) days after receipt of such Capital Call (unless otherwise provided therein), to contribute to the capital of the Company an amount in cash equal to such Member's pro rata portion (based on such Member's Percentage Interest at the time of such Capital Call) of such Capital Call; provided, however, if such Capital Call is with respect to a Distribution Deficiency, the Member to which such Distribution Deficiency relates shall be required to contribute 100% of the amount of Capital Call related to such Distribution Deficiency and the other Members shall not be required to contribute any amount related to such Distribution Deficiency. The proceeds of each Capital Call shall be applied to the purposes set forth in the notice delivered with such Capital Call.

(b) All Capital Calls made pursuant to this Article VI shall be accompanied by a written notice delivered to each Member which notice shall state the total amount of the required Capital Contributions by all Members, the proposed application of the proceeds of such capital contribution, the basis on which such Capital Contribution is authorized and each Member's pro rata share of such total, if any.

(c) The Company may, but shall not be required to, issue additional Shares to the Members in connection with Capital Contributions made pursuant to a Capital Call in such amount as shall be determined by the Board of Managers.

6.3. Failure to Fund Capital Contributions. If any Member shall fail to make all or any portion of any Capital Contribution required pursuant to Section 6.2 in the amount and within the time period specified therein (such Member is hereinafter referred to as a "Non-Contributing Member"), the Board of Managers shall give prompt notice to the Members of such failure and the amount of the Capital Contribution not funded by the Non-Contributing Member (any such amount not so funded is hereinafter referred to as the "Failed Contribution"), and subject to ISE's Call Right (hereinafter defined) pursuant to Section 9.2(a)(iii), any Member or Members that is or are (as the case may be) not in default with respect to the Failed Contribution or any contribution required to be made by such Member in connection with such Capital Call may fund all or part of such Failed Contribution (each such funding Member is hereinafter referred to as a "Contributing Member"). If more than one Member desires to be a Contributing Member and such Contributing Members desire to fund together more than the aggregate amount of the Failed Contribution, each such Contributing Member shall have the right to fund the amount the Non-Contributing Member failed to fund pro rata in proportion to the relative Percentage Interests of such Contributing Members. If, after giving effect to the preceding sentence, any amount of such Failed Contribution remains unfunded, (i) in the event more than one Contributing Member elects to fund any additional amount of such Failed Contribution, such Contributing Members may elect to fund any such remaining amount of such Failed Contribution on a pro rata basis or (ii) in the event only one Contributing Member is willing to fund any portion of the remaining unfunded Failed Contribution, such Contributing Member may fund the entire remaining amount of such Failed Contribution. The provisions of the preceding sentence shall continue to apply until either (i) the entire Failed Contribution has been funded by Contributing Members or (ii) in the event the entire amount of such Failed Contribution has not been funded, no Contributing Member is willing to fund any further amount of such Failed Contribution. The portion (the "Funded Portion") of the Failed Contribution funded by such Contributing Member shall be treated as a Capital Contribution by any such Contributing Member. Any such failure by a Non-Contributing Member to make a Capital Contribution shall result in the dilution of the Percentage Interest of such Non-Contributing Member as provided for in Section 6.4 below. Notwithstanding anything to the contrary contained herein, any failure by a Non-Contributing Member to make a Capital Contribution shall not be a breach of this Agreement and the dilution and payments provided in Section 6.4 and the Call Right provided in Section 9.2 shall be the sole and exclusive remedies of the Company and the other Members against a Non-Contributing Member with respect to the failure by a Non-Contributing Member to make a Capital Call and the Non-Contributing Members shall have no other or further obligations to the Company in connection with any Failed Contribution.

6.4. Dilution for Failure to Fund Capital Contributions.

(a) Whenever there occurs a Failed Contribution, regardless of whether another Member elects to make a Capital Contribution in place of a Non-Contributing Member, the final Percentage Interest of each Member, after the Capital Call, any Failed Contributions and any Funded Portions, shall be determined in accordance with the following formula:

$$\text{FPI} = \frac{(\text{PI} \times \text{IC}) + \text{CC} + \text{FP}}{\text{IC} + \text{ACC} + \text{AFP}}$$

- FPI = Final Percentage Interest of the Member, expressed as a fraction
- PI = Percentage Interest of the Member immediately prior to the Capital Call, expressed as a fraction
- IC = Aggregate amount of all Capital Contributions contributed by all the Members, in dollars, before giving effect to the Capital Call
- ACC = The aggregate Capital Call less aggregate Failed Contributions, in dollars
- AFP = The aggregate of all Funded Portions funded by the Contributing Members in connection with the Capital Call, in dollars
- CC = The Capital Contribution, if any, initially contributed by the Member in connection with the Capital Call, in dollars
- FP = The Funded Portion, if any, contributed by the Member in connection with the Capital Call, in dollars.

(b) In the event that any Non-Contributing Member fails to make any Capital Call it is required to make in accordance with Section 6.2 above and one or more other Members fund all or a portion of such Failed Contribution, then for a period of sixty (60) days following the date originally set for such Non-Contributing Member to make such Capital Call (the "Capital Call Date"), such Non-Contributing Member may notwithstanding such failure pay to such other Members the portion of such Failed Contribution funded by such other Members together with interest accrued thereon at an annual rate of 2% above LIBOR prevailing on such Capital Call Date (or if such date is not a London Banking Day, then the next succeeding London Banking Day). Upon such payment by the Non-Contributing Member (including interest accrued thereon as provided in the preceding sentence), the Percentage Interests and Shares of the Members shall be readjusted to give effect to such repayment as though such Non-Contributing

Member were a Contributing Member. No such repayment shall affect any rights exercised by, or distributions made or other benefits provided to, such other Members prior to such repayments by the Company.

(c) Subject to the limitation set forth in Section 6.4(b), in the event that a Member's Percentage Interest changes as a result of the application of this Section 6.4, such change shall be reflected as (i) in the case of a Non-Contributing Member, a decrease in the number of Shares held by such Non-Contributing Member, and (ii) in the case of each Contributing Member, an increase (pro rata in proportion to the amounts funded by each Contributing Member) in the number of Shares held by such Contributing Member.

6.5. Capital of the Company. The capital of the Company shall be the aggregate capital in all of the Members' Capital Accounts. Except as otherwise provided herein, no Member shall be entitled to (i) withdraw or receive any interest or other return on its Capital Contribution or (ii) voluntarily contribute capital to the Company.

6.6. Return of Capital Contribution. Except as otherwise provided in this Agreement, no Member shall have the right to demand the return of all or any part of its Capital Contribution until the Company has been dissolved, or, in the event it has such right, to demand or receive any property other than cash in return for its Capital Contribution.

6.7. Capital Accounts.

(a) The Company shall maintain separate Capital Accounts for each Member in accordance with Section 704(b) of the Code and the Treasury Regulations thereunder. The Capital Accounts of each Member as of the date hereof are deemed to equal the dollar amounts of the Capital Contribution of such Members as set forth in Section 6.1(a).

(b) The Capital Account of each Member shall be increased by (i) the amount of any cash and the agreed net fair market value (as used herein, "Agreed net fair market value" of property shall mean the gross fair market value of such property as determined by the Board of Managers net of liabilities encumbering the property or assumed by the Company) as of the date of contribution of any property contributed as a Capital Contribution to the capital of the Company by such Member and (ii) the amount of any Profits allocated to such Member. The Capital Account of each Member shall be decreased by (i) the amount of any Losses allocated to such Member and (ii) the amount of cash or the fair market value of any property, net of any liabilities assumed by the Member or to which such property is subject under Section 752 of the Code, distributed to such Member. In all respects, the Members' Capital Accounts shall be determined in

accordance with the detailed capital accounting rules set forth in Treasury Regulations Section 1.704-1(b)(2)(iv) and shall be adjusted upon the occurrence of certain events as provided in Treasury Regulations Section 1.704-1(b)(2)(iv)(f).

(c) A transferee of all (or a portion) of the Shares held by a Member shall succeed to the Capital Account (or portion of the Capital Account) attributable to the transferred Shares.

6.8. Profits and Losses. Except as otherwise set forth in Section 6.9 hereof, Profits, Losses and items of income, gain, deduction and loss of the Company for each Fiscal Year shall be allocated among all Members pro rata in accordance with the Members' relative Percentage Interests.

6.9. Special Allocations. Article VI is intended to comply with Section 704(b) of the Code and the Treasury Regulations thereunder, including the "alternative test for economic effect" under Treasury Regulations Section 1.704-1(b)(ii)(d). Notwithstanding Sections 6.7 and 6.8, the Company shall make any allocations required by such Regulations, including "qualified income offset" and "minimum gain chargeback" allocations and allocations relating to any nonrecourse debt of the Company, prior to making the allocations set forth in Section 6.8.

6.10. Members Tax Reporting. The Members are aware of the income tax consequences of the allocations made by this Article VI and hereby agree to be bound by the provisions of this Article VI in reporting their shares of Company income and loss for income tax purposes.

6.11. Allocation in Case of Transfer. In the event of a transfer of any Shares during a taxable year of the Company, allocations of income, gain, loss, deductions and other items of the Company between the transferor and the transferee will be based on the portions of such taxable year during which each owned the Shares or as the Board may determine in its reasonable discretion.

6.12. Tax Allocations. For U.S. Federal, state and local income tax purposes, the income, gains, losses and deductions of the Company shall, for each taxable period, be allocated among the Members in the same manner and in the same proportion that such items have been allocated among the Members' respective Capital Accounts; *provided, however*, that in accordance with Section 704(c) of the Code and the Treasury Regulations thereunder, (i) income, gain, loss and deduction with respect to any property contributed to the capital of the Company shall, solely for tax purposes, be allocated among the Members so as to take account of any variation between the adjusted basis of such property to the Company for U.S. Federal income tax purposes and its initial Book Value, and (ii) in the event the Book Value of any Company asset is adjusted as a result

of any revaluations pursuant to Treasury Regulations Section 1.704-1(b)(2)(iv)(f), subsequent allocations of income, gain, loss and deduction with respect to such asset shall take into account any variation between the adjusted basis of such asset for U.S. Federal income tax purposes and its Book Value, in each case using any method or methods permitted under Section 704(c) of the Code and the Treasury Regulations thereunder as determined by the Board of Managers.

ARTICLE VII.

DISTRIBUTIONS

7.1. Distribution Policy.

(a) Subject to Paragraph (b) below, the Company shall distribute Distributable Funds only when, as and if determined by the Board of Managers, pro rata in accordance with the Members' relative Percentage Interests.

(b) All amounts withheld pursuant to any provision of any U.S. Federal, state, local or foreign tax law with respect to any payment, distribution or allocation to the Company or the Members shall be treated as amounts distributed to the Members pursuant to Section 7.1(a) for all purposes of this Agreement. The Board of Managers is authorized to withhold from distributions, or with respect to allocations, to the Members and to pay over to any U.S. Federal, state, local or foreign government any amounts required to be so withheld pursuant to the Code or any provision of any other U.S. Federal, state or local law and shall allocate such amounts to those Members with respect to which such amounts were withheld. To the extent that withholding taxes and other related expenses paid to any U.S. Federal, state, local or foreign government on behalf of a Member exceed the amount of any distribution the Member would otherwise receive from the Company, the Board of Managers may, in its discretion, require such Member to contribute cash to the Company up to the amount paid on such Member's behalf (such amount, a "Distribution Deficiency").

7.2. Liquidation. In the event of any sale or other disposition of all or substantially all of the assets of the Company in accordance with the terms of this Agreement, the Company shall be dissolved and the proceeds of such sale or other disposition shall be distributed to the Members in liquidation as provided in Article X.

ARTICLE VIII.

TERMINATION OF A MEMBER; TERMINATION OF AGREEMENT

8.1. Termination of a Member. The expulsion, dissolution or Bankruptcy of a Member or any other event that terminates the continued membership of any Member (each a "Terminating Event") shall not in and of itself cause the Company to be dissolved, wound up or terminated unless, no later than ninety (90) days following a Terminating Event with respect to a Member, Members owning all of the remaining Shares unanimously determine not to continue the business of the Company, in which case the Company shall dissolve and liquidate pursuant to Article X hereof and the remaining Members shall select the liquidator pursuant to such Article. No Member shall have the right to withdraw or resign as a Member or, except as provided in Section 10.1(a)(ii), dissolve the Company voluntarily.

8.2. Termination on Initial Public Offering. Except with respect to Sections 4.2 and 4.5 and the remedies provided hereunder with respect to breaches of this Agreement (which shall continue in full force and effect, except as limited below), upon the consummation of an Initial Public Offering this Agreement shall terminate and the provisions hereof shall cease to have any force or effect; provided, however, that Sections 4.2 and 4.5 and the remedies provided hereunder with respect to breaches of this Agreement shall continue to have force and effect after the consummation of such Initial Public Offering solely with respect to matters which occurred prior to the consummation of such Initial Public Offering.

ARTICLE IX.

TRANSFER OF SHARES

9.1. Transfer of Shares. Subject to Section 9.8 herein and to the redemption, purchases and repurchases by the Company of securities as permitted in accordance with Section 3.3(d), no Member may transfer, sell, pledge, hypothecate, encumber, assign or otherwise dispose of (whether voluntarily, involuntarily, by operation of law or otherwise) (each, a "Transfer") any Shares, or agree or contract to Transfer any Shares held by such Member, without the consent of no less than two-thirds of the other Members to (i) such Transfer and (ii) the admission of the proposed transferee as a Member of the Company. Notwithstanding the foregoing, a Member may Transfer any or all of its Shares to one or more Affiliates of such Member; provided that (i) any such Transfer is subject to the provisions of Section 9.8; and (ii) any such transferee agrees to be bound by the terms of this Agreement applicable to the Shares so transferred and either (x) the other Members are reasonably satisfied that such transferee has the ability to meet the obligations it would have hereunder or (y) the transferring

Member or the Parent of such Member guarantees the performance of such obligations (each, a "Permitted Transferee"). Any attempted or purported Transfer in violation of this Section 9.1 shall be void and of no force or effect. For purposes of this Agreement, any Transfer by a Parent or any Subsidiary of a Parent of any direct or indirect interest in a Member which results in such Member ceasing to be a Subsidiary of such Parent shall be deemed a Transfer by such Member of all of its Shares.

9.2. Call Right. For so long as ISE is a Member, ISE shall have the right (the "Call Right"), exercisable at any time by written notice (the "Call Notice") to any Member, to require such Member to sell all, but not less than all, of their Shares in the Company at the price and in accordance with the conditions set forth below:

(a) ISE shall only exercise its Call Right (i) in its reasonable discretion in the event that a Member fails to evidence active participation in and material use of the Company-provided facility; or (ii) if any Member shall fail to make all or any portion of any Capital Contribution required pursuant to Section 6.2.

(b) The Call Notice shall set forth the date of closing of the purchase and sale contemplated by the Call Notice (the "Call Closing Date"), which Call Closing Date shall be not less than thirty (30) days, and not more than ninety (90) days, following the delivery of the Call Notice.

(c) Upon delivery of the Call Notice, ISE shall be irrevocably required to purchase all of the Member's Units then outstanding in accordance with the terms and conditions of this Section 9.2.

(d) ISE shall pay said Member, at the closing of the purchase and sale contemplated by the Call Notice, in exchange for such Member's Shares, an amount not to exceed the Book Value of such Shares.

(e) ISE and the Members holding Shares shall use commercially reasonable efforts to consummate the closing of the purchase and sale contemplated by the Call Notice on the Call Closing Date. If ISE is unable or unwilling to purchase the Shares by the date which is ten (10) days after the Call Closing Date (the "Outside Call Closing Date"), then the Call Notice shall be null and void.

(f) ISE shall pay, at the closing of the purchase and sale contemplated by the Call Notice, all costs and expenses incurred in connection with such purchase and

sale, including costs and expenses incurred in connection with the determination of the Appraised Value and reasonable attorneys' fees and expenses.

(g) Notwithstanding anything to the contrary herein, ISE, in its sole and absolute discretion, may grant or transfer to any other Member, any call or similar right to purchase any of the Shares owned by Members holding Shares.

9.3. Drag-Along Rights.

(a) In the event ISE proposes to sell all of the Shares held by ISE and its Affiliates (a "Drag Sale") to a Person (the "Drag-Along Purchaser") other than another Member or a Permitted Transferee of ISE, ISE may, at its option, require each other Member (the "Dragged Members") to sell all of the Shares held by such Dragged Members ("Drag-Along Rights"); *provided, however*, such Drag Along Rights may only be exercised by ISE (i) for so long as ISE holds 51% of the Percentage Interests in the Company, or (ii) if ISE ceases to hold 51% of the Percentage Interests in the Company, at any time within a two year period commencing from the date that ISE ceases to hold 51% of the Percentage Interests in the Company. Any such sale by the Dragged Members shall be made on the same terms and conditions as the sale by ISE.

(b) ISE shall give each Dragged Member, not less than thirty (30) days prior to the date of the proposed sale, a notice summarizing the economic terms of such Drag Sale, including the purchase price, closing date and the identity of such Drag-Along Purchaser. In connection with any Drag Sale, each Dragged Member shall take such actions as may be reasonably required by ISE, Inc. and shall otherwise cooperate in good faith with ISE. At the closing of a Drag Sale, each Dragged Member shall deliver to such Drag-Along Purchaser all documents and instruments as may be requested by such Drag-Along Purchaser in connection with such Drag Sale, against payment of the appropriate purchase price.

(c) Upon consummation of a Drag Sale, if a Dragged Member has not delivered any documents and instruments as contemplated by the preceding paragraph (b), such Dragged Member shall no longer be considered a holder Shares in the Company and such Dragged Member's sole rights with respect to such Shares shall be to receive the consideration receivable in connection with such Drag Sale upon delivery of the appropriate documents and instruments.

9.4. Tag-Along Rights. If after three (3) years from the date of this Agreement, one or more Members (collectively, the "Seller") proposes to sell, subject to

Section 9.8, in a single transaction or series of related transactions Shares representing more than 25% of the Percentage Interests in the Company to a Person (the "Tag-Along Buyer") other than a Permitted Transferee of the Seller, then, not less than twenty (20) days prior to any such sale, such Seller shall provide to each other Member a notice (a "Tag-Along Notice") stating the Percentage Interests represented by the Shares to be so sold to such Tag-Along Buyer and summarizing the economic terms of such sale, including the purchase price, closing date and the identity of such Tag-Along Buyer (and, to the extent material, the direct and indirect beneficial owners of such Tag-Along Buyer). Without limiting the generality of the foregoing, sales shall be deemed related if the same Tag-Along Buyer acquires the Shares sold under such sales within the same twelve-month period. Upon the written request of any such other Member made within ten (10) days after the day the Tag-Along Notice is received by such other Member, the Seller shall cause such Tag-Along Buyer to purchase from such other Member a portion of its Shares equal to the product of (x) such Member's Percentage Interest and (y) the Percentage Interest represented by the Shares proposed to be sold to such Tag-Along Buyer. Such purchase shall be made on the same date, at the same price and on the same terms as Seller and on terms and conditions at least as favorable to such other Member as the terms and conditions contained in the Tag-Along Notice delivered in connection with such proposed transaction.

9.5. Pre-Emptive Rights.

(a) In the event that, in accordance with Section 3.3, the Company proposes to issue any equity or equity-based securities of the Company to any Person (the "Offeree"), each other Member shall have the preemptive right to purchase a portion of such securities, pro rata based on the number of Shares then held by each Member. The Company shall be obligated to give written notice to each Member of its intention to issue such securities. Upon receipt of such notice, each Member shall have ten (10) business days in which to exercise such right, in whole or in part, by sending an acceptance notice to the Company. To the extent any Member does not purchase its entire allocation within the time provided, such unpurchased portion may be acquired by the Offeree. This right shall exist only prior to an Initial Public Offering.

(b) The provisions of Section 9.5(a) shall not apply in connection with issuances of equity or equity-based securities (i) to employees of the Company or any of the Subsidiaries pursuant to any employee option plan, stock purchase plan, benefit plan or other similar plan, agreement, program or arrangement approved by the Board of Managers (including upon the exercise of employee stock options or other convertible securities issued pursuant to such a plan, agreement, program or arrangement), (ii) in connection with any bona fide, arm's-length direct or indirect merger, acquisition (including acquisitions of less than all of the assets of, or equity interests in, any Person) or other similar strategic or business combination transaction, or (iii) pursuant to any

rights offering or other similar offering of equity or equity-based securities made generally available to the then-current Members. A Member shall have the right to transfer or assign its right to purchase all (but not less than all) of its pro rata share of any issuance of equity or equity-based securities pursuant to this Section 9.5(b) to the same extent to which such Member could transfer Shares pursuant to Section 9.1 hereof. The Company shall not be under any obligation to consummate any proposed issuance of equity or equity-based securities, regardless of whether it shall have delivered notice hereunder in respect of such proposed issuance.

9.6. Acceptance of Prior Acts. Any person who becomes a Member, by becoming a Member ratifies all actions duly taken by the Company pursuant to the terms and provisions of this Agreement prior to the date it became a Member and, without limiting the generality of the foregoing, specifically ratifies and approves all agreements and other instruments as may have been duly executed and delivered on behalf of the Company prior to said date and which are in full force and effect on said date.

9.8. Additional Limitations. Notwithstanding anything contained in this Agreement, no Transfer of any Shares shall be made unless the following conditions are met:

(a) Any Transfer involving a Member other than ISE shall require the approval of ISE.

(b) The Transferor shall have paid all reasonable costs and expenses, including attorneys' fees and disbursements and the cost of the preparation, filing and publishing of any amendment to this Agreement or the Certificate, incurred by the Company in connection with the Transfer;

(c) The Transferor shall have delivered to the Company a fully executed copy of all documents relating to the Transfer, executed by both the Transferor and the Transferee, and the agreement of the Transferee in writing and otherwise in form and substance acceptable to the Company to:

(i) be bound by the terms imposed upon such Transfer by the Manager and by the terms of this Agreement; and

(ii) assume all obligations of the Transferor under this Agreement relating to the Shares in the Company that is the subject of such Transfer;

(d) The Company shall have been reasonably satisfied, including, at its option, having received an opinion of counsel to the Company reasonably acceptable to the Company, that:

(i) the Transfer will not cause the Company to be treated as an association taxable as a corporation for federal income tax purposes;

(ii) the Transfer will not result in the termination of the Company for federal income tax purposes;

(iii) the Transfer will not cause the Company to be treated as a "publicly traded partnership" within the meaning of Code Section 7704;

(iv) the Transfer will not violate the Securities Act of 1933, as amended, or any other applicable federal, state or non-United States securities laws, rules or regulations;

(v) the Transfer will not cause some or all of the assets of the Company to be "plan assets" or the investment activity of the Company to constitute "prohibited transactions" under ERISA or the Code; and

(vi) the Transfer will not cause the Company to be an investment company required to be registered under the Investment Company Act of 1940, as amended.

ARTICLE X.

TERMINATION OF THE COMPANY; LIQUIDATION AND DISTRIBUTION OF ASSETS

10.1. Dissolution and Termination.

(a) The Company shall be dissolved only upon the occurrence of any of the following:

(i) the sale or other disposition of all or substantially all of the Company Assets and receipt of the final payment of any installment obligation received as a result of any such sale or disposition;

(ii) the unanimous written consent of all Members;

EXECUTION COPY

(iii) any event which makes it unlawful for the Company's business to be continued unless, no later than thirty (30) days following such event, the Members unanimously determine not to dissolve the Company;

(iv) the issuance of a decree by any court of competent jurisdiction that the Company be dissolved and liquidated; or

(v) at any time that there are no Members of the Company, unless the Company is continued in accordance with the Act.

Upon dissolution, the Company shall wind-up its affairs and shall be liquidated and a certificate of cancellation of the Company's Certificate of Formation, as required by law, shall be filed.

(b) In the event of the dissolution of the Company, its business activities shall be wound up, any amounts due from the Members shall be collected, its debts and liabilities shall be satisfied and its remaining assets, if any, shall be distributed as set forth in Section 10.2 below. Dissolution shall be effective on the date of the occurrence of an event set forth in Section 10.1(a) but the Company shall not terminate until all of the Company Assets have been liquidated and the proceeds distributed in accordance with the provisions of this Article X. Notwithstanding the dissolution of the Company, prior to the termination of the Company as aforesaid, the business of the Company and the affairs of the Members as such, shall continue to be governed by this Agreement.

10.2. Distribution Upon Liquidation. Upon dissolution of the Company, the Board of Managers, as provided in this Agreement, or if there shall be none, a trustee or liquidator appointed by unanimous consent of the Members shall proceed to the liquidation of the Company and the proceeds of such liquidation shall, notwithstanding any other provision of this Agreement to the contrary, be applied and distributed in the following order of priority:

(i) to creditors other than Members (whether by payment or the making of reasonable provision for payment thereof, including the setting up of any reserves that the Managers or trustee or liquidator, as the case may be, shall determine are reasonably necessary for any liabilities or obligations of the Company) in satisfaction of all Indebtedness and liabilities of the Company (including the expenses of the liquidation);

(ii) to Members who are creditors (whether by payment or the making of reasonable provision for payment thereof, including the setting

up of any reserves that the Managers or trustee or liquidator, as the case may be, shall determine are reasonably necessary for any liabilities or obligations of the Company) in satisfaction of other debts and liabilities of the Company owed to Members; and

(iii) to the Members in accordance with their balances (if positive) in their respective Capital Accounts.

10.3. Sale of Company Assets.

(a) As expeditiously as possible after dissolution, the Board of Managers, or any trustee or liquidator, shall satisfy all Company Indebtedness and liabilities, and make the distributions provided for in Section 10.2. Except as agreed by the Board of Managers and subject to paragraph (b) below, no Member shall have the right to demand or receive property other than cash upon liquidation, and the Board of Managers, or any such trustee or liquidator, shall, in any event, have the power to sell Company Assets for cash as necessary to provide for the satisfaction of all Company Indebtedness and liabilities.

(b) In connection with the sale by the Company and reduction to cash of its assets, although the Company has no obligation to offer to sell any property to the Members, any Member or any Affiliate of any Member may bid on and purchase any Company Assets. If the Board of Managers, or any trustee or liquidator, determines that an immediate sale of part or all of the Company's assets would cause undue loss to the Members, the Board of Managers, or any trustee or liquidator, may, with the approval of the Board of Managers, defer liquidation of and withhold from distribution for a reasonable time any Company Assets (except those necessary to satisfy the Company's current obligations).

10.4. Deficit Capital Accounts. Notwithstanding anything to the contrary contained in this Agreement, and notwithstanding any custom or law to the contrary, upon dissolution of the Company, any deficit in a Member's Capital Account shall not be an asset of the Company and such Member shall not be obligated to contribute such amount to the Company to bring the balance of such Member's Capital Account to zero.

ARTICLE XI.

AMENDMENTS

11.1. Amendments. (a) Amendments may be made to this Agreement from time to time by no less than two-thirds of the Members; *provided, however*, that if such amendment would (i) alter or change the powers, preferences or special rights of ISE so as to affect it adversely, or (ii) alter or change the Core Items or any matters relating to the Core Items, such amendment shall require the approval of ISE. In making any amendments, there shall be prepared and filed by the Board of Managers such documents and certificates as shall be required to be prepared and filed. All amendments to this Agreement shall be in writing.

(b) Notwithstanding anything to the contrary contained in this Agreement, the Board of Managers shall amend Schedules I through III hereof to reflect the admission of Additional Members, the Transfer of Shares, changes in the Capital Accounts of Members and any other changes in the information set forth therein accomplished in accordance with this Agreement, and the amendment of such Schedules shall not constitute an amendment of this Agreement and shall not require the consent of any Member or other Person.

ARTICLE XII.

MISCELLANEOUS

12.1. Further Assurances. Each party to this Agreement agrees to execute, acknowledge, deliver, file and record such further certificates, amendments, instruments and documents, and to do all such other acts and things, as may be required by law or as, in the reasonable judgment of both the Board of Managers and such party, are necessary to carry out the intent and purpose of this Agreement.

12.2. Confidentiality. Each party hereto agrees that, except with the prior written consent of the affected party, it shall at all times keep confidential and not divulge, furnish or make accessible to anyone any confidential information, knowledge or data concerning or relating to the business or financial affairs of the Company or the other parties to which such party has been or shall become privy by reason of this Agreement, discussions or negotiations relating to this Agreement or the relationship of the parties contemplated hereby; *provided, however*, that confidential information may be disclosed to a party's directors, partners, officers, employees, advisors, financing sources or representatives who have a reasonable need to know the contents thereof (provided that (1) such directors, partners, officers, employees, advisors, financing sources or

representatives of any party will be informed by such party of the confidential nature of such information and shall be directed by such party to keep such information confidential in accordance with the contents of this Agreement and (2) each party will be liable for any breaches of this Section 12.2 by any of its directors, partners, officers, employees, advisors, financing sources or representatives). The confidentiality obligations of this Section 12.2 do not apply to any information, knowledge or data (i) which is publicly available or becomes publicly available through no act or omission of the party wishing to disclose the information, knowledge or data; or (ii) to the extent that it is required to be disclosed by any applicable law, regulation or legal process or by the rules of any stock exchange, regulatory body or governmental authority, or any court of competent jurisdiction. The provisions of this Section 12.2 shall survive termination of this Agreement.

12.3. Notices. Unless otherwise specified in this Agreement, all notices, demands, elections, requests or other communications that any party to this Agreement may desire or be required to give hereunder shall be in writing and shall be given by hand, by facsimile, or by a recognized overnight courier service providing confirmation of delivery, addressed as follows:

- (a) to the Company, at the address set forth in Section 2.5; and
- (b) to the Members at their respective addresses set forth in Schedule I hereto. Each Member shall have the right to designate another address or change an address by written notice to the Company and the other Members in the manner prescribed herein.

All notices given pursuant to this Section 12.3 shall be deemed to have been given (i) if delivered by hand on the date of delivery or on the date delivery was refused by the addressee, (ii) if delivered by facsimile transmission, when transmitted to the applicable number so specified in (or pursuant to) this Section 12.3 and an appropriate answer back is received or (iii) if delivered by overnight courier, on the date of delivery as established by the return receipt or courier service confirmation (or the date on which the courier service confirms that acceptance of delivery was refused by the addressee).

12.4. Headings and Captions. All headings and captions contained in this Agreement and the table of contents hereto are inserted for convenience only and shall not be deemed a part of this Agreement.

12.5. Variance of Pronouns. All pronouns and all variations thereof shall be deemed to refer to the masculine, feminine or neuter, singular or plural, as the identity of the person or entity may require.

12.6. Counterparts. This Agreement may be executed in two or more separate counterparts, each of which shall constitute an original and all of which, when taken together, shall constitute one Agreement.

12.7. Governing Law. THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE, WITHOUT REGARD TO CONFLICT OF LAW PROVISIONS THEREOF.

12.8. Partition. The Members hereby agree that no Member nor any successor-in-interest to any Member shall have the right, while this Agreement remains in effect, to have the property of the Company partitioned, or to file a complaint or institute any proceeding at law or in equity to have the property of the Company partitioned, and each Member, on behalf of himself, his successors, representatives, heirs and assigns, hereby waives any such right.

12.9. Invalidity. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of this Agreement. If a provision of this Agreement is held to be invalid and the rest of this Agreement is not invalidated, each party shall use all reasonable efforts to effect as far as practicable and valid under applicable law a new provision to achieve the purpose of such invalidated provision.

12.10. Assignment; Successors and Assigns. This Agreement shall be binding upon the parties hereto and their respective successors, executors, administrators, legal representatives, heirs and permitted legal assigns and shall inure to the benefit of the parties hereto and, except as otherwise provided herein, their respective successors, executors, administrators, legal representatives, heirs and permitted legal assigns. No Person other than the parties hereto and their respective successors, executors, administrators, legal representatives, heirs and legal assigns, shall have any rights or claims under this Agreement.

12.11. Entire Agreement. This Agreement supersede all prior agreements among the parties with respect to the subject matter hereof and thereof and contain the entire agreement among the parties with respect to such subject matter. No waiver of any provision hereof by any party hereto shall be deemed a waiver by any other party nor shall any such waiver by any party be deemed a continuing waiver of any matter by such party. No amendment, modification, supplement, discharge or waiver hereof or hereunder shall require the consent of any Person not a party to this Agreement.

EXECUTION COPY

12.12. No Brokers. Each of the parties hereto warrants to each other that there are no brokerage commissions or finders' fees (or any basis therefor) resulting from any action taken by such party or any Person acting or purporting to act on its behalf upon entering into this Agreement. Each Member agrees to indemnify and hold harmless each other Member for all costs, damages or other expenses arising out of any misrepresentation made in this Section 12.12.

12.13. Maintenance as a Separate Entity. The Company shall maintain books and records and bank accounts separate from those of its Affiliates; shall at all times hold itself out to the public as a legal entity separate and distinct from any of its Affiliates (including in its leasing activities, in entering into any contract, in preparing its financial statements, and in its stationery and on any signs it posts), and shall cause its controlled Affiliates to do the same and to conduct business with it on an arm's-length basis; shall not commingle its assets with assets of any of its Affiliates; shall not guarantee any obligation of any of its Affiliates; shall cause its business to be carried on by the Board of Managers and shall keep minutes of all meetings of, or written consent executed by, the Members.

12.14. Expenses. Without prejudice to its ability to recover for any losses, damages or liabilities relating to any dispute, controversy or claim arising out of or relating to this Agreement, each of the parties to this Agreement shall pay its own expenses in connection with this Agreement and any amendments, consents or waivers (whether or not the same become effective) under or in respect of this Agreement.

EXECUTION COPY

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the day and year first above written.

Société anonyme

Siège social: L-1855 Luxembourg, 42, avenue J. F. Kennedy

CONSTITUTION

du 28 juin 2012 – numéro 41.918

In the year two thousand and twelve, on the twenty-eighth day of June.

Before Maître Paul BETTINGEN, notary residing in Niederanven Grand Duchy of Luxembourg.

There appeared:

International Securities Exchange Holdings, Inc., a company incorporated under the laws of Delaware, having its registered office at 60 Broad Street, New York, New York, USA 10004, registered with the Department of State of Delaware, Corporate Division, in Dover in the United States under corporate file number 3873520 represented by Mr Olivier Neuberg, with professional address at 42, avenue JF Kennedy, L-1855 Luxembourg, pursuant to a proxy given under private seal.

The proxy given, signed “ne varietur” by the appearing person and the undersigned notary, shall remain attached to this document to be filed with the registration authorities.

The appearing person, in the capacity in which he acts, has requested the notary to state as follows the articles of association of a société anonyme.

Art. 1. Name

There is hereby established a company in the form of a société anonyme under the name of “*Longitude S.A.*” (hereinafter the “Company”).

Art. 2. Registered Office

The registered office of the Company is established in Luxembourg, Grand Duchy of Luxembourg.

Branches, subsidiaries or other offices may be established either in the Grand Duchy of Luxembourg or abroad by a decision of the board of directors. The address of the registered office may be transferred within the boundaries of the same municipality by a resolution of the board of directors of the Company.

If the board of directors determines that extraordinary political, economic, social or military events have occurred or are imminent which would render impossible the normal activities of the Company at its registered office or the communication between such registered office and persons abroad, the registered office may be temporarily transferred abroad until the complete cessation of these abnormal circumstances; such provisional measures shall have no effect on the nationality of the Company which, notwithstanding such temporary transfer, shall remain a Luxembourg company.

Art. 3. Duration

The Company is established for an unlimited period.

The Company may be dissolved at any moment by a resolution of the shareholders adopted in the manner required for amendment of these articles of association.

Art. 4. Purpose

The purpose of the Company is to conduct an active trade or business in (i) the creation, development, management and ownership of software and other intellectual property rights, (ii) the licensing and sublicensing of such rights or the use thereof (a) by affiliates, group companies or related companies and entities as well as (b) to third parties.

An additional object of the Company is (iii) the participation in any form whatsoever, in Luxembourg or foreign companies, by purchase, sale, exchange or otherwise of stock, bonds, debentures, notes and other securities of any kind and any related transaction and, (iv) the administration, development and management of its stock, securities, software and IP rights portfolio.

For the accomplishment of its purpose, the Company may lend or borrow with or without collateral, provided that any monies so borrowed may only be used for the purpose of the Company or companies which are

shareholders or direct or indirect subsidiaries of or which are associated with or affiliated to, the Company or the same company's group.

In general, the Company may undertake any financial, commercial, industrial or real estate transactions which it may deem useful in the accomplishment and development of its purpose and, in such context, it may give or receive guarantees, issue all types of securities and financial instruments and enter into any type of hedging, trading or derivative transactions.

Art. 5. Share Capital

The Company has a share capital of one hundred thousand euro (EUR 100,000.-) divided into one hundred thousand (100,000) shares with a nominal value of one euro (EUR 1.-) per share.

The share capital of the Company may at any time be increased or reduced by a resolution of the general meeting of shareholders adopted in the manner required for amendment of these articles of association.

The Company may, to the extent and under the terms permitted by law, redeem its own shares.

Art. 6. Form of shares

All shares of the Company shall be issued in registered form only.

The issued shares shall be entered in the register of shares which shall be kept by the Company or by one or more persons designated therefore by the Company, and such register shall contain the name of each owner of shares, his address and the number of shares held by him.

The inscription of the shareholder's name in the register of shares evidences his right of ownership of such shares. A certificate shall be delivered to the shareholder upon request. Such certificate shall be signed by two members of the board of directors. The signatures shall be either manual, printed or in facsimile.

Any transfer of shares shall be recorded in the register of shares by delivery to the Company of an instrument of transfer satisfactory to the Company, or by a written declaration of transfer to be inscribed in the register of shares, dated and signed by the transferor and transferee, or by persons holding suitable powers of attorney to act accordingly and, each time, together with the delivery of the relevant certificate, if issued. Such inscription shall be signed by two members of the board of directors or by

one or several persons duly authorised therefore by the board of directors. Any transfer of Company's shares to a non-shareholder shall only be valid if made in accordance with any existing shareholders' agreement.

Shareholders shall provide the Company with an address to which all notices and announcements should be sent. Such address will also be entered into the register of shares.

In the event that a shareholder does not provide an address, the Company may permit a notice to that effect to be entered into the register of shares and the shareholder's address will be deemed to be at the registered office of the Company or at such other address as may be so entered into the register by the Company from time to time, until another address shall be provided to the Company by such shareholder. A shareholder may, at any time, change his address as entered into the register of shares by means of a written notification to the Company at its registered office or at such other address as may be determined by the Company from time to time.

The Company recognises only one single owner per share. If one or more shares are jointly owned or if the title of ownership to such share(s) is divided, split or disputed, all persons claiming a right to such share(s) have to appoint one single attorney to represent such share(s) towards the Company. The failure to appoint such attorney implies a suspension of all rights attached to such share(s).

Art. 7. Board of Directors

The Company shall be managed by a board of directors composed of at least four members, and if the general meeting of shareholders resolves to divide the board of directors in class A directors and class B directors, at least two members of class A and two members of class B, their number being determined by the general meeting of shareholders. Directors need not to be shareholders of the Company.

The general meeting of shareholders may decide to appoint class A directors and class B directors, the rights and obligations of which are set out below.

The directors shall be elected by the general meeting of shareholders for a period of not exceeding six (6) years and until their successors are elected, provided, however, that any director may be

removed at any time by a resolution taken by the general meeting of shareholders. The directors shall be eligible for reappointment.

In the event of vacancy in the office of a director because of death, resignation or otherwise, the remaining directors elected by the general meeting of shareholders may meet and elect a director to fill such vacancy until the next general meeting of shareholders.

Art.8. Meetings of the Board of Directors

The board of directors shall choose from among its members a chairman, and may choose among its members one or more vice-chairmen, and if the general meeting of shareholders resolves to divide the board of directors in class A directors and class B directors, the chairman will be chosen among its class B members and the vice-chairmen among the class A members. The board of directors may also choose a secretary, who need not be a director and who may be instructed to keep the minutes of the meetings of the board of directors as well as to carry out such administrative and other duties as directed from time to time by the board of directors.

The chairman shall preside over all meetings of the board of directors, but in his absence the members of the board of directors may appoint another director as chairman pro tempore by vote of a majority of the directors present or represented at any such meeting.

The board of directors shall meet upon call by the chairman, or any two directors, at the place indicated in the notice of meeting, the person(s) convening the meeting setting the agenda. Notice in writing or by telegram or telefax or e-mail of any meeting of the board of directors shall be given to all directors at least eight calendar days in advance of the hour set for such meeting, except in circumstances of emergency where twenty-four hours prior notice shall suffice which shall duly set out the reason for the urgency. This notice may be waived, either prospectively or retrospectively, by the consent in writing or by telegram or telefax or e-mail of each director. Separate notice shall not be required for meetings held at times and places described in a schedule previously adopted by resolution of the board of directors.

Any director may act at any meeting of the board of directors by appointing in writing or by telegram, telefax, or e-mail another director as his proxy. A director may not represent more than one of his colleagues.

The board of directors may deliberate or act validly only if at least a majority of directors are present or represented at a meeting of the board of directors, and if the general meeting of shareholders resolves to divide the board of directors in class A directors and class B directors, with at least one class A director and one class B director being present or represented. If a quorum is not obtained within half an hour of the time set for the meeting the directors present may adjourn the meeting to a later time and venue. Notices of the adjourned meeting shall be given by the secretary to the board, if any, failing which by any director.

Decisions shall be taken by a majority vote of the directors present or represented at such meeting. In the event that in any meeting the number of votes for and against a resolution shall be equal, the chairman of the meeting shall not have a casting vote. In case of a tie, the proposed decision is considered as rejected.

Any director may participate in a meeting of the board of directors by conference call or similar means of communications equipment whereby all persons participating in the meeting can hear each other, and participating in a meeting by such means shall constitute presence in person at such meeting.

Notwithstanding the foregoing, a resolution of the board of directors may also be passed by unanimous consent in writing which may consist of one or several documents containing the resolutions and signed by each and every director. The date of such a resolution shall be the date of the last signature.

Art. 9. Minutes of Meetings of the Board of Directors

The minutes of any meeting of the board of directors shall be signed by the chairman or, in his absence, by the chairman pro tempore who presided at such meeting.

Copies or extracts of such minutes which may be produced in judicial proceedings or otherwise shall be signed by the chairman, or by the secretary, or by two directors.

Art. 10. Powers of the Board of Directors

The directors may only act at duly convened meetings of the board of directors or by written consent in accordance with article 8 hereof.

The board of directors is vested with the broadest powers to perform all acts of administration and disposition in the Company's interests. All powers not expressly reserved by law or by these articles of association to the general meeting of shareholders fall within the competence of the board of directors.

Art. 11. Corporate Signature

Towards third parties, the Company is validly bound by (i) the joint signature of any two directors of the Company, (ii) if the general meeting of shareholders resolves to divide the board of directors in class A directors and class B directors, the joint signature of one class A director together with one class B director, (iii) the signature of any of the daily manager(s) within the context of the daily management or, (iv) by the signature(s) of any other person(s) to whom authority has been delegated by the board of directors.

Art. 12. Delegation of Powers

The board of directors may generally or from time to time delegate the power to conduct the daily management of the Company as well as the representation of the Company in relation to such management as provided for by article 60 of the law of 10 August 1915, as amended, on commercial companies to an executive or other committee or committees whether formed from among its own members or not, or to one or more directors, managers or other agents who may act individually or jointly. The delegation to a member of the board of directors is subject to the prior authorisation of the general meeting of shareholders. The board of directors shall determine the scope of the powers, the conditions for withdrawal and the remuneration attached to these delegations of authority including the authority to sub-delegate.

The board of directors may also confer special powers upon one or more attorneys or agents of its choice.

Art. 13. Conflict of Interest

In case of a conflict of interests of a director, it being understood that the mere fact that the director serves as a director of a shareholder or

of an affiliated company of a shareholder shall not constitute a conflict of interests, he must inform the board of directors of any conflict and may not take part in the vote but will be counted in the quorum. A director having a conflict on any item on the agenda must declare this conflict to the chairman before the meeting starts.

Any director having a conflict due to a personal interest in a transaction submitted for approval to the board of directors conflicting with that of the Company, shall be obliged to inform the board thereof and to cause a record of his statement to be included in the minutes of the meeting. He may not take part in the business of the meeting (but shall be counted in the quorum). At the following general meeting, before any other resolution to be voted on, a special report shall be made on any transactions in which any of the directors may have a personal interest conflicting with that of the Company.

Art. 14. General Meeting of Shareholders

The general meeting of shareholders shall represent the entire body of shareholders of the Company. It shall have the broadest powers to order, carry out or ratify all acts relating to the operations of the Company.

The general meeting of shareholders shall meet upon call by the board of directors. Shareholders representing one tenth of the subscribed share capital may, in compliance with the law of 10 August 1915, as amended, on commercial companies, request the board of directors to call a general meeting of shareholders.

The annual general meeting shall be held in accordance with Luxembourg law at the registered office of the Company or at such other place as specified in the notice of the meeting, on the second Monday in the month of June at 4 p.m.

If such day is a legal or a bank holiday in Luxembourg, the annual general meeting shall be held on the following bank business day in Luxembourg.

Other meetings of shareholders may be held at such places and times as may be specified in the respective notices of meeting.

General meetings of shareholders shall be convened pursuant to a notice setting forth the agenda sent by registered letter at least eight days

prior to the meeting to each shareholder at the shareholder's address in the register of shareholders, or as otherwise instructed by such shareholder.

If all shareholders are present or represented and consider themselves as being duly convened and informed of the agenda, the general meeting may take place without notice of meeting.

The board of directors may determine all other conditions which must be fulfilled by shareholders in order to attend a meeting of shareholders.

The general meeting of shareholders shall designate its own chairman who shall preside over the meeting. The chairman shall designate a secretary who shall keep minutes of the meeting.

The business transacted at any meeting of the shareholders shall be limited to the matters contained in the agenda (which shall include all matters required by law) and business incidental to such matters.

Each share is entitled to one vote at all general meetings of shareholders. A shareholder may act at any meeting of shareholders by giving a written proxy to another person, who need not be a shareholder.

Unless otherwise provided by law, resolutions of the general meeting are passed, by a simple majority vote of the shareholders present or represented.

Art. 15. Statutory Auditor(s)

The net liquidation proceeds shall be distributed by the liquidator(s) to the shareholders in proportion to their shareholding in the Company.

Art. 19. Amendments to the Articles of Association

The present articles of association may be amended from time to time by a general meeting of shareholders under the quorum and majority requirements provided for by the law of 10 August 1915, as amended, on commercial companies.

If and as long as the Company has only one shareholder, any reference in these articles of incorporation to the shareholders of the Company or to the general meeting of shareholders shall be a reference to the sole shareholder.

Art. 21. Applicable Law

All matters not governed by these articles of incorporation shall be determined in accordance with the law of 10 August 1915, as amended, on commercial companies.

Art. 6. Forme des actions

Toutes les actions de la Société seront uniquement émises sous forme nominative.

Toutes les actions émises seront inscrites au registre des actionnaires qui sera tenu par la Société ou par une ou plusieurs personnes désignées à cet effet par la Société; ce registre contiendra le nom de chaque propriétaire d'actions, son domicile, ainsi que le nombre d'actions qu'il détient.

Le droit de propriété de l'actionnaire sur les actions s'établit par l'inscription de son nom dans le registre des actionnaires. Un certificat constatant cette inscription sera délivré sur demande à l'actionnaire. Ce certificat devra être signé par deux membres du conseil d'administration. Les signatures pourront être soit manuscrites, soit imprimées, soit sous forme télécopiée.

Tout transfert d'actions sera inscrit au registre des actionnaires au moyen de la remise à la Société d'un instrument de transfert convenant à la Société, ou par une déclaration de transfert écrite, portée au registre des actionnaires, datée et signée par le cédant et le cessionnaire, ou par le mandataire valablement constitué à cet effet, et, à chaque fois, avec la remise à la Société du certificat d'actions qui s'y rapporte, s'il en avait été émis. Une pareille inscription devra être signée par deux membres du conseil d'administration, ou par une ou plusieurs autres personnes dûment autorisées à cet effet par le conseil d'administration. Celui-ci pourra à tout moment faire changer l'adresse portée au registre des

actionnaires par une déclaration écrite, envoyée au siège social de la Société ou à telle autre adresse fixée par celle-ci.

La Société ne reconnaît qu'un seul propriétaire par action. Si une ou plusieurs actions sont conjointement détenues ou si les titres de propriété de ces actions sont divisés, fragmentés ou litigieux, les personnes invoquant un droit sur la/les action(s) devront désigner un mandataire unique pour représenter la/les action(s) à l'égard de la Société. L'omission d'une telle désignation impliquera la suspension de l'exercice de tous les droits attachés aux action(s).

Art. 7. Conseil d'Administration

La Société est gérée par un conseil d'administration composé d'un minimum de quatre membres, et si l'assemblée générale des actionnaires décide de diviser le conseil d'administration en administrateurs de classe A et administrateurs de classe B, d'un minimum de deux administrateurs de classe A et de deux administrateurs de classe B, le nombre exact étant déterminé par l'assemblée générale des actionnaires. Les administrateurs n'ont pas besoin d'être actionnaires.

L'assemblée générale des actionnaires peut décider de nommer des administrateurs de classe A et des administrateurs de classe B, dont les droits et obligations sont décrits ci-après.

Les administrateurs sont élus par l'assemblée générale des actionnaires pour une période ne dépassant pas six (6) ans et jusqu'à ce que leurs successeurs aient été élus, toutefois, un administrateur peut être révoqué à tout moment par décision de l'assemblée générale. Les administrateurs sortants peuvent être réélus.

Au cas où le poste d'un administrateur devient vacant à la suite de décès, de démission ou autrement, les administrateurs restants élus par l'assemblée générale des actionnaires pourront se réunir et élire un administrateur pour remplir les fonctions attachées au poste devenu vacant jusqu'à la prochaine assemblée générale.

Art. 8. Réunions du Conseil d'Administration

Le conseil d'administration choisit parmi ses membres un président et peut choisir en son sein un ou plusieurs vice-présidents, et si l'assemblée générale des actionnaires décide de diviser le conseil d'administration en administrateurs de classe A et administrateurs de classe B, le président sera

désigné parmi les administrateurs de classe B et les vice-présidents parmi les administrateurs de classe A. Il peut également désigner un secrétaire qui n'a pas besoin d'être un administrateur et qui peut être chargé de dresser les procès-verbaux des réunions du conseil d'administration ou d'exécuter des tâches administratives ou autres telles que décidées, de temps en temps, par le conseil d'administration.

Le président préside les réunions du conseil d'administration. En l'absence du président, les membres du conseil d'administration peuvent désigner un autre administrateur pour assumer la présidence pro tempore, par un vote à la majorité des administrateurs présents ou représentés lors de cette réunion.

Le conseil d'administration se réunit sur convocation du président ou de deux administrateurs au lieu indiqué dans l'avis de convocation. La ou les personnes convoquant l'assemblée déterminent l'ordre du jour. Un avis par écrit, télégramme, télécopie ou e-mail contenant l'ordre du jour sera donné à tous les administrateurs au moins huit jours avant l'heure prévue pour la réunion, sauf s'il y a urgence, auquel cas l'avis de convocation, envoyé 24 heures avant la réunion, devra mentionner la nature de cette urgence. Il peut être passé outre à la nécessité de pareille convocation en cas d'assentiment préalable ou postérieur à la réunion, par écrit, télégramme, télécopie ou e-mail de chaque administrateur. Une convocation spéciale n'est pas requise pour des réunions du conseil d'administration se tenant à des heures et à des endroits déterminés dans une résolution préalablement adoptée par le conseil d'administration.

Tout administrateur peut se faire représenter en désignant par écrit ou par télégramme, télécopie ou e-mail un autre administrateur comme son mandataire. Un administrateur ne peut pas représenter plus d'un de ses collègues.

Le conseil d'administration ne peut délibérer et agir valablement que si la majorité des administrateurs sont présents ou représentés à une réunion du conseil d'administration, et si l'assemblée générale des actionnaires décide de diviser le conseil d'administration en administrateurs de classe A et administrateurs de classe B, au moins un administrateur de classe A et un administrateur de classe B devront être présents ou représentés. Si le quorum n'est pas obtenu une demi-heure

après l'heure prévue pour la réunion, les administrateurs présents peuvent ajourner la réunion en un autre endroit et à une date ultérieure. Les avis des réunions ajournées sont donnés aux membres du conseil d'administration par le secrétaire, s'il y en a, ou à défaut par tout administrateur.

Les décisions sont prises à la majorité des votes des administrateurs présents ou représentés à chaque réunion. Au cas où, lors d'une réunion du conseil d'administration, il y a égalité de voix en faveur ou en défaveur d'une résolution, le président de la réunion n'aura pas de voix prépondérante. En cas d'égalité, la résolution sera considérée comme rejetée.

Tout administrateur peut prendre part à une réunion du conseil d'administration au moyen d'une conférence téléphonique ou d'un équipement de communication similaire par lequel toutes les personnes participant à la réunion peuvent s'entendre, la participation à la réunion par de tels moyens vaut présence personnelle à cette réunion.

Nonobstant les dispositions qui précèdent, une décision du conseil d'administration peut également être prise par voie circulaire et résulter d'un seul ou de plusieurs documents contenant les résolutions et signés par tous les membres du conseil d'administration sans exception. La date d'une telle décision est celle de la dernière signature.

Art. 9. Procès-verbaux des réunions du Conseil d'Administration

Les procès-verbaux des réunions du conseil d'administration sont signés par le président ou, en son absence, par le président pro tempore qui aura assumé la présidence de cette réunion.

Les copies ou extraits de procès-verbaux destinés à servir dans une procédure judiciaire ou ailleurs seront signés par le président ou par le secrétaire ou par deux administrateurs.

Art. 10. Pouvoirs du Conseil d'Administration

Les administrateurs ne peuvent agir que dans le cadre de réunions du conseil d'administration régulièrement convoquées, ou par confirmation écrite conformément à l'article 8 ci-dessus.

Le conseil d'administration est investi des pouvoirs les plus larges pour pouvoir passer les actes d'administration et de disposition dans l'intérêt de la Société. Tous pouvoirs que la loi ou les présents statuts ne

réservent pas expressément à l'assemblée générale des actionnaires sont de la compétence du conseil d'administration.

Art. 11. Signature sociale

Vis-à-vis des tiers, la Société sera valablement engagée par (i) la signature conjointe de deux administrateurs, (ii) si l'assemblée générale des actionnaires décide de diviser le conseil d'administration en administrateurs de classe A et administrateurs de classe B, la signature conjointe d'un administrateur de classe A avec un administrateur de classe B, (iii) la signature individuelle de l'un des délégués à la gestion quotidienne dans le cadre de la gestion quotidienne de la Société ou (iv) la (les) signature(s) de toute(s) autre(s) personne(s) à laquelle (auxquelles) pareil pouvoir de signature aura été délégué par le conseil d'administration.

Art. 12. Délégation de pouvoirs

Le conseil d'administration peut déléguer de manière générale ou ponctuellement la gestion journalière de la Société ainsi que la représentation de la Société en ce qui concerne cette gestion, conformément à l'article 60 de la loi du 10 août 1915, telle que modifiée, sur les sociétés commerciales, à un directeur ou à un ou plusieurs comités, qu'ils soient composés de ses propres membres ou non, ou à un ou plusieurs administrateurs, gérants ou autres mandataires susceptibles d'agir seuls ou conjointement. La délégation à un membre du conseil d'administration est subordonnée à l'autorisation préalable de l'assemblée générale. Le conseil d'administration détermine l'étendue des pouvoirs, les conditions du retrait et la rémunération attachés à ces délégations de pouvoir, y compris le pouvoir de subdéléguer.

Le conseil pourra également conférer des pouvoirs spéciaux à un ou plusieurs mandataires ou représentants de son choix.

Art. 13. Conflits d'Intérêts

Dans le cas d'un conflit d'intérêts d'un administrateur, étant entendu que le simple fait que l'administrateur soit l'administrateur d'un actionnaire ou d'une société affiliée d'un actionnaire ne sera pas constitutif d'un conflit d'intérêts, il doit informer le conseil d'administration de tout conflit d'intérêts et ne pourra pas prendre part au vote mais sera compté dans le quorum. Un administrateur ayant un conflit d'intérêts sur tout objet

de l'ordre du jour doit déclarer ce conflit d'intérêts au président avant que la réunion ne débute.

Tout administrateur ayant un intérêt personnel dans une transaction soumise pour approbation au conseil d'administration opposé avec l'intérêt de la Société, devra être obligé d'informer le conseil et de faire enregistrer cette situation dans le procès-verbal de la réunion. Il ne pourra pas prendre part à la réunion (mais il sera compté dans le quorum). A l'assemblée générale suivante, avant toute autre résolution à voter, un rapport spécial devra être établi sur toutes transactions dans lesquelles un des administrateurs peut avoir un intérêt personnel opposé à celui de la Société.

Art. 14. Assemblées Générales des Actionnaires

L'assemblée générale des actionnaires représente l'universalité des actionnaires de la Société. Elle a les pouvoirs les plus étendus pour ordonner, exécuter ou ratifier tous les actes relatifs aux opérations de la Société.

L'assemblée générale des actionnaires est convoquée par le conseil d'administration. Les actionnaires représentant un dixième du capital social souscrit peuvent, conformément aux dispositions de la loi du 10 août 1915 sur les sociétés commerciales, telle que modifiée, requérir le conseil d'administration de convoquer l'assemblée générale des actionnaires.

L'assemblée générale annuelle se réunit, conformément à la loi luxembourgeoise, au siège social de la Société ou à tout autre endroit indiqué dans l'avis de convocation, le deuxième lundi du mois de juin à 16.00 heures.

Si ce jour est un jour férié, légal ou bancaire, à Luxembourg, l'assemblée générale se tiendra le jour ouvrable suivant.

L'assemblée générale des actionnaires pourra se tenir à l'étranger si le conseil d'administration constate souverainement que des circonstances exceptionnelles externes à la Société et à ses actionnaires le requièrent.

D'autres assemblées générales d'actionnaires peuvent se tenir aux lieux et dates spécifiés dans les avis de convocation respectifs.

Les actionnaires seront convoqués par un avis de convocation énonçant l'ordre du jour et envoyé par lettre recommandée au moins huit jours avant l'assemblée à tout détenteur d'actions à son adresse portée au

registre des actionnaires, ou suivant toutes autres instructions données par cet actionnaire.

Chaque fois que tous les actionnaires sont présents ou représentés et se considèrent dûment convoqués et informés de l'ordre du jour, l'assemblée générale peut avoir lieu sans convocation.

Le conseil d'administration peut déterminer toutes autres conditions à remplir par les actionnaires pour pouvoir prendre part aux assemblées générales.

L'assemblée générale des actionnaires désigne son président qui présidera l'assemblée. Le président pourra désigner un secrétaire chargé de dresser les procès-verbaux de l'assemblée.

Les affaires traitées lors d'une assemblée des actionnaires seront limitées aux points contenus dans l'ordre du jour (qui contiendra toutes les matières requises par la loi) et aux affaires connexes à ces points.

Chaque action donne droit à une voix lors de toute assemblée générale. Un actionnaire peut se faire représenter à toute assemblée générale des actionnaires par mandat écrit par un mandataire qui n'a pas besoin d'être actionnaire.

Dans la mesure où il n'en est pas autrement disposé par la loi, les décisions de l'assemblée générale des actionnaires sont prises à la majorité simple des voix des actionnaires présents ou représentés.

Art. 15. Commissaire aux comptes

Les opérations de la société seront surveillées par un ou plusieurs commissaires aux comptes. Le(s) commissaire(s) est(sont) désignés et révoqués par l'assemblée générale des actionnaires. La durée de leur fonction ne peut excéder six (6) ans.

Art. 16. Exercice Social

L'exercice social de la Société commence le premier janvier de chaque année et se termine le trente et un décembre de la même année.

Art. 17. Affectation des Bénéfices Annuels

Des bénéfices nets annuels de la Société, cinq pour cent seront affectés à la réserve requise par la loi. Cette affectation cessera d'être exigée lorsque le montant de la réserve légale aura atteint un dixième du capital social souscrit.

L'assemblée générale des actionnaires dispose librement du bénéfice net annuel.

Des dividendes intérimaires peuvent être versés en conformité avec les conditions prévues par la loi.

Art. 18. Dissolution de la Société

En cas de dissolution de la Société, la liquidation s'opérera par un ou plusieurs liquidateurs, qui n'ont pas besoin d'être actionnaires, nommé(s) par l'assemblée générale qui déterminera les pouvoirs et rémunérations de chaque liquidateur. Le produit net de la liquidation sera distribué par le(s) liquidateur(s) aux actionnaires, proportionnellement à leur participation dans le capital social.

Art. 19. Modifications des Statuts

Les présents statuts pourront être modifiés périodiquement par une assemblée générale des actionnaires statuant aux conditions de quorum et de majorité requises par la loi du 10 août 1915, telle que modifiée, concernant les sociétés commerciales.

Art. 20. Actionnaire unique

Si et aussi longtemps que la Société n'a qu'un seul actionnaire, toute référence dans ces statuts aux actionnaires ou à l'assemblée générale des actionnaires sera une référence à l'actionnaire unique.

Art. 21. Loi Applicable

Pour tous les points non spécifiés dans les présents statuts, les parties se réfèrent aux dispositions de la loi du 10 août 1915, telle que modifiée, concernant les sociétés commerciales.

Art. 22. Langue

ARTICLE I

Office and Records

Section 1.1 Delaware Office. The principal office of the Corporation in the State of Delaware shall be located in the City of Wilmington, County of New Castle, and the name and address of its registered agent is The Corporation Trust Company, 1209 Orange Street, Wilmington, Delaware.

Section 1.2 Other Offices. The Corporation may have such other offices, either within or without the State of Delaware, as the Board of Directors may designate or as the business of the Corporation may from time to time require.

Section 1.3 Books and Records. The books and records of the Corporation may be kept at the Corporation's principal executive offices in New York, New York or at such other locations outside the State of Delaware as may from time to time be designated by the Board of Directors.

ARTICLE II

Stockholders

Section 2.1 Annual Meeting. Except as otherwise provided in Section 2.8 of these Bylaws, an annual meeting of stockholders of the Corporation shall be held at such time and date in each year as the Board of Directors, the Chairman of the Board, if any, or the President may from time to time determine. The annual meeting in each year shall be held at such hour on said day and at such place within or without the State of Delaware as may be fixed by the Board of Directors, or if not so fixed, at 10 A.M., local time, at the principal executive offices of the Corporation.

Section 2.2 Special Meetings. A special meeting of the holders of stock of the Corporation entitled to vote on any business to be considered at any such meeting may be called only by the Chairman of the Board, if any, or the President or any Vice President, and shall be called by the Chairman of the Board, if any, or the President or the Secretary when directed to do so by resolution of the Board of Directors or at the written request of directors representing a majority of the total number of directors which the Corporation would at the time have if there were no vacancies (the "Whole Board"). Any such request shall state the purpose or purposes of the proposed meeting. The Board of Directors may designate the place of meeting for any

special meeting of stockholders, and if no such designation is made, the place of meeting shall be the principal executive offices of the Corporation.

Section 2.3 Notice of Meetings. Whenever stockholders are required or permitted to take any action at a meeting, unless notice is waived as provided in Section 8.1 of these Bylaws, a written notice of the meeting shall be given which shall state the place, date and hour of the meeting, and, in the case of a special meeting, the purpose or purposes for which the meeting is called.

Unless otherwise provided by law, and except as to any stockholder duly waiving notice, the written notice of any meeting shall be given personally or by mail, not less than ten nor more than sixty (60) days before the date of the meeting to each stockholder entitled to vote at such meeting. If mailed, notice shall be deemed given when deposited in the mail, postage prepaid, directed to the stockholder at his or her address as it appears on the records of the Corporation.

When a meeting is adjourned to another time or place, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting the Corporation may transact any business which might have been transacted at the original meeting. If, however, the adjournment is for more than thirty (30) days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting.

Section 2.4 Quorum. Except as otherwise provided by law or by the Certificate of Incorporation or by these Bylaws, at any meeting of stockholders the holders of a majority of the outstanding stock entitled to vote thereat, either present or represented by proxy, shall constitute a quorum for the transaction of any business, but the stockholders present, although less than a quorum, may adjourn the meeting to another time or place and, except as provided in the last paragraph of Section 2.3 of these Bylaws, notice need not be given of the adjourned meeting.

Section 2.5 Voting. Whenever directors are to be elected at a meeting, they shall be elected by a plurality of the votes cast at the meeting by the holders of stock entitled to vote. Whenever any corporate action, other than the election of directors, is to be taken by vote of stockholders at a meeting, such corporate action shall, except as otherwise required by law or by the Certificate of Incorporation or by these Bylaws, be authorized by the affirmative vote of the holders of a majority of the shares of stock present or represented by proxy and entitled to vote with respect to such corporate action.

Except as otherwise provided by law, or by the Certificate of Incorporation, each holder of record of stock of the Corporation entitled to vote on any matter at any meeting of stockholders shall be entitled to one vote for each share of such stock standing in the name of such holder on the stock ledger of the Corporation on the record date for the determination of the stockholders entitled to vote at the meeting.

Upon the demand of any stockholder entitled to vote, the vote for directors or the vote on any other matter at a meeting shall be by written ballot, but otherwise the method of voting and the manner in which votes are counted shall be discretionary with the presiding officer at the meeting.

Section 2.6 Proxies. Each stockholder entitled to vote at a meeting of stockholders or to express consent or dissent to corporate action in writing without a meeting may authorize another person or persons to act for him or her by proxy, but no such proxy shall be voted or acted upon after three years from its date, unless the proxy provides for a longer period. Every proxy shall be signed by the stockholder or by his duly authorized attorney.

Section 2.7 List of Stockholders. The officer who has charge of the stock ledger of the Corporation shall prepare and make, at least ten (10) days before every meeting of stockholders, a complete list of the stockholders entitled to vote at the meeting, arranged in alphabetical order, and showing the address of each stockholder and the number of shares registered in the name of each stockholder. Such list shall be open to the examination of any stockholder, for any purpose germane to the meeting, during ordinary business hours, for a period of at least ten (10) days prior to the meeting, either at a place within the city where the meeting is to be held, which place shall be specified in the notice of the meeting, or, if not so specified, at the place where the meeting is to be held. The list shall also be produced and kept at the time and place of the meeting during the whole time thereof, and may be inspected by any stockholder who is present.

The stock ledger shall be the only evidence as to who are the stockholders entitled to examine the stock ledger, the list required by this Section or the books of the Corporation, or to vote in person or by proxy at any meeting of stockholders.

Section 2.8 Written Consent of Stockholders in Lieu of Meeting. Any action required by the General Corporation Law of the State of Delaware (the "GCL") to be taken at any annual or special meeting of stockholders of the Corporation, or any action which may be taken at any annual or special meeting of the stockholders, may be taken without a meeting, without prior notice and without a vote, if a consent in writing, setting forth the action so taken, shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted. Prompt written notice of the taking of the corporate action without a meeting by less than unanimous written consent shall be given to those stockholders who have not consented in writing. Any such written consent may be given by one or any number of substantially concurrent written instruments of substantially similar tenor signed by such stockholders, in person or by attorney or proxy duly appointed in writing, and filed with the Secretary or an Assistant Secretary of the Corporation. Any such written consent shall be effective as of the effective date thereof as specified therein, provided that such date is not more than sixty (60) days prior to the date such written consent is filed as aforesaid, or, if no such date is so specified, on the date such written consent is filed as aforesaid.

ARTICLE III

Directors

Section 3.1 Number of Directors. The Board of Directors shall consist of no less than 2 and no more than 10 directors until changed as provided in this Section. The number of directors may be changed at any time and from time to time by vote at a meeting or by written consent of the holders of stock entitled to vote on the election of directors, or by a resolution of the Board of Directors passed by a majority of the Whole Board, except that no decrease shall shorten the term of any incumbent director unless such director is specifically removed pursuant to Section 3.5 of these Bylaws at the time of such decrease.

Section 3.2 Election and Term of Directors. Directors shall be elected annually, by election at the annual meeting of stockholders or by written consent of the holders of stock entitled to vote thereon in lieu of such meeting. If the annual election of directors is not held on the date designated therefor, the directors shall cause such election to be held as soon thereafter as convenient. Each director shall hold office from the time of his or her election and qualification until his successor is elected and qualified or until his or her earlier resignation, or removal.

Section 3.3 Vacancies and Newly Created Directorships. Vacancies and newly created directorships resulting from any increase in the authorized number of directors may be filled by election at a meeting of stockholders or by written consent of the holders of stock entitled to vote thereon in lieu of a meeting. Except as otherwise provided by law, vacancies and such newly created directorships may also be filled by a majority of the directors then in office, although less than a quorum, or by a sole remaining director.

Section 3.4 Resignation. Any director may resign at any time upon written notice to the Corporation. Any such resignation shall take effect at the time specified therein or, if the time be not specified, upon receipt thereof, and the acceptance of such resignation, unless required by the terms thereof, shall not be necessary to make such resignation effective.

Section 3.5 Removal. Any or all of the directors may be removed at any time, with or without cause, by vote at a meeting or by written consent of the holders of stock entitled to vote on the election of directors.

Section 3.6 Meetings. Meetings of the Board of Directors, regular or special, may be held at any place within or without the State of Delaware. Members of the Board of Directors, or of any committee designated by the Board of Directors, may participate in a meeting of the Board of Directors or such committee by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting by such means shall constitute presence in person at such meeting. An annual meeting of the Board of Directors shall be held after each annual election of directors. If such election occurs at an annual meeting of stockholders, the annual meeting of the Board of Directors shall be held at the same place and immediately following such meeting of stockholders, and no further notice thereof need be given other than this Bylaw. If an annual election of directors occurs by written consent in lieu of the annual

meeting of stockholders, the annual meeting of the Board of Directors shall take place as soon after such written consent is duly filed with the Corporation as is practicable, either at the next regular meeting of the Board of Directors or at a special meeting. The Board of Directors may fix times and places for additional regular meetings of the Board of Directors and no notice of such meetings need be given. A special meeting of the Board of Directors shall be held whenever called by the Chairman of the Board, if any, or by the President or by at least one-third of the directors for the time being in office, at such time and place as shall be specified in the notice or waiver thereof. Notice of each special meeting shall be given by the Secretary or by a person calling the meeting to each director by mailing the same, postage prepaid, not later than the second day before the meeting, or personally or by telegraphing or telephoning the same not later than the day before the meeting.

Section 3.7 Quorum and Voting. A whole number of directors equal to at least a majority of the Whole Board shall constitute a quorum for the transaction of business, but if there be less than a quorum at any meeting of the Board of Directors, a majority of the directors present may adjourn the meeting from time to time, and no further notice thereof need be given other than announcement at the meeting which shall be so adjourned. Except as otherwise provided by law, by the Certificate of Incorporation, or by these Bylaws, the vote of a majority of the directors present at a meeting at which a quorum is present shall be the act of the Board of Directors.

Section 3.8 Written Consent of Directors in Lieu of a Meeting. Any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting if all members of the Board of Directors or of such committee, as the case may be, consent thereto in writing, and the writing or writings are filed with the minutes of proceedings of the Board of Directors or such committee.

Section 3.9 Compensation. Directors may receive compensation for services to the Corporation in their capacities as directors or otherwise in such manner and in such amounts as may be fixed from time to time by the Board of Directors.

Section 3.10 Committees of the Board of Directors. The Board of Directors may from time to time, by resolution passed by majority of the Whole Board, designate one or more committees, each committee to consist of one or more directors of the Corporation. The Board of Directors may designate one or more directors as alternate members of any committee, who may replace any absent or disqualified member at any meeting of the committee. The resolution of the Board of Directors may, in addition or alternatively, provide that in the absence or disqualification of a member of a committee, the member or members thereof present at any meeting and not disqualified from voting, whether or not he, she or they constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in the place of any such absent or disqualified member. Any such committee, to the extent provided in the resolution of the Board of Directors, shall have and may exercise all the powers and authority of the Board of Directors in the management of the business and affairs of the Corporation, and may authorize the seal of the Corporation to be affixed to all papers which may require it, except as otherwise provided by law. Unless the resolution of the Board of Directors expressly so provides, no such committee shall have the power or authority to declare a dividend or to authorize the issuance of stock. Any such committee may adopt rules governing the method of

calling and time and place of holding its meetings. Unless otherwise provided by the Board of Directors, a majority of any such committee (or the member thereof, if only one) shall constitute a quorum for the transaction of business, and the vote of a majority of the members of such committee present at a meeting at which a quorum is present shall be the act of such committee. Each such committee shall keep a record of its acts and proceedings and shall report thereon to the Board of Directors whenever requested so to do. Any or all members of any such committee may be removed, with or without cause, by resolution of the Board of Directors, passed by a majority of the whole Board.

ARTICLE IV

Officers, Agents And Employees

Section 4.1 Appointment and Term of Office. The officers of the Corporation may include a President, a Secretary and a Treasurer, and may also include a Chairman of the Board, one or more Vice Presidents, one or more Assistant Secretaries and one or more Assistant Treasurers. All such officers shall be appointed by the Board of Directors or by a duly authorized committee thereof, and shall each have such powers and duties as generally pertain to their respective offices, subject to the specific provisions of this Article IV, together with such other powers and duties as from time to time may be conferred by the Board of Directors or any committee thereof. Any number of such offices may be held by the same person, but no officer shall execute, acknowledge or verify any instrument in more than one capacity. Except as may be prescribed otherwise by the Board of Directors or a committee thereof in a particular case, all such officers shall hold their offices at the pleasure of the Board of Directors for an unlimited term and need not be reappointed annually or at any other periodic interval. The Board of Directors may appoint, and may delegate power to appoint, such other officers, agents and employees as it may deem necessary or proper, who shall hold their offices or positions for such terms, have such authority and perform such duties as may from time to time be determined by or pursuant to authorization of the Board of Directors.

Section 4.2 Resignation and Removal. Any officer may resign at any time upon written notice to the Corporation. Any officer, agent or employee of the Corporation may be removed by the Board of Directors, or by a duly authorized committee thereof, with or without cause at any time. The Board of Directors or such a committee thereof may delegate such power of removal as to officers, agents and employees not appointed by the Board of Directors or such a committee. Such removal shall be without prejudice to a person's contract rights, if any, but the appointment of any person as an officer, agent or employee of the Corporation shall not of itself create contract rights.

Section 4.3 Compensation and Bond. The compensation of the officers of the Corporation shall be fixed by the Board of Directors, but this power may be delegated to any officer in respect of other officers under his or her control. The Corporation may secure the fidelity of any or all of its officers, agents or employees by bond or otherwise.

Section 4.4 Chairman of the Board. The Chairman of the Board, if there be one, shall preside at all meetings of stockholders and of the Board of Directors, and shall have such other powers and duties as may be delegated to him or her by the Board of Directors.

Section 4.5 President. The President shall be the chief executive officer of the Corporation. In the absence of the Chairman of the Board (or if there be none), he or she shall preside at all meetings of the stockholders and of the Board of Directors. He or she shall have general charge of the business affairs of the Corporation. He or she may employ and discharge employees and agents of the Corporation, except such as shall be appointed by the Board of Directors, and he or she may delegate these powers. The President may vote the stock or other securities of any other domestic or foreign corporation of any type or kind which may at any time be owned by the Corporation, may execute any stockholders' or other consents in respect thereof and may in his or her discretion delegate such powers by executing proxies, or otherwise, on behalf of the Corporation. The Board of Directors by resolution from time to time may confer like powers upon any other person or persons.

Section 4.6 Vice Presidents. Each Vice President shall have such powers and perform such duties as the Board of Directors or the President may from time to time prescribe. In the absence or inability to act of the President, unless the Board of Directors shall otherwise provide, the Vice President who has served in that capacity for the longest time and who shall be present and able to act, shall perform all the duties and may exercise any of the powers of the President.

Section 4.7 Treasurer. The Treasurer shall have charge of all funds and securities of the Corporation, shall endorse the same for deposit or collection when necessary and deposit the same to the credit of the Corporation in such banks or depositaries as the Board of Directors may authorize. He or she may endorse all commercial documents requiring endorsements for or on behalf of the Corporation and may sign all receipts and vouchers for payments made to the Corporation. He or she shall have all such further powers and duties as generally are incident to the position of Treasurer or as may be assigned to him or her by the President or the Board of Directors.

Section 4.8 Secretary. The Secretary shall record all the proceedings of the meetings of the stockholders and directors in a book to be kept for that purpose and shall also record therein all action taken by written consent of the stockholders or directors in lieu of a meeting. He or she shall attend to the giving and serving of all notices of the Corporation. He or she shall have custody of the seal of the Corporation and shall attest the same by his or her signature whenever required. He or she shall have charge of the stock ledger and such other books and papers as the Board of Directors may direct, but he or she may delegate responsibility for maintaining the stock ledger to any transfer agent appointed by the Board of Directors. He or she shall have all such further powers and duties as generally are incident to the position of Secretary or as may be assigned to him or her by the President or the Board of Directors.

Section 4.9 Assistant Treasurers. In the absence or inability to act of the Treasurer, any Assistant Treasurer may perform all the duties and exercise all the powers of the Treasurer. An Assistant Treasurer shall also perform such other duties as the Treasurer or the Board of Directors may assign to him or her.

Section 4.10 Assistant Secretaries. In the absence or inability to act of the Secretary, any Assistant Secretary may perform all the duties and exercise all the powers of the Secretary. An Assistant Secretary shall also perform such other duties as the Secretary or the Board of Directors may assign to him or her.

Section 4.11 Delegation of Duties. In case of the absence of any officer of the Corporation, or for any other reason that the Board of Directors may deem sufficient, the Board of Directors may confer for the time being the powers or duties, or any of them, of such officer upon any other officer or upon any director.

ARTICLE V

Indemnification And Insurance

Section 5.1 Right to Indemnification. Each person who was or is made a party or is threatened to be made a party to or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (hereinafter a "proceeding"), by reason of the fact that he or she or a person of whom he or she is the legal representative is or was a director or an officer of the Corporation or is or was serving at the request of the Corporation as a director, officer, employee or agent of any other corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to any employee benefit plan (hereinafter an "indemnitee"), whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent or in any other capacity while serving as a director, officer, employee or agent, shall be indemnified and held harmless by the Corporation to the fullest extent authorized by the GCL, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than said law permitted the Corporation to provide prior to such amendment), against all expense, liability and loss (including, without limitation, attorneys' fees, judgments, fines, excise taxes or penalties under the Employee Retirement Income Security Act of 1974, as amended, and amounts paid or to be paid in settlement) reasonably incurred by such indemnitee in connection therewith; provided, however, that except as provided in Section 5.3 with respect to proceedings seeking to enforce rights to indemnification, the Corporation shall indemnify any such indemnitee seeking indemnification in connection with a proceeding (or part thereof) initiated by such indemnitee only if such proceeding (or part thereof) was authorized by the Board of Directors.

Section 5.2 Right to Advancement of Expenses. The right to indemnification conferred in Section 5.1 shall include the right to be paid by the Corporation the expenses (including attorneys' fees) incurred in defending any such proceeding in advance of its final disposition (hereinafter an "advancement of expenses"); provided, however, that, if the GCL requires, an advancement of expenses incurred by an indemnitee in his or her capacity as a director or officer (and not in any other capacity in which service was or is rendered by such indemnitee, including, without limitation, service to an employee benefit plan) shall be made only upon delivery to the Corporation of an undertaking (hereinafter an "undertaking"), by or on behalf of such indemnitee, to repay all amounts so advanced if it shall ultimately be determined

by final judicial decision from which there is no further right to appeal (hereinafter a "final adjudication") that such indemnitee is not entitled to be indemnified for such expenses under this Section 5.2 or otherwise.

Section 5.3 Right of Indemnitee to Bring Suit. If a claim under Section 5.1 or Section 5.2 is not paid in full by the Corporation within thirty (30) days after a written claim has been received by the Corporation, except in the case of a claim for an advancement of expenses, in which case the applicable period shall be twenty (20) days, the indemnitee may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim. If successful in whole or in part in any such suit, or in a suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the indemnitee shall be entitled to be paid also the expense of prosecuting or defending such suit. In (i) any suit brought by the indemnitee to enforce a right to indemnification hereunder (but not in a suit brought by the indemnitee to enforce a right of an advancement of expenses) it shall be a defense that, and (ii) in any suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the Corporation shall be entitled to recover such expenses upon a final adjudication that, the indemnitee has not met any applicable standard for indemnification set forth in the GCL. Neither the failure of the Corporation (including its Board of Directors, independent legal counsel or stockholders) to have made a determination prior to the commencement of such action that indemnification of the indemnitee is proper in the circumstances because the indemnitee has met the applicable standard of conduct set forth in the GCL, nor an actual determination by the Corporation (including its Board of Directors, independent legal counsel or stockholders) that the indemnitee has not met such applicable standard of conduct, shall create a presumption that the indemnitee has not met the applicable standard of conduct or, in the case of such a suit brought by the indemnitee, be a defense to such suit. In any suit brought by the indemnitee to enforce a right to indemnification or to an advancement of expenses hereunder, or brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the burden of proving that the indemnitee is not entitled to be indemnified, or to such advancement of expenses, under this Article V or otherwise shall be on the Corporation.

Section 5.4 Non-Exclusivity of Rights. The right to indemnification and the advancement of expenses conferred in this Article V shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, provision of the Certificate of Incorporation, provision of these Bylaws, agreement, vote of stockholders or disinterested directors or otherwise.

Section 5.5 Insurance. The Corporation may maintain insurance, at its expense, to protect itself and any director, officer, employee or agent of the Corporation or another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expense, liability or loss under the GCL.

Section 5.6 Indemnification of Employees and Agents of the Corporation. The Corporation may, to the extent authorized from time to time by the Board of Directors, grant rights to indemnification, and rights to the advancement of expenses, to any employee or agent

of the Corporation to the fullest extent of the provisions of this Article V with respect to the indemnification and advancement of expenses of directors and officers of the Corporation.

Section 5.7 Contract Rights. The rights to indemnification and to the advancement of expenses conferred in Section 5.1 and Section 5.2 shall be contract rights and such rights shall continue as to an indemnitee who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the indemnitee's heirs, executors and administrators.

ARTICLE VI

Common Stock

Section 6.1 Certificates. Certificates for stock of the Corporation shall be in such form as shall be approved by the Board of Directors and shall be signed in the name of the Corporation by the Chairman of the Board, if any, or the President or a Vice President, and by the Treasurer or an Assistant Treasurer, or the Secretary or an Assistant Secretary. Such certificates may be sealed with the seal of the Corporation or a facsimile thereof. Any of or all the signatures on a certificate may be a facsimile. Section 6.2 Transfers of Stock. Transfers of stock shall be made only upon the books of the Corporation by the holder, in person or by duly authorized attorney, and on the surrender of the certificate or certificates for the same number of shares, properly endorsed. The Board of Directors shall have the power to make all such rules and regulations, not inconsistent with the Certificate of Incorporation and these Bylaws and the GCL, as the Board of Directors may deem appropriate concerning the issue, transfer and registration of certificates for stock of the Corporation. The Board of Directors may appoint one or more transfer agents or registrars of transfers, or both, and may require all stock certificates to bear the signature of either or both.

Section 6.3 Lost, Stolen or Destroyed Certificates. the purpose of any other lawful action, the Board of Directors may fix a record date, which record date shall not precede the date on which the resolution fixing the record date is adopted by the Board of Directors, and which shall not be more than sixty nor less than ten (10) days before the date of such meeting, nor more than sixty (60) days prior to any other action.

If no record date is fixed by the Board of Directors, (1) the record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the date on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held, (2) the record date for determining stockholders entitled to express consent to corporate action in writing without a meeting, when no prior action by the Board of Directors is necessary, shall be at the close of business on the day on which the first written consent is expressed by the filing thereof with the Corporation as provided in Section 2.8 of these Bylaws, and (3) the record date for determining stockholders for any other purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting.

Only such stockholders as shall be stockholders of record on the date so fixed shall be entitled to notice of, and to vote at, such meeting and any adjournment thereof, or to give such consent, or to receive payment of such dividend or other distribution, or to exercise such rights in respect of any such change, conversion or exchange of stock, or to participate in such action, as the case may be, notwithstanding any transfer of any stock on the books of the Corporation after any record date so fixed.

Whenever notice is required to be given to any stockholder or director of the Corporation under any provision of the GCL or the Certificate of Incorporation or these Bylaws, a written waiver thereof, signed by the person or persons entitled to notice, whether before or after the time stated therein, shall be deemed equivalent to the giving

of such notice. In the case of a stockholder, such waiver of notice may be signed by such stockholder's attorney or proxy duly appointed in writing. Attendance of a person at a meeting shall constitute a waiver of notice of such meeting, except when the person attends a meeting for the express purpose of objecting at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the stockholders, directors or members of a committee of directors need be specified in any written waiver of notice.

Neither the Company nor any Member shall take any action or fail to take any action (including the making of, or failure to make, appropriate tax elections) inconsistent with the express intent of the parties hereto as set forth in the immediately preceding sentence.

2.5 Interest of Members; Property of Company. Units held by a Member shall be personal property of such Member for all purposes. All real and other property owned by the Company shall be deemed property of the Company that is owned by the Company as an entity, and no Member shall own such property in an individual capacity. No Member shall be entitled to interest on or with respect to any Capital Contribution. Except as provided in this Agreement, no Member shall be entitled to withdraw any part of such Member's Capital Contribution or to receive distributions from the Company.

2.6 Limited Liability. Except as otherwise expressly required by the LLC Law, the debts, obligations and liabilities of the Company, whether arising in contract, tort or otherwise, shall be the debts, obligations and liabilities solely of the Company, and neither any Member nor any Manager shall be obligated personally for any such debt, obligation or liability of the Company solely by reason of being a Member or Manager of the Company.

Article III **Equity Interests**

3.1 The Units. The Company's equity interests shall be represented by the Units. All Units are identical to each other and accord the holders thereof the same obligations, rights, and privileges as are accorded to each other holder thereof. The Units are not represented by certificates.

3.2 Issuance of Additional Units to ISE Holdings. On each Subsequent Closing Date, the Board shall amend Exhibit A attached hereto to reflect the revised Percentage Interests of ISE Holdings and the other Members, taking into account the issuance and sale of additional Units to ISE Holdings on each such Subsequent Closing Date in accordance with the Purchase Agreement.

3.3 Employee Incentive Pool. The Board may issue, from time to time, in the aggregate up to 10% of the equity interests in the Company outstanding as of the forty-fifth (45th) day after the Effective Date (which shall be equitably adjusted to give effect to any Unit split, reverse split or similar reclassifications of the Units), which may be in the form of phantom interests or synthetic Units, to one or more employees of the Company and on such terms and

conditions, and subject to such restrictions, if any, as may be determined by the Board in its sole discretion.

3.4 Article 8 Opt-In. Each limited liability company interest in the Company (including each Unit) shall constitute a “security” within the meaning of, and be governed by, (a) Article 8 of the Uniform Commercial Code (including Section 8 -102(a)(15) thereof) as in effect from time to time in the State of New York (the “NY UCC”) and (b) the corresponding provisions of the Uniform Commercial Code of any other applicable jurisdiction that now or hereafter substantially includes the 1994 revisions to Article 8 thereof as adopted by the American Law Institute and the National Conference of Commissioners on Uniform State Laws and approved by the American Bar Association on February 14, 1995 (each, an “Other State UCC”). For all purposes of Article 8 of the NY UCC and any Other State UCC and to the fullest extent permitted by law, the laws of the State of New York shall constitute the local law of the Company in the Company’s capacity as the issuer of Units.

3.5 Transfer Books. The Company shall maintain books for the purpose of registering the Transfer of Units, and, upon any Transfer of Units, the Company shall notify the registered owner of any applicable restrictions on the Transfer of Units. If Units are represented by certificates, in connection with a Transfer in accordance with this Agreement of any certificated Units, the endorsed certificate(s) evidencing the Units shall be delivered to the Company for cancellation, and the Company shall thereupon issue a new certificate to the transferee evidencing the Units that were Transferred and, if applicable, the Company shall issue a new certificate to the transferor evidencing any Units registered in the name of the transferor that were not Transferred.

3.6 Certificate Signature. If Units are represented by certificates, each such certificate shall be executed by manual or facsimile signature of an officer on behalf of the Company.

Article IV **Contributions of Members**

4.1 Capital Contributions.

(a) ISE Holdings is making an initial Capital Contribution on the Effective Date in the amount of the ISE Initial Contribution, which amount shall be set forth opposite its name on Exhibit B attached hereto. Each other Member has made Capital Contributions to the Company as set forth opposite such Member’s name on Exhibit B attached hereto. In addition, each Member’s Capital Account is set forth opposite such Member’s name on Exhibit B, as amended from time to time in accordance with Section 12.2(b).

(b) The number of Units held by (excluding any Units that may be issued to ISE Holdings on each Subsequent Closing Date as contemplated by the Purchase Agreement), and Percentage Interest of, each Member is set forth on Exhibit A, as amended from time to time in accordance with Section 12.2(b).

(c) The value assigned to any Capital Contribution shall be equal to the

amount of cash and the Fair Market Value of all other assets, services and/or properties contributed by such Member. In the event of any dispute as to the Fair Market Value of any Capital Contribution made through the provision of services or the contribution of assets or property, the Fair Market Value of such Capital Contribution shall be finally determined by nationally recognized, independent certified public accountants chosen by the Board that have no current business relationship with any of the disputing Members or the Company, or as the Members shall otherwise agree.

Article V **Transferability**

5.1 Transfer Generally.

(a) No Member shall be permitted to Transfer all or any portion of such Member's Units except in compliance with this Article V. For the avoidance of doubt, Transfers of Units to a Specified Transferee of a Member shall not be subject to Section 5.2, 5.4 or 5.7.

(b) In the event that prior to the Year Two Closing ISE Holdings Transfers (i) all of its Units to any Person in accordance with this Article V, such transferee shall be required to assume ISE Holdings' rights and obligations to purchase additional Units, if any, as contemplated by the Purchase Agreement, or (ii) less than all of its Units in accordance with this Article V, ISE Holdings' obligations to purchase additional Units, if any, as contemplated by the Purchase Agreement shall not be affected by such Transfer.

5.2 Right of First Refusal.

(a) Subject to Section 6.7(a)(8), if a Member receives a bona fide written offer (a "Member BFO") to purchase Units (whether solicited or unsolicited) from any Person other than a Specified Transferee (a "Potential Purchaser"), and such Member desires to Transfer all or a portion of such Member's Units to such Potential Purchaser, such Member (the "Selling Member") shall first deliver written notice of such Member's desire to do so (the "Selling Notice") to the Company and each other Member (the "Non-Selling Members"), together with any letter of intent or similar document evidencing such written offer. The Selling Notice must specify: (i) the Selling Member's bona fide intention to Transfer the Units, (ii) the number of Units that the Selling Member proposes to Transfer (the "Offered Units"), (iii) the proposed consideration per Offered Unit (expressed as a value in cash, the "Offered Price") for which the Selling Member proposes to Transfer the Offered Units, (iv) the identity of the Potential Purchaser, and (v) all other material terms and conditions of the proposed transaction (the "Offered Terms"). Each Notice shall constitute an irrevocable and binding offer by the Selling Member to Transfer the Offered Units in accordance with the Selling Notice and this Section 5.2.

(b) The Company shall have the option to purchase all or a portion of the Offered Units for the Offered Price and on the Offered Terms. The Company must exercise such option, if it so desires, no later than thirty (30) calendar days after the Selling Notice has been delivered to it in accordance with Section 5.2(a) (the "Company Option Period") by written notice to the Selling Member. Any written notice delivered by the Company to the Selling Member exercising the option set forth under this Section 5.2(b) shall constitute an irrevocable

commitment by the Company to purchase the number of Offered Units for which the Company has indicated its intention to purchase in such written notice in accordance with the Selling Notice and this Section 5.2. If the Company fails to provide such written notice to the Selling Member prior to the expiration of the Company Option Period, then the Company shall forfeit its right to purchase any of the Offered Units.

(c) If the Company does not elect to purchase all of the Offered Units, then the Company shall, no later than the last calendar day of the Company Option Period, deliver written notice to the Non-Selling Members (the “Non-Selling Member Notice”) specifying the number, if any, of Offered Units that it does not intend to purchase (the “Remaining Units”).

(d) Each Non-Selling Member shall have an option to purchase (i) such Non-Selling Member’s pro rata portion of the aggregate number of the Remaining Units, based on the ratio of the number of Units owned by such Non-Selling Member to the total number of Units owned by all Non-Selling Members, and (ii) such Non-Selling Member’s pro rata portion of any Remaining Units not purchased by other Non-Selling Members, based on the ratio of the number of Units owned by such Non-Selling Member to the total number of Units owned by all Non-Selling Members who have elected to purchase the Remaining Units described in clause (i), for the Offered Price and on the Offered Terms. Such option must be exercised by each Non-Selling Member within thirty (30) calendar days from the earlier of (i) the date of delivery of the Non-Selling Member Notice and (ii) the expiration of the Company Option Period (the “Non-Selling Member Option Period”), by delivery by such Non-Selling Member of a written notice (the “Exercise Notice”) to the Selling Member and the Company, which shall state the number of Remaining Units that such Non-Selling Member intends to purchase (including such Non-Selling Member’s pro rata portion of any Remaining Units not purchased by other Non-Selling Members), and shall include a representation that such Non-Selling Member is an “accredited investor” within the meaning of Rule 501 under the Securities Act. Such written notice shall constitute an irrevocable and binding commitment by such Non-Selling Member to purchase the number of Remaining Units specified therein in accordance with the terms set forth in the Selling Notice and this Section 5.2. During the Non-Selling Member Option Period, the Company shall provide access to such Non-Selling Member to assist such Non-Selling Member in determining whether to exercise such option.

(e) If a Non-Selling Member fails to exercise such Member’s option prior to the expiration of the Non-Selling Member Option Period or fails to purchase in full such Member’s pro rata portion of the aggregate number of Remaining Units, then such Non-Selling Member shall forfeit such Member’s right to purchase any of the Remaining Units.

(f) Notwithstanding anything to the contrary herein, if the consideration to be provided pursuant to the Member BFO is other than for all cash, the right to purchase the Offered Units hereunder may be exercisable in cash at the Fair Market Value of the securities or other property which constitute the Member BFO.

(g) Upon the expiration of the Non-Selling Member Option Period, subject to Section 5.4, the Selling Member shall have the right, exercisable for a period of forty five (45) calendar days from the expiration of the Non-Selling Member Option Period (the “Unrestricted Period”), to Transfer the remaining Offered Units to any Person for a price per Offered Unit that

is not less than the Offered Price and on material terms and conditions that are not more favorable to such Person than the Offered Terms; provided, that a Selling Member shall be deemed to have Transferred the remaining Offered Units during the Unrestricted Period if such Member, during the Unrestricted Period, has irrevocably entered into a bona fide binding agreement to Transfer the remaining Offered Units to any Person; provided, further, that the closing of such Transfer must occur within forty five (45) calendar days following the execution of such bona fide binding agreement. If the Selling Member ever wishes to Transfer the remaining Offered Units for a price per Offered Unit that is less than the Offered Price or on material terms and conditions that are more favorable than the Offered Terms, or if the Selling Member wishes to Transfer the remaining Offered Units following the expiration of the Unrestricted Period, the Selling Member shall be required to first comply with this Section 5.2 anew.

(h) This Section 5.2 shall terminate effective as of, and shall not apply to Transfers of Units made pursuant to, the Initial Public Offering.

5.3 Drag-Along Right.

(a) If Members owning at least 60% of the Outstanding Units (the “Compellors”) propose to (i) sell for value all Units held by them (the “Controlling Units”), whether by a sale of Units or a merger or consolidation involving the Company, or (ii) cause the Company to sell all or substantially all of the assets of the Company (each such transaction, a “Drag-Along Sale”), in each case to a Potential Purchaser, but only in the event that the Company and the Non-Selling Members elect not to exercise their right to purchase all of the Offered Units pursuant to Section 5.2, the Compellors may, at their option, require the Non-Selling Members (the “Compelled Members”) to (x) sell all Units owned or held by them, or (y) consent to such asset sale pursuant to Section 6.7(b)(1), as the case may be, to the Potential Purchaser for the same consideration and otherwise on the same terms and conditions upon which the Compellors agreed to enter into the Drag-Along Sale, subject to this Section 5.3.

(b) The Compellors shall provide a written notice (the “Drag-Along Notice”) of such Drag-Along Sale to each of the Compelled Members, with a copy to the Company, not later than the date of acceptance of the Drag-Along Sale by the Potential Purchaser. The Drag-Along Notice shall contain written notice of the exercise of the rights of the Compellors pursuant to Section 5.3(a), setting forth the applicable consideration to be paid by the Potential Purchaser and all other material terms and conditions of the Drag-Along Sale, as well as a copy of any letter of intent or similar document providing for the Drag-Along Sale, if available. Within ten (10) Business Days following the date the Drag-Along Notice is given, each of the Compelled Members shall deliver to the Compellors either (i) a special irrevocable power-of-attorney authorizing the Compellors, on behalf of such Compelled Member, to sell or otherwise dispose of such Compelled Member’s Units, or (ii) a signed written consent approving an asset sale, as applicable, in each case pursuant to the terms of such Drag-Along Sale and such power-of-attorney or written consent, as the case may be, shall further authorize the Compellors to take all such actions as shall be necessary or appropriate in order to consummate the Drag-Along Sale.

(c) Promptly after the consummation of the Drag-Along Sale, but in no event more than two (2) Business Days thereafter, the Compellors shall remit to each Compelled

Member the total consideration due such Compelled Member in respect of the Units held by such Compelled Member prior to the Drag-Along Sale, less a pro rata portion of any amounts to be held in escrow or subject to an earn-out or similar provision and of the expenses (including, without limitation, reasonable legal expenses) incurred by the Compellers in connection with such sale.

(d) If, at the end of the ninety (90)-day period following the giving of the Drag-Along Notice, the Compellers shall not have completed the Drag-Along Sale, then no Member shall have any obligation with respect to such Drag-Along Sale; provided, that the provisions of this Section 5.3 shall apply to any subsequent Drag-Along Sale.

(e) Except as expressly provided in this Section 5.3, the Compellers shall have no obligation to any Compelled Member to consummate any Drag-Along Sale (it being understood that any and all such decisions shall be made by the Compellers in their sole discretion). In the event that the Drag-Along Sale is not consummated by the Compellers, the Compelled Members shall not be entitled to sell or otherwise dispose of Units directly to any third party or parties pursuant to such Drag-Along Sale (it being understood that all such sales and other dispositions shall be made only on the terms and pursuant to the procedures set forth in this Article V).

(f) In furtherance of, and not in limitation of the foregoing, in connection with any Drag-Along Sale, each Member will (i) to the fullest extent permitted by law, raise no objections in its or his or her capacity as a Member against the Drag-Along Sale or the process pursuant to which it was arranged, and (ii) execute all documents containing such terms and conditions as those executed by other Members that are reasonably necessary to effect the transaction; provided, however, that no Compelled Member shall be required to enter into a non-compete or non-solicitation or no-hire provision, an exclusivity provision, a provision providing for the licensing of intellectual property or the delivery of any products or services, including support arrangements, or any other provision that is not a strictly financial term related directly to such Drag-Along Sale, provided further, that if the Drag-Along Sale is a sale of Units, (A) the liability of the Members shall be several and not joint, (B) no Compelled Member shall have any liability to the Company or any other Member for any breaches of the representations, warranties or covenants of any other Member, (C) any obligations of a Compelled Member under the agreement governing such transaction and any related escrow agreement shall be borne pro rata among the Members based on the proceeds and assets payable to such Members in such transaction (other than any such obligations that relate specifically to a particular Member's Units, which obligations shall be borne solely by such Member) and shall in no event exceed the actual proceeds and assets received by such Compelled Member in such transaction, (D) no Compelled Member shall be required to make any representations or warranties or covenants in connection with such transaction except, as applicable, with respect to (1) such Compelled Member's ownership of such Compelled Member's Units, (2) subject to the provisions of clauses (B) and (C) above, customary security holder indemnities for breaches of such Compelled Member's representations, warranties and covenants, (3) such Compelled Member's ability to convey title to such Compelled Member's Units free and clear of liens, (4) such Compelled Member's ability to enter into the transaction and such Compelled Member's power and authority or capacity, as applicable, and (5) customary and reasonable covenants regarding confidentiality, publicity and similar matters, (E) if any Member is given an option as to the form

of consideration to be received, all other Members shall be given the same option on the same terms, and (F) if the form of consideration to be received by any Compelled Member is other than cash, such Compelled Member shall have the right to receive cash at the Fair Market Value of such other consideration.

(g) Notwithstanding anything in this Section 5.3 to the contrary, if the Compellers or any of their respective Representatives, directly or indirectly, receive any consideration from the Potential Purchaser or any of the Potential Purchaser's Affiliates in connection with a Drag-Along Sale other than (i) the consideration that is received by all the Members on a pro rata basis as part of the Drag-Along Sale, and (ii) consideration that is received by any Member for bona fide services rendered to the Company following the closing of a Drag-Along Sale, then the Compellers shall cause each of the Compelled Members to receive their pro rata share, determined by reference to the respective amounts of consideration otherwise payable to each Member (including the Compellers) as part of the Drag-Along Sale, of such securities or other cash consideration.

(h) This Section 5.3 shall terminate effective as of, and not apply to Transfers of Units made pursuant to, the Initial Public Offering.

5.4 Tag-Along Right.

(a) If any Selling Member proposes to Transfer to a Potential Purchaser a number of Units representing more than 30% of the Outstanding Units (such Transfer, a "Tag-Along Sale"), and the Company and the Non-Selling Members elect not to exercise their right to purchase all of the Offered Units pursuant to Section 5.2, then each Non-Selling Member (the "Tag-Along Members") shall have the option, exercisable in his or its sole discretion, to participate in the Tag-Along Sale at the Offered Price and on the Offered Terms set forth in the Selling Notice, by providing written notice (the "Tag-Along Notice") to the Selling Member on or before the thirtieth (30th) calendar day following the expiration of the Non-Selling Member Option Period (the "Expiration Date"). Each Tag-Along Member shall be entitled to include in the Tag-Along Sale each such Tag-Along Member's pro rata portion (the "Tag-Along Units"), determined by multiplying the total number of Units owned by such Tag-Along Member by a fraction, the numerator of which is the number of Units proposed to be transferred by the Selling Member and the denominator of which is the total number of Units owned by the Selling Member.

(b) Upon receipt of any Tag-Along Notice from a Tag-Along Member, the Selling Member shall cause the Potential Purchaser to purchase from such Tag-Along Member the Tag-Along Units. If the aggregate number of Units proposed to be Transferred by the Selling Member and all Tag-Along Members exceed the number of Units the Potential Purchaser is willing to purchase, then each of the Selling Member and the Tag-Along Members shall reduce, to the extent necessary, the number of Units to be Transferred by such Member pursuant to this Section 5.4 on a pro rata basis. At the time of consummation of the Tag-Along Sale, the Selling Member shall cause the Potential Purchaser to remit directly to each such Tag-Along Member that portion of the sale proceeds to which such Tag-Along Member is entitled by reason of such Tag-Along Member's participation in the Tag-Along Sale.

(c) In furtherance, and not in limitation, of the foregoing, in connection with any Tag-Along Sale, each Tag-Along Member will execute all documents containing such terms and conditions as those executed by the Selling Member that are reasonably necessary to effect the transaction; provided, however, that (A) the liability of the Selling Member and the Tag - Along Members shall be several and not joint, (B) no Selling Member or Tag -Along Member shall have any liability to the Company or any other Member for any breaches of the representations, warranties or covenants of any other Member, (C) any obligations of the Selling Member or any Tag-Along Member under the agreement governing such transaction and any related escrow agreement shall be borne pro rata among such Members based on the proceeds and assets payable to such Members in such transaction (other than any such obligations that relate specifically to a particular Member's Units, which obligations shall be borne solely by such Member) and shall in no event exceed the actual proceeds and assets received by each such Member in such transaction, (D) if any Member is given an option as to the form of consideration to be received, all other Members shall be given the same option on the same terms, and (E) if the form of consideration to be received by the Selling Member is other than cash, such Tag-Along Member shall have the right to receive cash at the Fair Market Value of such other consideration.

(d) If a Tag-Along Member fails to deliver a Tag-Along Notice before the Expiration Date, then such Tag-Along Member shall forfeit the right to participate in such Tag - Along Sale. The Selling Member shall have forty five (45) calendar days after the Expiration Date to consummate the proposed transaction identified in the Tag-Along Notice at the Offered Price and on the Offered Terms set forth in such Tag -Along Notice, provided, that the Selling Member shall be deemed to have sold such Selling Member's Units pursuant to Section 5.4(a) during such forty five (45) day period if such Member, during such period, has irrevocably entered into a bona fide binding agreement to sell such Units to a Potential Purchaser, provided further, that the closing of such Transfer must occur within forty five (45) calendar days following the execution of such bona fide binding agreement. If the Selling Member ever wishes to Transfer such Units for a price per Unit that is less than the Offered Price or on material terms and conditions that are more favorable to the Potential Purchaser than the Offered Terms, or if the Selling Member wishes to Transfer such Units following the expiration of such forty five (45)-calendar day period, the Selling Member shall be required to first comply with Section 5.2 and this Section 5.4 anew.

(e) This Section 5.4 shall terminate effective as of, and not apply to Transfers of Units made pursuant to, the Initial Public Offering.

5.5 Purchase Right.

(a) Subject to Section 6.7(b)(2), if the Company proposes to issue or sell any Units (including any securities exchangeable or exercisable for, or convertible into, Units), other than Excluded Units, the Company shall first deliver written notice of its proposal to do so (the "Purchase Right Notice") to each of the Members. The Purchase Right Notice must: (i) identify the name and address of each Person (if known) to which the Company proposes to issue or sell Units, (ii) specify the number of Units (other than Excluded Units) that the Company proposes to issue or sell (the "Issued Units"), (iii) describe the consideration per Unit for the Issued Units (expressed as a value in cash, the "Issued Price"), (iv) describe the material terms and conditions

upon which the Company proposes to issue or sell the Issued Units (the “Issued Terms”), and (v) irrevocably offer to issue or sell to the Members the Issued Units for the Issued Price and on the Issued Terms in accordance with this Section 5.5(a).

(b) Each Member shall have an option, exercisable for a period of forty five (45) calendar days from the date of delivery of the Purchase Right Notice (the “Purchase Period”), to purchase (i) such Member’s pro rata portion of the Issued Units, based on the ratio of the number of Units owned by such Member to the total number of Units owned by all Members and (ii) such Member’s pro rata portion of any Issued Units not purchased by the other Members pursuant to clause (i), based on the ratio of the number of Units owned by such Member to the total number of Units owned by all Members who have elected to purchase the Issued Units pursuant to clause (i), for the Issued Price and on the Issued Terms ; provided that if only one Member elects to purchase the Issued Units pursuant to this Section 5.5(b), then such Member shall be entitled to purchase 100% of the Issued Units (the “Purchase Right”). Each Member shall exercise its Purchase Right by delivering a written notice within such forty five (45)-day period to the Company, which written notice shall include a representation letter certifying that such Member is an “accredited investor” within the meaning of Rule 501 under the Securities Act. Such written notice shall constitute an irrevocable commitment by such Member to purchase the number of Issued Units set forth in such notice in accordance with the Purchase Right Notice and this Section 5.5. Notwithstanding anything to the contrary herein, if the consideration per Unit for the Issued Units is other than for all cash, the Purchase Right hereunder may be exercisable in cash at the Fair Market Value of the securities or other property that constitute such consideration.

(c) If any Member does not timely exercise its Purchase Right or fails to purchase all of the Issued Units set forth in its written notice to the Company during the Purchase Period, then such Member’s Purchase Right shall terminate and the other Members shall be entitled to purchase such Issued Units in accordance with Section 5.5(b)(ii).

(d) Upon the expiration of the Purchase Period, the Company shall have the right, exercisable for a period of forty five (45) calendar days from the end of the Purchase Period (the “Issuance Period”), to issue or sell any remaining Issued Units (the “Remaining Issued Units”) to any Person for a price per Unit that is not less than the Issued Price and on material terms and conditions that are not more favorable to such other Person than the Issued Terms; provided, that the Company shall be deemed to have issued or sold Remaining Issued Units during the Issuance Period if it, during the Issuance Period, has irrevocably entered into a bona fide binding agreement to issue or sell the Remaining Issued Units to any Person, and provided further, that the closing of such Transfer must occur within forty five (45) calendar days following the execution of such bona fide binding agreement . If the Company ever wishes to issue or sell the Remaining Issued Units for a price per Unit that is less than the Issued Price or on material terms and conditions that are more favorable to the Person to whom the Remaining Issued Units are to be issued or sold than the Issued Terms, or if the Company wishes to issue or sell the Remaining Issued Units following the expiration of the Issuance Period, the Company shall be required first to comply with this Section 5.5 anew.

(e) The Purchase Rights established by this Section 5.5 shall have no application to any of the following issuances (collectively, the “Excluded Units”):

- (1) Units issued in connection with any Unit split, Unit dividend, Unit division or recapitalization by the Company, pursuant to which all holders of Units are treated similarly;
 - (2) Interests or rights issued to any employee of the Company pursuant to Section 3.3;
 - (3) Units issued pursuant to the Initial Public Offering;
 - (4) Units issued to ISE Holdings on each Subsequent Closing Date as contemplated by the Purchase Agreement;
 - (5) Units issued for consideration other than cash in connection with business or asset acquisitions, mergers or strategic partnerships or alliances approved by the Managers pursuant to Section 6.7, provided that the number of Units to be issued pursuant to this Section 5.5(e)(5) shall not exceed ten (10%) percent of the Outstanding Units at such time;
 - (6) Any Units issued in connection with the redomestication of the Company from New York; or
 - (7) The sale of additional Units pursuant to and in accordance with Section 4.5 of the Purchase Agreement.
- (f) This Section 5.5 shall terminate effective as of the Initial Public Offering.

5.6 Anti-Dilution Protection.

(a) If after the Effective Date, the Company issues or sells any Units (other than Excluded Units) or any securities exercisable or exchangeable for, or convertible into, any Units or any rights therefor as referred to in Section 5.6(b) to any Person other than ISE Holdings for a consideration per Unit (the amount of such consideration per Unit, the “Dilutive Price” and the issuance of such Units at a Dilutive Price being referred to herein as a “Dilutive Issuance”) less than the applicable consideration per Unit paid by ISE Holdings for the Units issued to ISE Holdings at such time (such applicable consideration per Unit, the “Base Price”), then immediately upon such issuance or sale, each Unit then owned by ISE Holdings issued at a Base Price that exceeds the Dilutive Price shall automatically be converted into the number of Units (AU) determined in accordance with the following formula:

$$AU = 1 \text{ multiplied by } \frac{OU + IU}{OU + DU}$$

Where:

- AU = The adjusted number of Units;
 OU = The total number of Units outstanding immediately prior to the Dilutive Issuance;
 IU = The total number of Units issued in the Dilutive Issuance; and

DU = The total number of Units that would have been issued in the Dilutive Issuance in exchange for the total issuance price paid in such Dilutive Issuance if such Units had instead been issued at the Base Price.

In addition, immediately upon issuance of any Units to ISE Holdings as contemplated by the Purchase Agreement), such Units will automatically be increased in accordance with the immediately prior sentence of this Section 5.6(a) in respect of any Dilutive Issuances that occurred prior to any such issuance of Units to ISE Holdings.

(b) For the purposes of Section 5.6(a), the following paragraphs shall also be applicable:

- (1) If after the Effective Date, the Company grants any rights to subscribe for, or any rights or options to purchase, or securities convertible into, Units, whether or not such rights or options or rights to convert or exchange are immediately exercisable, and the price per Unit (determined by dividing (x) the total amount, if any, received or receivable by the Company as consideration for the granting of such rights or options, plus the minimum aggregate amount of additional consideration payable to the Company upon the exercise of such rights or options, plus, in the case of any such rights or options which relate to such convertible securities, the minimum aggregate amount of additional consideration, if any, payable upon the issue or sale of such convertible securities and upon the conversion or exchange thereof, by (y) the total maximum number of Units issuable upon the exercise of such rights or options or upon the conversion or exchange of all such convertible securities issuable upon the exercise of such rights or options) shall be less than the Base Price, then the total maximum number of Units issuable upon the exercise of such rights or options or upon conversion or exchange of the total maximum amount of such convertible securities issuable upon the exercise of such rights or options shall (as of the date of grant of such rights or options) be deemed to have been issued at such time in a Dilutive Issuance.
- (2) If after the Effective Date, the Company issues or sells any convertible securities, whether or not the rights to exchange or convert thereunder are immediately exercisable, and the price per Unit (determined by dividing (x) the total amount received or receivable by the Company as consideration for the issue or sale of such convertible securities, plus the minimum aggregate amount of additional consideration, if any, payable to the Company upon the conversion or exchange thereof, by (y) the total maximum number of Units issuable upon the conversion or exchange of all such convertible securities) shall be less than the Base Price, then the total maximum number of Units issuable upon conversion or

exchange of such convertible securities shall (as of the date of the issue or sale of such convertible securities) be deemed to have been issued at such time in a Dilutive Issuance; provided that if any such issuance or sale of such convertible securities is made upon exercise of any rights to subscribe for or to purchase or any option to purchase any such convertible securities for which adjustments of the conversion price have been or are to be made pursuant to other provisions of this Section 5.6(b), no further adjustment shall be made pursuant to this Section 5.6(b)(2) by reason of such issuance or sale.

(c) If after the Effective Date, any Units or convertible securities or any rights or options to purchase any such Units or convertible securities shall be issued or sold for (1) cash, the consideration received therefor shall be deemed to be the amount received by the Company therefor, or (2) a consideration other than cash, the amount of such consideration received by the Company shall be deemed to be the Fair Market Value of such consideration.

(d) Upon the expiration of any rights to subscribe for, or any rights or options to purchase, Units or any convertible securities, which shall not have been exercised or converted, any adjustments to the number of Units owned by ISE Holdings pursuant to Section 5.6(a), shall, upon such expiration, be recomputed as if the only additional Units issued were the Units, if any, actually issued upon the exercise or conversion of such rights, options or convertible securities and the consideration received therefor was the consideration actually received by the Company for the issuance of all such rights, options or convertible securities, whether or not exercised or converted, plus the consideration actually received by the Company upon such exercise or conversion.

(e) Upon the occurrence of each adjustment pursuant to this Section 5.6, the Company at its expense shall promptly compute such adjustment and furnish to ISE Holdings a certificate setting forth such adjustment and showing in detail the facts upon which such adjustment is based.

(f) The Company shall not, by amendment of this Agreement or through any reorganization, transfer of assets, consolidation, merger, dissolution, issuance or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms to be observed or performed hereunder by the Company, but shall at all times in good faith carry out all the provision of this Section 5.6 and take all such action as may be necessary or appropriate in order to protect the anti-dilution rights of ISE Holdings under this Section 5.6.

(b) Notwithstanding anything to the contrary contained in this Agreement, no Transfer of Units by a Member or issuance of Units by the Company shall be made if such Transfer or issuance (i) would violate any U.S. federal or state securities laws, (ii) would require the Company to register as an investment company under the Investment Company Act of 1940, as amended, (iii) would require the Company to register as an investment adviser under U.S. federal or state securities laws, or (iv) would result in the treatment of the Company as an association taxable as a corporation or a "publicly -traded partnership" for tax purposes.

(c) If any Member purports to Transfer Units to any Person in a transaction that would violate the provisions of this Article V, such Transfer shall be void as to such Units that violate the provisions of this Article V, and the Company shall record on the books of the Company the Transfer of only that number of Units (if any) the Transfer of which would not violate the provisions of this Article V and shall treat the remaining Units as owned by the purported transferor for all purposes.

Notwithstanding the first sentence of this Section 6.1(a), so long as Hanweck’s Percentage Interest exceeds fifty (50%) percent, Hanweck shall be entitled to designate three (3) Managers; provided that if at any time Hanweck’s Percentage Interest (i) falls below fifty (50%) percent but is at least forty (40%) percent, Hanweck shall forfeit the right to designate one (1) of the three (3) Managers, or (ii) falls below forty (40%) percent but is at least five (5%) percent, Hanweck shall forfeit the right to designate two (2) of the three (3) Managers; provided, further, that if Hanweck’s Percentage Interest (x) again exceeds forty (40%) percent but is below fifty (50%) percent, Hanweck shall regain the right to designate two (2) managers, or (y) again exceeds fifty (50%) percent, Hanweck shall regain the right to designate three (3) managers. Hanweck shall consult in good faith with ISE Holdings on the two (2) additional Managers to be designated by Hanweck from time to time, reasonably in advance of such designation, and consider in good faith ISE Holdings’ views on any such potential designees.

(b) Each Manager is hereby designated as a “manager” of the Company within the meaning of the LLC Law.

(c) Each Manager that is designated by a Member shall serve solely in the discretion of such Member and may be replaced only by such Member, in the discretion of such Member from time to time or resulting from the death, Disability, retirement, resignation, disqualification or removal of such Manager. Such Member shall notify the Company and the other Members in writing of such Member’s designation of any individual to serve as a Manager or to replace another individual as a Manager. (c) Any action required or permitted to be taken at any meeting of the Board may be taken without a meeting if the action is taken in writing (including by electronic transmission) by all of the Managers of the Board who are entitled to vote on such action and the writing or writings are filed with the minutes of proceedings of the Board.

6.14 Confidentiality.

(a) Each Member, during the period starting from the date on which such Member became a member of the Company through and ending on the date that is the one year anniversary of the date on which such Member shall have ceased to be a member of the Company, shall not, without the Company’s prior written consent, except as may be required in connection with the good faith performance by such Member of his services as a Manager, officer or employee of the Company, disclose to any Person other than an Exempt Person (as defined below) of such Member any confidential, non -public information obtained from the Company or one of its Affiliates concerning the following: (1) any Intellectual Property (as defined below) owned or used by the Company or any of its subsidiaries, (2) any dealings between the Company or any of its subsidiaries, on the one hand, and any Client or Vendor (as those terms are defined below) or any employee, director, officer, manager or member of the Company or any of its subsidiaries, on the other hand; (3) any financial information or results of operations of the Company or any of its subsidiaries; or (4) any business plans and strategies, any marketing philosophy, pricing information, customer information or regulatory information of the Company or any of its subsidiaries (collectively, “Confidential Information”); provided, however, that, notwithstanding anything to the contrary in the foregoing, Confidential Information shall not include, with respect to any Person, any information that: (A) is or becomes generally available to the public other than as a result of a disclosure directly or indirectly by such Person or any of its Affiliates or any of their respective directors, officers, managers, employees, advisors or other representatives (collectively, “Representatives”) in breach of this Section 6.14(a); (B) is disclosed by another Person not known by the recipient to be under a confidentiality agreement or obligation to the Company or any of its subsidiaries not to disclose such information; or (C) is independently developed by such Person or any of its Affiliates or any of their respective Representatives without derivation from, reference to or reliance upon any Confidential Information; provided, further, that, notwithstanding anything to the contrary in this Agreement, (x) any Member may disclose any Confidential Information to the extent required by any applicable law, statute, rule or regulation or any request, order or subpoena issued by any court or other governmental entity or any SRO (including FINRA), and (y) nothing herein shall be interpreted to limit or impede the ability of any Member or any of its Representatives to disclose to the SEC as the SEC may request, order or demand any Confidential Information, pursuant U.S. federal securities laws and rules and regulations thereunder. Each Member shall be responsible for any breach of this Section 6.14(a) by any of its Representatives and agrees to use commercially reasonable efforts to cause its

Representatives to treat all Confidential Information in the same manner as such Member would generally treat its own confidential, non-public information. Each of the Members acknowledges and agrees that other Members may operate businesses or have interests in businesses (including having representatives of such other Members who serve as directors, managers or officers of entities engaging in such businesses) that compete with, or that otherwise are associated with or complementary to, the operations of the Company (such competing, associated, and complementary businesses, “Associated Businesses”) and that Confidential Information may be disclosed to Exempt Persons who are involved with such Associated Businesses. Nothing in this Agreement shall preclude (i) any such Exempt Person from continuing to be involved with any Associated Business or (ii) any such Member or such Exempt Person from operating in the best interests of and satisfying their obligations to such Associated Business, provided that neither such Member nor Exempt Person discloses any Confidential Information in violation of this Section 6.14(a). It is further acknowledged and agreed that such Member and such Exempt Person may have benefit and use Confidential Information in the course of their involvement with such Associated Business and that such benefit and use shall not be precluded under this Agreement so long as no such Confidential Information is disclosed by such Member or Exempt Person in violation of this Section 6.14(a) and subject to the last sentence of this Section 6.14(a).

(b) For purposes of Section 6.14(a):

- (1) “Exempt Person” means, with respect to any Person, any Affiliate of such Person or any Representative of the Company, such Person or such Person’s Affiliate, in each case, who (a) has a reasonable need to know the contents of the Confidential Information, (b) is informed of the confidential nature of the Confidential Information and (c) agrees to keep such information confidential in accordance with the terms of this Agreement.
- (2) “Intellectual Property” means (a) inventions and discoveries (whether patentable or unpatentable and whether or not reduced to practice), all improvements thereto, all patents, registrations, invention disclosures and applications therefor, including divisions, revisions, supplementary protection certificates, continuations, continuations-in-part and renewal applications, and including renewals, extensions, reissues and re-examinations thereof; (b) published and unpublished works of authorship, whether copyrightable or not (including without limitation databases and other compilations of information, mask works and semiconductor chip rights), copyrights therein and thereto, and registrations and applications therefor, and all renewals, extensions, restorations and reversions thereof; and (c) trade secrets and other technical information (which may include ideas, research and development, know-how, formulae and other processes, business methods, customer lists and supplier lists).

- (c) the Persons who are authorized to execute and deliver any instrument or document of or on behalf of the Company.

6.16 Tax Matters Partner.

(a) Hanweck shall initially be the “tax matters partner” of the Company as defined in Section 6231 of the Code and shall act in any similar capacity under applicable state, local or foreign law (in such capacity, the “Tax Matters Partner”). If necessary to have Subchapter C of Chapter 63 of the Code apply to the Company, the Company shall make an election pursuant to Section 6231(a)(1)(B)(ii) of the Code.

(b) Each Member shall be considered to have retained such rights (and obligations, if any) as are provided for under the Code or any other applicable law with respect to any examination, proposed adjustment or proceeding relating to Company tax items (including its rights under Section 6224(c) of the Code and its right to notice of any proposed tax settlements in any court case involving the Company). The Tax Matters Partner agrees that it shall not bind the Members to any tax settlement without the unanimous approval of all the Members. The Tax Matters Partner shall notify the other Members, within 30 calendar days after it receives notice from the United States Internal Revenue Service (“IRS”), of any administrative proceeding with respect to an examination of, or proposed adjustment to, any Company tax items. The Tax Matters Partner shall provide the other Members with notice of its intention to extend the statute of limitations or file a tax claim in any court at least ten calendar days before taking such action and shall not extend such statute of limitations or file such tax claim without the unanimous approval of all the Members. In the event that the other Members notify the Tax Matters Partner of their intention to represent themselves, or to obtain independent counsel and other advisors to represent them, in connection with any such examination, proceeding or proposed adjustment, the Tax Matters Partner agrees to supply the other Members and their counsel and other advisors, as the case may be, with copies of all written communications received by the Tax Matters Partner with respect thereto, together with such

other information as they may reasonably request in connection therewith. The Tax Matters Partner further agrees, in that event, to cooperate with the other Members and their counsel and other advisors, as the case may be, in connection with their separate representation, to the extent reasonably practicable and at the sole cost and expense of such other Members. In addition to the foregoing, the Tax Matters Partner shall notify the other Members prior to submitting a request for administrative adjustment on behalf of the Company and shall not submit such request without the unanimous approval of all the Members. Nothing contained in this Section 6.16 shall affect the authority of the Board provided for in Section 10.6 as to tax matters; any action by the Tax Matters Partner shall be consistent with the direction of the Board pursuant to its authority thereunder.

6.17 Conversion to Corporation; Registration Rights; Initial Public Offering.

(a) In the event that the Board determines in accordance with Section 6.7(b)(8) that conducting the business of the Company in a corporate rather than in a limited liability company form would be necessary to allow an offering of equity interests in the Company or a successor through an Initial Public Offering; provided that at the time of such determination the Company is not already operating as a corporation, then the Board shall have the power to convert the Company to a corporation or take such other action as it may deem advisable in light thereof, including (A) dissolving the Company, creating one or more subsidiaries of a newly formed corporation and, subject to the LLC Law, transferring to such subsidiaries any or all of the assets of the Company (including by merger) or (B) causing the Members to, and the Members agree to, exchange their Units for shares of a newly formed corporation; provided, that the Company shall first obtain an opinion of counsel reasonably acceptable to each of the Members (unless such opinion requirement is waived by each of such Members) that any such action will be tax-free to the Members (such conversion to a corporation or other action, the "Conversion").

(b) The Members shall receive, in exchange for their respective Units, shares of capital stock or other interests of such corporation or its subsidiaries having the same relative economic interest and other rights and obligations in such corporation or its subsidiaries as is set forth in this Agreement, subject to any modifications deemed appropriate by the Board as a result of the Conversion to corporate form (the "Surviving Corporation Shares").

(c) At the time of such Conversion and subject to any legal, regulatory, stock exchange or other similar requirements, the Members shall, and hereby agree to take all actions reasonably requested by the Board in connection with the Conversion and to cause the resulting corporation to be governed substantially as provided herein, including entering into a stockholders' agreement providing for an agreement to vote all shares of capital stock or other interests held by them to elect the board of directors of such resulting corporation in accordance with the substance of Section 6.1; provided, that such governance provisions and such stockholders' agreement shall terminate effective as of the Initial Public Offering of the Company.

(d) If the Board elects to undertake an Initial Public Offering in accordance with Section 6.7(b)(10), then within sixty (60) days following such determination by the Board, the Company shall engage one or more investment bankers as the Company's financial

advisor(s) in connection with the Initial Public Offering and shall use commercially reasonable efforts to complete the Initial Public Offering within 180 days after such determination; provided that the Company may defer the Initial Public Offering if the Board determines that market conditions are sufficiently adverse to consummate the Initial Public Offering within such period . Following the consummation of an Initial Public Offering, each Member shall have registration rights with respect to its Surviving Corporation Shares pursuant to the terms of a registration rights agreement in the form attached hereto as Exhibit C.

6.18 Redomestication.

(a) At any time following the six (6) month anniversary of the Effective Date, ISE Holdings may, at its option, request that the Company redomesticate to Delaware through a merger with and into either, at the direction of the Company after consultation with ISE Holdings, a corporation or a limited liability company (the “**Redomestication**”). The Board shall consider in good faith the merits and any risks of Redomestication at such time and notify ISE Holdings of its determination whether or not the Company will undertake the Redomestication within thirty (30) days following receipt of such request. If the Board determines in good faith that Redomestication would not reasonably be expected to be in the best interests of the Company, then the Company may decline ISE Holdings’ request at such time; provided that the Company shall not be required to take any action that would not reasonably be expected to be tax-free to the Members; and provided, further, that ISE Holdings shall be entitled to make additional requests for Redomestication no more than once every six (6) months after the Board declines a request for Redomestication in accordance with this Section 6.18 and the Company shall be required to comply with this Section 6.18 anew. If the Board does not decline any such requested Redomestication within the thirty (30) day time period prescribed above, then the Board shall cause the Company to use commercially reasonable efforts to complete the Redomestication within one hundred twenty (120) days following receipt of a requested Redomestication.

(b) In connection with any Redomestication, the Members shall receive, in exchange for their respective Units, shares of capital stock or other interests in a Delaware corporation or limited liability company, as the case may be, having the same relative economic interest and other rights and obligations in such corporation or limited liability company, as applicable, as is set forth in this Agreement, subject to any modifications deemed appropriate by the Company and the Members, in consultation with their respective representatives, as a result of the Redomestication. At the time of any Redomestication and subject to any legal, regulatory, stock exchange or other similar requirements, the Members shall take all actions reasonably requested by the Company in connection with such Redomestication and to cause the resulting corporation or limited liability company, as applicable, to be governed substantially as provided in this Agreement, including by entering into a stockholders’ agreement containing governance, voting and transfer provisions restrictions consistent in all material respects with those set forth in this Agreement.

Article VII

7.2 Withholding Treated as Distributions. Any amount that the Company is required to withhold and pay over to any governmental authority on behalf of a Member shall be treated as a distribution made to such Member pursuant to Section 7.1 or Section 11.3, and to the extent such withholding was not deducted from the distribution to which the withholding tax relates, such amount shall be deducted from the amounts next distributable to such Member pursuant to any of those provisions until the withholding has been fully accounted for.

The Capital Account of each Member shall as of the date hereof be deemed to equal the amount set forth for each Member on Exhibit A.

8.2 Calculation of Profits and Losses. For all purposes hereof, the Company’s profits and losses shall in accordance with Code Section 703(a) and Treasury Regulation Section 1.703-1 be computed with the following adjustments: (a) items of gain, loss, and deduction shall be computed based upon the book values of the Company’s assets (in accordance with Treasury Regulation Section 1.704-1(b)(2)(iv)(g) and/or 1.704-3(d)) rather than upon the assets’ adjusted bases for Federal income tax purposes; (b) any tax exempt income received by the Company shall be included as an item of gross income; (c) the amount of any adjustments to the book values of any assets of the Company pursuant to Code Section 743 shall not be taken into account; and (d) any expenditure of the Company described in Code Section 705(a)(2)(B) (including any expenditure treated as being described in Code Section 705(a)(2)(B) pursuant to Treasury Regulations under Code Section 704(b)) shall be treated as a deductible expense.

8.3 Fiscal Periods. Fiscal periods of the Company shall end (a) on the last calendar day of each calendar year and (b) at the close of business on the calendar day before any calendar day on which Percentage Interests change.

8.4 Allocations of Profits and Losses; General. Except as provided in Section 8.6 and Section 8.7 below, all net profits, losses and credits of the Company (for both accounting and tax purposes) for each fiscal period shall be allocated to the Members in proportion to their respective Percentage Interests as of the end of such fiscal period.

8.5 Terminating Allocations. Notwithstanding the foregoing allocation provisions, any profits or losses resulting from a liquidation, merger or consolidation of the Company, the sale of substantially all the assets of the Company in one or a series of related transactions, or

any similar event (and, if necessary, specific items of gross income, gain, loss, or deduction incurred by the Company in the Fiscal Year of such transaction(s)) shall be allocated among the Members so that after such allocations and the allocations required by Section 8.6 and Section 8.7, and immediately before the making of any liquidating distributions to the Members under Section 11.3, the Members' Capital Accounts are in proportion to their respective Percentage Interests.

8.6 Regulatory Allocations. Article VIII is intended to comply with Section 704(b) of the Code and the Treasury Regulations thereunder, including the "alternative test for economic effect" under Treasury Regulations Section 1.704-1(b)(ii)(d). Notwithstanding Section 8.4, the Company shall make any allocations required by such Regulations, including "qualified income offset" and "minimum gain chargeback" allocations and allocations relating to any nonrecourse debt of the Company, prior to making the allocations set forth in Section 8.4. Any amount of Non-recourse Debt of the Company subject to allocation under Treasury Regulations Section 1.752-3(a)(3) shall be allocated to the Members in proportion to their Percentage Interests.

8.7 Offset of Regulatory Allocations. The allocations required by Section 8.6 are intended to comply with certain requirements of the Treasury Regulations. The Board may, subject to the approval of all the Members and to the extent not inconsistent with Section 704 of the Code, offset any or all such regulatory allocations either with other regulatory allocations or with special allocations of income, gain, loss or deductions pursuant to this section in whatever manner it determines appropriate so that, after such offsetting allocations are made, each Member's Capital Account balance is, to the extent possible, equal to the Capital Account balance such Member would have had if the regulatory allocations were not part of this Agreement.

8.8 Section 704(c) and Capital Account Revaluation Allocations. The Members agree that to the fullest extent possible with respect to the allocation of depreciation and gain for U.S. federal income tax purposes, Section 704(c) of the Code shall apply with respect to non-cash property contributed to the Company by any Member using such allocation method under Treas. Reg. section 1.704-3 as determined in the Board's discretion. For purposes hereof, any allocation of income, loss, gain or any item thereof to a Member pursuant to Section 704(c) of the Code shall affect only its tax basis in its Percentage Interest and shall not affect its Capital Account. In addition to the foregoing, if the Company's assets are reflected in the Capital Accounts of the Members at a book value that differs from the adjusted tax basis of the assets (e.g., because of a revaluation of the Members' Capital Accounts under Treasury Regulations §1.704-1(b)(2)(iv)(f)), allocations of depreciation, amortization, income, gain or loss with respect to such property shall be made among the Members in a manner consistent with the principles of Section 704(c) of the Code and this Section 8.8.

8.9 Allocation in Case of Transfer. In the event of a Transfer of any Units during a taxable year of the Company, allocations of income, gain, loss, deductions and other items of the Company between the transferor and the transferee will be based on the portions of such taxable year during which each owned the Units or as the Board may determine in its reasonable discretion.

Article IX

Powers, Duties and Restrictions of the Company and the Members;
Other Provisions Relating to the Members

9.1 **Powers of the Company.** In furtherance of the purposes set forth in Article II, and subject to the provisions of Article VI, the Company will possess the power to do anything not prohibited by the LLC Law, by other applicable law, or by this Agreement, including but not limited to the following powers: (a) to undertake any of the activities described in Article II; (b) to make, perform and enter into any contract, commitment, activity or agreement relating thereto; (c) to open, maintain and close bank and money market accounts, to endorse, for deposit to any such account otherwise, checks payable or belonging to the Company from any other Person, and to draw checks or other orders for the payment of money on any such account; (d) to hold, distribute, and exercise all rights (including voting rights), powers and privileges and other incidents of ownership with respect to assets of the Company; (e) to borrow funds, issue evidences of indebtedness and refinance any such indebtedness in furtherance of any or all of the purposes of the Company; (f) to employ or retain such agents, employees, managers, accountants, attorneys, consultants and other Persons necessary or appropriate to carry out the business and affairs of the Company, and to pay such fees, expenses, salaries, wages and other compensation to such Persons; (g) to bring, defend and compromise actions, in its own name, at law or in equity; and (h) to take all actions and do all things necessary or advisable or incident to carry out the purposes of the Company, so far as such powers and privileges are necessary or convenient to the conduct, promotion or attainment of the Company's business, purposes or activities.

9.2 **Maintenance of Separate Business.**

(a) The Company shall at all times (i) maintain the Company's books, financial statements, accounting records and other limited liability company documents and records separate from those of any of its Affiliates or any other Person, (ii) not commingle the Company's assets with those of any of its Affiliates or any other Person, (iii) maintain the Company's account, bank accounts, and payroll separate from those of any of its Affiliates, (iv) act solely in its name and through its own authorized agents, and in all respects hold itself out as a legal entity separate and distinct from any other Person, (v) make investments directly or by brokers engaged and paid by the Company and its agents, (vi) manage the Company's liabilities separately from those of any of its Affiliates and pay its own liabilities, including all administrative expenses and compensation to employees, consultants or agents, and all operating expenses, from its own separate assets; provided, however, the foregoing shall not require any Member to make any Additional Capital Contribution; (vii) pay from the Company's assets all obligations and indebtedness of any kind incurred by the Company; provided, however, the foregoing shall not require any Member to make any Additional Capital Contribution, and (viii) not assume the liabilities of any of its Affiliates or guarantee the liabilities of any of its Affiliates, unless such assumption or guarantee is approved in accordance with this Agreement. The Company shall abide by all LLC Law formalities, including the maintenance of current records of the Company's affairs, and the Company shall cause its financial statements to be prepared in accordance with generally accepted accounting principles in a manner that indicates the separate existence of the Company. Subject to Article VI, the Board shall make decisions with respect to the business and daily operations of the Company independent of and not dictated by any of its Affiliates. Failure of the Company, any of the Members or the Board on behalf of the Company

to comply with any of the foregoing covenants or any other covenants contained in this Agreement shall not affect the status of the Company as a separate legal entity or the limited liability of the Members or the Managers.

9.3 Purchased Services. All products and services to be obtained by the Company or any of its subsidiaries and all transactions conducted by the Company and its subsidiaries shall be evaluated by the Board with a view to best practices, and all such products and services and all such transactions shall, if obtained from or conducted with any Member or any Affiliate of a Member, be obtained or conducted only on an arm's length basis with terms that are not less favorable to the Company or any of its subsidiaries than those that the Company or any of its subsidiaries might otherwise be able to obtain from an unrelated Person.

9.4 Compensation of the Members and Managers. Except as otherwise specifically provided in this Agreement, the Members shall not be entitled to any compensation for their services hereunder in their capacities as Members or Managers. The Managers may be paid by the Company their reasonable expenses, if any, of attendance at each meeting of the Board.

9.5 Resignation of Member. Except as otherwise specifically permitted in this Agreement, a Member may not resign from the Company unless unanimously agreed to by all other Members. The Board shall reflect any such resignation by preparing an amendment to this Agreement, dated as of the date of such resignation, and the resigning Member (or such Member's successors-in-interest) shall have none of the powers of a Member hereunder and shall only have such rights of an assignee of a limited liability company interest under the LLC Law as are consistent with the other terms and provisions of this Agreement and with no other rights under this Agreement. The remaining Members may, in their sole discretion, cause the Company to distribute to the resigning Member the balance in such Member's Capital Account on the date of resignation. Upon the distribution to the resigning Member of the balance in his or her Capital Account, the resigning Member shall have no further rights with respect to the Company. Any Member resigning in contravention of this Section 9.5 shall indemnify, defend and hold harmless the Company, the Managers and all other Members from and against any losses, expenses, judgments, fines, settlements or damages suffered or incurred by the Company or any such other Member arising out of or resulting from such resignation.

9.6 Withdrawal of Member. Upon the death, Disability, dissolution (whether voluntary or involuntary), resignation in contravention of Section 9.5, or Bankruptcy (any such event, a "Withdrawal") of a Member (the "Withdrawing Member"), the Company shall have the right to treat such Member or such Member's successor(s)-in-interest as having none of the powers of a Member hereunder, but only such rights of an assignee of a limited liability company interest under the LLC Law as are consistent with the other terms and provisions of this Agreement and with no other rights under this Agreement. The remaining Members may, in their sole discretion, cause the Company to distribute to the Withdrawing Member or the Withdrawing Member's successor(s)-in-interest, if any, as the case may be, the balance in such Withdrawing Member's Capital Account on the date of Withdrawal; provided that such distribution shall not have any effect on the Withdrawing Member's Percentage Interest. For purposes of this Section 9.6, if a Withdrawing Member's Units is held by more than one Person (for purposes of this Section 9.6, the "Assignees"), the Assignees shall appoint one Person with full authority to accept notices and distributions with respect to such Units on behalf of the

Assignees and to bind them with respect to all matters in connection with the Company or this Agreement. The Assignee(s) shall have none of the powers of a Member unless and until such Assignee(s) shall have agreed to be bound by all of the terms and conditions of this Agreement by executing and delivering to the Board a counterpart hereto and been admitted as a Member pursuant to Section 6.7(b)(3).

9.7 Representations and Warranties. Each Member represents and warrants to the Company and the other Members that such Member is not a foreign partner under Section 1446(e) of the Code.

9.8 Other Activities of the Members.

(a) Notwithstanding any duty otherwise existing at law or in equity, each of the Members and any Person employed by, related to or in any way affiliated with any Member (the "Permitted Persons") may have other business interests and may engage in any business or trade, profession, employment or activity whatsoever (regardless of whether any such activity competes, directly or indirectly, with the business or activities of the Company or any of its subsidiaries), for its own account, or in partnership or participation with, or as an employee, officer, director, stockholder, member, manager, trustee, general or limited partner, agent or representative of, any other Person, and no Permitted Person shall be required to devote its entire time (business or otherwise), or any particular portion of its time (business or otherwise) to the business of the Company or any of its subsidiaries. Notwithstanding any duty otherwise existing at law or in equity, without limiting the generality of the foregoing, each Permitted Person (i) may engage in the same or similar activities or lines of business as the Company or any of its subsidiaries or develop or market any products or services that compete, directly or indirectly, with those of the Company or any of its subsidiaries, including owning, operating or investing in electronic trading systems in alternative asset classes or geographies, (ii) may invest or own any interest in, or develop a business relationship with, any Person engaged in the same or similar activities or lines of business as, or otherwise in competition with, the Company or any of its subsidiaries and (iii) may do business with any client or customer of the Company or any of its subsidiaries. Neither the Company nor any Member nor Manager, nor any Affiliate of any thereof, by virtue of this Agreement, shall have any rights in and to any such independent venture or the income or profits derived therefrom, regardless of whether or not such venture was initially presented to a Permitted Person as a direct or indirect result of its relationship with the Company or any of its subsidiaries. Notwithstanding any duty otherwise existing at law or in equity, no Permitted Person shall have any obligation hereunder to present any business opportunity to the Company or any of its subsidiaries, even if the opportunity is one that the Company or any of its subsidiaries might reasonably have pursued or had the ability or desire to pursue, in each case, if granted the opportunity to do so, and, to the fullest extent permitted by law, no Permitted Person shall be liable to the Company, any of its subsidiaries or any Member (or any Affiliate thereof) for breach of any fiduciary or other duty relating to the Company (whether imposed by applicable law or otherwise), by reason of the fact that the Permitted Person pursues or acquires such business opportunity, directs such business opportunity to another person or fails to present such business opportunity, or information regarding such business opportunity, to the Company or any of its subsidiaries.

9.9 Use of Name and Trade Marks.

(a) Each Member (the “Using Member”) shall not, without the prior written consent of the other Member in question for each instance, (i) use in advertising, publicity or otherwise the name of such other Member or its Affiliates or employees, or any trade name, trademark, trade device, logo service mark, symbol or abbreviation, contraction or simulation thereof owned or used by such other Member or its Affiliates, or (ii) represent, directly or indirectly, that any product or any service provided by the Using Member has been approved, endorsed, recommended or provided by, or in association with, such other Member or its Affiliates.

(b) Each Member shall not, without the prior written consent of the Company, (i) use in advertising, publicity or otherwise the name of the Company or any of its subsidiaries or any of their respective Affiliates (other than, if applicable, such Member) or employees, or any trade name, trademark, trade device, logo service mark, symbol or abbreviation, contraction or simulation thereof owned or used by the Company or any of its subsidiaries or any of their respective Affiliates (other than, if applicable, such Member), or (ii) represent, directly or indirectly, that any product or any service provided by such Member has been approved, endorsed, recommended or provided by, or in association with, the Company or any of its subsidiaries or any of their respective Affiliates (other than, if applicable, such Member).

(c) The Company shall not, and shall cause each of its subsidiaries not to, in each case without the prior written consent of the Member in question for each instance, (i) use in advertising, publicity or otherwise the name of any Member or its Affiliates (other than the Company or any of its subsidiaries) or employees, or any trade name, trademark, trade device, logo service mark, symbol or abbreviation, contraction or simulation thereof owned or used by a Member or its Affiliates (other than the Company or any of its subsidiaries), or (ii) represent, directly or indirectly, that any product or any service provided by the Company or any of its subsidiaries has been approved, endorsed, recommended or provided by, or in association with, any Member or its Affiliates (other than the Company or any of its subsidiaries).

(d) Notwithstanding anything to the contrary herein, Hanweck shall be entitled to use the name “Hanweck” as long as any such use is in compliance with his employment agreement with the Company entered into pursuant to the Purchase Agreement and not in any way that could be reasonably expected to be detrimental to the business of the Company.

Article X

Books, Records and Accounting

10.1 Books of Account. The Board shall cause to be entered in appropriate books, kept at the Company’s principal place of business, which must be in the United States, all transactions of or relating to the Company. The books and records of the Company shall be made and maintained, and the financial position and the results of operations recorded, at the expense of the Company, in accordance with such method of accounting as is determined by the Board. Each Member, for any purpose reasonably related to such Member’s interest as a Member in the Company, shall have access to and the right, at such Member’s sole cost and expense, to inspect and copy such books and records during normal business hours; provided, that the inspecting Member shall be responsible for any out-of-pocket costs or expenses incurred by the Company in

making such books and records available for inspection.

10.2 Deposits of Funds. All funds of the Company shall be deposited in its name in such checking, money market, or other account or accounts as the Board may from time to time designate; withdrawals shall be made therefrom on such signature or signatures as the Board shall determine.

10.3 Company Budget. At least sixty (60) calendar days before any Fiscal Year, the Board shall prepare and approve an annual budget setting forth all anticipated expenses of the Company during the course of that upcoming Fiscal Year (the "Annual Budget"). If the Board does not prepare and approve an annual budget, the Annual Budget from the prior Fiscal Year shall remain in effect until such new annual budget is so prepared and approved.

10.4 Financial Statements; Reports to Members. In connection with the financial statements to be delivered pursuant to this Section 10.4, the Company shall engage nationally recognized, independent certified public accountants and have annual audits made by such independent public accountants. The Company shall deliver to each of the Members the following:

(a) within thirty (30) calendar days after the close of each fiscal quarter (other than the fourth quarter), an unaudited consolidated balance sheet of the Company as of the end of such quarter, together with the related statements of operations and cash flow for such quarter and for the current fiscal year to the end of such fiscal quarter;

(b) within one hundred and eighty (180) calendar days after the end of the Fiscal Year ended December 31, 2009 and within one hundred and twenty (120) calendar days after the end of each Fiscal Year starting with the year ended December 31, 2010, an audited consolidated balance sheet of the Company as of the end of such Fiscal Year, together with related statements of operations and cash flow for such Fiscal Year;

(c) at the time the Board approves the Annual Budget in accordance with Section 10.3, the Company's Annual Budget for the next Fiscal Year and any material modifications thereto; and

(d) with reasonable promptness, such other information and data as a Member may from time to time reasonably request.

10.5 Tax Matters.

(a) The Board shall prepare all tax returns of the Company.

(b) The Board shall furnish a copy of all filed tax returns of the Company to each of the Members. In addition, upon reasonable written notice provided to the Company by a Member (and as otherwise required by law), the Company shall furnish such Members, on a timely basis, with all information relating to the Company required to be reported in any U.S. federal, state and local tax returns of such Members, including a report indicating such Member's allocable share for U.S. federal income tax purposes of the Company's income, gain, credits, losses and deductions. Within ninety (90) calendar days after the end of the Company's Fiscal

Year, the Board shall send to each Member a copy of Schedule K-1 to Internal Revenue Service Form 1065 (or any successor form); provided that the Board may, in its reasonable discretion extend such period as permitted under applicable law.

(c) The Members shall report their tax items with respect to, and arising from, their Units in a manner that is consistent with the Company's tax returns.

(d) The Board shall provide prompt notice to the Members in the event the IRS or any applicable foreign, state or local taxing authority notifies the Company of its intention to examine any tax returns or records or books of the Company and of any notice from the IRS or any other taxing authority in any administrative or judicial proceeding at the Company level relating to the determination of any item of income, gain, loss, deduction or credit of the Company, in each case together with a copy of such IRS or foreign, state or local taxing authority notice and any written materials submitted by the Board in response to such notice. In the event of any tax audit or any contest, dispute or litigation with respect to the treatment of, or liability of the Company for, any U.S. federal, state or local or foreign income tax for any taxable period (or portion of a taxable period) of the Company beginning after the date that the Company ceases to be a partnership for U.S. federal income tax purposes, the Board shall control, defend and otherwise represent the Company in such audit, contest, dispute or litigation. The Board shall advise any Member of any written proposed adjustment by the IRS that would increase (directly or through such Member's interest in any intermediate entities) such Member's U.S. federal income tax liability (or decrease (directly or through such Member's interest in any intermediate entities) such Member's U.S. federal tax benefits).

(e) Subject to this Agreement, the Board shall have authority to make any tax election with respect to the Company or any subsidiary thereof that it deems advisable; provided, however, that the Company shall not make an election to be classified as a corporation pursuant to Treas. Reg. section 301.7701-3 or otherwise or any similar tax election without the unanimous approval of the Members.

(f) Notwithstanding any other provisions of this Agreement, the provisions of this Section 10.5 shall survive the dissolution of the Company or the termination of any Member's interest in the Company and shall remain binding on all Members for a period of time necessary to resolve with the IRS or any applicable state or local taxing authority all matters (including litigation) regarding the U.S. federal, state and local income taxation, as the case may be, of the Company or any Member with respect to the Company.

Article XI

Term and Dissolution

11.1 Term. The legal existence of the Company shall be perpetual, unless the Company is sooner dissolved as a result of an event specified in the LLC Law or pursuant to a provision of this Agreement.

11.2 Dissolution.

(a) The Company shall be dissolved and its affairs wound up upon the first to occur of the following:

- (1) The election to dissolve the Company made by the Members pursuant to Section 6.7(b);
- (2) The entry of a decree of judicial dissolution of the Company under Section 702 of the LLC Law;
- (3) The expulsion or Withdrawal of the last remaining Member, or the occurrence of any other event which terminates the continued membership of the last remaining Member in the Company, unless the business of the Company is continued without dissolution in accordance with the LLC Law; and
- (4) The occurrence of any other event that causes the dissolution of a limited liability company under the LLC Law, unless the Company is continued without dissolution in accordance with the LLC Law.

(b) Upon dissolution of the Company, the business of the Company shall continue for the sole purpose of winding up its affairs. The winding up process shall be carried out by the Members unless the dissolution is caused by an event of withdrawal by the sole remaining Member, in which case the Board shall appoint a liquidating trustee. A liquidating trustee may be appointed for the Company by vote of a majority of the Managers (such liquidating trustee is referred to herein as the “Liquidator”). In winding up the Company’s affairs, every effort shall then be made to dispose of the assets of the Company in an orderly manner, having regard to the liquidity, divisibility and marketability of the Company’s assets. Subject to Section 11.3, if the Liquidator determines that it would be imprudent to dispose of any non-cash assets of the Company, then such assets may be distributed in kind to the Members, in lieu of cash, proportionately to their right to receive cash distributions hereunder; provided, that the Liquidator shall in its sole discretion determine the relative shares of the Members of each kind of those assets that are to be distributed in kind. The Liquidator shall not be entitled to be paid by the Company any fee for services rendered in connection with the liquidation of the Company, but the Liquidator shall be reimbursed by the Company for all third-party costs and expenses incurred by it in connection therewith and shall, to the fullest extent permitted by law, be indemnified by the Company with respect to any action brought against it in connection therewith by applying, mutatis mutandis, the provisions of Section 12.1.

11.3 Application and Distribution of Assets. Except as otherwise provided in the LLC Law, upon windup of the Company, the Company shall distribute its assets as follows: first, to creditors of the Company, including Members and Managers who are creditors, to the extent permitted by law, in satisfaction of liabilities of the Company (whether by payment or the making of reasonable provision for the payment thereof), and including any contingent, conditional and unmaturing liabilities of the Company, taking into account the relative priorities thereof; second, to the Members and former Members in satisfaction of liabilities under the LLC Law for distributions to such Members and former Members; and third, to the Members, in proportion to, and to the extent of, their respective Percentage Interests. Notwithstanding anything to the contrary in this Agreement, upon a liquidation within the meaning of Treas. Regs. § 1.704-1(b)(2)(ii)(g), if any Member has a deficit Capital Account (after giving effect to all contributions, distributions, allocations, and other Capital Account adjustments for all taxable

years, including the year during which such liquidation occurs), the Member shall have no obligation to make any Capital Contribution, and the negative balance of the Member's Capital Account shall not be considered a debt owed by the Member to the Company for any purpose whatsoever.

11.4 Capital Account Adjustments. For purposes of determining a Member's Capital Account, if, on liquidation and dissolution, some or all of the assets of the Company are distributed in kind, the Company's profits (or losses) shall be increased by the profits (or losses) that would have been realized had such assets been sold for their Fair Market Value on the date of dissolution of the Company, as determined by the Liquidator. Such increase (i) shall be allocated to Members in accordance with Article VIII hereof and (ii) shall increase (or decrease) the Members' Capital Account balances accordingly, it being the general intent that the adjustments contemplated by this subsection shall have the effect, as nearly as possible, of causing the Members' Capital Account balances to be in proportion to their Percentage Interests.

11.5 Termination of the LLC. The separate legal existence of the Company shall terminate when all assets of the Company, after payment of or due provision for all debts, liabilities, and obligations of the Company, shall have been distributed to the Members in the manner provided for in this Article XI, and Articles of Dissolution shall have been filed in the manner required by Section 705 of the LLC Law.

Article XII **General Provisions**

12.1 Exculpation and Indemnification.

(a) Unless otherwise set forth herein or otherwise expressly provided in the LLC Law, to the fullest extent permitted by applicable law, no Member, officer, Manager, employee or agent of the Company and no officer, director, employee, representative, agent or Affiliate of any Member (collectively, the "Covered Persons") shall be liable to the Company or any other Person who is bound by this Agreement for any loss, damage or claim incurred by reason of any act or omission performed or omitted by such Covered Person in good faith on behalf of the Company and in a manner reasonably believed to be within the scope of the authority conferred on such Covered Person by this Agreement, except that a Covered Person shall be liable for any such loss, damage or claim incurred by reason of such Covered Person's gross negligence or willful misconduct.

(b) To the fullest extent permitted by applicable law, a Covered Person shall be entitled to indemnification from the Company for any loss, damage or claim incurred by such Covered Person by reason of any act or omission performed or omitted by a Covered Person in good faith on behalf of the Company and in a manner reasonably believed to be within the scope of the authority conferred on such Covered Person by this Agreement, except that no Covered Person shall be entitled to be indemnified in respect of any loss, damage or claim incurred by such Covered Person by reason of such Covered Person's gross negligence or willful misconduct with respect to such acts or omissions; provided, however, that any indemnity under this Section 12.1(b), other than as specifically set forth herein, shall be provided out of and to the extent of the Company's assets only, and no Member, unless specifically set forth in this

Agreement, shall have personal liability on account thereof. The Covered Person shall provide the Company with prompt, written notice of any such claim, sole control of the defense and settlement of such claim, and all reasonable assistance to defend such claim at the Company's cost. The Covered Person may appear in such action with counsel of its choice, at its own expense. The Company shall have no obligations under this Section 12.1 up to and to the extent any such claims, damages and liabilities result from the Covered Person's gross negligence or willful misconduct.

(c) To the fullest extent permitted by applicable law, expenses (including legal fees) incurred by a Covered Person defending any claim, demand, action, suit or proceeding shall, from time to time, be advanced by the Company prior to the final disposition of such claim, demand, action, suit or proceeding upon receipt by the Company of an undertaking by or on behalf of the Covered Person to repay such amount if it shall be determined that the Covered Person is not entitled to be indemnified as authorized in this Section 12.1.

(d) A Covered Person shall be fully protected in relying in good faith upon the records of the Company and upon such information, opinions, reports or statements presented to the Company by any Person as to matters the Covered Person reasonably believes are within such other Person's professional or expert competence and who has been selected with reasonable care by or on behalf of the Company, including information, opinions, reports or statements as to the value and amount of the assets, liabilities or any other facts pertinent to the existence and amount of assets of the Company from which distributions to any Member might properly be paid.

(e) Except as otherwise set forth in this Agreement, to the extent that, at law or in equity, a Covered Person has duties (including fiduciary duties) and liabilities relating to the Company or to any other Covered Person, a Covered Person acting under this Agreement shall not be liable to the Company or to any other Covered Person bound by this Agreement for its good faith reliance on the provisions of this Agreement or any approval or authorization granted by the Company or any other Covered Person. The provisions of this Agreement, to the extent that they restrict or eliminate the duties and liabilities of a Covered Person to the Company or any other Person who is bound by this Agreement otherwise existing at law or in equity, are agreed by the parties hereto to replace such other duties and liabilities of such Covered Person.

(f) Before the end of the sixty (60)-day time period following the Effective Date, the Company shall have obtained directors' and officers' liability insurance for the Managers in accordance with the Purchase Agreement (a "D&O Insurance Policy"), with coverage under such D&O Insurance Policy to be effective beginning on the Effective Date. Each Manager shall be named as an insured in the D&O Insurance Policy in such a manner as to provide such Manager the same rights and benefits, subject to the same limitations, as are accorded to the Managers or officers of the Company most favored by such D&O Insurance Policy. The Company shall maintain a D&O Insurance Policy at all times that are no less favorable to the Managers than the D&O Insurance Policy entered into pursuant to the first sentence of this Section 12.1(f).

(g) The Company hereby acknowledges that a Covered Person may have

certain rights to indemnification, advancement of expenses and/or insurance provided by companies for which such Covered Person serves as a manager, officer or employee (collectively, the “Other Indemnitors”). The Company hereby agrees that it (i) is the indemnitor of first resort (i.e., its obligations to a Covered Person are primary and any obligation of the Other Indemnitors to advance expenses or to provide indemnification for the same expenses or liabilities incurred by or on behalf of such Covered Person are secondary), (ii) shall be required to advance the full amount of expenses incurred by or on behalf of such Covered Person and shall be liable for the full amount of all expenses, judgments, penalties, fines and amounts paid in settlement to the extent not prohibited by applicable law and as required by the terms of this Agreement, without regard to any rights such Covered Person may have against the Other Indemnitors, and (iii) irrevocably waives, relinquishes and releases the Other Indemnitors from any and all claims against the Other Indemnitors for reimbursement, subrogation or any other recovery of any kind in respect thereof. The Company further agrees that no advancement or payment by the Other Indemnitors on behalf of a Covered Person with respect to any claim for which a Covered Person has sought indemnification from the Company shall affect the foregoing and the Other Indemnitors shall have a right of reimbursement and/or be subrogated to the extent of such advancement or payment to all of the rights of recovery of a Covered Person against the Company. The Company and any Covered Person agree that the Other Indemnitors are express third party beneficiaries of the terms of this Section 12.1(g).

12.2 Entire Agreement; Integration; Amendments.

(a) This Agreement contains the sole and entire agreement of the parties hereto with respect to the subject matter hereof and supersedes all prior agreements and understandings relating to such subject matter, including the Non-Disclosure Agreement between the Company and ISE Holdings, dated April 24, 2009, the Summary of Proposed Principal Terms between the Company and ISE Holdings, dated October 1, 2009, and the Original Operating Agreement.

(b) Subject to the proviso hereafter, this Agreement may be changed or terminated only upon the unanimous approval of the Members; provided, however, that, notwithstanding anything in this Agreement to the contrary, (i) without the consent of any other Person, the Board may amend Exhibit A and Exhibit B from time to time so as to accurately reflect the information contained thereon upon (a) the Withdrawal of a Member pursuant to Section 9.6, (b) the admission of a new Member, (c) any change in the number of Units owned by a Member, or (d) the issuance of additional Units to ISE Holdings as contemplated by the Purchase Agreement; (ii) any change to this Agreement that materially, adversely and disproportionately affects the economic or governance rights of a Member shall require such Member’s prior written consent, which consent may be withheld or conditioned in such Member’s sole discretion; and (iii) any change to any voting, consent or approval threshold or requirement specified in this Agreement shall require the written consent of Members or Managers, as the case may be, constituting at least such voting, consent or approval threshold or otherwise satisfying such requirement.

(c) Notwithstanding anything contained herein to the contrary, in the event the Company enters into an agreement with any Person for an investment in the Company prior to the Year Two Closing, on terms and conditions more favorable to such Person than the terms

and conditions applicable to ISE Holdings in the Purchase Agreement and this Agreement, the Company shall promptly provide a written notice to ISE Holdings thereof, along with a copy of such agreement, and ISE Holdings shall have the right to require an amendment to the Purchase Agreement and this Agreement to include all of the material terms and conditions granted to such Person.

(d) Each of the Members further acknowledges and agrees that, in entering into this Agreement, such Member has not in any way relied upon any oral or written agreements, statements, promises, information, arrangements, understandings, representations or warranties, express or implied, not specifically set forth in this Agreement or in the exhibits hereto.

12.3 Avoidance of Provisions. No party hereto shall avoid the provisions of this Agreement by making one or more Transfers to one or more Affiliates and then disposing of all or any portion of such party's interest in any such Affiliate.

12.4 Binding Agreement. The covenants and agreements herein contained shall inure to the benefit of and binding upon the parties hereto and their respective representatives, successors in interest and permitted assigns.

12.5 Notices. Unless otherwise provided in this Agreement, any and all notices contemplated by this Agreement shall be deemed adequately given if in writing and delivered in hand, or upon receipt when sent by telecopy or electronic transmission confirmed by one of the other methods for providing notice set forth herein, or one Business Day after being sent, postage prepaid, by nationally recognized overnight courier (e.g., Federal Express), or five Business Days after being sent by certified or registered mail, return receipt requested, postage prepaid, to the party or parties for whom such notices are intended. All such notices to Members shall be addressed to the last address of record on the books of the Company; all such notices to the Company shall be addressed to the Company at the address set forth in Section 2.3 or at such other address as the Company may have designated by notice given in accordance with the terms of this subsection.

12.6 Captions. Captions contained in this Agreement are inserted only as a matter of convenience and in no way define, limit, extend or describe the scope of this agreement or the intent of any provisions hereof.

12.7 Governing Law. This Agreement shall be governed by, and construed and enforced in accordance with, the laws of the State of New York, all rights and remedies being governed by such laws, without regard to its conflict of laws rules.

12.8 Arbitration. Disputes arising among the Members out of or related to this Agreement that cannot be resolved by the Members will be resolved through binding arbitration in New York City using American Arbitration Association ("AAA") Commercial Arbitration Rules; provided, that the parties acknowledge that pre-arbitration discovery shall be permitted. The Members will attempt to agree on a single arbitrator, but if they cannot so agree, the Members who are party to such dispute may each appoint an arbitrator, and those arbitrators shall choose one additional arbitrator (collectively, the "Arbitrator Panel"). In all cases, the

arbitrators must be chosen from the AAA list of arbitrators. The decision of the Arbitrator Panel shall be final and binding on the parties and the parties waive irrevocably any rights to any form of appeal, review or recourse to any state or other judicial authority, in so far as such waiver may validly be made. To the fullest extent permitted by law, the parties acknowledge that the Arbitrator Panel may grant equitable remedies, including injunctions and specific performance. Judgment upon any arbitral award may be entered in any court of competent jurisdiction and any party may apply to such court for the recognition and enforcement of such award as the law of such jurisdiction may allow. Notwithstanding any provision of the Agreement to the contrary, this Section 12.8 shall be construed to the extent possible to comply with the laws of the State of New York, including the New York Arbitration Act (CPLR § 7501 et seq.) (the “New York Arbitration Act”). If, nevertheless, it shall be determined by a court of competent jurisdiction that any provision or wording of this Section 12.8, including any rules of the AAA, shall be invalid or unenforceable under the New York Arbitration Act, or other applicable law, such invalidity shall not invalidate all of this Section 12.8. In that case, this Section 12.8 shall be construed so as to limit any term or provision so as to make it valid or enforceable within the requirements of the New York Arbitration Act or other applicable law, and, in the event such term or provision cannot be so limited, this Section 12.8 shall be construed to omit such invalid or unenforceable provision.

12.9 Construction. The language used in this Agreement shall be deemed to be the language chosen by the parties to express their mutual intent, and, to the fullest extent permitted by law, the parties intend that no rule of strict construction will be applied against any party.

12.10 Severability. The invalidity or unenforceability of any particular provision of this Agreement shall not affect the other provisions hereof, and this Agreement shall be construed in all respects as if such invalid or unenforceable provision was omitted. In the case of any such invalidity or unenforceability, the parties hereto agree to use all reasonable best efforts to achieve the purpose of such provision by a new legally valid and enforceable stipulation.

12.11 Counterparts. This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

12.12 Survival. The provisions of Section 6.14, Section 6.17(c), Section 6.17(d), Section 9.9, Section 10.1, and this Article XII shall survive the termination of this Agreement for any reason. Subject to the LLC Law, all other rights and obligations of the Members shall cease upon the termination of this Agreement. The provisions of Section 6.17(c) and Section 6.17(d) shall survive the termination of this Agreement if this Agreement is terminated in connection with the Company having been converted or otherwise reorganized pursuant to Section 6.17(a) in anticipation of an Initial Public Offering.

12.13 Publicity. No Member nor the Company shall issue any public announcements or make any published statements regarding this Agreement, or the subject matter thereof, without the prior written consent of the Board; provided, however, that if such public announcement or statement identifies any Member by name, such Member’s prior written consent shall be required. If the Company or any of its Affiliates, or any Member or any of its Affiliates, is required by applicable law to file this Agreement or a description thereof with the SEC, such

Person shall (i) in accordance with the rules and regulations of the SEC, file with the Secretary of the SEC an application requesting confidential treatment pursuant to Rule 24b -2 of the Exchange Act at or about the time of such filing, (ii) notify the other parties hereto as soon as practicable in advance of any such filing, and (iii) give the other parties hereto a reasonable opportunity to review and comment on such filing in advance. If the Company, any Affiliate of the Company, any Member or any Affiliate of a Member is required by applicable law to file this Agreement or any description thereof with any other governmental entity or SRO, such entity shall (i) take all commercially reasonable efforts to obtain confidential treatment for this Agreement, (ii) notify the other parties hereto as soon as practicable in advance of any such filing, and (iii) give the other parties hereto a reasonable opportunity to review and comment on such filing in advance; provided, however, that no such filing shall be deemed to violate this Section 12.13.

12.14 Further Assurance. Each party to this Agreement agrees to execute, acknowledge, deliver, file and record such further certificates, amendments, instruments and documents, and to do all such other acts and things, as may be required by law or as, in the reasonable judgment of the Board, may be necessary or reasonably advisable to carry out the intent and purpose of this Agreement.

2. Registration Rights

2.01 Demand Registration.

(a) Requests for Registration. At any time beginning six (6) months after the Initial Public Offering Date, any Initial Member may, subject to the provisions of this Exhibit C, request in writing that the Corporation effect the registration under the Securities Act of any or all of the Registrable Securities held by such Initial Member (an "Initial Requesting Holder"), which notice shall specify (a) the amount of Registrable Securities proposed to be registered; and (b) the intended method or methods and plan of disposition thereof, including whether such requested registration is to involve an underwritten offering. The Corporation shall give prompt written notice of such registration request to all other Holders. Except as otherwise provided in this Exhibit C and subject to Section 2.01(i) in the case of an underwritten offering, the Corporation shall prepare and use its reasonable best efforts to file, subject to applicable rules, regulations and interpretations of the SEC (within sixty (60) days after such request has been given) with the SEC a Registration Statement with respect to (i) all Registrable Securities included in the Initial Requesting Holder's request and (ii) all Registrable Securities included in any request for inclusion delivered by any other Holder (a "Participating Holder", and together with the Initial Requesting Holder, the "Requesting Holders") within fifteen (15) days after delivery of the Corporation's notice of the Initial Requesting Holder's registration request to such other Holder, in each case subject to Section 2.01(i) if such offering is an underwritten offering. Thereafter, the Corporation shall use its reasonable best efforts, in accordance with Section 2.05, to effect the registration under the Securities Act and applicable state securities laws of such Registrable Securities for disposition in accordance with the intended method or methods of disposition stated in such request. Subject to Section 2.01(i), the Corporation may include in such registration other securities of the Corporation for sale, for the Corporation's account or for the account of any other Person.

(b) S-1 Registration. Each Initial Member shall have the right pursuant to Section 2.01(a) and subject to Section 2.01(e), to make one (1) request for registration on Form S-1 (or any successor form) for a public offering of all or a portion of the Registrable Securities held by it so long as such Initial Member (together with its Affiliates and Permitted Assignees) holds at least ten (10%) percent of the Registrable Shares then outstanding; provided, that the reasonably anticipated gross aggregate price to the public of such Registrable Securities would exceed fifty million dollars (\$50,000,000) (based on the market price or fair market value (as determined reasonably and in good faith by the Board of Directors of the Corporation) on the date of such request).

(c) S-3 Registration; Shelf Registration. Each Initial Member shall have the right pursuant to Section 2.01(a) and subject to Section 2.01(e), beginning six months after the Corporation becomes eligible to file a Registration Statement on Form S-3 (or any successor form), subject to applicable rules, regulations and interpretations of the SEC to request an unlimited number of times that the Corporation register all or a portion of its Registrable Securities on Form S-3 (or any successor form), including for an offering to be made on a continuous or delayed basis pursuant to Rule 415 under the Securities Act (or any similar rule that may be adopted by the SEC covering such Registrable Securities); provided, that the reasonably anticipated gross aggregate price to the public of the Registrable Securities requested to be included in any such registration would exceed five million dollars (\$5,000,000) (based on the market price or fair market value (as determined reasonably and in good faith by the Board of Directors of the Corporation) on the date of such request).

(d) Delay for Disadvantageous Condition. If, in connection with any request for registration pursuant to this Section 2.01, the Corporation provides a certificate, signed by the president or chief executive officer of the Corporation, to the Requesting Holders stating that, in the good faith judgment of the Board of Directors of the Corporation and its counsel, it would be materially detrimental to the Corporation or its stockholders for such Registration Statement either to become effective or to remain effective for as long as such Registration Statement otherwise would be required to remain effective, then the Corporation shall have the right to defer taking action with respect to such filing and any time periods with respect to filing or effectiveness thereof shall be tolled correspondingly, for a period of not more than sixty (60) days after the request of the Requesting Holder is given; provided, however, that the Corporation may not invoke this right more than once in any twelve (12) month period.

(e) Limitation on Successive Registrations. The Corporation shall not be required to effect a registration pursuant to Section 2.01(a) or Section 2.01(b) for ninety (90) days immediately following the effective date of a Registration Statement filed pursuant to the prior exercise of any Holder's registration rights provided for in Section 2.01(a) or Section 2.01(b), provided that the Corporation is employing reasonable best efforts to cause such Registration Statement to become effective.

(f) Demand Withdrawal. Any Requesting Holder may, at any time prior to the effective date of the Registration Statement relating to any requested registration, withdraw its Registrable Securities from a requested registration. If all Registrable Securities are so withdrawn, the Corporation shall cease all efforts to effect such registration upon such request, without liability to any Requesting Holder. Such registration will be deemed an effected registration for purposes of Section 2.01(b) and Section 2.01(c) unless (i) the Requesting Holders shall have paid or reimbursed the Corporation for the Registration Expenses of the Corporation in connection with such withdrawn requested registration; or (ii) the withdrawal is made following the occurrence of a material adverse change in the business or financial condition of the Corporation that is made known to the Holders after the date on which such registration was requested or if the registration is interfered with by any stop order, injunction or other order or requirement of the SEC or other governmental agency or court for any reason other than a misrepresentation or omission by any Requesting Holder.

(g) Effective Registration. Notwithstanding any other provision of this Exhibit C to the contrary, a Registration Statement pursuant to this Section 2.01 shall not be deemed to have been requested or effected (including for purposes of Section 2.01(b) and Section 2.01(c)) unless it has become effective and shall have remained effective for one hundred and eighty (180) days (excluding any periods of time during which such Registration Statement is tolled or suspended pursuant to Section 2.01(d) or Section 2.05(c)) or such shorter period as may be required to sell all Registrable Securities included in the relevant Registration Statement. In no event shall a registration be deemed to have been effected (i) if after it has become effective such registration is interfered with by any stop order, injunction or other order or requirement of the SEC or other governmental agency or court for any reason other than a misrepresentation or an omission by any Requesting Holder and, as a result thereof, the Registrable Securities requested to be registered cannot be completely distributed in accordance with the plan of distribution set forth in the related Registration Statement or (ii) if the conditions to closing specified in the purchase agreement or underwriting agreement entered into in

connection with such registration are not satisfied or waived other than solely by reason of some act or omission by any Requesting Holder.

(h) Selection of Underwriters. The Requesting Holders of a majority of the Registrable Securities to be included in any registration requested under this Section 2.01 may request that the registration be effected as an underwritten offering. The Corporation shall select the managing underwriter or underwriters for the offering, subject to the consent of the Requesting Holders, which consent shall not be unreasonably withheld, conditioned or delayed.

(i) Priority. If a registration under this Section 2.01 involves an underwritten offering and the managing underwriter(s) in its good faith judgment advises the Corporation that the number of Registrable Securities requested to be included in the Registration Statement by the Requesting Holders exceeds the number of securities that can be sold without adversely affecting the price, timing, distribution or sale of securities in the offering (the "Underwriter's Maximum Number"), the Corporation shall be required to include in such Registration Statement only such number of securities as is equal to the Underwriter's Maximum Number and the Corporation and the Requesting Holders shall participate in such offering in the following order of priority:

(i) First, the Corporation shall be obligated and required to include in the Registration Statement the number of Registrable Securities that the Requesting Holder has requested to be included in the Registration Statement and underwriting and that does not exceed the Underwriter's Maximum Number; provided that if there are multiple Requesting Holders, the Registrable Securities to be included in the Registration Statement shall be allocated among all the Requesting Holders in proportion, as nearly as practicable, to the respective number of Registrable Securities held by them on the date of the request for registration pursuant to Section 2.01. If any Requesting Holder would thus be entitled to include more Registrable Securities than such Requesting Holder requested to be registered, the excess shall be allocated among other requesting Requesting Holders pro rata in the manner described in the preceding sentence.

(ii) Second, the Corporation shall be entitled to include in such Registration Statement and underwriting that number of shares of Common Stock and/or other securities of the Corporation that it proposes to offer and sell for its own account or the account of any other Person to the full extent of the remaining portion of the Underwriter's Maximum Number.

2.02 Piggyback Registration.

(a) Notice of Registrations. In the event that the Corporation proposes to file a Registration Statement (other than a Registration Statement filed pursuant to Section 2.01) with respect to Common Stock of the Corporation or other securities ("Company Securities"), whether or not for sale for its own account, including in an Initial Public Offering, it shall give prompt written notice to each Holder of its intention to do so and of the rights of such Holder under this Section 2.02 at least thirty (30) days prior to filing a Registration Statement. Subject to the terms and conditions hereof, such notice shall offer each such Holder the opportunity to include in such Registration Statement such number of Registrable Securities as such Holder may request. Upon the written request of any such Holder made within fifteen (15) days after

the receipt of the Corporation's notice (which request shall specify the number of Registrable Securities intended to be disposed of and the intended method of disposition thereof), the Corporation shall use its reasonable best efforts to effect, in connection with the registration of the Company Securities, the registration under the Securities Act subject to applicable rules, regulations and interpretations of the SEC of all Registrable Securities which the Corporation has been so requested to register, to the extent required to permit the disposition (in accordance with such intended methods thereof) of the Registrable Securities so requested to be registered.

(b) Withdrawal of Registration. If, at any time after giving a written notice of its intention to register any Company Securities and prior to the effective date of the Registration Statement filed in connection with such registration, the Corporation shall determine for any reason not to register the Company Securities, the Corporation may, at its election, give written notice of such determination to such Holders and thereupon the Corporation shall be relieved of its obligation to register such Registrable Securities in connection with the registration of such Company Securities, without prejudice, however, to the rights of the Holders immediately to request that such registration be effected as a registration under Section 2.01 to the extent permitted thereunder.

(c) Priority. If a registration under this Section 2.02 involves an underwritten offering and the managing underwriter(s) in its good faith judgment advises the Corporation that the number of Registrable Securities requested to be included in the Registration Statement by the Requesting Holders exceeds the Underwriter's Maximum Number, the Corporation shall be required to include in such Registration Statement only such number of securities as is equal to the Underwriter's Maximum Number and the Corporation and the Holders shall participate in such offering in the following order of priority:

(i) First, the Corporation shall be entitled to include in such Registration Statement the Company Securities that the Corporation proposes to offer and sell for its own account in such registration and that does not exceed the Underwriter's Maximum Number.

(ii) Second, the Corporation shall be obligated and required to include in such Registration Statement that number of Registrable Securities that the Holders shall have requested to be included in such offering to the full extent of the remaining portion of the Underwriter's Maximum Number, provided, that if the Registrable Securities of the Holders exceeds such remaining portion of the Underwriter's Maximum Number, the Registrable Securities shall be allocated among all Holders requesting to be included in such offering in proportion, as nearly as practicable, to the respective number of Registrable Securities held by them on the date of the Corporation's notice pursuant to Section 2.02(a). If any Holder would thus be entitled to include more Registrable Securities than such Holder requested to be registered, the excess shall be allocated among other Holders pro rata in the manner described in the preceding sentence.

(iii) Third, the Corporation shall be entitled to include in such Registration Statement that number of Company Securities that the Corporation proposes to offer and sell for the account of any other Person to the full extent of the remaining portion of the Underwriter's Maximum Number.

(d) Not a Demand Registration. No registration of Registrable Securities effected under this Section 2.02 shall relieve the Corporation of its obligation to effect a registration of Registrable Securities pursuant to Section 2.01.

2.03 Certain Information. In connection with any request for registration pursuant to Section 2.01 or Section 2.02, the Selling Holders shall furnish to the Corporation such information regarding themselves, the Registrable Securities held by them, and the intended method of disposition of such securities as the Corporation shall reasonably request to the extent required to lawfully complete the filing of such Registration Statement.

2.04 Expenses. Except as provided in this Exhibit C, if the Corporation is required to effect the registration of any Registrable Securities under the Securities Act as provided in Section 2.01 or 2.02, the Corporation shall pay all Registration Expenses with respect to such registration or proposed registration; provided, however, that if a registration under Section 2.01 is withdrawn at the request of the Requesting Holders holding a majority of the Registrable Securities to be included in such registration (other than (i) as a result of information concerning the occurrence of a material adverse change in the business or financial condition of the Corporation that is made known to the Requesting Holders after the date on which such registration was requested or (ii) if the registration is interfered with by any stop order, injunction or other order or requirement of the SEC or other governmental agency or court for any reason other than a misrepresentation or omission by any Requesting Holder) and if such Requesting Holders elect not to have such registration counted as a registration under Section 2.01, the Selling Holders shall pay the Registration Expenses of such registration pro rata in accordance with the number of their Registrable Shares included in such registration. All fees and expenses of a Selling Holder's own counsel in connection with such registration shall be borne and paid by such Selling Holder unless the Selling Holders agree among themselves otherwise, and in any event such fees and expenses shall not be borne or paid by the Corporation.

2.05 Registration and Qualification.

(a) If the Corporation is required to effect the registration of any Registrable Securities under the Securities Act as provided in Section 2.01 or 2.02, the Corporation shall as promptly as practicable:

(i) prepare and (within sixty (60) days after the request of the Initial Requesting Holder has been given) file and use its reasonable best efforts to cause to become effective as promptly as practicable a Registration Statement relating to the Registrable Securities to be offered in accordance with the intended method of disposition thereof;

(ii) prepare and file with the SEC such amendments and supplements to such Registration Statement and the prospectus used in connection therewith as may be necessary to keep such Registration Statement effective and to comply with the provisions of the Securities Act with respect to the disposition of all such Registrable Securities until such time as all of such Registrable Securities have been disposed of in accordance with the intended methods of disposition set forth in such Registration Statement; provided, that the Corporation will, as far in

advance as practicable but at least five Business Days prior to filing a Registration Statement or prospectus (or any amendment or supplement thereto), furnish to each Selling Holder, for their review, copies of such Registration Statement or prospectus (or amendment or supplement) as proposed to be filed (including, upon the request of such Holder, documents to be incorporated by reference therein); and provided, further, that each Selling Holder may request reasonable changes to such Registration Statement or prospectus (or amendment or supplement) and the Corporation shall be required to comply therewith (A) if the Selling Holder is an Initial Member, and such Initial Member reasonably believes that the provisions in question would have an impact or effect on such Initial Member, or (B) solely to the extent necessary, if at all, to lawfully complete the filing or maintain the effectiveness thereof;

(iii) furnish to the Selling Holders and to any underwriter of such Registrable Securities such number of conformed copies of such Registration Statement and of each such amendment and supplement thereto (in each case including all exhibits), such number of copies of the prospectus included in such Registration Statement (including each preliminary prospectus and any summary prospectus), in conformity with the requirements of the Securities Act, such documents incorporated by reference in such Registration Statement or prospectus, and such other documents as the Selling Holders or such underwriter may reasonably request, and a copy of any and all transmittal letters or other correspondence to or received from the SEC or any other governmental agency or self-regulatory body or other body having jurisdiction (including any domestic or foreign securities exchange) relating to such offering;

(iv) after the filing of the Registration Statement, promptly notify each Selling Holder in writing of the effectiveness thereof and of any stop order issued or threatened by the SEC and take all commercially reasonable actions required to prevent the entry of such stop order or to promptly remove it if entered and promptly notify each Selling Holder of such lifting or withdrawal of such order;

(v) use reasonable best efforts to register or qualify all Registrable Securities covered by such Registration Statement under the securities or blue sky laws of such jurisdictions as the Selling Holders or any underwriter of such Registrable Securities shall request, and promptly notify the Selling Holders of the receipt of any notification with respect to the suspension of the qualification of Registrable Securities for sale or offer in any such jurisdiction;

(vi) use reasonable best efforts to obtain all appropriate registrations, permits and consents in connection therewith, and do any and all other acts and things (including, without limitation, reasonable best efforts to promptly remove any such suspension) which may be necessary or advisable to enable the Selling Holders or any such underwriter to consummate the disposition in such jurisdictions of the Registrable Securities covered by such Registration Statement; provided, that the Corporation shall not for any such purpose be required to qualify generally to do business as a foreign corporation in any such jurisdiction

wherein it is not so qualified, to consent to general service of process in any such jurisdiction or to amend its certificate of incorporation or bylaws;

(vii) use its reasonable best efforts to furnish to each Selling Holder and to any underwriter of such Registrable Securities (i) an opinion of counsel for the Corporation addressed to such underwriter and each Selling Holder and dated the date of the closing under the underwriting agreement (if any) (or if such offering is not underwritten, dated the effective date of the registration statement) and (ii) "cold comfort" letters dated as of the effective date of the registration statement and brought down to the date of closing under the underwriting agreement addressed to such underwriter and each Selling Holder and signed by the independent public accountants who have audited the financial statements of the Corporation included in such registration statement, in each such case covering substantially the same matters with respect to such registration statement (and the prospectus included therein) as are customarily covered in opinions of issuer's counsel and in accountants' letters delivered to underwriters in connection with the consummation of underwritten public offerings of securities and such other matters as the Selling Holders may reasonably request and, in the case of such accountants' letter, with respect to events subsequent to the date of such financial statements;

(viii) if requested by the managing underwriter(s), use its reasonable best efforts to list all such Registrable Securities covered by such registration on each securities exchange and automated inter-dealer quotation system on which shares of Common Stock are then listed;

(ix) furnish for delivery in connection with the closing of any offering of Registrable Securities pursuant to a registration effected pursuant to Section 2.01 or 2.02 unlegended certificates representing ownership of the Registrable Securities being sold in such denominations as shall be requested by the Selling Holders or the underwriters;

(x) not later than the effective date of the applicable Registration Statement, provide (A) a transfer agent and registrar (if the Corporation does not already have such an agent), (B) a CUSIP number for all Registrable Securities included in such Registration Statement and (C) the applicable transfer agent with printed certificates for the Registrable Securities which are in a form eligible for deposit with The Depository Trust Company or other applicable clearing agency;

(xi) in the case of an underwritten offering, cause the senior executive officers of the Corporation to participate in the customary "road show" presentations that may be reasonably requested by the managing underwriter or underwriters in any such underwritten offering and otherwise to facilitate, cooperate with, and participate in each proposed offering contemplated herein and customary selling efforts related thereto; and

(xii) otherwise use its reasonable best efforts to comply with all applicable securities laws, including the rules and regulations of the SEC.

(b) If the Corporation has delivered a prospectus to the Selling Holders and after having done so the prospectus is amended to comply with the requirements of the Securities Act, the Corporation shall promptly notify the Selling Holders and, if requested, the Selling Holders shall immediately cease making offers of Registrable Securities and return to the Corporation all prospectuses in their possession. The Corporation shall promptly provide the Selling Holders with revised prospectuses and, following receipt of the revised prospectuses, the Selling Holders shall be free to resume making offers of the Registrable Securities.

(c) In the event that, in the judgment of the Corporation, it is advisable to suspend use of a prospectus included in a Registration Statement due to pending material developments or other events that have not yet been publicly disclosed and as to which the Corporation believes public disclosure would be detrimental to the Corporation, the Corporation shall direct the Selling Holders to discontinue sales of Registrable Securities pursuant to such Registration, and each Selling Holder shall immediately so discontinue, until such Selling Holder has received copies of a supplemented or amended prospectus or until such Selling Holder is advised in writing by the Corporation that the then current prospectus may be used and has received copies of any additional or supplemental filings that are incorporated or deemed incorporated by reference in such prospectus. The Company shall provide the Selling Holders with any such supplemented or amended prospectuses or additional or supplemental filings, as the case may be. Notwithstanding anything to the contrary in this Exhibit C, the Corporation shall not exercise its rights under this Section 2.05(c) to suspend sales of Registrable Securities for a period in excess of sixty (60) days consecutively or ninety (90) days in any three hundred and sixty five (365)-day period.

2.06 Underwriting; Due Diligence.

(a) If requested by the underwriters for any underwritten offering of Registrable Securities pursuant to a registration requested under this Section 2, the Corporation shall enter into an underwriting agreement with such underwriters for such offering, which agreement will contain such representations and warranties and covenants by the Corporation and such other terms and provisions as are customarily contained in underwriting agreements with respect to secondary distributions, including indemnification and contribution provisions substantially to the effect and to the extent provided in Section 2.07, and agreements as to the provision of opinions of counsel and accountants' letters to the effect and to the extent provided in Section 2.05(a)(vii). The Selling Holders on whose behalf the Registrable Securities are to be distributed by such underwriters shall be parties to any such underwriting agreement, which shall also contain such representations and warranties by such Selling Holders and such other terms and provisions as are customarily contained in underwriting agreements with respect to secondary distributions on the part of selling shareholders, including indemnification and contribution provisions substantially to the effect and to the extent provided in Section 2.07. All of the representations and warranties by, and the other agreements on the part of, the Corporation to and for the benefit of the underwriters included in each such underwriting agreement shall also be made to and for the benefit of such Selling Holders and any or all of the conditions precedent to the obligations of such underwriters under such underwriting agreement shall be conditions

precedent to the obligations of such Selling Holders. No Selling Holder shall be required in any such underwriting agreement to make any representations or warranties to or agreements with the Corporation or the underwriters other than representations, warranties or agreements regarding such Selling Holder, such Selling Holder's Registrable Securities, such Selling Holder's intended method of distribution and any other representations required by law or reasonably required by the underwriters.

(b) In connection with the preparation and filing of each Registration Statement registering Registrable Securities under the Securities Act pursuant to this Section 2, but not during any suspension period pursuant to Section 2.01(d) and Section 2.05(c), the Corporation shall give the Selling Holders and the underwriters (provided that the Selling Holders and the underwriter enter into confidentiality agreements in a form that is reasonably satisfactory to the Corporation), if any, and their respective counsel and accountants such reasonable and customary access to its books, records and properties and such opportunities to discuss the business and affairs of the Corporation with its officers and the independent public accountants who have certified the financial statements of the Corporation as shall be necessary, in the opinion of such Holders and such underwriters or their respective counsel, to conduct a reasonable investigation within the meaning of the Securities Act; provided, that such Holders and the underwriters and their respective counsel and accountants shall use their reasonable best efforts to coordinate any such investigation of the books, records and properties of the Corporation.

2.07 Indemnification and Contribution.

(a) Corporation's Indemnification Obligations. To the fullest extent permitted by law, the Corporation agrees to indemnify and hold harmless each Selling Holder, all Affiliates of each Selling Holder, and each of their respective directors, officers, members, managers, partners, employees, stockholders, agents and advisors and each Person, if any, who controls each Selling Holder within the meaning of Section 15 of the Securities Act (collectively, the "Selling Holder Indemnified Persons"), from and against any and all losses, claims, damages and liabilities (including any legal or other costs, fees and expenses reasonably incurred in connection with defending or investigating any such action or claim) insofar as such losses, claims, damages or liabilities are caused by any untrue statement or alleged untrue statement of a material fact contained in any Registration Statement or any amendment thereof, any free writing prospectus, any preliminary prospectus or prospectus (as amended or supplemented) relating to the Registrable Securities, or caused by any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, except insofar as such losses, claims, damages or liabilities (i) relate to a transaction or sale made by a Selling Holder in violation of Section 2.05(c) or (ii) are caused by any such untrue statement or omission or alleged untrue statement or omission which is based upon and in conformity with information relating to a Selling Holder which is furnished to the Corporation in writing by such Selling Holder Indemnified Person expressly for use therein; provided, that clause (ii) shall not apply to the extent that the Selling Holder has furnished in writing to the Corporation prior to the filing of any such Registration Statement, amendment thereof, free writing prospectus, preliminary prospectus, prospectus or amendment of supplement information expressly for use in such Registration Statement, amendment thereof, free writing prospectus, preliminary prospectus, prospectus or amendment of supplement which corrected or made not

misleading information previously furnished to the Corporation, and the Corporation failed to include such information therein.

(b) To the fullest extent permitted by law, each Selling Holder agrees to indemnify and hold harmless the Corporation, all Affiliates of the Corporation, each of their respective directors, officers, members, managers, partners, employees, stockholders, agents and advisors and each Person, if any, who controls the Corporation within the meaning of Section 15 of the Securities Act (collectively, the “Corporation Indemnified Persons”), from and against any and all losses, claims, damages and liabilities (including any legal or other costs, fees and expenses reasonably incurred in connection with defending or investigating any such action or claim) insofar as such losses, claims, damages or liabilities are caused by any untrue statement or alleged untrue statement of a material fact contained in any Registration Statement or any amendment thereof, any free writing prospectus, preliminary prospectus or prospectus (as amended or supplemented if the Corporation shall have furnished any amendments or supplements thereto) relating to the Registrable Securities, or caused by any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, but only with reference to information relating to such Selling Holder furnished in writing by or on behalf of such Selling Holder expressly for use in a Registration Statement, any free writing prospectus, preliminary prospectus, prospectus or any amendments or supplements thereto; provided, that such Selling Holder shall not be liable in any such case to the extent that the Selling Holder has furnished in writing to the Corporation prior to the filing of any such Registration Statement, free writing prospectus, preliminary prospectus, prospectus or amendment of supplement information expressly for use in such Registration Statement, preliminary prospectus, prospectus or amendment of supplement which corrected or made not misleading information previously furnished to the Corporation, and the Corporation failed to include such information therein. Notwithstanding any other provision of this Section 2.07, each Selling Holder’s obligations to indemnify pursuant to this Section are several, and not joint and several, and no Selling Holder’s obligations to indemnify pursuant to this Section 2.07 in connection with any given registration shall exceed the amount of net proceeds received by such Selling Holder in connection with the offering of its Registrable Securities under such registration.

(c) Each party indemnified under paragraph (a) or (b) above shall, promptly after receipt of notice of a claim or action against such indemnified party in respect of which indemnity may be sought hereunder, notify the indemnifying party in writing of the claim or action and the indemnifying party shall assume the defense thereof, including the employment of counsel reasonably satisfactory to such indemnified party, and shall assume the payment of all fees and expenses; provided, that the failure of any indemnified party so to notify the indemnifying party shall not relieve the indemnifying party of its obligations hereunder except to the extent that the indemnifying party is materially prejudiced by such failure to notify. In any such action, any indemnified party shall have the right to retain its own counsel, but the fees and expenses of such counsel shall be at the sole expense of such indemnified party unless (i) the indemnifying party and the indemnified party shall have mutually agreed to the retention of such counsel or (ii) in the reasonable judgment of such indemnified party representation of both parties by the same counsel would be inappropriate due to actual or potential differing interests between them, in which case the fees and expenses of such counsel shall be at the sole expense of the indemnifying party. It is understood that the indemnifying party shall not, other than as

provided in the preceding sentence, be liable for the reasonable fees and expenses of more than one separate firm of attorneys (in addition to any local counsel) at any time for all such indemnified parties, and that all such fees and expenses shall be reimbursed as they are incurred. In the case of any such additional separate firm for the Holders as indemnified parties, such firm shall be designated in writing by the indemnified party that had the largest number of Registrable Securities included in such registration. The indemnifying party shall not be liable for any settlement of any claim or action effected without its written consent, which consent shall not be unreasonably withheld or delayed, but if settled with such consent, or if there be a final judgment for the plaintiff, the indemnifying party shall indemnify and hold harmless such indemnified parties from and against any loss or liability (to the extent stated above) by reason of such settlement or judgment. No indemnifying party shall, without the prior written consent of the indemnified party, effect any settlement of any pending or threatened claim or action in respect of which any indemnified party is or could have been a party and indemnity could have been sought hereunder by such indemnified party, unless such settlement includes an unconditional release of such indemnified party from all liability arising out of such proceeding and imposes no obligations on such indemnified party other than the payment of monetary damages (which damages will be paid by the indemnifying party hereunder).

(d) If the indemnification provided for in this Section 2.07 shall for any reason be unavailable (other than in accordance with its terms) to an indemnified party in respect of any loss, liability, cost, claim or damage referred to therein, then the indemnifying party shall, in lieu of indemnifying such indemnified party, contribute to the amount paid or payable by the indemnified party as a result of such loss, liability, cost, claim or damage in such proportion as is appropriate to reflect the relative fault of the indemnifying party on the one hand and the indemnified party on the other. The relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the indemnifying party or the indemnified party and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. Notwithstanding anything in this Section 2.07(d) to the contrary, no indemnifying party (other than the Corporation) shall be required pursuant to this Section 2.07(d) to contribute any amount in excess of the amount by which the net proceeds received by such indemnifying party from the sale of Registrable Securities in the offering to which the loss, liability, cost, claim or damage of the indemnified parties relates exceeds the amount of any damages which such indemnifying party has otherwise been required to pay by reason of such untrue statement or omission. The parties to this Exhibit C agree that it would not be just and equitable if contribution pursuant to this Section 2.07(d) were determined by pro rata allocation or by any other method of allocation that does not take account of the equitable considerations referred to in the immediately preceding paragraph. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation. If indemnification is available under this Section 2.07, the indemnifying parties shall indemnify each indemnified party to the full extent permitted by applicable law and provided in Sections 2.07(a) and 2.07(b) hereof without regard to the relative fault of said indemnifying parties or indemnified party.

(e) Indemnification and contribution similar to that specified in the preceding paragraphs of this Section 2.07 (with appropriate modifications) shall be given by the

Corporation, the Selling Holders and the underwriters with respect to any required registration or other qualification of securities under any state law or regulation or governmental authority.

(f) The obligations of the parties under this Section 2.07 shall be in addition to any liability which any party may otherwise have to any other party.

(g) The rights and obligations of the Corporation and the Selling Holders under this Section 2.07 shall survive the termination of this Exhibit D.

2.08 Rule 144. The Corporation covenants that as soon as practicable after the Initial Public Offering Date, it will file the reports required to be filed by it under the Securities Act and the United States Securities Exchange Act of 1934, as amended, and in each case the rules and regulations adopted by the SEC thereunder (or, if the Corporation is not required to file such reports, it will, upon the request of any Holder, make publicly available other information so long as necessary to permit sales pursuant to Rule 144 under the Securities Act), and it will take such further action as any Holder may reasonably request, all to the extent required from time to time to enable such Holder to sell Registrable Securities without registration under the Securities Act within the limitation of the exemptions provided by Rule 144 under the Securities Act, as such Rules may be amended from time to time, or (ii) any similar rule or regulation hereafter adopted by the SEC.

2.09 Transfer of Registration Rights. Prior to an Initial Public Offering, the registration rights of any Initial Member with respect to Registrable Securities may be Transferred to any Specified Transferee of such Member or any other Person who has been admitted to the Company as a Member and has complied with Section 5.7(a) of the Agreement (a "Permitted Transferee"). After the Initial Public Offering, the registration rights of any Holder under this Agreement with respect to Registrable Securities may be Transferred to any transferee of such Registrable Securities (a "Transferee Holder", and together with a Permitted Transferee, a "Permitted Assignee"); provided, that (i) the Transferring Holder shall give the Corporation notice at or prior to the time of such Transfer stating the name and address of the transferee and identifying the securities with respect to which the rights under this Exhibit C are to be Transferred, and (ii) such transferee shall agree in writing, in form and substance reasonably satisfactory to the Corporation, to be bound as a Holder by the provisions of this Exhibit C. Each Holder and its Affiliates and their Permitted Assignees shall collectively have that number of demand registration rights pursuant to Section 2.01(b) that such Member has individually pursuant to Section 2.01(b). Any Transfer of Registrable Securities other than as set forth in this Section 2.09 shall cause such Registrable Securities to lose such status.

2.10 Holdback Agreement. To the fullest extent permitted by law, each Holder, if requested by the Corporation and the managing underwriter of securities of the Corporation in connection with the Initial Public Offering, agrees to enter into an agreement consistent with then market practice for major bracket underwriters (a "Lock-up Agreement") not to sell or otherwise transfer or dispose of any shares of Common Stock (other than in connection with such Holder's registration rights hereunder) for such period of time (not to exceed 180 days for the Initial Public Offering and not to exceed 90 days for any other underwritten public offering) following the effective date of a Registration Statement of the Corporation filed under the Securities Act (the "Lock-up Period"), provided, (i) that in the case of each Initial Member (and

its Affiliates and Permitted Assignees), such restrictions shall only apply to shares of Common Stock acquired by such Initial Member (or its Affiliates or Permitted Assignees) pursuant to any Conversion; (ii) that such Lock-up Agreement shall also bind the executive officers, directors, and other holders of at least five (5%) percent of the outstanding equity interests of the Corporation, on terms and conditions substantially similar to those which shall apply to the Holders; and (iii) that such Lock-up Agreement shall provide that if the managing underwriter(s) releases from the lock-up restrictions described in this Section 2.10 any Holder prior to the expiration of the Lock-up Period with respect to all or a percentage of the Common Stock held by such Holder, that all other Holders subject to the lock-up shall be released from such lock-up restrictions to the same extent and on the same terms and conditions. Notwithstanding anything to the contrary in this Section 2.10, none of the provisions or restrictions set forth in Section 2.10 shall in any way limit any Initial Member or any Affiliate thereof from engaging in any brokerage, investment advisory, financial advisory, anti-raid advisory, principaling, merger advisory, financing, asset management, trading, market making, arbitrage, investment activity and other similar activities conducted in the ordinary course of its business.

2.11 Termination. All of the Corporation's obligations to register Registrable Securities under Section 2 with respect to a Holder shall terminate upon the earlier of (a) the date on which such Holder holds no Registrable Securities, or (b) the consummation of any transaction pursuant to Section 6.7(b)(1) of the Agreement.

3. Miscellaneous

3.01 Consents to Amendments. No amendment, modification or waiver in respect of the terms of this Exhibit C shall be effective unless it shall be in writing and signed by the Company or the Corporation, as the case may be, and by Members or shareholders holding at least a majority of the outstanding Units or shares (as the case may be) of the Corporation (or successors in interest to the Corporation); provided that such Members or shareholders shall include International Securities Exchange Holdings, Inc.

3.02 Provisions from the Agreement. For the sake of clarity, Sections **Error! Reference source not found.**, **Error! Reference source not found.**, **Error! Reference source not found.**, **Error! Reference source not found.**, and **Error! Reference source not found.** of the Agreement, shall apply to this Exhibit C as if set forth herein in full.

3.03 No Third Party Beneficiaries. This Exhibit C shall be binding upon and inure solely to the benefit of the Company and the Corporation, as the case may be, and the Holders and their Permitted Assignees, and nothing in this Exhibit C, express or implied, other than Section 2.07 (which is expressly for the benefit of the Selling Holder Indemnified Persons and Corporation Indemnified Persons and may be enforced by them), is intended to or shall confer upon any other person any legal or equitable right, benefit or remedy of any nature whatsoever.

3.04 Entire Agreement. The terms set forth in this Exhibit C constitute the entire agreement of the Company or the Corporation, as the case may be, and the Initial Members with respect to the subject matter of this Exhibit C and supersedes all prior agreements and understandings relating to such subject matter.

LIMITED LIABILITY COMPANY AGREEMENT
OF
ISE GEMINI, LLC

International Securities Exchange Holdings, Inc., a Delaware corporation (the "Sole LLC Member"), hereby forms ISE Gemini, LLC, a Delaware limited liability company (the "Company"), pursuant to and in accordance with the Delaware Limited Liability Company Act, 6 Del.C. § 18-101, et seq. (the "Act"), and hereby declares the following to be the Limited Liability Company Agreement (the "LLC Agreement") of the Company.

ARTICLE I
FORMATION OF THE COMPANY

Section 1.1. Formation of the Company. The Company concurrently herewith is being formed as a limited liability company under the Act by the filing of the Certificate of Formation with the Office of the Secretary of State of the State of Delaware. The Sole LLC Member agrees to be bound by and comply with the provisions thereof and hereof.

Section 1.2. Name. The name of the Company is "ISE Gemini, LLC".

Section 1.3. Purpose of the Company. The purpose of the Company shall be to conduct the operations of an "exchange" within the meaning of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and to conduct any lawful business or activity whatsoever, as permitted by applicable law and as determined from time to time by the board of directors of the Company (the "Board of Directors").

Section 1.4. Principal Place of Business. The location of the principal place of business of the Company shall be 60 Broad Street, New York, New York 10004 or such other place as determined by the Board of Directors from time to time.

Section 1.5. Registered Office; Registered Agent. The registered office of the Company required by the Act to be maintained in the State of Delaware shall be National Registered Agents, Inc., 9 East Loockerman Street, Suite 1B, City of Dover, County of Kent, Delaware 19901 or such other office as the Board of Directors may designate from time to time. The registered agent for the Company shall be National Registered Agents, Inc., or such other registered agent as the Board of Directors may designate from time to time.

Section 1.6. Term. The Company shall continue until the Company is terminated in accordance with the provisions of this LLC Agreement.

ARTICLE II
SOLE LLC MEMBER; VOTING

Section 2.1. Admission of the Sole LLC Member. Effective as of the date of the filing of the Certificate of Formation with the Office of the Secretary of State of the State of Delaware, the Sole LLC Member shall be admitted as the sole member of the Company.

Section 2.2. Rights and Powers of the Sole LLC Member; Voting. Other than as set forth in this LLC Agreement and, to the extent not inconsistent with this LLC Agreement and the Act, the Sole LLC Member shall not participate in the management or control of the Company's business nor shall the Sole LLC Member transact any business for the Company, nor shall the Sole LLC Member have the power to act for or bind the Company, said powers being vested solely and exclusively in the Board of Directors. Subject to the right of the Board of Directors to fill any vacancies as provided in the Constitution (as defined below), the Sole LLC Member shall have the sole right to elect each of the Non-Industry Directors (as defined in the Constitution) and the Chief Executive Officer of the Company as a director (who shall be elected as the Chief Executive Officer and thereafter nominated by the Board of Directors for a directorship by virtue of his or her office, as provided in Section 4.6 of the Constitution), and shall have no other voting rights, except with respect to those matters specifically set forth in this LLC Agreement and as required by the Act. In particular, the Sole LLC Member shall have no voting rights with respect to any increase in the number of authorized PMM Rights (as defined below) or CMM Rights (as defined below), the election of the Exchange Directors (as defined in the Constitution) or any other matters relating to the Exchange Rights (as defined below).

Section 2.3. Liability of the Sole LLC Member. The Sole LLC Member shall not have any liability under this LLC Agreement or under the Act except as provided herein or as required by the Act. Except as required by the Act, the debts, obligations and liabilities of the Company, whether arising in contract, tort or otherwise (including, without limitation, those arising as member, owner or shareholder of another company, partnership or entity) shall be solely the debts, obligations or liability of the Company, and the Sole LLC Member shall not be obligated for any such debt, obligation or liability of the Company solely by reason of being a member of the Company.

ARTICLE III
INTERESTS AND TAX TREATMENT

Section 3.1. Interest. The Company shall be authorized to issue a single class of Limited Liability Company Interest, as defined in the Act (the "Interest"), to the Sole LLC Member, which shall convey all of the rights of the Sole LLC Member under this Agreement, all rights to the profits and losses of the Company and the right to receive distributions of the assets of the Company. The Company shall be authorized, but not required, to issue one or more certificates, executed by an authorized officer of the Company, evidencing the Interest.

Section 3.2. Capital Contributions. The Sole LLC Member may contribute cash or other property to the Company as it shall decide, from time to time. The Sole LLC Member shall not be entitled to interest on or with respect to capital contributions.

Section 3.3. Tax Characterization; Returns; Distributions in Respect of Taxes. It is the intention of the Sole LLC Member that the Company be disregarded as an entity for tax purposes, so that the Sole LLC Member will be treated as owning all of the Company's assets directly, as recognizing all of the Company's income and loss directly, and as being entitled to all distributions for U.S. federal and state income tax purposes. All provisions of the Company's Certificate of Formation and this LLC Agreement are to be construed so as to preserve that tax status. Each of the Directors (as defined below) and officers of the Company and the Sole LLC Member is authorized to file any necessary elections with tax authorities. At the request of the Sole LLC Member, the Company shall make distributions to the Sole LLC Member in amounts sufficient to fund payments of taxes by the Sole LLC Member attributable to the assets, income and losses of the Company.

ARTICLE IV BOOKS OF ACCOUNT; RECORDS, REPORTS, FISCAL MATTERS AND ANNUAL MEETING

Section 4.1. Books and Records. (a) Proper and complete books and records of account shall be kept by the Company, in which shall be entered fully and accurately all transactions and other matters relative to the Company's business as are usually entered into books and records of account maintained by Persons (as defined in the Constitution) engaged in businesses of a like character. The Company books and records shall be kept in a manner determined by the Board of Directors in its sole discretion to be most beneficial for the Company, provided the books and records shall always be kept within the United States.

(b) All confidential information pertaining to the self-regulatory function of the Company (including but not limited to disciplinary matters, trading data, trading practices and audit information) contained in the books and records of the Company shall: (i) not be made available to any persons (other than as provided in the next sentence) other than to those officers, directors, employees and agents of the Company that have a reasonable need to know the contents thereof; (ii) be retained in confidence by the Company and the officers, directors, employees and agents of the Company; and (iii) not be used for any commercial purposes. Nothing in this LLC Agreement shall be interpreted as to limit or impede the rights of the United States Securities Exchange Commission (the "Commission") to access and examine such confidential information pursuant to the federal securities laws and the rules and regulations thereunder, or to limit or impede the ability of any officers, directors, employees or agents of the Company to disclose such confidential information to the Commission or ISE Gemini.

Section 4.2. Tax Returns. The Company shall file all required income and other tax returns required to be filed by the Company for each Fiscal Year (as defined below) or part thereof.

Section 4.3. Company Bank Accounts; Investments. All Company funds shall be deposited by the Company at such financial institutions as may be approved by the Board of Directors, or shall be invested by the Company, in accordance with parameters established by the Board of Directors, in furtherance of the purposes of the Company.

Section 4.4. Fiscal Year. The fiscal year of the Company (the "Fiscal Year") shall end on December 31 of each calendar year. Each Fiscal Year shall consist of four fiscal quarters ending on March 31, June 30, September 30 and December 31.

Section 4.5. Annual Meeting. The Board of Directors shall call an annual meeting (the "Annual Meeting") of the Sole LLC Member and the holders of Exchange Rights, as prescribed in Articles I and II of the Company's Constitution, the same initially to be in the form attached hereto as Exhibit A and as amended from time to time in accordance with its terms (the "Constitution").

Section 4.6. Bylaws. The Constitution shall constitute the Bylaws of the Company.

ARTICLE V MANAGEMENT; BOARD OF DIRECTORS

Section 5.1. General. (a) The administration and management of the Company shall be carried out by a Board of Directors elected or appointed in the manner prescribed in the Constitution, and by executive officers appointed from time to time by the Board of Directors. The Board of Directors shall have the powers and duties provided in Article III of the Constitution; provided, however, that, holders of PMM Rights, CMM Rights and EAM Rights, as such terms are defined in Article VI below, shall have the irrevocable right to vote with respect to the matter set forth in Article VI below. Each member of the Board of Directors shall constitute a "manager" within the meaning of Section 18-101(10) of the Act.

(b) In discharging his or her responsibilities as a member of the Board of Directors, each director shall take into consideration the effect that his or her actions would have on the ability of the Company to carry out the Company's responsibilities under the Exchange Act and on the ability of the Company: to engage in conduct that fosters and does not interfere with the Company's ability to prevent fraudulent and manipulative acts and practices; to promote just and equitable principles of trade; to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities; to remove impediments to and perfect the mechanisms of a free and open market and a national market system; and, in general, to protect investors and the public interest. In discharging his or her responsibilities as a member of the Board of Directors or as an officer or employee of the Company, each such director, officer or employee shall comply with the federal securities laws and the rules and regulations thereunder and shall cooperate with the Company and the Commission pursuant to their respective regulatory authority.

Section 5.2. Board of Directors. The Board of Directors shall consist of no less than nine (9) and no more than sixteen (16) directors (the "Directors") as further prescribed in the Constitution. In no event shall the number of Industry Directors constitute less than 30% of the members of the Board of Directors and in no event shall the number of Non-Industry Directors constitute less than the number of Industry Directors. The initial Board of Directors shall consist of the directors as set forth on Exhibit B hereto. At the end of the terms of such initial directors, the Board of Directors shall be elected as prescribed in Article III of the Constitution.

Section 5.3. Tenure. Each director shall serve for the term prescribed in Article III of the Constitution.

Section 5.4. Removal or Resignation. Any director may resign or be removed from office at any time in accordance with Article III of the Constitution.

Section 5.5. Meetings of the Board of Directors. Meetings of the Board of Directors shall be conducted as provided in Article III of the Constitution.

Section 5.6. Vacancies. A vacancy on the Board of Directors may be filled in accordance with the requirements set forth in Article III of the Constitution.

Section 5.7. Management; Officers. The Board of Directors shall have the powers and duties provided herein and in Article III of the Constitution. The Company shall have such officers with such duties, powers and responsibilities as provided in Article IV of the Constitution.

Section 5.8. Limitation on Liability; Indemnification. Directors shall be indemnified as set forth in Article VI of the Constitution.

ARTICLE VI EXCHANGE RIGHTS

Section 6.1. Exchange Rights. (a) The Company shall have the authority to issue an unlimited number of non-transferable Exchange Rights and such rights may be divided into series of PMM Rights, CMM Rights, EAM Rights, and such other series of rights as may be determined by the Board of Directors from time to time provided, however, the issuance of such other series of rights will be subject to prior approval by the Commission pursuant to the rule filing procedure under Section 19 of the Exchange Act. The Exchange Rights shall not convey any portion of the Interest in the Company, and holders of Exchange Rights are not and shall not be deemed to be "members" of the Company for purposes of the Act or this LLC Agreement. A holder of Exchange Rights may withdraw from the Exchange upon the approval of the Exchange, which shall be given upon a determination that the holder of Exchange Rights has satisfied all obligations to the Exchange. Upon such approval and without any payment related thereto, the Exchange Rights will automatically terminate, as provided in the Constitution.

(b) The Board of Directors is hereby expressly authorized at any time, and from time to time, to create and provide for the issuance of Exchange Rights in one or more

new series (hereinafter referred to as an “Exchange Right Designation”), to establish the number of rights to be included in each such series, and to fix the designations and relative, participating, optional or other special rights of the rights of each such series and the qualifications, limitations or restrictions thereof, as shall be stated and expressed in the resolution or resolutions providing for the issue thereof adopted by the Board of Directors, including, but not limited to, the following:

- (1) the designation of and the number of rights constituting such series, which number the Board of Directors may thereafter (except as otherwise provided in the Exchange Right Designation) increase or decrease (but not below the number of rights of such series then outstanding);
- (2) the extent, if any, to which the holders of Exchange Rights of such series shall be entitled to vote as a class or otherwise with respect to the election of directors or otherwise;
- (3) the restrictions, if any, on the issue or reissue of rights of the same series or of any other class or series; and
- (4) any other relative rights and limitations of that series.

Section 6.2. Trading Rights. (a) PMM Rights. A holder of a PMM Right shall exercise the trading rights and privileges associated with such PMM Right if such holder is approved as a Primary Market Maker under the Constitution and Rules.

(b) CMM Rights. A holder of a CMM Right shall exercise the trading rights and privileges associated with a CMM Right if such holder is approved as a Competitive Market Maker under the Constitution and Rules.

(c) EAM Rights. A holder of an EAM Right shall exercise the trading rights and privileges associated with an EAM Right if such holder is approved as an Electronic Access Member under the Constitution and Rules.

Section 6.3. Voting. Each holder of an Exchange Right shall have one vote in respect of each such Exchange Right thereof held by such holder of record on the books of the Company on each matter for which the vote of the holders thereof is required. Holders of Exchange Rights shall have the following voting rights and no other voting rights:

(a) Election of Exchange Directors. The holders of Exchange Rights shall have the following rights with respect to election of directors. Holders of PMM Rights shall have the sole right to elect the PMM Directors (as defined in the Constitution). Holders of CMM Rights shall have the sole right to elect the CMM Directors (as defined in the Constitution). Holders of EAM Rights shall have the sole right to elect the EAM Directors (as defined in the Constitution). The Board of Directors shall have the right to fill any vacancies as provided in the Constitution.

(b) A holder of Exchange Rights, together with any affiliate, as such term is defined in the Constitution, may not exercise the voting rights associated with more than twenty percent (20%) of the outstanding Exchange Rights.

Section 6.4 Termination of Exchange Rights; Non-Transferability. The Exchange Rights shall not be transferable. In the event of a withdrawal of a holder of Exchange Rights, the Exchange Rights of such holder shall automatically terminate, as provided in the Constitution.

ARTICLE VII
ASSIGNMENTS; CESSATION OF MEMBERSHIP; WITHDRAWAL OF MEMBERS;
LIQUIDATION AND DISTRIBUTION OF ASSETS

Section 7.1. Assignments; Additional LLC Members. The Sole LLC Member may assign all (but not less than all) of its Interest; provided, however, such assignment will be subject to prior approval by the Commission pursuant to the rule filing procedure under Section 19 of the Exchange Act. The assignment of all of the Interest shall entitle the assignee to exercise the rights of the Sole LLC Member of the Company under this LLC Agreement and to enjoy all of the benefits of the Interest. At no time may the Company have more than one holder of the Interest.

Section 7.2. Dissolution of Company. (a) The Company shall be dissolved, and its affairs wound up as provided herein commencing upon the earliest to occur of:

(i) the date on which the Board of Directors consents to its dissolution by approval of a majority of the Board of Directors;

(ii) the date on which is consummated the sale or disposition by the Company of substantially all of its assets; or

(iii) the date when any other event occurs that causes the dissolution of a limited liability company under the Act, unless the business of the Company is continued by unanimous approval of the Board of Directors within sixty (60) days following the occurrence of any such event and such continuance is permitted under the Act.

(b) In the event of the dissolution of the Company for any reason, the Board of Directors shall wind up the affairs of the Company and liquidate the Company's assets. The Board of Directors shall have full right and unlimited discretion to determine the time, manner and terms of any sale or sales of Company assets pursuant to such liquidation, giving due regard to the activity and condition of the relevant market and general financial and economic conditions.

(c) The Board of Directors shall have all of the rights and powers with respect to the assets and liabilities of the Company in connection with the winding up of the affairs of the Company as the Board of Directors would have with respect to the assets and liabilities of the Company prior to the dissolution of the Company.

Section 7.3. Distribution in Liquidation. Upon the payment, provision for payment or other satisfaction of the liabilities of the Company, the Company's remaining assets shall be distributed to the Sole LLC Member.

Section 7.4. Termination. Upon the dissolution and the completion of the winding up of the Company and the distribution of the remaining assets of the Company as provided in Section 7.3, the Board of Directors shall cause to be executed and filed a Certificate of Cancellation of the Company with the office of the Secretary of State of the State of Delaware in accordance with the Act.

ARTICLE VIII AMENDMENT OF LLC AGREEMENT

Section 8.1. Amendments. Amendments to this LLC Agreement may be made by the Board of Directors provided, however, if such amendment would alter or change the powers, preferences or special rights of the Sole LLC Member's Interest so as to affect it adversely, such amendment shall also be approved by the Sole LLC Member, in the manner set forth in herein and in the Constitution.

Section 8.2. Amendment of Certificate. In the event this LLC Agreement shall be amended pursuant to Section 8.1, the Board of Directors shall cause the Company to amend the Certificate of Formation to reflect such change if the Board of Directors deems such amendment of the Certificate of Formation to be necessary or appropriate.

ARTICLE IX MISCELLANEOUS

Section 9.1. Governing Law. This LLC Agreement and the rights of the parties hereunder shall be governed by and interpreted in accordance with the law of the State of Delaware without regard to the conflicts of law principles thereof.

Section 9.2. Pronouns and Number. Wherever from the context it appears appropriate, each term stated in either the singular or the plural shall include the singular and the plural, and pronouns stated in either the masculine, feminine or neuter shall include the masculine, feminine and neuter.

Section 9.3. Headings. Headings contained in this LLC Agreement are inserted only as a matter of convenience and in no way define, limit or extend the scope or intent of this LLC Agreement or any provision hereof.

Section 9.4. Partial Enforceability. If any provision of this LLC Agreement, or the application of such provision to any Person or circumstance, shall be held invalid, the remainder of this LLC Agreement, or the application of such provision to Persons or circumstances other than those to which it is held invalid, shall not be affected thereby.

IN WITNESS WHEREOF, the Sole LLC Member has caused this LLC Agreement to be executed by its duly authorized officer on July 31, 2013.

CONSTITUTION OF
ISE GEMINI, LLC

ARTICLE I
SOLE LLC MEMBER

Section 1.1 Sole LLC Member. ISE Gemini, LLC (the “Exchange”) is a single member limited liability company with one limited liability company interest currently authorized (the “LLC Interest”). The holder of the LLC interest is International Securities Exchange Holdings, Inc., which may assign the LLC Interest as provided in the LLC Agreement (the “Sole LLC Member”).

Section 1.2 Meetings of Sole LLC Member. (a) Meetings of the Sole LLC Member shall be held at such place within or without the State of Delaware, as may be fixed by the Board of Directors in conjunction with meetings of holders of Exchange Rights (as defined in Article VI of the Limited Liability Company Agreement of the Exchange (the “LLC Agreement”)).

(b) The Sole LLC Member shall meet annually along with the holders of Exchange Rights on such date and place and at such time as may be designated by the Board of Directors provided in Section 2.1 to elect the members of the Board of Directors and transact such other business as may be set forth in the written notice of the meeting.

Section 1.3 Special Meetings of Sole LLC Member. A special meeting of the Sole LLC Member may be called by the Chairman of the Board of the Exchange or a majority of the Board of Directors for any purpose or purposes, and shall be called by the Secretary of the Exchange at the request of the Board of Directors pursuant to a resolution adopted by a majority of the total number of directors which the Exchange would at the time have if there were no vacancies (the “Whole Board”), including no less than fifty percent (50%) of the Non-Industry Directors (as defined in Section 3.2). A special meeting shall also be called by the Secretary of the Exchange at the request of the Sole LLC Member. The Board of Directors may designate the place of meeting for any special meeting, and if no such designation is made, the place of meeting shall be the principal executive offices of the Exchange.

Section 1.4. Notice of Sole LLC Member Meetings; Proxies; Record Date; No Action by Written Consent. Whenever the Sole LLC Member is required or permitted to take any action at a meeting, unless notice is waived as provided in Section 8.1 of this Constitution, a written notice of the meeting shall be given which shall state the place, date and hour of the meeting, and, in the case of a special meeting, the purpose or purposes for which the meeting is called. Unless otherwise provided by law, and except in instances in which the Sole LLC Member duly waives notice, the written notice of any meeting shall be given personally or by mail, not less than ten (10) nor more than sixty (60) days before the date of the meeting to the Sole LLC Member. If mailed, notice shall be deemed given when deposited in the mail, postage prepaid, directed to the Sole LLC Member at the address of the Sole LLC Member as it appears on the records of the Exchange. When a meeting is adjourned to another time or place,

notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting the Exchange may transact any business which might have been transacted at the original meeting. If, however, the adjournment is for more than thirty (30) days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to the Sole LLC Member.

In order that the Exchange may determine the holder of the Interest entitled to notice of or to vote at any meeting of the Sole LLC Member or any adjournment thereof or for the purpose of any other lawful action, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which shall not be more than sixty (60) nor less than ten (10) days before the date of such meeting, nor more than sixty (60) days prior to any other action. If no record date is fixed by the Board of Directors, (1) the record date for determining the holder of the Interest entitled to notice of or to vote at a meeting of the Sole LLC Member shall be at the close of business on the day next preceding the date on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held, and (2) the record date for determining the holder of the Interest for any other purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto. A determination of the holder of the Interest of record entitled to notice of or to vote at a meeting of the Sole LLC Member shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting. Only such holder of the Interest as shall be holder of record on the date so fixed shall be entitled to notice of, and to vote at, such meeting and any adjournment thereof, or to participate in such action, as the case may be, notwithstanding any transfer of the Interest on the books of the Exchange after any record date so fixed.

Any action required or permitted to be taken by the Sole LLC Member must be taken at any annual or special meeting of the Sole LLC Member and may not be taken by any consent in writing by the Sole LLC Member.

ARTICLE II

EXCHANGE RIGHTS

Section 2.1 Annual Meeting. An annual meeting of the holders of Exchange Rights shall be held on such date and at such time as may be designated by the Board of Directors at the principal executive offices of the Exchange, or at such other place within or without the State of Delaware as may be fixed by the Board of Directors for the purpose of electing directors to fill expiring terms.

Section 2.2 Special Meetings. A special meeting of the holders of Exchange Rights entitled to vote on any business to be considered at any such meeting may be called by the Chairman of the Board of the Exchange or a majority of the Board of Directors for any purpose or purposes, and shall be called by the Secretary of the Exchange at the request of the Board of Directors pursuant to a resolution adopted by a majority of the Whole Board, including no less than fifty percent (50%) of the Non-Industry Directors (as defined in Section 3.2). The Board of Directors may designate the place of meeting for any special

meeting, and if no such designation is made, the place of meeting shall be the principal executive offices of the Exchange.

Section 2.3 Notice of Meetings. Whenever holders of Exchange Rights are required or permitted to take any action at a meeting, unless notice is waived as provided in Section 8.1 of this Constitution, a written notice of the meeting shall be given which shall state the place, date and hour of the meeting, and, in the case of a special meeting, the purpose or purposes for which the meeting is called.

Unless otherwise provided by law, and except as to any holder of Exchange Rights duly waiving notice, the written notice of any meeting shall be given personally or by mail, not less than ten (10) nor more than sixty (60) days before the date of the meeting to each holder of Exchange Rights entitled to vote at such meeting. If mailed, notice shall be deemed given when deposited in the mail, postage prepaid, directed to each such holder at such holder's address as it appears on the records of the Exchange. Any previously scheduled meeting of the holders of Exchange Rights may be postponed by resolution of the Board of Directors and upon public notice given by press release prior to the time previously scheduled for such meeting of holders.

When a meeting is adjourned to another time or place, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting the Exchange may transact any business which might have been transacted at the original meeting. If, however, the adjournment is for more than thirty (30) days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each holder of Exchange Rights of record entitled to vote at the meeting.

Section 2.4 Quorum. Except as otherwise provided by law, the LLC Agreement or by this Constitution, at any meeting of holders of Exchange Rights the holders of a majority of the voting power of the outstanding Exchange Rights entitled to vote generally in the election of Industry Directors (as defined in Section 3.2)(the "Voting Rights"), either present in person or represented by proxy, shall constitute a quorum for the transaction of any business at such meeting, except that, when specified business is to be voted on by a series voting as a class, the holders of a majority of the voting power of such series entitled to vote shall constitute a quorum for the transaction of such business. To the fullest extent permitted by applicable law, the chairman of the meeting or a majority of the voting power of the Voting Rights so represented may adjourn the meeting from time to time, whether or not there is such a quorum (or in the case of specified business to be voted on as a series, the chairman or a majority of the rights of such series entitled to vote which are so represented may adjourn the meeting with respect to such specified business). No notice of the time and place of adjourned meetings need be given except as provided in the last paragraph of Section 2.3 of this Constitution. The holders of Exchange Rights present at a duly organized meeting may

continue to transact business until adjournment, notwithstanding the withdrawal of a sufficient number of holders to result in less than a quorum.

Section 2.5 Voting. Except with respect to the directors elected by the Sole LLC Member, as set forth in Section 3.2(b) hereof, whenever directors are to be elected at a meeting, they shall be elected by a plurality of the votes cast at the meeting by the holders of Exchange Rights entitled to vote thereon. Whenever any company action, other than the election of directors, is to be taken by vote of the holders of Exchange Rights at a meeting, such company action shall, except as otherwise required by law, by the LLC Agreement or by this Constitution, be authorized by the affirmative vote of the holders of a majority of the Exchange Rights present or represented by proxy and entitled to vote with respect to such company action.

Except as otherwise provided by law, or by the LLC Agreement, each holder of record of Exchange Rights entitled to vote on any matter at any meeting of holders of Exchange Rights shall be entitled to one vote for each Exchange Right standing in the name of such holder on the books of the Exchange on the record date for the determination of the holders entitled to vote at the meeting.

Upon the demand of any holder of Exchange Rights entitled to vote, the vote for directors or the vote on any other matter at a meeting shall be by written ballot, but otherwise the method of voting and the manner in which votes are counted shall be discretionary with the presiding officer at the meeting.

Section 2.6 Proxies. Each holder of Exchange Rights entitled to vote at a meeting of holders may authorize another person or persons to act for him or her by proxy, but no such proxy shall be voted or acted upon after eleven (11) months from its date, unless the proxy provides for a longer period. Every proxy shall be signed by the holder or by his or her duly authorized attorney. Such proxy must be filed with the Secretary of the Exchange or his or her representative at or before the time of the meeting.

Section 2.7 Record Date. In order that the Exchange may determine the holders of Exchange Rights entitled to notice of or to vote at any meeting of holders or any adjournment thereof or for the purpose of any other lawful action, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which shall not be more than sixty (60) nor less than ten (10) days before the date of such meeting, nor more than sixty (60) days prior to any other action.

If no record date is fixed by the Board of Directors, (1) the record date for determining holders of Exchange Rights entitled to notice of or to vote at a meeting of holders shall be at the close of business on the day next preceding the date on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held, and (2) the record date for determining holders of Exchange Rights for any other purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

A determination of holders of Exchange Rights of record entitled to notice of or to vote at a meeting of holders shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting.

Only such holders of Exchange Rights as shall be holders of record on the date so fixed shall be entitled to notice of, and to vote at, such meeting and any adjournment thereof, or to participate in such action, as the case may be, notwithstanding any transfer of any rights on the books of the Exchange after any record date so fixed.

Section 2.8 List of Holders. The Secretary of the Exchange shall prepare and make, at least ten (10) days before every meeting of holders of Exchange Rights, a complete list of the holders entitled to vote at the meeting, arranged in alphabetical order, and showing the address of each holder and the number of Exchange Rights registered in the name of each holder. Such list shall be open to the examination of any holder, for any purpose germane to the meeting for a period of at least ten (10) days prior to the meeting on a reasonably accessible electronic network, provided that information required to gain access to such list is provided with the notice of the meeting, or during ordinary business hours, at the principal place of business of the Exchange. In the event that the Exchange determines to make the list available on an electronic network, the Exchange may take reasonable steps to ensure that such information is available only to holders of Exchange Rights. If the meeting is to be held at a place, then the list shall also be produced at the place of the meeting during the whole time thereof, and may be inspected by any holder of Exchange Rights who is present. If the meeting is to be held solely by means of remote communication, then the list shall also be open to the examination of any holders of Exchange Rights during the whole time of the meeting on a reasonably accessible electronic network, and the information required to access such list shall be provided with the notice of the meeting. Nothing in this Section shall require the Exchange to include electronic mail addresses or other electronic contact information on such list.

The list of holders of Exchange Rights shall be the only evidence as to who are the holders entitled to examine the list required by this Section or the books of the Exchange, or to vote in person or by proxy at any meeting of holders of Exchange Rights.

Section 2.9 No Action by Written Consent. Any action required or permitted to be taken by the holders of Exchange Rights must be taken at an annual meeting or special meeting of the holders of Exchange Rights and may not be taken by any consent in writing by such holders.

ARTICLE III

DIRECTORS

Section 3.1 General Powers. The business and affairs of the Exchange shall be managed by or under the direction of its Board of Directors. In addition to the powers and authorities by this Constitution expressly conferred upon it, the Board of Directors may exercise all such powers of the Exchange and do all such lawful acts and things as are not by

the LLC Agreement or by this Constitution required to be exercised or done by the Sole LLC Member or the holders of Exchange Rights.

Section 3.2 Number, Tenure, Qualifications and Voting. (a) The number of directors shall be no less than eight (8) and no more than sixteen (16) and in no event shall the number of Industry Directors constitute less than 30% of the members of the Board and in no event shall the number of Non-Industry Directors constitute less than the number of Industry Directors.

(b) The Board shall be composed as follows:

- (i) At least 30% of the members of the Board shall be officers, directors or partners of Exchange Members and shall be elected by a plurality of the holders of the Exchange Rights (the "Industry Directors"), wherein such Industry Directors shall consist of at least one (1) PMM Director (an officer, director or partner of a Primary Market Maker that is elected by a plurality of holders of the PMM Rights); at least one (1) CMM Director (an officer, director or partner of a Competitive Market Maker that is elected by a plurality of holders of the CMM Rights); and at least one (1) EAM Director (an officer, director or partner of a Electronic Access Member that is elected by a plurality of holders of the EAM Rights); provided, however, that the number of PMM Director(s), CMM Director(s), and EAM Director(s) shall always be equal to one another (i.e. either one (1) PMM Director, one (1) CMM Director and one (1) EAM Director, or two (2) PMM Directors, two (2) CMM Directors and two (2) EAM Directors);
- (ii) At least 50% of the members of the Board shall meet the requirements of non- industry representatives and shall be elected by the Sole LLC Member (the "Non-Industry Directors"), at least one (1) of whom shall be a public representative (the "Public Director");
- (iii) One (1) director shall be the person then holding the office of President and Chief Executive Officer of the Exchange and shall be elected by the Sole LLC Member; and
- (iv) The Sole LLC Member may, in its sole and absolute discretion, elect one (1) additional director who shall meet the requirements of "Non-Industry Directors," except that such person was employed by the Exchange at any time during the three (3) year period prior to his or her initial election (the "Former Employee Director").

(c) Upon approval of the Exchange's Form 1 Application by the Securities and Exchange Commission (the "Approval Date"), the Sole LLC Member will appoint the initial Directors of the Board ("Initial Directors") and such Initial Directors shall serve only until the first annual meeting of the holders of Exchange Rights and the Sole LLC Member following such appointment, which meeting shall be held as promptly as possible after the effective date of the LLC Agreement and within ninety (90) days after the Approval Date. At

each annual meeting of the holders of Exchange Rights and the Sole LLC Member, the Sole LLC Member shall elect the successors to such Non-Industry Directors whose terms are expiring. The Non-Industry Directors shall hold office for a term expiring at each succeeding annual meeting of the holders of Exchange Rights and Sole LLC Member held in the first year following the year of their election, and until their successors are elected and qualified. At each annual meeting of the holders of Exchange Rights and the Sole LLC Member, the holders of Exchange Rights shall elect the successors to such Industry Directors whose terms are expiring. In the event there is more than one (1) PMM Director, one (1) CMM Director, and one (1) EAM Director elected at any annual meeting, the Industry Directors shall be divided into two classes, and designated as Class I or Class II directors. Each of Class I and Class II shall be comprised of half of the Industry Directors. At the first annual meeting of the holders of Exchange Rights and the Sole LLC Member, the Class I directors shall be elected for a term expiring at the 2015 annual meeting of the holders of Exchange Rights and the Sole LLC Member and the Class II directors shall be elected for a term expiring at the 2014 annual meeting of the holders of Exchange Rights and the Sole LLC Member. Thereafter, the Industry Directors shall hold office for a term expiring at each succeeding annual meeting of holders of Exchange Rights and the Sole LLC Member held in the second year following the year of their election, and until their successors are elected and qualified. The President and Chief Executive Officer shall hold office for a term of one (1) year, or until such earlier time as such person no longer serves as President and Chief Executive Officer of the Exchange. If a Former Employee Director is elected by the Sole LLC Member pursuant to Section 3.2(b)(iv), such director shall hold office for a term expiring at the annual meeting of holders of Exchange Rights and the Sole LLC Member held in the first year following the year of his or her election. In the event that such Former Employee Director position becomes available, whether through vacancy resulting from death, resignation, retirement, disqualification, removal from office or other cause, the Sole LLC Member may, in its sole and absolute discretion, elect a person satisfying the requirements of a "Former Employee Director," and such director so chosen shall hold office for a term expiring at the annual meeting of holders of Exchange Rights and the Sole LLC Member at which the term of office of the prior Former Employee Director expires.

(d) All meetings of the Board of Directors of the Exchange (and any committees of the Exchange) pertaining to the self-regulatory function of the Exchange (including disciplinary matters) or relating to the structure of the market which the Exchange regulates shall be closed to all persons other than members of the Board of Directors and officers, staff, counsel or other advisors whose participation is necessary or appropriate to the proper discharge of such regulatory functions and any representatives of the Commission. In no event shall members of the Board of Directors of the Sole LLC Member who are not also members of the Board of Directors of the Exchange or any officers, staff, counsel or advisors of the Sole LLC Member who are not also officers, staff, counsel or advisors of the Exchange be allowed to participate in any meetings of the Board of Directors of the Exchange (or any committees of the Exchange) pertaining to the self-regulatory function of the Exchange (including disciplinary matters) or relating to the structure of the market which the Exchange regulates.

(e) Qualifications and other Requirements.

(i) No Exchange Member shall have more than one officer,

director or partner of such Exchange Member elected to the Board of Directors during any term.

(ii) The President and Chief Executive Officer shall serve on the Board only for so long as such person remains the President and Chief Executive Officer.

(iii) No Industry Director may serve on the Board of Directors for more than three (3) consecutive terms. In determining the amount of time a Director has served on the Board of Directors, such Director's service as a director for any predecessor entity of the Exchange shall be taken into account. Any such director may be eligible for election following a two-year hiatus from service on the Board of Directors.

Section 3.3 Vacancies and Newly Created Directorships. In the event that a director position becomes available, whether through a vacancy resulting from death, resignation, retirement, disqualification, removal from office or other cause, or a newly created directorship resulting from any increase in the authorized number of directors, the Nominating Committee, in the case of a vacancy for an Industry Directorship, and the Corporate Governance Committee, in the case of a vacancy for a Non-Industry Directorship, shall nominate, and the Board of Directors shall elect, by the affirmative vote of a majority of the remaining directors, though less than a quorum of the Board of Directors, a person satisfying the qualifications for the class of directors in which there is a vacancy, and any director so chosen shall hold office for a term expiring at the annual meeting of holders of Exchange Rights and the Sole LLC Member at which the term of office of the class to which such director has been elected expires and until such director's successor shall have been duly elected and qualified. No decrease in the number of authorized directors constituting the Whole Board shall shorten the term of any incumbent director.

Section 3.4 Resignation. Any director may resign at any time upon written notice to the Exchange. Any such resignation shall take effect at the time specified therein or, if the time be not specified, upon receipt thereof, and the acceptance of such resignation, unless required by the terms thereof, shall not be necessary to make such resignation effective.

Section 3.5 Removal. Any director may be removed from office at any time, but only for cause and only by the affirmative vote of, in the case of the Non-Industry Directors, the Sole LLC Member, and in the case of the Industry Directors, the holders of at least a majority of the Exchange Rights.

Section 3.6 Meetings. Meetings of the Board of Directors, regular or special, may be held at any place within or without the State of Delaware. Members of the Board of Directors, or of any committee designated by the Board of Directors, may participate in a meeting of the Board of Directors or such committee by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting by such means shall constitute presence in person at such meeting. An annual meeting of the Board of Directors shall be held as soon as practicable following each annual meeting of holders of Exchange Rights and

the Sole LLC Member. The Board of Directors may fix times and places for such annual and additional regular meetings of the Board of Directors and no further notice of such meetings need be given. A special meeting of the Board of Directors shall be held whenever called by the Chairman of the Board or by the Secretary if a majority of the Board of Directors shall request such a meeting, at such time and place as shall be specified in the notice or waiver thereof. The person or persons authorized to call a special meeting of the Board of Directors may fix the place and time of the meetings. Notice of any special meeting shall be given to each director at his or her business or residence in writing, by electronic mail or by telegram or by telephone communication. If mailed, such notice shall be deemed adequately delivered when deposited in the United States mails so addressed, with postage thereon prepaid, at least five (5) days before such meeting. If by electronic mail, such notice shall be deemed adequately delivered when the electronic mail is sent at least twenty-four hours before the meeting. If by telegram, such notice shall be deemed adequately delivered when the telegram is delivered to the telegraph company at least twenty-four hours before such meeting. If by facsimile transmission, such notice shall be transmitted at least twenty-four hours before such meeting. If by telephone, the notice shall be given at least twelve hours prior to the time set for the meeting. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the Board of Directors need be specified in the notice of such meeting, except for amendments to this Constitution as provided under Section 10.1 of this Constitution.

Section 3.7 Quorum and Voting. A number of directors equal to at least a majority of the Whole Board, including no less than fifty percent (50%) of the Non-Industry Directors, provided that such requirement shall be deemed satisfied if at least fifty percent (50%) of the Non-Industry Directors are (i) present at or (ii) have waived their attendance for a meeting after receiving an agenda prior to such meeting, shall constitute a quorum for the transaction of business at any meeting of the Board of Directors, but if there be less than a quorum, a majority of the directors present may adjourn the meeting from time to time, and no further notice thereof need be given other than announcement at the meeting so adjourned. Except as otherwise provided by law, by the LLC Agreement, or by this Constitution, the vote of a majority of the directors present at a meeting at which a quorum is present shall be the act of the Board of Directors.

Section 3.8 Written Consent of Directors in Lieu of a Meeting. Any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting if all members of the Board of Directors or of such committee, as the case may be, consent thereto in writing, and the writing or writings are filed with the minutes of proceedings of the Board of Directors or of such committee.

Section 3.9 Compensation. Directors may receive compensation for services to the Exchange in their capacities as directors or otherwise in such manner and in such amounts as may be fixed from time to time by the Board of Directors.

Section 3.10 Nomination of Directors. (a) (i) Subject to Section 3.2(c), nominees for election of the Industry Directors shall be selected by the Nominating Committee as described in Section 5.3(c) or as provided in this Section 3.10.

(ii) In addition to the nominees for Industry Directors named by the Nominating Committee, persons eligible to serve as such may be nominated for election to the Board of Directors by a petition, signed by the holders of not less than five percent (5%) of the outstanding Exchange Rights of the series entitled to elect such person if there are more than eighty (80) Exchange Rights in the series entitled to vote, ten percent (10%) of the outstanding rights of such series entitled to elect such person if there are between eighty (80) and forty (40) Exchange Rights in the series entitled to vote, and twenty-five percent (25%) of the outstanding Exchange Rights of such series entitled to elect such person if there are less than forty (40) Exchange Rights in the series entitled to vote. Such petition must be filed with the Secretary at least 45 days prior to the annual meeting for such year. For purposes of determining whether a person has been nominated for election by petition by the requisite percentage, no Exchange Member, alone or together with its affiliates, may account for more than fifty percent (50%) of the signatures of the holders of outstanding Exchange Rights of the series entitled to elect such person, and any such signatures by such Exchange Member, alone or together with its affiliates, in excess of such fifty percent (50%) limitation shall be disregarded.

(b) (i) Nominees for election of the Non-Industry Directors, including the Public Director(s), shall be selected by the Corporate Governance Committee or by the Sole LLC Member in the manner set forth in subparagraph (ii) below. In the event any nominee named by the Corporate Governance Committee withdraws or becomes ineligible, the Corporate Governance Committee may select an additional nominee to replace the withdrawn or ineligible nominee. In making nominations, such committee shall give due consideration to a member's longevity of service on the Board of Directors and the benefits of rotation of the Non-Industry Directors serving on the Board of Directors.

(ii) In addition to the nominees named by the Corporate Governance Committee, persons may be nominated for election to the Board as Non-Industry Directors by a petition, signed by the Sole LLC Member. Such petition must be filed with the Secretary at least 45 days prior to the annual meeting for such year.

(c) Nominees for director shall provide the Secretary such information as is reasonably necessary to serve as the basis for a determination of the nominee's classification as a Non-Industry Director, a Public Director or an Industry Director.

Section 3.11 Interested Directors. (a) No director shall directly or indirectly participate as a member of the Board of Directors or of any committee in any matter which would substantially affect his or her interest or the interests of any person in whom he or she is directly or indirectly interested, although interested directors may be counted in determining the presence of a quorum at the meeting of the Board of Directors or of a committee which authorizes actions with respect to such matter.

(b) An interested director shall disqualify himself or herself or shall be disqualified by a vote of the Board of Directors or the chairman of any committee.

(c) For purposes of this Section, a director is not personally interested by reason of being or having been a member of a committee which has made prior inquiry, examination or investigation of the subject under consideration, nor in the determination of

matters that may affect the Exchange Members as a whole or certain types of Exchange Members, and Industry Directors shall not be prohibited from participating in such determination by reason of their participation in the normal course of the conduct of Exchange business.

Section 3.12 Chairman of the Board. The Chairman of the Board shall be a Non-Industry Director or Former Employee Director who is elected by the affirmative vote of at least two-thirds of the directors then in office. The Chairman of the Board shall serve as such for a term of one (1) year. The Chairman of the Board shall have the authority provided in this Constitution and the Rules, but shall not be an officer of the Exchange. The Chairman of the Board shall preside at all meetings of holders of Exchange Rights, the Sole LLC Member, and of the Board of Directors.

Section 3.13 Vice Chairman of the Board. The Vice Chairman of the Board shall be elected from among the directors by the affirmative vote of at least two-thirds of the directors then in office. The Vice Chairman of the Board shall serve as such for a term of one (1) year. In the case of the absence or inability of the Chairman of the Board to act, or a vacancy in the office of the Chairman of the Board, the Vice Chairman of the Board shall exercise the powers and discharge the duties of the Chairman of the Board, unless determined otherwise by the Board of Directors. The Vice Chairman of the Board shall have the authority provided in this Constitution and the Rules, but shall not be an officer of the Exchange.

ARTICLE IV

OFFICERS

Section 4.1 Officers. The Board of Directors shall elect a President and Chief Executive Officer, a Secretary and a Treasurer, and one or more Vice Presidents, one or more Assistant Secretaries and one or more Assistant Treasurers. All officers elected by the Board of Directors shall have such powers and duties as generally pertain to their respective offices, subject to the specific provisions of this Article IV, together with such other powers and duties as from time to time may be conferred by the Board of Directors or any committee thereof. Any number of such offices may be held by the same person, but no officer shall execute, acknowledge or verify any instrument in more than one capacity. The Board of Directors may elect, and may delegate power to elect, such other officers, agents and employees as it may deem necessary or proper, who shall hold their offices or positions for such terms, have such authority and perform such duties as may from time to time be determined by or pursuant to authorization of the Board of Directors.

Section 4.2 Election and Term of Office. The officers of the Exchange shall be elected annually by the Board of Directors at the regular meeting of the Board of Directors held after each annual meeting of the Sole LLC Member and holders of Exchange Rights. If the election of officers shall not be accomplished at such meeting, such election shall be accomplished as soon thereafter as convenient. Subject to Section 4.3 of this Constitution, each officer shall hold office until his or her successor shall have been duly elected and shall have qualified or until his or her death, removal or resignation.

Section 4.3 Resignation and Removal. Any officer may resign at any time

upon written notice to the Exchange. Any elected officer may be removed by a majority of the members of the Whole Board, with or without cause, at any time. The Board of Directors may delegate such power of removal as to officers, agents and employees not elected by the Board of Directors. Such removal shall be without prejudice to a person's contract rights, if any, but the appointment of any person as an officer, agent or employee of the Exchange shall not itself create contract rights.

Section 4.4 Compensation and Bond. The compensation of the officers of the Exchange shall be fixed by the Board of Directors, but this power may be delegated to any officer in respect of other officers under his or her control. The Exchange may secure the fidelity of any or all of its officers, agents or employees by bond or otherwise.

Section 4.5 Qualification. The officers and employees of the Exchange shall not be holders of Exchange Rights nor affiliated with an Exchange Member.

Section 4.6 President and Chief Executive Officer. (a) The President and Chief Executive Officer shall be elected by the Board of Directors pursuant to Section 4.1 and shall be nominated for a directorship by virtue of his or her office. The President and Chief Executive Officer shall manage the affairs of the Exchange and shall be the representative of the Exchange in all public matters. The President and Chief Executive Officer shall not engage in any other occupation during his or her incumbency except with the approval of the Board of Directors. The President and Chief Executive Officer may be removed by a vote of two-thirds of the directors then in office, exclusive of the President and Chief Executive Officer, in the event that he or she refuses, fails, neglects or is unable to discharge his or her duties or for any cause affecting the best interests of the Exchange. In the case of temporary absence or inability to act, the President and Chief Executive Officer may designate any other officer to assume all the functions and discharge all the duties of the President and Chief Executive Officer. Upon his or her failure to do so, or if the office of the President and Chief Executive Officer is vacant, any officer so designated by the Board of Directors shall perform the functions and duties of the President and Chief Executive Officer.

(b) The President and Chief Executive Officer shall have such powers and perform such duties as the Board of Directors may from time to time prescribe.

Section 4.7 Vice Presidents. Each Vice President shall have such powers and perform such duties as the Board of Directors may from time to time prescribe.

Section 4.8 Treasurer. The Treasurer shall have charge of all funds and securities of the Exchange, shall endorse the same for deposit or collection when necessary and deposit the same to the credit of the Exchange in such banks or depositaries as the Board of Directors may authorize. He or she may endorse all commercial documents requiring endorsements for or on behalf of the Exchange, may sign all receipts and vouchers for payments made to the Exchange and may disburse funds in accordance with the Rules or as directed by the Board of Directors. He or she shall have all such further powers and duties as generally are incident to the position of Treasurer or as may be assigned to him or her by the Board of Directors.

Section 4.9 Secretary. The Secretary shall record all the proceedings of the

meetings of the holders of Exchange Rights, the Sole LLC Member and the Board of Directors in a book to be kept for that purpose and shall also record therein all action taken by written consent of directors in lieu of a meeting. He or she shall determine whether a nominee for either director or a prospective committee member meets the required qualifications for such a position and shall review the qualifications of such persons at least annually. He or she shall attend to the giving and serving of all notices of the Exchange. He or she shall have charge of the ledger setting forth the holders of Exchange Rights and such other books and papers as the Board of Directors may direct, but he or she may delegate responsibility for maintaining such ledger to any transfer agent appointed by the Board of Directors. He or she shall have all such further powers and duties as generally are incident to the position of Secretary or as may be assigned to him or her by the Board of Directors.

Section 4.10 Assistant Treasurers. In the absence or inability to act of the Treasurer, any Assistant Treasurer may perform all the duties and exercise all the powers of the Treasurer. An Assistant Treasurer shall also perform such other duties as the Treasurer or the Board of Directors may assign to him.

Section 4.11 Assistant Secretaries. In the absence or inability to act of the Secretary, any Assistant Secretary may perform all the duties and exercise all the powers of the Secretary. An Assistant Secretary shall also perform such other duties as the Secretary or the Board of Directors may assign to him.

Section 4.12 Delegation of Duties. In case of the absence of any officer of the Exchange, or for any other reason that the Board of Directors may deem sufficient, the Board of Directors may confer for the time being the powers or duties, or any of them, of such officer upon any other officer or upon any director.

ARTICLE V

COMMITTEES

Section 5.1 Committees of the Board of Directors. (a) The Board of Directors may from time to time, by resolution passed by a majority of the Whole Board, designate one or more additional committees (the "Board Committees"), each committee to consist of one or more directors of the Exchange. The Board of Directors may designate one or more directors as alternate members of any Board Committee, who may replace any absent or disqualified member at any meeting of the committee. The resolution of the Board of Directors may, in addition or alternatively, provide that in the absence or disqualification of a member of a Board Committee, the member or members thereof present at any meeting and not disqualified from voting, whether or not he, she or they constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in the place of any such absent or disqualified member. Any such Board Committee, to the extent provided in the resolution of the Board of Directors or in this Constitution, shall have and may exercise all the powers and authority of the Board of Directors in the management of the business and affairs of the Exchange, and may authorize the seal of the Exchange to be affixed to all papers which may require it, except with respect to those matters referred to in Section 5.2 of this Constitution and as otherwise provided by law. Unless the resolution of the Board of Directors expressly so provides, no such Board Committee shall have the power or authority to

authorize the issuance of Exchange Rights. Any such Board Committee may adopt rules governing the method of calling and time and place of holding its meetings. Unless otherwise set forth herein or as provided by the Board of Directors, a majority of any such Board Committee (or the member thereof, if only one) shall constitute a quorum for the transaction of business, and the vote of a majority of the members of such Board Committee present at a meeting at which a quorum is present shall be the act of such Board Committee. Each such Board Committee shall keep a record of its acts and proceedings and shall report thereon to the Board of Directors whenever requested so to do. Any or all members of any such Board Committee may be removed, with or without cause, by resolution of the Board of Directors, passed by a majority of the Whole Board.

(b) A committee or subcommittee, other than a Board Committee, may consist of industry and non-industry representatives who are not directors. Such committee members may be appointed by the Board of Directors or the Board of Directors may delegate such authority. Such committee members may only be removed, with or without cause, by resolution of the Board of Directors, passed by a majority of the Whole Board. Each prospective committee member who is not a director shall, upon request, provide the Secretary of the Exchange with such information as is reasonably requested in order to verify that the prospective committee member meets any specified qualifications.

Section 5.2 Executive Committee. The Executive Committee shall consist of six (6) Directors, including the Chairman of the Board, the Vice Chairman of the Board, the President and Chief Executive Officer and three (3) Non-Industry Directors. The Board shall appoint the members of the Executive Committee in accordance with this Section 5.2. The Chairman of the Executive Committee shall be the President and Chief Executive Officer of the Exchange. The Executive Committee shall have and may exercise all the powers and authority of the Board of Directors except that the Executive Committee shall not have the powers of the Board of Directors with respect to approving any merger, consolidation, sale of substantially all of the assets or dissolution of the Exchange.

Section 5.3 Nominating Committee. (a) The Nominating Committee shall not act as a committee of the Board of Directors, but rather shall be a committee of the Exchange. The Nominating Committee shall be composed of three (3) industry representatives. No officer or employee of the Exchange shall serve on the Nominating Committee. Not less than 60 days, but not more than 75 days, prior to each annual meeting of the Sole LLC Member and holders of Exchange Rights, the Nominating Committee shall select nominees for each Industry Directorship to be filled. The Board shall appoint the members of the Nominating Committee in accordance with the qualifications prescribed in this Section 5.3.

(b) A member of the Nominating Committee may not simultaneously serve on the Board of Directors, unless such member is in the final year of his or her term as director and does not stand for reelection to the Board of Directors until such time as he or she is no longer a member of the Nominating Committee.

(c) The Nominating Committee shall nominate persons for election to the Board of Directors as the Industry Directors by the holders of Exchange Rights during the annual meeting pursuant to the following:

(1) The Nominating Committee shall meet on such dates and at such times as determined by the Committee for the purpose of selecting not less than one (1) nominee for each expiring term and vacancy on the Board of Directors for Industry Directors.

(2) The Nominating Committee will accept recommendations of nominations for an expiring term or vacancy of an Industry Director from the holders of Exchange Rights.

(3) In the event any nominee named by the Nominating Committee withdraws or becomes ineligible, the Nominating Committee may select an additional nominee to replace the withdrawn or ineligible nominee.

(d) At all meetings, a quorum for the transaction of business shall consist of a majority of the members of the Nominating Committee. In the absence of a quorum, a majority of the committee members present may adjourn the meeting until a quorum is present.

Section 5.4 Corporate Governance Committee. The Corporate Governance Committee shall consist of at least three (3) of the Non-Industry Directors, each of whom shall meet the requirements established in the Corporate Governance Committee charter. The Board of Directors shall adopt a charter setting forth the responsibilities of the Corporate Governance Committee.

Section 5.5 Finance & Audit Committee. The Finance & Audit Committee shall consist of not less than three (3) and no more than five (5), Non-Industry Directors each of whom shall meet the requirements established in the Finance & Audit Committee charter. The Board of Directors shall adopt a charter setting forth the responsibilities of the Finance & Audit Committee.

Section 5.6 Compensation Committee. The Compensation Committee shall consist of not less than three (3), and no more than five (5), Non-Industry Directors each of whom shall meet the requirements established in the Compensation Committee charter. The Board of Directors shall adopt a charter setting forth the responsibilities of the Compensation Committee.

Section 5.7 Conduct of Proceedings. Except as otherwise provided in this Constitution, the Rules or by resolution of the Board of Directors, each Committee may determine the manner in which its proceedings shall be conducted.

ARTICLE VI

INDEMNIFICATION AND INSURANCE

Section 6.1 Right to Indemnification. Each person who was or is made a party or is threatened to be made a party to or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (hereinafter a "proceeding"), by reason of the fact that he or she or a person of whom he or she is the legal representative is or was a director or an officer of the Exchange or is or was serving at the

request of the Exchange as a director, officer, employee or agent of any other corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to any employee benefit plan (hereinafter an "indemnitee"), whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent or in any other capacity while serving as a director, officer, employee or agent, shall be indemnified and held harmless by the Exchange to the fullest extent authorized by the Act, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Exchange to provide broader indemnification rights than the Act permitted the Exchange to provide prior to such amendment), against all expense, liability and loss (including, without limitation, attorneys' fees, judgments, fines, excise taxes or penalties under the Employee Retirement Income Security Act of 1974, as amended, and amounts paid or to be paid in settlement) reasonably incurred by such indemnitee in connection therewith; provided, however, that except as provided in Section 6.3 with respect to proceedings seeking to enforce rights to indemnification, the Exchange shall indemnify any such indemnitee seeking indemnification in connection with a proceeding (or part thereof) initiated by such indemnitee only if such proceeding (or part thereof) was authorized by the Board of Directors.

Section 6.2 Right to Advancement of Expenses. The right to indemnification conferred in Section 6.1 shall include the right to be paid by the Exchange the expenses (including attorneys' fees) incurred in defending any such proceeding in advance of its final disposition (hereinafter an "advancement of expenses"); provided, however, that, if the Act requires, an advancement of expenses incurred by an indemnitee in his or her capacity as a director or officer (and not in any other capacity in which service was or is rendered by such indemnitee, including, without limitation, service to an employee benefit plan) shall be made only upon delivery to the Exchange of an undertaking (hereinafter an "undertaking"), by or on behalf of such indemnitee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal (hereinafter a "final adjudication") that such indemnitee is not entitled to be indemnified for such expenses under this Section 6.2 or otherwise.

Section 6.3 Right of Indemnitee to Bring Suit. If a claim under Section 6.1 or Section 6.2 is not paid in full by the Exchange within thirty (30) days after a written claim has been received by the Exchange, except in the case of a claim for an advancement of expenses, in which case the applicable period shall be twenty (20) days, the indemnitee may at any time thereafter bring suit against the Exchange to recover the unpaid amount of the claim. If successful in whole or in part in any such suit, or in a suit brought by the Exchange to recover an advancement of expenses pursuant to the terms of an undertaking, the indemnitee shall be entitled to be paid also the expense of prosecuting or defending such suit. In (i) any suit brought by the indemnitee to enforce a right to indemnification hereunder (but not in a suit brought by the indemnitee to enforce a right of an advancement of expenses) it shall be a defense that, and (ii) in any suit brought by the Exchange to recover an advancement of expenses pursuant to the terms of an undertaking, the Exchange shall be entitled to recover such expenses upon a final adjudication that, the indemnitee has not met any applicable standard for indemnification set forth in the Act. Neither the failure of the Exchange (including its Board of Directors, independent legal counsel or the Sole LLC Member) to have made a determination prior to the commencement of such action that indemnification of the indemnitee is proper in the circumstances because the indemnitee has

met the applicable standard of conduct set forth in the Act, nor an actual determination by the Exchange (including its Board of Directors, independent legal counsel or the Sole LLC Member) that the indemnitee has not met such applicable standard of conduct, shall create a presumption that the indemnitee has not met the applicable standard of conduct or, in the case of such a suit brought by the indemnitee, be a defense to such suit. In any suit brought by the indemnitee to enforce a right to indemnification or to an advancement of expenses hereunder, or brought by the Exchange to recover an advancement of expenses pursuant to the terms of an undertaking, the burden of proving that the indemnitee is not entitled to be indemnified, or to such advancement of expenses, under this Article VI or otherwise shall be on the Exchange.

Section 6.4 Non-Exclusivity of Rights. The right to indemnification and the advancement of expenses conferred in this Article VI shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, provision of the LLC Agreement, provision of this Constitution, agreement, vote of the Sole LLC Member or disinterested directors or otherwise.

Section 6.5 Insurance. The Exchange may maintain insurance, at its expense, to protect itself and any director, officer, employee or agent of the Exchange or another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss, whether or not the Exchange would have the power to indemnify such person against such expense, liability or loss under the law.

Section 6.6 Indemnification of Employees and Agents of the Exchange. The Exchange may, to the extent authorized from time to time by the Board of Directors, grant rights to indemnification, and rights to the advancement of expenses, to any employee or agent of the Exchange to the fullest extent of the provisions of this Article VI with respect to the indemnification and advancement of expenses of directors and officers of the Exchange.

Section 6.7 Contract Rights. III. Organisation der Gesellschaft

A. Generalversammlung

Artikel 8 – Befugnisse

Oberstes Organ der Gesellschaft ist die Generalversammlung der Aktionäre. Ihr stehen folgende unübertragbare Befugnisse zu:

1. die Festsetzung und Änderung der Statuten;
2. die Wahl der Mitglieder des Verwaltungsrates und der Revisionsstelle;
3. die Genehmigung des Jahresberichtes und der Konzernrechnung;
4. die Genehmigung der Jahresrechnung sowie die Beschlussfassung über die Verwendung des Bilanzgewinnes, insbesondere die Festsetzung der Dividende und der Tantieme;
5. die Entlastung der Mitglieder des Verwaltungsrates;
6. die Beschlussfassung über die Gegenstände, die der Generalversammlung durch das Gesetz oder die Statuten vorbehalten sind.

Artikel 9 – Einberufung und Traktandierung

Die ordentliche Versammlung findet alljährlich innerhalb sechs Monaten nach Schluss des Geschäftsjahres statt, ausserordentliche Versammlungen werden je nach Bedürfnis einberufen.

Die Generalversammlung ist spätestens 20 Tage vor dem Versammlungstag per Post, per Telefax, oder per E-Mail an die Aktionäre und Nutzniesser einzuberufen. Die Einberufung erfolgt durch den Präsidenten des Verwaltungsrates. Das Einberufungsrecht steht auch den Liquidatoren und den Vertretern der Anleihensgläubiger zu.

Die Einberufung einer Generalversammlung kann auch von einem oder mehreren Aktionären, die zusammen mindestens 10 Prozent des Aktienkapitals vertreten, verlangt werden. Aktionäre, die Aktien im Nennwert von 1 Million Franken vertreten, können die Traktandierung eines Verhandlungsgegenstandes verlangen. Einberufung und Traktandierung werden schriftlich unter Angabe des Verhandlungsgegenstandes und der Anträge angebeht.

In der Einberufung sind die Verhandlungsgegenstände sowie die Anträge des Verwaltungsrates und der Aktionäre bekanntzugeben, welche die Durchführung einer Generalversammlung oder die Traktandierung eines Verhandlungsgegenstandes verlangt haben.

Spätestens 20 Tage vor der ordentlichen Generalversammlung sind der Geschäftsbericht und der Revisionsbericht den Aktionären am Gesellschaftssitz zur Einsicht aufzulegen. Jeder Aktionär kann verlangen, dass ihm unverzüglich eine Ausfertigung dieser Unterlagen zugestellt wird. Die Aktionäre sind hierüber in der Einberufung zu unterrichten.

Über Anträge zu nicht gehörig angekündigten Verhandlungsgegenständen können keine Beschlüsse gefasst werden; ausgenommen sind Anträge auf Einberufung einer ausserordentlichen Generalversammlung, auf Durchführung einer Sonderprüfung und auf Wahl einer Revisionsstelle infolge Begehrens eines Aktionärs.

Zur Stellung von Anträgen im Rahmen der Verhandlungsgegenstände und zu Verhandlungen ohne Beschlussfassung bedarf es keiner vorgängigen Ankündigung.

Artikel 10 – Universalversammlung

Die Eigentümer oder Vertreter sämtlicher Aktien können, falls kein Widerspruch erhoben wird, eine Generalversammlung ohne Einhaltung der für die Einberufung vorgeschriebenen Formvorschriften abhalten (Universalversammlung).

In dieser Versammlung kann über alle in den Geschäftskreis der Generalversammlung fallenden Gegenstände gültig verhandelt und Beschluss gefasst werden, solange die Eigentümer oder Vertreter sämtlicher Aktien anwesend sind.

Artikel 11 – Vorsitz und Protokoll

Den Vorsitz in der Generalversammlung führt der Präsident, in dessen Verhinderungsfalle ein anderes vom Verwaltungsrat bestimmtes Mitglied desselben. Ist kein Mitglied des Verwaltungsrates anwesend, wählt die Generalversammlung einen Tagesvorsitzenden.

Der Vorsitzende bezeichnet den Protokollführer und die Stimmzähler, die nicht Aktionäre zu sein brauchen. Das Protokoll ist vom Vorsitzenden und vom Protokollführer zu unterzeichnen. Die Aktionäre sind berechtigt, das Protokoll einzusehen.

Artikel 12 – Stimmrecht und Vertretung

Die Aktionäre üben ihr Stimmrecht in der Generalversammlung nach Verhältnis des gesamten Nennwerts der ihnen gehörenden Aktien aus.

Jeder Aktionär kann seine Aktien in der Generalversammlung selbst vertreten oder durch einen Dritten vertreten lassen, der nicht Aktionär zu sein braucht. Der Vertreter hat sich durch schriftliche Vollmacht auszuweisen.

Artikel 13 – Beschlussfassung

Die Generalversammlung fasst ihre Beschlüsse und vollzieht ihre Wahlen, soweit das Gesetz oder die Statuten es nicht anders bestimmen, mit der absoluten Mehrheit der vertretenen Aktienstimmen. Bei Stimmgleichheit gilt ein Antrag als abgelehnt. Dem Vorsitzenden steht kein Stichentscheid zu.

Ein Beschluss der Generalversammlung, der mindestens zwei Drittel der vertretenen Stimmen und die absolute Mehrheit der vertretenen Aktiennennwerte auf sich vereinigt, ist erforderlich für:

1. die Änderung des Gesellschaftszweckes;
2. die Einführung von Stimmrechtsaktien;
3. die Erleichterung oder Aufhebung der Beschränkung der Übertragbarkeit der Namensaktien;
4. eine genehmigte oder eine bedingte Kapitalerhöhung;
5. die Kapitalerhöhung aus Eigenkapital, gegen Sacheinlage oder zwecks Sachübernahme und die Gewährung von besonderen Vorteilen;

6. die Einschränkung oder Aufhebung des Bezugsrechtes;
7. die Verlegung des Sitzes der Gesellschaft;
8. die Auflösung der Gesellschaft.

Statutenbestimmungen, die für die Fassung bestimmter Beschlüsse grössere Mehrheiten als die vom Gesetz vorgeschriebenen festlegen, können nur mit dem erhöhten Mehr eingeführt und aufgehoben werden.

B. Verwaltungsrat

Artikel 14 – Wahl und Zusammensetzung

Der Verwaltungsrat der Gesellschaft besteht aus einem oder mehreren Mitgliedern.

Die Mitglieder des Verwaltungsrates werden auf drei Jahre gewählt. Die Generalversammlung kann bei der Wahl eine andere Amtszeit bestimmen.

Der Verwaltungsrat konstituiert sich selbst. Er bezeichnet seinen Präsidenten und den Sekretär. Dieser muss dem Verwaltungsrat nicht angehören.

Artikel 15 – Sitzungen und Beschlussfassung

Der Verwaltungsrat tagt, so oft es die Geschäfte erfordern, mindestens aber zweimal jährlich. Jedes Mitglied des Verwaltungsrates kann unter Angabe der Gründe vom Präsidenten die unverzügliche Einberufung einer Sitzung verlangen.

Die Einberufung erfolgt auf dem Postweg, per Telefax oder per E-Mail unter Angabe der Traktanden. Der Präsident führt den Vorsitz. Ist dieser verhindert, bestimmt er einen Vorsitzenden welcher ihn vertritt.

Der Verwaltungsrat ist grundsätzlich beschlussfähig, wenn die Mehrheit seiner Mitglieder anwesend ist. Kein Präsenzquorum muss eingehalten werden, wenn er ausschliesslich die erfolgte Durchführung einer Kapitalerhöhung festzustellen und die anschliessend vorzunehmenden Statutenänderungen zu beschliessen sind.

Die Beschlüsse des Verwaltungsrates werden mit der Mehrheit der abgegebenen Stimmen gefasst. Bei der Beschlussfassung in Sitzungen des Verwaltungsrates hat der Vorsitzende den Stichentscheid.

Beschlüsse können auch auf dem Zirkularweg gefasst werden, es sei denn, ein Mitglied verlange innert drei Geschäftstagen nach Erhalt des entsprechenden Antrages telefonisch, per Telefax oder E-Mail die Beratung in einer Sitzung.

Über die Verhandlungen und Beschlüsse ist ein Protokoll zu führen, das vom Vorsitzenden und vom Sekretär unterzeichnet wird.

Artikel 16 – Recht auf Auskunft und Einsicht

Jedes Mitglied des Verwaltungsrates kann Auskunft über alle Angelegenheiten der Gesellschaft verlangen.

In den Sitzungen sind alle Mitglieder des Verwaltungsrates sowie die mit der Geschäftsführung betrauten Personen zur Auskunft verpflichtet.

Ausserhalb der Sitzungen kann jedes Mitglied von den mit der Geschäftsführung betrauten Personen Auskunft über den Geschäftsgang und, mit Ermächtigung des Präsidenten, auch über einzelne Geschäfte verlangen.

Soweit es für die Erfüllung einer Aufgabe erforderlich ist, kann jedes Mitglied dem Präsidenten beantragen, dass ihm Bücher und Akten vorgelegt werden.

Weist der Präsident ein Gesuch auf Auskunft, Anhörung oder Einsicht ab, so entscheidet der Verwaltungsrat.

Regelungen oder Beschlüsse des Verwaltungsrates, die das Recht auf Auskunft und Einsichtnahme der Verwaltungsräte erweitern, bleiben vorbehalten.

Artikel 17 – Aufgaben

Der Verwaltungsrat kann in allen Angelegenheiten Beschluss fassen, die nicht nach Gesetz oder Statuten der Generalversammlung zugeteilt sind. Er führt die Geschäfte der Gesellschaft, soweit er die Geschäftsführung nicht übertragen hat.

Der Verwaltungsrat hat folgende unübertragbare und unentziehbare Aufgaben:

1. die Oberleitung der Gesellschaft und die Erteilung der nötigen Weisungen;
2. die Festlegung der Organisation;
3. die Ausgestaltung des Rechnungswesens, der Finanzkontrolle sowie der Finanzplanung, sofern diese für die Führung der Gesellschaft notwendig ist;
4. die Ernennung und Abberufung der mit der Geschäftsführung und der Vertretung betrauten Personen;
5. die Oberaufsicht über die mit der Geschäftsführung betrauten Personen, namentlich im Hinblick auf die Befolgung der Gesetze, Statuten, Reglemente und Weisungen;
6. die Erstellung des Geschäftsberichtes sowie die Vorbereitung der Generalversammlung und die Ausführung ihrer Beschlüsse;
7. die Benachrichtigung des Richters im Falle der Überschuldung.

Der Verwaltungsrat kann die Vorbereitung und die Ausführung seiner Beschlüsse oder die Überwachung von Geschäften Ausschüssen oder einzelnen Mitgliedern zuweisen. Er hat für eine angemessene Berichterstattung an seine Mitglieder zu sorgen.

Artikel 18 – Entschädigung

Der Verwaltungsrat bestimmt die Höhe der seinen Mitgliedern zukommenden festen Entschädigung nach Massgabe ihrer Beanspruchung und Verantwortlichkeit. Ausserordentliche Bemühungen ausserhalb der normalen Verwaltungstätigkeit sind zusätzlich zu entschädigen.

Artikel 19 – Übertragung der Geschäftsführung und der Vertretung

Der Verwaltungsrat kann die Geschäftsführung nach Massgabe eines Organisationsreglementes ganz oder zum Teil an einzelne Mitglieder oder an Dritte übertragen.

Sofern der Verwaltungsrat von dieser Möglichkeit Gebrauch macht, ordnet dieses Reglement die Geschäftsführung, bestimmt die hierfür erforderlichen Stellen, umschreibt deren Aufgaben und regelt insbesondere die Berichterstattung.

Soweit die Geschäftsführung nicht übertragen worden ist, steht sie allen Mitgliedern des Verwaltungsrates gesamthaft zu.

Der Verwaltungsrat kann die Vertretung einem oder mehreren Mitgliedern (Delegierte) oder Dritten (Direktoren) übertragen. Mindestens ein Mitglied des Verwaltungsrates muss zur Vertretung befugt sein.

C. Revisionsstelle

Artikel 20 – Revision

Die Generalversammlung wählt eine Revisionsstelle gemäss den Anforderungen des Obligationenrechts und des Revisionsaufsichtsgesetzes.

Sie kann auf die Wahl einer Revisionsstelle verzichten, wenn:

1. die Gesellschaft nicht zur ordentlichen Revision verpflichtet ist;
2. sämtliche Aktionäre zustimmen; und
3. die Gesellschaft nicht mehr als zehn Vollzeitstellen im Jahresdurchschnitt hat.

Der Verzicht gilt auch für die nachfolgenden Jahre. Jeder Aktionär hat jedoch das Recht, spätestens 10 Tage vor der Generalversammlung die Durchführung einer eingeschränkten Revision und die Wahl einer entsprechenden Revisionsstelle zu verlangen. Die Generalversammlung darf diesfalls die Beschlüsse über die Genehmigung des Jahresberichtes und der Jahresrechnung sowie über die Verwendung des Bilanzgewinnes, insbesondere die Festsetzung der Dividende, erst fassen, wenn der Revisionsbericht vorliegt.

Artikel 21 – Anforderungen an die Revisionsstelle

Als Revisionsstelle können eine oder mehrere natürliche oder juristische Personen oder Personengesellschaften gewählt werden.

Die Revisionsstelle muss ihren Wohnsitz, ihren Sitz oder eine eingetragene Zweigniederlassung in der Schweiz haben. Hat die Gesellschaft mehrere Revisionsstellen, so muss zumindest eine diese Voraussetzungen erfüllen.

Ist die Gesellschaft zur ordentlichen Revision verpflichtet, so muss die Generalversammlung als Revisionsstelle einen zugelassenen Revisionsexperten bzw. ein staatlich beaufsichtigtes Revisionsunternehmen nach den Vorschriften des Revisionsaufsichtsgesetzes vom 16. Dezember 2005 wählen.

Ist die Gesellschaft zur eingeschränkten Revision verpflichtet, so muss die Generalversammlung als Revisionsstelle einen zugelassenen Revisor nach den Vorschriften des Revisions-

aufsichtsgesetzes vom 16. Dezember 2005 wählen. Vorbehalten bleibt der Verzicht auf die Wahl einer Revisionsstelle nach Artikel 19.

Die Revisionsstelle muss nach Art. 728 bzw. 729 OR unabhängig sein:

Die Revisionsstelle wird für ein Geschäftsjahr gewählt. Ihr Amt endet mit der Abnahme der letzten Jahresrechnung. Eine Wiederwahl ist möglich. Eine Abberufung ist jederzeit und fristlos möglich.

IV. Rechnungsabschluss und Gewinnverteilung

Artikel 22 – Geschäftsjahr und Buchführung

Das Geschäftsjahr beginnt am 1. Januar und endet am 31. Dezember, erstmals am 31. Dezember 2011.

Die Jahresrechnung, bestehend aus Erfolgsrechnung, Bilanz und Anhang, ist gemäss den Vorschriften des Schweizerischen Obligationenrechts, insbesondere der Art. 662a ff. und 958 ff. OR, sowie nach den Grundsätzen der ordnungsgemässen Rechnungslegung aufzustellen.

Artikel 23 – Reserven und Gewinnverwendung

Aus dem Jahresgewinn ist zuerst die Zuweisung an die Reserven entsprechend den Vorschriften des Gesetzes vorzunehmen. Der Bilanzgewinn steht zur Verfügung der Generalversammlung, die ihn im Rahmen der gesetzlichen Auflagen (insbesondere Art. 671 ff. OR) nach freiem Ermessen verwenden kann.

Artikel 24 – Auflösung und Liquidation

Die Auflösung der Gesellschaft kann durch einen Beschluss der Generalversammlung, über den eine öffentliche Urkunde zu errichten ist, erfolgen.

Die Liquidation wird durch den Verwaltungsrat besorgt, falls sie nicht durch einen Beschluss der Generalversammlung anderen Personen übertragen wird. Die Liquidation erfolgt gemäss Art. 742 ff. OR.

Das Vermögen der aufgelösten Gesellschaft wird nach Tilgung ihrer Schulden nach Massgabe der einbezahlten Beträge unter die Aktionäre verteilt.

Streitigkeiten über Gesellschaftsangelegenheiten zwischen der Gesellschaft und ihren Organen oder Aktionären oder zwischen Mitgliedern von Organen entscheidet unter Ausschluss der ordentlichen Gerichte ein Schiedsgericht von drei Mitgliedern mit Sitz in Zürich.

Jede Partei bezeichnet innerhalb von 30 Tagen einen Schiedsrichter und diese bestimmen zusammen den Vorsitzenden. Können sie sich über die Person des Vorsitzenden nicht innerhalb von 30 Tagen einigen, so wird der Direktor der Zürcher Handelskammer ersucht, diesen zu benennen.

Für das Schiedsgericht gilt das Schweizer Zivilprozessrecht.

Articles of Incorporation

for

Eurex Zürich AG
(Eurex Zurich Ltd)
(Eurex Zurich SA)

I. Name, Corporate Seat, Term and Purpose

Section 1

A limited stock corporation (Aktiengesellschaft), which has its legal seat in Zurich, has been established under the name of

Eurex Zürich AG
Eurex Zurich Ltd
Eurex Zurich SA

pursuant to Article 620 ff. OR (Swiss Code of Obligations). The Corporation has been established for an undefined period of time.

Section 2

The Corporation operates an international operational organization for the electronic trading of products of the financial market, in particular the on-exchange derivatives trade (e.g. options and futures) as well as the off-exchange trade of less standardized products of the financial market (e.g. securities repurchase and securities lending operations). The Corporation may provide services in the field of the electronic stock exchange trade, in particular in the field of software development as well as of the processing and providing of financial data.

The Corporation is entitled to transact any business, take any action and perform any other acts, which appear to be directly or indirectly necessary, suitable or useful to achieve the corporate objectives. The Corporation may, in particular, acquire and dispose of real estate, acquire and exploit commercial property rights and know-how, establish branches within and outside Switzerland and participate in, establish or acquire any undertakings of the same or a similar kind or, by way of exception, of a different kind. Furthermore, the Corporation may enter into intra-Group agreements and joint ventures.

II. Share Capital and Shares

Section 3

The share capital of the Corporation is CHF 10,000,000; it is divided into 10,000 registered shares with limited transferability at a nominal value of CHF 1,000 each. The shares have been fully paid in.

Section 4

No paper share certificates are issued. However, the Corporation may issue the shareholder with a confirmation if required.

By way of an amendment to the Articles of Incorporation, the General Shareholders' Meeting may, at any time, convert registered shares into bearer shares or bearer shares into registered shares.

Section 5

The Board of Directors shall keep a share ledger, in which the names and addresses of the owners and beneficiaries are registered. Only persons who are registered in the share ledger shall be recognized as shareholders or beneficiaries with respect to the Corporation.

Transfers of shares require approval by the Board of Directors. Approval may be withheld for cause.

The following reasons are regarded as cause:

1. keeping away purchasers which operate, hold shares in or are employed by a company which considered a competitor with regard to the corporate purpose;
2. securing the position of the Corporation as an economically independent company;
3. acquiring and holding shares on behalf or in the interest of third parties.

Approval may be withheld without giving reasons provided that the Board of Directors purchases the shares (for the account of the Corporation, certain shareholders or third parties) at their actual value at the time of the request.

Subsequent to a hearing of the concerned party, the Corporation may delete entries from the share ledger provided that such entries were made on the basis of false statements by the purchaser. The purchaser must be notified of the deletion immediately.

III. Organization of the Corporation

Section 6

The corporate bodies are:

- A. the Shareholders' Meeting
- B. the Board of Directors
- C. the Executive Board
- D. the Auditors

A. Shareholders' Meeting

Section 7

The Shareholders' Meeting is the highest corporate body. It has the following non-delegable authorities and powers:

1. the establishment and amendment of the Articles of Incorporation;
2. election and dismissal of the members and the President of the Board of Directors, as well as of the Auditors;
3. approval of the annual report, the annual financial statement and the consolidated financial statement as well as of the passing of resolutions with regard to the utilization of the distributable profit, in particular the fixing of dividends and bonuses;
4. discharge of the members of the Board of Directors;

5. passing of resolutions with regard to matters, which are reserved for the Shareholders' Meeting by law or by the Articles of Incorporation, or with which it has been presented by the Board of Directors.

Section 8

The ordinary Shareholders' Meeting shall take place each year within six weeks after the expiration of the fiscal year.

Extraordinary Shareholders' Meetings shall be convened as often as necessary, in particular in the cases provided for by law.

The Board of Directors must convene an extraordinary Shareholders' Meeting if shareholders, which represent at least 10 percent of the share capital, request such convention in writing; the request for such convention must specify items for discussion and the motions.

Section 9

The Shareholders' Meeting shall be convened by the Board of Directors or, if necessary, by the Auditors. The liquidators are also entitled to convene a Shareholders' Meeting.

The Shareholders' Meeting shall be convened by a mailed convening notice, by telefax or by e-mail; such convening notice must be sent at the latest twenty days prior to the date of the meeting. The convening notice must state the items for discussion as well as the motions by the Board of Directors and by the shareholders, which requested the convention of the Shareholders' Meeting or which led to the items for discussion being placed on the agenda.

Subject to the provisions governing the Universal Meeting, no resolutions may be passed with regard to matters which have not been announced in this manner, except for motions with regard to the convention of an extraordinary Shareholders' Meeting or with regard to

the conducting of a special audit. However, no prior announcement is required for motions with regard to the items for discussion and with regard to negotiations which do not involve the passing of resolutions.

The owners or representatives of all shares may, if no objection is raised, hold a Shareholders' Meeting without complying with the formalities governing the convention of a Shareholders' Meeting (Universal Meeting). Provided that the owners or representatives of all shares are present, all matters which belong to the sphere of authority of the Shareholders' Meeting may be negotiated and valid resolutions may be passed on such matters, in such Universal Meeting.

The management report and the audit report must be displayed at the seat of the Corporation for inspection by the shareholders at the latest twenty days prior to the date of the ordinary Shareholders' Meeting. Such displaying of reports must be indicated in the convening notice of the Shareholders' Meeting.

Section 10

The Shareholders' Meeting shall be chaired by the President or, in case he is prevented, by another member of the Board of Directors or by an interim President elected by the Shareholders' Meeting.

The chairman shall appoint the minute taker and the teller, both of whom are not required to be shareholders.

The Board of Directors is responsible for the recording of the minutes which are to be signed by the chairman and the minute taker.

Section 11

Each share is entitled to one vote.

Each shareholder may have another person, who shall identify himself by means of a written power of attorney, represent him. The representing person is not required to be a shareholder.

The Shareholders' Meeting passes resolutions and carries out elections by way of a simple majority of the share votes present provided that the law or the Articles of Incorporation do not contain provisions to the contrary.

In case the election is undecided after the first round of voting in an election, a second round of voting shall take place, in which the simple majority shall be decisive.

Elections and votes shall be open unless the chairman or one of the shareholders requests voting by secret ballot.

Section 12

A resolution of the Shareholders' Meeting, which polls at least two thirds of the represented share votes and the absolute majority of the represented par values per share, is required, in addition to the statutory quorum regulations pursuant to Article 704 Paragraph 1 OR, in order to:

1. reduce or lift the restriction on the transferability of registered shares;
2. convert registered shares into bearer shares;
3. dissolve the Corporation by way of liquidation;
4. amend this Section.

B. Board of Directors

Section 13

The Board of Directors consists of one or several members. The Board of Directors shall be elected for a term of three years. The term of office of the members of the Board of Directors shall end on the day of the next ordinary Shareholders' Meeting. Prior resignation from office or recall shall remain reserved. New members enter into the term of office of the member whom they are replacing. The members of the Board of Directors may be re-elected at any time.

The Board of Directors shall be self-constituted subject to the provisions of Section 7 Number 2 (election of the President by the Shareholders' Meeting). It shall appoint a secretary, who is not required to be a member of the Board of Directors.

Section 14

The Board of Directors is responsible for the overall management of the Corporation as well as for the supervision and monitoring of the Executive Board. It shall see to all matters which have not been delegated to another corporate body by law, the Articles of Incorporation or by the Organization Regulations.

In accordance with the Organization Regulations and the Rules of Procedure, the Board of Directors shall delegate the business management to the Executive Board. The Board of Directors shall issue the Organization Regulations as well as the Rules of Procedure, and it shall regulate the corresponding contractual relationships.

The Board of Directors shall have the following non-delegable and inalienable duties:

1. Overall management of the Corporation and issuing of the necessary directives;

2. Establishment of the organization and creation of the agencies required by stock exchange law (surveillance office, appeals board)
3. Issuing of the various regulations (in particular the members' regulations, the regulations governing the surveillance office, the exchange rules, standard practices, and the Organization Regulations);
4. Establishment of the "rules and regulations" for contracts admitted to trading on the stock exchange;
5. Structuring of accounting, budgetary control and financial planning;
6. Appointment and recall of persons entrusted with the management and representation of the Corporation, and regulation of signing authority;
7. Appointment and recall of the head of the internal surveillance office, of the Auditors required by stock exchange legislation, of the members of the appeals board as well as of the advisory boards;
8. Overall supervision of persons entrusted with the management of the Corporation, including but not limited to their compliance with the law, Articles of Incorporation, regulations and directives;
9. Preparation of the management report as well as preparation of the Shareholders' Meeting and execution of its resolutions;
10. Notification of the judge in case of over-indebtedness.

The Board of Directors may assign the preparation and execution of its resolutions or individual supervisory tasks to committees or individual members. It shall be responsible for appropriate reporting to its members.

The Board of Directors shall issue Organization Regulations as well as Rules of Procedure, which regulate all aspects necessary for the organization of the Board of Directors itself and for the creation of the exchange organization.

Section 15

The protocol, the presence of a quorum and the passing of resolutions of the Board of Directors shall comply with the Organization Regulations.

Negotiations and resolutions of the Board of Directors are to be recorded in minutes. The minutes are to be signed by the chairman and the minute taker.

Section 16

The members of the Board of Directors are entitled to reimbursements for expenses paid in the Corporation's interest as well as to executive compensation according to their activity; the Board of Directors itself shall determine the latter.

C. Executive Board

Section 17

An Executive Board shall be established. It is composed of a chairman as well as at least three more members.

The Executive Board is responsible for the management of the Corporation, the execution of resolutions and directives by the Board of Directors as well as for the representation of the Corporation vis-à-vis third parties.

Furthermore, the Executive Board shall be responsible for:

1. The management of the Corporation in all matters which are not reserved for the Board of Directors;
2. The exercise of the function of the Executive Board as required by stock exchange law;
3. Applications to the Board of Directors pursuant to the regulations;
4. Regularly informing the Board of Directors about the course of business and the state of the Corporation;
5. Announcements of all essential stock exchange events, in particular such events as lead to reports to supervisory authorities;

6. The employment and dismissal of staff and the establishment of terms of employment.

Further details regarding the tasks and positions of members of the Executive Board are set forth in the Organization Regulations and, in particular, in the Rules of Procedure.

D. Auditors

Section 18

Each year, the Shareholders' Meeting shall elect one or several natural or legal persons to serve as Auditors within the meaning of Article 727 ff. OR. The Auditors pursuant to stock exchange law are generally also appointed to serve as Auditors pursuant to stock corporation law.

IV. Annual Financial Statements, Appropriation of Profits

Section 19

The annual financial statement shall be finalized by the date respectively determined by the Board of Directors.

The Board of Directors shall prepare a management report for each fiscal year, such management report consisting of the annual financial statement, the annual report and, where necessary, the consolidated financial statement.

Section 20

Subject to the legal provisions governing the distribution of profits, in particular Article 671 ff. OR, the distributable profit shall be at the disposal of the Shareholders' Meeting; in this context the investors' confidence in the stock exchange is to be boosted by the accumulation of ample reserves.

Section 21

The adjustment of bonuses of members of the Board of Directors shall comply with the provisions of Article 677 OR.

V. Dissolution and Liquidation

Section 22

The Shareholders' Meeting may, at any time, decide the dissolution and liquidation of the Corporation in accordance with the legal and statutory provisions.

The liquidation shall be executed by the Board of Directors provided such liquidation was not delegated to other persons by the Shareholders' Meeting.

The liquidation of the Corporation shall be executed in accordance with Article 742 ff. OR. The liquidators are also authorized to sell assets (including real estate property) in the open market.

After all debts have been repaid, the assets shall be distributed among the shareholders in accordance with the amounts paid in.

VI. Notifications and Publications

Section 23

Convening notices and notifications of shareholders shall be transmitted by mail, telefax or e-mail to the addresses registered in the share ledger.

Publications to creditors shall take place in the cases required by law by way of publication in the Swiss Official Gazette of Commerce, the publication organ of the Corporation.

VII. Arbitration Tribunal

Section 24

Disputes with regard to corporate matters between the Corporation and its bodies or shareholders, or between members of bodies shall, without recourse to the ordinary courts of law, be settled by a Zurich-based arbitration tribunal which shall be composed of three members.

Each party shall appoint an arbitrator within thirty days, and such arbitrators shall jointly appoint the chairman. Should such arbitrators not come to an agreement with regard to the appointment of the chairman within thirty days, the Director of the Zurich Chamber of Commerce shall be asked to appoint such chairman.

The arbitration tribunal shall be subject to the Swiss law of civil procedure.

VIII. Profit Sharing Certificates

Section 25

The Corporation issued 5,000 profit sharing certificates.

The profit sharing certificates have no nominal value.

The profit sharing certificates are in the concerned party's name; their transferability corresponds to the transferability of registered shares with limited transferability.

No paper certificates are issued for profit sharing certificates. However, the Corporation may issue the shareholder with a confirmation if required.

Each profit sharing certificate entitles the beneficiary, in the case of a payment of dividends, to claim $14/3$ times the dividend allotted to a registered share. In the case of liquidation, the share in the liquidation proceeds (after payment of all debts including shareholder loans, if any, and repayment of share capital including any premiums/grants contributed by shareholders), which is allotted to a profit sharing certificate, is $14/3$ times as high as the share allotted to a registered share.

§ 16

Participation/Voting Rights

- (1) All shareholders may participate in the Shareholders' Meeting. The shareholders identify themselves by referring to the Corporation's share register.
- (2) Each no-par value share carries one vote at the Shareholders' Meeting.

§ 17

Chairman of the Meeting

- (1) The Chairman of the Supervisory Board, or, if he is prevented, his deputy or any other person to be determined by the Shareholders' Meeting (chairman of the meeting), is to chair the Shareholders' Meeting.

- (3) The chairman of the meeting may decide on a different order of the agenda items to be discussed. He shall furthermore determine the manner of voting.

§ 18

Adoption of Resolutions

- (1) Resolutions of the Shareholders' Meeting are adopted with a simple majority of the votes cast, unless mandatory provisions of the German Stock Corporation Act specify otherwise. To the extent that the Stock Corporation Act specifies that resolutions be adopted by a majority of the share capital represented at the adoption of said resolutions, a simple majority of share capital represented suffices, insofar as this is permissible by law.

- (2) If, in elections by the Shareholders' Meeting, a simple majority is not achieved during the first round of voting, a second run-off election shall be held between the two individuals who received the most votes. In the event of a tie, lots shall be drawn.

IV.

VI.**Exemption from Prohibitions on Competition****§ 22****Opening Clause**

The Shareholders' Meeting is authorized to exempt, by resolution, individual or all shareholders or Executive Board members from the non-competition clause either fully or limited to specific cases. The Shareholders' Meeting resolution must stipulate further details (e.g. definition of activities, remuneration agreement) of the exemption to the non-competition clause.

ARTICLE II

MEETINGS OF STOCKHOLDERS

SECTION 1. Time and Place of Meetings of Stockholders. Subject to Section 2 of this Article II, all meetings of the holders of common stock of the Corporation (the “Stockholders”) shall be held at such place and time within or without the State of Illinois as the Board, by resolution, shall determine and as set forth in the notice of the meeting.

SECTION 2. Annual Meetings. Subject to Section 8 of this Article II, the annual meeting of Stockholders shall be held in Chicago, Illinois on the first Tuesday in April at 11:30 a.m. Central Time (or, if such day is not a Business Day, on the next succeeding Business Day), or at such other time and place within four months following the close of the previous fiscal year as the Board may designate in writing from time to time, to elect the Directors in

accordance with these Bylaws and to transact such other business as may properly come before such meeting. If the date of the annual meeting shall fall upon a legal holiday, the meeting shall be held on the next Business Day.

SECTION 3. Special Meetings. (a) Special meetings of the Stockholders may be called by the Stockholders holding a majority of the outstanding common stock of the Corporation for any purpose or purposes. Any such call shall state the purpose or purposes of the proposed meeting.

(b) Special meetings may be held at such time and place, within or without the State of Illinois, as shall be stated in the notice of such meeting.

(c) At any special meeting, no business unrelated to the purpose or purposes stated in the notice thereof may be transacted without the unanimous consent of the Stockholders entitled to vote thereat.

SECTION 4. Stockholders of Record. (a) The record date for the determination of Stockholders entitled to notice of or to vote at a meeting of Stockholders shall be at the close of business on the day next preceding (i) the day on which notice is given, or (ii) the day on which the meeting is held if notice is not given by reason of due waiver thereof, and the record date for determining Stockholders for any other purpose shall be the close of business on the day on which the resolution of the Board relating thereto is adopted.

(b) A determination of Stockholders of record entitled to notice of or to vote at any meeting of Stockholders, made in accordance with this Section 4 of this Article II, shall apply to any adjournment thereof.

SECTION 5. Notice of Meetings. (a) Written notice, which may include electronic mail, stating the place, date and time of the meeting, and, in the case of a special meeting, the purpose or purposes for which the meeting has been called, shall be delivered by the Secretary to each Stockholder entitled to vote thereat at such Stockholder's address as it appears on the records of the Corporation, not less than ten nor more than sixty days before the date of the meeting.

(b) Notice of any meeting need not be given to any Stockholder who submits a signed waiver of notice, in person or by proxy, whether before or after the meeting. The attendance of any Stockholder at a meeting, in person or by proxy, without protesting to the chairman of such meeting (whether orally or in writing) prior to the conclusion of the meeting the lack of notice of such meeting, shall constitute a waiver of notice by such Stockholder.

SECTION 6. Quorum and Voting. (a) Except as otherwise required by law, the Certificate of Incorporation or these Bylaws, the presence, in person or by proxy, of Stockholders holding a majority of the outstanding common stock of the Corporation entitled to vote shall constitute a quorum at all meetings of the Stockholders. In case a quorum shall not be present at any meeting, Stockholders holding a majority of the outstanding common stock of the Corporation entitled to vote thereat, present in person or by proxy, shall have the power to adjourn the meeting from time to time, without notice other than announcement at the meeting, until the requisite amount of stock entitled to vote shall be present. At any such adjourned

meeting at which the requisite amount of stock entitled to vote shall be represented, any business may be transacted which might have been transacted at the meeting as originally noticed; but only those Stockholders originally notified of their entitlement to vote at the meeting shall be entitled to vote at any adjournment or adjournments thereof. The Stockholders present, in person or by proxy, at a duly organized meeting may continue to transact business until adjournment, notwithstanding the withdrawal during the meeting of that number of Stockholders whose absence would result in less than a quorum being present.

(b) Each Stockholder entitled to vote in accordance with the terms of the Certificate of Incorporation and the provisions of these Bylaws shall be entitled to one vote for each share of common stock held by such Stockholder. Such Stockholder shall vote in person or by a proxy executed in writing by the Stockholder or by the Stockholder's duly authorized attorney-in-fact and filed with the Board before or at the time of the meeting, but no proxy shall be voted after eleven months from its date unless such proxy provides for a longer period.

(c) All decisions shall require the affirmative vote of Stockholders representing a majority of the outstanding common stock of the Corporation, except as otherwise provided by the Certificate of Incorporation, these Bylaws or the laws of the State of Delaware.

SECTION 7. Telephonic Meetings. Stockholders may participate in a meeting by conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other and such participation shall constitute presence in person at such meeting.

SECTION 8. Action Without Meeting. Unless otherwise provided by the Certificate of Incorporation, any action required to be taken at any annual or special meeting of Stockholders, or any action which may be taken at any annual or special meeting, may be taken without a meeting, without prior notice and without a vote, if a consent in writing, setting forth the action so taken, shall be signed by the holders of outstanding common stock of the Corporation having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of common stock entitled to vote thereon were present and voted. Any action taken pursuant to this Section 8 of this Article II shall become effective at the time such consent is signed by Stockholders holding the requisite number of shares of common stock, unless the consent specifies a different effective date.

ARTICLE III

DIRECTORS

SECTION 1. Powers of the Board of Directors. (a) Except to the extent specifically provided to the contrary in the Certificate of Incorporation, these Bylaws or applicable law, the management of the business and affairs of the Corporation shall be vested in the Board and the Board shall have all powers necessary for the management and administration of the business and affairs of the Corporation and for the promotion of their welfare, objects and purposes. Except to the extent specifically provided to the contrary in the Certificate of Incorporation, these Bylaws or applicable law, such authority shall include:

- (i) all power necessary to govern the Corporation;
- (ii) the power to consider and approve mergers, acquisitions, consolidations and similar matters,
- (iii) the power to organize affiliates and subsidiaries;
- (iv) the power to issue orders, directions and resolutions; and
- (v) the power to consider, and make decisions with respect to, any and all matters related to the welfare of the Corporation as permitted by the laws of the State of Delaware.

(b) In the event of any dispute or difference of opinion as to the policies of the Corporation as to any other matter or thing whatsoever in connection with any matters specified in Paragraph (a) of this Section 1 of this Article III or otherwise related to the Corporation or the conduct of the Corporation's business, the final decision shall, except as otherwise expressly provided herein, be vested in the Board.

(c) Except as otherwise provided in these Bylaws or authorized by the Board, no other Person, including Directors, officers, agents, consultants, employees or affiliates of the Corporation, shall have the authority or power, directly or indirectly, to act as agent of the Corporation for any purpose, engage in any transaction, make any commitment, enter into any contract or incur any obligation (whether as principal, surety or agent) in the name of the Corporation or in any other way bind the Corporation or hold itself out as acting for or on behalf of the Corporation. Any attempted action in contravention of this Section 1 of this Article III shall be null and void *ab initio* and not binding upon the Corporation.

(d) Persons dealing with the Corporation are entitled to rely conclusively upon the power and authority of the Board and of any officer duly appointed and acting as set forth in these Bylaws or as authorized by the Board. Persons dealing with the Corporation are entitled to rely conclusively upon a certificate signed by any Director or the Secretary as to the incumbency of any other Director, officer or other personnel of the Corporation.

(e) The Board may delegate functions relating to the day-to-day operations of the Corporation to such Directors, officers, agents, consultants or employees as the Board may from time to time designate. Such Directors, officers, agents, consultants or employees need not be employees of the Corporation, and shall have such duties, powers, responsibilities and authority as may from time to time be prescribed by the Board. Any such duties, powers, responsibilities or authority so prescribed may be removed at any time, with or without cause, by the Board.

SECTION 2. Composition of the Board of Directors. (a) The Board shall consist of two or more Directors, one of whom is the President.

(b) If no President has been appointed by the Board as specified in Article IV, the Board may consist of one fewer Director than is specified in Section 2(a) of this Article III.

SECTION 3. Change in Number of Directors. The number of Directors shall be determined from time to time by resolution of either the stockholders or the Board without further amendment to this section, *provided* that no such change in the number of directors may shorten the term of any incumbent director.

SECTION 4. Term. Each Director shall be elected to hold office until the first succeeding annual meeting following such Director's election and until a successor is elected and qualified, or until the earlier death, disqualification, resignation, or removal of such Director. The President shall serve as a Director from the date that he or she assumes office until his or her resignation or removal as President.

SECTION 5. Powers and Duties of the Chairman of the Board. The Chairman of the Board shall be appointed by the Board from among the members thereof at the first meeting of the Board after each annual meeting of the Stockholders. The Chairman of the Board shall preside at all meetings of the Stockholders and of the Board at which he or she is present. The performance of any such duty by the Chairman of the Board shall be conclusive evidence of his or her power to act.

SECTION 6. Resignation and Removal. (a) Any Director may resign from the Board at any time by giving notice thereof to the President or the Secretary. Such resignation shall be effective as of the date of such notice or on such other date as may be specified in such notice.

(b) The Stockholders, by majority vote, shall have the power to remove any Director at any time with or without cause.

SECTION 7. Vacancies. (a) Any vacant or newly created Director position shall be filled by a vote of a majority of the Directors then in office. Each Director appointed to fill a vacancy shall serve for the unexpired term of his or her predecessor and each Director appointed to fill a newly created Directorship shall serve for the duration of the term specified in the applicable Board resolution.

(b) Any vacancy with respect to which the remaining term of office is (i) six months or more shall be filled at the next regular meeting of the Board or (ii) less than six months need not be filled until the next annual election.

(c) Notwithstanding any other provision contained in these Bylaws, in the case of the Chairman of the Board's absence or inability to act, or a vacancy in the office of the Chairman of the Board, the Board shall appoint a successor Chairman of the Board at its next regular meeting. Until the Board appoints such a successor Chairman of the Board, the President shall assume all the functions and discharge all of the duties of the Chairman of the Board.

SECTION 8. Meetings. Each meeting of the Board shall be held at such times and places as the Board may elect for the purpose of conducting such business as may be properly conducted at such a meeting. A special meeting of the Board may be called by the Chairman of the Board at any time in his or her sole discretion and shall be called by the Secretary if a majority of the Directors request a special meeting, and such meeting shall be held at such times and places as the Chairman of the Board or the Secretary may designate. Notice of

each meeting of the Board shall state the date, time and place thereof, but need not state the purpose thereof except as may otherwise be required by law, and shall be delivered to each Director orally, by electronic mail, mail or any other means, at least one Business Day before the time of the meeting. Directors may participate in a meeting by conference telephone or similar communications equipment through which all persons participating in the meeting can hear each other and such participation shall constitute presence in person at such meeting.

SECTION 9. Quorum and Voting. (a) At all meetings of the Board, unless otherwise set forth in these Bylaws, a quorum for the transaction of business upon which all Directors are entitled to vote shall consist of a majority of the Board.

(b) When a quorum is present at a meeting of the Board, a majority of Directors shall have the power to decide any question that may come before such meeting, except as otherwise provided by these Bylaws or by law.

(c) In the absence of a quorum, a majority of Directors at any meeting shall have the power to adjourn the meeting from time to time, without notice other than announcement at the meeting, until the requisite number of Directors shall be present. The Directors present at any meeting may continue to transact business until adjournment, notwithstanding the withdrawal during the meeting of that number of Directors whose absence would result in less than a quorum being present.

SECTION 10. Action Without Meeting. Any action required or permitted to be taken at any meeting of the Board may be taken without a meeting, without prior notice and without a vote, if all Directors consent in writing to a resolution authorizing such action, and such resolution is filed with the minutes of proceedings of the Board.

SECTION 11. Compensation of Directors and Loans to Directors and Officers. No loan shall be made by the Corporation to any Director or officer. Directors shall not receive any stated salary for their services as Directors or as members of committees, but the Board may, by resolution, fix a flat fee to cover reasonable expenses of the Directors in connection with their attendance at meetings. Nothing herein contained shall be construed to preclude any Director from serving the Corporation in any other capacity as an officer, agent or otherwise and receiving compensation therefor.

SECTION 12. Interested Directors. (a) No Director shall directly or indirectly participate as a member of the Board or of any committee in any matter which would substantially affect his or her interests or the interests of any Person in whom he or she is directly or indirectly interested. Interested Directors may be counted in determining the presence of a quorum at the meeting of the Board or of any committee considering any matter from which any such Director is barred from participation pursuant to this Section 12 of this Article III.

(b) An interested Director shall disqualify himself or herself or shall be disqualified by a vote of the Board or, in the case of committee votes, the chairman of the relevant committee.

(c) For purposes of this Section 12 of this Article III, a Director is not personally interested by reason of being or having been a member of a committee which has made prior inquiry, examination or investigation of the subject under consideration.

SECTION 13. Committees. The Board may by resolution or resolutions passed by a majority of the Board, designate one or more committees. To the extent provided in the authorizing resolution of the Board, each committee may have and may exercise all the powers and authority of the Board in the management of the business and affairs of the Corporation, and may authorize the seal of the Corporation to be affixed to all papers which may require it; but no such committee shall have the power or authority to amend the Certificate of Incorporation, adopt an agreement of merger or consolidation, recommend to the Stockholders the sale, lease or exchange of all or substantially all of the Corporation's property and assets, recommend to the Stockholders a dissolution of the Corporation or a revocation of a dissolution, or amend the Bylaws of the Corporation; and, unless the authorizing resolution, these Bylaws or the Certificate of Incorporation expressly so provide, no such committee shall have the power or authority to declare a dividend or to authorize the issuance of stock in the Corporation.

ARTICLE IV

OFFICERS

SECTION 1. Selection by Board. (a) Officers may be appointed by the Board from time to time, including a President, one or more Vice Presidents, a Treasurer, a Secretary and such other officers as the Board deems necessary or useful in connection with the conduct of the Corporation's business and affairs. Officers may be appointed by the Board at any meeting of the Board. Each officer shall hold his or her office for one year and until his or her successor is elected and qualified or until his or her earlier death, resignation or removal. Two or more offices may be held by the same person except the offices of President and Secretary.

(b) Any officer, agent, or employee of the Corporation may be removed, or his or her authority suspended, by the Board with or without cause at any time. Such removal or suspension of authority without cause shall be without prejudice to such person's contractual rights, if any, but the election or appointment of any person as an officer, agent or employee of the Corporation shall not be deemed of itself to create contractual rights. The compensation of officers, agents, and employees appointed by the Board shall be fixed by the Board, but this power may be delegated to any officer, agent, or employee as to persons under his or her direction or control. Notwithstanding the foregoing, the compensation of the President shall be determined by the Board, except that, if the President is a Director at such time, the President shall recuse himself or herself from the consideration of his or her compensation. No officer shall be precluded from receiving a salary because he or she is also a Director.

SECTION 2. Powers and Duties of the President. (a) Subject to the direction of the Board, the President shall have general supervision over, and day to day management of, the business and affairs of the Corporation. The President shall be the representative of the Corporation in all public matters. The President shall also carry out all of the responsibilities and duties of any subordinate officer in the event of a vacancy in any subordinate office or the temporary absence or incapacity of any subordinate officer.

(b) The President may employ and discharge employees and agents of the Corporation, except such as may be appointed or otherwise designated by the Board, and he or she may delegate these powers.

(c) The President shall be a Director by virtue of his or her office and shall be an ex officio member, without the right to vote, of all committees that may be established by the Board pursuant to Section 13 of Article III, without prejudice to his or her being specifically appointed as a voting member of any committee. If the President is not then the Chairman of the Board, in the absence or inability to act of the Chairman of the Board, he or she shall preside at all meetings of the Stockholders and of the Board at which he or she is present.

(d) The President shall not engage in any other occupation during his or her incumbency except with the approval of the Board.

(e) The President or his or her designee may vote the shares or other securities of any other domestic or foreign corporation of any type or kind which may at any time be owned by the Corporation, may execute any shareholders' or other consents in respect thereof, and may, in his or her discretion, delegate such powers by executing proxies or otherwise, on behalf of the Corporation; *provided*, that the Board, by resolution from time to time, may confer like powers upon any other person or persons. The President shall also have such other powers and perform such other duties as the Board may designate. The performance of any such duty by the President shall be conclusive evidence of his or her power to act.

(f) In the case of the President's temporary absence or inability to act, the President may designate any other officer to assume all the functions and discharge all of the duties of the President. Upon the President's failure to so designate, or if the office of the President is vacant, an officer designated by the Board shall perform the functions and duties of the President. Any person appointed to act in the capacity of the President pursuant to this Section 2 of this Article IV shall not be a member of the Board unless the office of President is vacant.

SECTION 3. Powers and Duties of the Secretary. The Secretary shall attend all meetings, and have charge of the minutes of all proceedings, of the Stockholders and the Board. He or she shall attend to the giving of all notices to Stockholders and Directors. He or she shall have charge of the seal of the Corporation and shall attest the same by his or her signature whenever required. He or she shall have charge of the record of Stockholders of the Corporation, and of such other books and papers as the Board may direct from time to time. He or she shall have all such other powers and duties as generally are incident to the position of Secretary or as may be assigned to him or her from time to time by the President or the Board.

SECTION 4. Powers and Duties of the Treasurer. The Treasurer shall have responsibility for the financial affairs of the Corporation and shall maintain appropriate books and records of the financial affairs of the Corporation. The Treasurer shall also have charge of all funds and securities of the Corporation, shall endorse the same for deposit or collection when necessary, and shall deposit the same to the credit of the Corporation in such banks or depositories as the Board may authorize from time to time. He or she may endorse all commercial documents requiring endorsements for or on behalf of the Corporation and may sign

all receipts and vouchers for payments made to the Corporation. He or she shall have all such other powers and duties as generally are incident to the position of Treasurer or as may be assigned to him or her from time to time by the President or the Board.

SECTION 5. Powers and Duties of the Vice Presidents. Each Vice President shall have such powers and duties as may be prescribed by the President or the Board.

SECTION 6. Additional Officers. The Board may appoint such other officers as it may deem appropriate, and such other officers shall hold their offices for such terms and shall exercise such powers and perform such duties as may be determined from time to time by the Board.

SECTION 7. Resignation. Any officer may resign by giving notice thereof to the Chairman of the Board, the President or the Secretary, or to any officer to whom such officer reports. Such resignation shall be effective as of the date of such notice or on such date as may be specified in such notice.

ARTICLE V

INDEMNIFICATION

SECTION 1. Indemnification. (a) The Corporation shall hold harmless and indemnify each of its officers, Directors, employees and agents from and against, and reimburse such persons for, any and all liabilities, judgments, fines, orders, writs, directives, demands, rulings, decisions, determinations, injunctions, decrees or awards of any Governmental Authority, claims, settlements, losses, damages (including any diminution in value as appropriate), reasonable fees (including attorneys' and other experts' fees and disbursements), liens, taxes, penalties, obligations and expenses, incurred, directly or indirectly, as a result of or in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, whether or not such action, suit or proceeding is by, or in the right of, the Corporation to procure a judgment in its favor or by, or in the right of, any other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise for which such person served in any capacity at the request of the Corporation, to which such person is, was or at any time becomes a party, or is threatened to be made a party, or as a result of or in connection with any appeal therein, by reason of the fact that such person is, was or at any time becomes a Director, officer, employee or agent of the Corporation or is or was serving at any time such other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise in any capacity, whether arising out of any breach of such person's fiduciary duty as a Director, officer, employee or agent of the Corporation or such other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise under any state or federal law or otherwise; *provided, however*, that (i) indemnification shall be paid pursuant to this Section 1 of this Article V if, and only if, such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful and (ii) no indemnification shall be payable pursuant to this Article V if a court having jurisdiction in the matter shall determine that such indemnification is not lawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or

upon a plea of *nolo contendere* or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he or she reasonably believed to be in, or not opposed to, the best interests of the Corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his or her conduct was unlawful. No indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the Corporation unless, and only to the extent that, the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper.

(b) In the event any person seeking indemnification from the Corporation hereunder is required to bring any action to enforce rights or to collect monies due under this Section 1 of this Article V and is successful in such action, the Corporation shall reimburse such person for all costs and expenses, including attorney's fees, incurred by such person in connection with such action.

SECTION 2. Continuation of Indemnity. All agreements and obligations of the Corporation to any person contained in this Article V shall continue during the period such person shall serve as a Director, officer, employee or agent of the Corporation and shall continue thereafter so long as such person shall be subject to any possible liabilities, judgments, fines, orders, writs, directives, demands, rulings, decisions, determinations, injunctions, decrees or awards of any Governmental Authority, claims, settlements, losses, damages (including any diminution in value as appropriate), reasonable fees (including attorneys' and other experts' fees and disbursements), liens, taxes, penalties, obligations and expenses, by reason of the fact that such person was a Director or officer of the Corporation or served at the request of the Corporation in any capacity for any other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise and all such agreements and obligations of the Corporation shall inure to the benefit of any such person's heirs, executors and administrators.

SECTION 3. Advancement and Repayment of Expenses. Expenses incurred by an officer, Director, employee or agent in defending any threatened or pending action, suit or proceeding, whether civil, criminal, administrative or investigative, shall be paid by the Corporation in advance of the final disposition thereof, other than those expenses for which such Director or officer is not entitled to indemnification pursuant to the proviso to, or the last sentence of, Section 1(a) of this Article V. The Corporation shall make such payments upon receipt of (i) a written request made by such person for payment of such expenses, (ii) an undertaking by or on behalf of such person to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified by the Corporation as authorized herein and (iii) evidence satisfactory to the Corporation as to the amount of such expenses.

SECTION 4. Authorization. Any indemnification under this Article V (unless ordered by a court) shall be made by the Corporation only as authorized in the specific case upon a determination that indemnification of the Director, officer, employee or agent is proper in the circumstances because such person has met the applicable standard of conduct set forth in Section 1 of this Article V. Such determination shall be made (i) by the Board by a majority vote of a quorum consisting of Directors who were not parties to such action, suit or proceeding ("Disinterested Directors") or (ii) by the Stockholders or (iii) notwithstanding any determination

made pursuant to the foregoing clause (i) or (ii), by independent legal counsel in a written opinion if a quorum of Disinterested Directors so directs.

SECTION 5. Notification and Defense of Claim. Promptly after receipt by a person seeking indemnification pursuant to this Article V of notice of the commencement of any action, suit or proceeding, such person shall, if a claim in respect thereof is to be made against the Corporation under Section 1 of this Article V, notify the Corporation of the commencement thereof; but the omission so to notify the Corporation will not relieve the Corporation from any liability which it may have to such person otherwise than under Section 1 of this Article V. With respect to any such action, suit or proceeding as to which such person notifies the Corporation of the commencement thereof:

(a) The Corporation will be entitled to participate therein at its own expense;

(b) Except as otherwise provided in this Article V, the Corporation may, jointly with any other party providing indemnification that was similarly notified, assume the defense thereof, with counsel satisfactory to the person to be indemnified. After notice from the Corporation to the person to be indemnified of its election so to assume the defense thereof, the Corporation will not be liable to such person under this Article V for any legal or other expenses subsequently incurred by such person in connection with the defense thereof other than reasonable costs of investigation or as otherwise provided below. The person to be indemnified shall have the right to employ his or her own counsel in such action, suit or proceeding but the fees and expenses of such counsel incurred after notice from the Corporation of its assumption of the defense thereof shall be at the expense of such person unless (i) the employment of counsel by such person has been authorized by the Corporation in connection with the defense of such action, (ii) such person shall have reasonably concluded that there may be a conflict of interest between the Corporation and such person in the conduct of the defense of such action, or (iii) the Corporation shall not in fact have employed counsel to assume the defense of such action, in each of which cases the fees and expenses of counsel for such person shall be borne by the Corporation (it being understood, however, that the Corporation shall not be liable for the expenses of more than one counsel for such person in connection with any action or separate but similar or related actions in the same jurisdiction arising out of the same general allegations or circumstances). The Corporation shall not be entitled to assume the defense of any action, suit or proceeding brought by or on behalf of the Corporation or as to which such person shall have made the conclusion provided for in (ii) above; and

(c) Notwithstanding any other provision of this Section 5 of this Article V, the Corporation shall not be liable to indemnify any person seeking indemnification under this Article V for any amounts paid in settlement of any action or claim effected without the Corporation's written consent. The Corporation shall not settle any action or claim in any manner which would impose any penalty or limitation on the person to be indemnified without such person's written consent. Neither the Corporation nor any such person will unreasonably withhold its, his or her consent to any proposed settlement.

SECTION 6. Nonexclusivity. The indemnification and advancement of expenses, provided by or granted pursuant to this Article V shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled

under the General Corporation Law of the State of Delaware, the Certificate of Incorporation, these Bylaws, as now in effect or as hereafter amended, any agreement, any vote of Stockholders or Directors, any applicable law, or otherwise.

ARTICLE VI

MISCELLANEOUS

SECTION 1. Certificates of Stock. Certificates representing shares of stock in the Corporation shall be in such form and shall bear such legends as may be determined by the Board on advice of counsel from time to time. Such certificates shall be signed by the President and by the Secretary and shall be sealed with the seal of the Corporation. All certificates for shares shall be consecutively numbered or otherwise identified. The name of the Stockholder to whom the shares represented thereby are issued, with the number of shares and the date of issue, shall be entered on the books of the Corporation. All certificates surrendered to the Corporation for transfer shall be cancelled and no new certificate shall be issued until the former certificate for a like number of shares shall have been surrendered and cancelled, except that in the case of a lost, destroyed or mutilated certificate a new one may be issued pursuant to the provisions of Section 2 of this Article VI.

SECTION 2. Lost Certificates. A new certificate of stock may be issued in the place of any certificate theretofore issued by the Corporation, alleged to have been lost or destroyed, and the Board may, in its discretion, require the owner of the lost or destroyed certificate, or his or her legal representatives, to give the Corporation a bond, in such sum as they may direct, not exceeding double the value of the stock, to indemnify the Corporation against any claim that may be made against it on account of the alleged loss of any such certificate, or the issuance of any such new certificate.

SECTION 3. Transfer of Shares. The shares of stock of the Corporation shall be transferable only upon its books by the holders thereof in person or by their duly authorized attorneys or legal representatives, and upon such transfer the old certificates shall be surrendered to the Corporation by the delivery thereof to the person in charge of the stock and transfer books and ledgers, or to such other person as the Directors may designate, by whom they shall be cancelled, and new certificates shall thereupon be issued. A record shall be made of each transfer and whenever a transfer shall be made for collateral security, and not absolutely, it shall be so expressed in the entry of the transfer.

SECTION 4. Dividends. Subject to the provisions of the Certificate of Incorporation, the Board may, out of funds legally available therefor at any regular or special meeting, declare dividends upon the capital stock of the Corporation as and when they deem expedient. Before declaring any dividend there may be set apart out of any funds of the Corporation available for dividends, such sum or sums as the Directors, from time to time in their discretion, deem proper for working capital or as a reserve fund to meet contingencies or for equalizing dividends or for such other purposes as the Directors shall deem conducive to the interests of the Corporation.

SECTION 5. Seal. The corporate seal shall be circular in form and shall contain the name of the Corporation, the year of its creation and the words "CORPORATE SEAL -- DELAWARE". Said seal may be used by causing it or a facsimile thereof to be impressed or affixed or otherwise reproduced.

SECTION 6. Fiscal Year. The fiscal year of the Corporation shall be determined by resolution of the Board.

SECTION 7. Checks. All checks, drafts or other orders for the payment of money, notes or other evidences of indebtedness issued in the name of the Corporation shall be signed by such officer or officers, agent or agents of the Corporation, and in such manner as shall be determined from time to time by resolutions of the Board.

SECTION 8. Notice and Waiver of Notice. (a) Whenever any notice is required to be given under the provisions of the Certificate of Incorporation, these Bylaws or any resolution adopted by the Board, personal notice is not meant unless expressly so stated. If mailed, any notice so required shall be deemed to be sufficient if deposited in the United States mail, postage prepaid, addressed to the person entitled thereto at his or her address as it appears on the records of the Corporation, and such notice shall be deemed to have been given on the day of such mailing. Stockholders not entitled to vote shall not be entitled to receive notice of any meetings except as otherwise provided by statute.

(b) Whenever any notice is required to be given under the provisions of any law, or under the provisions of the Certificate of Incorporation or these Bylaws, a waiver thereof in writing, signed by the person or persons entitled to said notice, whether before or after the time stated therein, shall be deemed equivalent thereto.

SECTION 9. Amendments. These Bylaws may be altered or repealed and Bylaws may be made by the affirmative vote of a majority of the Board, at any regular meeting of the Board, or at any special meeting of the Board, if notice of the proposed alteration or repeal, or Bylaw or Bylaws to be made, is contained in the notice of such special meeting. For so long as this Corporation shall control, directly or indirectly, a Controlled National Securities Exchange, or facility thereof, before any amendment to or repeal of any provision of these Bylaws shall be effective, the same shall be submitted to the board of directors of each Controlled National Securities Exchange, and if the same must be filed with, or filed with and approved by, the Commission before the same may be effective, under Section 19 of the Exchange Act and the rules promulgated thereunder, then the same shall not be effective until filed with, or filed with and approved by, the Commission, as the case may be.

SECTION 10. Severability. In the event that any provision of these Bylaws should be held to be invalid or unenforceable for any reason, such invalidity or unenforceability shall not affect any other provision of these Bylaws, which shall remain in full force and effect in accordance with the terms thereof and shall be construed as if such invalid or unenforceable provision had not been contained therein. The Corporation shall use its reasonable best efforts to replace such invalid or unenforceable provision with a similar but valid or enforceable provision as nearly as possible reflecting the intent of the invalid or unenforceable provision.

SECTION 11. Governing Law. These Bylaws shall be governed by and construed in accordance with the laws of the State of Delaware.

SECTION 12. Section References. Article or Section titles or captions contained in these Bylaws are included only as a matter of convenience and for reference and in no way define, limit, extend or describe the scope of these Bylaws or the intent of any provision hereof or thereof.

SECTION 13. Decisions. Any decisions to be made by any Person (including the Corporation and any officer, agent, employee, representative or committee thereof) under these Bylaws may be made by such Person in the sole discretion of such Person.

SECTION 14. Contracts. Subject to compliance with the authorization requirements therefor in these Bylaws, the Board may authorize any officer or officers, agent or agents, to enter into any contract or execute and deliver any instrument in the name of and on behalf of the Corporation, and such authority may be general or confined to specific instances.

SECTION 15. Deposits. All funds of the Corporation not otherwise employed shall be deposited from time to time to the credit of the Corporation in such banks, trust companies or other depositories as the Board may select.

SECTION 16. Jurisdiction. (a) The Corporation and its officers, directors, and employees whose principal place of business and residence is outside of the United States, in the case of any such director, officer, or employee by virtue of his or her acceptance of any such position and to the extent such director, officer, or employee is involved in the activities of a Controlled National Securities Exchange, or facility thereof, shall be deemed to irrevocably submit to the jurisdiction of the United States federal courts and the Commission for the purposes of any suit, action or proceeding pursuant to the United States federal securities laws, and the rules or regulations thereunder, commenced or initiated by the Commission arising out of, or relating to, the activities of the Controlled National Securities Exchange, or facility thereof (and those officers, directors and employees of the Corporation shall be deemed to agree that the Corporation may serve as the U.S. agent for purposes of service of process in such suit, action or proceeding), and the Corporation and each such director, officer, or employee shall be deemed to waive, and agree not to assert by way of motion, as a defense or otherwise in any such suit, action or proceeding, any claims that it or they are not personally subject to the jurisdiction of the Commission, that such suit, action or proceeding is an inconvenient forum or that the venue of such suit, action or proceeding is improper, or that the subject matter thereof may not be enforced in or by such courts or agency.

(b) The Corporation shall take reasonable steps necessary to cause its officers, directors, and employees prior to accepting a position as an officer, director, or employee, as applicable, of the Corporation to consent to the applicability to them of Article TENTH, Article TWELFTH, Article FOURTEENTH, and Article FIFTEENTH of the Certificate of Incorporation of the Corporation and Section 16(a) hereof to the extent that such officers, directors, and employees are involved in the activities of a Controlled National Securities Exchange, or facility thereof.

**SECOND AMENDED AND RESTATED
CERTIFICATE OF INCORPORATION**

OF

U.S. EXCHANGE HOLDINGS, INC.

July 26, 2010

The name of the corporation is U.S. Exchange Holdings, Inc. (the "**Corporation**"). The Corporation was incorporated on April 24, 2003 by filing its Certificate of Incorporation with the Secretary of State of the State of Delaware under the name U.S. Exchange Holdings, Inc. The original Certificate of Incorporation of the Corporation was filed with the Secretary of State of the State of Delaware on April 24, 2003 and was amended and restated on December 19, 2007 (as amended and restated, the "**Original Certificate**"). This Second Amended and Restated Certificate of Incorporation of the Corporation (this "**Restated Certificate**") is being filed pursuant to Sections 242 and 245 of the Delaware General Corporation Law, and restates, integrates and amends the Original Certificate.

FIRST: The name of the Corporation is U.S. Exchange Holdings, Inc.

SECOND: The registered office of the Corporation is to be located at 1209 Orange Street, in the City of Wilmington, in the County of New Castle, in the State of Delaware. The name of its registered agent at that address is The Corporation Trust Company.

THIRD: The purpose of the Corporation is to engage in any lawful act or activity for which a corporation may be organized under the DGCL.

FOURTH: The total number of shares of stock which the Corporation is authorized to issue is 100,000 shares of common stock and the par value of each such share is \$0.01.

FIFTH: The board of directors of the Corporation (the "**Board of Directors**") may make bylaws and from time to time may alter, amend or repeal bylaws.

SIXTH: Unless and except to the extent that the bylaws of the Corporation (the "**Bylaws**") shall so require, the election of directors of the Corporation need not be by written ballot.

SEVENTH: The following provision is inserted for the management of the business and for the conduct of the affairs of the Corporation, and for further definition, limitation and regulation of the powers of the Corporation and of its directors and stockholders:

In furtherance and not in limitation of the powers conferred by statute, the Board of Directors is expressly authorized to exercise all corporate powers and do all acts and things as may be exercised or done by the Corporation, subject, nevertheless, to the provisions of the statutes of the State of Delaware and of this Restated Certificate and the Bylaws in effect at the time of such action; *provided, however,* that no bylaws adopted shall invalidate any prior act of the directors that would have been valid if such bylaw had not been made.

EIGHTH: The Corporation shall, in accordance with the Bylaws and to the fullest extent permitted by Section 145 of the DGCL, as each may be amended from time to time, indemnify all Persons whom it may indemnify pursuant thereto. As used in this Restated Certificate, the term "Person" shall mean an individual, partnership (general or limited), joint stock company, corporation, limited liability company, trust or unincorporated organization, or any governmental entity or agency or political subdivision thereof.

NINTH: To the fullest extent that the DGCL, as it may be amended from time to time, permits the limitation or elimination of liability of directors, no director of the Corporation shall be liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except when such liability is imposed (i) directly or indirectly as a result of a violation of the federal securities laws, (ii) for any breach of the director's duty of loyalty to the Corporation or its stockholders, (iii) for any acts or omissions not in good faith or that involve intentional misconduct or knowing violation of law, (iv) pursuant to Section 174 of the DGCL or (v) as a result of any transaction from which the director derived an improper personal benefit. No amendment or repeal of this Article NINTH shall apply or have any effect on the liability of any director of the Corporation for or with respect to any acts or omissions of such director occurring prior to such amendment or repeal.

TENTH: In discharging his or her responsibilities as a member of the Board of Directors, each director, to the fullest extent permitted by law, shall, to the extent such director is involved in the activities of one or more national securities exchanges controlled, directly or indirectly, by the Corporation (each, a "Controlled National Securities Exchange"), including, but not limited to, International Securities Exchange, LLC, a Delaware limited liability company and an indirect wholly owned subsidiary of the Corporation ("ISE, LLC"), EDGA Exchange, Inc., a Delaware corporation, and EDGX Exchange, Inc., a Delaware corporation, or facility thereof, take into consideration the effect that the Corporation's actions would have on the ability of each Controlled National Securities Exchange, or facility thereof, to carry out its responsibilities under the Securities Exchange Act of 1934 (the "Exchange Act"), and on the ability of each Controlled National Securities Exchange, or facility thereof, and the Corporation: to engage in conduct that fosters and does not interfere with each Controlled National Securities Exchange, or facility thereof, and the Corporation's ability to prevent fraudulent and manipulative acts and practices; to promote just and equitable principles of trade; to foster cooperation and coordination with Persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities; to remove impediments to and perfect the mechanisms of a free and open market and a national market system; and, in general, to protect investors and the public interest. In discharging his or her responsibilities as a member of the Board of Directors or as an officer or employee of the Corporation, each such director, officer, or employee shall, to the extent such director, officer, or employee is involved in the activities of a Controlled National Securities Exchange, or facility thereof, comply with the federal securities laws and the rules and regulations thereunder and shall cooperate with the Controlled National Securities Exchange pursuant to its respective regulatory authority and the United States Securities and Exchange Commission (the "Commission"). Nothing in this Article TENTH shall create any duty owed by any director, officer or employee of the Corporation to any Person to consider, or afford any particular weight to, any of the foregoing matters or to limit his or her consideration to the foregoing matters. No employee, former employee, beneficiary, customer, creditor, community or regulatory authority or member thereof shall have any rights against any director, officer or employee of the Corporation or the Corporation under this Article TENTH.

ELEVENTH: The Corporation shall comply with the federal securities laws and the rules and regulations thereunder and shall cooperate with each Controlled National Securities Exchange

pursuant to its regulatory authority and the Commission and shall take reasonable steps necessary to cause its agents to cooperate with each Controlled National Securities Exchange pursuant to its respective regulatory authority and the Commission with respect to such agents' activities related to each Controlled National Securities Exchange, or facility thereof.

TWELFTH: For so long as the Corporation shall directly or indirectly control a Controlled National Securities Exchange, or facility thereof, the Corporation, its directors, officers and employees shall give due regard to the preservation of the independence of the self-regulatory function of the Controlled National Securities Exchange and to the Controlled National Securities Exchange's obligations to investors and the general public, and shall not take any actions that would interfere with the effectuation of any decisions by the board of directors of the Controlled National Securities Exchange relating to its regulatory responsibilities (including enforcement and disciplinary matters) or that would interfere with the ability of the Controlled National Securities Exchange to carry out its responsibilities under the Exchange Act.

THIRTEENTH: For so long as the Corporation shall directly or indirectly control a Controlled National Securities Exchange, the Corporation shall take reasonable steps necessary to cause International Securities Exchange Holdings, Inc. ("**ISE Holdings**"), a Delaware corporation and a wholly-owned subsidiary of the Corporation, to be in compliance with the Ownership Limits and the Voting Limits, as such terms are defined in Article FOURTH, Section III of the certificate of incorporation of ISE Holdings. If any Person, either alone or together with its Related Persons, at any time owns (whether by acquisition or by a change in the number of shares outstanding) of record or beneficially, whether directly or indirectly, 10%, 15%, 20%, 25%, 30%, 35%, or 40% or more of the then-outstanding shares in the Corporation, the Corporation shall, as soon as practicable, give written notice of such ownership to the board of directors of each Controlled National Securities Exchange and to the International Securities Exchange Trust, a statutory trust formed under the laws of the state of Delaware, as provided in that certain Amended and Restated Trust Agreement, dated as of February 4, 2010, among the Corporation, ISE Holdings, Wilmington Trust Company, as Delaware Trustee, Sharon Brown-Hruska, as Trustee, Robert Schwartz, as Trustee and Heinz Zimmermann, as Trustee, which notice shall state (A) such Person's full legal name, (B) such Person's title or status and the date on which such title or status was acquired, (C) such Person's approximate ownership interest in the Corporation, and (D) whether such Person has the power, directly or indirectly, to direct the management or policies of the Corporation, whether through ownership of securities, by contract or otherwise. As used in this Restated Certificate, the term "**Related Persons**" shall mean (1) with respect to any Person, any executive officer (as defined under Rule 3b-7 under the Exchange Act), director, general partner, manager or managing member, as applicable, and all "**affiliates**" and "**associates**" of such Person (as such terms are defined in Rule 12b-2 under the Exchange Act); (2) with respect to any Person constituting a member of the Controlled National Securities Exchange (as such term is defined in Section 3(a)(3)(A) of the Exchange Act) ("**Member**"), any broker or dealer with which such Member is associated; (3) with respect to any Person that is an executive officer (as defined under Rule 3b-7 under the Exchange Act), director, general partner, manager or managing member of a company, corporation or similar entity, such company, corporation or entity, as applicable; and (4) any two or more Persons that have any agreement, arrangement or understanding (whether or not in writing) to act together for the purpose of acquiring, voting, holding or disposing of shares of the capital stock of the Corporation; and the term "**beneficially owned**", including all derivative or similar words, shall have the meaning set forth in Regulation 13D-G under the Exchange Act.

FOURTEENTH: All confidential information pertaining to the self-regulatory function of a Controlled National Securities Exchange, or facility thereof (including, but not limited to,

confidential information regarding disciplinary matters, trading data, trading practices and audit information) contained in the books and records of the Controlled National Securities Exchange, or facility thereof that shall come into the possession of the Corporation shall, to the fullest extent permitted by law: (i) not be made available to any Person (other than as provided in the next sentence) other than to those officers, directors, employees and agents of the Corporation that have a reasonable need to know the contents thereof; (ii) be retained in confidence by the Corporation and the officers, directors, employees and agents of the Corporation; and (iii) not be used for any commercial purposes. III. Limitations on Ownership and Voting

As used in this Certificate of Incorporation, the term “**Person**” shall mean an individual, partnership (general or limited), joint stock company, corporation, limited liability company, trust or unincorporated organization, or any governmental entity or agency or political subdivision thereof; the term “**Related Persons**” shall mean (1) with respect to any Person, any executive officer (as such term is defined in Rule 3b-7 under the Securities Exchange Act of 1934 (the “**Exchange Act**”)), director, general partner, manager or managing member, as applicable, and all “**affiliates**” and “**associates**” of such Person (as such terms are defined in Rule 12b-2 under the Exchange Act); (2) with respect to any Person constituting a member (as such term is defined in Section 3(a)(3)(A) of the Exchange Act) of a Controlled National Securities Exchange (as such term is defined below) (“**Member**”), any broker or dealer with which such Member is associated; (3) with respect to any Person that is an executive officer (as such term is defined in Rule 3b-7 under the Exchange Act), director, general partner, manager or managing member of a company, corporation or similar entity, such company, corporation or entity, as applicable; and (4) any two or more Persons that have any agreement, arrangement or understanding (whether or not in writing) to act together for the purpose of acquiring, voting, holding or disposing of shares of the capital stock of the Corporation; and the term “**beneficially owned**”, including all derivative or similar words, shall have the meaning set forth in Regulation 13D-G under the Exchange Act.

(a) **Ownership Limits.** For so long as the Corporation shall control, directly or indirectly, one or more national securities exchange (each, a “**Controlled National Securities Exchange**”), including, but not limited to, International Securities Exchange, LLC, a Delaware limited liability company and wholly owned subsidiary of the Corporation (“**ISE, LLC**”) or facility thereof:

(i) (x) No Person, either alone or together with its Related Persons, may own, directly or indirectly, of record or beneficially, shares of the capital stock (whether Common Stock or Preferred Stock) of the Corporation that have the right by their terms to vote in the election of members of the Board of Directors or on other matters which may require the approval of the holders of voting shares of the Corporation (other than matters affecting the rights, preferences or privileges of a particular class of capital stock) (the “**Voting Shares**”) constituting more than forty percent (40%) of the then-outstanding Voting Shares and (y) no Person who is a Member, either alone or together with its Related Persons, may own, directly or indirectly, of record or beneficially, Voting Shares constituting more than twenty percent (20%) of the then-outstanding Voting Shares ((x) and (y) each an “**Ownership Limit,**” and (x) and (y) together, the “**Ownership Limits**”).

(A) Notwithstanding the foregoing and subject to clause (B) below, the Ownership Limit described in Section III(a)(i)(x) of this Article FOURTH may be waived by the Board of Directors pursuant to an amendment to the bylaws of the Corporation (the “**Bylaws**”) adopted by

the Board of Directors, if, in connection with the adoption of such amendment, the Board of Directors in its sole discretion adopts a resolution stating that it is the determination of the Board of Directors that such amendment (1) will not impair the ability of any of the Corporation and the Controlled National Securities Exchange, or facility thereof, to carry out its respective functions and responsibilities under the Exchange Act and the rules promulgated thereunder; (2) is otherwise in the best interests of the Corporation and its stockholders and the Controlled National Securities Exchange or facility thereof; and (3) will not impair the ability of the United States Securities and Exchange Commission (the “**Commission**”) to enforce the Exchange Act. Such amendment shall not be effective unless approved by the Commission.

(B) Notwithstanding clause (A) above, in any case where a Person’s Ownership Percentage (as defined below) will exceed the Ownership Limits upon consummation of any proposed sale, assignment or transfer of the Corporation’s capital stock, the Board of Directors shall have determined that such Person and its Related Persons are not subject to any applicable “statutory disqualification” (within the meaning of Section 3(a)(39) of the Exchange Act).

(C) In making the determinations referred to in clauses (A) and (B) above, the Board of Directors may impose on the Person in question and its Related Persons such conditions and restrictions as it may in its sole discretion deem necessary, appropriate or desirable.

(D) Any Person (and its Related Persons) that proposes to acquire an Ownership Percentage in excess of the Ownership Limit described in Section III(a)(i)(x) of this Article FOURTH shall have delivered to the Board of Directors a notice in writing, not less than forty-five (45) days (or any shorter period to which the Board of Directors shall expressly consent) before the proposed acquisition of shares of capital stock (whether common or preferred) that would result in such Person exceeding the Ownership Limit described in Section III(a)(i)(x) of this Article FOURTH.

(E) For purposes of this Section III of this Article FOURTH, “**Ownership Percentage**” means, with respect to any Person, an amount (expressed as a percentage) equal to the quotient of (1) the aggregate number of Voting Shares owned directly or indirectly, of record or beneficially, by such Person and its Related Persons, *divided by* (2) the total number of Voting Shares then outstanding.

(ii) Any Person, either alone or together with its Related Persons, that at any time owns (whether by acquisition or by a change in the number of shares outstanding) of record or beneficially, whether directly or indirectly, five percent (5%) or more of the then-outstanding Voting Shares shall, immediately upon so owning five percent (5%) or more of the then-outstanding Voting Shares, give the

Board of Directors written notice of such ownership of five percent (5%) or more of the then-outstanding Voting Shares, which notice shall state: (1) such Person's full legal name; (2) such Person's title or status and the date on which such title or status was acquired; (3) such Person's approximate ownership interest in the Corporation; and (4) whether such Person has the power, directly or indirectly, to direct the management or policies of the Corporation, whether through ownership of securities, by contract or otherwise. The Board of Directors shall deliver to the ISE Trust (as defined below) a copy of any written notice provided pursuant to this Section III(a)(ii) of this Article FOURTH.

(iii) Each Person required to provide written notice pursuant to Section III(a)(ii) of this Article FOURTH shall update such notice promptly after any change therein; *provided*, that no such updated notice shall be required to be provided to the Board of Directors in the event of an increase or decrease of less than one percent (1%) (of the then-outstanding Voting Shares) in such Person's Ownership Percentage so reported (such increase or decrease to be measured cumulatively from the amount shown on the last such report) unless any increase or decrease of less than one percent (1%) results in such Person owning more than twenty percent (20%) or more than forty percent (40%) of the then-outstanding Voting Shares (at a time when such Person so owned less than such percentages) or such Person so owning less than twenty percent (20%) or less than forty percent (40%) of the then-outstanding Voting Shares (at a time when such Person so owned more than such percentages). The Board of Directors shall deliver to the ISE Trust a copy of any update provided pursuant to this Section III(a)(iii) of this Article FOURTH.

(b) **Voting Limits.** (i) For so long as the Corporation shall control, directly or indirectly, one or more Controlled National Securities Exchanges, or facility thereof, no Person, either alone or together with its Related Persons, at any time, directly, indirectly or pursuant to any voting trust, agreement, plan or other arrangement, (A) may be entitled to vote or cause the voting of Voting Shares representing more than twenty percent (20%) of the voting power of the then-outstanding Voting Shares, (B) may be entitled to give any consent or proxy with respect to Voting Shares representing more than twenty percent (20%) of the voting power of the then-outstanding Voting Shares, or (C) enter into any agreement, plan or other arrangement with any other Person, either alone or together with its Related Persons, under circumstances which would result in the Voting Shares that shall be subject to such agreement, plan or other arrangement not being voted on any matter or matters or the withholding of any proxy relating thereto, where the effect of such agreement, plan or other arrangement would be to enable any Person, either alone or together with its Related Persons, to vote, possess the right to vote or cause the voting of Voting Shares representing more than twenty percent (20%) of the then-outstanding Voting Shares (assuming, for purposes of this Section III(b)(i)(C) of this Article FOURTH, that all Voting Shares that are subject to such agreement, plan or other arrangement are not then-outstanding Voting Shares) ((A), (B), and (C) each a "**Voting Limit**" and (A), (B) and (C) collectively, the "**Voting Limits**"); *provided, however*, that a Voting Limit may be waived by the Board of Directors pursuant to an amendment to the Bylaws adopted by the Board of Directors, if, in connection with the adoption of such amendment, the Board of Directors in its sole discretion adopts a resolution stating that it is the determination of the Board

of Directors that (1) such amendment will not impair the ability of any of the Corporation and the Controlled National Securities Exchange, or facility thereof, to carry out its respective functions and responsibilities under the Exchange Act, (2) such amendment is otherwise in the best interests of the Corporation and its stockholders and the Controlled National Securities Exchange, or facility thereof, (3) such amendment will not impair the ability of the Commission to enforce the Exchange Act, (4) such Person and its Related Persons are not subject to any applicable “statutory disqualification” (within the meaning of Section 3(a)(39) of the Exchange Act), and (5) neither such Person nor any of its Related Persons is a Member. In making the determinations referred to in the immediately preceding sentence, the Board of Directors may impose on the Person in question and its Related Persons such conditions and restrictions as it may in its sole discretion deem necessary, appropriate or desirable in furtherance of the objectives of the Exchange Act. Such amendment shall not be effective until approved by the Commission. Any Person that proposes to acquire a Voting Control Percentage (as defined below) in excess of a Voting Limit shall have delivered to the Board of Directors a notice in writing, not less than forty-five (45) days (or any shorter period to which the Board of Directors shall expressly consent) before the date on which such Person acquires a Voting Control Percentage in excess of a Voting Limit, of its intention to do so. The Board of Directors shall deliver to the ISE Trust a copy of any written notice provided pursuant to this Section III(b) of this Article FOURTH.

(ii) Section III(b)(i) of this Article FOURTH shall not apply to any solicitation of any revocable proxy from any stockholder of the Corporation by the Corporation.

(iii) For purposes of this Section III of this Article FOURTH, “**Voting Control Percentage**” means, with respect to any Person, an amount (expressed as a percentage) equal to the quotient of (A) the aggregate number of Voting Shares (1) the Person is entitled to vote or cause to be voted or (2) with respect to which a consent or proxy may be given, in each case by such Person and its Related Persons, directly, indirectly or pursuant to any voting trust, agreement, plan or other arrangement, *divided by* (B) the total number of Voting Shares then outstanding (assuming that any Voting Shares subject to an agreement, plan or other arrangement described in Section III(b)(i)(C) of this Article FOURTH are not outstanding Voting Shares for purposes of this calculation).

(c) **Violations of any Ownership Limit or Voting Limit; Excess Shares .** Notwithstanding any other provisions contained in this Section III of this Article FOURTH, if at any time any Person’s Ownership Percentage or Voting Control Percentage exceeds an Ownership Limit or a Voting Limit, the Board of Directors shall so notify the ISE Trust and such Ownership Percentage or Voting Control Percentage shall result in the automatic transfer to the ISE Trust of a majority of the Voting Shares then outstanding *pro rata* from the holders thereof (the “**Excess Shares**”).

(i) All Excess Shares transferred to the ISE Trust shall be held for the exclusive benefit of the Trust Beneficiary (as defined below). Notwithstanding any other provision of this Certificate of Incorporation, or any provision of the Bylaws, to the contrary, Excess Shares held by the ISE Trust shall be or continue to be issued and outstanding Voting Shares.

(ii) Excess Shares shall be entitled to dividends or other distributions, which shall be paid to the ISE Trust for the exclusive benefit of the Trust Beneficiary. The Trustees (as defined below) shall promptly distribute such dividends and other distributions received in respect of the Excess Shares to the Trust Beneficiary.

(iii) Subject to the rights of the holders of any series of Preferred Stock, in the event of any voluntary or involuntary liquidation, dissolution or winding up of, or any other distribution of all or substantially all of the assets of the Corporation, the ISE Trust, as the holder of Excess Shares, shall be entitled to receive ratably with each holder of the same class or series of stock, a portion of the assets of the Corporation available for distribution to the stockholders. The Trustees shall promptly distribute any such assets received in respect of the Excess Shares in any liquidation, dissolution or winding up of, or any distribution of the assets of the Corporation to the Trust Beneficiary.

(iv) To the fullest extent permitted by applicable law, the Trust Beneficiary shall not be entitled to vote such Excess Shares on any matter.

(v) Excess Shares shall not be transferable except in a transfer to which the ISE Trust is a party. Upon receipt of written instructions from the Trust Beneficiary, the Trustees shall promptly use their commercially reasonable efforts to sell the Excess Shares to a Person or Persons, designated by the Trustees, whose ownership of Voting Shares will not violate any Ownership Limit or Voting Limit, in market transactions, by public offering or otherwise, in each case, at a time or times and in a manner so as to maximize the return on the Excess Shares. Upon any such sale, the interest of the Trust Beneficiary in the Voting Shares sold shall so terminate and the Trustees shall promptly distribute the net proceeds of the sale to the Trust Beneficiary as provided herein.

(vi) The Trust Beneficiary shall have the right to reacquire the Excess Shares from the Trust if and when (A) a Person's Ownership Percentage or Voting Control Percentage no longer exceeds any Ownership Limit or Voting Limit, or (B) a Person's Ownership Percentage or Voting Control Percentage in excess of any Ownership Limit or Voting Limit is waived by the Board of Directors and approved by the Commission in accordance with Sections III(a)(i)(A) and III(b)(i) of this Article FOURTH.

For purposes of this Section III of this Article FOURTH, the term "**ISE Trust**" shall mean the Delaware statutory trust established for the benefit of the Trust Beneficiary pursuant to that certain Trust Agreement (the "**Trust Agreement**") to be entered into among the Corporation, the Trustees, and the Trust Beneficiary; the term "**Trustees**" shall mean the trustees initially appointed pursuant to the Trust Agreement, and any successor trustees appointed in accordance with the Trust Agreement; the term "**Trust Beneficiary**" shall mean U.S. Exchange Holdings, Inc.

(d) **Effect of Purported Voting in Violation of this Section III of this Article FOURTH.** If any stockholder purports to vote or cause the voting of Voting Shares, grant any consent or proxy with respect to the Voting Shares, or enter into any agreement, plan, or other arrangement for the voting of Voting Shares that would violate, or cause the violation of, any Voting Limit under this Section III of this Article FOURTH, then the Corporation shall not honor such vote or proxy to the extent that such provisions would be violated, and any shares subject thereto shall not be entitled to be voted to the extent of such violation.

FIFTH: The Board of Directors is hereby authorized to create and issue, whether or not in connection with the issuance and sale of any of its stock or other securities or property, rights entitling the holders thereof to purchase from the Corporation shares of stock or other securities of the Corporation or any other corporation, recognizing that, under certain circumstances, the creation and issuance of such rights could have the effect of discouraging third parties from seeking, or impairing their ability to seek, to acquire a significant portion of the outstanding securities of the Corporation, to engage in any transaction which might result in a change of control of the Corporation or to enter into any agreement, arrangement or understanding with another party to accomplish the foregoing or for the purpose of acquiring, holding, voting or disposing of any securities of the Corporation. The creation and issuance of any such rights shall be subject to the prior approval of the Commission. Subject thereto, the times at which and the terms upon which such rights are to be issued will be determined by the Board of Directors and set forth in the contracts or instruments that evidence such rights. The authority of the Board of Directors with respect to such rights shall include, but not be limited to, determination of the following:

(a) the initial purchase price per share or other unit of the stock or other securities or property to be purchased upon exercise of such rights;

(b) provisions relating to the times at which and the circumstances under which such rights may be exercised or sold or otherwise transferred, either together with or separately from, any other stock or other securities of the Corporation;

(c) provisions which adjust the number or exercise price of such rights or amount or nature of the stock or other securities or property receivable upon exercise of such rights in the event of a combination, split or recapitalization of any stock of the Corporation, a change in ownership of the Corporation's stock or other securities or a reorganization, merger, consolidation, sale of assets or other occurrence relating to the Corporation or any stock of the Corporation, and provisions restricting the ability of the Corporation to enter into any such transaction absent an assumption by the other party or parties thereto of the obligations of the Corporation under such rights;

(d) provisions which deny the holder of a specified percentage of the outstanding stock or other securities of the Corporation the right to exercise such rights and/or cause the rights held by such holder to become void;

(e) provisions which permit the Corporation to redeem or exchange such rights, which redemption or exchange may be within the sole discretion of the Board of Directors, if the Board of Directors reserves such right to itself; and

(f) the appointment of a rights agent with respect to such rights.

SIXTH: The Bylaws may be amended, added to, rescinded or repealed at any meeting of the Board of Directors or meeting of the stockholders.

SEVENTH: Unless and except to the extent that the Bylaws of the Corporation shall so require, the election of directors of the Corporation need not be by written ballot.

EIGHTH: A director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the Corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL or (iv) for any transaction from which the director derived an improper personal benefit. No amendment or repeal of this Article EIGHTH shall adversely affect any right or protection of a director of the Corporation existing hereunder in respect of any act or omission occurring prior to such amendment or repeal.

NINTH: Except as may be expressly provided in this Certificate of Incorporation, the Corporation reserves the right at any time and from time to time to amend, alter, change or repeal any provision contained in this Certificate of Incorporation or a Preferred Stock Designation, and any other provisions authorized by the laws of the State of Delaware at the time in force may be added or inserted, in the manner now or hereafter prescribed herein or by law, and all powers, preferences and rights of whatsoever nature conferred upon stockholders, directors or any other persons whomsoever by and pursuant to this Certificate of Incorporation or a Preferred Stock Designation, as the same may be amended, are granted subject to the right reserved in this Article NINTH; *provided, however*, that no Preferred Stock Designation shall be amended after the issuance of any shares of the series of Preferred Stock created thereby, except in accordance with the terms of such Preferred Stock Designation and the requirements of law.

TENTH: In discharging his or her responsibilities as a member of the Board of Directors, each director, to the fullest extent permitted by law, shall take into consideration the effect that the Corporation's actions would have on the ability of each Controlled National Securities Exchange, or facility thereof to carry out its responsibilities under the Exchange Act and on the ability of each Controlled National Securities Exchange, or facility thereof, and the Corporation: to engage in conduct that fosters and does not interfere with each Controlled National Securities Exchange, or facility thereof and the Corporation's ability to prevent fraudulent and manipulative acts and practices; to promote just and equitable principles of trade; to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities; to remove impediments to and perfect the mechanisms of a free and open market and a national market system; and, in general, to protect investors and the public interest. In discharging his or her responsibilities as a member of the Board of Directors or as an officer or employee of the Corporation, each such director, officer or employee shall comply with the federal securities laws and the rules and regulations thereunder and shall cooperate with each Controlled National Securities Exchange, or facility thereof, and the Commission pursuant to their respective regulatory authority.

ELEVENTH: All confidential information pertaining to the self-regulatory function of each Controlled National Securities Exchange, or facility thereof (including but not limited to confidential information regarding disciplinary matters, trading data, trading practices and audit information) contained in the books and records of each Controlled National Securities Exchange, or facility thereof, that shall come into the possession of the Corporation shall, to the fullest extent permitted by law: (x) not be made available to any Person (other than as provided in the next sentence) other than to those officers, directors, employees and agents of the Corporation that have a reasonable need to know the contents thereof; (y) be retained in confidence by the Corporation and the officers, directors, employees and agents of the Corporation; and (z) not be used for any commercial purposes. Nothing in this Certificate of Incorporation shall be interpreted as to limit or impede the rights of the Commission or each Controlled National Securities Exchange to access and examine such confidential information pursuant to the federal securities laws and the rules and regulations promulgated thereunder, or to limit or impede the ability of any officers, directors, employees or agents of the Corporation to disclose such confidential information to the Commission or each Controlled National Securities Exchange.

TWELFTH: For so long as the Corporation shall control, directly or indirectly, each Controlled National Securities Exchange, or facility thereof, the books, records, premises, officers, directors and employees of the Corporation shall be deemed to be the books, records, premises, officers, directors and employees of each Controlled National Securities Exchange for purposes of and subject to oversight pursuant to the Exchange Act, but only to the extent that such books, records and premises are related to, or such officers, directors and employees are involved in, the activities of each Controlled National Securities Exchange, or facility thereof. The books and records related to the activities of each Controlled National Securities Exchange, or facility thereof, shall be subject at all times to inspection and copying by the Commission and each Controlled National Securities Exchange.

THIRTEENTH: The Corporation shall comply with the federal securities laws and the rules and regulations thereunder and shall cooperate with each Controlled National Securities Exchange and the Commission pursuant to their respective regulatory authority, and shall take reasonable steps necessary to cause its agents to cooperate with each Controlled National Securities Exchange and the Commission pursuant to their respective regulatory authority with respect to such agents' activities related to each Controlled National Securities Exchange, or facility thereof.

FOURTEENTH: For so long as the Corporation shall control, directly or indirectly, a Controlled National Securities Exchange, or facility thereof, before any amendment to or repeal of any provision of this Certificate of Incorporation of the Corporation shall be effective, the same shall be submitted to the board of directors of each Controlled National Securities Exchange, and if the same must be filed with, or filed with and approved by, the Commission before the same may be effective, under Section 19 of the Exchange Act and the rules promulgated thereunder, then the same shall not be effective until filed with, or filed with and approved by, the Commission, as the case may be.

Section 1.2 **Other Offices.** The Corporation may have such other offices, either within or without the State of Delaware, as the board of directors of the Corporation (the “**Board of Directors**”) may designate or as the business of the Corporation may from time to time require.

Section 1.3 **Books and Records.** The books and records of the Corporation may be kept at the Corporation’s principal executive offices in New York, New York or at such other locations within or without the State of Delaware as may from time to time be designated by the Board of Directors, *provided*, that the books and records shall always be kept within the United States.

Section 1.4 **Consent to Jurisdiction.** The Corporation and its officers, directors, employees and agents, by virtue of their acceptance of such position, shall be deemed to irrevocably submit to the jurisdiction of the United States federal courts, the United States Securities and Exchange Commission (the “**Commission**”), and each national securities exchange controlled, directly or indirectly, by the Corporation (“**Controlled National Securities Exchange**”), including but not limited to, International Securities Exchange, LLC (“**ISE, LLC**”), for the purposes of any suit, action or proceeding pursuant to the United States federal securities laws, and the rules or regulations thereunder, arising out of, or relating to, the activities of each Controlled National Securities Exchange, or facility thereof, and by virtue of their acceptance of any such position, shall be deemed to waive, and agree not to assert by way of motion, as a defense or otherwise in any such suit, action or proceeding, any claims that it or they are not personally subject to the jurisdiction of the United States federal courts, the Commission or each Controlled National Securities Exchange, that the suit, action or proceeding is an inconvenient forum or that the venue of the suit, action or proceeding is improper, or that the subject matter thereof may not be enforced in or by such courts or agency. The Corporation and its officers, directors, employees and agents also agree that they will maintain an agent, in the United States,

for the service of process of a claim arising out of, or relating to, the activities of Controlled National Securities Exchange, or facility thereof.

Section 1.5 Officers and Directors. For so long as the Corporation shall control, directly or indirectly, Controlled National Securities Exchange, or facility thereof, each officer, director and employee of the Corporation shall give due regard to the preservation of the independence of the self-regulatory function of each Controlled National Securities Exchange, and to such Controlled National Securities Exchange's obligations under the Securities Exchange Act of 1934, as amended (the "**Exchange Act**"), and the rules thereunder including, without limitation, Section 6(b) of the Exchange Act and shall not take any actions which he or she knows or reasonably should have known would interfere with the effectuation of any decisions by the board of directors of Controlled National Securities Exchange relating to such Controlled National Securities Exchange's regulatory functions (including disciplinary matters) or which would adversely affect the ability of each Controlled National Securities Exchange, or facility thereof, to carry out its respective responsibilities under the Exchange Act.

Section 1.6 Further Compliance. The Corporation shall take reasonable steps necessary to cause its officers, directors and employees prior to accepting a position as an officer, director or employee, as applicable, of the Corporation to consent in writing to the applicability to them of Article TENTH, Article ELEVENTH, and Article TWELFTH of the Certificate of Incorporation of the Corporation (the "**Certificate of Incorporation**") and Section 1.4 and Section 1.5 hereof, as applicable, with respect to their activities related to each Controlled National Securities Exchange, or facility thereof.

ARTICLE II

Stockholders

Section 2.1 Annual Meeting. The annual meeting of stockholders of the Corporation shall be held on such date and at such time as may be designated by the Board of Directors at the principal executive offices of the Corporation, or at such other place within or without the State of Delaware as may be fixed by the Board of Directors.

Section 2.2 Special Meetings. Subject to the rights of the holders of any series of preferred stock, par value \$.01 per share, of the Corporation (the "**Preferred Stock**"), or any other series or class of stock as set forth in the Certificate of Incorporation to elect additional directors under specified circumstances, a special meeting of the holders of stock of the Corporation entitled to vote on any business to be considered at any such meeting may be called only by the Chairman of the Board of the Corporation or a majority of the Board of Directors for any purpose or purposes, and shall be called by the Secretary of the Corporation at the request of the Board of Directors pursuant to a resolution adopted by a majority of the total number of directors which the Corporation would at the time have if there were no vacancies (the "**Whole Board**"). The Board of Directors may designate the place of meeting for any special meeting of the stockholders, and if no such designation is made, the place of meeting shall be the principal executive offices of the Corporation.

Section 2.3 Notice of Meetings. Whenever stockholders are required or permitted to take any action at a meeting, unless notice is waived as provided in Section 8.1 of these Bylaws, a written notice of the meeting shall be given which shall state the place, date and hour of the meeting, and, in the case of a special meeting, the purpose or purposes for which the meeting is called. Unless otherwise provided by law, and except as to any stockholder duly waiving notice, the written notice of any meeting shall be given personally or by mail, not less than ten (10) nor more than sixty (60) days before the date of the meeting to each stockholder entitled to vote at such meeting. If mailed, notice shall be deemed given when deposited in the mail, postage prepaid, directed to the stockholder at his or her address as it appears on the records of the Corporation. Any previously scheduled meeting of the stockholders may be postponed by resolution of the Board of Directors upon public notice given by press release prior to the time previously scheduled for such meeting of stockholders.

When a meeting is adjourned to another time or place, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting the Corporation may transact any business which might have been transacted at the original meeting. If, however, the adjournment is for more than thirty (30) days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting.

Section 2.4 Quorum. Except as otherwise provided by law or by the Certificate of Incorporation or by these Bylaws, at any meeting of stockholders the holders of a majority of the voting power of the shares of the capital stock (whether common stock or Preferred Stock) of the Corporation that have the right by their terms to vote in the election of members of the Board of Directors or on other matters which may require the approval of the holders of voting shares of the Corporation (other than matters affecting the rights, preferences or privileges of a particular class of capital stock) (the "**Voting Shares**"), either present in person or represented by proxy, shall constitute a quorum for the transaction of any business at such meeting, except that when specified business is to be voted on by a class or series voting as a class, the holders of a majority of the voting power of such class or series entitled to vote shall constitute a quorum for the transaction of such business. To the fullest extent permitted by applicable law, the chairman of the meeting or a majority of the voting power of the shares of Voting Shares so present or represented may adjourn the meeting from time to time, whether or not there is such a quorum (or in the case of specified business to be voted on as a class or series, the chairman or a majority of the shares of such class or series entitled to vote which are so present or represented may adjourn the meeting with respect to such specified business). No notice of the time and place of adjourned meetings need be given except as provided in the last paragraph of Section 2.3 of these Bylaws. The stockholders present at a duly organized meeting may continue to transact business until adjournment, notwithstanding the withdrawal of a sufficient number of stockholders to result in less than a quorum.

Section 2.5 Voting. Except as otherwise set forth in the Certificate of Incorporation with respect to the right of any holder of any series of Preferred Stock or any other series or class of stock to elect additional directors under specified circumstances, whenever directors are to be elected at a meeting, they shall be elected by a plurality of the votes cast at the meeting by the holders of shares of stock entitled to vote. Whenever any corporate action, other

than the election of directors, is to be taken by vote of stockholders at a meeting, such corporate action shall, except as otherwise required by law or by the Certificate of Incorporation or by these Bylaws, be authorized by the affirmative vote of the holders of a majority of the shares of stock present in person or represented by proxy and entitled to vote with respect to such corporate action. Except as otherwise provided by law, or by the Certificate of Incorporation, each holder of record of stock of the Corporation entitled to vote on any matter at any meeting of stockholders shall be entitled to one vote for each share of such stock standing in the name of such holder on the stock ledger of the Corporation on the record date for the determination of the stockholders entitled to vote at the meeting.

Upon the demand of any stockholder entitled to vote, the vote for directors or the vote on any other matter at a meeting shall be by written ballot, but otherwise the method of voting and the manner in which votes are counted shall be discretionary with the presiding officer at the meeting.

Section 2.6 Proxies. Each stockholder entitled to vote at a meeting of stockholders may authorize another person or persons to act for him or her by proxy, but no such proxy shall be voted or acted upon after eleven (11) months from its date, unless the proxy provides for a longer period. Every proxy shall be signed by the stockholder or by his or her duly authorized attorney. Such proxy must be filed with the Secretary of the Corporation or his or her representative at or before the time of the meeting.

Section 2.7 Inspectors of Elections; Opening and Closing the Polls . (a) The Board of Directors by resolution shall appoint one or more inspectors, which inspector or inspectors may include individuals who serve the Corporation in other capacities, including, without limitation, as officers, employees, agents or representatives of the Corporation, to act at the meeting and make a written report thereof. One or more persons may be designated as alternate inspectors to replace any inspector who fails to act. If no inspector or alternate has been appointed to act, or if all inspectors or alternates who have been appointed are unable to act, at a meeting of stockholders, the chairman of the meeting shall appoint one or more inspectors to act at the meeting. Each inspector, before discharging his or her duties, shall take and sign an oath faithfully to execute the duties of inspector to the best of his or her ability. The inspectors shall have the duties prescribed by the Delaware General Corporation Law (the “DGCL”).

(b) The chairman of the meeting shall fix and announce at the meeting the time of the opening and the closing of the polls for each matter upon which the stockholders will vote at a meeting.

Section 2.8 List of Stockholders. The officer who has charge of the stock ledger of the Corporation shall prepare and make, at least ten (10) days before every meeting of stockholders, a complete list of the stockholders entitled to vote at the meeting, arranged in alphabetical order, and showing the address of each stockholder and the number of shares registered in the name of each stockholder. Such list shall be open to the examination of any stockholder, for any purpose germane to the meeting, for a period of at least ten (10) days prior to the meeting, either on a reasonably accessible electronic network, *provided*, that information required to gain access to such list is provided with the notice of the meeting, or during ordinary business hours, at the principal place of business of the Corporation. In the event that the

Corporation determines to make the list available on an electronic network, the Corporation may take reasonable steps to ensure that such information is available only to stockholders of the Corporation. If the meeting is to be held at a place, then the list shall also be produced and kept at the time and place of the meeting during the whole time thereof, and may be inspected by any stockholder who is present. If the meeting is to be held solely by means of remote communication, then the list shall also be open to the examination of any stockholder during the whole time of the meeting on a reasonably accessible electronic network, and the information required to access such list shall be provided with the notice of the meeting. Nothing in this Section shall require the Corporation to include electronic mail addresses or other electronic contact information on such list.

The stock ledger shall be the only evidence as to who are the stockholders entitled to examine the stock ledger, the list required by this Section or the books of the Corporation, or to vote in person or by proxy at any meeting of stockholders.

Section 2.9 Stockholder Action by Written Consent. Unless otherwise provided in the Certificate of Incorporation, any action required to be taken at any annual or special meeting of stockholders of the Corporation, or any action that may be taken at any annual or special meeting of the stockholders, may be taken without a meeting, without prior notice and without a vote, if a consent or consents in writing, setting forth the action so taken, shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted and shall be delivered to the Corporation by delivery to its principal place of business, or an officer or agent of the Corporation having custody of the minutes of proceedings of the stockholders of the Corporation. Prompt notice of the taking of corporate action without a meeting by less than unanimous written consent shall be given to those stockholders who have not consented in writing and who, if the action had been taken at a meeting, would have been entitled to notice of the meeting if the record date for such meeting had been the date that written consents signed by a sufficient number of holders to take the action were delivered to the Corporation.

ARTICLE III

Directors

Section 3.1 General Powers. The business and affairs of the Corporation shall be managed by or under the direction of its Board of Directors. In addition to the powers and authorities by these Bylaws expressly conferred upon it, the Board of Directors may exercise all such powers of the Corporation and do all such lawful acts and things as are not by law or by the Certificate of Incorporation or by these Bylaws required to be exercised or done by the stockholders.

Section 3.2 Number, Tenure and Qualifications. Subject to the rights of the holders of any series of Preferred Stock or any other series or class of stock as set forth in the Certificate of Incorporation to elect directors under specified circumstances, the number of directors shall be fixed from time to time exclusively pursuant to a resolution adopted by a majority of the Whole Board, but shall consist of not more than fifteen (15) nor less than two (2)

directors, and one (1) of such directors shall be such person who is currently holding the office of Chief Executive Officer of the Corporation. Except as may be provided in the Certificate of Incorporation, the directors shall be elected by the holders of the Voting Shares at the annual meeting or any special meeting called for such purpose. Each director so elected shall hold office until his or her successor shall be duly elected and qualified or until his or her earlier death, resignation or removal.

Section 3.3 Vacancies and Newly Created Directorship. Subject to the rights of the holders of any series of Preferred Stock or any other series or class of stock as set forth in the Certificate of Incorporation to elect additional directors under specified circumstances, in the event that a director position becomes available, whether through vacancies resulting from death, resignation, retirement, disqualification, removal from office or other cause, or newly created directorships resulting from any increase in the authorized number of directors, such positions may be filled only by the affirmative vote of a majority of the remaining directors, though less than a quorum of the Board of Directors, and directors so chosen shall hold office for a term expiring at the annual meeting of stockholders at which the term of office of the class to which such director has been elected expires and until such director's successor shall have been duly elected and qualified. No decrease in the number of authorized directors constituting the Whole Board shall shorten the term of any incumbent director.

Section 3.4 Resignation. Any director may resign at any time upon written notice to the Corporation. Any such resignation shall take effect at the time specified therein or, if the time be not specified, upon receipt thereof, and the acceptance of such resignation, unless required by the terms thereof, shall not be necessary to make such resignation effective.

Section 3.5 Removal. To the fullest extent permitted by law, any director or the entire Board of Directors may be removed, with or without cause, by the affirmative vote of a majority of the voting power of the outstanding shares then entitled to vote at an election of directors; *provided, however*, that whenever the holders of any class or series of capital stock are entitled to elect or appoint one or more directors by the Certificate of Incorporation, the affirmative vote of the holders of a majority of the outstanding shares of that class or series (and not the vote of the outstanding shares as a whole) shall be necessary to remove a director elected or appointed by such class or series without cause.

Section 3.6 Meetings. Meetings of the Board of Directors, regular or special, may be held at any place within or without the State of Delaware. Members of the Board of Directors, or of any committee designated by the Board of Directors, may participate in a meeting of the Board of Directors or such committee by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting by such means shall constitute presence in person at such meeting. An annual meeting of the Board of Directors shall be held as soon as practicable following each annual meeting of stockholders. The Board of Directors may fix times and places for such annual meeting and additional regular meetings of the Board of Directors and no further notice of such meetings need be given. A special meeting of the Board of Directors shall be held whenever called by the Chairman of the Board or by a majority of the Whole Board, at such time and place as shall be specified in the notice or waiver thereof. The person or persons authorized to call a special meeting of the Board of Directors may fix the place

and time of the meetings. Notice of any special meeting shall be given to each director at his or her business or residence in writing, by electronic mail or by tele gram or by telephone communication. If mailed, such notice shall be deemed adequately delivered when deposited in the United States mails so addressed, with postage thereon prepaid, at least five (5) days before such meeting. If by electronic mail, such notice shall be deemed adequately delivered when the electronic mail is sent at least twenty-four hours before the meeting. If by telegram, such notice shall be deemed adequately delivered when the telegram is delivered to the telegraph company at least twenty-four hours before such meeting. If by facsimile transmission, such notice shall be transmitted at least twenty-four hours before such meeting. If by telephone, the notice shall be given at least twelve hours prior to the time set for the meeting. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the Board of Directors need be specified in the notice of such meeting, except for amendments to these Bylaws as provided under Section 10.1 of these Bylaws.

Section 3.7 Quorum and Voting. A whole number of directors equal to at least a majority of the Whole Board shall constitute a quorum for the transaction of business at any meeting of the Board of Directors, but if there be less than a quorum, a majority of the directors present may adjourn the meeting from time to time, and no further notice thereof need be given other than announcement at the meeting which shall be so adjourned. Except as otherwise provided by law, by the Certificate of Incorporation, or by these By laws, the vote of a majority of the directors present at a meeting at which a quorum is present shall be the act of the Board of Directors.

Section 3.8 Written Consent of Directors in Lieu of a Meeting . Any action required or permitted to be taken at any meeting of t he Board of Directors or of any committee thereof may be taken without a meeting if all members of the Board of Directors or of such committee, as the case may be, consent thereto in writing, and the writing or writings are filed with the minutes of proceeedings of the Board of Directors or of such committee.

Section 3.9 Compensation. Directors may receive compensation for services to the Corporation in their capacities as directors or otherwise in such manner and in such amounts as may be fixed from time to time by the Board of Directors.

Section 3.10 Committees of the Board of Directors . (a) The Board of Directors may, by resolution, establish an Executive Committee and one or more other committees, each committee to consist of one or more directors. The Board may designate one or more directors as alternate members of any committee, who may replace any absent or disqualified member at any meeting of the committee. In the absence or disqualification of a member of a committee and the alternate or alternates, if any , designated for such member, the member or members of the committee present at any meeting and not disqualified from voting, whether or not they constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in the place of any such absent or disqualified member.

(b) The Executive Committee, if established, and any such other committee to the extent provided in the resolution establishing such committee, shall have and may exercise all the power and authority of the Board of Directors in the management of the business and affairs of the Corporation and may authorize the seal of the Corporation to be affixed to all

papers which may require it; but no such committee shall have the power or authority in reference to (i) approving or adopting, or recommending to the stockholders, any action or matter expressly required by the DGCL to be submitted to stockholders for approval, or (ii) adopting, amending or repealing any bylaw of the Corporation. A committee may create one or more subcommittees, each subcommittee to consist of one or more members of the committee, and delegate to a subcommittee any or all of the powers and authority of the committee. The Executive Committee shall, without limitation, have the power and authority to declare dividends, to authorize the issuance of stock and to adopt a certificate of ownership and merger pursuant to Section 253 of the DGCL (*provided*, that no vote of stockholders of the Corporation is required for the effectuation of such merger). Other committees shall have such names as may be determined from time to time by resolution adopted by the Board of Directors. Each committee so formed shall keep regular minutes of its meetings and report the same to the Board of Directors when required.

Section 3.11 Chairman of the Board. The Chairman of the Board shall be elected, by the affirmative vote of at least a majority of the directors then in office. The Chairman of the Board shall serve as such for a term of one (1) year. The Chairman of the Board shall have the authority provided in these Bylaws. The Chairman of the Board shall preside at all meetings of stockholders and of the Board of Directors.

Section 3.12 Vice Chairman of the Board. The Vice Chairman of the Board shall be elected from among the directors by the affirmative vote of at least a majority of the directors then in office. The Vice Chairman of the Board shall serve as such for a term of one (1) year. In the case of the absence or inability of the Chairman of the Board to act, or a vacancy in the office of the Chairman of the Board, the Vice Chairman of the Board shall exercise the powers and discharge the duties of the Chairman of the Board, unless determined otherwise by the Board of Directors. The Vice Chairman of the Board shall have the authority provided in these Bylaws.

ARTICLE IV

Section 4.1 Officers. The Board of Directors shall elect a President, a Secretary and a Treasurer, and one or more Vice Presidents, one or more Assistant Secretaries and one or more Assistant Treasurers. All officers elected by the Board of Directors shall each have such powers and duties as generally pertain to their respective offices, subject to the specific provisions of this Article IV, together with such other powers and duties as from time to time may be conferred by the Board of Directors or any committee thereof. Any number of such offices may be held by the same person, but no officer shall execute, acknowledge or verify any instrument in more than one capacity. The Board of Directors may elect, and may delegate power to elect, such other officers, agents and employees as it may deem necessary or proper, who shall hold their offices or positions for such terms, have such authority and perform such duties as may from time to time be determined by or pursuant to authorization of the Board of Directors.

Section 4.3 Resignation and Removal. Any officer may resign at any time upon written notice to the Corporation. Any elected officer may be removed by a majority of the members of the Whole Board, with or without cause, at any time. The Board of Directors may delegate such power of removal as to officers, agents and employees not elected by the Board of Directors. Such removal shall be without prejudice to a person's contract rights, if any, but the appointment of any person as an officer, agent or employee of the Corporation shall not itself create contract rights.

Section 4.4 Compensation and Bond. The compensation of the officers of the Corporation shall be fixed by the Board of Directors, but this power may be delegated to any officer in respect of other officers under his or her control. The Corporation may secure the fidelity of any or all of its officers, agents or employees by bond or otherwise.

Section 4.5 President and Chief Executive Officer.

(a) The Chief Executive Officer shall be appointed by the Board of Directors pursuant to Section 4.1 and shall be nominated for a directorship by virtue of his or her office. The Chief Executive Officer shall manage the affairs of the Corporation and shall be the representative of the Corporation in all public matters. The Chief Executive Officer may be removed by a majority of the members of the Whole Board, with or without cause, at any time. In the case of temporary absence or inability to act, the Chief Executive Officer may designate any other officer to assume all the functions and discharge all the duties of the Chief Executive Officer. Upon his or her failure to do so, or if the office of Chief Executive Officer is vacant, any officer so designated by the Board of Directors shall perform the functions and duties of the Chief Executive Officer.

He or she shall attend to the giving and serving of all notices of the Corporation. He or she shall have custody of the seal of the Corporation and shall attest the same by his or her signature whenever required. He or she shall have charge of the stock ledger and such other books and papers as the Board of Directors may direct, but he or she may delegate responsibility for maintaining the stock ledger to any transfer agent appointed by the Board of Directors. He or she shall have all such further powers and duties as generally are incident to the position of Secretary or as may be assigned to him or her by the Chief Executive Officer or the Board of Directors.

Section 4.9 Assistant Treasurers. In the absence or inability to act of the Treasurer, any Assistant Treasurer may perform all the duties and exercise all the powers of the Treasurer. ARTICLE V

Indemnification And Insurance

Section 5.1 Right to Indemnification. Each person who was or is made a party or is threatened to be made a party to or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (hereinafter a “**proceeding**”), by reason of the fact that he or she or a person of whom he or she is the legal representative is or was a director or an officer of the Corporation or is or was serving at the request of the Corporation as a director, officer, employee or agent of any other corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to any employee benefit plan (hereinafter an “**indemnitee**”), whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent or in any other capacity while serving as a director, officer, employee or agent, shall be indemnified and held harmless by the Corporation to the fullest extent authorized by the DGCL, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than said law permitted the Corporation to provide prior to such amendment), against all expense, liability and loss

(including, without limitation, attorneys' fees, judgments, fines, excise taxes or penalties under the Employee Retirement Income Security Act of 1974, as amended, and amounts paid or to be paid in settlement) reasonably incurred by such indemnitee in connection therewith; *provided, however*, that except as provided in Section 5.3 with respect to proceedings seeking to enforce rights to indemnification, the Corporation shall indemnify any such indemnitee seeking indemnification in connection with a proceeding (or part thereof) initiated by such indemnitee only if such proceeding (or part thereof) was authorized by the Board of Directors.

Section 5.2 Right to Advancement of Expenses. The right to indemnification conferred in Section 5.1 shall include the right to be paid by the Corporation the expenses (including attorneys' fees) incurred in defending any such proceeding in advance of its final disposition (hereinafter an "**advancement of expenses**"); *provided, however*, that, if the DGCL requires, an advancement of expenses incurred by an indemnitee in his or her capacity as a director or officer (and not in any other capacity in which service was or is rendered by such indemnitee, including, without limitation, service to an employee benefit plan) shall be made only upon delivery to the Corporation of an undertaking (hereinafter an "**undertaking**"), by or on behalf of such indemnitee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal (hereinafter a "**final adjudication**") that such indemnitee is not entitled to be indemnified for such expenses under this Section 5.2 or otherwise.

Section 5.3 Right of Indemnitee to Bring Suit. If a claim under Section 5.1 or Section 5.2 is not paid in full by the Corporation within thirty (30) days after a written claim has been received by the Corporation, except in the case of a claim for an advancement of expenses, in which case the applicable period shall be twenty (20) days, the indemnitee may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim. If successful in whole or in part in any such suit, or in a suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the indemnitee shall be entitled to be paid also the expense of prosecuting or defending such suit. In (i) any suit brought by the indemnitee to enforce a right to indemnification hereunder (but not in a suit brought by the indemnitee to enforce a right of an advancement of expenses) it shall be a defense that, and (ii) in any suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the Corporation shall be entitled to recover such expenses upon a final adjudication that, the indemnitee has not met any applicable standard for indemnification set forth in the DGCL. Neither the failure of the Corporation (including its Board of Directors, independent legal counsel or stockholders) to have made a determination prior to the commencement of such action that indemnification of the indemnitee is proper in the circumstances because the indemnitee has met the applicable standard of conduct set forth in the DGCL, nor an actual determination by the Corporation (including its Board of Directors, independent legal counsel or stockholders) that the indemnitee has not met such applicable standard of conduct, shall create a presumption that the indemnitee has not met the applicable standard of conduct or, in the case of such a suit brought by the indemnitee, be a defense to such suit. In any suit brought by the indemnitee to enforce a right to indemnification or to an advancement of expenses hereunder, or brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the burden of proving that the indemnitee is not entitled to be indemnified, or to such advancement of expenses, under this Article V or otherwise shall be on the Corporation.

Section 5.4 **Non-Exclusivity of Rights.** The right to indemnification and the advancement of expenses conferred in this Article V shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, provision of the Certificate of Incorporation, provision of these Bylaws, agreement, vote of stockholders or disinterested directors or otherwise.

Section 5.5 **Insurance.** The Corporation may maintain insurance, at its expense, to protect itself and any director, officer, employee or agent of the Corporation or another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expense, liability or loss under the DGCL.

Section 5.6 **Indemnification of Employees and Agents of the Corporation .** The Corporation may, to the extent authorized from time to time by the Board of Directors, grant rights to indemnification, and rights to the advancement of expenses, to any employee or agent of the Corporation to the fullest extent of the provisions of this Article V with respect to the indemnification and advancement of expenses of directors and officers of the Corporation.

Section 5.7 **Contract Rights.** The rights to indemnification and to the advancement of expenses conferred in Section 5.1 and Section 5.2 shall be contract rights and such rights shall continue as to an indemnitee who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the indemnitee's heirs, executors and administrators.

If no record date is fixed by the Board of Directors, (1) the record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the date on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held, and (2) the record date for determining stockholders for any other purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; *provided, however*, that the Board of Directors may fix a new record date for the adjourned meeting.

Only such stockholders as shall be stockholders of record on the date so fixed shall be entitled to notice of, and to vote at, such meeting and any adjournment thereof, or to receive payment of such dividend or other distribution, or to exercise such rights in respect of any such change, conversion or exchange of stock, or to participate in such action, as the case may be, notwithstanding any transfer of any stock on the books of the Corporation after any record date so fixed.

Attendance of a person at a meeting shall constitute a waiver of notice of such meeting, except when the person attends a meeting for the express purpose of objecting at the beginning of the meeting to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the stockholders, directors or members of a committee of directors need be specified in any written waiver of notice.

Notes to the consolidated financial statements

Basis of preparation

1. General principles

Deutsche Börse AG ("the company") is incorporated as a German public limited company ("Aktien-gesellschaft") and is domiciled in Germany. The company's registered office is in Frankfurt/Main.

The 2013 consolidated financial statements have been prepared in compliance with International Financial Reporting Standards (IFRSs) and the related interpretations issued by the International Accounting Standards Board (IASB), as adopted by the European Union in accordance with Regulation No. 1606/2002 of the European Parliament and of the Council on the application of International Accounting Standards. As at 31 December 2013, there were no effective standards or interpretations not yet adopted by the European Union that could affect the consolidated financial statements. Accordingly, the consolidated financial statements also comply with IFRSs issued by the IASB.

The disclosures required in accordance with Handelsgesetzbuch (HGB, German Commercial Code) section 315a (1) have been presented in the notes to the consolidated financial statements and the remuneration report, which forms part of the combined management report. The consolidated financial statements are also based on the interpretations issued by the Rechnungslegungs Interpretations Committee (RIC, Accounting Interpretations Committee) of the Deutsches Rechnungslegungs Standards Committee e.V. (Accounting Standards Committee of Germany), to the extent that these do not contradict the standards and interpretations issued by the International Financial Reporting Interpretations Committee (IFRIC) or the IASB.

New accounting standards – implemented in the year under review

The following standards and interpretations issued by the IASB and adopted by the European Commission became effective for Deutsche Börse AG as at 1 January 2013 and were applied for the first time in the 2013 reporting period:

IFRS 10 "Consolidated Financial Statements" and IAS 27 (2011) "Separate Financial Statements" (May 2011)

IFRS 10 replaces the guidance on control and consolidation contained in IAS 27 (2009) "Consolidated and Separate Financial Statements" and SIC-12 "Consolidation – Special Purpose Entities" by uniform principles and accounting requirements that are applied to all companies to determine control. IAS 27

only contains the requirements governing separate financial statements. The standards have been adopted by the EU on 11 December 2012 and are effective for financial years beginning on or after 1 January 2014. Earlier application is permitted.

IFRS 11 “Joint Arrangements” (May 2011)

The standard introduces two types of joint arrangement: “joint operations” and “joint ventures”. It supersedes IAS 31 “Interests in Joint Ventures” and SIC-13 “Jointly Controlled Entities – Non-Monetary Contributions by Venturers”. The previous option to use proportionate consolidation for jointly controlled entities has been abolished. Venturers in a joint venture must use the equity method of accounting. IFRS 11 has been adopted by the EU on 11 December 2012. This standard must be applied for financial years beginning on or after 1 January 2014.

IFRS 12 “Disclosure of Interests in Other Entities” (May 2011)

IFRS 12 defines the required disclosures for entities that apply IFRS 10 “Consolidated Financial Statements” and IFRS 11 “Joint Arrangements”: these entities must disclose information that enables users of their financial statements to evaluate the nature of, and the risks associated with, their interests in other entities and the effects of those interests on their financial position, financial performance and cash flows. The standard has been adopted by the EU on 11 December 2012 and is effective for financial years beginning on or after 1 January 2014.

Amendments to IAS 28 “Investments in Associates and Joint Ventures” (May 2011)

As part of the amendments to IAS 28, accounting disclosures for joint ventures were included in the standard; the basic approach for assessing the existence of significant influence and rules for applying the equity method have been retained. The amendments to the standard were adopted by the EU on 11 December 2012 and must be applied together with IFRS 10, IFRS 11, IFRS 12 and IAS 27. The standard is effective for financial years beginning on or after 1 January 2014.

IFRS 10, IFRS 11, IFRS 12, IAS 27 and IAS 28 have been adopted early. Their initial application has no material effect on the basis of consolidation.

IFRS 13 “Fair Value Measurement” (May 2011)

This standard describes how to determine fair value and extends the related disclosures. Fair value is defined in IFRS 13 as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. IFRS 13 has been adopted by the EU on 11 December 2012. This standard must be applied for financial years which began on or after 1 January 2013.

Deutsche Börse AG provides comparative information for the previous year in accordance with the new requirement. However, the new requirements have not had any material impact on the measurement of the Group’s assets and liabilities. The amendment to IFRS 13 resulting from the “Annual Improvements Project 2011–2013”, which has not yet been adopted by the EU, relates to the exception that contracts

managed as a portfolio can be measured on a net basis (portfolio exception). As Deutsche Börse AG does not take a portfolio approach, the change does not have any impact on the measurement. The change in the disclosures on fair value hierarchies resulting from IFRS 13 comprises additional disclosures; these are presented in [note 32](#).

Amendments to IAS 1 “Presentation of Financial Statements” (June 2011)

The amendments to IAS 1 require entities to classify expenses and income recognised in other comprehensive income into two categories. The classification will depend on whether or not the item is reclassified (recycled) to profit or loss in the future. Items that are not recycled to the income statement must be presented separately from items that are recognised in profit or loss. The amendments to the standard have been adopted by the EU on 5 June 2012 and are effective for financial years, which began on or after 1 July 2012. In accordance with IAS 8 “Accounting Policies, Changes in Accounting Estimates and Errors”, the amendments must be applied retrospectively. The application of IAS 1 mainly affects the presentation of comprehensive income and expense.

Changes resulting from the “Annual Improvements Project 2009–2011” (May 2012)

Six amendments affecting five standards were implemented. The amendments must be applied for financial years which began on or after 1 January 2013. The changes do not have any material impact on Deutsche Börse AG’s consolidated financial statements.

Amendments to IFRS 7 “Financial Instruments: Disclosures” (December 2011)

The amendments introduce new disclosure requirements for certain offsetting arrangements: the disclosure requirement applies regardless of whether the offsetting arrangement has in fact led to the financial assets and financial liabilities being offset. In addition to a qualitative description of the rights of set-off, the guidance specifically also requires quantitative disclosures. The amendments to IFRS 7 are effective retrospectively for financial years beginning on or after 1 January 2013. The amendments were adopted by the EU on 13 December 2012.

Amendments to IAS 36 “Impairment of Assets” (May 2013)

The amendments correct a previous amendment that had inadvertently required disclosure of the recoverable amount of each cash-generating unit, even if no impairment loss had been recognised. The amendments of May 2013 removed this requirement again.

Additional disclosures are now required if the recoverable amount is determined on the basis of the fair value less costs of disposal and an impairment loss is recognised. The amendments are effective for financial years beginning on or after 1 January 2014. The amendments were adopted by the EU on 19 December 2013. Deutsche Börse AG applies the amendments together with the changes resulting from IFRS 13.

Amendments to IAS 39 “Financial Instruments: Recognition and Measurement” – novation of derivatives (June 2013)

These amendments allow hedge accounting to continue after novation. Standardised OTC derivatives that are now cleared through a central counterparty can be retained as hedging instruments under certain conditions when the parties to a contract are replaced by a clearing counterparty. The existing hedge accounting relationship thus continues to exist. The amendments are effective for financial years beginning on or after 1 January 2014. The amendments were adopted by the EU on 19 December 2013. Deutsche Börse AG has opted for early application of the amendments.

New accounting standards – not yet implemented

The following standards and interpretations, which are relevant to Deutsche Börse Group and which Deutsche Börse Group did not adopt in 2013 prior to the effective date, have been published by the IASB prior to the publication of this corporate report and partially adopted by the European Commission.

IFRS 9 “Financial Instruments” (November 2009)

IFRS 9 introduces new requirements for the classification and measurement of financial assets and is intended to replace IAS 39 in the future. These stipulate that all financial assets that have to date fallen within the scope of IAS 39 are either recognised at amortised cost or at fair value. The current version no longer includes an effective date, but the standard is available for adoption if permitted by local accounting requirements. IFRS 9 was published in November 2009, reissued in October 2010 and amended in November 2013. The standard has not been adopted by the EU yet.

Amendments to IFRS 9 “Financial Instruments” (October 2010)

The amendments extend IFRS 9 “Financial Instruments” to include rules on accounting for financial liabilities. If the fair value option is applied to financial liabilities, revisions to the recognition of changes in an entity’s own credit risk must be taken into account: a change in credit risk must now be recognised in other comprehensive income rather than in profit or loss. The original effective date was removed from the current version of the standard. Application is permitted if the rules on accounting for financial assets are also applied. The standard has not been adopted by the EU yet.

Amendments to IFRS 9 and IFRS 7 – “Mandatory Effective Date and Transition Disclosures in the Notes” (December 2011)

In addition to the amendments to IFRS 9 listed above, the IASB has issued further amendments to IFRS 9 “Financial Instruments” and IFRS 7 “Financial Instruments: Disclosures”. This also had the effect of postponing the requirement to apply the amended IFRS 9 for financial years beginning on or after 1 January 2015. The removal of the effective date from IFRS 9 (as most recently amended in November 2013) means that the amendments to IFRS 7 can also be delayed until IFRS 9 is adopted.

The additional disclosures in the notes required in IFRS 9 have been added as an amendment to IFRS 7: the disclosures required include in particular recognition and measurement for the first reporting period in which IFRS 9 is adopted, the changes in carrying amounts resulting from the transition to IFRS 9, unless they relate to measurement effects at the time of transition, as well as the changes in carrying amounts attributable to such effects. In addition, it must be possible, on the basis of the information disclosed, to reconcile the measurement categories according to IAS 39 and IFRS 9 to individual line items in the financial statements or classes of financial instruments. The amendments to the two standards have not yet been adopted by the EU.

Amendments to IFRS 9, IFRS 7 and IAS 39 – “Hedge Accounting” (November 2013)

In addition to the above amendments, new guidance has been added for hedge accounting in general. There is an option to apply the guidance of IAS 39 on fair value hedge accounting for portfolio hedges of interest rate risk or to follow the requirements of IFRS 9. When IFRS 9 is applied for the first time, there is also the option to apply hedge accounting in accordance with IAS 39 or in accordance with IFRS 9 Chapter 6. In addition, the IASB allows early adoption of the requirement to recognise the changes in fair value attributable to changes in the entity's own credit risk in other comprehensive income if the changes in fair value are reported in the income statement. The November 2013 amendment removed the original effective date of IFRS 9.

Amendments to IAS 32 – “Offsetting of Financial Assets and Financial Liabilities” (December 2011)

The IASB has revised the guidance for offsetting financial assets and financial liabilities and published the results in the form of amendments to IAS 32 “Financial Instruments: Presentation”.

The offsetting requirements laid down in IAS 32 have been retained in principle, and additional guidance has been provided for clarification. In this guidance, the IASB emphasises firstly that an unconditional, legally enforceable right of offsetting must exist, even if one of the parties involved is insolvent. Secondly, it lists illustrative criteria under which gross settlement of a financial asset and a financial liability nevertheless leads to offsetting. The additional guidance is effective retrospectively for financial years beginning on or after 1 January 2014. The amendments have been adopted by the EU on 13 December 2013.

Amendments to IAS 19 “Employee Benefits” (November 2013)

In future, there will be an option on how to account for contributions that employees are required to make to their defined benefit plans. The amendment permits employee contributions that are independent of the number of years of service to be attributed to the period in which the service is rendered. This results in a negative benefit being attributed to the corresponding period of service. Previously, employee contributions had been allocated to the defined benefit liability. The amendment must be applied for financial years beginning on or after 1 July 2014, and earlier application permitted. The amendment has not yet been adopted by the EU.

Amendments resulting from the “Annual Improvements Project 2010–2012” (December 2013)

Eight amendments affecting seven standards are planned. The amendments must be applied for financial years beginning on or after 1 July 2014. The amendments have not yet been adopted by the EU.

Amendments resulting from the “Annual Improvements Project 2011–2013” (December 2013)

Four amendments affecting four standards are planned. The amendments must be applied for financial years beginning on or after 1 July 2014. The amendments have not yet been adopted by the EU.

Deutsche Börse Group cannot assess conclusively what the impact of the application of the new and amended standards will be at this stage. In addition to extended disclosure requirements, the initial application of IFRS 9 is expected to have an impact on the consolidated financial statements.

4) Shortened financial year; period ended 30 November 2013

5) In addition, Deutsche Börse AG holds an interest in Phineo Pool GbR, Berlin, Germany, which holds a 48 per cent stake in Phineo gAG. This interest is jointly managed.

6) Value of equity

7) Figures as at 31 December 2012

8) As at the balance sheet date the fair value of the stake in the listed company amounted to €6.6 million.

9) Thereof, 14.29 per cent held directly and 14.29 per cent indirectly via Börse Frankfurt Zertifikate AG.

11) In addition, 14.78 per cent held indirectly via Zimory GmbH.

In financial year 2013, Eurex Zürich AG acquired a further 2,573,356 shares in European Energy Exchange AG (EEX), increasing its interest from 56.14 per cent to 62.57 per cent. The total purchase price of the tranches acquired amounted to €15.4 million. The purchase price allocation resulted in additional goodwill of €1.5 million. Since Deutsche Börse Group does not have a majority on the Supervisory Board of EEX in the year under review, it cannot exercise control; therefore the company was included as an associate in Deutsche Börse Group's consolidated financial statements. Since the Chairman of the Supervisory Board, who is appointed by Eurex Zürich AG, has a casting vote on the Supervisory Board of European Energy Exchange AG as from 1 January 2014, Eurex Zürich AG exercises control over EEX as from that date. The company has been fully consolidated since 1 January 2014. The following assets and liabilities were identified during purchase price allocation, which had not been completed at the time these consolidated financial statements were prepared:

If EEX had already been consolidated as of 1 January 2013, the net revenue would have increased by €47.1 million and earnings before taxes (EBT) would have increased by €9.1 million.

On 17 May 2013, Deutsche Börse AG acquired a 30.03 per cent interest carrying voting rights in Zimory GmbH, Berlin, Germany, at a price of €10.0 million. The purchase price includes goodwill amounting to €5.8 million. Since Deutsche Börse AG exercises significant influence within the meaning of IAS 28.6 (a) by virtue of its membership in the Board of Directors, Zimory GmbH has been classified as an associate and is accounted for using the equity method.

Effective 17 May 2013, Deutsche Börse AG and Zimory GmbH established Deutsche Börse Cloud Exchange AG, Eschborn, Germany, in which Deutsche Börse AG holds a 49.90 per cent interest. As Deutsche Börse AG exercises significant influence within the meaning of IAS 28.6 (a) by virtue of its membership of the Board of Directors, the company has been classified as a joint venture and is accounted for using the equity method.

As a result of the termination by SIX Swiss Exchange AG of the cooperation agreement governing the equity investment in Scoach Holding S.A. and the resulting increase in Deutsche Börse AG's interest in Scoach Holding S.A. to 100 per cent, Deutsche Börse Group acquired, effective 1 July 2013, significant influence over BrainTrade Gesellschaft für Börsensysteme mbH within the meaning of IAS 28.6 (a) by virtue of its membership of the Board of Directors. Since then, BrainTrade Gesellschaft für Börsensysteme mbH has been classified as an associate and is accounted for using the equity method.

Direct Edge Holdings, LLC and BATS Global Markets, Inc. had entered into a merger agreement in August 2013. This agreement was not legally completed by 31 December 2013. On completion, International Securities Exchange Holdings, Inc. (ISE), New York, USA, was to surrender an interest of 22.04 per cent in Direct Edge Holdings, LLC and ultimately hold 9.5 per cent of the merged company. Against this background, a portion of the investment in Direct Edge Holdings, LLC, which was previously classified as an associate, was classified as "held for sale" in the third quarter of 2013, the remaining portion continued to be classified as an associate. On 31 January 2014, the transaction was completed.

On 24 October 2013, Deutsche Börse AG acquired 50,000 class B shares of Global Markets Exchange Group International LLP, London, United Kingdom, for a purchase price of £4.0 million and as a result holds 28.57 per cent of the shares. The transaction resulted in goodwill of £3.1 million. As Deutsche Börse AG exercises significant influence within the meaning of IAS 28.6 (a) by virtue of its membership of the Board of Directors, Global Markets Exchange Group International LLP has since been classified as an associate and is accounted for using the equity method.

Where Deutsche Börse Group's share of the voting rights in a company amounts to less than 20 per cent, Deutsche Börse Group's significant influence is exercised in accordance with IAS 28.6 (a) through the Group's representation on the Supervisory Board or the board of directors of the following companies as well as through corresponding monitoring systems:

- Deutsche Börse Commodities GmbH, Frankfurt/Main, Germany
- Digital Vega FX Ltd., London, United Kingdom
- Phineo gAG, Berlin, Germany
- Tradegate AG Wertpapierhandelsbank, Berlin, Germany

3. Summary of key accounting policies

Deutsche Börse AG's consolidated financial statements have been prepared in euros, the functional currency of Deutsche Börse AG. Unless stated otherwise, all amounts are shown in millions of euros (€m). The annual financial statements of subsidiaries included in the consolidated financial statements have been prepared on the basis of the Group-wide accounting principles based on IFRSs that are described in the following. They were applied consistently to the periods shown.

Adjustments to accounting policies

In the previous year, repo and options transactions in the item "Financial instruments of Eurex Clearing AG" were only reported on a net basis if outstanding transactions were settled with an identical offsetting transaction. As at 31 December 2013, outstanding repo and options transactions are netted if a clearing member has offsetting corresponding transactions with the central counterparty with the same settlement date. Prior-year figures have been adjusted accordingly. As a result, the financial instruments of Eurex Clearing AG item has declined by €21.7 billion on both the assets and the liabilities side of the balance sheet. For details see [☐](#) note 15.

In January 2013, Deutsche Börse Group extended its product portfolio to include repo transactions with a maturity greater than one year. Accordingly, the item "Financial instruments of Eurex Clearing AG" was split into non-current and current.

Following the new management structure, the reporting segments were changed as at 1 January 2013 and prior-year figures have been adjusted accordingly.

Recognition of revenue and expenses

Trading, clearing and settlement fees are recognised on the trade day and billed on a monthly basis. Custody revenue and revenue for systems development and systems operation are generally recognised ratably and billed on a monthly basis. Sales of price information are billed on a monthly basis. Fees charged to trading participants in connection with International Securities Exchange, LLC's and ISE Gemini LLC's expenses for supervision by the U.S. Securities and Exchange Commission (SEC) are recognised at the settlement date.

International Securities Exchange, LLC and ISE Gemini, LLC earn market data revenue from the sale of trade and quote information on options through the Options Price Reporting Authority, LLC (OPRA, the regulatory authority responsible for distributing market data revenues among the US options exchanges). Pursuant to SEC regulations, US exchanges are required to report trade and quote information to OPRA. International Securities Exchange, LLC and ISE Gemini, LLC earn a portion of the income of the US option exchange association based on its share of eligible trades for option securities. Revenue is recorded as transactions occur on a trade date basis and is collected quarterly.

As a rule, rebates are deducted from sales revenue. They are recognised as an expense under "volume-related costs" to the extent that they exceed the associated sales revenue. This item also comprises expenses that depend on the number of certain trade or settlement transactions, the custody volume,

or the Global Securities Financing volume, or that result from revenue sharing agreements or maker-taker pricing models. Volume-related costs no longer occur if the corresponding revenue is no longer generated.

Interest income and expenses are recognised using the effective interest method over the respective financial instrument's term to maturity. Interest income is recognised when it is probable that the economic benefits associated with the transaction will flow to the entity and the income can be measured reliably. Interest expenses are recognised as an expense in the period in which they are incurred. Interest income and expenses from banking business are netted in the consolidated income statement and disclosed separately in [note 4](#).

Dividends are recognised in the result from equity investments if the right to receive payment is based on legally assertable claims.

The consolidated income statement is structured using the nature-of-expense method.

Research and development costs

Research costs are expensed in the period in which they are incurred. Development costs are capitalised, provided that they satisfy the recognition criteria set out in IAS 38. These development costs include direct labour costs, costs of purchased services and workplace costs, including proportionate overheads that can be directly attributed to the preparation of the respective asset for use, such as costs for the software development environment. Development costs that do not meet the requirements for capitalisation are recognised in the consolidated income statement. Interest expense that cannot be allocated directly to one of the developments is recognised in profit or loss in the year under review and not included in capitalised development cost. If research and development costs cannot be separated, the expenditures are recognised as expenses in the period in which they are incurred.

All development costs (both primary costs and costs incurred subsequently) are allocated to projects. The projects are broken down into the following phases in order to decide which cost components need capitalising and which do not:

Non-capitalised phases

1. Design

- Definition of product design
- Specification of the expected economic benefit
- Initial cost and revenue forecast

Capitalised phases

2. Detailed specifications

- Compilation and review of precise specifications
- Troubleshooting process

3. Building and testing

- Software programming
- Product testing

Non-capitalised phases

4. Acceptance

- Planning and implementation of acceptance tests

5. Simulation

- Preparation and implementation of simulation
- Compilation and testing of simulation software packages
- Compilation and review of documents

6. Roll-out

- Planning of product launch
- Compilation and dispatch of production systems
- Compilation and review of documents

In accordance with IAS 38, only tasks belonging to the “detailed specifications” and “building and testing” phases are capitalised. All other phases of software development projects are expensed.

Intangible assets

Capitalised development costs are amortised from the date of first use of a software using the straight-line method over its expected useful life. The useful life of internally developed software is generally assumed to be five years; a useful life of seven years is used as the basis in the case of newly developed trading platforms and clearing systems.

Purchased software is carried at cost and reduced by systematic amortisation and, where necessary, impairment losses. Amortisation is charged using the straight-line method over the expected useful life or at most until the right of use has expired.

Useful life of software

Asset	Amortisation period
Standard software	3 to 10 years
Purchased custom software	3 to 6 years
Internally developed custom software	3 to 7 years

Intangible assets are derecognised on disposal or when no further economic benefits are expected to flow from them.

The amortisation period for intangible assets with finite useful lives is reviewed at least at the end of each financial year. If the expected useful life of an asset differs from previous estimates, the amortisation period is adjusted accordingly.

Goodwill is recognised at cost and tested at least once a year for impairment.

The cost of the other intangible assets acquired in the course of business combinations corresponds to the fair value as at the acquisition date. Assets with a finite useful life are amortised using the straight-line method over the expected useful life. Assets with an indefinite useful life are tested for impairment at least once a year.

Useful life of other intangible assets arising out of business combinations

Asset	Amortisation period
ISE's exchange licence	indefinite
Member relationships	30 years
Customer relationships	8 to 30 years
ISE trade name	10 years
STOXX trade name	indefinite
Historical data	5 years

As ISE's exchange licence has an indefinite term and ISE expects to retain the licence as part of its overall business strategy, the useful life of this asset is classified as indefinite. The STOXX trade name includes the trade name itself, the index methodologies and the Internet domains because these can generally not be transferred separately. There are no indications that time limitations exist with regard to the useful life of the STOXX trade name. A review is performed each reporting period to determine whether the events and circumstances still justify classifying as indefinite the useful lives of ISE's exchange licence and the STOXX trade name.

Property, plant and equipment

Depreciable property, plant and equipment is carried at cost less cumulative depreciation. The straight-line depreciation method is used. Costs of an item of property, plant and equipment comprise all costs directly attributable to the production process, as well as an appropriate proportion of production overheads. Financing costs were not recognised in the year under review, as they could not be directly allocated to any particular development.

Useful life of property, plant and equipment

Asset	Depreciation period
Computer hardware	3 to 5 years
Office equipment	5 to 25 years
Leasehold improvements	based on lease term

Repair and maintenance costs are expensed as incurred.

If it is probable that the future economic benefits associated with an item of property, plant and equipment will flow to the Group and the cost of the respective asset can be reliably determined, expenditure subsequent to acquisition is added to the carrying amount of the asset as incurred. The carrying amounts of the parts of the asset that have been replaced are derecognised.

Impairment losses on property, plant and equipment and intangible assets

Specific non-current non-financial assets are tested for impairment. At each balance sheet date, the Group assesses whether there is any indication that an asset may be impaired. In this case, the

carrying amount is compared with the recoverable amount (the higher of value in use and fair value less costs of disposal) to determine the amount of any potential impairment.

The value in use is estimated on the basis of the discounted estimated future cash flows from continuing use of the asset and from its ultimate disposal, before taxes. For this purpose, discount rates are estimated based on the prevailing pre-tax weighted average cost of capital. If no recoverable amount can be determined for an asset, it is allocated to a cash-generating unit, for which the recoverable amount is calculated.

Irrespective of any indications of impairment, intangible assets with indefinite useful lives and intangible assets not yet available for use must be tested for impairment annually at least. Impairment tests are performed where there are indications of impairment. If the estimated recoverable amount is lower than the carrying amount, an impairment loss is recognised, and the net book value of the asset is reduced to its estimated recoverable amount.

Goodwill is allocated to identifiable groups of assets (cash-generating units) or groups of cash-generating units that create synergies from the respective acquisition. This corresponds to the lowest level at which Deutsche Börse Group monitors goodwill. An impairment loss is recognised if the carrying amount of the cash-generating unit to which goodwill is allocated (including the carrying amount of this goodwill) is higher than the recoverable amount of this group of assets. The impairment loss is first allocated to the goodwill, then to the other assets in proportion to their carrying amounts.

A review is conducted at every balance sheet date to see whether there is any indication that an impairment loss recognised on non-current assets (excluding goodwill) in the previous years no longer applies. If this is the case, the carrying amount of the asset is increased and the difference is recognised in profit or loss. The maximum amount of this reversal is limited to the carrying amount that would have resulted if no impairment loss had been recognised in previous periods. Impairment losses on goodwill are not reversed.

Financial investments

Financial investments comprise investments in associates and financial assets.

Investments in associates consist of investments in joint ventures and other associates. They are measured at cost on initial recognition and accounted for using the equity method upon subsequent measurement.

Financial assets ("Finanzielle Vermögenswerte")

For Deutsche Börse Group, financial assets are, in particular, other equity investments, receivables and securities from banking business, other financial instruments and other loans, financial instruments of Eurex Clearing AG, receivables and other assets as well as bank balances.

Recognition of financial assets

Financial assets are recognised when a Group company becomes a party to the contractual provisions of the instrument. They are generally recognised at the trade date. Loans and receivables from banking business, available-for-sale financial assets from banking business as well as purchases and sales of equities via the central counterparty (i.e. Eurex Clearing AG) are recognised at the settlement date.

Financial assets are initially measured at fair value; in the case of a financial asset that is not measured at fair value through profit or loss in subsequent periods, this includes transaction costs.

Subsequent measurement of financial assets

Subsequent measurement of financial instruments follows the categories which are described below. As in previous years, Deutsche Börse Group did not take advantage of the option to allocate financial assets to the "held-to-maturity investments" category in the year under review. In addition, the Group waived the possibility to designate financial assets at fair value through profit and loss (fair value option). The financial assets are allocated to the respective categories at initial recognition.

Assets held for trading

Derivatives that are not designated as hedging instruments as well as financial instruments of Eurex Clearing AG (see details below) are measured at fair value through profit or loss. Apart from financial instruments of Eurex Clearing AG this category includes in particular interest rate swaps, currency swaps and forward foreign exchange transactions. If they are settled within one year, they are allocated to current assets. All other financial assets are allocated to non-current assets.

Fair value of these derivatives is calculated based on observable current market rates. If resulting from banking business, realised and unrealised gains and losses are immediately recognised in the consolidated income statement as "other operating income" and "other operating expenses" or, if incurred outside the banking business, as "financial income" and "financial expenses".

Loans and receivables

Loans and receivables comprise in particular current and non-current receivables from banking business, trade receivables as well as other current receivables. They are recognised at amortised cost, taking into account any potential impairment losses, if applicable. Premiums and discounts are included in the amortised cost of the instrument concerned and are amortised using the effective interest method; they are contained in "net interest income from banking business" if they relate to banking business, or in "financial income" and "financial expense".

Available-for-sale financial assets

Non-derivative financial assets are classified as "available-for-sale financial assets", if they cannot be allocated to the "loans and receivables" and "assets held for trading" categories. These assets comprise debt and equity investments recognised in the "other equity investments" and "other financial instruments" items as well as debt instruments recognised in the current and non-current receivables and securities from banking business items.

Available-for-sale financial assets are generally measured at the fair value observable in an active market. Unrealised gains and losses are recognised directly in equity in the revaluation surplus. Impairment and effects of exchange rates on monetary items are excluded from this general rule; they are recognised in profit or loss.

Equity instruments for which no active market exists are measured on the basis of current comparable market transactions, if these are available. If an equity instrument is not traded in an active market and alternative valuation methods cannot be applied to that equity instrument, it is measured at cost, subject to an impairment test.

Realised gains and losses are generally recognised under financial income or financial expense. Interest income is recognised in the consolidated income statement in net interest income from banking business based on the effective interest rate method. Other realised gains and losses are recognised in the consolidated income statement in "other operating income" and "other operating expenses".

If debt instruments of banking business are hedged instruments under fair value hedges, hedge accounting is applied for fair value adjustments corresponding to the hedged item (see [☐](#) "Fair value hedges" section below).

Derecognition of financial assets

Financial assets are derecognised when the contractual rights to the cash flows expire or when substantially all the risks and rewards of ownership of the financial assets are transferred.

Clearstream Banking S.A. acts as principal in securities borrowing and lending transactions in the context of the ASLplus securities lending system. Legally, it operates between the lender and the borrower without being an economic contracting partner (transitory items). In these transactions, the securities borrowed and lent match each other. Consequently, these transactions are not recognised in the consolidated balance sheet.

Impairment of financial assets

Financial assets that are not measured at fair value through profit or loss are reviewed at each balance sheet date to establish whether there is any indication of impairment.

Deutsche Börse Group has laid down criteria for assessing whether there is evidence of impairment. These criteria primarily include significant financial difficulties on the part of the debtor and breaches of contract.

The amount of an impairment loss for a financial asset measured at amortised cost is the difference between the carrying amount and the present value of the estimated future cash flows, discounted at the original effective interest rate. A subsequent reversal is recognised at a maximum at the carrying amount that would have resulted if no impairment loss had been recognised.

The amount of an impairment loss for a financial asset measured at cost (equity instruments that are non-listed) is the difference between the carrying amount and the present value of the estimated future cash flows, discounted at a current market interest rate. Subsequent reversal is not permitted.

In the case of available-for-sale financial assets, the impairment loss is calculated as the difference between cost and fair value. Any reduction in fair value already recognised in equity is reclassified to profit or loss upon determination of the impairment loss. A subsequent reversal may only be recognised for debt instruments if the reason for the original impairment loss no longer applies.

Financial liabilities

Financial liabilities relate primarily to interest-bearing liabilities, other non-current liabilities, liabilities from banking business, financial instruments of Eurex Clearing AG, cash deposits by market participants as well as trade payables. They are recognised when a Group company becomes a contracting party to the instrument.

They are generally recognised at the trade date. Purchases and sales of equities via the central counterparty (i.e. Eurex Clearing AG) are recognised at the settlement date.

Netting of financial assets and liabilities

Financial assets and liabilities are offset and only the net amount is presented in the consolidated balance sheet when a Group company currently has a legally enforceable right to set off the recognised amounts and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial liabilities not measured at fair value through profit and loss

Financial liabilities not held for trading are carried at amortised cost. These liabilities comprise issued bonds and private placements. The borrowing costs associated with the placement of financial liabilities are included in the carrying amount, within the framework of the effective interest method, if they are directly attributable. Discounts reduce the carrying amount of liabilities and are amortised over the term of the liabilities.

Financial liabilities measured at fair value through profit and loss

A forward transaction with a non-controlling shareholder for the acquisition of non-controlling interests that is settled in cash or by delivering other financial assets is a financial liability recognised at fair value. It is subsequently measured at fair value through profit and loss. The equity interest attributable to a non-controlling shareholder underlying the transaction is accounted for as if it had already been acquired at the time of the transaction.

Derivatives and hedges

Derivatives are used to hedge interest rate risk or foreign exchange risk. All derivatives are carried at their fair values. The fair value of interest rate swaps is determined on the basis of current observable market interest rates. The fair value of forward foreign exchange transactions is determined on the basis of forward foreign exchange rates at the balance sheet date for the remaining period to maturity.

Hedge accounting is used for derivatives that are part of a hedging relationship determined to be highly effective and for which certain conditions are met. This relates in particular to the documentation of the hedging relationship and the risk strategy and to how reliably the effectiveness can be measured.

Cash flow hedges

The portion of the gain or loss on the hedging instrument determined to be highly effective is recognised directly in equity. This gain or loss ultimately adjusts the value of the hedged cash flow, i.e. the gain or loss from the hedging instrument is recognised in profit or loss when the hedged item is recognised in the balance sheet or in profit or loss. The ineffective portion of the gain or loss is recognised immediately in the consolidated income statement.

Fair value hedges

The gain or loss on the hedging instrument, together with the gain or loss on the hedged item (underlying) attributable to the hedged risk, is recognised immediately in the consolidated income statement. Any gain or loss on the hedged item adjusts its carrying amount.

Hedges of a net investment in a foreign operation

The effective portion of the gain or loss from a hedging transaction that is designated as a highly effective hedge is recognised directly in equity. It is recognised in profit or loss when the foreign operation is sold. The ineffective portion of the gain or loss is recognised immediately in the consolidated income statement.

Derivatives that are not part of a hedging relationship

Gains or losses on derivative instruments that are not part of a highly effective hedging relationship are recognised immediately in the consolidated income statement.

Financial instruments of Eurex Clearing AG (central counterparty)

Eurex Clearing AG acts as the central counterparty and guarantees the settlement of all transactions involving futures and options on the Eurex exchanges (Eurex Deutschland and Eurex Zürich AG). As the central counterparty, it also guarantees the settlement of all transactions for Eurex Bonds (bond trading platform) and Eurex Repo (repo trading platform), certain exchange transactions in equities on Frankfurter Wertpapierbörse (FWB, the Frankfurt Stock Exchange) and certain cash market transactions on the Irish Stock Exchange. In addition, Eurex Clearing AG guarantees the settlement of all OTC (over-the-counter, i.e. off-exchange) transactions entered in the trading system of the Eurex exchanges, Eurex Bonds, Eurex Repo, the Frankfurt Stock Exchange and the Irish Stock Exchange. These transactions are only executed between Eurex Clearing AG and a clearing member.

In accordance with IAS 39, purchases and sales of equities and bonds via the central counterparty are recognised and simultaneously derecognised at the settlement date.

For products that are marked to market (futures and options on futures), Eurex Clearing AG recognises gains and losses on open positions of clearing members on each exchange day. By means of the variation margin, profits and losses on open futures positions resulting from market price fluctuations are settled on a daily basis. The difference between this and other margin types is that the variation margin does not comprise collateral, but is a daily offsetting of profits and losses in cash. In accordance with IAS 39, futures are therefore not reported in the consolidated balance sheet. For future-style options, the option premium is not required to be paid in full until the end of the term or upon exercise. Option premiums are carried in the consolidated balance sheet as receivables and liabilities at their fair value on the trade date.

“Traditional” options, for which the buyer must pay the option premium in full upon purchase, are carried in the consolidated balance sheet at fair value. Fixed-income bond forwards are recognised as derivatives and carried at fair value until the settlement date. Receivables and liabilities from repo transactions are classified as held for trading and carried at fair value. Receivables and liabilities from variation margins and cash collateral that is determined on the reporting date and only paid on the following day are carried at their nominal amount.

The “financial instruments of Eurex Clearing AG” are reported as non-current if the remaining maturity of the underlying transactions exceeds twelve months at the reporting date.

The fair values recognised in the consolidated balance sheet are based on daily settlement prices. These are calculated and published by Eurex Clearing AG in accordance with the rules set out in the contract specifications (see also the [Eurex](#) clearing conditions of Eurex Clearing AG).

Cash or securities collateral of Eurex Clearing AG

As Eurex Clearing AG guarantees the settlement of all traded contracts, it has established a multi-level collateral system. The central pillar of the collateral system is the determination of the overall risk per clearing member (margin) to be covered by cash or securities collateral. Losses calculated on the basis of current prices and potential future price risks are covered up to the date of the next collateral payment.

In addition to these daily collateral payments, each clearing member must make contributions to the clearing fund (for further details, see the [Eurex](#) risk report in the combined management report). Cash collateral is reported in the consolidated balance sheet under “cash deposits by market participants” and the corresponding amounts under “restricted bank balances”.

In accordance with IAS 39.20 (b) in conjunction with IAS 39.37, securities collateral is not derecognised by the clearing member providing the collateral, as the transfer of securities does not meet the conditions for derecognition.

Treasury shares

The treasury shares held by Deutsche Börse AG at the reporting date are deducted directly from shareholders' equity. Gains or losses on treasury shares are taken directly to equity. The transaction costs directly attributable to the acquisition of treasury shares are accounted for as a deduction from shareholders' equity (net of any related income tax benefit).

Other current assets

Receivables, other assets, and cash and cash equivalents are carried at their nominal amount. Adequate valuation allowances take account of identifiable risks.

Restricted bank balances include cash deposits by market participants which are invested largely overnight, mainly in the form of reverse repurchase agreements with banks.

Non-current assets held-for-sale

Non-current assets that are available for immediate sale in their present condition and whose sale is highly probable within a reasonable period of time are classified as “non-current assets held for sale”. A transaction is highly probable if measures for the sale have already been initiated and the relevant bodies have adopted the corresponding resolutions.

Pensions and other employee benefits

Pensions and other employee benefits relate to defined contribution and defined benefit pension plans.

Defined contribution pension plans

There are defined contribution plans as part of the occupational pension system via pension funds and similar pension institutions, as well as on the basis of the 401(k) plan. In addition, contributions are paid to the statutory pension insurance scheme. The level of contributions is normally determined in relation to income. No provisions are recognised for defined contribution plans. The contributions paid are reported as pension expenses in the year of payment.

There are defined contribution pension plans for employees working in Germany, Luxembourg, the Czech Republic, the UK and the USA. In addition, the employer pays contributions to employees' private pension funds.

Defined benefit plans

Provisions for pension obligations are measured, separately for each pension plan, using the projected unit credit method on the basis of actuarial reports. The fair value of plan assets, taking into account the asset ceiling rules if there are any surplus plan assets, is deducted from the present value of pension obligations. This results in the net defined benefit liability or asset. Net interest for the financial year is calculated by applying the discount rate determined at the beginning of the financial year to the net defined benefit liability determined as at that date.

The relevant discount rate is determined by reference to the return on long-term corporate bonds with a rating of at least AA (Moody's Investors Service, Standard & Poor's, Fitch Ratings and Dominion Bond Rating Service) on the basis of the information provided by Bloomberg, and a maturity that corresponds approximately to the maturity of the pension obligations. Moreover, the bonds must be denominated in the same currency as the underlying pension obligation. Measurement of the pension obligations in euros is based on a discount rate of 3.4 per cent, which is determined according to the Towers Watson "GlobalRate:Link" methodology (updated in line with the current market trend).

Actuarial gains or losses resulting from changes in expectations with regard to life expectancy, pension trends, salary trends, or the discount rate as compared with the estimate at the beginning of the period or compared with the actual development during the period are recognised directly in other comprehensive income. Actuarial gains and losses recognised in other comprehensive income may not be reclassified to profit or loss in subsequent periods. Similarly, differences between the (interest) income on plan assets determined at the beginning of the period and the return on plan assets actually recorded at the end of the period are also recognised directly in other comprehensive income. The actuarial gains or losses and the difference between the expected and the actual return or loss on plan assets are recognised as revaluation surplus.

Other long-term benefits for employees and members of executive boards (total disability pension, transitional payments and surviving dependents' pensions) are also measured using the projected unit credit method. Actuarial gains and losses and past service cost are recognised immediately and in full through profit or loss.

Other provisions

Provisions are recognised if the Group has a present obligation from an event in the past, an outflow of resources with economic benefit to settle the obligation is probable and it is possible to reliably estimate the amount of this obligation. The amount of the provision corresponds to the best possible estimate of the expense which is necessary to settle the obligation at the balance sheet date. A provision for restructuring is only recognised when an entity has a detailed formal plan for the restructuring and has raised a valid expectation in those affected that the restructuring measures will be implemented, for example by starting to implement that plan or announcing its main features to those affected by it. Contingent liabilities are not recognised, but disclosed unless the possibility of an outflow of resources embodying economic benefits is remote.

Share-based payment

Deutsche Börse Group operates the Group Share Plan and the Stock Bonus Plan (SBP), which provide share-based payment components for employees, senior executives and executive board members.

Group Share Plan

Under the Group Share Plan, shares are granted at a discount to the market price. The expense of this discount is recognised in the income statement at the grant date.

Stock Bonus Plan (SBP)

The SBP shares are generally accounted for as share-based payments for which Deutsche Börse AG has a choice of settlement in cash and equity instruments. In financial year 2013, as in the previous years, a standard contract was drafted to settle the tranche due in the following year in cash. Under these circumstances, there is at present a presumption in accordance with IFRS 2 that all SBP shares will be settled in cash. Accordingly, Deutsche Börse Group has measured the SBP shares as cash-settled share-based payment transactions. The cost of the options is estimated using an option pricing model (fair value measurement) and recognised in staff costs in the income statement. Any right to payment of a stock bonus only vests after the expiration of the service or performance period on which the plan is based.

A separate variable share-based payment has been agreed for Deutsche Börse AG's Executive Board since financial year 2010. The number of virtual shares for each Executive Board member is calculated on the basis of Deutsche Börse AG's average share price in the two months preceding the point in time at which the Supervisory Board establishes the 100 per cent target value for the variable share component. The calculation of the subsequent payout amount of the stock bonus depends on the change in relative shareholder return and Deutsche Börse AG's share price performance. Claims under this stock bonus programme are settled in cash after the expiration of the three-year performance period.

Deferred tax assets and liabilities

Deferred tax assets and liabilities are computed using the balance sheet approach. The deferred tax calculation is based on temporary differences between the carrying amounts in the tax accounts and the carrying amounts in the IFRS financial statements that lead to a future tax liability or benefit when assets are used or sold or liabilities are settled.

The deferred tax assets or liabilities are measured using the tax rates that are currently expected to apply when the temporary differences reverse, based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax assets are recognised for the carryforward of unused tax losses only to the extent that it is probable that future taxable profit will be available. Deferred tax assets and deferred tax liabilities are offset where a legally enforceable right to set off current tax assets against current tax liabilities exists and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority.

Leases

Leases are classified as operating leases or finance leases. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of the asset from the lessor to the lessee. All other leases are classified as operating leases.

Leased assets and the associated liabilities are recognised at the lower of fair value and the present value of the minimum lease payments if the criteria for classification as a finance lease are met. The leased asset is depreciated or amortised using the straight-line method over its useful life or the lease term, if shorter. In subsequent periods, the liability is measured using the effective interest method.

Expenses incurred in connection with operating leases are recognised as an expense on a straight-line basis over the lease term.

Consolidation

All subsidiaries directly or indirectly controlled by Deutsche Börse AG are included in Deutsche Börse AG's consolidated financial statements. Deutsche Börse Group controls a company if it is exposed to variable returns resulting from its involvement with the company in question or has rights to such returns and is able to influence them by using its power over the company.

Initial consolidation of subsidiaries in the course of business combinations uses the purchase method. The acquiree's identifiable assets, liabilities and contingent liabilities are recognised at their fair values at the acquisition date. Any excess of cost over the acquirer's interest in the fair value of the subsidiary's net identifiable assets is recognised as goodwill. Goodwill is reported in subsequent periods at cost less accumulated impairment losses.

Intragroup assets and liabilities are eliminated. Income arising from intragroup transactions is eliminated against the corresponding expenses. Profits or losses arising from deliveries of intragroup goods and services, as well as dividends distributed within the Group, are eliminated. Deferred taxes are recognised for consolidation adjustments where these are expected to reverse in subsequent years.

Interests in equity attributable to non-controlling interest shareholders are carried under "non-controlling interests" within equity. Where these are classified as "puttable instruments", they are reported under "liabilities".

Currency translation

Transactions denominated in a currency other than a company's functional currency are translated into the functional currency at the spot exchange rate applicable at the transaction date. At the balance sheet date, monetary balance sheet items in foreign currency are measured at the exchange rate at the balance sheet date, while non-monetary balance sheet items recognised at historical cost are measured at the exchange rate on the transaction date. Non-monetary balance sheet items measured at fair value are translated at the closing rate on the valuation date. Exchange rate differences are recorded as other operating income or expense in the period in which they arise unless the underlying transactions are hedged. Gains and losses from a monetary item that forms part of a net investment in a foreign operation are recognised directly in "accumulated profit".

The annual financial statements of companies whose functional currency is not the euro are translated into the reporting currency as follows: assets and liabilities are translated into euros at the closing rate. The items in the consolidated income statement are translated at the average exchange rates for the period under review. Resulting exchange differences are recognised directly in accumulated profit. When the relevant subsidiary is sold, these exchange differences are recognised in consolidated profit for the period in which the deconsolidation gain or loss is realised.

The following euro exchange rates of consequence to Deutsche Börse Group were applied:

Exchange rates		Average rate 2013	Average rate 2012	Closing price as at 31 Dec 2013	Closing price as at 31 Dec 2012
Swiss francs	CHF	1.2294	1.2043	1.2256	1.2073
US dollars	USD (US\$)	1.3317	1.2929	1.3769	1.3196
Czech koruna	CZK	26.0261	25.1182	27.4000	25.0960

Any goodwill arising on the acquisition of a foreign operation and any fair value adjustments to the carrying amounts of assets and liabilities arising from initial consolidation are reported in the functional currency of the foreign operation and translated at the closing rate.

Key sources of estimation uncertainty and management judgements

The application of accounting policies, presentation of assets and liabilities and recognition of income and expenses requires the Executive Board to make certain judgements and estimates. Adjustments in this context are taken into account in the period the change was made as well as in subsequent periods, where necessary.

Impairment

Deutsche Börse Group tests goodwill and intangible assets with indefinite useful lives for impairment at least once a year. Certain assumptions have to be made to determine the recoverable amount, which is calculated regularly using discounted cash flow models. This is based on the relevant business plans

with a time horizon of 3 to 5 years. These plans in turn contain projections of the future financial performance of the cash-generating units. If their actual financial performance fails to meet these expectations, corresponding adjustments may be necessary. For further information on the effects of changes in the discount rate and further assumptions, please see [☒](#) note 11.

Pensions and other employee benefits

Pensions and other employee benefits are measured using the projected unit credit method, which calculates the actuarial present value of the accumulated benefit obligation. Calculating the present value requires certain actuarial assumptions (such as the discount rate, staff turnover rate, salary and pension trends) to be made. The current service cost and the net interest expense or income for the subsequent period are calculated on the basis of these assumptions. Any departures from these assumptions, for example because of changes in the macroeconomic environment, are recognised in other comprehensive income in the following financial year. A sensitivity analysis of the key factors is presented in [☒](#) note 22.

Income taxes

Deutsche Börse Group is subject to the tax laws of those countries in which it operates and generates income. Considerable management judgement has to be exercised in determining the tax provisions. For a large number of transactions and calculations, no definitive tax-relevant information is available at the time these figures are determined. Deutsche Börse Group recognises corresponding provisions for risks expected from external tax audits. If the final results of these external audits differ from the estimates, the resulting effects on current and deferred taxes are recognised in the period in which they become known.

Legal risks

Deutsche Börse AG or its group companies are subject to litigation. Such litigation may lead to orders to pay against the entities of the group. If it is more likely than not that an outflow of resources will occur, a provision will be recognised based on an estimate of the most probable amount necessary to settle the obligation if such amount is reasonably estimable. Management judgement includes the determination whether there is a possible obligation from past events, the evaluation of the probability that an outflow will occur and the estimation of the potential amount. As the outcome of litigation is usually uncertain, the judgement is reviewed continuously. For further information on other risks please see [☒](#) note 37.

Group Share Plans

[☒](#) Note 39 contains disclosures on the valuation model used for the stock options. Where the estimates of the valuation parameters originally applied differ from the actual values available when the options are exercised, adjustments are necessary; such adjustments are recognised in the consolidated income statement for the period if they relate to cash-settled share-based payment transactions.

Provisions

In addition, the probable utilisation applied when establishing provisions for expected losses from rental agreements is estimated (see [☒](#) note 24). In the creation of personnel-related restructuring provisions, certain assumptions were made with regard to, for example, fluctuation rate, discount rate and salary trends. Should the actual values deviate from these assumptions, adjustments may be necessary.

2) As the products of Market News International Inc. and Need To Know News, LLC have been fully integrated, the sales revenue of these two companies is reported under the sales of price information for the Market Data + Services segment. Prior-year figures have been adjusted accordingly.

Since the first quarter of 2012, Deutsche Börse Group has been using net revenue as primary key performance indicator for income. This consists of sales revenue plus external net interest income from banking business and other operating income deducting volume-related costs. The increase in volume-related costs is mainly due to methodological factors. Changes to fee models pushed up both volume-related costs and revenue, so that the changes had no impact on earnings overall.

As a result of the changes made to Deutsche Börse Group's organisational structure as at 1 January 2013, various products (mainly connectivity and technology services) were transferred from the previous market segments to the new Market Data + Services segment. See also [note 35](#). Prior-year figures have been adjusted accordingly.

The total current tax expenses in the amount of €169.7 million include domestic tax expenses of €135.1 million and foreign tax expenses of €34.6 million (2012: domestic tax expenses €156.2 million, foreign tax expenses €67.6 million). The total deferred tax income in the amount of €2.1 million include domestic tax expenses of €-1.1 million and foreign tax income of €3.2 million (2012: domestic tax expenses €6.3 million, foreign tax income €-63.2 million).

As in the previous year, a tax rate of 26 to 28 per cent was used in the reporting period to calculate deferred taxes for the German companies. This reflects trade income tax at multipliers of 280 to 460 per cent (2012: 280 to 460 per cent) on the tax base value of 3.5 per cent (2012: 3.5 per cent), corporation tax of 15 per cent (2012: 15 per cent) and the 5.5 per cent solidarity surcharge (2012: 5.5 per cent) on the corporation tax.

A tax rate of 29.22 per cent (2012: 28.80 per cent) was used for the Luxembourgian companies, reflecting trade income tax at a rate of 6.75 per cent (2012: 6.75 per cent) and corporation tax at 22.47 per cent (2012: 22.05 per cent).

Tax rates of 12.5 to 45 per cent were applied to the companies in China, the Czech Republic, Ireland, Japan, Portugal, Singapore, Spain, Switzerland and the USA (2012: 17 to 45 per cent).

The following table shows the carrying amounts of deferred tax assets and liabilities as well as the related tax expenses recognised in income or directly in equity.

€64.8 million (2012: €67.4 million) of deferred tax assets and €247.7 million (2012: €242.7 million) of deferred tax liabilities have an expected remaining maturity of more than one year.

Deferred tax liabilities have not been recognised in respect of the tax on future dividends that may be paid from retained earnings by subsidiaries and associated companies. In accordance with section 8b (5) of the Körperschaftsteuergesetz (KStG, the German Corporation Tax Act), 5 per cent of dividends and similar income received by German companies is treated as non-deductible expenses for tax purposes. The unreported deferred tax liabilities on future dividends of subsidiaries and associates as well as gains from the disposal of subsidiaries and associates amount to €2.3 million.

To determine the expected tax expense, earnings before tax have been multiplied by the composite tax rate of 26 per cent assumed for 2013 (2012: 26 per cent).

At the end of the financial year, accumulated unused tax losses amounted to €176.7 million (2012: €176.3 million), for which no deferred tax assets were recognised. The unused tax losses amounting to €176.7 million are attributable to domestic losses totalling €6.3 million and to foreign tax losses totalling €170.4 million (2012: domestic tax losses €7.2 million, foreign tax losses €169.1 million). Tax losses of €3.6 million were utilised in 2013 (2012: €1.4 million).

The losses can be carried forward in Germany subject to the minimum taxation rules, and in Luxembourg indefinitely as the law now stands. Losses in other countries can be carried forward for periods of up to 20 years.

Software, payments on account and construction in progress

Additions to and reclassifications of software relate primarily to the development of software products for the Clearstream segment and to the development of the new derivatives platform and risk margining and clearing system (Prisma) of the Eurex segment.

An impairment loss of €0.6 million (2012: nil) was recognised in the year under review on OCC-Link, the planned trading and clearing link (Eurex segment), due to a missing approval to use the service.

Goodwill, the stock exchange licences acquired as part of the acquisitions of the International Securities Exchange and the Börse Frankfurt Zertifikate as well as the acquired trade name of STOXX are intangible assets with an indefinite useful life. The recoverable amounts of the cash-generating units with allocated goodwill are based either on their values in use (CGU Clearstream and CGU Eurex) or on their fair value less costs of disposal (CGU Market Data + Services, CGU Infobolsa, CGU Fund Services and CGU Börse Frankfurt Zertifikate). Only in cases in which one of these values (value in use or fair value less costs of disposal) does not exceed the carrying amount, the respective other value is calculated. Since there is no active market for the cash-generating units, the discounted cash flow method is used to calculate both value in use and fair value less costs of disposal.

The key assumptions made to determine the recoverable amounts vary depending on the cash-generating unit concerned. Pricing or market share assumptions are based on past experience or market research. Other key assumptions are mainly based on external factors. Significant macroeconomic indicators include, for instance, equity index levels, volatility of equity indices, as well as interest rates, exchange rates, GDP growth, unemployment levels and government debt. The discount rate is based on a risk-free interest rate between 2.5 and 2.6 per cent and a market risk premium of 6.5 per cent. It is used to calculate individual discount rates for each cash-generating unit that reflect the beta factors, the cost of debt and capital structure of the peer groups concerned.

Each calculation of the sensitivities stated below is based on the adaption of a parameter (discount rate, sales revenue and growth rate of a perpetual annuity), by assuming that all other parameters in the evaluation model remain unchanged. Possible correlations between the parameters are not considered.

Cash-generating unit Eurex

The goodwill resulting from the acquisition of ISE is allocated to a group of cash-generating units in the Eurex segment.

Since the ISE goodwill is calculated in US dollars, an exchange rate difference of €-40.0 million occurred in 2013 (2012: €-20.7 million).

Assumptions on volumes of index and interest rate derivatives and volumes in the US equity options market, which are derived from external sources, are the key criteria applied to determine the value in use with the discounted cash flow method.

Cash flows are projected over a five-year period (2014 to 2018) for European as well as US activities. Cash flow projections beyond this period are, as in the previous year, extrapolated assuming a 1.0 per cent growth rate. The pre-tax discount rate used is 13.4 per cent (2012: 13.0 per cent).

Neither an increase in the discount rate by 1.0 per cent nor a reduction in the planned sales revenue by 5.0 per cent per year nor a decrease in the growth rate of the perpetual annuity to 0 per cent would lead to a goodwill impairment in the cash-generating unit Eurex.

Cash-generating unit Clearstream

The "Clearstream" goodwill is a group of cash-generating units in the Clearstream segment. The recoverable amount is determined on the basis of the value in use applying the discounted cash flow method. Assumptions on assets held in custody, transaction volumes and market interest rates are the key criteria used to determine value in use.

Cash flows are projected over a five-year period (2014 to 2018). Cash flow projections beyond 2018 are extrapolated assuming a perpetual annuity with a growth rate of 1.5 per cent (2012: 2.5 per cent). The pre-tax discount rate used is calculated on the basis of the cost of equity and amounts to 14.6 per cent (2012: 13.1 per cent).

Neither an increase in the discount rate by 1.0 per cent nor a reduction in the planned sales revenue by 5.0 per cent per year nor a decrease in the growth rate to 0 per cent would lead to a goodwill impairment in the cash-generating unit Clearstream.

Cash-generating unit Fund Services

The goodwill from the acquisition of Clearstream Fund Services Ireland Ltd. is allocated to the separate cash-generating unit Fund Services (referred to as Clearstream Ireland in the previous year). The recoverable amount is determined on the basis of fair value less costs of disposal, applying the discounted cash flow method. Cash flows are projected over a five-year period (2014 to 2018). Cash flow projections beyond 2018 are extrapolated assuming a perpetual annuity with a growth rate of 2.5 per cent (2012: nil). The after-tax discount rate used is calculated on the basis of the cost of equity and amounts to 11.5 per cent (2012: 14.5 per cent).

Neither an increase in the discount rate by 1.0 per cent nor a reduction in the planned sales revenue by 5.0 per cent per year nor a decrease in the growth rate of the perpetual annuity to 0 per cent would lead to a goodwill impairment in the cash-generating unit Fund Services.

Cash-generating unit Market Data + Services

The goodwill arising from the acquisition of STOXX Ltd. in 2009 is allocated to a group of cash-generating units in the Market Data + Services segment. It results primarily from the strong position of STOXX Ltd. in European indices as well as from growth prospects in the production and sale of tick data for indices, the development, maintenance and enhancements of index formulas and from the customising of indices.

The goodwill of US\$7.9 million that arose in the course of the acquisition of Market News International Inc. (MNI) by Deutsche Börse AG in 2009 is also allocated to the group of cash-generating units in the Market Data + Services segment and relates to access to global, trade-related information such as news from public authorities and supranational organisations.

Finally, the goodwill of US\$3.0 million that arose in the course of the acquisition by MNI of 100 per cent of the shares in Need to Know News, LLC is also allocated to this group of cash-generating units in the Market Data + Services segment.

The recoverable amount of the cash generating unit Market Data + Services is determined on the basis of the fair value less costs of disposal. The key assumptions made relate to the expected development of future data and licence income as well as of the customer base; these are based both on external sources of information and on internal expectations that correspond to the budget values for financial year 2014. Cash flows are planned over a five-year period (2014-2018), with projections for periods beyond this assuming a perpetual annuity with a growth rate of 2.0 per cent (2012: 2.0 per cent). The after-tax discount rate used was 9.8 per cent (2012: 9.2 per cent).

Neither an increase in the discount rate by 1.0 per cent nor a reduction in the planned sales revenue by 5.0 per cent per year nor a decrease in the growth rate of the perpetual annuity to 0 per cent would lead to a goodwill impairment in the cash-generating unit Market Data + Services.

Cash-generating unit Infobolsa

The goodwill from the acquisition of the Infobolsa subgroup (including the goodwill from the acquisition of the shares in Open Finance S.L.) is allocated to the Infobolsa cash-generating unit. The recoverable amount is determined on the basis of fair value less costs of disposal, applying the discounted cash flow method. The assumptions on which the calculation is based are derived from external sources of information and internal management expectations. Cash flows are planned over a five-year period (2014-2018), with projections for periods beyond this assuming a perpetual annuity with a growth rate of 2.0 per cent (2012: 2.0 per cent). The after-tax discount rate used is 9.8 per cent (2012: 9.2 per cent).

Neither an increase in the discount rate by 1.0 per cent nor a reduction in the planned sales revenue by 5.0 per cent per year nor a decrease in the growth rate of the perpetual annuity to 0 per cent would lead to a goodwill impairment in the cash-generating unit Infobolsa.

Cash-generating unit Börse Frankfurt Zertifikate

Goodwill from the business combination with Scoach Holding S.A. and Scoach Europa AG is allocated to the separate cash-generating unit, Börse Frankfurt Zertifikate. The recoverable amount is determined on the basis of fair value less costs of disposal, applying the discounted cash flow method. The assumptions on which the calculation is based are derived from external sources of information and internal management expectations. Cash flows are planned over a five-year period (2014-2018), with projections for periods beyond this assuming a perpetual annuity with a growth rate of 2.0 per cent. The after-tax discount rate used is 13.5 per cent.

Neither an increase in the discount rate of 1.0 per cent nor a decrease in the growth rate of the perpetual annuity to 0 per cent would lead to a goodwill impairment in the Börse Frankfurt Zertifikate cash-generating unit. A reduction in the planned sales revenue of 5.0 per cent per year would lead to an impairment, amounting to €6.8 million, of the intangible assets (including goodwill) in the Börse Frankfurt Zertifikate cash-generating unit.

Other intangible assets: ISE

ISE's other intangible assets are tested for impairment at the end of the year. The recoverable amount of these assets is calculated on the basis of the value in use of the ISE cash-generating unit, which is attributable to the Eurex segment. The cash-generating unit of the ISE subgroup are the US options exchanges.

The key assumptions made, which are based on analysts' estimates, relate to expected volumes and transaction prices on the US options market. Cash flows are projected over a five-year period (2014 to 2018). A 2.5 per cent growth rate is assumed beyond 2018 (2012: 2.5 per cent). The pre-tax discount rate used is 18.0 per cent (2012: 16.2 per cent).

Exchange licence of ISE

In the course of the purchase price allocation carried out in December 2007, the fair value of the exchange licence was determined. The exchange licence, granted in 2000 by the U.S. Securities and Exchange Commission, permits the ISE subgroup to operate as a regulated securities exchange in the United States. The exchange licence held by the ISE subgroup is estimated to have an indefinite useful life, because the licence itself does not have a finite term and Eurex management expects to maintain the licence as part of its overall business strategy.

The exchange licence does not generate cash flows largely independent from those generated by the ISE subgroup as a whole. Consequently, the exchange licence is allocated to the ISE subgroup as the cash-generating unit.

Member relationships and market data customer relationships of ISE

In the context of the purchase price allocation, the fair values of member and customer relationships were calculated. Both assets are being amortised over a period of 30 years using the straight-line method. Cash flows do not result from either the member or the customer relationships which would be independent of the entire ISE subgroup. Consequently, both items are allocated to the cash-generating unit ISE subgroup.

ISE trade name

The ISE trade name is registered as a trade name and therefore meets the IFRS criterion for recognition separately from goodwill. In accordance with the purchase price allocation of December 2007, the asset is being amortised over a period of ten years using the straight-line method. As there are no cash inflows that are generated independently from the ISE subgroup, the trade name is also allocated to the cash-generating unit ISE subgroup.

An increase in the discount rate by 1.0 per cent, a reduction in the planned sales revenue by 5.0 per cent per year or a decrease in the growth rate of the perpetual annuity to 0 per cent would lead to an impairment in the other intangible assets in the cash-generating unit ISE amounting to a volume of €7 million to €55 million. A more positive development of the parameters in future could, in contrast to the assumptions above, result in a reversal of impairment of the other intangible assets of ISE.

Other intangible assets: STOXX

The STOXX trade name, the company's customer relationships as well as fully amortised non-compete agreements and other intangible assets are identified as part of the acquisition of STOXX Ltd. and allocated to the "STOXX" cash-generating unit, as they do not generate cash independently. The STOXX cash-generating unit is allocated to the Market Data + Services segment.

The impairment test was based on fair value less costs of disposal, taking into account expected developments in the licence and sales fees for indices and data. Cash flows are projected over a five-year period (2014 to 2018). Cash flow projections beyond 2018 are extrapolated assuming a 2.0 per cent (2012: 2.0 per cent) growth rate. The after-tax discount rate amounts to 10.8 per cent (2012: 10.2 per cent).

STOXX trade name

The STOXX trade name includes the trade name itself, the index methodologies and the internet domains because these can generally not be transferred separately. As the trade name is registered, it meets the IFRS criterion for recognition separately from goodwill. An indefinite useful life was assumed for the STOXX brand name given its history and the fact that it is well known on the market.

Customer relationships of STOXX

STOXX Ltd. has relationships with customers, which are based on signed contracts and thus meet the identifiability criterion for recognition separately from goodwill.

An increase in the discount rate by 1.0 per cent would not lead to an impairment in the other intangible assets in the cash-generating unit "STOXX". A reduction in the planned sales revenue by 5.0 per cent per year or a decrease in the growth rate of the perpetual annuity to 0 per cent would lead to an impairment in other intangible assets in the cash-generating unit STOXX amounting to a volume of €8 million to €9 million.

As a result of the acquisition of Clearstream Fund Services Ireland Ltd., Clearstream International S.A. had entered into three written put options which were to be settled by delivery of equity instruments of Clearstream Fund Services Ireland Ltd. As at 31 December 2012, these options had a fair value of €3.4 million and were reported under "other non-current liabilities" and "other current liabilities" in the consolidated balance sheet. The option classified under current liabilities was exercised in the second quarter 2013. Due to the termination of the agreement with the holder of the remaining shares in Clearstream Fund Services Ireland Ltd, options classified under noncurrent liabilities were exercised in October 2013. Total payment under the written put options amounted to €1.5 million.

Fair value hedges

No financial instruments designated as fair value hedges had been outstanding as at 31 December 2013 and 2012.

In 2013, some debt instruments issued by Deutsche Börse AG matured. In order to partially hedge the refinancing needs of 2013, a forward interest rate payer swap and a payer swaption were used in 2010 to (conditionally) lock in prevailing (forward) interest rate levels which were judged to be attractive. The swaption expired in 2013. The swap had been settled by close out payment of € 14.2 million. The amount recognised within revaluation surplus is reversed over the original term of the debt instrument issued in 2013.

Hedges of a net investment

In connection with the private placements in the USA, the bonds of the series A to C were designated as hedges against currency risk arising from the translation of the foreign functional currency US dollar into euro in order to hedge the net investment in the ISE subgroup.

Effective exchange rate differences from the private placements are reported in the balance sheet item "accumulated profit", as are exchange rate differences from the translation of foreign subsidiaries. €35.5 million (2012: €50.0 million) has been recognised cumulatively in this item directly in equity. There was no ineffective portion of the net investment hedges in 2013 and 2012.

Derivatives held for trading

Foreign exchange swaps as at 31 December 2013 expiring in less than three months with a notional value of €2,285,6 million (2012: €2,302.9 million) had a negative fair value of €16.5 million (2012: negative fair value of €16.7 million). These swaps were entered into to convert foreign currencies received through the issue of commercial paper by the banking business into euros, and to hedge short-

term foreign currency receivables and liabilities in euros economically. These are reported under “current receivables and securities from banking business” and “liabilities from banking business” in the balance sheet (see also [☐](#) notes 16 and 28).

Government or government-guaranteed bonds, mortgage bonds and bank bonds with an external rating of at least AA- are accepted as collateral for the reverse repurchase agreements.

20. Equity

Revaluation surplus

The revaluation surplus results from the revaluation of securities and other current and non-current financial instruments at their fair value less deferred taxes, as well as the value of the stock options under the Group Share Plan (see note 39). This item also contains reserves from an existing investment in an associate, which were recognised in connection with the acquisition of further shares, as the company was fully consolidated as of this date. Actuarial gains and losses for defined benefit obligations are also directly recognised in revaluation surplus.

Accumulated profit

The “accumulated profit” item includes exchange rate differences amounting to €39.4 million (2012: €82.3 million). €57.4 million was withdrawn due to currency translation for foreign subsidiaries in the year under review (2012: withdrawal of €30.7 million) and €14.5 million was added relating to a net investment hedge that was used to hedge the net investment in ISE against currency risk (2012: additions of €7.5 million).

Regulatory capital requirements and regulatory capital ratios

Clearstream Banking S.A., Clearstream Banking AG and Eurex Clearing AG as well as the regulatory Clearstream Holding group are subject to solvency supervision by the German or Luxembourg banking supervisory authorities (Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin, and Commission de Surveillance du Secteur Financier, CSSF, respectively). All companies that are subject to this supervision are non-trading-book institutions. Market price risk positions consist only of a relatively small open foreign currency position. As a result of these companies’ specific businesses, their on balance sheet-assets are subject to sharp fluctuations. This leads to correspondingly volatile solvency ratios in the Clearstream companies. The volatility of the ratio is subject to major fluctuations on a day-to-day basis in the course of the year. Due to a high degree of collateralised or zero-weighted cash investments, the capital requirements for credit and market price risks of Eurex Clearing AG are relatively stable despite volatile total assets.

The capital requirements are subject to the national regulations of the individual companies. These are based on EU Banking and Capital Requirements Directives which are ultimately based on “Basel II”. The companies concerned homogeneously apply the standardised approach for credit risk. For calculating the operational risk charge, Eurex Clearing AG uses the basic indicator approach, while the Clearstream companies apply the advanced measurement approach (AMA).

Of the companies subject to solvency supervision, only Clearstream Banking S.A. has Tier 2 regulatory capital under the relevant IFRS treatment. This capital consists of a profit participation right of €150 million and to a very small amount in the revaluation surplus. The profit participation right had originally been subscribed by Deutsche Börse AG. In the course of measures taken to further strengthen Clearstream’s capital base, this profit participation right was contributed to Clearstream Holding AG’s capital reserves and upgraded to Tier 2 capital at the level of Clearstream Banking S.A. by making certain adjustments to the profit participation terms.

A minimum solvency ratio of 8 per cent applies throughout to the regulated companies. All regulated companies (Clearstream Banking S.A., Clearstream Banking AG, Eurex Clearing AG and the Clearstream Holding group) have been designated as systemically important. As a result, CSSF increased the minimum capital requirements for Clearstream Banking S.A. to a core Tier 1 ratio of 9 per cent in 2013. The individual companies’ capital resources sufficiently reflect the fluctuation in risk-weighted assets. Stress considerations are used to determine the capital required for expected peaks and additional reserves for unexpected events are added. The capital requirements determined in this way are met through the capital resources. As the actual capital requirements are below the expected peaks – significantly so under normal circumstances – this may lead to a very high technical closing date solvency ratio.

The capital requirements of the Clearstream companies rose in the year under review. This was mainly driven by considerably increased capital requirements for operational risk combined with simultaneously lowered capital requirements for credit and market price risk. The increased capital requirements for operational risk are in turn largely the result of expanded risk scenarios for legal and compliance risks. The international reach of the business within an increasingly more complex regulatory and legal framework makes it necessary to take greater account of these risks. Additionally, the settlement payment of around US\$150 million made to the Office of Foreign Assets Control (OFAC) and payments made by other banks in the course of various proceedings have given an indication of the extent of potential loss events. The increased capital requirements almost exclusively affect Clearstream Banking S.A., since the nature of Clearstream Banking AG's national business means that its exposure to these risks is significantly limited. Due to closing date effects, customer balances, especially those denominated in US dollars and euros, declined significantly compared with the end of 2012, resulting in lower balances on the nostro accounts and consequently lower capital requirements for credit risk.

The Clearstream Holding group responded to the increased capital requirements by launching a programme to strengthen its capital base. The programme entails an injection at the level of Clearstream Holding AG (including the contribution of the profit participation right of €150 million issued by Clearstream Banking S.A.), the retention of profits at Clearstream Banking S.A. and Clearstream International S.A., capital injections to the bank subsidiaries performed by Clearstream International S.A. and the upgrade of Clearstream Banking S.A.'s profit participation rights to Tier 2 capital. In spite of the increased capital requirements, these capitalisation measures currently secure solvency ratios of more than 20 per cent.

The Clearstream Holding group therefore does not expect to require any capital in the short to medium term. In the medium to long term, only a moderate – if any – increase in capital requirements at Group level is expected to arise from the capital buffers that are to be imposed in stages from 2014 onwards, the requirements resulting from mandatory recovery plans, the designation as systemically important institutions and the future CSD regulation. The transfer of the supervisory function for Clearstream Banking S.A. to the ECB is, however, not expected to have a material impact on capital requirements.

The cash collateral deposited at Eurex Clearing AG fluctuated in the course of the year, but remained at a high level overall. Eurex Clearing AG's capital requirements rose only slightly compared with the previous year, mainly as a result of closing date effects relating to credit and market risk and of downstream effects resulting from the calculation of averages used in the assessment of capital requirements in relation to operational risk.

Eurex Clearing AG's internal risk model assumes higher capital requirements for operational risk than does the accounting-based basic indicator approach in accordance with regulatory requirements. For this reason, Eurex Clearing AG has always maintained a capital buffer for these types of risk over and above the minimum regulatory requirements. Against this background, the banking supervisory authorities encouraged Eurex Clearing AG in 2011 to expand the basis for calculating the regulatory capital requirements to include an adequate clearing portion of the fees collected for the account of the operating companies. The capital requirements for operational risk are calculated once a year on the basis of a three-year average of historical income, including the assumed clearing fees, and are therefore not subject to daily fluctuations. Compliance with the minimum supervisory ratio is maintained at all times due to the sufficient capital buffer for uncollateralised cash investments.

On 1 August 2013, Eurex Clearing AG submitted its application for authorisation as a central counterparty under the European Market Infrastructure Regulation (EMIR). Article 16 of EMIR in conjunction with the EU's Level 2 Implementing Directive sets its own capital adequacy requirements. Although these requirements are essentially based on the rules for credit institutions, the resulting capital requirements differ from the requirements for banks because they include additional requirement for orderly winding down or restructuring and for business risk as well as a number of other minor matters and a different definition of capital. Among other things, Eurex Clearing AG's share of the default fund is deducted from its (German GAAP) capital. Without the capital buffers, which will in future only be stipulated in the regulatory framework for banks, the requirement under EMIR is significantly more stringent than under the bank framework. In preparation for its application for EMIR authorisation, Eurex Clearing AG increased its equity at the beginning of 2013 by adding €110 million to its capital reserves. The authorisation is expected to be granted in the second quarter of 2014. The EMIR requirements did not yet apply as at the balance sheet date. The increase in equity resulted in a significantly improved solvency ratio, while capital requirements were only slightly higher.

Given the high capital requirements under EMIR, Eurex Clearing AG does not currently expect the introduction of Capital Requirements Directive (CRD) IV capital buffers from 2014 onwards to have a significant impact on capital requirements. Independent of this, the capital resources of Eurex Clearing AG are reviewed on an ongoing basis and monitored as part of medium-term capital planning. However, given the continuing development of the basis for EMIR capital requirements (income and costs) and business performance within a changed regulatory framework (EMIR, CRD IV) for Eurex Clearing AG and its customers, small capital increases cannot be ruled out.

Eurex Clearing AG has been accredited by the Financial Services Authority (FSA) in the UK as a Recognised Overseas Clearing House (ROCH). The reorganisation of financial services supervision in the UK resulted in the break-up of the FSA as at 1 April 2013 and in the transfer of its oversight role over ROCHs to the Bank of England. As a ROCH, Eurex Clearing AG has to maintain regulatory capital equivalent to at least half the operating expenses of the previous year; the resulting regulatory minimum capital under the ROCH requirements amounted to €43.1 million as at 31 December 2013 (2012: €48.0 million). Once authorisation as a central counterparty under EMIR has been granted, Eurex Clearing AG's ROCH status in the UK will lapse.

The regulatory minimum requirements were complied with at all times by all companies during the year under review and in the period up to the preparation of the consolidated financial statements.

21. Shareholders' equity and appropriation of net profit of Deutsche Börse AG

The annual financial statements of the parent company Deutsche Börse AG, prepared as at 31 December 2013 in accordance with the provisions of the Handelsgesetzbuch (HGB, the German Commercial Code), report net profit for the year of €412.8 million (2012: €605.7 million) and shareholders' equity of €2,329.8 million (2012: €2,301.5 million).

Net income for the year is significantly lower year-on-year, primarily due to a decrease in the result from equity investments and a rise in expenses.

Number of shares outstanding as at 31 December 2013	184,115,657

The proposal on the appropriation of the unappropriated surplus reflects treasury shares held directly or indirectly by the company that are not eligible to receive dividends under section 71b of the Aktiengesetz (AktG, the German Stock Corporation Act). The number of shares eligible to receive dividends can change until the Annual General Meeting through the repurchase or sale of further treasury shares. In this case, without changing the dividend of €2.10 per eligible share, an amended resolution for the appropriation of the unappropriated surplus will be proposed to the Annual General Meeting.

22. Provisions for pensions and other employee benefits

Defined benefit pension plans

The defined benefit obligations of the companies of Deutsche Börse Group relate primarily to final salary arrangements and pension plans based on capital components, which guarantee employees a choice of either lifelong pensions or capital payments on the basis of the final salary paid. In Switzerland, there are guaranteed defined contribution plans. Deutsche Börse Group uses external trust solutions to cover some of its pension obligations.

The following retirement benefit plans exist to provide retirement benefits:

Executive boards of Group companies (Germany and Luxembourg)

Individual commitment plans exist for members of the executive boards of Group companies; they are based on the plan for senior executives described in the next but one paragraph, i.e. in each calendar year the company provides an annual contribution to a capital component calculated in accordance with actuarial principles. The benefit assets equal the total of the acquired capital components of the individual years and are converted into a lifelong pension once the benefits fall due. In addition, retirement benefit agreements are in place with members of the executive boards of Group companies, under which they are entitled to pension benefits on reaching the age of 63 and following reappointment. When the term of office began, the replacement rate was 30 per cent of individual pensionable income. It rose by five percentage points with each reappointment, up to a maximum of 50 per cent of pensionable income. Details of the pension commitments for members of Deutsche Börse AG's Executive Board can be found in the [remuneration report](#).

Germany

There has been an employee-financed deferred compensation plan for employees of Deutsche Börse Group in Germany since 1 July 1999. This plan gives employees the opportunity to convert parts of their future remuneration entitlements into benefit assets of equal value. The benefits consist of a capital payment on reaching the age of 65 or earlier, if applicable, in the case of disability or death; when due, the payment is made in equal annual payments over a period of three years. The benefit assets earn interest at a rate of 6 per cent p.a. As a rule, new commitments are entered into on the basis of this deferred compensation plan; employees with pension commitments under retirement benefit arrangements in force before 1 July 1999 were given an option to participate in the deferred compensation plan by converting their existing pension rights.

In the period from 1 January 2004 to 30 June 2006, senior executives in Germany were offered the opportunity to participate in the following pension system based on capital components: the benefit is based on annual income received, composed of fixed annual salary and the variable remuneration. Every year, participating Group companies provide for an amount that corresponds to a certain percentage of the pensionable income. This amount is multiplied by a capitalisation factor depending on age, resulting in the "annual capital component". The benefit assets equal the total of the acquired capital components of the individual years and are converted into a lifelong pension once the benefits fall due. This benefit plan was closed to new staff on 30 June 2006; the senior executives who were employed in the above period can continue to earn capital components.

Luxembourg

The employees of the Clearstream subgroup in Luxembourg participate in separate defined benefit pension plans. The defined benefit pension plan in favour of Luxembourg employees of Clearstream International S.A., Clearstream Banking S.A. and Clearstream Services S.A. is funded by means of cash contributions to an "association d'épargne pension" (ASSEP) organised in accordance with Luxembourg law. The benefits consist of a one-off capital payment, which is generally paid on reaching the age of 65. The benefit plan does not cover disability or death in service. Contributions to the "association d'épargne pension" are funded in full by the participating companies. The contributions are determined annually on the basis of actuarial reports and the amount of the obligation is calculated in accordance with Luxembourg law.

Switzerland

The employees of STOXX Ltd. participate in a separate defined benefit pension plan. They are insured by a pension fund of SIX Swiss Exchange AG at PREVAS Sammelstiftung, Zurich.

Since 2012, there have been a separate pension plan (basic pension plan) and a supplementary benefits plan (bonus plan) for employees of Eurex Zürich AG and Eurex Global Derivatives AG; both plans are based on insurance policies and, in addition to retirement benefits, comprise disability benefits and dependants' pensions. The contributions to the basic pension plan are paid by the employee and the employer, based on progressive percentages of the insured wage (annual wage less coordination deduction). For the bonus plan, the contributions are determined as a percentage of the bonus; it is also funded by contributions from employees and the employer. The retirement age is 65. The beneficiaries can choose between pension payments and a one-off payment.

The present value of defined benefit obligations can be reconciled as follows with the provisions shown in the consolidated balance sheet:

Assumptions

Provisions for pension plans and other employee benefits are measured annually at the balance sheet date using actuarial methods. The assumptions for determining the actuarial obligations for the pension plans differ according to the individual conditions in the countries concerned and are as follows:

Actuarial assumptions

	31 Dec 2013			31 Dec 2012		
	Germany %	Luxembourg %	Switzerland %	Germany %	Luxembourg %	Switzerland %

2) Staff turnover rate in accordance with the Bundesgesetz über die berufliche Alters-, Hinterlassenen- und Invalidenvorsorge (BVG, Swiss Federal Occupational Retirement, Survivors' and Disability Pension Plans Act)

In Germany, the "2005 G" mortality tables (generation tables) developed by Prof Dr Klaus Heubeck are used in a modified version. For Luxembourg, generation tables of the Institut national de la statistique et des études économiques du Grand-Duché du Luxembourg are used. For Switzerland, the BVG 2010 generation tables are used.

Composition of plan assets

Germany

In Germany, the plan assets are held by a trustee in safekeeping for individual companies of Deutsche Börse Group and for the beneficiaries. At the company's instruction, the trustee uses the funds transferred to acquire securities on a trust basis, without any consulting on the part of the trustee. The contributions are invested in accordance with an investment policy, which may be amended by the companies represented in the investment committee in agreement with the other members. The trustee may refuse to carry out instructions if they are in conflict with the fund's allocation rules or the payment provisions. In accordance with the investment policy, about 25 per cent of fund assets are invested in shares with the aim of replicating the STOXX Europe 600 Index. A total return approach is pursued for the remaining fund assets, and investments can be made in different asset classes.

Luxembourg

In Luxembourg, the Board of Directors of the Clearstream Pension Fund is responsible for determining the investment strategy, with the aim of maximising returns in relation to a benchmark. This benchmark is derived in equal parts from the return on five-year German federal government bonds and the return on the EURO STOXX 50 Index. According to the investment policy, the fund may only invest in fixed-income securities, shares and listed investment fund units, and it may hold cash.

Switzerland

Since 2012, the assets of the pension funds of Eurex Zürich AG and Eurex Global Derivatives AG have been invested with AXA Stiftung Berufliche Vorsorge and are therefore reported under "qualifying insurance policies".

Risks

In addition to the general actuarial risks, the risks associated with the defined benefit obligations relate especially to financial risks in connection with the plan assets, including in particular counterparty credit and market price risks.

Market price risk

The return on plan assets is assumed to be the discount rate determined on the basis of corporate bonds with an AA rating. If the actual rate of return on plan assets is lower than the discount rate used, the net defined benefit liability increases accordingly. After a reduction in the equity ratio of the plan assets held in Germany in 2013 and at a lower volatility, the actual return is further expected to exceed the return on corporate bonds with a good credit in the medium to long term.

Deutsche Börse Group considers the share price risk resulting from the equity ratio of the plan assets to be appropriate. The company bases its assessment on the expectation that the overall volume of payments from the pension plans will be manageable in the next few years, that the total amount of the obligations will also be manageable and that it will be able to meet these payments in full from operating cash flows. Any amendments to the investment policy take into account the duration of the pension obligation as well as the expected payments over a period of ten years.

Moreover, the level of the net liability is influenced by the discount rates in particular, whereby the current low interest rates contribute to a relatively high net liability. A continued decline in returns on corporate bonds will lead to a further increase in defined benefit obligations, which can be only partially offset by the positive development of the fair values of the corporate bonds included in the plan assets.

Inflation risk

Possible inflation risks that could lead to an increase in defined benefit obligations exist because some pension plans or the annual capital components are directly related to the salaries, i.e. a significant increase in salaries would lead to an increase in the benefit obligation from the plans. In Germany, however, there are no contractual arrangements with regard to inflation risk for these pension plans. An interest rate of 6 per cent p.a. has been agreed for the employee-financed deferred compensation plan; the plan does not include any arrangements for inflation, so that it has to be assumed that there will be little incentive for employees to contribute to the deferred compensation plan in times of rising inflation.

In Luxembourg, salaries are adjusted for the effects of inflation on the basis of a consumer price index no more than once a year; this adjustment leads to a corresponding increase in the benefit obligation from the pension plan. Since the obligation will be met in the form of a capital payment, there will be no inflation-linked effects once the beneficiary reaches retirement age.

In Switzerland, the benefit plans at AXA Stiftung Berufliche Vorsorge and PREVAS Sammelstiftung include the provision that the Board of the foundation decides annually whether the retirement pensions will be adjusted to price trends. The decision takes into account in particular the financial capability of the foundation. There are no arrangements for automatic adjustments to price increases over and above the legal requirements that apply to certain surviving dependants' and disability pensions.

Duration and expected maturities of the pension obligations

The weighted duration of the pension obligations was 16.42 years as at 31 December 2013.

The financial assets and liabilities that are measured at fair value are to be allocated to the following three hierarchy levels: financial assets and liabilities are to be allocated to level 1 if there is a quoted price for identical assets and liabilities in an active market. They are allocated to level 2 if the inputs on which the fair value measurement is based are observable either directly (as prices) or indirectly (derived from prices). Financial assets and liabilities are allocated to level 3 if the fair value is determined on the basis of unobservable inputs.

As at 31 December 2013, the financial assets and liabilities that are measured at fair value were allocated to the following hierarchy levels:

1) This relates to the put options issued by Clearstream International S.A. relating to Clearstream Fund Services Ireland Ltd.

In the course of 2013, no reclassifications were made between the individual levels.

Financial assets and financial liabilities listed in levels 2 and 3 as at 31 December 2013 are measured as follows:

The derivatives listed in level 2 comprise forward foreign exchange transactions. The fair value of the forward foreign exchange transactions is determined on the basis of the forward foreign exchange rates for the remaining period to maturity as at the balance sheet date. They are based on observable market prices.

The equity investments allocated to level 2 are measured on the basis of current, comparable market transactions.

Puttable instruments with a carrying amount of €3.4 million were allocated to level 3 as at the beginning of the year under review. These were measured using the discounted cash flow method. In the second quarter of 2013, the current portion of the puttable instruments amounting to €0.4 million was exercised. In the course of the third quarter, a settlement agreement in the amount of €1.0 million was reached for this long-term put, resulting in an effect recognised in profit or loss of €2.0 million as at the balance sheet date. At the end of the year under review, derivative financial instruments belonging to an incentive programme amounting to €-6.1 million were allocated to Level 3. The financial instruments were measured at fair value through profit and loss using an internal model. The model takes into account the criteria underlying the conditional repayment of the grant made by Eurex Clearing AG. The financial instruments were regularly measured at fair value through profit and loss using an internal model as at the quarterly balance sheet dates. The results from the subsequent measurement are recognised under "other operating expenses". The model takes into account the criteria underlying the conditional repayment of the grant made by Eurex Clearing AG. The criteria include, in particular, non-financial indicators as the expected number of customers in a specific market segment as well as expected trading volumes. They are continuously monitored, while taking possible adjustments into account; for this, information of customers is also used. Since there is an internal model, the parameters can be different as at the settlement date; however, the derivative financial instrument will not exceed an amount of €-8.0 million; this amount arises if the beneficiaries of the incentive programme fulfill the conditions and a repayment of the contribution is not taken into consideration.

The fair value of other financial assets and liabilities not measured at fair value is determined as follows:

The euro and US dollar bonds issued by Deutsche Börse Group have a fair value of €1,551.8 million (31 December 2012: €1,821.9 million) and are reported under interest-bearing liabilities. Euro-denominated bonds with a principal amount of €600.0 million were issued at the end of the first quarter of 2013. Euro-denominated bonds with a principal amount of €797.8 million matured in the course of the second quarter of 2013. The fair value is calculated on the basis of the quoted values of the bonds or as the present value of the cash flows relating to the private placements on the basis of market parameters.

The carrying amounts of the following items represent a reasonable approximation of their fair value:

- Unlisted equity instruments whose fair value generally cannot be reliably determined on a continuous basis and which are reported under the "financial assets" item; these are carried at cost less any impairment losses
- Other loans, which are reported under "financial assets"
- Other receivables and other assets as well as current receivables from banking business, to the extent that these are measured at amortised cost
- Restricted bank balances
- Other cash and bank balances
- Cash deposits by market participants
- Other current liabilities

In the previous year, investments in intangible assets included an amount of €0.1 million (2013: nil) relating to goodwill. Among the other investments in intangible assets and property, plant and equipment, the measures undertaken under the strategic growth initiatives and infrastructure projects are classified as expansion investments, while all remaining investments are reported as replacement investments.

Of the investments in non-current financial instruments, an amount of €8.5 million (2012: €255.6 million) related to the purchase of variable-rate securities in the banking business. Securities and other non-current receivables in the amount of €35.3 million (2012: €392.2 million), of which €32.2 million (2012: €387.7 million) related to the banking business, matured or were sold in financial year 2013.

The acquisition of further shares of European Energy Exchange AG at a purchase price of €15.4 million and the acquisition of interests in Zimory GmbH, Deutsche Börse Cloud Exchange AG and Global Markets Exchange Group International LLP at purchase prices totalling €19.7 million resulted in cash outflows of €35.1 million.

In connection with the termination of the cooperation agreement governing the equity investment in Scoach Holding S.A. with effect from 30 June 2013, the shares in Scoach Schweiz AG (now SIX Structured Products Exchange AG) held by Scoach Holding S.A. were transferred to SIX Swiss Exchange AG, and the shares in Scoach Holding S.A. previously held by SIX Swiss Exchange AG were transferred to Scoach Holding S.A. and subsequently retired (see [2](#) note 2). Following the transfer, Deutsche Börse AG's equity interest in Scoach Holding S.A. (now Börse Frankfurt Zertifikate S.A.) increased to 100 per cent. Since the acquisition was transacted as an exchange, there were no cash outflows.

In 2012, there were cash outflows of €295.5 million in connection with the acquisition of shares in subsidiaries. €295.0 million of this amount related to the acquisition of the shares in Eurex Global Derivatives AG, which holds 50 per cent of shares of Eurex Zürich AG. The purchase price was paid in cash in the amount of €295.0 million as well as by delivery of 5,286,738 shares of Deutsche Börse AG; at the time of delivery, the shares had a fair value of €255.9 million.

Cash flows from financing activities

Cash outflows from financing activities of €497.6 million (2012: cash outflows of €550.6 million) mainly related to the dividend distribution of €386.5 million (2012: €622.9 million) and the repayment of bonds issued of €797.8 million. Moreover, a bond with a principal amount of €600 million was issued in financial year 2013 (2012: €600 million).

34. Earnings per share

Under IAS 33, earnings per share are calculated by dividing the net profit for the year attributable to shareholders of the parent company (net income) by the weighted average number of shares outstanding.

In order to determine diluted earnings per share, potentially dilutive ordinary shares that may be acquired under the Stock Bonus Plan (SBP) (see also note 39) were added to the average number of shares. In order to calculate the number of potentially dilutive ordinary shares, the exercise prices were adjusted by the fair value of the services still to be provided.

In order to determine diluted earnings per share, all SBP tranches for which cash settlement has not been resolved are assumed to be settled with equity instruments – regardless of actual accounting in accordance with IFRS 2.

The following potentially dilutive rights to purchase shares were outstanding as at 31 December 2013:

Calculation of the number of potentially dilutive ordinary shares

Tranche	Exercise price €	Adjustment of the exercise price according to IAS 33 ¹⁾ €	Average number of outstanding options 31 Dec 2013	Average price for the period ²⁾ €	Number of potentially dilutive ordinary shares as at 31 Dec 2013
2013 ³⁾	0	38.88	56,598	50.90	13,366
Total					13,366

1) According to IAS 33.47(a), the issue price and the exercise price for stock options and other share-based payment arrangements must include the fair value of any goods or services to be supplied to the entity in the future under the stock option or other share-based payment arrangement.

2) Volume-weighted average price of Deutsche Börse AG shares on Xetra for the period 1 January to 31 December 2013

3) This relates to rights to shares under the Stock Bonus Plan (SBP) for senior executives.

As the volume-weighted average share price was higher than the adjusted exercise price for the 2013 tranche, these stock options are considered as dilutive under IAS 33 as at 31 December 2013.

35. Segment reporting

Segment reporting is governed by the internal organisational and reporting structure, which is broken down by markets into the following four segments:

Internal organisational and reporting structure

Segment	Business areas
Eurex	<ul style="list-style-type: none"> ▪ T7 electronic derivatives market trading platform ▪ T7 electronic options trading platform ▪ Eurex Repo® over-the-counter (OTC) trading platform ▪ Central counterparty for bonds, on- and off-exchange derivatives and repo transactions
Xetra	<ul style="list-style-type: none"> ▪ Cash market using the Xetra® electronic trading system, the Specialist trading on the Frankfurt Stock Exchange and Tradegate ▪ Eurex Bonds® OTC trading platform ▪ Central counterparty for equities and bonds ▪ Admission of securities to listing
Clearstream	<ul style="list-style-type: none"> ▪ Custody and settlement services for domestic and international securities ▪ Global securities financing services and collateral management ▪ Investment funds services
Market Data + Services	<ul style="list-style-type: none"> ▪ Distribution of licenses for real-time trading and market signals ▪ Development and sales of indices ▪ Technology solutions for external customers ▪ Trading participant connectivity

In accordance with IFRS 8, information on the segments is presented on the basis of internal reporting (management approach). As a result of the changes made to Deutsche Börse Group's organisational structure as at 1 January 2013, various business areas (e.g. trading participant connectivity, IT services and cooperations with partner exchanges) were transferred from the previous market segments (in particular Xetra) to the new Market Data + Services segment. In this context, net revenue, cost and employees directly or indirectly associated with these business areas have also been reallocated. Prior-year figures have been adjusted accordingly.

Sales revenue is presented separately by external sales revenue and internal (inter-segment) sales revenue. Inter-segment services are charged on the basis of measured quantities or at fixed prices (e.g. the provision of data by Eurex to Market Data + Services).

Due to their insignificance to segment reporting, the "financial income" and "financial expense" items have been combined to produce the "net financial result".

Deutsche Börse Group's business model – and that of its segments – is focused on an internationally operating participant base and pricing does not differ depending on the customer's location. From a price, margin and risk perspective, this means that it is not important whether sales revenue is generated from German or non-German participants.

The risks and returns from the activities of the subsidiaries operating within the economic environment of the European Monetary Union (EMU) do not differ significantly from each other on the basis of the factors to be considered in identifying information on geographical regions under IFRS 8. As a result, Deutsche Börse Group has identified the following information on geographical regions: the euro zone, the rest of Europe, America and Asia-Pacific.

Sales revenue is allocated to the individual regions according to the customer's domicile, while investments and non-current assets are allocated according to the company's domicile and employees according to their location.

As described above, the analysis of sales is based on the direct customer's billing address. This means for example: sales to an American investor trading a product with an Asian underlying via a European clearing member are classified as European sales. Thus, in addition to sales to customers based in the Asia Pacific region, Deutsche Börse Group also reports sales of products based on Asia Pacific underlyings. These include, for example, trading of the South Korean KOSPI index on Eurex, settlement and custody services for securities issued by Asian entities, global securities financing from and with Asian customers, and index products such as the STOXX China Total Market indices. Furthermore, the Group earns net interest income on Asian customer balances. In total, this Asia Pacific-driven business amounted to an additional €48.8 million in 2013 (2012: €45.2 million, number restated for the inclusion of GSF revenues).

36. Financial risk management

Deutsche Börse Group presents the qualitative disclosures required by IFRS 7 in detail in the combined management report (see explanations in the [☐](#) risk report, which is part of the combined management report), such as the nature and extent of risks arising from financial instruments, as well as the objectives, strategies and methods used to manage risk.

Financial risks arise at Deutsche Börse Group mainly in the form of credit risk. To a smaller extent the Group is exposed to market price risk. Financial risks are quantified using the economic capital concept (please refer to the [☐](#) risk report for detailed disclosures). Economic capital is assessed on a 99.98 per cent confidence level for a one-year holding period. The economic capital is compared with the Group's liable equity capital adjusted by intangible assets so as to test the Group's ability to absorb extreme and unexpected losses. The economic capital for financial risk is calculated at the end of each month and amounted to €388 million as at 31 December 2013, whereby €311 million stem from credit risk and €77 million stem from market price risk.

The Group evaluates its financial risk situation on an ongoing basis. In the view of the Executive Board, no threat to the continued existence of the Group can be identified at this time.

Cash investments

Deutsche Börse Group is exposed to credit risk in connection with the investment of cash funds. The Group mitigates such risks by investing short-term funds either – to the extent possible – on a collateralised basis, e.g. via reverse repurchase agreements or by deposits with central banks.

According to the treasury policy, only bonds with a minimum rating of AA– issued or guaranteed by governments or supranational institutions are eligible as collateral.

The fair value of securities received under reverse repurchase agreements (Clearstream subgroup, Eurex Clearing AG and Deutsche Börse AG) was €14,196.0 million (2012: €8,273.6 million). The Clearstream subgroup and Eurex Clearing AG are able to repledge the securities received to their central banks.

The fair value of securities received under reverse repurchase agreements transferred via transfer of title to central banks at Clearstream subgroup amounted to €4,524.2 million as at 31 December 2013 (2012: €443.8 million). As at 31 December 2013 Eurex Clearing AG has repledged securities to central banks with a fair value of €732.0 million (2012: nil). The contract terms are based on recognised bilateral master agreements.

Uncollateralised cash investments are permitted only for counterparties with sound creditworthiness within the framework of defined counterparty credit limits or in the form of investments in money market or other mutual funds as well as US treasuries and municipal bonds with maturities of less than two years. Counterparty credit risk is monitored on the basis of an internal rating system.

Part of the available-for-sale fixed-income financial instruments and floating rate notes held by Clearstream are transferred via transfer of title to central banks to collateralise the settlement facilities obtained. The fair value of transferred securities was €1,355.0 million as at 31 December 2013 (2012: €1,352.0 million).

Loans for settling securities transactions

Clearstream grants customers technical overdraft facilities to maximise settlement efficiency. These settlement facilities are subject to internal credit review procedures. They are revocable at the option of the Clearstream subgroup and are largely collateralised. Technical overdraft facilities amounted to €91.8 billion as at 31 December 2013 (2012: €87.6 billion). Of this amount, €2.7 billion (2012: €2.8 billion) is unsecured, whereby a large proportion relates to credit lines granted to central banks and other government-backed institutions. Actual outstandings at the end of each business day generally represent a small fraction of the facilities and amounted to €487.0 million as at 31 December 2013 (2012: €228.4 million); see [note 16](#).

Clearstream also guarantees the risk resulting from the Automated Securities Fails Financing programme it offers to its customers. This risk is collateralised. Guarantees given under this programme amounted to €556.9 million as at 31 December 2013 (2012: €741.3 million).

Under the ASLplus securities lending programme, Clearstream Banking S.A. had securities borrowings from various counterparties totalling €41,858.4 million as at 31 December 2013 (2012: €38,043.9 million). These securities were fully lent to other counterparties. Collateral received by Clearstream Banking S.A. in connection with these loans amounted to €43,624.3 million (2012: €38,071.3 million).

In 2012 and 2013, no losses from credit transactions occurred in relation to any of the transaction types described.

Other receivables

Trading, settlement and custody fees are generally collected without delay by direct debit. Fees for other services, such as the provision of data and information, are settled mainly by transfer. As a result of default by customers, receivables of €2.7 million (2012: €2.2 million) relating to fees for trading and provision of data and IT services are not expected to be collectable.

Financial instruments of Eurex Clearing AG (central counterparty)

To safeguard Eurex Clearing AG against the risk of default by a clearing member, the clearing conditions require the clearing members to deposit margins in the form of cash or securities on a daily basis or an intraday basis in the amount stipulated by Eurex Clearing AG. Additional security mechanisms of Eurex Clearing AG are described in detail in the risk report.

The aggregate margin calls (after haircuts) based on the executed transactions was €34,840.4 million at the reporting date (2012: €34,864.7 million). In fact, collateral totalling €48,419.2 million (2012: €45,881.2 million) was deposited.

2) The amount includes the clearing fund totalling €906.6 million (2012: €722.0 million).

3) The collateral value is determined on the basis of the fair value less a haircut.

In contrast to the risk-oriented net analysis of the transactions via the central counterparty, the gross amounts are reported in the balance sheet, as the offsetting rules defined in IAS 32 cannot be met. For a detailed explanation of this balance sheet item, see ☐ "Financial instruments of Eurex Clearing AG (central counterparty)" section in note 3 or ☐ note 15. For an analysis of the carrying amount, see ☐ note 15.

Credit risk concentrations

Deutsche Börse Group's business model and the resulting business relationships with a large part of the financial sector mean that, as a rule, credit risk is concentrated on the financial services sector. Potential concentrations of credit risk on individual counterparties are limited by application of counterparty credit limits.

The regulatory requirements, such as those arising under the Großkredit- und Millionenkreditverordnung (GroMiKV, ordinance governing large exposures and loans of €1.5 million or more) in Germany and the corresponding rules in Luxembourg arising under the revised CSSF circular 06/273, are complied with.

The German and Luxembourgian rules are based on the EU directives 2006/48/EC and 2006/49/EC (commonly known as CRD) as revised in 2009 with effect as at 31 December 2010.

See also [note 20](#) for an explanation of regulatory capital requirements.

Deutsche Börse Group carries out VaR calculations in order to detect credit concentration risks. In 2013, no significant credit concentrations were assessed.

The required economic capital for credit risk is calculated for each business day and amounted to €311 million as at 31 December 2013 (2012: €184 million). The increase is driven by two main factors; firstly, the required economic capital is now calculated as the undiversified sum of the required economic capital of the segments, companies and risk types, and secondly, the credit risk of Eurex Clearing AG increased due to the increase of its own contribution to the Default Fund ("skin in the game").

Market price risk

As part of the annual planning, the treasury policy of Deutsche Börse Group requires that any net earnings exposure from currencies be hedged through foreign exchange transactions, if the unhedged exposure exceeds 10 per cent of consolidated EBIT. Foreign exchange exposures below 10 per cent of consolidated EBIT may also be hedged.

During the year, actual foreign exchange exposure is monitored against the latest EBIT forecast. In case of an overstepping of the 10 per cent threshold, the exceeding amount must be hedged.

In addition, the policy stipulates that intraperiod open foreign exchange positions are closed when they exceed €15.0 million. This policy was complied with as in the previous year; as at 31 December 2013, there were no significant net foreign exchange positions.

Currency risks in the Group arise mainly from the operating results and balance sheet items of ISE, which are denominated in US dollars, plus that part of Clearstream's sales revenue and interest income less expenses which is directly or indirectly generated in US dollars. As at 31 December 2013, ISE accounted for 26 per cent of the Eurex segment's sales revenue (2012: 23 per cent). In addition, the Clearstream segment generated 9 per cent of its sales revenue and interest income (2012: 9 per cent) directly or indirectly in US dollars.

Acquisitions where payment of the purchase price results in currency risk are generally hedged.

The Group has partially hedged its investment in ISE against foreign currency risks by issuing fixed-income US dollar debt securities. The investment in ISE (hedged item) constitutes a net investment in a foreign operation. The US dollar securities designated as hedging instruments for the net investment hedge were issued in a nominal amount of US\$460.0 million.

Interest rate risks arise further from debt financing of acquisitions. The acquisition of ISE was financed through senior and hybrid debt that matured or has been called in 2013.

To refinance 2013 debt maturities Deutsche Börse AG, in October 2012 and March 2013, successfully issued senior bonds in an amount of €600 million each.

Equity price risks arise from contractual trust arrangements (CTAs) and from the Clearstream Pension Fund in Luxembourg. In addition, there are equity price risks arising from strategic equity investments in other exchange operators.

Economic capital is calculated at the end of each month for market price risks that can arise in connection with cash investments or borrowing as a result of fluctuations in interest rates and foreign exchange rates as well as through fluctuations of the asset value of the CTA and the Clearstream Pension Fund in Luxembourg. On 31 December 2013, the economic capital for market price risk was €77 million (2012: €1 million). The increase is mainly driven by two factors; firstly, the required economic capital is now calculated as the undiversified sum of the required economic capital of the segments, companies and risk types, and secondly, the market price risk increased because the CTAs and Clearstream Pension Fund in Luxembourg are now included in the calculation.

In financial year 2013, impairment losses amounting to €1.6 million (2012: €13.3 million) were recognised in profit and loss for strategic investments that are not included in the VaR for market price risk.

Liquidity risk

For the Group, liquidity risk may arise from potential difficulties in renewing maturing financing, such as commercial paper and bilateral and syndicated credit facilities. In addition, required financing for unexpected events may result in a liquidity risk. Most of the Group's cash investments are short-term to ensure that liquidity is available, should such a financing need arise. Eurex Clearing AG remains almost perfectly matched with respect to the durations of received customer cash margins and investments which in only limited amounts may have tenors of up to one month while the Clearstream subgroup may invest customer balances up to a maximum of one year under strict control of mismatch and interest rate limits (see [☐](#) note 31 for an overview of the maturity structure). Term investments can be transacted via reverse repurchase agreements against highly liquid collateral that can be deposited with the Luxembourg Central Bank and can be used as a liquidity buffer in case of need.

Clearstream Banking S.A. has a bank guarantee (letter of credit) in favour of Euroclear Bank S.A./N.V. issued by an international consortium to secure daily deliveries of securities between Euroclear Bank S.A./N.V. and Clearstream Banking S.A.. A commercial paper programme offers Deutsche Börse AG an opportunity for flexible, short-term financing, involving a total facility of €2.5 billion in various currencies. As at year-end, commercial paper with a nominal value of €100.0 million has been issued (2012: nil).

Clearstream Banking S.A. also has a commercial paper programme with a programme limit of €1.0 billion, which is used to provide additional short-term liquidity. As at 31 December 2013, commercial paper with a nominal value of €194.1 million had been issued (2012: €208.4 million).

The rating agencies Fitch and Standard & Poor's confirmed the existing credit ratings of the Group companies in the course of the financial year. The negative outlook, added to Deutsche Börse AG's rating in December 2012 by S&P, has been kept. On 1 February 2013, Fitch Ratings added a negative outlook to Clearstream Banking S.A.'s AA rating that has been removed in November 2013. For further details on the rating of Deutsche Börse Group, see the ☐ "Financial position" section in the combined management report.

As at 31 December 2013, Deutsche Börse AG was one of only two DAX-listed companies that had been given an AA rating by Standard & Poor's.

As at 31 December 2013, Deutsche Börse AG's commercial paper programme was awarded the best possible short-term rating of A-1+.

37. Financial liabilities and other risks

For the coming financial years, the Group's expenses in connection with long-term contracts relating to maintenance contracts and other contracts (without rental and lease agreements, see ☐ note 38) are presented in the following:

Breakdown of future financial obligations		
	31 Dec 2013	31 Dec 2012
	€m	€m
Up to 1 year	51.7	49.9
1 to 5 years	74.8	63.4
More than 5 years	13.2	9.5
Total	139.7	122.8

Other litigation and liability risks

Contingent liabilities may result from present obligations and from possible obligations from events in the past. Deutsche Börse Group recognises provisions for the possible incurrence of losses only if there is a present obligation from an event in the past which is likely to cause an outflow of resources and if it is possible to reliably estimate the amount of such obligation (see also ☐ note 3). In order to determine for which proceedings the possibility of incurring a loss is more than unlikely as well as how the possible loss is estimated, Deutsche Börse Group takes into account a multitude of factors, including the nature of the claim and the facts on which it is based, the jurisdiction and course of the individual proceedings, the experience of Deutsche Börse Group, prior settlement talks (as far as have already taken place) as well as reports and evaluations of legal advisors. However, it is possible that a reliable estimate for a given proceedings could not be determined before the release of the consolidated financial statements, and that – as a result – no provisions are recognised.

Eurex Clearing AG vs. Lehman Brothers Bankhaus AG

On 26 November 2012, the insolvency administrator of Lehman Brothers Bankhaus AG (LBB AG), Dr Michael C. Frege, brought an action against Eurex Clearing AG before the Frankfurt/Main Regional Court. On the basis of German insolvency law, Dr Frege is demanding from Eurex Clearing AG the repayment of €113.5 million and payment of another amount of around €1.0 million plus interest of 5 percentage points above the base rate accrued on the total amount since 13 November 2008. Eurex Clearing AG considers the claim unfounded and is defending itself against the insolvency administrator's action.

LBB AG had made payments in the amount of €113.5 million to Eurex Clearing AG in the morning of 15 September 2008. LBB AG was thereby effecting collateral payments (intraday margin payments) of Lehman Brothers International (Europe) (LBIE) from the underlying clearing relationship to Eurex Clearing AG by acting as correspondence bank for the former clearing member LBIE. On 15 September 2008, administration proceedings were opened in the United Kingdom with respect to LBIE, and Bundesagentur für Finanzdienstleistungsaufsicht (BaFin, German Federal Financial Supervisory Authority) issued a moratorium with regard to LBB AG in the course of 15 September 2008. On 13 November 2008, insolvency proceedings were opened with regards to LBB AG.

Clearstream Banking S. A. – settlement with OFAC

The U.S. Treasury Department Office of Foreign Assets Control (OFAC) was investigating certain securities transfers in 2008 within Clearstream's settlement systems regarding US Iran sanctions regulations. These transfers implemented the decision taken by Clearstream in 2007 to close its Iranian customers' accounts. OFAC had been informed of the closing of the accounts in advance. On 9 January 2013, Deutsche Börse AG reported in an ad-hoc announcement that, following OFAC's proposal, Clearstream decided to enter into settlement talks with OFAC. In recent months, Clearstream has held substantive discussions with OFAC. On 23 January 2014, the matter was resolved through a settlement and payment of US\$ 151.9 million. This settlement with OFAC does not constitute a final determination that a violation has occurred.

Peterson vs. Clearstream Banking S.A., Citibank NA et al. and Heiser vs. Clearstream Banking S.A.

In its corporate report 2012, Deutsche Börse Group informed about proceedings initiated by various plaintiffs seeking turnover of certain customer positions held in Clearstream Banking S.A.'s (Clearstream) securities omnibus account with its US depository bank, Citibank NA, and asserting direct claims against Clearstream for damages of US\$250 million for purported wrongful conveyance of some of these positions.

In July 2013, the US court ordered turnover to plaintiffs, holding that the customer positions were owned by Bank Markazi. The decision did not address the direct claims against Clearstream. Bank Markazi and Clearstream appealed the turnover order.

The responsible bodies of Deutsche Börse AG and Clearstream approved the terms of a settlement agreement with the plaintiffs in this case on 9 September 2013. Pursuant to the settlement agreement, the direct claims against Clearstream were to be dismissed and ratifying plaintiffs agreed not to sue Clearstream for damages arising from specified acts that occurred prior to the effective date of the agreement.

In return, Clearstream agreed to withdraw its appeal from the turnover order. On 8 November 2013, the US trial court dismissed the direct claims against Clearstream and the settlement became effective. On 13 November 2013, the US appellate court accepted the withdrawal of Clearstream's appeal of the district court's turnover order in light of the settlement with plaintiffs. Bank Markazi's appeal continues without Clearstream's involvement.

If this turnover is ultimately affirmed by the US appeals court and the assets turned over, a related case, Heiser vs. Clearstream Banking S. A., also seeking turnover of the same assets, will be dismissed.

On 30 December 2013 US plaintiffs filed under seal a complaint targeting certain assets of approximately US\$ 1.6 billion claimed to be held for Bank Markazi, the Iranian Central Bank, by Clearstream in Luxembourg. The plaintiffs are judgement creditors of Iran and seek the turnover of these customer assets to satisfy their judgement.

CBOE vs. ISE

On 12 November 2012, the Chicago Board Options Exchange (CBOE) filed a patent infringement law suit against the International Securities Exchange (ISE) (the "CBOE Litigation"). In the CBOE Litigation, CBOE alleges US\$525 million in damages for infringement of three patents, which relate to systems and methods for limiting market-maker risk. ISE believes that CBOE's damages claim lacks merit because it is unsupported by the facts and the law. ISE intends to vigorously defend itself in this lawsuit. Upon ISE's motion, the case was recently transferred to the competent courts of New York City. In Q4/2013, ISE filed a number of petitions in the U.S. Patent and Trademark Office (USPTO) seeking to invalidate the CBOE patents. As a result of the filing of those petitions, in December 2013, upon ISE's motion, CBOE's lawsuit was stayed (frozen) by the court, pending the outcome of the petitions filed in the USPTO to invalidate the patents.

In November 2006, ISE itself filed a patent infringement lawsuit against CBOE (the "ISE Litigation"). In the ISE Litigation, as of December 2012, ISE alleged US\$475 million in damages for infringement of ISE's patent which relates to systems and methods for operating an automated exchange. The ISE Litigation was scheduled for trial in March 2013. However, in the course of the pre-trial motions, some of the decisions of the trial judge establishing ISE's burden of proof to succeed in trial, were extremely adverse to ISE. As a result, ISE believed that it could not prove its case of infringement, and therefore determined to move straight to an appeal of those rulings and forego a trial. On 12 April, ISE filed an appeal of the rulings with the Federal Circuit Court of Appeals. On 1 July 2013, ISE filed its brief on appeal. Oral argument was held on 9 January 2014, and a decision on the appeal will likely issue in H1/2014.

In addition to the matters described above and in prior disclosures, Deutsche Börse Group is from time to time involved in various legal proceedings that arise in the ordinary course of its business. Deutsche Börse Group recognises provisions for litigation and regulatory matters when it has a present obligation from an event in the past, an outflow of resources with economic benefit to settle the obligation is probable and it is possible to reliably estimate the amount. In such cases, there may be an exposure to loss in excess of the amounts accrued. When these conditions are not met, Deutsche Börse Group does not recognise a provision. As a litigation or regulatory matter develops, Deutsche Börse Group evaluates on

an ongoing basis whether the requirements to recognise a provision are met. Deutsche Börse Group may not be able to predict what the eventual loss or range of loss related to such matters will be. Deutsche Börse Group does not believe, based on currently available information, that the results of any of these various proceedings will have a material adverse effect on its financial statements as a whole.

Tax risks

Due to its business activities in various countries, Deutsche Börse Group is exposed to tax risks. A process has been developed to recognise and evaluate these risks, which – in the first place – are recognised depending on the probability they will arise. In a second step, these risks are measured on the basis of their expected value. In case it is more probable than not that the risks will arise, a tax provision is recognised. Deutsche Börse Group continuously reviews if the preconditions for the recognition of corresponding tax provisions are met.

38. Leases

Finance leases

There were no minimum lease payments from finance leases for Deutsche Börse Group neither as at 31 December 2013 nor as at 31 December 2012.

Operating leases (as lessee)

Deutsche Börse Group has entered into leases to be classified as operating leases due to their economic substance, meaning that the leased asset is allocated to the lessor. These leases relate mainly to buildings, IT hardware and software.

39. Share-based payment

Stock Bonus Plan (SBP) and Stock Plan

In the year under review, the company established an additional tranche of the SBP. In order to participate in the SBP, a beneficiary must have earned a bonus. The number of stock options for senior executives is determined by the amount of the individual and performance-based SBP bonus for the financial year, divided by the average share price (Xetra closing price) of Deutsche Börse AG's shares in the fourth quarter of the financial year in question. Neither the converted SBP bonus nor the stock options will be paid at the time the bonus is determined. Rather, the entitlement is generally received two or three years after having been granted (so-called "waiting period"). Within this period, beneficiaries cannot assert shareholder rights (in particular, the right to receive dividends and attend the Annual General Meeting). Once they have met the condition of service, the beneficiaries' claims resulting from the SBP are calculated on the first trading day following the last day of the waiting period. The current market price at that date (closing auction price of Deutsche Börse share in electronic trading on the Frankfurt Stock Exchange) is multiplied by the number of SBP shares.

Since 1 January 2010, a different method has been applied to calculate the number of stock options for Executive Board members which is described below.

To calculate the number of stock options for Executive Board members under the 2010 SBP tranche and all subsequent tranches, the Supervisory Board defines the 100 per cent stock bonus target in euros for each Executive Board member at the beginning of each financial year. Based on the 100 per cent stock bonus target defined by the Supervisory Board at the beginning of each financial year, the corresponding number of virtual shares for each Executive Board member is calculated by dividing the stock bonus target by the average share price (Xetra closing price) of Deutsche Börse AG's shares in the two calendar months preceding the month in which the Supervisory Board adopts the resolution on the stock bonus target. Any right to payment of a stock bonus vests only after a performance period of three years. The year in which the 100 per cent stock bonus target is defined is taken to be the first performance year.

The calculation of the subsequent payout amount of the stock bonus for the Executive Board depends on the development of two performance factors during the performance period: firstly, on the relative performance of the total shareholder return (TSR) on Deutsche Börse AG's shares compared with the total shareholder return of the STOXX Europe 600 Financials Index as the peer group, and secondly, on the performance of Deutsche Börse AG's share price. This is multiplied by the number of virtual shares at the end of the performance period to determine the stock bonus. The share price used to calculate the cash payment claims of Executive Board members from the stock bonus is calculated as the average price of Deutsche Börse AG's shares (Xetra closing price) in the two full calendar months preceding the end of the performance period.

On 20 April 2009, the Luxembourgian Commission de Surveillance du Secteur Financier (CSSF) published a circular on remuneration policies in the banking sector that addresses key aspects of remuneration practices for sustainable corporate governance and support their implementation in banking institutions' day-to-day operations. According to this circular, every banking institution is required to introduce a remuneration policy that is in harmony with its business strategy and corporate goals and values as well as the long-term interests of the financial enterprise, its customers and investors, and which minimises the institution's risk position. Clearstream companies in Luxembourg have therefore revised their remuneration system for executive boards in line with the circular, and introduced a so-called stock plan. The exercise process for this stock plan stipulates the allocation of a stock bonus at the end of each financial year, which will be paid in three tranches of equal size with maturities of one, two or three years after the grant date. Claims under the stock plan have to be cash-settled if the performance targets already agreed in the year in which the targets were specified are met, irrespective of any condition of service.

The number of stock options under the stock plan is determined by the amount of the individual, performance-based bonus established for each Executive Board member, divided by the average market price (Xetra closing price) for Deutsche Börse AG shares in the fourth quarter of the financial year in question. As the contracts require the stock bonus to be exercised gradually, it is divided into three separate tranches, which are measured according to their respective residual term using the corresponding parameters of the Stock Bonus Plan for senior executives.

In April 2012, Eurex Frankfurt AG introduced a special remuneration component for its Executive Board members in the form of a separate SBP tranche with a term of 21 months. This tranche matured in December 2013 and is cash-settled in January at a price of €59.77.

A new SBP programme was launched in April 2013 for members of the Executive Board of Eurex Clearing AG. This programme has a three-year waiting period from the grant date. This SBP tranche is measured using the same parameters as the Share Bonus Plan for senior executives.

For the stock bonus of senior executives under the 2011 to 2013 tranches, Deutsche Börse AG has an option whether to settle a beneficiary's claim in cash or shares. The company proposed to settle the 2011 tranche claims due in 2014 in cash. A cash settlement obligation exists for claims relating to the stock bonus of the Executive Board since the 2010 tranche and the stock plan for the executive board members of the Clearstream companies since the 2011 tranche.

In accordance with IFRS 2, the company uses an adjusted Black-Scholes model (Merton model) to calculate the fair value of the stock options.

1) The SBP 2011, 2012, and 2013 tranches also include SBP options of the Stock Plan for the executive board members of the Luxembourgian companies and SBP options for the Executive Board of Eurex Frankfurt AG and Eurex Clearing AG. These options are evaluated using different parameters.

The valuation model does not take into account exercise hurdles. The volatilities applied correspond to the market volatilities of comparable options with comparable maturities.

1) As at 31 December 2013 the SBP shares of the executive board of Eurex Frankfurt AG were exercisable.

2) As at the balance sheet date

3) As the grant date for the 2013 tranche for senior executives is not until financial year 2014, the number indicated for the balance sheet date may change subsequently.

The stock options from the 2010 SBP were exercised in the year under review following expiration of the vesting period. The average exercise price for the 2010 tranche following expiration of the vesting period was €47.89. Shares of the SBP tranches 2011, 2012 and 2013 were paid to former employees as part of severance payments in the reporting year. The average exercise price amounted to €49.24 for the 2011 tranche, €47.93 for the 2012 tranche and €47.69 for the 2013 tranche. The average price for forfeited stock options amounted to €52.59 for the 2010 tranche, €49.30 for the 2011 tranche and €33.20 for the 2012 tranche.

The amount of provisions for the SBP results from the measurement of the number of SBP shares with the fair value of the closing auction price of Deutsche Börse shares in electronic trading at the Frankfurt Stock Exchange as at the balance sheet date and its proportionate recognition over the vesting period.

Provisions amounting to €18.2 million were recognised as at the balance sheet date of 31 December 2013 (31 December 2012: €15.0 million). Thereof, €8.0 million are non-current (2012: €6.7 million). Of the total provisions of €18.2 million, €7.3 million were attributable to members of the Executive Board (2012: €5.9 million). The total cost of the SBP shares in the year under review was €13.2 million (2012: €8.7 million). Of that amount, an expense of €6.1 million was attributable to members of the Executive Board active at the balance sheet date (2012: €3.7 million). For the number of SBP shares granted to members of the Executive Board, please also refer to the [☐](#) remuneration report.

The purchased shares must be held for at least two years.

Deutsche Börse AG had entered into agreements to source advisory services with Mayer Brown LLP, Washington, Richard Berliand Limited, Ashtead, Surrey, and Cohesive Flexible Technologies Corporation, Chicago. Significant elements of these contracts included strategies relating to Deutsche Börse AG's competitive positioning on the market as well as advisory services in connection with major strategic projects. The preparation of the consolidated financial statements and the combined management report in accordance with IFRSs as adopted by the EU, and the additional requirements of German commercial law pursuant to § 315a Abs. [paragraph] 1 HGB [Handelsgesetzbuch "German Commercial Code"] are the responsibility of the parent company's management. Our responsibility is to express an opinion on the consolidated financial statements and on the combined management report based on our audit. In addition we have been instructed to express an opinion as to whether the consolidated financial statements comply with full IFRS.

We conducted our audit of the consolidated financial statements in accordance with § 317 HGB and German generally accepted standards for the audit of financial statements promulgated by the Institut der Wirtschaftsprüfer [Institute of Public Auditors in Germany] (IDW). Those standards require that we plan and perform the audit such that misstatements materially affecting the presentation of the net assets, financial position and results of operations in the consolidated financial statements in accordance with the applicable financial reporting framework and in the combined management report are detected with reasonable assurance. Knowledge of the business activities and the economic and legal environment of the Group and expectations as to possible misstatements are taken into account in the determination of audit procedures. The effectiveness of the accounting-related internal control system and the evidence supporting the disclosures in the consolidated financial statements and the combined management report are examined primarily on a test basis within the framework of the audit. The audit includes assessing the annual financial statements of those entities included in consolidation, the determination of entities to be included in consolidation, the accounting and consolidation principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements and the combined management report. We believe that our audit provides a reasonable basis for our opinion.

Our audit has not led to any reservations.

In our opinion, based on the findings of our audit, the consolidated financial statements comply with IFRSs as adopted by the EU, the additional requirements of German commercial law pursuant to § 315a Abs. 1 HGB and full IFRS and give a true and fair view of the net assets, financial position and results of operations of the Group in accordance with these requirements. The combined management report is consistent with the consolidated financial statements and as a whole provides a suitable view of the Group's position and suitably presents the opportunities and risks of future development.

Receivables

Receivables are stated at their nominal value.

Provisions

Provisions are formed as required for operational reasons.

Shares of Eurex Zurich AG and the B-series certificates of participation from Eurex Frankfurt AG were included in the share purchase agreement dated 7 June 2011 between SIX Swiss Exchange AG and Eurex Global Derivatives AG (see also 2 Share Capital).

The share capital of Eurex Zurich AG is held in equal shares of 50% each by Eurex Global Derivatives AG, Zurich, and Deutsche Börse AG, Frankfurt. The share capital amounts to CHF 10 million and is fully paid in.

Report of the Statutory Auditor on the Financial Statements to the General Meeting of
Eurex Zurich Ltd, Zurich

As statutory auditor, we have audited the accompanying financial statements of Eurex Zurich Ltd, which comprise the balance sheet, income statement and notes for the year ended 31 December 2013.

Board of Directors' Responsibility

The Board of Directors is responsible for the preparation of the financial statements in accordance with the requirements of Swiss law and the company's articles of incorporation. This responsibility includes designing, implementing and maintaining an internal control system relevant to the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Board of Directors is further responsible for selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Swiss law and Swiss Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control system relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control system. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements for the year ended 31 December 2013 comply with Swiss law and the company's articles of incorporation.

Report on Other Legal Requirements

We confirm that we meet the legal requirements on licensing according to the Auditor Oversight Act (AOA) and independence (article 728 CO and article 11 AOA) and that there are no circumstances incompatible with our independence.

In accordance with article 728a paragraph 1 item 3 CO and Swiss Auditing Standard 890, we confirm that an internal control system exists, which has been designed for the preparation of financial statements according to the instructions of the Board of Directors.

We further confirm that the proposed appropriation of available earnings complies with Swiss law and the company's articles of incorporation. We recommend that the financial statements submitted to you be approved.

Notes to the financial statements, financial year 2013

Accounting policies

The annual report of Eurex Frankfurt AG (hereinafter referred to as "Eurex Frankfurt") for financial year 2013 was prepared in accordance with the provisions of the Handelsgesetzbuch (HGB, German Commercial Code) and the Aktiengesetz (AktG, German Stock Corporation Act).

The total cost accounting method was chosen for the income statement.

The Company is a medium-sized corporation as defined by section 267(2) of the HGB.

Fixed asset line items denominated in foreign currency have been translated into euro amounts using the exchange rates valid on the date of acquisition; in case of permanent impairment, the conversion is at the period-end exchange rate.

Assets and liabilities denominated in foreign currency have been translated using the ECB reference rate or the Bloomberg rates valid at the balance sheet date. If the assets and liabilities denominated in foreign currency have a maturity of one year or less, then HGB sections 253 (1) clause 1 and 252 (1) no. 4 sub-clause 2 were not applied.

Income and expenses in foreign currency were translated on the posting date at the ECB reference rate or the Bloomberg rates.

Purchased intangible assets are carried at cost and amortised using the straight-line method or valued at the lower fair value.

Property, plant and equipment is carried at cost. Depreciable property, plant and equipment is depreciated using the straight-line method over its useful life or valued at its lower fair value. For movable assets, the tax simplification rules regarding the depreciation start date are applied in their valid form on the respective date of acquisition. Low-value fixed assets with acquisition costs up to €410 were written off directly in financial year 2013 in accordance with section 6 (2) of the German Income Tax Act (EstG). In this respect, no use was made of the option granted by section 6 (2a) EstG to create a compound item.

Shares in affiliated companies stated under financial assets as well as other loans are carried at cost or the lower of fair value.

Receivables and other assets are always carried at their nominal amount. All discernible risks are impaired on an item-by-item basis, while latent risks are considered on a portfolio basis.

Provisions for pensions and other similar employee benefits have been recognised using actuarial principles at the amount of the projected benefit obligation on the basis of an interest rate of 4.90

per cent (previous year: 5.06 per cent) along with actuarial tables using the modified "2005 G" mortality tables (generation tables) developed by Dr Klaus Heubeck.

Actuarial assumptions		
	31.12.2013	31.12.2012
	%	%
Discount rate	4.90	5.06
Salary growth	3.50	3.50
Pension growth	2.00	2.00
Fluctuation rate (up to age 50, thereafter 0.0 per cent)	2.00	2.00

Calculations for the projected benefit obligations arising from the employee-financed deferred compensation plan were made on the basis of an interest rate of 4.90 per cent (previous year: 5.06 per cent) along with actuarial tables using the modified "2005 G" mortality tables developed by Dr Klaus Heubeck.

As per section 246 (2) of the HGB, the amount of pension benefits to be paid as at the balance sheet date was offset against the fair value of the asset that is protected from the claims of creditors and intended exclusively to meet the liabilities arising from pension obligations or other similar long-term obligations to employees (plan assets). The accumulated acquisition costs of this asset are €14,017 thousand (previous year: €13,778 thousand).

The total asset that was offset, which corresponds to a 7.2 per cent share in domestic alternative investment fund as defined by section 1 (10) of the German Capital Investment Legislation (KAGB), had a fair value at the balance sheet date of €15,342 thousand (previous year: €14,060 thousand), which is equivalent to the current value as defined by section 278 in conjunction with section 168 of the KAGB. During the period under review, €128 thousand (previous year: €51 thousand) was withdrawn, which corresponds to the amount of current pension payments, and which was immediately added back to the plan asset.

A separate asset in the amount of €239 thousand (previous year: €2,457 thousand) was added. This asset is protected from any creditor claims and is thus not repayable on demand.

The other provisions have been estimated in consideration of all known risks and unknown liabilities as at the balance sheet date and were estimated at the amount which is required to be paid according to a reasonable commercial assessment. The basis for determining provisions for the Stock Bonus Plan is the price of Deutsche Börse AG shares at the reporting date.

The provisions for anniversary payments and early retirement were measured at the amount to be paid in accordance with actuarial principles, and for early retirees measured at present value. The projected unit credit method was applied as the basis of this assessment. During the period under review, the interest rate of 4.90 per cent (previous year: 5.06 per cent) published by the Bundesbank (German central bank) was adopted. The modified "2005 G" mortality tables developed by Dr Klaus Heubeck were the basis of these projections.

Deferred taxes are calculated in accordance with section 274 HGB on temporary differences between the carrying amounts according to commercial law and their taxable values. Deferred tax liabilities are only reported insofar as they exceed deferred tax assets. In view of the existing single-entity relationship for tax purposes with Eurex Clearing AG, Eurex Repo GmbH and Eurex Services GmbH, temporary differences between the carrying amounts according to commercial law and their taxable values of these companies were accounted for at the level of the controlling company, Eurex Frankfurt. There is currently a uniform corporation tax rate of 15 per cent plus a solidarity charge of 5.5 per cent. Taking trade tax into account, this results in a total tax rate of 25.87 per cent. The calculation of deferred taxes is based on the combined income tax rate of all the companies comprising the single-entity for tax purposes with Eurex Frankfurt, which currently stands at 25.87 per cent.

As at 31 December 2013, the excess of deferred tax assets amounted to €3.7 million. The excess of deferred tax assets is mainly the result of differences in the carrying amounts in the provisions for pensions, their related cover assets and intangible assets.

In accordance with section 274 (1) (2) HGB, the Company refrained from reporting the excess of deferred tax assets. Deferred taxes are calculated on the basis of the tax rates in effect or expected in Germany on the date they are recovered.

There were no carryforwards of tax losses as at the reporting date.

In accordance with section 253 (1) (2) HGB, liabilities are carried at their respective payment amounts.

Receivables from affiliated companies

This balance sheet item contains trade receivables of €93,226 thousand (previous year: €9,300 thousand); included in that figure are receivables (after specific and general value adjustments) in the Company's own name for the account of Deutsche Börse AG and Eurex Global Derivatives AG amounting to €50,002 thousand (previous year: €0 thousand), receivables from profit transfer agreements of €81,632 thousand (previous year: €98,246 thousand) and receivables from cash pooling including interest accruals of €233,133 thousand (previous year: €273,923 thousand).

Equity

Fully paid-in share capital (subscribed capital) amounts to €6,000,000, divided into 6,000,000 no-par value registered shares.

The Company's capital reserves are €7,158 thousand (unchanged versus the previous year).

The certificates of participation issued, which amount to a nominal figure of US\$ 2,600 million (previous year: US\$ 2,600 million), are divided into 260,000 participation rights, each with a notional value of US\$ 10,000.00. They bestow creditors' rights but not shareholders' or membership rights, and in particular do not give holders participation or voting rights at the Annual General Meeting. The certificates of participation qualify as equity, as they are subordinate to the claims of other creditors, payment is dependent on success, they participate in losses up to the full amount and the capital is made available on a longer-term basis. The whole of the net profit for the year in 2013 in the amount of €66,670 thousand (previous year: €86,292 thousand) was allocated to profit-participation capital, which as at 31 December 2013 thus amounted to €1,037,762 thousand (previous year: €971,092 thousand).

As the fair value of the plan assets is higher than their acquisition cost when deferred tax liabilities are taken into account, there is a block on distributions in accordance with section 268 (8) of the HGB in the amount of €980 thousand.

Management report for financial year 2013

1. Basic principles and business model

Eurex Frankfurt AG (hereafter: Eurex Frankfurt) is the operator of the Eurex Deutschland exchange, which is a public law entity. Eurex Deutschland is a public law institution that operates a fully electronic trading platform for the conclusion of derivatives transactions, particularly standardised derivatives such as options and futures. The orders and quotes entered into the T7 trading system are automatically processed and matched. Transactions that take place via this trading platform are transactions on the Eurex Deutschland exchange and, provided both exchange participants conducting such a transaction are also admitted for trading on the Eurex Zürich AG exchange, transactions at Eurex Zürich AG. For every derivatives transaction concluded through the trading system used by Eurex Deutschland and Eurex Zürich AG, Eurex Clearing AG becomes a contractual partner for the clearing and settlement of the transactions. In addition, Eurex Frankfurt holds participations in Eurex Repo GmbH, Frankfurt/Main, Eurex Bonds GmbH, Frankfurt/Main, Eurex Clearing AG, Frankfurt/Main, in US Exchange Holdings Inc., Chicago and indirectly in International Securities Exchange Inc., New York.

Eurex Frankfurt's business is the operation of exchanges, including electronic exchanges for derivatives transactions (particularly options and financial futures) and securities exchanges, in accordance with statutory regulations; the planning, development and execution of electronic data processing, in particular in the exchange, clearing and securities business of credit institutions, including its settlement, and the collection, processing and sale of information related to securities and/or derivatives; the provision of support services for companies in the exchange, clearing and securities business, in particular by performing central services in all areas of activity for the companies concerned. In addition, the Company provides support services for market participants involved with the exchange, clearing and derivatives business, in particular through the provision of services across the entire value chain in the trading, clearing and settlement of derivatives products as well as bonds and repo transactions.

Derivatives markets offer financial market instruments for trading purposes. These derivatives are used in particular to hedge future market / price risk in financial and other markets, such as of raw materials or energy. They to significantly increase business planning certainty and thus foster growth and jobs in the real economy.

The management of highly efficient liquidity pools with first-class market integrity and efficiency, combined with a global portfolio of products and services, makes Eurex Frankfurt a preferred global marketplace provider for derivatives. Eurex Frankfurt has an ongoing dialogue with participants in the financial markets and the regulatory authorities in order to adapt the type and scope of its product and service offering to constantly changing requirements. For the success of its business model is the combination of four factors of central importance:

Distribution

The Eurex derivatives market provides trading participants with access to its product and service offering via a global trading network. In order to expand its global distribution network, Eurex Frankfurt will continue to extend its possibilities for direct connection to the trading network, particularly in Asia.

Products and services

Eurex's product portfolio was expanded again in 2013 by the addition of around 150 products. In terms of product development, Eurex intends to steadily enhance its existing portfolio in line with market requirements. For instance, the product classes for European equity, dividend, index and commodity derivatives will be further complemented with issues on new underlyings. The diversification that commenced in 2011 in the interest-rate-derivatives product portfolio to other government bonds from Italy and France was continued in a similar manner in index derivatives. Contracts on regional indices for developed markets and country indices of emerging markets were added, with Eurex Frankfurt also focusing increasingly on product collaborations with other derivatives exchanges around the world. The Company currently has business relationships with Korea Exchange (KRX), Taiwan Futures Exchange (TAIFEX), Tel Aviv Stock Exchange (TASE), Wiener Börse AG (WBAG) and Bombay Stock Exchange (BSE), involving product collaborations that have already been realised as well as initiatives still being planned.

Technology

Eurex Frankfurt launched a new trading platform, called T7, for the International Securities Exchange (ISE, 2011) and Eurex-Exchanges (2012). The new derivatives market system was completely developed internally based on the global trading architecture of the companies of Deutsche Börse Group. Moreover, T7 was adapted to the BSE derivatives market and successfully launched there in November 2013. The new trading infrastructure is based on an extremely flexible operating system, an integrated, high-performance messaging architecture, a high-speed communication interface and reliable database systems. This will considerably reduce the time needed to introduce new products and functionality. By converting to the new trading platform, Eurex Frankfurt was able to offer a sector-leading solution to market participants.

Clearing

Another strategic initiative of Eurex Frankfurt is to expand the risk and trade management business of the subsidiaries Eurex Clearing AG. In order for Eurex Clearing AG to be able to expand in the future the market position of one of the leading clearing houses, its effective risk management system will be extended and improved. For instance, the services and functionality implemented in the past, such as Client Asset Protection, the Individual Clearing Model, the portfolio-based risk calculation Prisma, the management of collaterals, default protection instruments and EurexOTC Clear, will each be continually enhanced and phased.

Branches

Eurex Frankfurt has had a registered branch office in Singapore since 14 January 2011 to expand and strengthen its business in the Asia-Pacific region. Besides the marketing of Eurex Frankfurt products and services, the main responsibilities of the former representative office (since July 2009) include, in particular, supporting existing customer relationships as well as expanding collaboration projects and connecting new exchange participants from Asia-Pacific, the Middle East and other emerging markets.

2. Report on the economy

2.1. Macroeconomic and sector-specific conditions

The global economic environment has improved noticeably over the past year, with the uncertainties caused by the financial crisis and the euro debt crisis fading. Europe in particular, but also several emerging markets, still have structural challenges to overcome. The necessary adjustment processes will continue to hamper economic performance, meaning that for the time being, the global economy will remain less dynamic than before the crisis. The euro zone has made progress in overcoming the financial and economic crisis; the state of its economy and finances has improved and the recession in the euro zone has been overcome. Substantial progress has been made in reducing government deficits and regaining competitiveness. At the same time, the situation on the labour markets in many countries continues to be tense and carries risks for the longer-term growth prospects.

The sector-specific market environment was significantly impacted by the low interest rate policies of central banks, the high sovereign debt of some European countries and higher equity prices and indices amid lower market volatility. Indications of this when compared with the previous year include, for example, the reduction in the benchmark interest rate of the European Central Bank (ECB) to 0.25 per cent, the increase in the so-called debt ratio in the euro zone (average public debt in relation to gross domestic product) to more than 90 per cent, a 17 per cent rise in market capitalisation around the world, and an approximately 20 per cent fall in volatility as measured by volatility indices such as the VIX, VSTOXX and VDAX. The rather positive economic signals on equity markets with regard to confidence in the real economy and the liquidity made available by the low interest rate policies were transformed into investments in derivatives to only a limited extent. The emerging macroeconomic recovery was boosted in many places by very expansive monetary policy, but given the high levels of debt that remain in some countries and their banks, the rebound is not yet self-sustaining. In particular, the need for regulatory reform was the main focus of attention for institutional customers, making them more cautious as a result. Trading in financial market derivatives declined or stagnated on most derivatives markets in the euro zone.

2.2. Business development

In 2013, Eurex Frankfurt generated a net profit of €66.6 million, a decline of €19.3 million compared with 2012. The decrease is primarily attributable to lower income from profit transfer agreements. Earnings before tax and income from profit transfer agreements totalled €-8.6 million (previous year: €-10.2 million), which is in line with the prior-year forecast.

The following will now provide details on the development of the trading and clearing volumes of Eurex Frankfurt. Due to the existing agreements and the transfer of sales revenues to Deutsche Börse AG and via Eurex Zürich AG ultimately to Eurex Global Derivatives AG, these volumes do not have a direct impact on the results of operations, financial position and net assets of Eurex Frankfurt.

Against the backdrop of lower investments and trading in European equity and index derivatives, Eurex Frankfurt's business volume was lower in 2013 and therefore weaker than forecast in 2012.

Overall, 2,191.2 million contracts were traded in 2013 on the derivatives markets of Deutsche Börse Group (Eurex and International Securities Exchange Holdings, Inc. (hereafter "ISE")), a decline of 4 per cent versus the previous year (previous year: 2,292.0 million). This represents an average daily volume of around 8.8 million contracts (previous year: 9.0 million). At 1,552.4 million contracts, Eurex trading volumes in European futures and options were 6 per cent lower year-on-year (previous year: 1,660.2 million). The US options traded on the ISE increased by 1 per cent to 638.8 million contracts (previous year: 631.8 million).

European equity index derivatives remained the product group with the highest trading volumes. Compared with the previous year, trading with these derivatives decreased by 16 per cent to 649.7 million (previous year: 770.4 million). The reasons for this sharp decline on the previous year include lower volatility and ongoing caution among investors due to uncertainty about the future of the economy in the euro zone. By far the most heavily traded products remained contracts on the EURO STOXX 50® index (268.5 million futures and 225.1 million options).

In the equity derivatives product group (single stock options and futures), 384.6 million contracts were traded in the period under review (previous year: 413.1 million), a decline of 7 per cent.

Trading volumes in the interest-derivatives product group increased by 8 per cent in 2013 to 509.6 million contracts (previous year: 470.4 million). This growth is due, in part, to the expectations of market participants in the first several months of the reporting year regarding the interest rate policies of central banks around the world. This expectation was confirmed on 8 May 2013 when the European Central Bank lowered the interest rate for the main refinancing operations of the Eurosystem by 25 basis points to 0.5 per cent. In addition, alternatives to German government bonds, such as futures on Italian government bonds and the futures introduced in 2012 on French government bonds, remained successful.

Market participants on the ISE traded 638.8 million contracts in US options in the reporting period (previous year: 631.8 million). In a market environment that remains highly competitive, ISE

stabilised its market share in US equity options at 17.0 per cent (previous year: 17.0 per cent). In August 2013, ISE successfully launched ISE Gemini, its second market place for US options, offering investors more flexible executions and price models. Since its launch in 2013, 32.1 million contracts have been traded via ISE Gemini.

Eurex Repo, the market place for the collateralised money market in Swiss francs and euros as well as for the GC Pooling® offering, reached an average outstanding volume of €222.7 billion in 2013 (previous year: €234.7 billion, both single-counted). Volumes in the euro market rose to €36.5 billion (previous year: €36.1 billion, both single-counted). In contrast, the Swiss franc market suffered under the interest rate policy measures of the Swiss National Bank (SNB) to devalue the franc as well as the SNB's suspension of own-money-market issues (SNB bills). It posted a decline of 39 per cent to €32.3 billion (previous year: €53.2 billion). GC Pooling®, the collateralised money market that Eurex Repo operates jointly with Eurex Clearing AG and Clearstream Banking AG, continued to perform well. Its average outstanding volume rose in 2013 by 6 per cent, reaching the a new record of €153.8 billion (previous year: €145.4 billion, both single-counted).

Eurex Frankfurt AG and Eurex Bonds GmbH, together with institutional market participants, operate the international electronic trading platform for interbank trading of bonds. In 2013 its trading volume declined by 3 per cent to €116.6 billion on a single-counted basis (previous year: €119.7 billion).

2.3. Results of operations, financial position and net assets

2.3.1. Results of operations

The company does not report sales revenues. The connection fees earned by Eurex Frankfurt in 2013 were fully transferred to Deutsche Börse AG, and those generated by Eurex Zürich AG were transferred to Eurex Global Derivatives AG.

Other operating income totalled €133,632 thousand (previous year: €130,801 thousand), which is an increase of 2.1 per cent on the previous year. The increase in 2013 resulted primarily from higher payments (cost plus) to Eurex Frankfurt based on the provisions of the management agreement and the shareholder agreement between Deutsche Börse AG and Eurex Global Derivatives AG.

Other operating expenses amount to €101,810 thousand (previous year: €102,824 thousand). The slight decline in 2013 is primarily the result of lower costs of agency agreements with Deutsche Börse AG at €26,724 thousand (previous year: €40,089 thousand) and for the procurement of price data and index licenses totalling €20,811 thousand (previous year: €23,882 thousand), as well as due to the decrease in general consulting costs of €5,539 thousand (previous year: €9,527 thousand) and non-deductible input tax of €12,441 thousand (previous year: €14,583 thousand). The decline in these expense categories was offset by higher license and

maintenance fees for the T7 trading system in the amount of €20,338 thousand (previous year: €0 thousand), which must be paid to Finnovation S.A. since 2013.

Income from profit transfer agreements fell to €81,632 thousand (previous year: €98,246 thousand). The reason for this decline is the net profit of Eurex Services GmbH in the amount of €69,212 thousand (previous year: €86,754 thousand), which generated lower dividend income compared with the previous year.

As the profit-participation capital participated in the losses of Eurex Frankfurt in previous years, the reported net profit of €66,670 thousand in the period under review was applied to the profit-participation capital. Thereafter, as of 31 December 2013 the Company's unappropriated surplus is zero.

2.3.2. Financial position

Eurex Frankfurt's equity totals €1,050,920 thousand (previous year: €984,250 thousand) and is comprised of the subscribed capital in the amount of €6,000 thousand (previous year: €6,000 thousand), the capital reserves of €7,158 thousand (previous year: €7,158 thousand) and the profit-participation capital in the amount of €1,037,762 thousand (previous year: €971,092 thousand).

This compares to non-current assets totalling €1,432,061 thousand (previous year: €1,322,388 thousand), most of which is attributable to shares in affiliated companies. The coverage ratio of non-current assets by equity is 73 per cent (previous year: 74 per cent).

Eurex Frankfurt is included in the cash pooling of Deutsche Börse AG.

Eurex Frankfurt's current assets in the reporting period amount to €416,878 thousand (previous year: €395,796 thousand), consisting, among other items, of current account balances at banks totalling €2,361 thousand (previous year: €1,343 thousand) and receivables from cash pooling in the amount of €233,100 thousand (previous year: €273,900 thousand). These assets stand in contrast to liabilities in connection with a loan from Eurex Services GmbH in the amount of €503,000 thousand (previous year: €503,000 thousand) and liabilities from cash pooling totalling €147,100 thousand (previous year: €177,200 thousand).

Cash inflows result from regular payments associated with the current management agreement. In addition, for refinancing purposes the Company has a credit line with Deutsche Börse AG in the amount of €50,000 thousand.

In 2013, cash and cash equivalents (defined as current account balances at banks, receivables from cash pooling minus liabilities from cash pooling) amount to €88,361 thousand (previous year: €98,043 thousand).

In 2013 the Cash flow from operating activities amounting €100,354 thousand (previous year: €73,290 thousand). The rise of €38,306 thousand due to the increase in liabilities to affiliated companies, and it was driven by higher liabilities from trade accounts payable with related parties (€26,168 thousand) and from the higher compared with the previous year amount of interest not paid (€12,138 thousand). In addition, the provisions for a total of €6,037 thousand increased, mainly due to the increase in tax provisions. The net income developed in the opposite direction reducing with an amount of €19,622 thousand.

Working capital (defined as current assets less cash and less current provisions and liabilities) is €-379,900 thousand (previous year: €-335,164 thousand).

The Company's business situation is therefore sound. Eurex Frankfurt was able to fulfil its payment obligations at all times during financial year 2013.

2.3.3. Net assets

Eurex Frankfurt's non-current assets total €1,432,061 thousand (previous year: €1,322,388 thousand). They consist primarily of shares in affiliated companies. There is only a limited amount of intangible assets and property, plant and equipment in the Company. This is in particular due to the fact that Deutsche Börse AG and Eurex Global Derivatives AG have supplied the necessary software to operate the derivatives market to Eurex Frankfurt on a free-of-charge basis, and Eurex Frankfurt has been using the T7 trading system since 2013 based on a license agreements from Finnovation S.A. All other operating resources necessary to manage the derivatives market are provided by Deutsche Börse AG.

Current assets total €416,878 thousand (previous year: €395,796 thousand). The increase is mostly attributable to receivables from affiliated companies in the amount of €407,991 thousand (previous year: €381,469 thousand). In addition, receivables from profit transfer agreements total €81,632 thousand (previous year: €98,246 thousand), with receivables from cash pooling amounting to €233,100 thousand (previous year: €273,900 thousand).

At the end of the financial year, Eurex Frankfurt's equity was €1,050,920 thousand (previous year: €984,250 thousand). €66,670 thousand was applied to the profit-participation capital, which is reported as equity (2013: €1,037,762 thousand, previous year: €971,092 thousand). The equity ratio of Eurex Frankfurt is 56.0 per cent (previous year: 57.3 per cent).

Trade payables declined to €1,184 thousand (previous year: €2,067 thousand), while liabilities to affiliated companies increased to €751,917 thousand (previous year: €692,461 thousand), consisting mainly of a loan of €503,000 thousand received from Eurex Services GmbH in 2011 and trust liabilities. In addition, liabilities from cash pooling decreased to €147,100 thousand (previous year: €177,200 thousand).

2.4. Financial and non-financial performance indicators

2.4.1. Financial performance indicators

The result from ordinary business activity in the reporting period is €73,408 thousand (previous year: €88,949 thousand). Tax expenses attributable to this profit total €6,738 thousand (previous year: €2,658 thousand), resulting in a net profit for the year of €66,670 thousand (previous year: €86,292 thousand), which was applied to the profit-participation capital.

Eurex Frankfurt considers net profit before depreciation and contributions from profit transfer agreements to be a significant financial performance indicator.

In addition, operating expenses are a significant measurement for the commercial performance of the Company because when Deutsche Börse AG and Eurex Global Derivatives AG absorb the costs from Eurex Frankfurt, the profit surcharge calculated thereon is based on operating expenses.

2.4.2. Non-financial performance indicators

In addition, in light of the Company's business as an operator of an exchange, trading volumes are classified as performance indicators. It must be mentioned in this regard that based on the management agreement, trading volumes do not have a direct impact on the net profit of Eurex Frankfurt.

3. Report on post balance-sheet date events

No significant events occurred after the balance sheet date.

4. Report on expected developments, opportunities and risks

4.1. Report on expected developments

The report on expected developments describes the expected development of Eurex Frankfurt's business in 2014. It contains statements and information on events in the future. These forward-looking statements and information are based on the Company's expectations and assumptions at the time of publication of this report on expected developments.

In the past, Eurex Frankfurt observed various factors with a significant impact on investments in derivatives that could also apply for the upcoming financial year.

- Since the financial crisis of 2008, Eurex Frankfurt has seen less risk capital and trading activity in the market by trading institutions.
- The uncertainties impacting the euro zone with respect to the single currency as well as in terms of the economy and creditworthiness of some of its individual members have led to reduced investments in products that directly cover the euro zone.
- The trend towards declining credit ratings on the government bonds of individual European countries has led to lower demand for derivatives products on German government bonds. This occurred because German bonds could no longer serve as a benchmark for European government bonds due to the interest rate divergences that appeared.
- Overall, the ongoing expectation that interest rates will remain low, particularly in the second half of 2013, meant that few investments were made in derivatives on government bonds.
- Regulatory measures as a response to the financial crisis came at the expense of trading volumes. For example, the legislation on the ban of short selling and the German Act on the Prevention of hazards and abuses in high-frequency trading (HFT Act) have affected trading participant who perform their business models to the order book a high degree of liquidity and correspond to the detection range of the high-frequency trading.
- Other legislative initiatives in Europe and the USA on mandatory reporting and the collateralisation of over-the-counter transactions, which binds liquidity, have resulted in additional expenses and a need for trading participants to adjust (EMIR, Dodd-Frank Act).

Eurex Frankfurt expects that if the euro zone economy continues to recover and organic growth initiatives lead to positive impulses, trading volume will be slightly higher in 2014 compared with 2013. Accordingly, Eurex Frankfurt anticipates that sales revenues before transfer will likewise be slightly higher, with growth in the single-digit range. The planned operating expenses before transfer in 2014 are slightly below the actual operating expenses in 2013. Based on the current management agreements, Eurex Frankfurt therefore expects its net profit before depreciation, loss transfers and/or income from profit transfer agreements will be slightly lower overall in 2014 (following cost transfers and cost plus) compared with 2013. Fundamentally, the Company anticipates that despite the likelihood of stronger competition, there will be a structurally positive trend in global derivatives markets, with Eurex Frankfurt playing an active role within the context of its business model.

4.2. Report on opportunities

The many regulatory requirements lead to an increased need for financing among market participants, which can result in a short-term reduction in trading volumes. The factors influencing trading activity – the external growth driver – on the market places of Eurex Frankfurt during 2014 are numerous and difficult to estimate with precision.

But even against the backdrop of the effects of regulatory measures, Eurex Frankfurt also continues to anticipate, particularly in light of the global economic recovery and the stabilisation in the euro zone, that the structural growth drivers in the derivatives market will be intact and have a positive effect in the long term. These growth drivers include:

- Due to the high importance of clearing as a result of regulatory requirements, more and more OTC transactions are shifting to Eurex Clearing AG for settlement in order to eliminate counterparty risk and achieve capital-efficient collateral management through centralised clearing.
- There is increasing investor interest in Eurex Frankfurt's expanded product portfolio beyond German bond products and index derivatives outside of the euro zone.
- There is growing demand from investors and trading houses from areas outside Europe such as Asia for Eurex products from their respective home regions and in the European time zone.
- ISE will strengthen its competitive position in the US options market by operating ISE Gemini, its second marketplace.

Eurex Frankfurt also expects fundamentally positive impulses on its operational business for the 2014 forecast period from the wide variety of measures it is undertaking to expand the trading network, strengthen the customer base in terms of numbers and geographic availability, grow the number of tradable products and product classes, boost the appeal of the price model and further increase the products and services in clearing.

4.3. Risk report

Risk management system and methods

Eurex Frankfurt is integrated into the Group-wide risk management system of Deutsche Börse AG. Deutsche Börse Group has established a Group-wide risk management system which defines roles, processes and responsibilities and is binding for all of the Group's staff.

The risk management system ensures that all management committees of Deutsche Börse Group are able to promptly monitor the risk profile of the Group as a whole or of individual legal entities, such as Eurex Frankfurt, as well as specific material risks. The aim is to ensure the timely identification of developments that could threaten the Group's or Eurex Frankfurt's interests and to take appropriate countermeasures.

Eurex Frankfurt takes great care to mitigate risk and ensures that appropriate measures are taken to avoid, reduce and transfer – or intentionally take on – risk. The aim is to make use of suitable safeguards and control measures such as guidelines and procedures, the segregation of functions, the principle of dual control, limit restrictions and also business continuity management to reduce probability the frequency and level of potential losses from the corresponding risk cases for Eurex Frankfurt. In addition, potential operational losses are limited further via an insurance portfolio.

The Executive Board of Eurex Frankfurt is responsible for the Company's risk management system. The decentralised departments identify risks and report these promptly to the Risk Management function, which assesses all existing and new risks. The execution of risk control measures is the responsibility of the competent decentralised departments.

Eurex Frankfurt uses a standardised approach – value at risk (VaR) – for measuring and reporting all risks. The aim of this concept is to create a comprehensive overview of general risk tolerance and to facilitate the prioritisation of risk measures.

The main risk management tool that Eurex Frankfurt uses is the risk-bearing capacity concept. Using VaR, the required economic capital (EC) for the entire Eurex segment (to which Eurex Frankfurt belongs) is determined. The Company calculates its EC at a confidence level of 99.98 per cent and compares it to its risk-bearing capacity in order to be able to cover financially even extreme events in the next twelve months.

Independent audits by the Internal Auditing function ensure that the risk control and risk management functions are appropriate. The results of these audits also feed into the risk management system.

Risk profile

Eurex Frankfurt allocates risks into the categories operational risks, financial risks and business risks. Financial risks, however, are immaterial for Eurex Frankfurt.

Operational risks

The material risks for Eurex Frankfurt are operational risks. Operational risks comprise potential losses from inadequate or faulty systems and internal processes, from human or technical failure and from damage to tangible assets as well as from legal and business practice risks. Personnel risks are not directly quantified, but rather flow indirectly into the quantification via the business risk categories.

For Eurex Frankfurt, specific operational risks comprise a threat to the availability of the system infrastructure deployed and processing errors in manual processing operations. This availability risk is specifically addressed by means of comprehensive activities in the field of business continuity management (BCM). The BCM system encompasses all of the processes which ensure that business continues as normal if a crisis occurs and therefore substantially reduces availability risk. It covers arrangements for all key resources (systems, premises, employees, suppliers/service providers), including the redundant design of all critical IT systems and the technical infrastructure, as well as backup workstations in each of the main operational centres for employees in critical functions. These precautionary BCM measures are regularly reviewed.

However, if trading is interrupted or other operational errors do occur, this may result in loss of income, claims for damages and additional costs for rectifying the problem. If outages last for a long period of time or if they recur frequently, there may also be reputational losses which, in the final consequence, might also result in participants taking their custom elsewhere and in volumes declining (business risk).

No notable operational losses were incurred during the year under review and there are no indications of events from 2013 which would point towards significant operational losses in the future.

Business risk

Business risk reflects the fact that Eurex Frankfurt is dependent on overall economic trends and is also influenced by other external events, such as changes in the competitive environment and the implementation of regulatory initiatives. It therefore expresses the environmental and sector risks of Eurex Frankfurt. In addition, it includes corporate strategic risk, i.e. the influence of risk on the corporate strategy and its potential adjustment. These business risks are presented as actual-to-plan comparisons of EBIT and are constantly monitored by the corporate divisions. Business risks can, for instance, cause sales revenue to be lower than plan or costs to be higher. They include, for example, the risk that American competitors, such as the derivatives exchanges CME, increase their presence in the European exchange-traded and OTC trading market. Should one of these risks or uncertainties materialise or any of the underlying assumptions prove to be incorrect, the actual performance of the Company may differ positively or negatively from the expectations and assumptions contained in the forward-looking statements and information in this report on expected developments.

The entry of new competitors into the European trading market could cause increased competitive pressure. As a result, trading volumes could migrate to competitors, reducing income from the trading business. Furthermore, income from the trading business might decline due to lower trading activity by customers.

Eurex Frankfurt sees further risks for its business in plans for legislation in respect of the tax treatment of securities transactions on a national and EU level as part of the planned introduction of a financial transaction tax. Following the introduction of a financial transaction tax, Eurex might expect the number of transactions to fall and income to be lower on account of higher trading costs per transaction for participants and the possible transfer of trading activities out of the area in which the tax would apply. However, as the political decision-making process has not yet been completed, the indirect consequences for Eurex Frankfurt cannot be quantified at present. Eurex Frankfurt will continue to contribute to the discussion at all levels. No material losses from business risk were incurred in the year under review.

Eurex Frankfurt is also exposed to the risk that an unsatisfactory business performance at ISE may contribute to a decline or the elimination of dividend income from Eurex Services GmbH or to unplanned write-downs on shares in affiliated companies. Both effects could have a significant adverse impact on the earnings of Eurex Frankfurt.

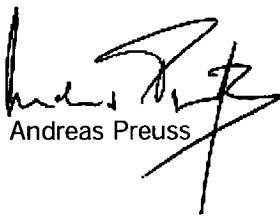

5. Concluding statement in accordance with section 312 AktG

In accordance with section 312 of the German Stock Corporation Act (AktG), a report was prepared regarding the relationships to affiliated companies. Our report finishes with the following declaration:

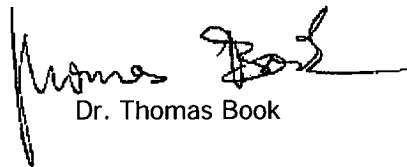

"For every transaction with affiliated companies, our Company received compensation that was reasonable based on the conditions that were known at the time the transactions were undertaken. Other actions were neither taken nor omitted."

General Engagement Terms

for
Wirtschaftsprüfer and Wirtschaftsprüfungsgesellschaften
[German Public Auditors and Public Audit Firms]
as of January 1, 2002

This is an English translation of the German text, which is the sole authoritative version

1. Scope

(1) These engagement terms are applicable to contracts between Wirtschaftsprüfer [German Public Auditors] or Wirtschaftsprüfungsgesellschaften [German Public Audit Firms] (hereinafter collectively referred to as the "Wirtschaftsprüfer") and their clients for audits, consulting and other engagements to the extent that something else has not been expressly agreed to in writing or is not compulsory due to legal requirements.

(2) If, in an individual case, as an exception contractual relations have also been established between the Wirtschaftsprüfer and persons other than the client, the provisions of No. 9 below also apply to such third parties.

2. Scope and performance of the engagement

(1) Subject of the Wirtschaftsprüfer's engagement is the performance of agreed services – not a particular economic result. The engagement is performed in accordance with the Grundsätze ordnungsmäßiger Berufsausübung [Standards of Proper Professional Conduct]. The Wirtschaftsprüfer is entitled to use qualified persons to conduct the engagement.

(2) The application of foreign law requires – except for financial attestation engagements – an express written agreement.

(3) The engagement does not extend – to the extent it is not directed thereto – to an examination of the issue of whether the requirements of tax law or special regulations, such as, for example, laws on price controls, laws limiting competition and Bewirtschaftungsrecht [laws controlling certain aspects of specific business operations] were observed; the same applies to the determination as to whether subsidies, allowances or other benefits may be claimed. The performance of an engagement encompasses auditing procedures aimed at the detection of the defalcation of books and records and other irregularities only if during the conduct of audits grounds therefor arise or if this has been expressly agreed to in writing.

(4) If the legal position changes subsequent to the issuance of the final professional statement, the Wirtschaftsprüfer is not obliged to inform the client of changes or any consequences resulting therefrom.

3. The client's duty to inform

(1) The client must ensure that the Wirtschaftsprüfer – even without his special request – is provided, on a timely basis, with all supporting documents and records required for and is informed of all events and circumstances which may be significant to the performance of the engagement. This also applies to those supporting documents and records, events and circumstances which first become known during the Wirtschaftsprüfer's work.

(2) Upon the Wirtschaftsprüfer's request, the client must confirm in a written statement drafted by the Wirtschaftsprüfer that the supporting documents and records and the information and explanations provided are complete.

4. Ensuring independence

The client guarantees to refrain from everything which may endanger the independence of the Wirtschaftsprüfer's staff. This particularly applies to offers of employment and offers to undertake engagements on one's own account.

5. Reporting and verbal information

If the Wirtschaftsprüfer is required to present the results of his work in writing, only that written presentation is authoritative. For audit engagements the long-form report should be submitted in writing to the extent that nothing else has been agreed to. Verbal statements and information provided by the Wirtschaftsprüfer's staff beyond the engagement agreed to are never binding.

6. Protection of the Wirtschaftsprüfer's intellectual property

The client guarantees that expert opinions, organizational charts, drafts, sketches, schedules and calculations – especially quantity and cost computations – prepared by the Wirtschaftsprüfer within the scope of the engagement will be used only for his own purposes.

7. Transmission of the Wirtschaftsprüfer's professional statement

(1) The transmission of a Wirtschaftsprüfer's professional statements (long-form reports, expert opinions and the like) to a third party requires the Wirtschaftsprüfer's written consent to the extent that the permission to transmit to a certain third party does not result from the engagement terms.

The Wirtschaftsprüfer is liable (within the limits of No. 9) towards third parties only if the prerequisites of the first sentence are given.

(2) The use of the Wirtschaftsprüfer's professional statements for promotional purposes is not permitted; an infringement entitles the Wirtschaftsprüfer to immediately cancel all engagements not yet conducted for the client.

8. Correction of deficiencies

(1) Where there are deficiencies, the client is entitled to subsequent fulfillment [of the contract]. The client may demand a reduction in fees or the cancellation of the contract only for the failure to subsequently fulfill [the contract]; if the engagement was awarded by a person carrying on a commercial business as part of that commercial business, a government-owned legal person under public law or a special government-owned fund under public law, the client may demand the cancellation of the contract only if the services rendered are of no interest to him due to the failure to subsequently fulfill [the contract]. No. 9 applies to the extent that claims for damages exist beyond this.

(2) The client must assert his claim for the correction of deficiencies in writing without delay. Claims pursuant to the first paragraph not arising from an intentional tort cease to be enforceable one year after the commencement of the statutory time limit for enforcement.

(3) Obvious deficiencies, such as typing and arithmetical errors and formelle Mängel [deficiencies associated with technicalities] contained in a Wirtschaftsprüfer's professional statements (long-form reports, expert opinions and the like) may be corrected – and also be applicable versus third parties – by the Wirtschaftsprüfer at any time. Errors which may call into question the conclusions contained in the Wirtschaftsprüfer's professional statements entitle the Wirtschaftsprüfer to withdraw – also versus third parties – such statements. In the cases noted the Wirtschaftsprüfer should first hear the client, if possible.

9. Liability

(1) The liability limitation of § ["Article"] 323 (2) ["paragraph 2"] HGB ["Handelsgesetzbuch": German Commercial Code] applies to statutory audits required by law.

(2) Liability for negligence; An individual case of damages

If neither No. 1 is applicable nor a regulation exists in an individual case, pursuant to § 54a (1) no. 2 WPO ["Wirtschaftsprüferordnung": Law regulating the Profession of Wirtschaftsprüfer] the liability of the Wirtschaftsprüfer for claims of compensatory damages of any kind – except for damages resulting from injury to life, body or health – for an individual case of damages resulting from negligence is limited to € 4 million; this also applies if liability to a person other than the client should be established. An individual case of damages also exists in relation to a uniform damage arising from a number of breaches of duty. The individual case of damages encompasses all consequences from a breach of duty without taking into account whether the damages occurred in one year or in a number of successive years. In this case multiple acts or omissions of acts based on a similar source of error or on a source of error of an equivalent nature are deemed to be a uniform breach of duty if the matters in question are legally or economically connected to one another. In this event the claim against the Wirtschaftsprüfer is limited to € 5 million. The limitation to the fivefold of the minimum amount insured does not apply to compulsory audits required by law.

(3) Preclusive deadlines

A compensatory damages claim may only be lodged within a preclusive deadline of one year of the rightful claimant having become aware of the damage and of the event giving rise to the claim – at the very latest, however, within 5 years subsequent to the event giving rise to the claim. The claim expires if legal action is not taken within a six month deadline subsequent to the written refusal of acceptance of the indemnity and the client was informed of this consequence.

The right to assert the bar of the preclusive deadline remains unaffected. Sentences 1 to 3 also apply to legally required audits with statutory liability limits.

10. Supplementary provisions for audit engagements

(1) A subsequent amendment or abridgement of the financial statements or management report audited by a Wirtschaftsprüfer and accompanied by an auditor's report requires the written consent of the Wirtschaftsprüfer even if these documents are not published. If the Wirtschaftsprüfer has not issued an auditor's report, a reference to the audit conducted by the Wirtschaftsprüfer in the management report or elsewhere specified for the general public is permitted only with the Wirtschaftsprüfer's written consent and using the wording authorized by him.

(2) If the Wirtschaftsprüfer revokes the auditor's report, it may no longer be used. If the client has already made use of the auditor's report, he must announce its revocation upon the Wirtschaftsprüfer's request.

(3) The client has a right to 5 copies of the long-form report. Additional copies will be charged for separately.

11. Supplementary provisions for assistance with tax matters

(1) When advising on an individual tax issue as well as when furnishing continuous tax advice, the Wirtschaftsprüfer is entitled to assume that the facts provided by the client – especially numerical disclosures – are correct and complete; this also applies to bookkeeping engagements. Nevertheless, he is obliged to inform the client of any errors he has discovered.

(2) The tax consulting engagement does not encompass procedures required to meet deadlines, unless the Wirtschaftsprüfer has explicitly accepted the engagement for this. In this event the client must provide the Wirtschaftsprüfer, on a timely basis, all supporting documents and records – especially tax assessments – material to meeting the deadlines, so that the Wirtschaftsprüfer has an appropriate time period available to work therewith.

(3) In the absence of other written agreements, continuous tax advice encompasses the following work during the contract period:

- a) preparation of annual tax returns for income tax, corporation tax and business tax, as well as net worth tax returns on the basis of the annual financial statements and other schedules and evidence required for tax purposes to be submitted by the client
- b) examination of tax assessments in relation to the taxes mentioned in (a)
- c) negotiations with tax authorities in connection with the returns and assessments mentioned in (a) and (b)
- d) participation in tax audits and evaluation of the results of tax audits with respect to the taxes mentioned in (a)
- e) participation in Einspruchs- und Beschwerdeverfahren [appeals and complaint procedures] with respect to the taxes mentioned in (a).

In the afore-mentioned work the Wirtschaftsprüfer takes material published legal decisions and administrative interpretations into account.

(4) If the Wirtschaftsprüfer receives a fixed fee for continuous tax advice, in the absence of other written agreements the work mentioned under paragraph 3 (d) and (e) will be charged separately.

(5) Services with respect to special individual issues for income tax, corporate tax, business tax, valuation procedures for property and net worth taxation, and net worth tax as well as all issues in relation to sales tax, wages tax, other taxes and dues require a special engagement. This also applies to:

- a) the treatment of nonrecurring tax matters, e. g. in the field of estate tax, capital transactions tax, real estate acquisition tax
- b) participation and representation in proceedings before tax and administrative courts and in criminal proceedings with respect to taxes, and
- c) the granting of advice and work with respect to expert opinions in connection with conversions of legal form, mergers, capital increases and reductions, financial reorganizations, admission and retirement of partners or shareholders, sale of a business, liquidations and the like.

(6) To the extent that the annual sales tax return is accepted as additional work, this does not include the review of any special accounting prerequisites nor of the issue as to whether all potential legal sales tax reductions have been claimed. No guarantee is assumed for the completeness of the supporting documents and records to validate the deduction of the input tax credit.

12. Confidentiality towards third parties and data security

(1) Pursuant to the law the Wirtschaftsprüfer is obliged to treat all facts that he comes to know in connection with his work as confidential, irrespective of whether these concern the client himself or his business associations, unless the client releases him from this obligation.

(2) The Wirtschaftsprüfer may only release long-form reports, expert opinions and other written statements on the results of his work to third parties with the consent of his client.

(3) The Wirtschaftsprüfer is entitled – within the purposes stipulated by the client – to process personal data entrusted to him or allow them to be processed by third parties.

13. Default of acceptance and lack of cooperation on the part of the client

If the client defaults in accepting the services offered by the Wirtschaftsprüfer or if the client does not provide the assistance incumbent on him pursuant to No. 3 or otherwise, the Wirtschaftsprüfer is entitled to cancel the contract immediately. The Wirtschaftsprüfer's right to compensation for additional expenses as well as for damages caused by the default or the lack of assistance is not affected, even if the Wirtschaftsprüfer does not exercise his right to cancel.

14. Remuneration

(1) In addition to his claims for fees or remuneration, the Wirtschaftsprüfer is entitled to reimbursement of his outlays: sales tax will be billed separately. He may claim appropriate advances for remuneration and reimbursement of outlays and make the rendering of his services dependent upon the complete satisfaction of his claims. Multiple clients awarding engagements are jointly and severally liable.

(2) Any set off against the Wirtschaftsprüfer's claims for remuneration and reimbursement of outlays is permitted only for undisputed claims or claims determined to be legally valid.

15. Retention and return of supporting documentation and records

(1) The Wirtschaftsprüfer retains, for ten years, the supporting documents and records in connection with the completion of the engagement – that had been provided to him and that he has prepared himself – as well as the correspondence with respect to the engagement.

(2) After the settlement of his claims arising from the engagement, the Wirtschaftsprüfer, upon the request of the client, must return all supporting documents and records obtained from him or for him by reason of his work on the engagement. This does not, however, apply to correspondence exchanged between the Wirtschaftsprüfer and his client and to any documents of which the client already has the original or a copy. The Wirtschaftsprüfer may prepare and retain copies or photocopies of supporting documents and records which he returns to the client.

16. Applicable law

Only German law applies to the engagement, its conduct and any claims arising therefrom.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

(1) Organization and Description of Business

Topaz Exchange, LLC (Topaz or the Company) is a wholly owned subsidiary of International Securities Exchange Holdings, Inc. (ISE Holdings or the Parent). ISE Holdings is the sole member of the Company and its liability is limited to the balance of its capital account. ISE Holdings is a subsidiary of Eurex Frankfurt AG (Eurex) which is wholly owned by Deutsche Börse AG (Deutsche Börse).

The Company is a fully electronic exchange for equity and index options and related services utilizing a market structure which combines the efficiencies of electronic trading with auction market principles. Topaz received regulatory approval to become a national securities exchange on July 31, 2013 (establishment date) and, on August 5, 2013, formally commenced trading. Topaz is regulated by the U.S. Securities and Exchange Commission (SEC).

(2) Basis of Presentation and Significant Accounting Policies

(a) *Basis of Presentation*

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America and in the opinion of management reflect all adjustments, consisting of only normal recurring adjustments, necessary for a fair statement of financial condition, income, and cash flows for the period presented.

(b) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(c) *Revenue Recognition and Cost of Revenue*

Transaction fees are earned based on contracts executed on the Company's exchange and are recorded as transactions occur on a trade-date basis. Revenues from transactions are recorded on a gross basis in transaction revenues with related rebates recorded as cost of revenues.

Market data revenues are earned from the sale of the Company's trade and quote information through the Options Price Reporting Authority, LLC (OPRA). The Company earns a portion of OPRA's net income based on its pro rata share of industry trade volume. OPRA revenue is recorded as transactions occur on a trade-date basis.

Member fees are comprised of regulatory fees which are predominately charged on a trade-date basis.

Transaction rebates are paid on certain option trades to incentivize market participants to send options order flow to the exchange. These transaction rebates are recorded on a trade-date basis.

TOPAZ EXCHANGE, LLC

Notes to Financial Statements

December 31, 2013

Activity remittance fees are paid to the SEC pursuant to Section 31 of the Exchange Act. These fees are designed to recover costs to the government for the supervision and regulation of securities markets and securities professionals. This expense is wholly offset by activity assessment fees charged by the Company to exchange members which is included in transaction fees. These fees are recorded on a settlement-date basis.

License fees are paid to providers of index options products based upon the number of contracts executed on our exchange. This expense is offset by surcharges charged by the Company to exchange members for trading these products, which is included in transaction fees. These fees are recorded on a trade-date basis.

(d) *Cash and Cash Equivalents*

The Company considers investments in money market funds and all highly liquid investments with an original maturity of 90 days or less at the time of purchase as cash equivalents. Cash equivalents are carried at cost, which approximates fair value.

(e) *Accounts Receivable, Net*

Accounts receivable are stated at face value, net of allowance for any doubtful account. An estimate for doubtful accounts, based on the Company's bad debt experience and specific circumstances of the debtor, is made when collection of the full amount is no longer probable.

(f) *Income Taxes*

The Company is a single-member limited liability company. It has not elected to be treated as a corporation for tax purposes. Its tax status is therefore considered to be that of a disregarded entity, and as such, the results of the Company's operations are included in ISE Holdings' U.S. federal, state, and local income tax returns.

The Company records income taxes in accordance with ASC 740, *Income Taxes*, on a separate-company basis, pursuant to which it is required to recognize deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the financial statement carrying amounts and tax bases of its assets and liabilities. A valuation allowance is established for any portion of its deferred tax asset for which a tax benefit is not expected to be realized.

The Company applies the provisions of ASC 740 which requires management to determine whether a tax position is more likely than not to be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. Once it is determined that a position meets this recognition threshold, the position is measured to determine the amount of benefit to be recognized in the financial statements. The Company recognizes interest and penalties, if applicable, related to uncertain tax positions as a component of provision for income taxes in the accompanying statement of income.

This membership asset is amortized using the straight-line method over twenty years based on expected useful economic life as determined by management.

(h) Impairment of Intangible Assets

On a periodic basis, the Company performs a review for the impairment of intangible assets when events or changes in circumstances indicate that the estimated undiscounted future cash flows expected to be generated by the assets are less than their carrying amounts or when other events occur which may indicate that the carrying amount of an asset may not be recoverable.

(i) Other Assets

Notes to Financial Statements

December 31, 2013 and 2012

1. Business Organization

Hanweck Associates, LLC (“Hanweck” or the “Company”) is a Limited Liability Company, formed on November 25, 2003. The Company’s Limited Liability Company Operating Agreement (“LLC Agreement”) was amended and restated on February 2, 2010. The Company has a perpetual existence unless a dissolution event occurs pursuant to its LLC Agreement. Hanweck is an established leader in high-performance financial computing and a premier financial services provider, specializing in risk management solutions for top-tier hedge funds, banks, broker/dealers and other financial institutions.

2. Summary of Significant Accounting Policies

Basis of presentation – The Company’s financial statements are prepared on the accrual basis of accounting, whereas the tax returns are prepared on the cash basis of accounting.

Revenue recognition – The Company has various consulting, data subscription, and license agreements and recognizes income as earned in accordance with the agreements.

Allowance for doubtful accounts – Bad debts are provided for under the allowance method based upon analyses of open accounts and their expected collectability. As of December 31, 2013 and 2012, an allowance for doubtful accounts was not deemed necessary.

Property and equipment – Property and equipment are stated at cost and depreciated on a straight-line basis over their estimated useful lives. Repairs and maintenance are charged to expense as incurred. Property and equipment consists of computer equipment which is depreciated over an estimated life of 3 years and furniture and equipment which is depreciated over an estimated life of 7 years. Leasehold improvements are amortized over 7 years.

Capital lease obligations – The Company is the lessee of computer equipment under capital leases expiring in 2017. The assets and liabilities under capital leases are recorded at the lower of the present value of the minimum lease payments or the fair value of the asset. The assets are depreciated over the lower of their related lease terms or their estimated lives. Depreciation of assets under capital leases is included in depreciation expense for the year ended December 31, 2013.

Use of estimates in the financial statements – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies *(continued)*

Sales tax – Sales tax is assessed by a governmental authority on the purchase of goods and services. The Company collects sales tax for New York. Current practice is that sales tax is reported on a net basis in the statement of operations and changes in members' equity (deficit).

Cash and cash equivalents – The Company considers cash and cash equivalents to include all cash and short-term, highly liquid investments that are readily convertible to known amounts of cash and have original maturities of three months or less and are stated at cost, which approximates fair value.

Fair value disclosures – The carrying amounts of cash, accounts receivable, accounts payable and loans payable approximate fair value because of the short-term nature of these accounts.

Income taxes – The Company is a limited liability company treated as a partnership under the applicable provisions of the Internal Revenue Code and local jurisdictions. Therefore, the Company is not subject to income taxes, and any net income or loss as determined for income tax purposes is allocated to the members based on the provisions of the LLC Agreement. The Company is subject to New York City Unincorporated Business Tax ("NYCUBT"). The Company accounts for NYCUBT utilizing the asset and liability approach. Deferred taxes represent the future tax consequences expected to occur when the reported amounts of assets and liabilities are recovered or paid. The provision for income taxes generally represents income taxes paid or payable for the current year plus the change in deferred taxes during the year. Deferred taxes result from the differences between the financial and tax bases of the Firm's assets and liabilities and are adjusted for changes in tax rates and tax laws when changes are enacted. However, the Company estimates a loss for income tax purposes; therefore, no provision has been recorded for the years ended December 31, 2013 and 2012, in the accompanying statements of operations and members' equity (deficit).

Uncertain tax positions – The Company adopted the provisions of accounting for uncertain income taxes positions. As a result of the implementation, the Company was not required to recognize any amounts from uncertain tax positions. The Company's conclusions regarding uncertain tax positions may be subject to review and adjustment at a later date based upon ongoing analyses of tax laws, regulations and interpretations thereof, as well as other factors. Generally, federal, state and local authorities may examine the Company's tax returns for three years from the date of filing; consequently, the respective tax returns for years prior to 2010 are no longer subject to examination by tax authorities.

HANWECK ASSOCIATES, LLC

Notes to Financial Statements

December 31, 2013 and 2012

9. Income Taxes

Deferred tax assets and liabilities arising from New York City unincorporated business taxes are as follows at December 31,:

	<u>2013</u>	<u>2012</u>
Deferred tax assets (liabilities):		
Accounts receivable	\$ (13,000)	\$ (10,000)
Net operating loss carryforwards	98,000	80,000
Accounts payable	20,000	18,000
Property, plant and equipment	(9,000)	(8,000)
Valuation allowance	(96,000)	(80,000)
Net deferred tax asset (liability)	<u>\$ -</u>	<u>\$ -</u>

The deferred tax assets and liabilities result from: (1) accounts receivable that are not recognized for tax purposes until the cash is received, (2) available net operating loss carryforwards for unincorporated business tax, (3) accounts payable that are not deducted for tax purposes until the amounts are paid, and (4) the use of accelerated methods of depreciation of property and equipment.

At December 31, 2013 and 2012, the Company had approximately \$2,445,000 and \$1,995,000, respectively of net operating loss carryforwards available to offset future taxable income, expiring through 2033 and 2032. In assessing the reliability of deferred tax assets, the Company considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized.

The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income. Based on the Company's projected operating income, management believes it is not likely that the Company will realize some of the benefits of this deferred tax asset and, accordingly, valuation allowances of approximately \$96,000 and \$80,000 have been recorded against the net deferred tax asset as of December 31, 2013 and 2012, respectively.

10. Subsequent Events

Management has evaluated events and transactions occurring after the date of the balance sheet and through the date of the independent auditors' report to determine whether any of these events or transactions was required to be recognized or disclosed in the financial statements. The date of the independent auditors' report is the date that the financial statements were available to be issued.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Notes to Financial Statements

December 31, 2013

(1) Organization and Description of Business

International Securities Exchange, LLC (ISE or the Company) is a wholly owned subsidiary of International Securities Exchange Holdings, Inc. (ISE Holdings or the Parent). ISE Holdings is the sole member of the Company and its liability is limited to the balance of its capital account.

The Company is a fully electronic exchange for equity and index options and related services utilizing a market structure which combines the efficiencies of electronic trading with auction market principles. ISE was founded in September 1997. In February 2000, it received regulatory approval to become a national securities exchange and, in May 2000, formally commenced trading. ISE is regulated by the U.S. Securities and Exchange Commission (SEC).

Effective December 2007, Eurex Frankfurt AG (Eurex) completed a merger whereby it purchased all the outstanding common stock of ISE Holdings, Inc. (the Parent). Eurex is a wholly owned subsidiary of Deutsche Börse AG (Deutsche Börse). The Company is regulated by the SEC as a registered national securities exchange and operates as a subsidiary of Eurex.

(2) Basis of Presentation and Significant Accounting Policies

(a) *Basis of Presentation*

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America and in the opinion of management reflect all adjustments, consisting of only normal recurring adjustments, necessary for a fair statement of financial condition, income, and cash flows for the period presented.

(b) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(c) *Revenue Recognition*

Transaction fees are earned based on contracts executed on the Company's exchange and are recorded as transactions occur on a trade-date basis. Revenues from transactions are recorded on a gross basis in transaction revenues with related rebates recorded as cost of revenues.

Market data revenues are earned from the sale of the Company's trade and quote information through the Options Price Reporting Authority, LLC (OPRA) as well as from real time and historical data feeds sold directly to exchange members. The Company earns a portion of OPRA's net income based on its pro rata share of industry trade volume. OPRA revenue is recorded as transactions occur on a trade-date basis and other market data revenues are charged and recognized on a monthly or quarterly basis.

INTERNATIONAL SECURITIES EXCHANGE, LLC

Notes to Financial Statements

December 31, 2013

Member fees are comprised of revenues earned for connectivity and access to the Company's exchange; revenue from the sale of Competitive Market Maker (CMM) trading rights; fees for use of the Company's communication network, equipment, and trading software; and regulatory and administrative fees. Connectivity, access and communications fees, and equipment and trading software fees are charged and recognized on a monthly basis based upon a specific fixed fee for each service. Revenue from the sale of CMM trading rights is deferred and recognized on a straight-line basis over 14 years. Administrative fees are charged and recognized as earned. Regulatory fees are predominately charged on a trade-date basis.

Management and service fees represent fees for services provided to affiliates of ISE and Eurex. Among the services provided to these affiliates are those relating to technology, regulatory supervision, and general administration. These fees are accrued monthly.

Transaction rebates are paid on certain option trades to incentivize market participants to send options order flow to the exchange. These transaction rebates are recorded on a trade-date basis.

Activity remittance fees are paid to the SEC pursuant to Section 31 of the Exchange Act. These fees are designed to recover costs to the government for the supervision and regulation of securities markets and securities professionals. This expense is wholly offset by activity assessment fees charged by the Company to exchange members which is included in transaction fees. These fees are recorded on a settlement-date basis.

License fees are paid to providers of index options products based upon the number of contracts executed on our exchange. This expense is offset by surcharges charged by the Company to exchange members for trading these products, which is included in transaction fees. These fees are recorded on a trade-date basis.

(d) *Noncurrent Deferred Revenue*

The Company sold CMM trading rights pursuant to purchase agreements which grant perpetual trading rights on the Company's exchange. The estimated useful life was determined based upon an analysis of certain factors driving the securities industry that could have an effect on the Company's operations in providing services to its exchange members. Such factors included significant historical operating, regulatory and technology changes which have affected market participants and trading venues. Based upon the analysis, the Company currently recognizes revenue from the sale on a straight-line basis over the estimated useful life of 14 years; however, this period may be subject to change in the future.

On a periodic basis, or if certain circumstances come to its attention, the Company reviews the original factors or assumptions used in determining the estimated service period to ascertain the effect, if any, current events may have on those factors and assumptions. If the current facts warrant a change in the estimated service period, the Company will adjust the remaining revenue to be recognized in accordance with the new estimated service life using the prospective method. The service period may increase or decrease from the current estimate of 14 years based upon the facts and circumstances.

INTERNATIONAL SECURITIES EXCHANGE, LLC

Notes to Financial Statements

(e) Cash and Cash Equivalents

The Company considers investments in money market funds and all highly liquid investments with an original maturity of 90 days or less at the time of purchase as cash equivalents. Cash equivalents are carried at cost, which approximates fair value.

(f) Accounts Receivable, Net

Accounts receivable are stated at face value, net of allowance for any doubtful account. An estimate for doubtful accounts, based on the Company's bad debt experience and specific circumstances of the debtor, is made when collection of the full amount is no longer probable.

(g) Income Taxes

The Company is a single-member limited liability company. It has not elected to be treated as a corporation for tax purposes. Its tax status is therefore considered to be that of a disregarded entity, and as such, the results of the Company's operations are included in ISE Holdings' U.S. federal, state, and local income tax returns.

The Company records income taxes in accordance with ASC 740, *Income Taxes*, on a separate-company basis, pursuant to which it is required to recognize deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the financial statement carrying amounts and tax bases of its assets and liabilities. A valuation allowance is established for any portion of its deferred tax asset for which a tax benefit is not expected to be realized. The income tax receivable balance represents amounts due from ISE Holdings.

The Company applies the provisions of ASC 740 which requires management to determine whether a tax position is more likely than not to be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. Once it is determined that a position meets this recognition threshold, the position is measured to determine the amount of benefit to be recognized in the financial statements. The Company recognizes interest and penalties, if applicable, related to uncertain tax positions as a component of provision for income taxes in the accompanying statement of income.

(h) Payment for Order Flow

The Company imposes fees upon market makers to fund payments to order flow providers under a program administered by the Company. These fees are distributed to certain order flow providers as an economic inducement to route their customer orders to the Company's exchange. The market makers have full discretion regarding the payment. Pursuant to ASC 605, *Revenue Recognition*, the Company reflects the assessments and payments on a net basis, with no impact on revenues or expenses. When fees are assessed, the Company records an asset (accounts receivable) with a corresponding liability (payment for order flow payable).

Payment for order flow cash is reflected in cash and cash equivalents on the Company's statement of financial condition. These funds are not legally restricted and can be used for general corporate purposes.

INTERNATIONAL SECURITIES EXCHANGE, LLC

Notes to Financial Statements

December 31, 2013

(i) Stock-Based Compensation

The Company accounts for its stock-based compensation in accordance with ASC 718, *Compensation – Stock Compensation*. The Stock Bonus Plan (SBP) is a liability-classified plan for Company's senior executives. Compensation expense is recognized over the relevant vesting period based on the fair value of restricted stock awards with a corresponding increase in liabilities. Compensation expense and liabilities are remeasured based on the fair value of Deutsche Börse shares on each balance sheet date until the award is settled. Upon vesting, Deutsche Börse has an option whether to settle the award in shares or in cash with a corresponding decrease in liability. Historically, these awards have been settled in cash.

(j) Long-Term Deferred Compensation Plan

Under terms of the Long-Term Deferred Compensation Plan, eligible employees are awarded a deferred incentive bonus in which the Company will invest its own funds, on behalf of the employee, in amounts equal to the investment choices as designated by the plan participant. The investments are held through an irrevocable grantor trust consisting of several mutual funds. Investments, which are classified as Securities Owned on the statement of financial condition, are carried at fair value with realized and unrealized gains or losses reported in other interest and investment income on the statement of income. The deferred compensation obligations are classified as liabilities and adjusted with a corresponding charge or credit to compensation and benefits expense to reflect the fair value of the amount owed to the employees.

(k) Fixed Assets

Fixed assets consist of computer hardware, furniture and fixtures, equipment, and leasehold improvements. Capitalized fixed assets are depreciated utilizing the straight-line method over the estimated useful lives as follows:

Hardware and equipment	3 to 7 years
Furniture and fixtures	7 years

Leasehold improvements are amortized on a straight-line basis over the lesser of the lease term or its estimated useful life.

(l) Intangible Assets

Intangible assets consist of customized and standard software, related licenses, and capitalized software development costs. Intangible assets are amortized using the straight-line method over the estimated useful lives as follows:

Trading related software licenses	5 to 7 years
Other software licenses	3 to 5 years

Costs for internal software are assessed to determine whether they should be capitalized or expensed in accordance with ASC 350, *Intangibles – Goodwill and Other*. Software development costs incurred during the preliminary project stage are expensed as incurred, while costs incurred during

INTERNATIONAL SECURITIES EXCHANGE, LLC

Notes to Financial Statements

the application development stage are capitalized. Amortization is computed using the straight-line method over the software's estimated useful life, generally three to seven years, depending on the type of software. Amortization of these capitalized costs begins only when the software becomes ready for its intended use. Capitalization of costs ceases when the post implementation/operation stage of the software development process is reached.

(m) Marketing and Business Development

Advertising costs, including media advertising and production costs, are expensed when incurred.

(n) Impairment of Fixed Assets and Intangible Assets

On a periodic basis, the Company performs a review for the impairment of fixed and intangible assets when events or changes in circumstances indicate that the estimated undiscounted future cash flows expected to be generated by the assets are less than their carrying amounts or when other events occur which may indicate that the carrying amount of an asset may not be recoverable.

(o) Credit Risk

Pursuant to agreements with its members, the Company has the authority to deduct outstanding noncontested receivables from members clearing deposit accounts at the Options Clearing Corporation. Based upon these facts, the Company believes its credit risk is not material to its financial condition.

(3) Cash and Cash Equivalents

Cash and cash equivalents are comprised of the following:

Cash at banks	\$	4,287
Money market funds		10,095
Money market funds reserved for payment for order flow program		<u>6</u>

INTERNATIONAL SECURITIES EXCHANGE, LLC

Notes to Financial Statements

December 31, 2013

(5) Fair Value of Financial Instruments

The Company applies ASC 820, *Fair Value Measurement*, which provides guidance in using fair value to measure assets and liabilities and enhances disclosures about fair value measurements.

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities

Level 2 – Quoted prices for instruments that are identical or similar in markets that are not active and model-derived valuations for which all significant inputs are observable, either directly or indirectly in active markets

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and are unobservable

The hierarchy requires the use of observable market data when available. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. As of December 31, 2013, all of the Company's securities owned consist of mutual funds and are classified as Level 1 within the fair value hierarchy.

(6) Noncurrent Deferred Revenue

The Company has sold 50 CMM trading rights as of December 31, 2013. No trading rights were sold during the year ended December 31, 2013. The CMM trading rights were each sold pursuant to purchase agreements for \$1.5 million each.

Member fees and other are comprised of the following:

Connectivity, access fees and other fees	\$	19,365

(10) Stock-Based Plans

During the year, the Company participated in the Stock Bonus Plan (SBP) for senior executives.

Stock Bonus Plan

In order to participate in the SBP, a participant must have earned a SBP award. The number of SBP shares granted is determined by the amount of the individual performance-based SBP award, divided by the grant price (SBP shares awarded). The SBP awards are not delivered at the time the award is determined. Rather, the SBP awards are subject to a two-year vesting period. Within this period, participants cannot assert shareholder rights (in particular, the right to receive dividends and attend the Annual General Meeting). The participants' claims resulting from the SBP awards are calculated on the first trading day following the last day of the vesting period. The current market price on that day (closing auction price of Deutsche Börse shares in electronic trading on the Frankfurt Stock Exchange) is multiplied by the number of SBP shares awarded. Deutsche Börse has the option to settle a participant's claim in cash or shares. As a result of the decision by Deutsche Börse to settle prior claims in cash, the compensation cost accrual for all SBP awards are classified as liabilities. The liability is measured as the number of SBP shares awarded multiplied by the market share price at the balance sheet date and is recognized proportionately over the vesting period. No shares were awarded during the year ended December 31, 2013.

Information related to SBP grants is set forth below (dollars and shares in whole amounts):

Date of grant	Price at grant date	Granted	Adjusted/ forfeited	Unvested December 31, 2011	Granted	Vested	Adjusted/ forfeited	Unvested December 31, 2012	Granted	Vested	Adjusted/ forfeited	Unvested December 31, 2013
February 11, 2011	68.03	\$ 38,995	(9,086)	29,909	—	—	(3,547)	26,362	—	(26,362)	—	—

Compensation expense related to the SBP plan was \$186 for the year ended December 31, 2013. As of December 31, 2013, \$0 of unrecognized compensation costs related to unvested SBP grants remain to be amortized.

(11) Employee Benefit Plans

Employees are eligible to participate in the Company's defined contribution 401(k) plan upon meeting certain eligibility requirements. Funding is provided by voluntary contributions from the employees who

INTERNATIONAL SECURITIES EXCHANGE, LLC

Notes to Financial Statements

December 31, 2013

can contribute up to 60% of their annual compensation to the 401(k) plan. The Company makes discretionary contributions based upon its results of operations and each participant's contributions up to prescribed limits. The plan is administered by a third party. The Company's expense relating to this plan was \$1,370 for the year ended December 31, 2013.

Employees are also eligible to participate in a deferred compensation plan established to provide employees with a long-term incentive. Under the terms of the plan, eligible employees are awarded a deferred incentive bonus in which ISE will invest its own funds, on behalf of the employee, in amounts equal to the investment choices by the plan participants into the designated investments options, consisting of several mutual funds. The investment allocations constitute a deemed, not actual, investment for the participating employees. At no time does the participant have beneficial ownership in any investment; rather the allocation is used solely for purposes of adjusting the value of a participant's account based on earnings and losses resulting from the performance of the investment allocation. The investments are held in a trust structured to conform to the model approved by the IRS (an irrevocable grantor's trust) and the assets of the trust are subject to the claims of ISE's general creditors. Investment gains and losses are recorded in other revenue with an offsetting entry to compensation expense. Upon vesting, amounts payable to employee are settled in cash and ISE has no further obligation. Compensation expense related to the deferred compensation plan was \$5,232 for the year ended December 31, 2013. As of December 31, 2013, \$5,918 of unrecognized compensation costs related to unvested deferred compensation plan remains to be amortized in 2014 to 2017.

(12) Income Taxes

In accordance with an informal tax arrangement, the Company receives an allocation of ISE Holdings current and deferred income tax. The Company's share is calculated as if it were required to file federal, state, and local tax returns. This allocation from ISE Holdings is presented as provision for income taxes in the statement of income and deferred tax assets in the statement of financial condition.

The provision for income taxes consists of the following:

Current:		
Federal	\$	24,347
State		<u>7,998</u>
Total current		<u>32,345</u>
Deferred:		
Federal		(674)
State		<u>494</u>
Total deferred		<u>(180)</u>
Total provision for income taxes	\$	<u><u>32,165</u></u>

INTERNATIONAL SECURITIES EXCHANGE, LLC

Notes to Financial Statements

December 31, 2013

The temporary differences which have created deferred tax assets and liabilities are detailed below. Management believes that it is more likely than not the tax assets will be realized and therefore has not recognized any valuation allowance.

Deferred tax assets:	
CMM trading rights	\$ 8,444
Compensation-related	7,155
Other	2,966
Deferred tax liabilities:	
Software development	(5,246)
Other	(648)
Total deferred tax assets, net	\$ 12,671

The following is a reconciliation of the provision for income taxes and the amount computed by applying the U.S. federal statutory rate to income before income taxes.

U.S. federal income tax rate	35.0%
State and local income tax, net of federal income tax benefit	7.5
Other permanent differences	0.2
Other	(0.7)
Effective tax rate	42.0%

The Company's financial data is combined with its parent's, ISE Holdings, on its parent's federal tax return and the following state and local tax returns: Illinois, New Jersey, New York State, and New York City. As of December 31, 2013, ISE Holdings' tax years below are closed to audit through the following year:

- Federal – 2008
- Illinois – 2008
- New Jersey – 2008
- New York State – 2008
- New York City – 2008

For those tax positions where it is more likely than not that a tax benefit will not be sustained, no tax benefit is recognized in the financial statements. The amount of unrecognized tax benefits, if recognized, that would impact the effective tax rate is \$100. At this time, the Company does not expect any material change in the unrecognized tax positions over the next twelve months.

INTERNATIONAL SECURITIES EXCHANGE, LLC

Notes to Financial Statements

December 31, 2013

A reconciliation of the beginning and ending balance of the unrecognized tax benefit is as follows:

Balance as of December 31, 2012	\$	—
Prior period tax positions – increases		<u>100</u>
Balance as of December 31, 2013	\$	<u><u>100</u></u>

The Company recognizes accrued interest and penalties, if applicable, related to income taxes in income tax expense. The Company recognized \$53 in interest related to income taxes for the year ended December 31, 2013. The Company had \$46 for the payment of interest related to income taxes accrued at December 31.

Return of funding provided to parent for its dividend payment to shareholders	\$	<u>15,451</u>
Total capital contributions	\$	<u><u>15,451</u></u>

(14) Commitments and Contingencies

(a) Litigation

From time to time, the Company is involved in various routine reviews, regulatory audits, and inspections by the SEC as well as legal proceedings arising in the ordinary course of business. While any litigation contains an element of uncertainty, it is the opinion of management, after consultation with counsel, that the outcome of any such proceedings or claims is unlikely to have a material adverse effect on the business, financial condition, or operating results of the Company.

(b) Contractual Obligations

The Company has entered into obligations under operating leases with initial noncancelable terms in excess of one year for data center space, office space and computer equipment. Expenses recorded under these agreements for the year ended December 31, 2013 were \$8,885.
